

Scholarship Portal Sign-Up Troubleshooting

If you are having difficulty with the Scholarship Portal, please check the items below as potential issues:

1. Make sure you are using your **student email** and it is 100% correct (no missing dots or wrong numbers on ID, etc.).
2. You will create your own password. The password is **NOT** your student ID, but a password you create. It is not the student ID number on your student email account.
3. If you are creating an account, make sure you have selected/clicked **SIGN UP** not Sign In (unless you've already created an account) at the top of page.
4. Sometimes a student email may be "mismatched" or if you have applied for admission recently, your ID might not yet be in the system. If you have tried the first three steps and still cannot sign up, email scholarships@mscok.edu with your name, email and ID number and we will contact IT.
5. Below is an essay prompt so you can begin the process while your sign-in issues are being resolved. After completing the essay (which will be copied into the application) it will take you less than 30 minutes to complete the application. By completing the essay before doing the application, you can quickly complete the application once the issues are resolved.

Essay prompt: Submit an essay of at least 300 words describing yourself with an emphasis on the people, places, and experiences that have shaped you. What drives you? Why are you passionate about earning an education at Murray State College?

Thank you for your interest in scholarships at Murray State College.
