

CONCURRENT ENROLLMENT GUIDE

Murray State College remains committed to providing high-quality student service while maintaining a safe environment for our students and staff members.

The following is a guide to help you enroll during office closure.

Currently Attending Students

Required Forms:

- Concurrent Enrollment Recommendation Form
- Enrollment Planning Form

These forms can be found on our [website](#) and sent electronically to registrar@mscok.edu. Due to COVID-19 office closures, OSRHE is allowing email in lieu of document signatures.

Students are responsible for checking their My Murray account to make sure that any prior semester balance has been paid and that their spring semester balance is \$200 or less.

Advisement:

If students would like to speak to or enroll with an advisor, they need to submit their required forms to the Registrar's Office, make sure all enrollment holds are removed from their account, and [schedule an appointment online](#).

Placement:

We cannot provide placement testing at this time. OSRHE has authorized us to use multiple measures for course placement. We will rely on ACT/SAT scores, grades, and counselor recommendation.

Questions:

Additional information such as eligibility criteria, guidelines, FAQ, etc. is available on our [website](#). Please contact the Advisement or Registrar Offices with any questions.

Dates

Current students: April 6th

New students: April 13th
