

MSC COVID-19 RESPONSE TASK FORCE

A task force has been appointed to create plans and recommendations to resume on-campus instruction and residential life for the fall 2020 semester.

The MSC COVID-19 Response Task Force is charged with helping the College protect and support the health and safety of its students, faculty and staff while maintaining its mission and commitment to provide opportunities for student learning, personal growth, professional success and community enhancement.

Reporting to the President, the Task Force is responsible for assessing the potential impacts of the COVID-19 virus and recommending policies and procedures to protect the health and safety of the MSC community while maintaining academic, business and administrative operations.

The goal is to develop plans for academic and all other operations for the Fall 2020 semester, while at the same time anticipating modifications to our schedules, practices and personal behaviors in order to protect the health and well-being of all.
