

2020 Murray State College Commencement

We are currently making plans for an exciting virtual commencement ceremony. While we will not be able to meet in person to celebrate your graduation from Murray State College, the campus community wants to help you celebrate. You will be receiving information in the next week about how the virtual commencement will work and how your friends and family will be invited to participate.

Graduating students will be receiving caps and gowns through a USPS mailing. Delivery of caps and gowns to campus has been delayed due to Coronavirus issues. We are expecting delivery after mid May and will let you know when they have arrived.

President McDaniel wants you to have your caps and gowns before the virtual commencement, so the date will be based on how long it takes to receive and mail them. It might not be the commencement we were anticipating, but it will be a celebration of you, your future and your academic accomplishments at Murray State College.
