

Fall 2020 Move-In Schedule

Below are the designated move-in times for students living in student housing in Fall 2020. As a preventative measure to assure the health and safety of students and staff participating in the move-in process, **temperatures of students will be taken before they enter a building and/or receive their key.** We recommend having everyone start at the housing office to get their key and have their temperature taken, and then they can either move-in and/or head to other building to get books, student ID's etc.
