			MSC Nursing only			\$4,869.00
*Student liability insurance & OSNA dues must be paid by the time specified.						
Additionally, nursing students are required to have white shoes, white socks/hose, a stethoscope, wristwatch with a second hand, and						
uniform patches. Nursing students provide their own transportation to the health care agencies used for clinical laboratory experiences.						
Students should determine how many miles of travel will be involved and budget accordingly. Car-pooling helps decrease travel expense.
