

## *Attention Outreach to use Professional Judgment due to Pandemic.*

Financial Aid Advisors (FAA) at Murray State College have been given the ability to adjust financial aid eligibility based on a special circumstance to reflect more accurately the financial need of students and families affected by the COVID-19 pandemic. Professional judgment by the FAA to adjust is on a case-by-case basis and may require the FAA to obtain and retain supporting documents that substantiate the adjustment.

As a current or new student to Murray State College, please contact the Financial Aid office at [financialaid.mscok.edu](mailto:financialaid.mscok.edu) or call 580-387-7220 if you and your family have suffered an economic hardship due to the pandemic.

Note: Before we can begin this process, we must have a FAFSA on file in our office. We can help with that as well. Call or email us today!

Paula Newey  
Financial Aid Director
