

THREE DISTINGUISHED presidents and their wives posed for this picture during the faculty reception Friday, January 5. They are left to right: Mrs. Clive Murray and Mr. Murray, past-president of Murray; Mrs. Charles Grady, Mrs. Freeman McKee, Dr. Freeman McKee, incoming president, and Dr. Charles Grady, who is soon to become president of O.C.W., Chickasha.

Gradys Given Farewell 'Coffee'

Dr. and Mrs. Charles Grady were honored with a farewell coffee given by the faculty and staff January 10. Coffee and cake were served in informal buffet style, in the Student Center.

On behalf of members of the faculty, Miss Beulah Zimmerman presented Dr. and Mrs. Grady with an electric percolator. Dr. Grady opened the package, saying he would unwrap it and Mrs. Grady would get to use it. Asked how he knew before hand, he said he was "speaking from past experience."

Dr. Grady said that when he came here six short months ago, he had no idea he would be leaving so soon, that he thought he had come here to stay. He was sure that there were names and faces here he would never forget. Indicating a row of masculine faculty members facing him, he laughed and said, "How could I forget that?"

He thanked the faculty for their cooperation during his stay here, and added that he had written each member a personal note which they would receive that day. He announced that he and Mrs. Grady expected to move out within the next few days, and that Dr. and Mrs. McKee would move into the president's house the same week.

The official change of presidents would be completed January 19. Dr. Grady will become president of Oklahoma College for Women at Chickasha.

You Just Aren't Contorted If You Don't Do the Twist

The latest dancing craze around college and high school campuses, as everyone knows, is the twist.

A description would take a master of words and a master of the twist combination, and it is doubtful that such a person exists, unless he lives in an institution?

Well, here goes. As for the setting, the twist can be done anywhere, from a dirt road, preferably dark, to a ballroom, also preferably dark. For music, back-

ground, you must wait for a twist record, Chubby Checkers, etc. Then you either choose a partner and proceed to the dance floor or slam on the brakes and clamber out before the record's over.

Now for the dance, you plant one foot a desired distance in front of the other, choice to be made by whether you are right-footed or left-footed, then twist, man, twist. Since you begin the dance face-

(Continued Page 4)

Registration For Spring Term Will Be Held Next Monday

Average Daily Gain Of Test Bulls Is 2.83 at This Time

An overall average gain of 2.83 pound per day was made by the 149 bulls undergoing performance testing at Murray College at the 84-day weighing completed on Jan. 3. The test continues until March 1. Livestock breeders with bulls in the test met following the weighing and made plans for the sale on March 17 that will follow the test. In the last 28 days of the 84-day period the bulls gained 2.91 pounds per day.

Turner Leads Herefords
Turner Ranch still holds the lead in the Hereford Herd averages with a gain of 3.24 pounds on 2 bulls. Four bulls owned by Dr. G. T. Easley, Sulphur, have averaged 3.12 pounds per day and 2 bulls consigned by Paul Dauer, Panhandle, Texas, have gained 2.91 pounds per day. Four bulls owned by Homer Don Stallings, Durant, have an average daily gain of 2.82 pounds. Gus Martin, Coalgate, has the high gaining Hereford bull with a daily gain of 4.05 pounds. A bull owned by Turner Ranch has gained 3.33 pounds per day. One bull of Dr. Easley's has gained 3.27 pounds and 2 others have gained 3.12 pounds per day. Other breeders who have individual bulls gaining 3.21 pounds and from down town business firms attended. An out-of-town guest was Herbert Pate, newspaper publisher from Madill. Among local guests were the president of the Tishomingo Chamber of Commerce, Mr. and Mrs. John Loke, publishers of the Capital-Democrat, and ministers of several local churches. Most of the down town business firms were represented.

Dr. and Mrs. McKee moved to Tishomingo last week, and the official change in presidents is to be made January 19.

It's Time to Get Camous Chariots Registered Again
All cars on campus must be re-registered again with the new car tag number. The same sticker will be used that you now have on your car, but the tag number must be re-registered in the business office, according to Dean Johnson.

Students just bringing a car to school, and new students, must register their cars and get a sticker to put on the right-hand side of the windshield.

REPRESENTATIVES to the Student Senate are some of the more influential citizens on campus, in relation to student activities. Pictured left to right, seated: Tena Looney, Mannville, Secretary-Treasurer; Harley Linke, Tecumseh, President; Royce Searcy, Pauls Valley, Vice President. Standing, left to right: Kathryn Brooks, Ardmore; Charles Kerr, Madill; Annida Burnett, Andlers; Gerald Beall, Lindsay; Mr. Harold Winburn, sponsor, Frankie Hartsfield, Coalgate; Kay Cope, Macomb; Sylvia Askew, El Reno; Jack Linn, Seminole; Wilma McCurry, Wapanucka; Phillip Nation, Elmore City; Paula James, Wapanucka; W. B. Daugherty, Ardmore, and Robert Carpenter, Lindsay.

Registration for the spring semester at Murray State Agricultural College, Tishomingo, will be conducted on Monday, January 22.

Beginning freshman and other new students are required to participate in the testing and orientation program beginning at 8:30 a. m.

Registration for the evening school will be held in the Library Building at 7:30 p.m. It is important that students desiring classes in the evening attend the organizational meeting at that time in order to indicate the courses they desire and to participate in arranging the class schedule.

Prospective courses in the evening are General Biological Science, Oklahoma History, U. S. History, Personal Health and Hygiene, American Government, and General Sociology. Other courses may be added according to students interests.

Classes in the evening will be scheduled at the convenience of the students attending the organizational meeting. Two and three semester hour courses will meet one evening each week and others two evenings.

The enrollment fee is \$3.75 per semester hour.

Classes begin on Tuesday, January 23.

Visit Hurricane Area

Dr. and Mrs. Ora Roades and family visited relatives and friends in the vicinity of El Campo and Port Lavaca, Texas, during the holidays. This area was hard hit by Hurricane Carla. They visited the resort town of Port Alto on Matagorda Bay, a community of about 300 houses, which was literally washed away, with nothing but concrete foundations left standing.

Make California Trip

Miss Beulah Zimmerman and Mrs. Capitola Boyd drove to San Diego, California, where they spent the Christmas holidays visiting friends and relatives. Miss Zimmerman could not drive fast enough to outrun a flu bug, however, and was temporarily grounded.

SEMESTER IS NEAR END AND TESTS LOOM

The semester is fast coming to an end, and with it will leave many of our classmates, who will be replaced with the new students who have already started enrolling. Semester test time is looming ahead, and for four days there will be little merrymaking with the majority boning and cramming for the finals. The lights out at twelve will go unheeded as many students will pore over their texts until the wee hours of the morning.

About this time of the year the cafeteria has its rush hour during breakfast, as many don't even bother to go to bed. Long faces are seen at intervals between tests and occasionally you see a smile. The business in the Student Union drops off and business picks up at the bookstore.

And then suddenly it's all over, and you wonder why you worried. If you didn't know it by this time, it was too late; and if you did there was no reason for the sour look. Another long four and a half months is before you and it brings more tests, more fun, and less worries (we hope).

Clubs Join In Sponsoring Dance

Thursday night, January 11, was the date of the big "end of the semester" dance, sponsored by eight campus clubs. The dance was held in the gym, which was gaily decorated by representatives from the sponsoring clubs. The clubs sponsored the dance together so as to get a name band that the students all like. The band chosen for the dance was Ernie Fields'. They have cut such popular hits as "In the Mood", and many others.

Clubs sponsoring the dance were as follows: Goal Diggers, Engineers, Freshman Class, Music Club, Phi Theta Kappa, Science Club, Drama Club, and the Home Economics Club.

Plans for the dance were underway before school was dismissed for the holidays. Freshman Jim Hester contacted Mr. Fields during vacation who in turn contacted Student Senate President Harley Linke, and the contract was signed.

Admission for the dance was the Student Activity card which would also admit a guest with the student. Boys were encouraged to bring girls, and extra girls were invited to boost the ratio.

Dress for the dance was casual, with blue-jeans the only attire forbidden.

Johnson, Beames Donate Books

A collection of books and pamphlets has been placed in the library by Dean Johnson. They are on General Education. Also a collection of books on The American Federal Government has been donated by Mr. A. W. Beames.

IT'S HERE AGAIN

Once again that time is looming ahead. Semester tests are again under way. How are you fixed for preparedness? Are you ready to start a new semester with the "go-ahead" signal? This is the time for you to take inventory of you. Are you college material? Most of you are, but just being college material doesn't pass a student. Too many of us don't realize the opportunity we are given just by being able to go to college. We must take advantage of this opportunity.

A new semester is only a week away. Only one week to get a fresh start, a chance for each of us to begin anew. This semester will soon be only a memory with a few letters recorded on a transcript. Let's all make a New Year's resolution to bring those grades up in the coming semester.

IT HAS BEEN FUN—

The end of the semester also brings with it the end of our days in Journalism. Oh, there will be a few of us left and there will be other students enrolled for Journalism next semester, but as a team, this is our last paper.

We've spent many hectic hours trying to meet our deadline, sometimes just trying to get enough news to fill up a four page paper. This doesn't sound like a lot, but a type-written page doesn't go very far in a newspaper column. The hours hunting for news, and then writing it up were for the most part filled with fun.

We hope you have enjoyed reading the paper as much as we have enjoyed writing it for you.

—The staff of the Aggielite

CALENDAR OF EVENTS

January 16, 17, 18, 19, Semester Examinations.
January 20, Basketball game, here, Connors.
January 22, Evening classes registration
Music Club meeting 10:15-11:05
Drama Club meeting 10:15-11:05
January 23, Classwork Begins
January 25, Basketball game, there, Cameron
January 26, Student Senate meeting, 10:15-11:05
January 30, Basketball game, Here, Northern
February 2, Basketball game, there, Northeastern A&M
Assembly, Engineers Club
February 3, Basketball game, there, Bacone
February 5, last day enrolling, full load
last day enrolling, new courses
February 6, Basketball game Here, Eastern

SLAMS FOR FUN

I'm not hard of hearing! I'm ignoring you.

Use your head! It's the little things that count.

I'm not in the habit of forgetting faces, but in your case I'll make an exception.

I'd like to help you out. Which

way did you come in?
You should go far, and I hope soon.

If you have a minute to spare, tell me all you know.

I'm a bit of a BULLTHROWER myself. But go on with your story.

Why don't you come over and have dinner—if you don't mind in-

posing.

Here & There 'Round Campus

Looks like Shirley and Bob have split the coop, but by the time this paper comes out, all will probably be well on the home front.

Jeanette Looney spent a couple of days in the hospital over the holidays. Looks like she's just a little nervous though.

Noted that on campus recently was an exMurrayite. Seems like Ernest Ray came to see Sylvia.

Wilma and Lutricia brought this reporter a very nice surprise last Wednesday night. Just wanted to thank you girls.

Gary Gandy and David Greer, players for the Pearl Divers, forgot which goal to shoot for at a recent game, and made two points for the other team. Good work guys!

Dean Johnson seems to be the luckiest man around. He won the 12 gauge shotgun raffle off by Phi Theta Kappa. He was noted going hunting Wednesday night, January 3.

Russell Bradley is sporting a beautiful black eye. Too much New Year's Eve?

Hey Ronnie Irwin! What happened to your fudge?

Doug Hicks came wandering back to school Wednesday morning. Seems he thought school took up on January 3. Did you intentionally forget, Doug?

The mysterious arsonist is still on the loose. If someone doesn't apprehend him, Haskell Lucas may not be with us next semester.

Heard Dixie got a dozen American Beauty red roses from someone.

Seems David Norton got stuck to the bed last week. Sleeping pretty late when you're still in bed after lunch, aren't you? Did your roommates hogtie you?

Bobby Hodges is taking life easy lately. Can't wait for that last class to get over.

Heard Gary Gandy was going to Hong Kong. He may even be sent there, if he's not careful. He's got a big interest in Seminole.

Johnny Thompson has started his basketball career out almost as good as his football one. He was high point man for the Magnificent Punks in their first game.

Hey! Buddy Simpson, have you got your one-way ticket to land of "sugar and honey" namely the Amazon Basin. Be sure and take along your first aid kit.

Doc Holladay's New Year's Resolution is to be a success at Murray State College.

Ronnie Irwin and Buddy Simpson got beat at cards the other night. Lynda and Katie won with a score of 300 to 222. Crazy & They're going to play the World Series before the end of the semester.

Daughter Born
Mr. and Mrs. Charles D. Martin, Murray College, are parents of a daughter born at Johnston Memorial hospital Jan. 7. She weighed seven pounds, seven and one-half ounces and has been named Pamela Gayle.

Lynda Roberts

Ronnie Irwin

SPOTLIGHT

First on this week's Spotlight is Lynda Roberts. Lynda is a sophomore from Ardmore, and is majoring in Language Arts.

In high school she was in the Spanish Club, Tigerettes, and listed on the honor roll. Here at Murray, she is a member of Phi Theta Kappa, Goal Diggers, Associate Editor of the Aggielite, and was Sophomore Queen Candidate.

She lists her favorites as follows: color, blue; food, hamburgers; singer, Paul Anka; song, All the Way; and she lists her favorite pastime as being with Ronnie.

Lynda's pet peeve is the draft board.

Next on this week's Spotlight is Ronnie Irwin. Ronnie is a second semester sophomore from Madill, Okla. He is majoring in Liberal Arts.

In high school Ronnie played football, and was captain. He was manager of the basketball team. Here at Murray he is a member of the Music Club, the R.O.T.C. Glee club, Goal Diggers, and is Circulation Manager for the Aggielite.

Ronnie lists his favorites as follows: color, blue; food, chicken-fried steak; singer, Brenda Lee; song, Falling in Love with You;

and he lists his favorite pastime as fussing with Lynda.

Ronnie's pet peeve is 10:00 curfew for girls.

Wilson Library To Be Awarded \$1000

The Wilson public library will receive a \$1,000 supplementary award in the 1962 Dorothy Canfield Fisher library award contest. Mrs. Neva Clark, Wilson librarian, was recently notified her library had been chosen as one of nine libraries to receive recognition.

During 1961 the Wilson library underwent extensive remodeling of its 40-year-old frame building, adding new furniture and a thousand new books with the help of the Chickasaw Multi-County library. Wilson is a participating library in the system.

Library board members in Wilson are Mrs. Verna Robinson, chairman; Mrs. S. B. Powell, Mrs. Edith Powell, Mrs. Jessie Pass and Miss Christine Staples.

Sponsor of the annual Dorothy Canfield Fisher library awards is the Book of the Month Club. Award money is to be used for new books.

Aggies Get Indian Scalps in Overtime

Murray Aggies journeyed to Decatur Monday, January 8, to compete in the highest scoring game in a long while; they went into overtime with the score 76-all and came out with a victorious 94-87.

Decatur pulled away in the first quarter with an 11 point lead. In the second quarter Don Henry was the sole Aggie scorer, hitting 5 points with the Indians dropping in a total of 7, making the halftime score 45 to 32 in favor of the Indians.

Murray fired up in the 2nd half hitting 15 baskets and 7 free tosses totaling 37 points for the quarter to the opposition 27.

Trailing into the 4th quarter by only 3 points, Murray played hard, holding Decatur to 4 point and gaining the needed 3. At the end of the 4th quarter the score was an even 76-all.

The Aggies were rolling now, after a slow start, and walked away in the overtime with a final score of 94 points to the oppositions 87. Henry pumped in a big 29 points for the Aggies, making him high point man for the game. Decatur had two men, Clark and Reeves, hitting 23 and 22 points respectively.

Murray lost 3 men on personals with other players scoring as follows: Pool-2, Pickens-10, Henry-29, Forbes-6, Williams-10, Whatley-12, Lacy-15, Cash-3, Bradley with 7 and Bob Wilmoth failing to score which is unusual.

Weather Postpones Indian Meeting

Weather forced postponement of a meeting of the Inter-Tribal Council of the Five Civilized Tribes scheduled to be held here yesterday.

Floyd Maytubby, governor of the Chickasaws, Oklahoma City, said the meeting will be rescheduled, probably for Saturday, Jan. 20, at Murray College.

MEMBERS OF THIS SEASON'S Aggie basketball team are as follows: Left to right, bottom row: Coach Elmer Massey; Jerry Hauser, Ardmore; Delmer Forbes, Gene Autry; Neil Cox, Burneyville; Don Pogue, Chickasha. Second row, left to right: Garland Parks, Oklahoma City; Bob Pickens, Davis; Bob Wilmoth, Idabel; Bennie Cash,

Ardmore; Russell Bradley, Mannsville; and Manager Buck Chatham, Rexroat. Third row: Lloyd Hughes, Ft. Supply; L. G. Williams, Hennepin; Lennie Stewart, Lone Grove; Hosh Pool, Savanna; Isaac Lacey, Tyler, Tex.; Bernie Whalley, Duncan, and Don Henry, Tyler, Tex.

Intramural Basketball Gets Enthusiastic Players, Fans

Something new and with varied interest on campus is the start of intramural basketball. Student enthusiasm has proved high for both players and fans. If this keeps up there is a rumor that we'll continue intramural games into baseball for both boys and girls.

Thus far six games have been played on two different nights. The games start at 6:30, with the last game being played at 8:30. Two boys' games are played before the girls take over the court at 8:30. The boys have added to their teams such names as Aggies, Baby Sitters, Wonders, and Magnificent Punks. The girls are still go-

ing by Group I, Group II, and Group III.

The first games were played during the week before Christmas holidays. In the first game, the Baby Sitters walloped the Wonders with a score of 68-37. Playing for the Baby Sitters were Bill McNeil, Don Parrish, Herbert Garrison, Jack Tillery, Eddie Mourhead, Jerry Martin, and Ronnie Hale. High point man of the game was Jack Tillery scoring 29 points to lead the Baby Sitters to victory.

Players for the Wonders' team were as follows: Carl Holliday, Jerry Mason, Herschel Higgins, Sam Orr, Bruce Anderson, Keith Whitfield, Eddie Hallum, and Arley Wallis. Top scorer for the Wonders was Sam Orr who scored 20 points.

The Aggies played the Pearl Divers in the second game, and won with a twelve point score difference. The ending score was 47-35. High point score for the Aggies was Larry Winchester, who scored 16 points to lead the Aggies. Other players on the Aggies team are Kenny Harder, Gary Baugh, Ernie Taylor, Don Rigsby, Ronnie Alexander, Dewey Sims, Charles Johnson, J. A. Sacan, Randy Rice, and Frank Hartsfield. Delayne Smith played extra in the game in place of Steward.

The Pearl Divers, Phillip Coker, Thomas Luckinbill, Barclay Martin, Larry Mayton, Larry Pope, David Greer, David Bland, Bill Howerton, Gary Gandy, and Ronald Baugh held up their part of the game during the first part but slowly got further behind as the game progressed. Larry Mayton was top scorer with 13 points.

A little humor was provided by the Pearl Divers when player Gary Gandy stole the ball from an Aggie and went running down to shoot at the Aggies' goal. Gary's face got a little red but the fans loved it. Maybe we'll start a basketball clown's team, and let Gary be captain.

In the third and final game played before the holidays, Group I, of the girls' teams played Group III. Group III took the game with a score of 40-29. High point scorer of the game was Sue McKown, who scored 25 points for Group III. Carol Collins was top fouler getting her limit of five.

The first game on January 2

was between the Magnificent Punks and R.O.T.C. The Magnificent Punks won the game with a score of 37-33. Top scorer for the Punks was Johnny Thompson with eight points. Other players are Robert Carpenter, Roger Keys, Jack Campbell, Johnny Ferguson, John Pettigrew, Freddie Paz, Eddie Hatch, Robert Holladay, and Phillip Egemon.

Gerald Jones playing for R.O.T.C. was high pointer of the game with twelve points. R.O.T.C. players are Mickey Davenport, Douglas Ridd, Ronnie Mays, Barney Conway, Jerry Perry, Neal Cox, David Bell, James Thompson, Richard Haney, Charles Topia, and Gerald Jones. James Thompson got his limit in fouls with five.

In the second game the Slipstickers played the Laddettes. The Laddettes took the game with a score of 28-21. Arthur Guess was high point man with fourteen points. Other players are Sammy Johnson, Ardell Murphy, Aubrey Laws, Albert Johnson, Everett Cranford, and Charles Johnson.

Four players tied for high point man on the Slipstickers. They were George Jennings, Thomas Brandt, Jim Woods, and Billy Murphy, all with four points. Other players were Tony White, Kenneth Winger, Mike Meclars, Charles Kerr, and Keith Whitfield.

In the third and final game of

(Continued on Page 4)

Atoka, Roff Are Winners in Murray Prep Tournament

Atoka took the Class A championship and Roff walked off with Class B honors in the finals of the Murray State Invitational Tournament for high school boys' basketball teams held here last weekend.

Neither team was pressed in the Saturday finals, Atoka winning from Stonewall by a 53-32 score and Roff defeating Gene Autry, 50-37.

Other tournament results:

Atoka 38, Latta 25.
Stonewall 55, Davis 38.
Tishomingo 52, Madill 27.
Gene Autry 46, Mill Creek 37.
Roff 42, Tushka 34.
Kinston 54, Ravia 29.
Turner 35, Wapanucka 47.
Stonewall 46, Marietta 42.
Atoka 62, Tishomingo 36.
Roff 55, Kinston 37.
Gene Autry 33, Turner 40.

Intramural—

(Continued from Page 3)

the night Group II of the girls team played Group III. Group III took their second win with a score of 22-11. Top scorer for Group III was Sue McKown with thirteen points. Other players for Group III were Doris Lowe, Sandra Moore, Jo Ann Thompson, Shirley Haddix, and Shirley Green.

Top scorer for Group II was Frances White with seven points. Other players were Marcella McGahey, Betty Green, Paula James, Nellie McDonald, Jerry Jaggers, and Dixie Thompson.

Three games were played January 3, and all were boy games. The boys have a few more teams than do the girls, which leaves a few rest periods for the girls.

In the first game the Magnificent Punks beat the Laddettes by a score of 25-25. The Baby Sitters won the second game by a margin of only one point, with the score being 32-31. Top scorer of the game was Phil Seogins, playing for the Aggies, with twenty-two points.

In the last game the Wonders took the Pearl Divers with a score of 25-19.

During most of the games, the team names become either "Shirts" or "Skins". This way the players don't get confused and they lay the ball to players of the opposite team. (In some cases they have been known to do so anyway.)

More Games Played

Monday night, January 8, three more intramural games were played. Thus far, all games are being played with no team having to concede victory because of play-

er shortage. Student participation is still enthusiastic, and each team has its own following of fans.

The first game Monday night was between the Slipstickers and the Wonders. The Wonders won the game with a score of 29-15. Sam Orr of the Wonders was high point man, scoring six field goals for a total of twelve points. Jim Woods was top scorer for the Slipstickers with six points.

In the second game R.O.T.C. won over the Pearl Divers with a score of 26-19. Gerald Jones was again high point player for R.O.T.C. scoring eleven points. Doug Rudd was next with eight points. For the Pearl Divers Pope and Mayton were top scorers. Mayton scoring a total of eight points, and Pope high point with nine.

Two girls teams battled out the third game. Group I with Tena Looney led the complete game, and won with twenty-one points. Tena was top scorer and scored all twenty-one points. Group II scored sixteen points. Frances White was high point girl with eight points, and Sue McKown came in second with six points.

We want to give credit to the Murray Aggies football team for the referees, timekeepers, and other general odd jobs that keep our intramural games going.

Test Bulls—

(Continued from Page 1)

Edgington, 3.33; and W. F. Bowman, 3.27.

Corbin Angus Top

In the Angus division, leaders in the herd averages were Murray Corbin, Tishomingo, 3.11; Darold Butler, Pauls Valley, 3.03; Carlton Corbin, Tishomingo, 3.02; Rae Thompson, Stonewall, 2.97; and Clarence Burch, Mill Creek, 2.89. Clarence Burch had the top gaining Angus bull with an average daily gain of 3.57 pounds. Other Angus breeders with high gaining individuals are Latin Bros., Crab Orchard, Nebraska, 3.51; Murray Corbin, Tishomingo, 3.45; Clarence Rodden, Claremore, 3.39; Murray Corbin, 3.33; B. D. Patton, Ft. Worth, Texas, 3.33 and 3.27; Carlton Corbin, 3.27; and Clarence Burch, 3.27.

A Red Angus bull owned by George Chiga, Guthrie, has posted a daily gain of 3.15 pounds and a Brangus bull consigned by Clarence Rodden, Claremore, has gained 3.45 pounds per day for the 84 day period.

A pen of Charolaise bulls owned by Mack Braly, Ada, have made an average daily gain of 3.29 pounds. Banks and Goolaby, Clarksville, Texas—Idabel, Oklahoma, owns the top gaining Charolaise bull in the test. This bull has a gain of 4.40 pounds per day.

Peters Assigned to Aircraft School

Oren A. Peters

LACKLAND AFB, Tex.—Airman Basic Oren A. Peters, whose wife, June, and his parents, Mr. and Mrs. Ora A. Peters, reside at Wapanucka, is being assigned to the United States Air Force technical training course for aircraft maintenance specialists at Amarillo AFB, Tex.

Peters, who has completed his basic military training at Lackland AFB, Tex., was selected for the advanced course on the basis of his interests and aptitudes.

A graduate of Wapanucka High School, the airman attended Murray State Agricultural College in Tishomingo.

"Don't You Know", Jim Hester. "Travin' Man", Buddy Simpson.

"Twist", Meredith Martin and Bonnie Cash. "It's only the Beginning", Tena and David.

"Let the Good Times Roll", Gene Rutherford. "It Was the One", Roger Keys.

"Lonesome Town", Tishomingo, Okla. "Where The Boys Are", Sandra Moore.

"Shop Around", Nellie McDonald. "Let the Little Girl Dance", Sandra Fisher.

"Don't Pity Me", Don Pogue.

Far-Journeying Aggilette Scribe Persists In News Hunt, Comes Up Something Good

The Twist—

(Continued from Page 1)

ing your partner, you may want to turn back to back at times to allay the monotony of seeing a contorted face. This maneuver is accomplished by either a clap of the hands or lifting the forward foot twice, turning back to back at the clap or when your feet touch earth, or floor, the second time. It is recommended that you cease twisting until the turn is completed, especially if you are a beginner.

When the dance is over, you either collapse and are carried to your chair or walk to your chair and collapse until the next twist occurs.

And now for some student comments on the twist:

1. Bill Howerton: "I think it's a lot of fun because it's new, simple, and exciting to watch your partner. It makes the evening go fast because it is a fast dance."

2. Mike Bearden: "I like the twist. It seems to be an appropriate dance for this generation because of the vitality of it."

3. Buddy Simpson: "The twist was made for girls to do and boys to watch."

4. Allan Campbell: "I like it. It shakes up your emotions."

5. Ben Johnson: "I think it's rough on your sacroiliac."

6. Dewey Simms: "Crazy, man, crazy."

7. Everett Cranford: "Great for the spectators!"

The twist has become very popular and seems to still be gaining popularity, so, if you like doing the twist, take it easy. The fatality rate isn't high, but you may acquire minor injuries such as a crick in your neck, caused by watching your partner while back to back, a battered hip, caused by a roomful of twisters, or a knee or hip thrown out of place.

The twist is a completely new and excitingly popular dance and will probably remain this way at least six months if injuries increase. — Gary Gandy

Three ROTC Staffs To Visit Murray

The Murray State cadet staff will play host to about 15 visitors, February 19, 1962.

These cadet officers will come from O.S.U., Miami, and Wilburton. The purpose of this meeting is to discuss the different ideas of the staffs of these other colleges.

They will observe our Leadership Laboratory on Monday, and there will be a demonstration given before the group of officers.

There will be a luncheon for all of the guests, and Murray Cadet Staff, also, the honorary cadets will participate in the activities of the group. We hope that our cadets will be extra sharp in their marching and appearance, so that we can give these other officers a beneficial trip.

The ROTC cadets of Murray who passed the A.F.O.T.C. test will be able to go to Perrin AFB January 11, 29, or 30th, to take a physical examination. This is a requirement by the Air Force as a standard set up by the military.

These tests determine whether or not the cadets are physically fit to enter the Air Force as officers, or to enter advanced ROT. Cadets are not placed under any obligation to the Air Force by passing this physical. It is merely to see if they are physically capable to handle the job of an officer in the United States Air Force.

For those of you who think a journalist student's life is dull, I'm going to remove all doubt. This is what took place on one of my average beats for the Aggilette.

Of course, everyone knows a reporter is always alert and has a nose for news. Well, after sleeping for 13 days during my well-earned vacation, and being awake for the corresponding 13 nights, I had to change the whole routine around and stay awake during the day, or at least appear to be awake. Back to the story.

I stumbled into journalism class only one day late and waited breathlessly for my assignment which I knew might take me to all parts of the globe, to encounter degrees of excitement and danger that only a true reporter for the Aggilette could endure. At last I was told of my assignment. I repeated it back to my instructor to be sure there could be no mistake on my part. She had trusted me, once more, to interview Mr. Fletcher of the speech department and Mr. Park of the science department.

After making the journey to Mr. Fletcher's office, I was greeted warmly and I knew I was in good company. I casually asked with a bit of wit, "What's new?"

At first he looked at me with suspicion, perhaps I was thought to be a counterparty from another school, or worse, from another country. However, I cleared all doubts with another original statement, "I'm from the paper."

At once he began to divulge all available information, stating that he had no actual news for the paper and that he was snowed under with the grading of papers and such. Seeing no snow at all in the office I became suspicious but said nothing, and left with a friendly "good-bye". I then detoured over to the student union for a Coke, constantly thinking I should have offered to help in the grading of the papers, being sure my paper was in that pile and it would give me an excuse to look for the previously mentioned "snow".

Now to complete the assignment: on to Mr. Park! After once more going through the rigmarole of showing him all available credentials and proving my good intention, I was allowed into his private office also. Making quite sure we were alone I threw the usual "What's new?" at him, but with unusual results.

He stated that he remembered having some news but couldn't quite recall what it was at present and would give it to Mrs. Mahoney as soon as it came to him. I coolly agreed, but secretly knew that this must be something REALLY big this time and that only the head could be the one to know. I smirked said goodbye, returning to the Aggilette with no news. But after all, no news is good news. Now if I can only convince the instructor! — Doug Hicks

Farmuffs Bloom As Deen Freeze Hits

Tuesday morning, January 10, Murray campus awoke to a new white covering. A small-sized blizzard hit Tishomingo Monday night bringing with it slips, slides, and snow-flovers.

It's surprising to note the amount of earmuffs on campus when something like this happens, and they all come out of storage. Wayne Hunter has the brightest ones on campus, as his are fluffy red. You never can tell, it may be for the best anyway, with semester tests coming up. It's one way to keep the majority of the students in the nice warm dorms.

ORATORS CAN WIN ALBERT CASH AWARD

The Carl Albert Oratorical Contest, one of the most rewarding of speech events, will be held again this spring, announced Mr. John Fletcher, head of the language arts department.

Mr. Albert has sponsored this event for the last six years. Three cash awards will be given: for first, fifteen dollars; second place, ten, and third place receives five.

Winners of the tournament here will be eligible for the district tournament which will be held at Wilburton on the third of May.

Any student from Southeastern, Murray, Eastern, or Polk Junior College presenting a "speech to convince" is eligible to enter.

The tournament here will probably be held three weeks before the district tournament.

21 Girls Sign Up And Begin Practice For Drill Team

Something new, and as far as the girls are concerned, pretty great is the new girl's drill team. Murray College has never had a girl's drill team, and the girls have really taken to it. There are 21 girls enrolled in the class which is sixth hour on Tuesday and Thursday.

Phillip Marshall, Fox, and John Burton, Ardmore, are teaching the girls the basic maneuvers in drilling. Mr. Elmer Massey is the instructor of the class. Phillip and John are both R.O.T.C. pros.

The class will soon be able to take trips to other schools to perform. Uniforms are going to be tailor-made for the girls to resemble the Honorary Cadet uniforms. The girls haven't decided yet whether to march in heels or flats.

There is to be a commander chosen from the girls, and the merit and demerit system will also be used.

Student Senate In Busy Session

The regular meeting of the student senate was held Friday, January 26, 1962. The main discussion topic was the changing of the hours for girls on Saturday night. The time was changed from 12 p. m. to 1:30 a. m.

The student senate members were urged to help keep the campus cleaner by putting candy wrappers and paper cups into garbage containers.

New Science Course Is Being Offered

A new course offered at Murray State College this semester is biological science. This four hour course is offered to take the place of biology, a three hour course. Mr. Benton Ladd and Mr. P. J. Park are the instructors, both having two sections each.

This course is offered to satisfy the needs of students who are not majoring in science. Many students enrolled in this course become more interested in science and therefore they have a better background in this field.

REAL SQUARES are these Aggies who can't round corners in their work. Shown getting ready to run off a surveying problem are, from left to right, Choice Taylor, Phil Neil, Instructor George Calvert, Bob Carpenter and Gerald Beall.

'Jacques', the Male in Girls' Dorm Has Accident, But Plans Comeback

Hotshot Reporter Seeking Interview Duds It Again!

For the tenth time in the past two weeks I climbed the stairs leading to Dr. Freeman McKee's office. Many times on previous occasions had I tried to catch the busy new president for a story for the Aggieelite. Now I was at it again.

Dr. McKee is from Washita County, at Rocky, and graduated from Panhandle A&M, and Oklahoma State University. He comes to Murray from Panhandle A&M at Goodwell where he served as dean of instruction. In 1942 he joined the Army Air Corps and served until 1946. From 1946 until 1948 he was athletic director at Panhandle A&M. He became dean of instruction there in 1957.

Anyway, I gingerly walked in, sneaking a look to the side as I entered to see if the light was on. I'd been hearing a lot about President McKee getting around campus, and meeting the students as well as the administration and faculty. Sure enough the light was on. Foiled again! I asked Mrs. Peters if the President was in, knowing certainly he wasn't or he surely wouldn't be sitting there in the dark. Mrs. Peters was still polite, though she had heard this question about ten times lately. Then she said "No. Dr. McKee is home in bed with the flu".

Well, once again the typical reporter returns to the home office with nothing to write.

Armadillo Smarter Than Aggies Think

Susan and Harley Limke tried something different, other than snake hunting, Sunday, January 28. While on a hike three miles north of Rovia they spotted one of our animal friends, the armadillo. They tried several ways of catching him, even to fishing up a tree.

Evidently the armadillo is much smarter than we give it credit for, as Susan and Harley returned home late Sunday—empty-handed.

Curfew Ban Is Relaxed

MANY NEW FACES SEEN ON CAMPUS

Many new faces are noticed on campus since the beginning of second semester. Among these, seven have attended Murray previously. These seven are as follows: Mary Ann Beckham, Mannsville, liberal arts major; Richard Cooks, Ardmore, agriculture major; Alberta Ann Hicks, Milburn, elementary teaching; Dennis Jones, Tishomingo, business major; Susan Linke, Tishomingo, elementary education; Jerry Sosebee, Velma, education major; Ruby Trotter, Milburn, business major.

Five other new students have attended various other schools. They are as follows: Wanda Glenn, who attended Southeastern, is from Tishomingo and is a business major; Larry McClendon, who has attended Cameron, is from Tishomingo and is an engineer major; Mrs. Elizabeth Roades, Tishomingo, is a liberal arts major and has attended Henderson County Junior College; Carmen Shryock, Tishomingo, majoring in math has attended St. Anthony's School of Nursing; Clyde Womack, physical education major from Carter, attended Cameron.

Other new students include: Wanda Caldwell, Milburn, elementary education; Glen Dilbeck, Sulphur, liberal arts major; Glena Kendrick, Tishomingo, elementary education; Vanda Knight, Wapanucka, elementary education; Charles Leming, Sulphur, liberal arts; Larry Miller, Velma, Humanities; Vaden Morgan, Tupelo, animal husbandry; Jimmy Parker, Sulphur, agriculture; Marilyn Saylor, Davis, language arts; Barbara Scarberry, Tishomingo, liberal arts; John Sneed, Tishomingo, industrial arts; Harold Sollars, Ardmore, Math; Charlie Vestal, Milburn, physical education; Joe Scruggs, Mannsville, education; Marshall Mills, Ardmore, business; Aushin Wallace, Connerville, business.

Late Date Gate On Saturdays to Close at 1:30 a.m.

"Now we can go out of town to the preview!" This and many similar remarks were echoing around Patton Hall last week when the girls heard of the new 1:30 a. m. Sunday curfew.

The curfew, previously 12:00, was changed after being brought up before the Student Senate Friday, January 26. The 12:00 curfew cut out previews, bowling, and many other Saturday night activities. Since the students had to go out of town for such recreation, the 12:00 curfew didn't allow them enough time. The new 1:30 a. m. curfew gives the students plenty of time to complete their activities and return to campus without going at "breakneck speed" or upsetting campus rules. The boys seemed to appreciate this change also.

Weather Throws Curves for New College Prexy

It seems that Dr. McKee's first few weeks at Murray have been rather hectic. The reception given him by the faculty earlier was held on a day when the weather was several degrees below freezing. Dr. Grady commented that Murray was not very cooperative in the weather it provided for its new presidents. When he arrived last summer it was scorching hot, and when Dr. McKee arrived he "froze him to death."

On top of the chilly weather, Murray greeted him with a flu epidemic. In the midst of taking over all his new duties and getting acquainted on the campus, Dr. McKee was forced to take to his bed with flu.

We hope that all the rough spots will smooth out for him very soon.

Mrs. Gaines Is New Fulton Dorm 'Ma'

Among the new faces on campus one may have noticed that of Mrs. Audrey Gaines, new house mother for Betty Fulton. When asked for a comment on her job, Mrs. Gaines stated that she thought it was wonderful. She also said that if she continues to get the cooperation from the boys that she has had so far, there would be no complaints.

Mrs. Gaines has been a resident of Tishomingo for ten years and has spent a great deal of time working as an assistant to the late Dr. Herd.

Dean to Preside At Testing Confab

Dr. Ora Roades will preside over the first session during the Conference on the American College Test Program. The conference, to be held at East Central State College in Ada, will take place February 15.

Dr. Roades' session topic will be, "Optimum Use of ACT Scores."

PARIS SMARISH WHO CAREST Patton Hallites mocked the latest fashion in headgear with pillows, mops and pans and came up with this quartet of femme fatales, Lutricia Williams, Sylvia Askew, Kay Cope and Wilma McCurry.

HOW DO YOU STAND?

"Are you for the Right to Work Law?" This question is fast gaining interest around Oklahoma, and may soon be brought before the polls to let the citizens decide.

You—as college students—should look into this law, become interested in the government of your state. No longer are you only children ready to rely on the decisions of your parents. Soon, if not now, you will be making your ways to the polls to help in the decision of how Oklahoma will be run. Don't leave your decisions to intuition—investigate the situation! Don't vote in ignorance—know the candidate or bill you're voting for.

The Right to Work law protects your freedom from compulsory unionism. It will give you the freedom of choice to join or not to join a union. It does not prohibit unions—it only prohibits forced membership to a union.

We, as Americans, have always prided ourselves with our freedoms. These freedoms have remained clear for almost two hundred years. Do we dare be elastic enough to say that compulsory unionism is within our scope of freedoms? To most of us this completely takes away freedom of speech because it restricts the right to voice our opinion. If one freedom can be taken away—then how can the others be guaranteed?—K. B.

INQUIRING REPORTER:

Want to Be a Spaceman?

How would you like to take Astronaut John Glenn's place in the ride through space?

Wanda Perkins: If I thought it would land at Fort Polk, La., I'd go any way I could!

Dickie Hartfield: It would be all right if I was a monkey.

Jackie Pirtle: I wouldn't! It would be too much of a risk, and "I'm too young to die!" Besides, that's too long without any girls around.

Susan Limke: I wouldn't—the women dominate earth, but we're not ready for outer space.

Darrell Smithers: I would under certain circumstances. Among these are being well trained; no known faults in equipment and being able to achieve vital information that otherwise could not be learned.

Don Pogue: If I had the know-how I would like very much to make this space flight. I think it would be very enlightening.

Albert Johnson: I don't believe

that I would care to have this job. Charles Carmack: I'd like to. It would be a challenging task.

Dan Croom: I don't believe this job is for me.

Lonnie Stewart: I cannot trust the people who made the capsule.

Ronnie Parker: If I were assured there would be girls in space I would like to take the trip.

Jerry Acox: If I were assured of returning I would like to take the trip.

Larry Pope: Somebody has to make the trip but I care nothing about making it.

Ronnie Baugh: I think it's too far from mama.

Donald Green: I would really like to take the trip.

Glenn Moore: Outer space is for little green men with three eyes as in science fiction.

Buddy Simpson: Could there be another Murray State College in Outer Space?

Neal Wall: It would be all right if the pay was \$2.75 per hour.

Here & There 'Round Campus

Lots of excitement on campus Wednesday night during exam week, but all is quiet right now.

Much excitement in the Cameron Gym after and during the game. Eh? Lonnie and Bob?

The Murray Aggies really had the Northern guys running in circles last Tuesday night.

Dean Johnson missed the first part of our excitement last Wednesday night. Seems he was having coffee at Sue's Cafe.

What's this about Barbara Scarborough having a 9:30 date, and not keeping it? Were you stood up or did you stand up?

What's this about Sam Orr, Richard Melot, Jerry Mason, Al Trammell and Bonnie Parker riding around with some high school girls? Doing pretty good, eh guys?

Harry Freeman is in love! Seems he has fallen for a good looking blonde, Miss Rusty Warren.

Attention all girls! Bob Carver is now eligible, thanks to Shirley Green. Bob is looking for someone to LOVE.

The Aggielite has just uncovered one of the most ferocious and cunning of underworld gangs on our small campus. Yes, that right! It's Jack (Capone) Linn's Aggie Teamsters. Shudder!

Some of our students checked out last semester for higher pastures. Farewell Ex-Aggies, and especially Hal and Roger.

Have any residents of Haskell Lucas noticed lately how quiet it is during the early morning hours? Everybody's favorite Bob (okay Coach) Wilmoth has departed for greater heights.

Beware of a new group of trouble makers on campus. The Velma-Alma County Line menace, Darrell Martin, Rooster Womack, and Larry Miller, are on the prowl.

Well, dear Aggies and Aggiettes, farewell until the next time we meet; remember it's not what Murray can do for you, but what you can do for Murray!

Don Rigby

Dixie Thompson

SPOTLIGHT

First on this week's Spotlight is Dixie Thompson. Dixie is a freshman from Lone Grove, and is majoring in history.

In high school she was president of the student council, a cheerleader, and class valedictorian. Here at Murray, she is a member of the Goal Diggers, Honorary Cadet Major and a cheerleader.

She lists her favorites as follows: color, blue; food, shrimp; singer, The Platters; song, Deep Purple; and she lists her favorite pastime as reading.

Dixie's pet peeve is quiet hours.

Next on this week's spotlight is Don Rigby. Don is a freshman from Madill. He is majoring in animal husbandry.

In high school he played foot-

ball and basketball. He was president of his junior class and secretary of the F.F.A. Here at Murray, he is president of the Rodeo Club and is an Aggie's member.

Don lists his favorites as follows: color, red; food, steak; singer, Rickey Nelson; song Milk Cow Blues, and he lists his favorite pastime as rodeoing.

Don's pet peeve is an engineer.

Two Instructors on Leave of Absence

Two Murray College instructors are on leave of absence during the spring semester in order to continue work on their doctorates. Miss Beulah Zimmerman, chemistry instructor, is enrolled at OSU in Stillwater and Bill Rainey, business instructor, is enrolled at the University of Oklahoma, Norman.

Many Make Trip To Lawton To See Basketball Game

Many Murray students braved the fog and misty night to drive to Lawton for the Murray-Cameron game Thursday, January 25. The two schools have been heated rivals for a long time, and Cameron usually brings a great many students to Murray also. Most of the students left early enough to have plenty of time to get there for the start of the game, but a few struggled in after the start.

The cheering section for Murray proved to be quite loud, with all students yelling enough for three average people.

Some students sighted at the game were as follows: Jack Linn, Dickie Hartsfield, Richard Haney, Tom Costen, Allen Campbell, Zack Hodges, Royce Searcy, Gerald Bryan, and Frankie Hartsfield. Girls included were Wilma McCurry, Sylvia Askew, Sue McKown, and Judy Harwell. There were also numerous others.

For the first 11 months of 1961 deaths in the U. S. totalled 34370 down one percent from the 34700 total for the same months in 1960.

Former Student Cartoons Tribute To A. W. Beames

Tribute to A. M. Beames marking his 40th year as an educator, was paid this week in the above drawing by one of his former students, Clayton Straughn of Ardmore.

"Bois d'arc" Beames, Murray athletic director and former football mentor, began his teaching and coaching career at Willis, went to Kingston and Wilson high schools, came to Murray for six years and then went to Northern at Tonkawa. He returned to Murray in 1942 and has been a member of the faculty ever since.

Straughn, an amateur cartoonist, attended Wilson High school and was at Murray in 1946. He now is employed by an oil company at Ardmore.

Counselors Seniors

Dr. Ora Roades, Dean of the College, spent Wednesday, January 24, in Oklahoma City as a visitor at Classen High School. This was Classen's "Senior Day" and Dr. Roades was there to counsel students as a representative for all of Oklahoma's junior colleges.

Cameron Cagers Tough Foe For Murray Aggies

Murray Aggies traveled to Cameron Thursday to compete with the toughest team in the Conference. Bryant, a Cameron player, an All-State man with an average of 14 points, was held to 6 points by Bob Pickens. Another All State man was Jones, who has a 12 point average, but was held to a low score of five points by Delmar Forbes. Cameron's high point man was Jim Barnes with a total of 38 points.

Coach Massey stated that the Murray Aggies were very outstanding in defense, as well as offense. The top scorer of the Aggies was Forbes with 16 points, followed by Williams with 15, and Pickens with 11.

Don Henry, with the highest average among the Aggies, scored six points. Henry leads the Aggies in the scoring field with an average of 17 points, followed by Forbes with 12, Pickens with 11, and Williams with nine points. These are the top scorers of the team.

The Aggies have had a little bad luck with their players. Jack Lacey, the sixth man on the squad, is ineligible to play due to grades. Russell Bradley is out with the flu. Bob Wilmoth has gone to East Texas State on a football scholarship.

The Aggies have three games scheduled for the week, Tuesday night here with Northern, and Northeastern at Northeastern, and Bacone Saturday.

Motor-vehicle deaths in the United States for November 1961, totalled 3,570. This was a four percent increase over the November 1960 total of 3,430.

Track Season Nears; Coach Ladd Prepares for Dual, Triple Meets

Player of Week—

Don Henry, Tyler, Texas, is an outstanding Murray basketball player.

Don won all-district basketball at Emmett Scott High School, with a high point average of 22 points per game.

While playing for Murray, Don has scored 32 points against O.M.A. with 20 rebounds, 29 points against Decatur, 28 against Bacone, and 23 against Northern.

Don's plans after finishing here at Murray are to go to U.C.L.A. There he will study to be a teacher and a coach.

Eight Cadets Take Physical Exams

The cadets taking the A. F. ROTC test were excused from all classes Monday, January 29, so they could take their physical examinations at Perrin A.F.B. The cadets meeting the requirements and making the trip were: John Cagle, Mill Creek; Charles Gill, Ardmore; Lloyd Hughes, Ft. Supply; Dennis Jones, Tishomingo; Jack Linn, Seminole; Choice Taylor, Madill; Anthony White, and Keith Whitfill, Ardmore.

The sounds of the starting gun and the thud of the shot put will soon be echoing from the Murray Athletic field as Coach Murray Ladd prepares to start his first season as track coach.

Ladd is looking forward to a good season, with some promising athletes back from last year's team, and a fine crop of former highschool standouts.

Neal Wall, quartermiler, Bob Carpenter, sprinter, and Alfred Austain, shotputter, are the main sophomores returning.

Freshman Dewayne Woods, Tishomingo; Ardell Murphy, Fort Worth; Robert Mosgroves, Ardmore; Arthur Guss, Oklahoma City; and Robert Ward, Ardmore, will be the nucleus of the sprints and relays. All were exceptionally fast in highschool competition.

David Skidmore, Hobbs, New Mexico; Steve Chevereaux, Stroud; and Dennis Parrish will be the main field events men.

Coach Ladd is planning several dual and triangular meets for the Murray stadium during the months of April and May.

Listed below are the meets Murray will attend away:

March 2 and 3—Fort Worth Invitational.

March 16 and 17—North Texas Relays.

April 18—Norse Relays.

most exciting voices. I could go right to sleep just listening. I've even got "kicked out of class" like several other students I know. Coach Massey gave me a hard time during the Psychology exam. I had to get out of there—and Edgemon just sat there and laughed!

Of course you all know we had a new addition to the family. But, I didn't lose too much popularity because of it. I just took in a few more hours at school, and I was plenty welcome when I'd come home.

Well, I don't know whether I'm missed at school now or not—but, I just thought I'd mention the fact that I had a little accident a couple of weeks ago, and I'm still pretty shook up. Fact is—I can't see now and I can't hear too well. But the vet said it might just be temporary, so I'll probably be back to classes some time this semester. Be lookin' for me. Your ole' friend, Jacques.

Travel for the first 11 months of 1961 in the U. S. is indicated to be about two percent ahead of 1960.

The Oklahoma Highway Patrol is recruiting men interested in becoming highway patrol troopers. Men should apply at their nearest highway patrol headquarters before March 1.

Miss Freda Hinkle Weds Doyle Brinkley—

Mrs. Doyle Brinkley

The wedding of Miss Freda Irene Hinkle and Doyle Brinkley was solemnized at 8:00 p. m. Tuesday, Jan. 23, in the Church of the Nazarene. The bride is the daughter of the Rev. and Mrs. Fred Hinkle, and the bridegroom's parents are Mr. and Mrs. M. D. Brinkley, Ada.

The father of the bride officiated at the ceremony, assisted by the Rev. Lyle Curtis of Bethany, before an arrangement of white gladioli and greenery flanked by cathedral tapers in three seven-branch candelabra.

Given in marriage by her father, the bride wore a floor-length gown of white satin with a fitted bodice of Chantilly lace. She carried a bridal bouquet of white orchids.

Following the ceremony, a reception was held in the home of the bride's parents.

The bride is a graduate of Tishomingo High School and Murray College. She is currently a Senior at East Central where she is majoring in education. The groom is a graduate of Ada high school and a student at Oklahoma State University in Stillwater where he is majoring in architectural engineering.

Silence Not Golden; Jukebox Missed

Silence rests in the Student Center. As you go in, you catch yourself whispering, so careful are you not to disturb this "golden silence". Even large groups at tables keep their voices down and sit reverently—waiting—waiting for the next bell to ring.

What is causing this uneasy silence? The jukebox—simply stated—and simple it is.

For quite some time now the jukebox has played only when it so desires. There are no refunds for the dimes and nickels the jukebox refuses to play for. It's just another loss.

There's a rumor we can get a new jukebox. Let's hope so to dismiss this silence.

Great Books Group To Organize for Study, Discussion

The first meeting of the group interested in forming a Great Books Club will be held Tuesday night, February 6, in the conference room of the student center. Dr. Ora E. Roades, Dean of the College, announced that the meeting is open to members of the community and faculty or students at Murray College.

The first classic work to be studied by the group will be the Declaration of Independence. Anyone interested in joining this group for reading and discussion of the great works of literature is welcome.

Former Murrayite Gets Scholarship

Mickey Rowe, Tishomingo, former student at Murray College, was chosen by Tishomingo High School to receive his tuition at East Central College, where he is now enrolled. Mickey was selected for this honor because of his high grades and activities in high school.

While at Murray, Mickey majored in science, and was president of the Science Club. Working part time in a restaurant managed by his father, Mickey made outstanding grades of A's and B's.

Some Changes Are Made in Officers Of Cadet Corps

The Murray State cadet staff, which was to play host to three other ROTC staffs, February 19, 1962, was notified that this visit has been postponed until a later date during this semester.

There have been some officer changes made in the various ROTC positions for the second semester at Murray. Cadet Colonel James Gist was appointed Group Commander. The cadet staff includes the following officers: Cadet Lt. Colonel Billy McNeil, Cadet Major Anthony White, Cadet Major Wayne Hunter, Cadet Major Jimmy Wood, Cadet Major Choice Taylor, and Cadet Major Bruce Anderson. The Squadron Commanders are: Cadet Major Robert Carpenter, Cadet Major George Jennings, Cadet Major Lanny Mayberry, and Cadet Major Phillip Marshall and Cadet Major Keith Whitfill are the commanders of the Cadet Drill Team and Cadet Band, respectively.

The following were appointed to the cadet grade of Cadet Captain: Ronnie Hale, Billy Hodges, David Bland, Billy Loughbridge, Frankie Hartfield, Jerry Black, Don Pogue, Hugh Pool, Hayden Rounsaville, Jim McLaughlin, Milton Dunn, Harry Freeman, Neal Wall, and Tom Costen.

The Cadet First Lieutenants are: Leroy Snowden, Phillip Edmon, Lloyd Hughes, Bob Pickens, John Thompson, David Wilson, Paul Patterson, Raymond Hensley, Richard Sharp, Jerry Mason, Jack Linn, John Cagle, and Thelbert McGinness.

The Cadet Sergeants include: Richard Johnson, Charles Gill, Calvin Wood, John Burton, Eddie Multhead, Benny Bennett, Harvey Duge, Charley Rogers, Nelson Dixon, Philip Neil, Dan Croom, Albert Johnson, John Faulkenberry, Gerald Bryan, Michael Hoffman, Hershel Higgins, and Royce Searcy.

Night Classes Are Being Organized

Something new for Murray this semester is the start of night classes again. Biological Science has already been set as a night class with quite a number of students enrolled. It is being held in the library each Monday and Wednesday night for two fifty minute periods each night. Mr. Paul J. Park, head of the science department, is teaching the course.

A night sociology class is planned but is uncertain at the moment, due to student enrolment. If the class materializes it will be held one night a week for three fifty minute periods. Dean Johnson will instruct the class.

Walls Race Stork To Idabel and Win With a Daughter

The David Walls had quite an ordeal during the icy weather a few weeks ago. While on the way to Idabel, wife Janie began labor pains too late to turn back. David with the help of the Highway Patrol, made a fast and reckless trip to the doctor.

Passing one car sideways and losing control of the car three times, the Walls arrived safely.

Kelly Jane Wall was born later that night. She weighed six pounds

Hale Wins Award For Physics Work

Ronnie Hale

Ronnie Hale, engineering major from Maud, received an award Friday, February 5 for outstanding accomplishment in physics. The award, made by the Chemical Rubber Company, consists of the latest edition of the large and valuable Handbook of Chemistry and Physics. Selection of the student to receive this award was made by Mr. Gerald Alloway, physics instructor, who presented it at the regular class period Friday. Ronnie's average of 96 was one of the highest made in physics in the past few years.

Ronnie has received several honors during his attendance at Murray. In the spring of 1961, he tied for highest grade average with Phyllis Holbrook. Both had a four-point average and received scholarships in natural science. On November 10, 1961, he had the high average of 3.8, receiving the top cash award and honor certificate in the Awards Assembly. He is a member of Phi Theta Kappa, the junior college equivalent of Phi Beta Kappa.

Ronnie's wife, Janelle, also attends school at Murray and is majoring in home economics.

A total of 704 persons died on state roads as the result of motor vehicle accidents during 1961.

and two ounces. It was quite a scary journey for the Wall family but a rewarding one. Congratulations to David and Janie!

'Where Most People Trade'

Campus Favorites Named by Student Body

Ronnie Hale and Kay Vaughn — "Most Talented"

Bob Carpenter and Kay Vaughn — "Most Attractive"

Phil Edgmon and Peggy Parrish — "Best Personality"

Harley Limke and Tena Looney — "Best All-Around"

Seven Chosen at Special Election

Seven students were elected favorites in a special election sponsored by the Student Senate Monday, February 5. Those elected are as follows:

Harley Limke, a sophomore, was elected as the best all-around boy. He is the son of Mr. and Mrs. Edward Limke, Tecumseh. Harley is majoring in history and government and plans to continue his studying at East Central State College, Ada. After graduating from East Central Harley plans on teaching.

While in high school he was active in track, basketball, football, and baseball. He was also president of the Letterman's Club during his junior year.

Here at Murray he is president of the Student Senate, a member of the Phi Theta Kappa and a member of the baseball team.

Tena Looney, a sophomore majoring in general education, was elected as the best all-around girl. Tena is the daughter of Mr. and Mrs. A. W. Looney, Russell. After graduating from Murray this spring Tena plans to attend either East Central or Southeastern State College.

In high school she was basketball queen, secretary-treasurer of her junior class, vice president of her senior class and was class salutatorian.

Here at Murray, Tena is secretary of the student senate and is a member of the Goadiggers Club.

Kay Vaughn, a freshman, from Anadarko, was elected as the most attractive and most talented girl on campus. Kay is the daughter of Mr. and Mrs. Joe Vaughn, Anadarko. She is majoring in general education and plans to continue her education wherever Neil goes. She wants to become a housewife.

In high school Kay was a member of the National Honor Society, all state chorus, pep club, high school chorus, and Spanish Club. She was also football attendant three years, was vice president of her senior class, and cheerleader.

Here at Murray she is a cheerleader and an honorary end-of-the-year. She is also a member of the music club, drill team, pep club and was a candidate for homecoming queen.

Bob Carpenter was elected as the most attractive boy on campus. He is the son of Mr. and Mrs. Marshall Carpenter, Lindsay, and is majoring in engineering. Bob plans to attend Oklahoma University after graduating from Murray.

While a student at Lindsay High School, Bob played basketball and football. He was also a member of the Letterman's Club for three years.

Here at Murray Bob is a Student Senate representative and vice president of the sophomore class. He also has played football and is a member of the track team. This year he served as co-captain of the football team.

Ronnie Hale, a sophomore from Maud, Oklahoma, was elected as the most talented boy. Ronnie is the son of Mr. and Mrs. Clayton Hale and is majoring in chemistry.

MOVING REPORTER

Powers, Hero or Traitor?

The exchange of Francis Gary Powers for one of the Soviet spies has caused a great deal of controversy on television, radio, and in the newspapers and magazines. Also many of the classes here at Murray have had heated arguments and varied opinions have been expressed by students.

Many feel that Powers is a betrayer and should be punished; whereas others feel that his actions were human ones. Anyone who accepts a job as a spy knows the risk of death is involved when he

takes the job.

How do you feel? Was Francis Gary Powers a hero or a betrayer when his secret U-2 plane was brought down in Soviet territory last year?

David Greer: I think Powers should have destroyed his plane. Also I don't think the Russians shot him down from a great altitude as they said.

Tena Looney: I don't think he is a betrayer. I think he was in not taking his life—nobody wants

(Continued on Page 4)

Ronnie Hale Tops Honor Students

One student made straight A's, to be listed on the President's Honor Roll for the first semester 1961-1962. Ronnie Lee Hale, Maud, once again made the highest grades on campus. Ronnie is a sophomore. Thirty-five students made an average of 3.0 to be listed on the Dean's Honor Roll. To be eligible

(Continued Page 4)

New Students Join

Six additional names have been added to the list of new students in the past two weeks. They are as follows: Cecile Dandy, Chickasha, general education major; Eugene W. Kendrick, Lindsay, general education major; Frank Lewis, Sulphur, general education major; Deedie Moore, Milburn, business major; June Rutherford, Tishomingo, home economics major; Chris C. Heartsill Jr., Ardmore, agriculture major.

EDUCATION ALSO HAS A PRICE

Should American children be forced to go to school until they are 16 years old?

This is a subject which is under discussion in almost every school within our nation.

Should a child be required to continue his education even after he has reached the point where he is not doing average school work?

Our nation today, more than ever before, is in desperate need of better educated citizens, and it is admitted that no child can attend school everyday without becoming a little more educated, even though he is not applying himself as his classmates do.

If below average students were the only ones involved, we could consider allowing them to drop from the schools, but when we do this many students who go through a short period of dissatisfaction would quit school. Many of these students, if not allowed to drop from a school, will finish high school and many of them will receive a degree from college.

We cannot achieve anything without paying a price. This price is going to be demanded from us if we are going to increase the standard of our nation's average education. Part of the price we have to pay for this is to contend with this lower mentality group in order to keep potential college students in high school. — G.M.

SCHOOL SPIRIT NEEDS

What is school spirit? How is it exercised? School spirit cannot be pin-pointed down to a precise definition and stated in Webster. It is more or less the spontaneous vivacity and enthusiasm of the student body of a school.

It is the "supernatural being" that either lives or dies in a school. Does it live in Murray? Can it live in Murray? It must!

School spirit is tradition, and Murray is rich in tradition. We must continue the tradition, and keep our school spirit. To do this, we need our cheerleaders more active during the games. We need an organized cheering section. Don't let the school spirit die! — K. B.

Cupid Wins Again

Cupid, with his never-ceasing work and his potent little arrows, has led another Murray College student to the Marriage Licenses Bureau.

"Floating" in to the Bureau was David Bland, a sophomore from Prague, Oklahoma.

David was married to Miss Yvonne Lemmons, January 21. The wedding was held in the Baptist Church in Gardon Grove, Okla.

STUDENT SENATE IN BUSY SESSION

The regular meeting of the student senate was held Friday, February 9, 1962. The main topic of discussion was how to turn the ball room in the student center into a recreation room. A committee was appointed to discuss the prices of various types of recreational equipment.

The next meeting is scheduled for Friday, February 23.

Here & There 'Round Campus

Now that the favorites around the campus have been chosen, this reporter would like to nominate some of his favorites. "Ugly man on Campus," Sammy Johnson; Most likely Not to Succeed, Don Pogue; Best Athlete, Darrell (Crazylegs) Smithers; Best Dressed, Doug (Coveralls) Rudd; and the best all around is none other than Dixie Thompson. Oh well, I had to pick somebody.

The 1961-62 Intramural basketball team has just been selected. The all-stars are: Guards Freddie (Alligator) Jones, Larry (Horse) Winchester; Forwards: Robert (Marquis) Musgoves, Bill (Cranelegs) McNeil; Center: John (Simpson) Pettigrew. Coach of the Year was Jack Linn.

Congratulations to Darrell Martin for his fine work as Drum Major in the R.O.T.C. band. Darrell has got that natural swing. Go! Darrell Go!

The rumor is out that Betty Fulton dorm is inviting the Haskell Lucas boys to a tea. It will surely be the social event of the year. On the committee for Betty Fulton are such outstanding socialites as: Tom Coston, Don Rigby, Lloyd Hughes, and Wayne (Percy) Hunter.

Mr. Calvert's tennis classes are really going strong now. He has an advanced class (which can hit the ball over the net occasionally), and a beginner class (who are doing well to just to hit the ball. However, Mr. Calvert has faith in American youth, and is going to continue the classes.

David Bland has certainly got confused since he recently married. He's been seen running around to all the apartment houses, knocking on the doors. Seems he lost his apartment, or wife. Which was it David?

Seems things were rather dark in the dark. Be careful boy! The roaring fad of the girls' dorm is canasta. Night after night, the girls sit up until all hours playing cards. Paula, Jeanette, Wilma, Lynda, Kathie and Lou had a six hand game the other night, but your turn doesn't come around often enough that way.

Joe Don Skinner, a former Murray Aggie from Lexington, is pledging Alpha Gamma Rho at Oklahoma State University. He graduated from Murray in May, 1961.

ON BEING THOUGHTFUL!

How Better Can The Exact Thought be Conveyed than BY FLOWERS!

MAY FLOWER SHOP
 PHONE 9

RONNIE AND JANELLE HALE, this week's Spotlight choice, take time out from their studies and household chores to play with Prince Bismark (Bo), their 3-month-old German shepherd.

SPOTLIGHT

The Aggielite Spotlight camera searched the campus over the last two weeks and focused in the PHA (married students) apartments, on two of the leading students of the College, Ronnie and Janelle Hale.

Ronnie and Janelle, who are both sophomores from Maud, Oklahoma, were married immediately after their graduation from high school in May, 1960.

In high school, both were active in the Maud High School band. During his Freshman year, Ronnie was chosen All-State clarinetist. Janelle was the band's baton twirler during her senior year.

Ronnie was also active in high school basketball and in his senior year was elected by the Maud Masonic Lodge as "Boy of the Year."

In college Ronnie has received two awards from the Chemical Rubber Company for his exceptional grades in physics, math and chemistry. Last year he was awarded a certificate and a sixty dollar check for having the highest grade average at Murray. He is president of the Phi Theta Kappa and vice-president of the College Science Club. He says he hopes to

be a research chemist.

Other than baton twirling, Janelle's high school activities included cheer leading in her junior year; vice-president of the FHA; participation in the senior class play; Student Senate Representative; member of the annual staff and a member of the school's newspaper staff. She is presently secretary of the Phi Theta Kappa.

After completing college Janelle hopes to be an interior decorator. Ronnie and Janelle, who plan to attend Oklahoma State University after graduating from Murray, enjoy spiritual type music and songs. For movies they prefer the science fiction and horror type. Both agree that a good fishing or hunting trip is the best recreation and relaxation they can find. If no hunting or fishing is available, just a good old "camp-out" is satisfactory.

CALENDAR OF EVENTS

February 23 — Basketball Game, Connors there.
 February 23 — Basketball Game, Northeastern A. & M. here.
 February 26 — Music Club Meeting.
 February 26 — Drama Club Meeting.
 March 2 — Student Senate Meeting.

Murray Clips Decatur 63-56

The Murray Aggies, taking their time, trailed Decatur almost all of the first half, but were tied with Decatur at the half.

The Aggies then took the lead at the half by jumping ahead of Decatur. Murray led with a slight margin until the last few minutes; then Murray pulled farther ahead to win, 63-56. Don Henry racked up 28 points to lead the Aggies' attack and also be high scorer of the game. Clark, the Decatur high scorer, was limited to 17 points.

JUCO Officials Rule Eligibility

There is a question of eligibility of five Junior college basketball players that arose Sunday, February 11 as Region II athletic directors met to map plans for their regional JucO tournament.

The players are Bill Kusleika and Paul Plowden of Bacone, Bob Miller of Oklahoma Military Academy, Dan Allen of Northeastern A & M, and Bob Wutz of St. Gregory's.

All the players are transfers from a four-year college who have attended their present school only one semester. They are eligible under the Oklahoma Junior College rules but not under National rules.

The Region II tournament will be held at Cameron field house in Lawton February 27-March 3.

Intramural Play Begins Again

Intramural basketball games resumed play Wednesday night, February 7. The games, held in Beames Hall, started at the usual time, 6:30 p. m.

In the first game the Babysitters won over the Engineers with a score of 53-19. Harley Linkie was high point player for the Babysitters, scoring fifteen points, five being free throws. Freddie Williams, playing for the Engineers, scored six points.

The Pearldivers won a close game over the Laddetts in the 2nd game with a score of 24-23. Larry Pope was high point man for the Pearldivers with 10 points. Alvestor Bowen scored 9 points for the Laddetts.

In the 3rd game the Magnificent Punks won over the Aggies with a score of 34-26. Freddie Paz scored 13 points to top the scorers for the Aggies.

Referees, scorekeepers, and timekeepers were boys in the athletic department.

VARIETY SHOW IS PRESENTED

Murray students were entertained recently with a variety show from East Central State College, Ada.

The show consisted of a quartet, ballad singer, a pantomime and pianist. Charlotte Greeson, former Murray student, was among the students who participated.

Anyone for Tennis?

"Tennis, anyone?" If so, now's your chance. Mr. George Calvert, mathematics instructor, is forming a tennis class for all interested students.

The class will be held ten periods on Tuesday, Wednesday, and Thursday.

Those interested should bring their own tennis balls. Several racquets are available for student use.

Ags Draw Decatur For Lawton Tourney

Murray Aggies will see action in the Region II National Junior College Basketball tournament at Lawton at 7:30 p. m. Thursday, March 1. The tourney opens Feb. 27 and continues through March 3.

The Aggies, who get a bye in the first round, will be pitted against Decatur. The winner will play at 9:15 the following night against the Connors-Northern vs. Cameron winner.

Murray Aggies Are Cooled by Cameron

Fast-breaking Cameron Aggies pulled away in the last 15 minutes Wednesday night and defeated Murray 76-46 in a JucO Conference basketball game.

Murray had threatened to come back midway in the second half after Cameron built a 28-19 half-time lead.

Murray managed to stay close during the first few minutes of play but then Cameron started scoring almost consecutively.

Don Henry was high scorer for Murray with 20 points. Jim Barnes was high for Cameron with 19.

College Host To 4-H Judging Demo

Murray College was recently host to the Johnston County 4-H Club boys and girls for a livestock judging demonstration.

The demonstration attempted to acquaint the children with points to look for in judging swine, steers and dairy cattle. Dr. Jerry Martin, of the College Agricultural Department, said it was successful due to the fine participation of the county schools.

Dr. Martin and Jack Ryan, County Agent for Johnston County, gave a demonstration on judging beef cattle and swine. After the demonstration, they allowed the children to judge a class of Angus steers and two classes of market hogs.

Mr. Clifton Burton, dairy specialist from the Dairy Extension Division of Oklahoma State University, gave the children a demonstration on dairy cattle and instructed them as they judged four Jersey dairy cows.

Regional Tourney

The Regional Basketball Tournament is to be held in Lawton. The tournament will last from February 28, to March 3.

Referees Hang-Up Stripes With Long Sigh of Relief

Why is it that all referees seem to be born deaf, blind, and mute? The villain of every ballgame always turns up wearing black and white stripes. Like a criminal he dresses and like a criminal he's treated.

Bull Testing Show Big Improvement

A recent weighing of the bulls on performance test at Murray College shows the 143 bulls to have an overall average daily gain of 2.73 pounds for 112 days of testing.

Dr. Jerry Martin, who is in charge of the testing program, said due to the cold and wet weather during the last 28 days, the bulls only gained an average of 2.44 pounds per day.

Small water heaters have been ordered for the water troughs. When installed these will keep the water from freezing and the bulls will drink more.

Another improvement over last year's program is the construction of bleachers for the sale, which is to be held March 17. The sale last year was held in the College show barn with portable bleachers for the prospective buyers.

Bleachers are now being built in the quonset type building between the two bull barns. The bleachers will be stronger and will allow more bidders to be in bidding position.

The bull topping all others in weight gained is a Charolaise owned by Banks and Goolsby, Clarks-ville, Texas, and Isabel, Oklahoma. The bull has an outstanding gain of 4.06 pounds per day.

Mack Braly, Ada, has two Charolaise bulls that have gained 3.57 and 3.44 pounds per day.

In the Hereford division, Gus Martin, Coalgate, has the top gaining bull with an average daily gain of 3.39 pounds. Harold Wilson, Lawton, has the second highest gaining Hereford bull with a gain of 3.30 pounds. Paul Dauer, Panhandle, Texas, and Pierce and Henson, Hugo, have bulls that have gained 3.26 pounds per day. Turner Ranch, Sulphur, leads in the Hereford herd averages followed by Dr. G. T. Easley, Sulphur, and Paul Dauer, Panhandle, Texas.

The top gaining Polled Hereford bull is owned by W. F. Bowman, Houston, Texas. This bull has an average daily gain of 3.75 pounds for the 112 day period. A bull owned by Joe Edington, Barnsdall, is second with a gain of 3.26 pounds per day. W. F. Bowman also leads in the herd averages with a gain of 3.62 pounds on six head. Evert Prater has an average daily gain of 2.90 pounds on a pen of four bulls.

In the Angus division, Carlton Corbin, Fittstown, has the top gaining bull with a gain of 3.44 pounds. Two bulls owned by B. D. Patton, Fort Worth, Texas, have gained 3.35 and 3.30 pounds per day and bulls owned by Murray Corbin, Tishomingo, and Rae Thompson, Stonewall, have gained 3.26 pounds. B. D. Patton leads in the herd averages followed by Murray Corbin, Tishomingo, and Carlton Corbin, Fittstown.

George Chiga, Guthrie, has two Red Angus bulls that have gained 2.90 and 2.95 pounds.

A Brangus bull consigned by Clarence Rodden, Claremore, has gained 3.17 pounds per day.

The ACT test will be given at Murray on February 24, to all high school seniors in surrounding towns.

Murray Slips By Northeastern 69-67

Delmar Forbes piled up 15 points against Northeastern Saturday night as the Aggies beat Northeastern 69-67. The game rocked back and fourth until the Aggies finally managed to hold the lead until the final buzzer rang.

Four players from the Aggie team scored in double figures. Besides Forbes, Hugh Pool got 14, Don Henry 13, and Bob Pickens 12 points. Padgett was high scorer of Northeastern with 23 points.

In the game with Eastern February 6, the high scorer for the Aggies was Don Henry with 17 points, followed by Delmar Forbes with 11. Eastern's two guns rocked up 49 of the total 80 points. Willie Murrell had a total of 28 points, his teammate Bill Cotton was close with 21.

Baseball Nears

Baseball is just around the corner. Coach Massey stated that the baseball warm ups will start Monday, March 5, following the tournament at Cameron. He would like to see everyone who is interested come for tryouts.

SIGN FOR ANNUALS

Funds Available For Student Loans

At their last two meetings, the National Defense Student Loan Committee approved \$3060 for student loans. This brings the total for the 1961-62 school year to \$25,095.

The National Defense Student Loan is a program to aid college students in financing their college education. The program has been in operation since 1958 when Congress first appropriated money for student loans.

The program is mainly to aid prospective elementary and secondary school teachers and science majors. It is set up so that students do not have to start repaying the loan until one year after they leave college. If the student completes his four year college work and becomes a school teacher, one-tenth of the entire loan will be cancelled for each year he teaches, up to five years. The loan has a long repayment plan with moderate interest rates.

It has been announced that at their last two meetings, the National Defense Student Loan Committee has approved \$3060 for student loans. This brings the total for the 1961-62 school year to \$25,095.

3000 Words !!

Students of Mr. L. W. Murray's English classes have already been cruelly awakened to the fact of term papers. Mr. Murray explained the different parts of the research paper to the English 123 class Monday, February 5.

Various groans and growls were heard as the 3000 word paper was announced. Unbelieving listeners included: Neal Freeman, David Greer, Aubin Wallace, Don Duke, Don Heury and Jerry Martin.

Roving Reporter— (Continued from Page 1)

to die.
Jerry Hauser: I don't think he betrayed his country when the U-2 went down. After all he did have mechanical trouble with the plane. This left him no alternative but to be captured or to commit suicide.

Everett Cranford: I don't think he was a hero, but to ask a man to give up his life for a cause that never amounted to much doesn't make him a betrayer.

Neal Freeman: I believe Powers was a betrayer. He was paid to spy and was entrusted with secret information which the Russians now have. Two other men blew their planes and themselves up for their country. Why should he be different?

Johnny Thompson: Based on the information I have heard, the facts are in favor of Powers being a spy.

Dick Sharp: I think Powers shirked his duty to his country but this was a brilliant move since it saved his life. I would have acted exactly as Powers did.

James Gist: I think Powers should have demolished his plane if he pledged to do so. I also think he should have killed himself if he agreed to do so. He wasn't forced to take this mission. He knew this was a hazardous position to hold. I don't believe I would have volunteered for this job unless I was sure I could carry it out. I do think his fellow citizens should accept him and not shun him, even if he has shirked his duty.

Leroy Snowden: I think Powers is a traitor to his country. He lost us prestige and top secret information through his cowardice. He was not a school age kid out on a joy ride, he was a trained spy and knew the consequences of his capture. Other men have died for our country; why didn't Powers go through with it?

Robert Ward: Powers was doing what he was ordered, otherwise he wouldn't have been flying over Russia in the first place.

Arliegh Wallis: From what I know about the Powers' Case, I think that he should be court-martialed. His job was to destroy the plane if he was brought down, and he didn't do it. If he hadn't been trained to destroy the plane and any other possible evidence, my answer would be the opposite.

Larry Holder: From my view point, I don't think any man would destroy himself and the plane while in it, even if he had taken an oath to do so. For all we know it might have been his desire to get into Russia the way he did.

Murray Represents Two Countries in O. U.'s Model U. N.

The model United Nations meeting is to be held at Oklahoma University over the weekend of February 16, and 17. At the meeting, representatives from the general assembly of the real United Nations will speak to the student delegates from several colleges.

Each college participating in the assembly has been assigned two or more countries, which they will represent during the two-day meeting.

The countries which Murray will represent are Bolivia and Liberia. Students attending from Murray are Harley Linke, Kathie Brooks, Susan Linke, and Richard Haney. These students will stay in school dorms, and attend sessions of the meeting.

Cadets Awarded Silver Ribbons

Each month, Silver Ribbons are awarded to the most improved AFJ ROTC cadets of Murray, as designation of proficiency. For the month of January, Cadet Captain Hayden Rounsaville was selected as the most improved Air Science 2 cadet, and Cadet Sergeant John Barton was chosen as the most improved cadet of Air Science 1. These cadets were presented with Silver Ribbons by Cadet Colonel James Gist, during the leadership laboratory of February 12, 1962.

The Murray Cadet Drill Team is composed of cadets who are interested in extra practice in close order and precision drill. The Drill Team may be called upon to give demonstration in flight or squadron drill during leadership laboratory periods.

They may also be called upon to perform on special occasions such as parades, reviews, and others. The officers of the Drill Team are Cadet Major Phillip Marshall, Cadet Captain Billy Hodges, and Cadet Sergeant John Burton. The cadet members of the Drill Team include: C. B. Mason, Jessie Reed, Allen Campbell, Charlie Walker, Richard Craven, John Trinkle, Edward Chatham, Ragon Michael, Mike Medaris, and Michael Slagle. Miss Leticia Williams, Wagona, has been chosen as the Honorary Cadet Major representing the 433rd Squadron of the Murray Cadet Corps.

Students Advised By OSU Recruiter

Monday, February 12, a representative from Oklahoma State University talked during fourth period with students who were interested in attending OSU.

Mr. Bob Fite passed out literature to help in the selection of courses, and spoke with each student about his or her major.

Interested students talking with Mr. Fite were as follows: Kathie Brooks, foreign diplomacy major, Jesse Reed, electrical engineering major, and David Wall, forestry major.

Caesar Would Be Bugged

The American hotrod craze has taken over one of the most ancient highways in the world. A great many Romans who use the Appian Way to commute between Padua and Rome have protested to the government that numerous teenage charioteers are turning the Way into a veritable drag strip.

Campus Favorites— (Continued from Page 1)

Ronnie plans to attend Oklahoma State University after graduating from Murray.

While a high school student he was a member of the basketball team for four years, vice president of his junior class and was chosen "Boy of the Year" during his senior year.

Here at Murray he has received two awards from the Chemical Rubber Company for his outstanding grades in math and chemistry. During his first semester as a freshman he maintained an "A" average and had the highest grade average for the second semester. This past semester he was listed on the president's honor roll. Ronnie is president of the Phi Theta Kappa and is vice president of the Science Club.

Peggy Parrish was elected as the girl with the best personality. Peggy is the daughter of Mr. and Mrs. Gilbert Gorden, Idabel. She is majoring in elementary education and plans to continue her studying at East Central State College, Ada.

While a high school student Peggy was a member of the band, pep club, student council, Future Teachers of America and Future Homemakers of America. She was also a member of the National and State Honor Society.

Phillip Edmonson was elected as the boy having the best personality. He is the son of Mr. and Mrs. Ed Edmonson, Anadarko. Phil is majoring in secondary education and plans to continue his education at East Central State College, Ada.

In high school he was a member of the football and basketball teams. He was also president of the senior class and of the Letterman's club.

Here at Murray, Phil is a member of the "M" Club and plays football and baseball.

Dr. Roades Attends Deans' Conference

Dr. Ora Roades, Dean of College, attended the O.E.A. Conference of College and University Deans. The conference was held at East Central State College in Ada on February 17.

Dr. Roades also attended the American College Testing Conference in Durant, February 16.

He was the discussion leader of one group discussing, "Optimum Use of the ACT Data on College Level."

PEARL DIVING is just one phase of before and after preparations for feeding hungry Aggieletes. Shuffling saucers at the left is Buddy Simpson while Charles Roberts handles the glasses. Boss Ross Lipe smiles approval of their technique.

Behind Scene Preparation Makes Chow Time on Time

"Chow time!" This call is awaited by all students of Murray, after listening to a chorus of stomachs tuning up for mass digestion.

For the past two weeks the Aggieelite has annoyed the cafeteria staff with question after endless question and hungry eyes.

Great Books Group Formed on Campus

John W. Fletcher and Carl Reubin were elected as discussion leaders for a series of "Great Books" meetings when an organization was formed here Feb. 16.

The group will meet at 7:30 p.m. in the conference room of the Murray College student center on each first and third Friday of the month.

The Great Books program has been described as a way to get a liberal education free. Interested persons are invited to join the group which is jointly sponsored by Murray College and the Chickasaw Multi-County Library Service.

Charter members of the local group are Mr. and Mrs. John Fletcher, Lloyd Goss, Mary Hunt, Basil Johnson, John Lokey, Virginia Owens, Carl Reubin, Dr. Ora E. Roades, Dr. and Mrs. F. E. Webb, Jr. and Rev Roy Weaver.

'Brother Rat' to Be Given in April

"Brother Rat," a three-act comedy by Monks and Finklehoffe, will be the next play performed by Murray drama students, announced Mr. John Fletcher, head of the speech department.

"Brother Rat" has plenty of action that arises when a Virginia Military Institute star athlete is secretly married, breaking the rules, yet still competing for the school's most coveted award, the "Most Outstanding Athlete."

The plot is a pure laugh-riot with elaborate stage scenery and a cast of over 15.

Fletcher and his drama students will perform the nights of April 26 and 27.

Casting is expected to start around the middle of March.

Hale Leads Honor Students 2nd Year

The Honors and Awards Assembly was held Friday, Feb. 23. Mr. John Fletcher, head of the language department, presented the awards after a few appropriate remarks about the students. Winning first place, with a 4.0 grade point, was Ronnie Hale, Maud, Oklahoma. Bernie Dean Conway, Gene Autry, and Billy Gene Murphy, Broken Bow, Oklahoma tied to be placed second and third. Neal Freeman, Ardmore, placed fourth; Vivian Kay Vaughan, Anadarko was fifth; Kathryn Elizabeth Brooks, Ardmore, sixth; Harley Linke, Tecumseh, seventh; and Gerald Guy Bryan, Elmore City, eighth. The students were honored with monetary awards for having the highest grade points at Murray.

The assembly was opened with two numbers by the music classes, which were followed by the awards. Next on the agenda was David Wall, Idabel, Oklahoma, with a trombone solo. Vivian Kay Vaughan, Anadarko, accompanied him on the piano.

Next came the Four Tones presentation. The Four Tones are as follows: Mike Medaris, Midwest City, playing the piano; Thelbert E. McGinness, Ardmore, playing the drums; Johnny Thompson, Okmulgee, on the guitar; and Meredith Martin, Ardmore, singer. The Four Tones played three numbers.

Ag Class Plans Spring Garden

The students of the horticulture class have pooled their talents and their green thumbs to plant and care for a vegetable garden.

The class, under the supervision of Mr. John Ringwald, will plant the vegetables just south of the married students apartments.

Mr. Ringwald said if the weather permitted, the cafeteria would be serving fresh onions and radishes in the near future.

Another project to be completed by the horticulture class is a general clean-up of the college barn area. They will white-wash the trees and fences before the sale of the performance test bulls on March 17.

Frosh Cadets Take Advanced Test

The AFOQT was given March 5, to all freshmen cadets who were interested in qualifying for advanced ROTC. This test was given earlier this school year. Passing the test is the first of several phases through which a cadet must go before he qualifies for advanced ROTC.

After passing the AFOQT the cadets will take a physical examination, which is given by the Air Force to all potential officers. Then the cadets will each meet before a board which will make the final decision as to whether or not the cadet is qualified for advanced ROTC.

In order to qualify, the cadet must successfully pass each of these three phases. The cadets who complete advanced ROTC will be commissioned as officers in the U. S. Air Force upon graduation from a senior college.

Ag Delegation Finds Model United Nations Challenging

FROM OUR PRESIDENT . . .
GREETINGS

Dr. Freeman McKee

To our entire student body may we take this means of welcoming you to the campus of Murray State Agricultural College for this Spring Semester. We are glad that you are here and hope that the program being offered will continue to better prepare you for the years ahead. We hope that our new students are making the adjustment from other environments very rapidly.

Our administration and faculty members are here for the express purpose of aiding students when possible. We invite you to consult with us regarding academic and personal problems.

Each student has a specific responsibility to himself and to society to get the best from his educational program. In order to do this you must be willing to put forth extra effort and spend a maximum of time in the academic phase of your program.

Murray College has long been known for its friendly atmosphere. May you, as its present students continue in this tradition, while contributing something of your own personal characteristics to the college. May you say that when you have completed your program that "It has been good to have been a student at Murray College."

We hope that you will pledge your continued efforts toward influencing others to attend.

I hope to become personally acquainted with each of you during this semester.

Sincerely

FREEMAN MCKEE

President

Grad Is Honored

A 1960 graduate of Murray, James Clark, Wilson, Oklahoma, is the newly elected president of Phi Tau Sigma honorary engineering fraternity. He was also recently elected to "Who's Who". During his studies here at Murray, he was a member of Phi Theta Kappa, Student Senate, and "The Veltones".

India Delegates Stage Walk-Out

Four students represented Murray at the Model U.N. meeting at Oklahoma University, February 16 and 17, in the Student Center. Students sent by Murray were Susan and Harley Linke, Kathie Brooks, and Richard Haney.

Murray was designated to represent two countries, Bolivia and Liberia. Harley and Richard served as the delegation from Bolivia, and Kathie and Sue were delegates from Liberia.

First on the agenda of the Model UN was an orientation period in which the president and secretary-general were introduced and information was passed out. Next, the bloc-meetings were held, with each country in its own bloc. Here the resolutions to be brought up before the general assembly were discussed, and each delegate was informed on how his country voted in the regular UN, if the information was available. The bloc didn't necessarily have to vote together, and only the Soviet bloc did. The bloc meetings were called to adjourn delegates with the procedures, and encourage them to speak up for the country they represented.

In the first general assembly, several delegates spoke for the resolutions, and then they were placed on the "Order of the Day" list. A vote was taken on the order for each resolution to be taken up. Several resolutions were proposed and most were attached to the list. The general assembly Friday lasted from 1:00 p.m. until 5:00 p.m. and was then adjourned until the next day.

Saturday started with the delegates having bloc meetings from 8:45 to 10:00. The second general assembly then commenced, with the president, Ron Petrikan, calling for order.

The resolutions were voted on as to the order they would be debated, with the Cuban resolution being first on the agenda. The Cuban resolution was defeated with a vote of 29 for, 52 against, and 16 abstentions. The delegate from the United States called for a roll call vote on this resolution.

Several amendments which had been proposed to the African resolution, a racial discrimination issue, were then voted on. They failed to pass and the African Resolution was passed as originally written up.

The resolution for the Admission of Red China was brought before the assembly at 1:00 p.m. Thirteen delegates spoke concerning the resolution and it was defeated, lacking a 2/3 majority. Several delegates protested this action, the Syrian and Indian delegations doing so most strongly. The thirteen Indian delegates walked out when the president refused the simple majority proposal.

The guest speaker of the assembly was Newlan, from the United States Department of State in the United Nations. He spoke of the history of the United Nations and following his speech stood for questions from the delegates.

DO STUDENTS ATTEND COLLEGE FOR SOCIAL LIFE OR LEARNING?

Do college students live in a mental vacuum? This question is unanswerable. Only observations can be made.

A large percentage of the adult population of the United States is under the impression that college students think of nothing but social activities.

And yet, college students are more aware of current events than any other group of people in the world. Their ideas are sharpened with the question of different political beliefs and most important, different social cultures. Both of these tend to produce an interested individual. Who is responsible for most political revolutions? The college student.

Does this not seem to indicate an awareness of issues and dissatisfaction with "the way things are?" The question is still unanswered and left for you to decide. Do college students live in a vacuum?—W.B.D.

POWERS — ONE OF AMERICA'S MISTAKES?

Who are Francis Gary Powers and John Glenn? What do they signify to Americans? What do they have in common, or do they have anything in common?

Gary Powers was a spy, and John Glenn is an astronaut. Both had missions to accomplish. One was definitely successful, and the other was not. Both took on a tremendous job for their country, but one let his fellow citizens down.

Espionage Agent Powers is an average American—but he was paid a superman's salary for a job he didn't have the ability to finish. What kind of man could take his own life, even for his country? Many men have, and many more will in the years to come, but Mr. Average American doesn't think about this.

John Glenn is not average. He was chosen and tested, and he did not break. Several times, he was whisked to the launching area, where he lay in the space capsule hour after hour, and his optimism stayed with him. Did he not take risks? Of course he took risks! More than Powers did—outer space is still unknown, compared to flying over Russia. But, he is not average; average men break under the strain.

Even America chooses wrong at times. No nation can be sure of her sons. No human being is predictable. Was Powers one of America's mistakes?—K.E.B.

'Round Campus

Greetings Murrayites, are you having lots of fun, fun, fun, down here on the banks of Texoma?

If you haven't noticed, we now have a dignitary on campus. Steve (Norman) Chevaux has proclaimed himself the Duke, Duke, Duke of Murray. Congratulations, Stevie-baby.

Don't worry girls, Johnny Thompson and his golden guitar have decided not to leave until the semester is over. Then he will sign with Death Valley Records. Go Johnny Go.

Why has Betty Fulton turned into such a graveyard? Could it be the naughty lady of Shady Lane? What about it, Haney, Rudd, and Costen? Congratulations to the new housemother. It seems impossible, but it's a job well done.

Remark of the Day . . . How about a light, Poque? Do you smoke in front of Sis yet?

A correction should be made that appeared in the Aggielite's last issue. Sammy Johnston is not the Ugliest Man on Campus. He is the Most Ugliest Man on Campus. Bar None.

News of the week . . . Paul Patterson and Pat Huston are not going steady. They just like each other.

Murray, the social center of the Southeast, will soon begin spring sports. Wow, those track boys sure can play tennis. So says George Calvert, tennis instructor.

It won't be long until some of the ancient scholars, (namely the sophomores) will be departing for higher pastures. These students have already listed their choices. Ronnie Hale will go back to Maud High-school to bring up that "C" in highschool math. Neal Wall will go back to the Indian reservation, Paula James will follow Wilma and Lutricia wherever they go.

With the coming of spring, Cupid is to shoot his golden arrows. Lutricia, will he ever aim your way?

Until next time, remember! Don't dare forget! It's only 82 more shopping days until Bois d'Arc Beames' birthday.

Three Haskell Lucas boys getting a dash of water thrown on them from the second floor of Bessie Poe Hall. Be careful boys! !!

Gwen Kennedy and Margaret Loke are riding Jack Linn's famous California.

There has been too much noise going on after hours in Bessie Poe Hall. Better be careful girls!

Seems Carol and Sandy had car trouble going to Marietta.

Donald and Peggy Parish

SPOTLIGHT

In the center of the Aggielite Spotlight this week is a married couple from Idabel, Oklahoma. They are Donald and Peggy Parish.

Don and Peggy were married February, 1961. Both plan to attend East Central State College, Ada, after graduation from Murray. After finishing East Central they hope to teach school.

In high school, Don was an outstanding football player. He was a member of the All-State team and was an honorable mention for the All-American team. He was also a member of the "P" Club in Idabel, and was a member of the Murray College football team this year.

At the Gray High School in Idabel, Peggy was placed on the National Honor Society. She was a member of the Student council, pep club, band, F.T.A. and F.H.A. In college she was placed on the Dean's Honor Roll and was elected by her classmates as the girl with the best personality.

As his favorite music, Don lists his as Western type, but Peggy says "Just about any kind." Don likes western movies and Peggy, musicals. Don lists his hobbies as any type of hunting or fishing.

Jukebox Rocks Again

Melodious sounds can once again be heard from outside the Student Center. Yes, we have a jukebox once again.

An amazing fact is that the juke-

box doesn't devour nickels and play only for dimes or quarters. Our new jukebox plays for nickels, dimes, and quarters. It also plays anytime. It doesn't have to be coaxed, shoved, knocked around or anything. It plays on its own.

Let's let it continue this way. While it plays, be good to it, and if it fails to play—leave it alone. The repairman knows more about it than the "do-it-yourself" Murrayites.

 March 19—Sophomore Class Meeting

National Convention Eyed By Kappans

Members of Phi Theta Kappa met February 8 and 26, to make further plans for their anticipated trip to Biloxi, Mississippi. The Phi Theta Kappa National Convention on March 28, 29, 30, is the purpose of the trip.

To raise money for the trip, the club has had a bake sale, a cake walk, and a gun raffle. To further increase the finances, a car wash was planned for February 24, but was postponed due to weather conditions. It was re-scheduled for Saturday, March 3. Also, plans were discussed for a chili supper and an ice cream supper.

The initiation of the new members was also discussed. Their first meeting with the present club and its members will be March 5. Then on the night of March 12 they will be formally initiated. Another initiation will follow the formal one and will be conducted at a later date in the auditorium.

Need A Summer Job?—Try This!

Want a job for the summer? The library has just received the 1962 edition of the Summer Employment Directory, listing a variety of jobs at summer camps, in industry, amusement parks, ranches, resorts, restaurants, summer theatres, national and state parks, business and government.

States are listed in alphabetical order, from Alabama and Alaska to Wyoming.

Who knows, you might find a future career, future mate or just a summer of fun, sun and work lurking in its pages.

WORTH THE TRIP!

Tuesday, February 20, the Aggies traveled to Connors to defeat them 71-61.

MURPHY'S APPLIANCES

Thesians To Enter Tourney March 8 & 9

Eight Murray drama students will journey to Oklahoma University March 9, for a Junior College speech tournament, Friday and Saturday.

Mr. John Fletcher, Drama Club sponsor, will enter a one-act play, "The Importance of Being Earnest". The characters include Algernon Moneriff played by Allen Campbell; Lane, the Butler by Don Pogue; Earnest Worthing, by Kenneth Wineinger; Lady Bracknell by Betty Green, and Gwendolen Fairfax, by Wilma McCurry.

Mr. Fletcher will also enter Allen Campbell and Wayne Hunter, in the men's dramatic readings.

Sylvia Askew will represent Murray in the women's division.

Lutricia Williams is entered in humorous readings. Hunter, Campbell, Green, and Wineinger are also entered in duet acting.

Kay Cope is scheduled with the hostesses.

Mrs. Dietrich Makes Dorm Life "Homey"

Mrs. Wynema Dietrich, Patton Hall dorm mother from Holdenville, is spending her last week as housemother for the nineteen residents of this dorm. March 3 is Mrs. Dietrich's last day here. After leaving she plans to go to Hot Springs, Arkansas for a brief vacation.

During the six months Mrs. Dietrich has been here she has held many evening parties for the girls. At these parties such things as sardines and crackers, cookies, candy, onions, pickles etc. were served and appreciated by every young person present, especially those who had rushed at breakfast speed down the stairs late for a coke and candy bar, only to find Mrs. Miller pulling the door shut regardless of the cries on the outside. Many afternoons, upon going past the dorm mother's room, one can hear Mrs. Dietrich working industriously to prepare "some little something" for the girls and their male guests.

Also, during her stay here, she constructed a story based around the personalities of most of the girls in Patton Hall. When her story was read, many of the girls involved were surprised to view themselves as seen by Mrs. Dietrich.

If a visitor had come to Patton Hall unexpectedly last semester, he might have thought Patton Hall was a boys' dormitory after noting the number of boys there. Some were watching T.V., some were studying, and others were indulged in a serious game of "Crazy Eight." Mrs. Dietrich was always on hand to chaperone.

On Monday nights it's harder to find a vacant seat than on other nights due to the large audience assembled to watch and admire "Dr. Ben Casey". Wednesday nights often run a close race with Monday nights, though, because of "Hawaiian Eye". However, no matter what the night, Mrs. Dietrich is always ready to admit guests.

Mrs. Mary Broadbuss, Holdenville, will replace Mrs. Dietrich as housemother for Patton Hall.

ONLY ONE THING MISSING!
 It has been announced that the Murray College Rodeo Club is planning a rodeo for April. To this date the members have been unable to contact individuals who will furnish rodeo animals.

APPLIED LEARNING: Don Pogue is about to impress Steve Chevreaux with the importance of becoming an "M" Club member. A whole new crop of lettermen are scheduled to go through the dignified (?) initiation ceremonies of the club.

M-Club Schedules Initiation March 5

The fun and frolic of the second annual "M" Club initiation will begin Monday, March 5, announced Neal Wall, club president.

Harassment will begin early Monday morning and will continue through Thursday. The formal initiation procedures will take place in the gym Thursday night.

Two groups of new Lettermen, the Studs and Babies, will begin the four-day ordeal with dress suits on Monday; Bermuda shorts Tuesday; inside out blue jeans Wednesday; and flannel underwear Thursday.

Each day during the noon hour the pledges will partake in various games and contests ending Thursday at noon with a formal luncheon on the campus lawn. Friday night, March 9, the new Lettermen will be guests of the old Lettermen at a Dance at the Elks Lodge.

The noon hour agenda for Monday will be group singing on the steps of Haskell Lucas; Tuesday's events will consist of a leap frog race around the campus block; with a talent show for Wednesday and the luncheon for Thursday.

Pledges must carry paddles at all times, and must address members as Mr. and Sir. The initiates will also be required to have their paddle signed by all present members.

Football pledges are: Jerry McGill, Marietta; Darrell Martin, Velma Alma; David Skidmore, Hobbs, New Mexico; Steve Chevreaux, Stroud; Larry Holder, Colbert; Arthur Guess, Oklahoma City; Dwaine Wood, Tishomingo; Ardell Murphy, Fort Worth, Texas; Donald Parish, Idabel; Bennie Cash, Ardmore; Robert Musgroves, Ardmore; and Eddie Hatch, Healdton.

Basketball Lettermen include: Garland Parks, Oklahoma City; Don Henry, Tyler, Texas; and Russell Bradley, Mannsville.

Old members governing the initiation are Phillip Edgmon, Andarko; Neal Wall, Andarko; Ronnie Whitley, Duncan; Don Pogue, Lindsay; John Thompson, Okmulgee; Wayne Hunter, Wewoka; Bob Carpenter, Lindsay; Hugh Pool, Savanna; Bob Pickens, Woodland; L. G. Williams, Woodland; Tom Bowens, Sherman, Texas; Delmar Forbes, Gene Autry; and Freddie Jones, Tyler, Texas.

Club sponsors are Benton Ladd and Elmer Massey.

There were fewer traffic accidents on Wednesday in Oklahoma last year than on any other day of the week.

Aggies Score 106 To Northeast's 60

The Murray Aggies were red hot here Friday, February 23, hitting 70% of their shots to cool Northeastern, 106-60.

The Aggies jumped into a 31-31 halftime lead, and ripped through 55 points in the final half to saw up the game.

Don Henry again held the top position in the scoring of the Aggies, with 21 points. Five other Murray Aggies scored in the double figures: Delmar Forbes pumped in 19 points; L. G. Williams 13; Lloyd Hughes, 12; and Bob Pickens and Garland Parks each had 10 points.

Northeastern was led by Stokard with 19 points, while Cooper came up with 16.

Bulls Cross Scales For Final Weighing

The 143 bulls on performance test at Murray College were weighed Wednesday and Thursday for the final time before the sale, which is to be held March 17.

The bulls, which are generally weighed only one time each 28 days, were weighed twice in two consecutive days. These two weights will be averaged in order to obtain a more accurate weight for the sale.

The bulls which consist of several different varieties, will be sold to the highest bidder.

Tennis Class Sees Film on Technique

Mr. George Calvert's tennis classes are progressing to the point of the beginners playing doubles now.

Tuesday, February 20, a film was shown to the class on the Fundamentals of Tennis.

Students participating in the optional tennis class are the following students: Lynda Roberts, Sis Dandy, Dixie Thompson, Pat Huston, Kathie Brooks, Emma Childs, Sue McKown, Arleigh Wallis, Eddie Hatch, Wayne Hunter, Paul Patterson, and Freddie Paz.

Reporter Queries Math Instructor

I was walking aimlessly down the first floor hall of the Administration building one morning when whom should I meet but your friend and mine, Mr. Gerald Alloway. Well, I stopped to chat awhile as I was long on time and short on news, and I just happened to think that perhaps Mr. Alloway could give me a few leads.

Well, he led me into his office, and we discussed such things as pictures for the Aggellite, which he takes for the paper. Then I asked him if he had any news to give out from his classes. Mr. Alloway shook his head at first and then said, "Well, I had a couple of A's in Differential Equations, and one in Physics. They all made hundreds on the last test." Now if that isn't "News", I don't know what would be. Mr. Alloway declined to tell any names, but whoever you are, Congratulations!

Model UN—

(Continued from Page 1)
Election of the 1963 officials of the Model United Nations was next on the agenda. Guy Barton was elected president. During the general assembly, he was a delegate of the United Kingdom.

With only a few minutes left before final adjournment, the Algerian resolution was tabled and the assembly adjourned.

Editors note: I attended O.U.'s Model U.N., and I found it to be one of the most enlightening experiences I have ever known. It gave me a general view of how the United Nations is set up and run. I was impressed with the objectivity most delegates showed in representing a country whose beliefs contradicted their own.

Government Course Offered on T. V.

A two hour college course is being offered this semester in American government on NBC television. Entitled "The Structure and Functions of American Government."

The course consists of 80 half-hour sessions from Monday through Friday at 6:30 p. m. Eastern Time (5:30 Central Standard Time).

Textbooks are available and many colleges offer credit. The sessions are carried by more than 170 NBC stations.

For more information check the bulletin board in the library.

Behind Scene—

(Continued from Page 1)

time, with Ross forming one long roll of dough and slicing it with a cinnamon roll slicer. The rolls are then baked and ready for 250 starving students. We were fortunate enough to be there when the rolls came out and were given generous samples.

Foy McGlocklin, Tishomingo, showed us the huge pots used for vegetable cooking. We also saw Foy cutting the chickens up for the evening meal.

The lunch hour consists of two main "runs": one at 11:30 when the door is opened, and the other a noon when the lunch classes are adjourned. Carol Collins, Cookman; Everett Cranford, Waiter; and Ronnie Baugh, Daguerre; help up front. Carol serves the drinks, and Everett and Ronnie scrape

the "bustle and bustle" of the cafeteria really gets worse at 5:03 p. m. when the student employees report for work for the dinner hour. Long before the opening time of 5:30, the "chow line" is jammed. The "dog pile" is jammed against the door when Foy is first guided. After opening the door, Foy makes his run for safety to keep from being trampled, and the hungry herd stampedes in. Gerald, Ma Coker, and Garnett grocer, the first rushes with already filled steaming plates.

Behind the scene in the kitchen, the students await their first tasks. The returned dishes first are washed by Johnny Hoskins, Midwest City, and Charles Roberts, Ring City. From there the dishes go to David Bland, Prague, and Tom Lucknabill, Ardmore, who feed them into the rinsers. (Ed's note: Those dishes really travel.) Earl Sullivan, Marietta, washes the trays and keeps the tray rack in the dining room filled. The "clean title" pots and pans are washed and steamed by Buddy Simpson, Ringling. The students all work in unison, and to an outside observer it looks like chaos. But upon closer observation, one finds that everything is done in an efficient, efficient way. There seemed to be no time or place for loafers amidst the industrious workers.

As you go through the line, you note Larry Mayton Wilson and Darrell Smithers, Ardmore, helping to dish up the food. Farther down the line you meet Carol Collins filling the drinks. Then the students turn the dining room into mass confusion.

After the conclusion of the rush, Barbara Scarberry, Tishomingo, and Charles Gill, Ardmore, sweep the dining room and the kitchen preparing things for the next day's activity.

On our afternoon heat, we saw Jerry Marsh, Soper, mopping the main dining room, getting things ready for the 5:30 rush.

This is the story of the preparation and effort that is behind the meals served in the cafeteria. As you can readily see, there is a big difference between planning and preparing a meal for 250 students and a small family meal. The cafeteria staff does its best to please the majority.

The five most frequent violations causing traffic accidents in Oklahoma last year were: speed too fast for conditions, improper turns, failure to yield right of way, driving left of center and drunken driving in that order.

ROVING REPORTER

Eggheads Only at College

After listening to conversations from political candidates, educators and general citizens, the Roving Reporter has chosen for his topic.

"Should the grade point requirements for college entrance be raised? Many large state universities are already restricting their enrollments."

There has been a great deal of publicity on this subject. Some say that all American citizens should be allowed to attend college, even though they do not have a high grade point.

Others maintain that because of our greatly expanding population, universities which have no grade point restrictions for admission will have to be lowered.

Some educators believe that raising the requirements will eliminate many students who attend college just to put off the day they will have to "face the world."

Here are the question and comments of Murray Aggies: "Do you think the tax supported state universities should restrict enrollment to students with a higher grade average?"

Yes! Why spend tax money on students who do not desire to learn? I believe that everyone could have a high grade average if the desire was present. —Everett Bedford.

Yes, because there are students who go for fun and not to learn. If a student has a desire to learn he will have a higher average. However, this does not always show until he has had a taste of college life, especially if he or she is just out of high school and uncertain about what he wants to do. —Janelle Hale.

To raise the standards higher on our Senior Colleges would completely undermine our way of life. We don't want our nation to start overshipping knowledge and force people with lower IQ's out of our colleges. All people should have a chance of improving themselves, not just the big money boys and geniuses. —Neal Freeman.

No, I think that if the standards were raised it would be a mistake. Average people would not be as likely to get a college education and that would be tearing down the standard of the country and would lead to more of a split in social levels. —Tom Kerr.

I think everyone should have a chance for higher learning and not just a privileged few, who have more money than they do brains. —Charlie Vestal.

I think that all men are created equal and that everyone that wants to go to school should be given a chance. I don't think that everybody is smart as some of the geniuses. I don't think the grade average

To Talk To Seniors

A campaign for students for Murray College on Public Education has recently been started, according to Dr. Ora Roades, Dean of College.

The program is to include talking to the senior classes of about thirty schools about the subjects which follow: values of college education; how should go to college; selecting a college; and the values of Murray.

Some schools do not allow representatives from colleges to speak to all of the seniors. However, the representative may speak to the students who have indicated interest in the school they represent.

should be raised because this would knock out a lot of people.—Don Duke

I believe that to enter a four year college one should at least have a two point average and they should have at least a 1.8 to be let in on probation for one semester.—Frankie Hartsfield

I don't believe that the grade average should be raised, because a lot of freshmen have had grades, and when they get in the higher grades a lot of them come up with higher averages. By raising the grade average, you would keep these people from staying in college.—Richard Hancy

I don't think the state universities should restrict those students that have a low grade average. For this reason, if the other junior colleges are losing students as Murray has lost them, where are the students going to go? —Harvard or Yale ???—Durrell Smithers

No, because it might ruin somebody's lifetime career and I don't think it's important enough to keep them out of school, especially if they have average grades.—Barclay Martin

No, I don't believe they should, because what would they do? They have the same right to go to school and try to learn how to do something and make money. Just because they are dumb is no reason to keep them from getting in school, I want to go.—Ronnie Parker

If a person goes to a larger school to acquire his diploma, in his major, he should have a "C" average. —David Greer

Yes, because the majority of students who attend a state university will have a high grade average. This will cause the student who has a low grade average to have to compete with them for grades. In doing so the student with low grades will be more likely to fail his courses than if he was competing with students who had low averages.—Bernie Dean Conway

If a person is denied to continue his education one of the privileges of living in America is being taken away, but on the other hand I don't think it's right for the tax money to be wasted on people who have no desire to learn.—W. B. Daugherty, Jr.

No, that would leave me out!—Meredith Martin

Play Dates Set By Drama Club

Mr. John Fletcher has announced Drama Club plans for the semester.

April 6th, in assembly, Murray Thespians will perform a cutting from "The Importance of Being Earnest".

The night of May 10, "Submerged," a one-act play with an all male cast, and "Joint Castles in Spain," a one act play with all women, will be performed. Also from a cutting from a three act play "J.B.," which will consist of a mixed cast, will be given.

Mr. Fletcher's dramatists failed to place at the O.U. State Contest, but did receive Superior in several dramatic readings.

New Dorm Mother At Patton Hall

Mrs. Mary Broadbuss, Holdenville, became Patton Hall's new housemother on March 3. This is her first experience with this type of work, but she stated that she liked it very much.

She has previously been a student at the Kilgore Junior College, Kilgore, Texas, and the Leffer School of Color, Springfield, Missouri. After completion of the art course at the school of color, she spent four years as a commercial color artist. Now she considers coloring a favorite pastime.

Drs. McKee, Roades To Attend NCA Meet

Dr. Freeman McKee, president of the college, and Dr. Ora Roades, dean of college, plan to attend the annual meeting of the North Central Association of Colleges and Secondary Schools. The meeting is to be in Chicago, the week of March 26-30.

The meeting will consist of several general sessions, where Dr. McKee and Dr. Roades will hear several outstanding speakers in the field of education. There will also be workshops, with each delegate going to those of his own interest. Dr. McKee and Dr. Roades plan to attend the sessions on junior colleges.

Reid Will Attend Tulsa Arts Festival

Mr. Jack Reid, head of the Music Department, has announced his plans to attend one performance of the Tulsa Arts Festival. The festival is being held to draw attention to our state as a more cultural state. The date of the festival is March 15 to March 31. Mr. Reid is the representative on the regional committee of the festival.

'Bobo', Magician, To Be Presented

A nationally known magician, who calls himself "Bobo", will entertain Murray students and their guests in a special assembly Wednesday, March 21.

Bobo is from Texarkana, Texas, and has fame as a writer and entertainer in the field of magic.

The assembly, sponsored by the student senate, will take place in the school auditorium at 10:15 a.m.

GETTING 102 BULLS to look their best for prospective buyers at the sale here Saturday was a big task for Buddy Parks and Gene Needham.

Bulls Gross Near \$60,000 In Sale Here

A total of \$57,820.00 was bid March 17, for 101 bulls sold in the annual Murray College bull sale. Top price for a bull was paid by a Chicago concern, with \$1800.00 for a Hereford consigned by Dr. G. T. Easley, Sulphur.

The top gaining bull, a Charbray consigned by Banks and Goodley, of Idabel, Okla., and Clark's, Tex., brought \$1500.00. 34 Angus bulls brought the highest average of \$821.00; 42 Herefords averaged \$551.00, and 19 Polled Herefords averaged \$471.00. Overall average for the sale was \$572.00 a head.

54 buyers from nine states were present.

The American Breeders Service, Chicago, bid \$1800.00 for the top selling Hereford. They also bought the top selling Angus, consigned by Lebert Smith, Overland Park, Kan., at \$1200.00; and the top selling Polled Hereford, consigned by W. F. Bowman, Houston, Tex., at \$1000.00.

Buyers of the top gaining bull, a Charbray, were E. P. and J. T. Montgomery, Brazos, Okla., at a price of \$1500.00.

Buyers came from Texas, Arkansas, Mississippi, Tennessee, Louisiana, Kansas, Illinois, Missouri, and various parts of Oklahoma.

'Warners, Inc., Try Out for 'Rat' Roles

Attention, all students! We now have two acting companies on campus. Mr. John Fletcher's drama class is now divided into Warner Sisters, Incorporated, and the Boys Warner Brothers, Incorporated.

During class period Tuesday, March 6, the names of the companies were chosen, and also the officers. Officers for the Warner Sisters are Wilma McCurry, president, and Sis Dandy, secretary. Phil Edgmon is president for the Boys Warner Brothers, and Wayne Hunter is secretary.

Each student of the class plans to audition for roles in the play, "Brother Rat", which is to be presented April 26-27. Mr. Fletcher handed out copies of the play book to be used jointly by every two students.

BULL BATHS AND HAIR CUTS QUITE A CHORE

Buddy Parks and Gene Needham, employees of the college agriculture program, gave a sigh of relief last week after completing a week and a half of giving over a hundred baths and hair-cuts.

It may sound odd that it would take this much time to complete a project of such small nature, but these baths and hair-cuts were being given to the bulls on performance test at Murray College. The bulls range from 800 to 1200 pounds. Cold March winds did not add to the enjoyment of the process by either the bulls or the bathers.

The purpose of this grooming project was to prepare the bulls for the sale which was held last Saturday.

Ed. Note: Watch the Aggie-lite for a feature story on the entire test program, from the time the bulls were received from the breeders until Saturday's sale.

Scholastic Honor Group Initiates a Fine New Crop

Livestock Dinner Is Held March 16

Faculty members, their husbands and wives were guests at the annual Clive Murray bull dinner in the college cafeteria Friday, March 16. The dinner, sponsored by the Livestock Breeders Association, has become a traditional event before the sale of bulls ending the performance test at Murray College.

Guests were introduced by Dr. Freeman McKee, president of Murray College. Principal speaker was Dr. Al Darlow, dean of agriculture at Oklahoma State University.

Awards were presented to approximately forty owners of bulls which gained three pounds a day during the test. These awards, or three pounds-a-day certificates, were presented by Mr. Jack Ryan, Johnston County Agent.

The Aggie Club made two awards. A plaque was presented to the owner with the highest gaining pen of bulls on the test. A trophy was also awarded to the individual breeder with the highest gaining bull on the test. Jack Linn, president of the Aggie Club, made these awards.

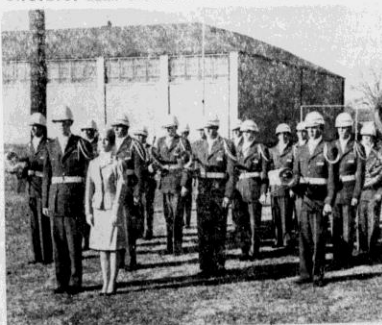

Menu for the dinner was roast beef, baked potatoes, green beans, combination salad, and cherry pie.

Frances White Has Appendix Attack

Frances White, freshman from Turner, is back in school after being hospitalized with an attack of appendicitis. She spent two nights at the Johnston County Hospital.

A total of 38,000 persons died as the result of traffic accidents in the United States last year.

R.O.T.C. Has Review Retreat March 19

A pass-in review and retreat were conducted Monday, March 19, by R.O.T.C. cadets. Part of Mr. Elmer Massey's girls' drill team took part. The pass-in-review was held at 3:00 p. m. and at 3:25 the R.O.T.C. Corps had retreat on the campus lawn, primarily to lower the flag. The purpose of this activity was to teach students respect

for the colors.

Mr. Jack Reid and the band provided music for the event and Mr. Gerald Alloway took pictures.

Major Carter asked that students and faculty who could be there, attend. Colonel Harold Winburn took the review and Dr. Ora Roades was senior administrator.

Kappans Pledge 13 Members March 12

The pledging ceremonies of the new members of Phi Theta Kappa were conducted Monday, March 12, at 7:00 P. M. in the ballroom of the student center. To be eligible for membership the students must maintain a "B" average, carry at least 15 hours, be in the top 10 percent of their class, and have no disciplinary record behind them.

The pledges were led into the ballroom by James Gist, Mill Creek, vice president of the club, and repeated the pledge after the president, Ronnie Hale. Next, each member was asked to sign the pledge and was given a blue and gold ribbon.

Refreshments were served after the ceremonies were completed. President Ronnie Hale informed the pledges of the addition to the initiation of new members. This informal initiation lasted over a period of a week during which the pledges must obey rules set by the club.

During the designated Phi Theta Kappa initiation week such things as pledge ribbons, heels, "yes sss" and "yes madamams," could be seen and heard around campus. Phi Theta Kappa pledges were required to wear their ribbons to all classes, among many other "have to's".

The initiation week began after pledging ceremonies with the pledges singing "Mary Had a Little Lamb" in the student union, and continuing their caroling all around the campus to all open buildings. Most of the students received the dignified honor of solving in front of their classmates. We must report that all received a hearty applause.

For the rest of the week, the girls trotted to classes in heels. The boys were required to "just not wear levis."

The students also performed various tasks for the members of the club whenever it didn't interfere with classwork.

Those new members being initiated are: Shirley Green, Davis; Kay Vaughn, Anadarko; Dixie Thompson, Lone Grove; Meredith Martin, Ardmore; Bernie Dean Conway, Gene Autry; Neal Freeman, Ardmore; Billy Gene Murphy, Broken Bow; Mike Medaris, Midwest City; Donald Green, Madrid; Jimmy Kibby, Holdenville; Everett Bedford, Overbrook; Wadell Altom, Ada; Gary Majors, Holdenville.

Tribesman to Go On Sale in May

Good news students! The final copy of your annual has been sent to the Publisher.

Mr. John Fletcher, sponsor of the annual staff, reports that the final copy was sent off February 23, to the Taylor Publishing Company in Dallas. It was approved on March 6, when printing action began.

The finished annual, all 104 pages of it, should be back for purchasing around May 11.

TWO MORE YEARS NEEDED?

In an article appearing in the Ada Evening News, concerning the 17th National Conference on Higher Education, Oliver J. Caldwell of the U. S. Office of Education suggested that the traditional 12 years of free public education should be extended to 14 years.

For some students, he said, the last two years would consist of semiprofessional or vocational education. For others it would be the start of advanced academic training.

In a prepared address to the Conference, Caldwell also proposed a new and more rigorous college program.

Four year liberal arts colleges should be established, he said, which would start about where the present junior year of college work begins.

Graduate work and professional education thus would be based on 18 years of formal education instead of the present 16, Caldwell said.

He said the present 12-year program of elementary and secondary education is not strong enough for an era in which the body of man's knowledge doubles every 15 years.

Mr. Caldwell's suggestion of 14 years free public education could be the answer to the much discussed issue of what to do about the students who are in the lower grade group. Instead of giving them advanced academic training, we could provide them with semiprofessional or vocational education. —GM

ARE AMERICANS TURNING SOFT?

Are American citizens actually turning soft? This question has caused vital concern in all parts of the globe. Americans must be turning soft because of some of the actions they have taken in the past ten years.

One of their actions that has drawn much concern is the fact that a number of American soldiers chose to live under dictatorship instead of returning to free America after the Korean conflict ended. Another one that has occurred recently is the incident concerning Gary Francis Powers. Why didn't he take his life like the other spies had done?

What has caused this to happen? Why don't Americans appreciate "the land of the free"? Many say that the armed forces aren't as "rough" as they were during World Wars I and II.

From all evidence I actually think Americans are turning soft. Let's check this before it's too late.—W.B.D.

WHAT IS A TEACHER'S ROLE?

In American school systems today, we have teachers, just as we have always had teachers. Yet the average student always asks himself, "What is a teacher's role?" Is his purpose to instruct the student or to rule over him as a superior? We must realize that a teacher is superior. He has completed the training that we are only beginning. But, does he use his superiority on a ruling basis or on an instructing basis?

One purpose of a teacher is to instill in the student a basic knowledge of the subject he teaches. The teacher is also supposed to help the student make his own decisions and formulate his own opinions, not make the decisions for the student and instill in him his opinions. The student cannot decide on an issue that has already been decided.

The teacher's job is important. He, as much as parents, helps mold the student.

For every inadequate teacher, there are many dedicated ones, trying to guide the student into a successful path.—K.E.B.

Here & There 'Round Campus

Hi Kids! Don't panic and get upset, it's only 10 more lovely weeks until Murray Summer School.

Ha's off to Windy Winchester, who has finally gained fame and fortune as a Murray Track Star.

Shirley Green, Murray's answer to Greta Garbo, was seen recently with her ex-fiance, Robert Louis Carpenter. Lots of luck kids, hope you can make amends. You look so well together.

Paul Patterson and Pat Huston have been voted the Couple of the Week, Month, Year, and Decade. What a combination.

Bill McNeil was standing sideways in R.O.T.C. drill and was of course counted absent.

Welcome back to Neal Wall. John Pettigrew cried every night Neal was away.

Cool Dixie Thompson is earning extra money by giving twist lessons. Dixie has turned out such twisters as Johnny Thompson, Don Pogue, Don Rigby, and the toughest of all, Alfred Austin.

Jerry McGill will leave for Hollywood this summer. He will be starring in a new western TV series called "Tallboy."

Who were the traveling troubadours heard singing to Wilma, Lucia and Paula last Tuesday night? Seems the girls enjoyed their serenade.

Kay Vaughan seems to have taken her Phi Theta Kappa initiation a little seriously.

Noted in the auditioning for the 3-act play—Sylvia didn't seem to enjoy reading the role of Jenny. Hey, kid! Little parts make the play! someone has to play them. Wilma, who were you challenging to a fight in drama class last week? You really sounded vicious!

Sometimes, one might think think of Patten Hall as a mixed dorm? Anyway, the stairs are awful popular with the boys.

Charley (Hoss) Rogers is being questioned for the brutal beatings of babies, such as: Larry Holder and Steve (Norman) Chevreaux.

A certain person has asked to have his name mentioned in this column, so he won't be left out completely. Hi! Phil Edgemon.

Until we meet again, remember. If the skeeters don't get you down at Murry, the gators will.

Former Aggie to Be Married Man

John Ervin Boydston, Pittsboro, has announced his plans to be married. He was an Arts and Science major who graduated from Murray in 1953. While attending here he was a member of Phi Theta Kappa and the Aggie-lite. After graduation from Murray he went to Oklahoma State University.

SPOTLIGHT

Meredith Martin

Delmar Forbes

First on this week's Spotlight is radio. His pet peeve is ROTC drill. Meredith Martin. Meredith is a He plans to continue his education freshman from Ardmore, and is at Central State College after graduating in general education.

In high school she was secretary of the National Honor Society, assistant pianist for chorus, a member of the band for seven years and also a member of the Girl's Trio. She was also class valedictorian and was secretary of the student council. Here at Murray, she is a member of the music club and a member of the Girl's Trio and Girl's Quartet. She was also listed on the Dean's Honor Roll for the past semester.

Meredith lists her favorites as follows: color, blue; food, just good food; singer, Nat King Cole; song, "Aware of Love"; and she lists her favorite pastime as playing the piano. Her pet peeve is studying. She plans to continue her education at Central State College, Edmond.

Next on this week's spotlight is Delmar Forbes. Delmar is a sophomore from Gene Autry. He is an Arts & Science major.

In high school he played basketball four years and baseball two years. He was captain of his high school basketball team for two years. Here at Murray, he is a member of the "M" Club and was co-captain of this year's basketball team. He has played basketball both years here at Murray.

Delmar list his favorites as follows: color, blue; food, steak; song, "Your Precious Love"; singer, Jerry Butler, and he lists his favorite pastime as listening to

The cost of traffic accidents in the United States amounted to six billion eight hundred million dollars, in 1961.

At the end of 1961, there was a total of seventy six million registered motor vehicles in the United States.

Sports Scope

Greetings Sports Fans, and you, too, Elmer (Casey) Massey. Coach Massey, now instructing the finer arts, baseball, got a little mixed up and had the infielder blocking and tackling.

This should be a good year for sports, with Frank Budd running a 9.2 hundred, John Uells vauling 16 plus and Murray's own Larry Holder running the 60 yards dash in 12 seconds. Congratulations, Larry.

Campus females are also taking quite an interest in spring sports. Lynda Roberts, Dixie Thompson, and Sis Dandy are keeping trim by chasing tennis balls all over the campus. Guess they haven't learned yet that they're supposed to hit it back to one another. Oh well.

Football coach, Benton Ladd will be around and about Oklahoma and Texas this spring recruiting animals; oops, I mean athletes for next year's football season. Better start working out Darrell.

Remember to watch for those inside fast breaking curves. Bye for now people.

MURRAY BASEBALL SCHEDULE

March 29—Connors (2 games 1:00) Warner.
April 5—Paris (1 game 2:00) Paris.
April 10—Northern (2 games 1:00) Here.
April 17—Eastern (2 games 1:00) Wiburton.
April 20—Bacone (2 games 1:30) Muskogee.
April 23—Paris (1 game 2:00) Here.
April 27—Northeastern (2 games 1:00) Miami.
May 4—Oklahoma Military Academy (2 games at 1:00) Here.
May 10, 11, 12—Baseball Tournament Northern.

CAMERON POPS REGION TITLE

Cameron's 6'8" Jim Barnes poured in 31 points Saturday night to lead Cameron to a 84-77 win over Eastern, for the Region 2 National Junior College Athletic Association Championship.
Cameron led all the way, but had only a 48-47 halftime lead. Willie Murrell hit 27 points, while his teammate Luther Pegues got 19.
Cameron will journey to Hutchinson, Kansas, for the National Tournament March 21.

Athletic Dept. Offers Year-Round Sports, Physical Fitness Program

Due to the increasing emphasis on physical fitness, the athletic departments are fast becoming one of the more important parts of school life. Murray's athletic program is well-rounded for a junior college.

Many sports and activity periods are offered. These include girls' activity class, drill team, boys' activity class, and the school sponsored teams. Intramural play is also encouraged by the coaches. One instructor offers optional tennis classes to be taken without credit.

Aggies 10, 20 and 30 Years Ago Had Same Problems

Looking back through old issues of the Murray Aggilette, we have found a few articles that might be of interest to the "modern day" Aggilette reader.

Ten years ago: (March 25, 1952) A minor epidemic of sore throats broke out last week. The epidemic, which attacked about twenty students, was blamed on the dry weather and dust storms.

L. D. Mahoney, a former Aggie basketball star, who has been high scorer for the Southeastern Savages during the last two years, was the choice for the All-Conference forward in the state's senior circuit.

Connors Aggies basketball team, undefeated bosses of our own conference, seized the inside lane on the national title derby at Hutchinson, Kansas, last Tuesday by downing the favored Wingate JC's, 57-40.

Twenty years ago: (March 24, 1942)

Billy Hawkins, a freshman, carried the Aggie torch to victory last Saturday by taking first place in the pole vault in junior college division of the Fort Worth Fat Stock Show track meet.

An M Club play netted \$23.05 to be used for Aggies' jackets.

Mr. Park's biology class left the lab in a hurry when they saw two human skulls and a couple of thigh bones lying on the table. They said they weren't going back until Prof. Park got them out of there, and maybe not then.

Thirty Years ago: (March 15, 1932)

Every member of the "Murray For President Club" attended the celebration held in honor of Governor William H. Murray at Collinsville, Texas.

With twenty men reporting daily, prospects for track are at present developing into what should be the best team in the state.

George Wells, Federal Inspector of Indians, made a visit of inspection.

The girls' activity class is required of each girl for two semesters unless she is physically handicapped. The class is organized to encourage the participation of every individual, changing activities often enough to keep the students from losing interest.

The girls' drill team is something new for Murray this year. It is a sister organization to the boys' R.O.T.C. drill team. Mr. Elmer Massey, organizer of the class, plans on having the girls in uniform sometime in April. Then they will perform in various high schools. Several R.O.T.C. boys instruct the class under the supervision of Mr. Massey.

Another phase of the athletic program is the boys' activity class. The boys participate in either the chosen sport of the day, or whatever the instructor has in mind.

Murray's athletic program begins in the late summer, some time before school starts. Coaches Benton Ladd and Elmer Massey begin the tedious task of preparing the boys for football season.

A long time before the close of the football season, Coach Massey has his basketball players in the gym for at least two hours practice every afternoon. Then immediately following the last gridiron maneuver, basketball takes the spotlight to carry the sports curriculum through the rest of the winter months.

With the coming of spring the baseball players and the track boys begin dragging out the old equipment. Once more the close of a season has brought forth another sport.

Intramural sports have attracted wide interest on Murray's campus this year. The teams, each with a faculty sponsor, were organized through the student senate with the guidance of the coaches.

Mr. George Calvert, although not a member of the coaching staff, gives instructions on tennis for those students interested. This class is new on the sports agenda for Murray, and to date has many participants.

These required activities and optional sports are organized to benefit the student in both skill and sportsmanship. Like many schools, Murray is trying to contribute to the physical fitness program of the President.

Don of Murray last week. The purpose of the inspection was to see how the Indian students are being treated.

CAMERON RANKS AMONG TOP TEN

Cameron was named to the top ten in the National Junior College Athletic Association ranking, with 21 wins and 3 losses. Eastern A&M was listed in the second ten. Jim Barnes, the high scorer of the Cameron Aggies, was placed sixth in scoring with a 28.1 average.

In team defense, Eastern holds fifth place by limiting their opponents to 58.6 points per game. Cameron is in ninth place with 59.2.

Don Henry Leads Ag Point Average

Don Henry, forward, has the highest average of the Murray Aggies for this season. Delmar Forbes is in second position.

Players	Total Points	Average
Don Henry	375	17.04
Delmar Forbes	263	11.95
Bob Pickens	192	8.72
L. G. Williams	173	7.86
Ronnie Whatley	111	5.04

'Thinclads' Enter Relays at Denton

Murray Thinclads have opened the season by competing in the North Texas State Relays at Denton, Texas.

Benton Ladd, Track Coach, took a ten-man squad to the meet. They were entered in events as follows: 440 yd. relay—Ardell Murphy, Fort Worth; Dwaine Wood, Tishomingo; Robert Musgrove, Ardmore; Clyde Womack, Velma.

Spirit medley—Musgrove, Murphy, Wood; Charles Walker, Weoka.

Mile relay—Musgrove; Neal Wall, Anadarko; Larry Winchester, Maysville; Jerry McGill, Marietta. 100 yd. dash—Murphy, Wood.

440 yd. dash—Winchester. Shotput—Alfred Austian, Moore. Javelin—Fred Paz, Alamogordo, New Mex.

Broad jump—Neal Wall. Murray's next outing will be April 7, in a dual meet with Eastern A. and M. at Murray.

Hick Girls Invade Union—Boy's Dorn

If any of you were in the student center Tuesday night, February 27, at approximately 8:00 p. m., you will recall the feeling you experienced when a group of "hicky-looking" girls strolled nonchalantly through the door giggling and talking at the top of their lungs. There were only five of them but that was enough. One of them seemed a little reluctant to enter, but after her girl friends applied a little persuasion, she went in. They each ordered a drink and sat down to chat for a while with some of the boys. However, the one girl still seemed to be uncomfortable so they got up and left, but they weren't discouraged yet; a few minutes later they were seen in the lounge of the boys' dorm. There's been a rumor going a-

Decatur Surge Puts Ags Out of Running In Juco Tournament

Murray led Decatur from the start, at the JUCO Tournament at Lawton, March 1, and three times built up a margin of eight points. Decatur didn't catch up until the clock showed 8:46 left in the second half.

It was a see-saw battle for the next six minutes. Decatur then scored seven straight points, on free throws, to gain an 81-73 advantage with about one minute left to play. Murray added one point, and Decatur made two for the final score 83-74.

Decatur hit 45 per cent of its field shots (27 of 59), while Murray sank only (28 of 77), for 36 per cent. The Aggies played a good ball game on defense as well as offense. Bob Pickens was the high scorer of the Aggies with 15 points, followed by Don Henry and Delmar Forbes with 13 points. The high scorer for Decatur was Hayes with 21 points, while his teammate Clark had 16.

round that the girls were none other than our own. Surprisingly enough, upon closer observation it was discovered that four of the girls, who were supposedly mamma's darling daughters, were actually Wilma McCurry, Kathie Brooks, Kay Vaughn, and Doris Low. Mamma was really Shirley Green in disguise.

Nap Costs Aggie \$20 Transistor Radio

Being at the wrong place at the right time proved unfortunate for a Murray student last Saturday.

In a drawing of names for prizes consisting of money, radios and household items, at a local business, Glenn Moore, a sophomore from Milburn, was a winner of a \$20 transistor radio, but the rules were that winners must be present to win. Glenn was home taking a Saturday afternoon nap at the time of the drawing.

Summer Session Down Mexico Way Open to Students

The 1962 Summer Session at the National University of Mexico, Mexico City, convenes June 25 through August 10. It has been announced.

Summer Session on the beautiful campus offers students and teachers seven weeks of foreign travel and study. The University of Mexico offers a variety of courses taught in Spanish or English for extra credits or teacher in-service requirements transferable to U.S. schools.

Planned activities include weekend sight-seeing trips, social functions, bullfights, pyramid and art field trips. Time is also allotted for an extension weekend trip to Acapulco.

Full particulars for the Summer Session Program may be obtained by writing to Dr. Osmond R. Hull, Director, University Study Tour to Mexico, 703 Market Street, San Francisco 3, California.

BSU Wiener Roast Held at Refuge

The BSU had a wiener roast at the game refuge March 1. Approximately 12 students met at the BSU Center and were transported to the refuge. When they arrived they found enough food to feed 40 people. Needless to say everyone left with frozen toes but completely full of hot dogs. The BSU is hoping that at the next social there will be more students to help eat all the food.

Home Ec Officers Are Dinner Guests

Mrs. Rainey, the sponsor of the Home Economics Club, served a Spanish dinner at her home to Kay Cone, Wilma McCurry, Patricia Williams and Paula James, Wednesday evening February 28. The occasion was an informal meeting of the officers of the club to prepare their budget.

The girls plan to assist the Aggies in the conduction of the annual bull sale held at Murray March 17. The girls will again this year serve the meal to the guests.

The girls discussed the plans for the Style Show. The proposed date for this event is April 10. All girls on campus are invited to participate in this show.

Kathie Brooks - Cecile (Sis) Dandy

Patton Hall Gals Have 'Built-In' Hair Stylist

Patton Hall has been blessed with a hair stylist since the beginning of the spring semester. Cecile "Sis" Dandy, a freshman from Chickasha, is a licensed cosmetologist, and the Patton Hall girls certainly take advantage of it.

Sis graduated from the school of cosmetology in Chickasha, January 8, 1962, with 1000 hours of beauty culture. She plans to enroll in a hair styling course this summer for extensive study on beauty care. After graduating from junior college Sis intends to work as a cosmetologist.

Almost every girl in Patton Hall has at one time or another called on Sis to help her out. Some outlandish, or shall we say stylish hair-dos, never make it out of the dorm. Others which would look at home on Broadway are laughed at on campus. Yet, Sis is always ready to try something new for the girls.

On busy nights, Sis styles hair for as many as seven or eight girls. At times she gets up early in order to keep control of the before--classes rush. On occasion she rolls the hair the night before, and combs it for the girl the next morning. Her lucky roomie, Dixie, of course rates a hair styling every day.

Upon being questioned that maybe she is over-worked, Sis always says she enjoys doing it.

Madill Seniors To Be Counseled

Dr. Freeman McKee, president of the college, and Dr. Ora Roades, dean of college, will attend the annual "Career Day" at Madill High School, March 16.

Dr. McKee will counsel students who plan a career in education, and Dr. Roades is to counsel those students wanting to go to college here at Murray.

ROVIN' REPORTER:

What's to Be Done for Fun?

Phi Thetas Hawk Ice Cream for Trip

"Ice cream, 10c, 15c, and 25c!" Phi Theta Kappas could be heard calling to all the students as they came through the lunch line both Tuesday and Wednesday of last week.

The ice cream was homemade by the members of the club in the back of the cafeteria. For the first run they froze five gallons, which sold in one big rush leaving a line of unsatisfied customers. Members once again sold the ice cream at the evening meal, and the following day.

Proceeds from the ice cream sale will go toward the trip to Bixoli, Mississippi, to attend the National Phi Theta Kappa convention.

Modern Complaint Dates Back 30 Yrs.

Recently there has been a great deal of complaining about the lack of activity at Murray. If you think you are the first group of students who have had this problem, just go back thirty years and see what the students' problem was.

Here is an editorial taken from an issue of the Aggie Lite printed March 15, 1932:

"Where is the pep of Murray, the pep that could not be held at least during football season? Where is it? I don't care, what is there to interest anyone? That is the general attitude.

"That's just it. If Murray is to be an ideal place to stay, and associate, we must make it so. During the weekends, why not organize games, plan hikes, and athletic clubs, or something to keep the body in physical fitness and to employ the spare hours? The students have nothing to do. Everyone must have a certain amount of recreation if he is to do his best work.

"Let's organize different teams to compete against each other. Each floor of all dormitories get up a track, tennis, horse shoes pitching or some form of contest and challenge others. Come on, what do you say? Let's get started and have a more friendly co-operative spirit. Someone set the date when the first meeting will be held, and we will change the social life 100 per cent."

College Library Gets New Volumes

The College Library book collection was improved last week with the shipment of over 100 new books, and an invoice showing a future shipment of several more crates.

Mrs. Murrelle Mahoney, librarian, said the books which are ready for circulation can be seen

What additional recreational facilities would you like to see at Murray College?

"I think that any recreational facilities regardless of what they are would improve the facilities greatly."—Neal Freeman

"I think that they should get some pool tables, ping pong tables, etc. and put them in the ballroom of the Student Union."—Butch Haney

"I think they should have more dances, seeing as how we haven't had any this semester. We could use some pool tables too."—Jerry Butler

"I think there should be more activities in which the whole student body could participate, such as dance and recreational facilities. Instead of having a dance every two months, it would be so much better to have a dance every week."—Bobby Carpenter

"I think that Murray should participate in more activities such as dancing and games that all the students would enjoy taking part in."—Johnny Thompson

"We should have more outside activities and have different schools come in and give programs."—Shirley Haddix

"I think we need more dances and variety shows. Murray also needs to have some scheduled out-of-doors activities for this spring."

—Kaye Cope

Motor vehicle travel in the nation was up 2 per cent in 1961 over 1960.

on the library counter. Other books will be added to the list as soon as they are processed.

Some of the subjects included in the new supply of books are biography, music, history, drama, fiction, astronomy, poetry and science.

Music Courses Offer Wide Range, Classics to Jazz

During almost any time of the day, melodious tones can be heard drifting from the Aggie building, where the music department is situated. An occasional sour note disrupts the harmony.

Engineers Visit O. U. Laboratory

The Engineers' Club took a field trip to Norman, March 1 to visit Dorset Electronics and the Oklahoma University Engineering Laboratories. Mr. George Calvert, faculty sponsor of the club, accompanied the interested students. They left Murray about 7:00 a.m. March 1.

The club went through the military electronics division of both Dorset Electronics and Oklahoma University. They saw how the components of rocket telemetering systems are assembled.

In the commercial division, they saw the manufacture of the stereo phonograph and the electric organ.

At O.U. they went through the mechanical engineering laboratories, and were given a tour of the electronic computer lab. The computers used here are the IBM 650 and the IBM 1620.

In the aeronautical and space engineering laboratory, they saw the operation of a miniature supersonic wind tunnel.

The group returned home around 7:00 p. m. after a very fulfilling day. Those boys who took the trip are as follows: Gerald Beall, Lindray; Keith Whitfill, Ardmore; Tony White, Ardmore; Donald Green, Madill; Thomas Brandt, Ardmore; Jesse Reed, Ardmore; Alfred Nelson, Coleman; Billy Murphy, Broken Bow, and Paul Patterson, Wilson.

Students Find Coin Vendors Very Handy

Among the improvements on campus lately are the cigarette and snack machines, recently installed in Haskell Lucas Hall. The boys are certainly taking advantage of the machines. The snack machine was installed on Wednesday, March 14, and had to be refilled the next day by Mrs. Courtney Gentry, housemother.

The boys are hoping to have a soft drink machine installed in the near future.

S.E. BAND PLAYS PROGRAM

The Southeastern State College Band presented a program to the faculty and student body of Murray, Friday, March 30. The event took place during activity period.

Music Students To Visit S.E.C.

Mr. Jack Reid, head of the Music Department, plans to take several of the Music Appreciation students to hear a joint choir and band concert April 9. The program will be presented at Southeastern State College, Durant.

Cast Is Chosen For 'Brother Rat'

The cast for "Brother Rat" has been completed, announced John W. Fletcher, drama instructor. The three act comedy will be performed the nights of April 26 and 27 in the Murray auditorium.

The cast includes Allen Campbell, Duncan; Patricia Williams, Wapanucka; Wilma McCurry, Wapanucka; Marcilla Lancaster, Wilks; Betty Green, Mannsville; Don Pogue, Chickasha; Sis Dandy, Chickasha; Wayne Hunter, Wevoka; Tom Luckinbill, Ardmore; C. B. Mason, Farmersville, Texas; Thelbert McGinness, Ardmore; Philip Marshall, Fox; Darrell Martin, Velma-Alma; Kenneth Wineinger, Ardmore, and Lloyd Hughes, Fort Supply.

Williams Elected Prexy of B.S.U.

B.S.U. officers have been elected for next fall. They are: Fred Williams, Allen, president; Gary Majors, Holdenville, vice president; W. B. Daugherty, Ardmore, second vice president; Glen Leming, Sulphur, third vice president, and Euvonna Looney, Willis, secretary-treasurer.

The B.S.U. meets on Tuesday and Thursday nights at 6:30 in the B.S.U. Center. Everyone is urged to attend.

Religious Emphasis Week Is Observed

March 22, 23 was observed as part of religious emphasis week at Murray College. Thursday evening altar services were held. Three local ministers were present. On Friday morning, March 23, the Kingmen Trio from Bethany Nazarene College, Bethany, Oklahoma sang several religious songs during the assembly.

MUSICIANS PERFORM

The Music Department represented Murray College on the "Tishomingo Hour" on KMAC Madill, from 9:05 to 10:05 last week. The program was a live broadcast. The girls' glee club sang two solos and the dance band presented one number.

English Instructor Is Killed in Car Crash

Lemuel W. Murray, Jr., Murray College English instructor and part-time librarian, was killed in a two-car collision a half mile north of Atoka on U.S. 69 Friday. Four persons in the other car were injured.

Murray Welcomes Future Farmers

Teams from twelve different county 4-H Club groups and 15 high school FFA teams gathered at Murray last Friday to participate in the Southeastern Oklahoma 4-H and FFA land, pasture and range judging contest.

Individual winners in the 4-H land judging were: Emmett Atherton, Bryan County, first; Leon Benico, Pushmataha County, second; and Lincoln Plemons, McCurtain County, third. First, second and third place team winners respectively were: Pushmataha, McCurtain and Bryan.

Top 4-H teams in the range and pasture contest were: Hughes, first; Choctaw, second; and Latimer, third. And in this class, individual winners were David Cassel, first; Jimmy Woods, second; and Clifford Wilson, third. All were from Hughes County.

Individual winners in the FFA land judging contest were: Galien Kemp, Battiest High School, first; Mike Chappell, Calera High School, second; and Paul Lee, Stuart High School, third.

The Battiest team lead all others in this class in the team ratings. They were followed by Calera (second), and Moss (third). In the FFA pasture and range contest, Tony Houston, Stuart, took high individual honors. Second place was won by Tommy Burns, also of Stuart, and third was won by Larry Race of the Tishomingo team. High team honors in this class went to Stuart, second place to Tishomingo, and Fox took third.

S.E. CHOIR DIRECTOR TO VISIT

Mr. George Smith, Choir Director at Southeastern, will work with the Girls' Chorus of Murray in a clinic type rehearsal April 4.

Highway Patrolman Charles Cates said Mr. Murray's car hit a slick spot and spun into the side of the bridge and struck a car driven by Robert R. White, 35, of Overland Park, Kan.

White, his wife Mary Esther, 30, and their two children, Mark Joseph, 2, and Mary Sheila, 10, were taken to Atoka Hospital. The boy's condition was described as critical. He suffered a fractured skull.

Mr. Murray, 35, was a native of Cameron, Okla., and was not married. He was in his fourth year as an instructor here.

Surviving Mr. Murray are his mother, Mrs. L. W. Murray and a brother, Jack, both of Cameron, and a sister who lives in New Jersey. College faculty members who served as pallbearers when funeral services were held Monday afternoon at the Baptist church in Cameron were Paul J. Park, Clyde Hall, Dr. Ora Roades, Elmer Massey, Lloyd Goss and Jack Reid.

Mr. Murray's classes were dismissed Monday and Tuesday but are to be resumed on schedule starting Wednesday.

Prexy, Registrar Named to Committee

Two members of the administrative staff at Murray have been appointed to participate in the self study of higher education being conducted by the Oklahoma State Regents for Higher Education. They are: President Freeman McKee, a member of the Council of Presidents, and Mrs. H. Louise Craven, Registrar, serving on the committee conducting a study of student enrollments and projections.

Mr. Reid Judges H. S. Band Contest

Twenty-seven high school bands participated in the District Band Contest held at Ada March 23 and 24. Mr. Jack Reid, Head of the Murray Music Department, Dr. Robert Darnes, Head of the Music at O.C.W., Chickasha, and Colonel Earl Irons, a well-known composer and the former Head of the Music Department at Arlington State College, Arlington, Texas, judged the contest.

Graduates Fitted For Cap and Gown

Those students anticipating graduation in May were required to report to the office before Friday, March 23, for a fitting of caps and gowns. Mrs. Louise Craven, registrar, was employed with the task of measuring heads and height when necessary. Many students, who were not so enthusiastic, had to be taken out of classes to complete the list of prospective graduates being measured for their attire.

Student Personnel Committee Formed

A student personnel committee has been formed with Dean Johnson as chairman. Members are Gerald Alloway, Harold Winburn, Gerald Shryock, instructors; Mrs. Louise Craven, registrar, and Mrs. Courtney Gentry, housemother. The two student members are Sylvia Askw, El Reno, and W. B. Daugherty, Ardmore.

The primary object of this committee is to try to satisfy the needs of the student body and try to make life here at Murray a happier one.

MURRAY BUYS SCHOOL BUS

Murray now has transportation for school activities and athletic trips. They have bought a bus, which should be ready to go next fall. Minor adjustments are being made to get it in top condition.

LUCKY MEMBERS of the Phi Theta Kappa gather for their trip to the national convention at Biloxi, Miss. They plan to come back and see the sights in New Orleans, if the money holds out. Members have worked hard all year, holding bake sales, rummage sales, raffles and just about every other legal money raising scheme possible, to raise funds for the trip. Miss Ella Draper, center, is sponsoring the group.

HE WROTE HIS OWN—

Murray's halls are saddened this week by the sudden death of a well liked instructor, a young man of 35.

"Dead?" is the first bewildered reaction. "Why, he can't be. I was talking to him only this morning, and he..."

But it is true. How swift, how sudden can death strike among us, leaving us stunned and unbelieving. A face seen day after day, a voice heard as clearly as if he were speaking now, suddenly is no more.

This was a quiet man, little given to empty talk; a shy and gentle man, who loved literature and lived in a world of books. Little wonder that in this age of science and cold logic, he seemed withdrawn, unknown to even those who saw him daily. The world has often seemed a cold, alarming place to men of quiet temperament; surely no time in history was ever more disturbing to such men than the twentieth century.

Yet something in him, some warmth, some understanding of human frailty, reached out and touched his students. Many of them sought him out, to talk, perhaps to argue or joke, perhaps to bring him some small gift; a new blend of tobacco for his pipe, a book, or a funny poem they had discovered in his class.

Frail in health, with an incurable ailment, often surely ill and in pain, he never talked about himself. If you were overburdened, he ran to take your burden from you; if you were overworked, he put aside his tasks to help with yours. When asked to go a mile, he went the second; he was what is called a "soft touch." When the Girl Scouts sold cookies, he bought not one box, like the rest of us, but two, though he could not eat them and heaven knows what he did with them. Though he was surrounded by magazines in the library where he worked, he subscribed to half a dozen more, because some youngster asked him to.

When well known persons die, the writers of the day outdo themselves in writing fitting epitaphs. Mr. Murray quietly wrote his own, day by day in little things, while he still lived.

CONFERENCES BRING SCANT RESULTS

For several years now the United States and the Soviet Union have discussed disarmament and nuclear testing. Nothing has been accomplished. Conference after conference has led to a stalemate.

Nuclear testing in the atmosphere was abolished for a couple of years. Now, Russia has resumed atmospheric testing, and the United States is scheduled to begin again next month. We wonder if anything at all came of those conferences, to warrant even the time they took?

What is the matter? The two great world powers during this age can't even come to a conclusion, much less a decision. We all know nuclear disarmament would be best, and our diplomatic corps realize this also. Then what is the hold-up? Can't our position just be stated and Russia left to make her choice? We cannot deal with Russia as other countries—and certainly not on this issue.

Recently an announcement was released that another conference between Russia and the United States will be held! This one to determine the best way—to discuss disarmament!—KEB

Library Adds 'Homey' Touch

A touch of comfort and attractiveness was recently added to the library in the form of a browsing room.

The browsing room, located near the librarian's desk, is for the students to use while reading the newspapers, magazines or books.

The furniture for the room was furnished by Dr. Freeman McKee, College president.

Mrs. Murrelle Mahoney, Librarian, said the room seems to be a popular addition to the library services. Many of the students who become sleepy while reading within the peace and quiet of the library, just drop the book and doze awhile.

Here & There 'Round Campus

Hey-Ho-Hi! Murray Aggies, how are you enjoying your tenth week in Aggieville? Only nine more and Ma Gentry will let us go home.

Freddie (Mouth) Jones challenges anyone to come up with a better track team for the intramural track day in April. Freddie plans to run the mile relay.

Doesn't everyone enjoy the Thursday night dances? Cool Dixie Thompson doing the twist and Don and Sis doing the Aggie cha-cha-cha. What a show!

The journalism class is crying. How will we ever succeed without our Phi Theta Kappans—Lynda and Kathie! I think we will make it, tho!

Guen Kennedy (first cousin to JFK) sure has taken an interest in cowboys all of sudden.

High-roller on campus David Q. Bidmore has finally chosen a mate. Wonder what Joe will say, Gary Beckham?

To all concerned!! Don Rigby really likes the student union, but Ma Miller won't let him attend the nightly sessions. Bad boy!!

For the third straight week Eddie Hatch and Jerry Butler have been voted the two luckiest boys on campus.

Richard Hanny, (concerning T.O.T.C.) "I came; I saw; I conquered..."

Tom Costen: "Yes, I plan to enter the Indianapolis 500, with Doug Rudd as my ace mechanic."

Keith Whitfill: "Believe it or not I am really Kay Vaughn's cousin. Can't you see the resemblance?"

Neal Wall: "No Keith; I can't." Bernie Conway: "The easiest way to make the honor roll is to have a very round, plump apple in hand at the start of every class."

Mike Medaris: "I haven't always played the piano. I was once very good on the juke harp."

Charley Rogers: "I don't want to ride the bulls, I want to wrestle them. Gee, I hope that won't be too hard on them."

For all students who have not read the bulletin board, Doris Lowe is Phil Edgmon's girlfriend.

Johnny Thompson parks on the steps of Patton Hall now.

Frances White is the drill sergeant for the girls' drill team, isn't she Lutricia?

Until the next time we meet, have faith in Murray College, because it has faith in you. Yeah!!

SPOTLIGHT

Shirley Green

Bernie Dean Conway

The girl in this week's spotlight is Shirley Green. Shirley is a freshman from Davis, majoring in general education.

In high school Shirley participated in various activities. They were secretary-treasurer of the student council, secretary-treasurer of the senior class, and secretary-treasurer of the Future Homemakers of America. She was a member of the National Honor Society and was assistant editor of the annual and was also cheerleader for two years.

She lists her favorites as: color, blue; song, "Love Letters"; singer, Johnny Mathis; food, strawberries; pastime, eating. Her pet peeve is people who stir their Cokes.

Here at Murray this year Shirley was a cheerleader and is a member of the Phi Theta Kappa.

After completion of her attendance at Murray, Shirley plans to attend Oklahoma State University.

The boy on this week's spotlight is Bernie Dean Conway. Bernie is a freshman from Gene Autry majoring in engineering.

In high school Bernie was president of the junior and senior classes. He lettered in basketball for four years and was captain of his team during his senior year.

He lists his favorites as: color, blue; food, pizza; singer, Connie Francis; song, "Together"; His pet peeve is 7:30 classes.

Here at Murray he is a member of the Engineers Club, Phi Theta Kappa and was listed on the Dean's Honor Roll.

After completion of his attendance at Murray, Bernie plans to attend Oklahoma University.

Ada, Idabel Take Track Meet Titles

Ada and Idabel high schools breezed through the class A and B titles respectively in the annual Murray Invitational Track and Field meet March 24.

Royce Fisher, Ada, set a new record in the Class A pole vault with a 13' 1" performance. Jimmy Johnson of Duncan soared 6' 5" in the high jump. Lyle Wells, Idabel, was high point individual in class B competition.

The summaries:

Class A

Team Totals: Ada 45½; Norman 22; Duncan 22; Capitol Hill 12½; Del City 12; Lawton; Pauls Valley 9 points.

100—1. Royce Fisher, Ada; 2. Coy Kersey, Norman; 3. Lynn Williams, Anadarko. (Time—16.3). 220—1. Fisher, Ada; 2. Kersey, Norman; 3. Williams, Anadarko. (Time—23.4).

440—1. Johnny Sacra, P. V.; 2. Mike Ritz, Norman; 3. Kenneth Struck, Del City. (Time—55.0). 880—1. Robert Clark, Norman; 2. Richard Cable, Capitol Hill; 3. Phil Oviatt, Norman. (Time—2:04.1).

1 Mile—1. Cable, Capitol Hill; 2. Oviatt, Norman; 3. Sam Burnett, Duncan. (Time—4:47.5). High Hurdles—1. George Belcher, Del City; 2. Dwight Baker, Duncan; 3. Struck, Del City. (Time—15.4).

Low Hurdles—1. Belcher, Del City; 2. Jerry Kinzer, Lawton; 3. Fred Hutchings, Ada. (Time—21.5).

Pole Vault—1. Fisher, Ada; 2. Bobby Warmack, Ada; 3. John Ramsay, Ada. (Height—13.1, new record).

Shot Put—1. Lynn Bartgis, Ada; 2. John Stark, Capitol Hill; 3. Randy Statham, Capitol Hill. (Distance—48.4).

Discus—1. Phil Sims, Duncan; 2. Robert Taylor, Duncan; 3. Mike Ryles, Ada. (Distance—131.1).

High Jump—1. Jimmy Johnson, Duncan; 2. Taylor, Norman; 3. Kersey, Norman. (Height—6.5, new record).

Broad Jump—1. Harold Greer, Duncan; 2. David Eger, Lawton; 3. Gary Corotto, Norman. (Distance—20.6).

5 Mile Relay—1. Ada (Wesley Moore, Ross Badgett, Gary Phillips, Gary Clinton); 2. Norman; 3. Pauls Valley. (Time—37.4).

880 Relay—1. Ada (Moore, Badgett, Phillips, Fisher); 2. Norman; 3. Pauls Valley. (Time—1:36.0).

Class B

Idabel 32; Hugo 17; Elmore City 14; Velma Alma 12½; Hobart 10½; Wynnewood 6.

100—1. Phil Aldridge, Velma Alma; 2. Lyle Wells, Idabel; 3. Joe Gover, Temple. (Time—10.3). 220—1. Aldridge, Velma Alma; 2. Wells, Idabel; 3. Don Ellis, Erick. (Time—23.3).

440—1. James Hardwick, Ho-

CLUB TO HOLD RODEO IN MAY

Murray College Rodeo Club will sponsor a rodeo May 10, 11, and 12. Stock is being furnished by Roland Reed, Fort Worth, Texas. Student riders must be regularly enrolled in college or high school. A parade will be held at 4 p. m. on Saturday, May 4. All riders and round up clubs from the surrounding area are invited to participate.

Randy Rice, Wynnewood, and Don Ringby, Madill, are the clowns and bullfighters. Announcer will be Elvis Howell, Shawnee. All are students at Murray State College.

The books will close 12 noon Wednesday, May 9, 1962. Each performance will begin at 8:00 p. m. at the Tishomingo Fairgrounds.

Admission will be \$1.00 for adults and 50 cents for students.

Ags Down Pontotoc In Practice Game

The Murray baseball team had a practice game with Pontotoc Independents Wednesday afternoon, March 21.

Douglas Webb was the winning pitcher for the Aggies. Pontotoc was off to a fast start, scoring one run in the first inning. In the top of the fifth and in the last inning the Aggies got a rally started and scored several runs. The Aggies won by a score of 10-1.

Volleyball Is Added To Sports Program

Mr. Benton Ladd, track coach, is organizing more intramural sports for Murray. The sport in the process of organization at this time is volleyball.

Both students and teachers are encouraged to sign up for the fun. The teams will be composed of both boys and girls. Students wishing more information on this subject, or wishing to become a member of one of the intramural teams, should contact Mr. Ladd.

Meetings were held in the gym Wednesday, March 21, and Thursday, March 22, during the evening; club presidents and members discussed this organization.

hobart; 2. Don Sharp, Idabel; 3. Ray Crowell, Idabel. (Time—54.5).

880—1. Larry Carr, Purcell; 2. Cecil McCoy, Lindsay; 3. Darrell Roe, Chandler. (Time—2:08.8).

1 Mile—1. Cornell Tahboahnpah, Hobart; 2. Jerry Gill, Lindsay; 3. Edmond Williams, Tishomingo. (Time—4:53.8).

High Hurdles—1. Sam Billingsley, Marietta; 2. Austin Batterton, Elmore City; 3. Jim Meador, Erick. (Time—15.6).

Low Hurdles—1. Billingsley, Marietta; 2. Darrell Spivey, Marlow; 3. James Greenwood, Wynnewood. (Time—21.7).

Pole Vault—1. Glendon Garrett, Wynnewood; 2. Mike Bailey, Maysville; 3. Dudley Wells, Purcell. (Height—11.6).

Shot Put—1. Ellis, Erick; 2. Bob Ward, Chandler; 3. Roy Goldston, Lindsay. (Distance—50.0).

SPEEDSTER Arrell Murphy of Fort Worth, Texas, is the leading Aggie sprinter. Arrell turned in a blazing 9.5 hundred at the North Texas State Relays recently.

Murray Thinclads Tie With Texans

Murray, 52½, Paris Junior College 52½, an unusual climax for Murray's first full track meet held here last week.

Ties are very uncommon in track, especially in dual competition.

The Aggies proved to be very strong in the sprints and relays.

Arrell Murphy, high point man for the Aggies, ran a blistering 9.6 century, and led two winning relay teams to the finish line.

Paris seemed to be stronger in the distance races as they picked up points in the 880, 440, and sprint medley.

Ned Wall and Alfred Austin won the broad jump and shot put respectively. Both turned in fine performances for the Aggies.

The Aggies will cross the Red River once again in two weeks for another dual with the Texans.

The results were as follows:

Totals: Murray 52½, Paris 52½. 100 yard dash—1. Murphy, Murray; Cunningham, Paris. Time—9.6.

440 yard dash—1. Bell, Paris; 2. Winchester, Murray. Time 55.6.

880 yard dash—1. Rose, Paris; 2. Walker, Murray. Time 28.7.

440 yard relay—1. Murphy, Walls, Murray; Musgrove, Wood, Paris. Time 45.9.

880 yard relay—1. Wood, Wall, Murphy, Murray; Musgrove. Time 1:34.7.

1 Mile Medley—1. Holt, Cunningham, Withers, Jones, Paris. Time—3:55.5.

Shot Put—1. Austin, Murray; 2. Holladay, Murray. 45' 10".

Discus—1. Kelly, Paris; Holladay, Murray. 110' 7".

High Jump—1. Breagels, Paris; 2. Whalley, Murray. 5' 8".

Broad Jump—1. Wall, Murray; 2. Bandler, Paris. 21' 4".

Pole Vault—1. McKim, Paris; 2. Winchester, Murray. 10' 6".

Aggies Split First Double-Header With Warner on March 28

The Aggie baseball club journeyed to Warner March 28 for their first game of the season, a double-header.

Harley Limke was on the mound for the Aggies and Philip Edgmon was catcher. Connors was off to a fast start, scoring one run in the first inning, another in the second, making it 2-0. Fred Hannon was doing a good job of keeping the Aggies from hitting, and went the full seven innings for Connors. At the bottom of the sixth, Connors made two more runs.

In the last inning, the Aggies began to get warm, but only scored two runs.

Limke struck out seven men, and Hannon fanned six Aggies. The final score was 4-2 in favor of Connors.

The next game was fast for the Aggies. Higgins and Edgmon scored in the first inning. Later in the game the Aggies picked up several more runs. Garland Parks got a three base hit, and then scored to make five runs for Murray.

Connors scored on a run in the first inning, but didn't score again until the last half of the seventh. They might have beaten the Aggies except for a tremendous catch by Don Parrish, ending the game.

Doug Webb was hurling for Murray, and had four strike outs. Babb pitched for Connors in the second go-around.

Cameron Topples Top-Rated Weber

Jim Barnes and company, from Cameron College, opened the eyes of some 4,000 spectators Wednesday afternoon at Hutchinson, Kansas, while making their debut in the National Junior College Cage Tournament.

Barnes a 6' 8" center, canned 39 points, 32 in the first half, before fouling out with 11 minutes left to play. Barnes' playing was the best individual effort turned in during the first round.

After Barnes fouled out in the second half, his teammates took up the slack. Jones began a scoring streak after not hitting much in the first half. Jones finished with 22 points and Bryant sacked 12 of 22 from the free throw line.

The final score was Cameron 92, Weber 74.

Ping Pong Tables Are Ready to Use

Attention students! The ping pong tables are now finished, Mr. Harold Winburn, head of the industrial arts, announced last week. The equipment for using them has been ordered and should be in soon.

The ping pong equipment is only one of various games and activities planned.

The tables are to be placed in the student union ballroom. They can be moved into another part of the union when dances are held. There will be a small fee charged for checking out the equipment. This is to insure no rough handling of the equipment, and also to have money on hand to replace broken articles, repair damages, and purchase the ping pong balls.

Indian Students to Meet at Norman

There is to be a state meeting of Indian college students at the Kellogg Center at Norman on April 6 and 7.

This meeting will be for the

Home Ec Girls to Model on April 10

The Home Economics Department and Club have chosen April 10, as the date for their spring style show. The style show is to be held in the ballroom at 7:30 p. m.

The sewing classes will model the dresses they have made themselves during class or outside of class.

The meal planning class is in charge of refreshments for the show, and the art section in the home economics class is doing all of the decorating.

Around twenty-five girls will model, and anyone wishing to model who is not taking a Home Economics course may contact Mrs. Rainey for further information. However, the dress must be made by the wearer.

Prom Committee Is Named by Sponsor

A committee to make plans for the freshman prom has been appointed by L. W. Murray, sponsor of the freshman class. W. B. Daugherty, Ardmore, was appointed chairman. Members are Kay Vaughn, Anadarko; Dixie Thompson, Lone Grove; Larry Holder, Colbert, and Peggy Parish, Idabel.

The committee is to decide on the date of the prom, type of band, what band, and various other things that are necessary in sponsoring a prom.

purpose of promoting education among Indian youth and discussing Indian problems in general. Every Oklahoma college and university should have a representative present.

Barns Are Left Deserted After Test Bulls Are Taken

The barns at Murray College which held the bulls of the ninth annual Performance Test Program, now resemble a baseball stadium after the game has ended and the fans have gone home.

The barns which, only a few weeks ago were filled with top grade bulls, are now empty; the feed wagon, which hauled feed to the animals, is empty and pushed out of the way. The sale barn, which last March 17, was filled with people watching the bulls enter and leave the ring, and which rang with the chanting voice of the auctioneer and the rancher's "yea" as they bid on the bull of their choice, now is quiet. The bleachers have been swept clean and are waiting for another game.

The test program, which included 139 bulls undergoing 140-days of testing, was managed by Dr. Jerry Martin.

The program also required the help of Gene Needham, Buddy Parks and Alan Moore, who are college employees, and several college students.

Twice a day (morning and night) the barn was alive with the hustle and bustle of the college students and employees as they fed pellet type feed and hay to the bulls. Along with the feeding, the bulls had to be checked to make sure that none of them were sick or had been injured.

When the feed or hay was placed in each pen (which contained from two to four bulls) it had to be carefully recorded. This was done so that the feed could be charged to the respective breeder and to be able to determine weight gained against the amount of feed.

If one of the bulls was sick or injured, a local veterinarian was called. The fee for the call was charged to the owner of the bull. Dr. Martin said the overall daily

gain for the 139 bulls was 2.85 pounds per day. Of the total, 113 bulls gained 2.6 pounds per day or better to qualify for Performance Registry International and 45 gained better than 3.0 pounds per day.

The highest gaining bull in the test was a charolais owned by G. W. Banks and G. S. Goolsby, Clarksville, Texas and Idabel, Oklahoma. This bull gained 3.33 pounds per day for the 140 day test.

The high gaining pen over all breeds with an average gain of 3.28 pounds per day was a pen of four Angus bulls owned by Murray Corbin, Tishomingo.

When the sale was underway March 17, there were 59 buyers from Texas, Arkansas, Mississippi, Tennessee, Louisiana, Kansas, Illinois, Missouri, and Oklahoma, and they spent a total of \$57,820.00 for the 101 bulls put up for auction.

The first bull entering the ring was a Hereford owned by G. T. Easley of Sulphur and was bought by The American Breeders Service, Chicago for \$1800.00. Other top bulls were an Angus owned by Lebert Shultz, Overland Park, Kansas, \$1300.00, a Charbray owned by Goolsby and Banks, \$1500.00, and a Polled Hereford owned by W. F. Bowman, Houston, Texas, \$1000.00.

The sale consisted of 39 Herefords, 37 Angus, 20 Polled Herefords, 2 Red Angus, 2 Brangus and 2 Charolais. The Angus bulls brought the highest average of \$621.00 and 42 Herefords were second with an average of \$554.00. The overall average for the sale was \$572.00 a head.

Science Club on Field Trip Hears Museum Experts

The Science Club, sponsored by Mr. Paul J. Park, head of the science department, spent Saturday, March 24, on a field trip to East Central State College, Ada. They attended a workshop of the Oklahoma Museum Association.

After registering in the Fine Arts Building, the group attended the first session of the workshop. Dr. W. J. Mayer-Oakes, director of the Stovall Museum at the University of Oklahoma, introduced the participants.

Kenneth F. Campbell, East Central State College, gave a talk on lectures by museum people. He spoke on several techniques of museum lecturing, and what effects are produced by them.

Mr. Campbell also demonstrated "latex casting" as a method of reproducing a rare museum object.

Mr. Henry Klippel, Stovall Museum, demonstrated the "acrylic casting" method. Both gave the materials used and the procedure in steps.

Following the lectures, the group was taken on a guided tour through the ancient animal exhibit. The exhibits were housed in plate glass cases.

Students who made the trip are as follows: Otis Murdock, Achille; Harold Sollars, Ardmore; Jerry Hauser, Ardmore; Bill Berninger, Davis; Tom Berninger, Davis; Elvis Howell, Shawnee, and Billy Black, Tishomingo.

They were accompanied by Mr. P. J. Park, head of the science department.

College, H.S. Girls Honored With Tea

A tea honoring the graduating sophomore girls of Murray College and the senior girls at Tishomingo High School was given by the Tishomingo's Daughters Club, Thursday, April 12, at 2:30 p. m.

A musical program was presented in the auditorium by a group from Southeastern State College in Durant. Following the program the tea was held in the home of Mrs. J. C. Cobb, 405 East Kentucky.

Mrs. Mahoney Has New Book Published

Congratulations are in order for Mrs. Murrelle Mahoney, librarian and journalism instructor. Mrs. Mahoney has just had a book published.

Titled "Tahna," the book is a historical novel about a little Indian girl who lived in North Carolina. The story takes place around 1711. Tahna lives through a war and grows up to have romances with both a white and an Indian boy. She is of the Tuscarora tribe, and the background of the book and some of the characters are true.

The book was four years being published, due to the death of the owner-editor of the company. It was published by Harlow Publishing Company.

"Tahna" is for grade schools, public libraries or home purchase, and is suitable for fourth grade to junior high.

Mrs. Mahoney suggests that anyone interested in writing can get technical assistance at the Oklahoma University professional writing school, which she attended several summers ago.

Achievement Day Is Tuesday, 24th

At its regular meeting April 6, the Student Senate set Tuesday, April 24, as Student Achievement Day. The members voted to have Western Week beginning Monday, May 7 and ending Saturday, May 12. The boys will dress in western costumes all week and must grow a beard. The girls will dress in western costumes only one day.

A special meeting was called for Monday, April 9. At this meeting the members decided to have an all school picnic instead of each class having a separate one. The date selected was Monday afternoon, May 7. Students will be dismissed from classes that afternoon and will be transported to Round Robin Ranch. If the weather conflicts with this date, the picnic will be postponed until May 14. The Senate also changed the price for ping pong from 20c to 10c per hour. Students playing on week ends may do so without cost.

Rally, Banquet Top Eng. Club Activity

The Engineers Club has made plans for an "Engineers Week" to be held the last week in April and first week in May.

An auto rally is slated to "kick things off" for the week, with first second, and third prizes to be given. A nominal entrance fee is to be charged for entrance.

The automobile rally will begin after drill. Cars will first be given a visual safety check, the same as used by the state. Directions will be handed out for a fifty mile course throughout Johnston County. The object of the run is not who comes in first, but who arrives at the proper time allowed for the run.

Checkpoints will be designated throughout the course. Drivers must reach these points in an allowed time, plus maintaining a good overall time.

The directions will be tricky and some of the checkpoints will be hidden to check on speeding, dragging or other bad driving habits.

There will be a dollar entry fee and a dummy course handed out in advance to give the participants an idea of the timing and navigation required for a speed run.

Trophies and cash prizes of \$15, \$10 and \$5 will be awarded to the top three drivers with the best times.

Participants will be judged on the point system, based upon amount of time driver takes to reach checkpoints along with his entire time for the course. The car coming in with the time nearest the allowed time will be the money winner.

Films for the entire student body are to be shown in the auditorium on a date to be set. One film is of Alan Shepard's flight, and the other of the Indianapolis 500.

Ending the week, they have planned a banquet for engineers and industrial arts majors and their dates. The banquet is to be held Friday, May 4, with a guest speaker from O.U.

Mr. Harold Winburn, head of the industrial arts department, and Mr. George Calvert, engineering instructor, sponsors of the group, will attend.

Home-Ec Club Gives Oriental Style Show

The Home Economics Department presented a style show Tuesday night, April 10, under the direction of Mrs. Rosalva Rainey. The girls modeled dresses which they had made in the sewing class. Kay Cope was moderator.

The theme of the style show was "A Visit to an Oriental Garden." The scenery, which was constructed by the "Art in the Home" students, was painted to fit the oriental theme. A tree with lanterns on its branches stood on either side of the stage. Directly in front of it was a replica of a fountain, and to one side Sylvia Askew, who was dressed as a Japanese girl, sat on a pillow.

After completion of the style show, punch and cookies were served by Mrs. Wanda Glenn.

Employer: An executive looking for men between 25 and 30 with 40 years' experience.

Kappas Journey to Biloxi For National Convention

On March 27 a dream came true for twelve Murray students. Since the end of October these members of Phi Theta Kappa have been working at various tasks attempting to raise the needed money for their dream. The dream began taking shape when the club received the letter of invitation to the National Phi Theta Kappa Convention in Biloxi, Mississippi. All members of the club contributed their time and talents toward this goal.

After leaving Tishomingo at 2 P. M. the three cars traveled to New Orleans, Louisiana, and then on through Jackson and Vicksburg, Mississippi, to Biloxi, a Gulf coast resort town.

The club stayed at the Buena Vista Hotel located on the beach, and were able to make use of the closeness of the Gulf at various times.

After registration and rest, on Wednesday, the students attended the first General Session, which was a welcoming and appointing of committees meeting. The national officers were introduced. Later in the evening the club attended the Seafood Jamboree, which was served buffet style. Following the jamboree a dance was held on the roof of the hotel. Still later in the evening delegates and sponsors from many junior colleges gathered around a beach fire, drinking Cokes and singing.

The next day all the delegates were taken on a harbor trip, which lasted for two hours. In the evening General Session, committees made reports. At 7:30 that evening a formal banquet and dance was held for the convention participants. Following the dance, another bon fire was built on the beach.

The next day, Friday, the participants attended a breakfast which was conducted buffet style. The students remained in the breakfast room for the final business meeting. The new National officers were elected, and Miami Beach, Florida, was chosen for the 1963 convention site.

The Phi Theta Kappa club returned by way of New Orleans, La., spending a few hours sight-seeing. They spent Friday night in Baton Rouge, La. Saturday evening the group arrived back in Tishomingo, exhausted from lack of sleep, cramped because of too much car riding, and in general filled with fatigue. However, the group was in great spirits, with just a small lack of energy.

ROTC GROUPS TO MARCH IN AREA PARADE

Three groups of the R.O.T.C. plan to march in a parade in Ardmore, April 25, at 5:00 p. m. Cadet Major Keith Whitfill and the 17 members of the band, Cadet Major Phillip Marshall and the 17 members of the drill team, and Cadet Master Sergeant Calvin Wood and the color guard are the groups who plan to take part.

JOIN AG FRATERNITY

Two former Aggies, Joe Don Skinner, Lexington, and Ray Edelmayer, Stillwater, were initiated into Alpha Zeta at O.S.U. on March 18. Alpha Zeta is an honorary agricultural fraternity which selects its members on the basis of leadership, character and scholastic achievements.

TO GET MASTER'S

Captain William Calvin Diehl, a 1953 graduate of Murray, will obtain his masters in Chemical Engineering from OSU this year. He received his first commission as an officer there earlier. After receiving his masters, he is to be stationed at Patrick Air Force Base, Florida until 1966, as a Research and Development Engineer. While attending Murray he was outstanding in R.O.T.C.

HOW SWEET, FREEDOM...

Noting the situation of the world, I wonder if we as students realize the gift of freedom. We were born in a free country—and we live where freedom is taken for granted by most of us.

Students in Moscow or Berlin have never had the road ahead paved for them. Most are told what to study. They haven't even the freedom of choice, while we as American students expect these privileges. We do not think of them as gifts—they are rightfully ours.

What would happen to the typical American youth, should the United States crumble? Many have called us weak, and perhaps we are. Freedom—we did not fight for. It is ours by birthright. How much sweeter would freedom be if the loss of our own blood protected it?—K.E.B.

FRIENDSHIP IS BASIC NEED OF LIFE

What is a friend? Friends come in all sizes, shapes, and figures, and pop up morning, noon, and night. Look around the Murray campus and point your finger at any Aggie coming or going. Chances are he is a friend to someone, somewhere, and at sometime.

Friends should have something in common. It should be more than the same color of hair or the exact size of their shoes. They should share the same basic opinions, the same standards of principles and ethics, and they should enjoy the same type of people.

Friends are those wonderful people that laugh with us, cry with us, and fight with us. They are always around when we need companionship and friendship.—WED

Got Problems? Write 'Molly Aprilfield'

Dear Molly,

I am a young fellow, just a meager freshman at Murray State College. I am from far off New Mexico. I have met a wonderful girl; yes I have fallen in love.

She is a lovely girl from some Indian town around these parts. Wapa—something. I am crazy for this Babe but every time I want to ask her for a date she is always with some boy from the other dorm. How can I get up the nerve to ask, and what if she turns one down?

Yours truly,
The Wanted One

Dear Wanted One,
First you must beat him in Tennis. Then you will be the only one in her affectionate eyes. For tennis is the most popular sport in your part of the country.

Molly Aprilfield

Dear Molly,

I am so perturbed. There are two boys so madly in love with me. One is a musician here at college. The other is away working, sending me flowers, clothes, and candy. This other one is almost as cool as I am except he practices his music too much.

Oh what am I to do, I am but a freshman and he will be leaving

soon. I know they will both ask me to the prom. Could you please tell me which one to go with whenever they ask me?

Sincerely,
Miss Cool

Dear Miss Cool,

Since you are so confident of your lovers and yourself, why not flip a coin?

Molly Aprilfield

Dear Molly,

I am writing to you as a last resort. I have a terrible inferiority complex and I don't know what to do about it. At dances, I find myself sitting alone in the corner, looking at the cute wallflowers, trying to get my nerve up to dance. When talking to a girl I blush and am at a loss for words. Please, can you help me?

Anxious Eddie

Dear Anxious,

Your problem stems from a speech defect. More than likely you need a speech teacher more than dancing lessons.

Molly Aprilfield

PREXY ATTENDS SESSION

Dr. Freeman McKee, president, spent Monday, April 9, on the campus of Northwestern College attending a business meeting.

Here & There 'Round Campus

We have a new duet on campus. They have chosen the name of the "M" boys as their title. They have really been living things up on week ends. What about it, Jerry and Richard?

Haskell Lucas boys are very proud of their new swimming pool. It's located in room 106. Seems Frankie has acquired the habit of swimming and studying at the same time.

If you noticed the lights burning all night in Room 112 of Haskell Lucas, it wasn't that we were so studious, but we really had a good rock game going.

Fred Williams is becoming discouraged with his room mate coming in at 2:30 A. M. It seems he is about ready to give Jerry a lecture. Be careful, Jerry.

Ma Gentry was awakened in the wee hours last Friday morning by two boys running down the hall at a terrific rate of speed. Gee whiz boys, be quieter!

Seems the Sulphur gang is really becoming interested in rook. They are becoming real amateurs. Of course it is none other than Hershel, Glen, Turk, Jim, Frank and Kenny.

Mrs. Mahoney must have a sideline on the sly these days. Recently she received directions in the mail for covering shoes.

Murray is one of the luckiest colleges across the nation! We have a walking-talking road map with in our student body in the form of the one and only George Jennings. On the past trip to Biloxi, George knew where every four-lane highway was. Of course, according to his directions, the club never found any; but we still have faith in our Georgie and we know they're there. Donnie Parrish seems to be walking around in a hero daze lately. Could it be because of his extra-fantabulous catch during a recent ballgame?

Lloyd Hughes was up to his usual tricks the other night during play practice. Isaac Lacey was the butt of this one.

GIVE ASSEMBLY

The Drama department, headed by Mr. John Fletcher, presented an assembly Friday, April 6, during the fourth period. A cutting from the play, "The Importance of Being Earnest", was given and the cast included Allen Campbell, Betty Green, Wilma McCurry, Kenneth Wineinger, Don Pogue.

SPOTLIGHT

Bob Pickens

Paula James

The boy on this week's Spotlight is Bob Pickens. Bob is a sophomore from Woodland, majoring in biological science.

In high school Bob was president of the senior class. He lettered in baseball and basketball for four years.

His favorites are: color, brown; food, pork chops; singer, Brenda Lee; song, "I'm Sorry"; pastime, playing basketball. His pet peeve is 7:30 classes.

Here at Murray he is a member of the "M" Club and has played basketball two years. He served as co-captain of the year's basketball team.

After completion of his attendance here at Murray, Bob plans to attend East Central State College, Ada.

Murray Grad Wins \$6000 Fellowship

Charles Taliaferro, a 1960 graduate of Murray now attending O.S.U., has been awarded a \$6,000 national defense graduate fellowship.

Taliaferro, who is the son of Mr. Taliaferro, who is the son of Mr. Taliaferro, Leon, will receive his B.S. degree in agronomy in June. He graduated from high school at Leon and attended Murray for two years. He maintained a B scholastic average and is listed on the Dean's honor roll at O.S.U.

The fellowship will enable him to study for the Ph. D. degree for the next three years in preparation for a college or university.

Jeannette Is Back From Texas Hospital

Jeannette Looney, Willis, is back in school after six days in the Wilson N. Jones Hospital, Sherman, Texas. She entered the hospital for observation and treatment on April 2 and was released April 8.

Jeannette, who is a sophomore, asked that her gratitude be expressed for the flowers, cards, and visitors received.

teaching career. One of three granted, the fellowship was given by the U. S. Office of Health, Education and Welfare under the NDEA act of 1958.

Aggies Take Two Games from Sayer

The Aggies were rather inhospitable to Sayer Junior College when they were guests of Murray, Saturday April 7, for a doubleheader. The Aggies won both games by scores of 4-3 and 4-0.

In the first game, Sayer scored the first run in the bottom of the third, when Branson got on by an error on the second baseman. Sayer scored again in the sixth and seventh.

Murray began to warm up and scored one run in the fourth, when Parks walked. Higgins walked in the sixth inning, was put in scoring position by a sacrifice hit by Phil Edgmon, and was brought home by Garland Parks. Larry Pope got a single in the seventh scored on a tremendous double by Doug Webb. Limke got a double and scored Webb to win the game 4-3.

Limke was pitching for the Aggies. Harley struck out seven, walked two and gave up three hits. Sayer received one earned run. Ward was on the mound for Sayer. He struck out twelve, walked three and gave up two doubles and one single.

In the second game, Murray walked over Sayer with a score of 4-0. The outstanding pitching of Aggie Doug Webb, Mannsville, and the backing of his teammates, held Sayer scoreless the entire game. Doug struck out five, walked one and gave up three hits.

The losing pitcher for Sayer was Linares. He had seven strike outs, and gave up three hits.

Herschel Higgins started the game off with a double, followed by Edgmon, Williams and Pope combination scoring four runs for the Aggies. Later in the game Garland Parks got a single but was unable to score.

April 30 Date for Intramural Meet

Go to your mark, get set go! These are the sounds you'll be hearing April 30, date of the Intramural Track and Field meet. All Murray Students, except varsity athletes, may enter the scheduled events.

Medals will be given to winners, and three special events have been added, potato sack race, tug of war and a three legged race. The meet will be run by varsity track boys.

**MURPHY'S
APPLIANCES**

"PUT IT IN here and it comes out there," explains Choice Taylor while demonstrating equipment used by industrial arts students.

Ind. Arts Dept. Courses Equal to 4-Year College

One of the most interesting departments on Murray campus is the Industrial Arts Department headed by Mr. Harold Winburn. Included in the Industrial Arts curriculum are the following courses: machine shop, welding, leather working, plastic working, drafting, introductory courses and advanced courses are offered in machine shop and drafting. These courses, in design and teaching, are equivalent to four-year college and university classes.

Murphy Clocked With Blazing 9.4

Flashy Ardell Murphy blazed to a 9.4 hundred which is just two tenths off the world record of 9.2 at Paris, April 17. The former Fort Worth High school star also won the 220 yard dash with a fine clocking of 21.2.

The Aggie cindersmen tallied 34 points in the triangular meet with Paris and Texarkana Junior Colleges, at Paris. Although Murray had some fine performances they came up on the short end of the scoring with a third place in team scoring.

Along with Murphy's fine performance, Dwaine Woods, Alfred Austian, and Neal Wall also had a fine day on the cinders. Woods ran second in the 220 with a 22.5 and Austian took first in the shot put. Wall gathered in two third places in the high jump and broad jump.

The Aggies relay teams were plagued by bad handoffs. Murray's next outing will be at Tonkawa for the Northern Relays April 17.

Former Aggie Leads OSU Crop Judging

Charles Griffith, Roff, who is a former Aggie now attending O.S.U., was among the crops judging team members to receive an "O" medal. Griffith received a trophy as a leading O.S.U. crops judge for 1961 by the H. W. Staten Memorial association.

Registrar Attends Sequoyah Meeting

The Oklahoma Association of Collegiate Registrars and Admissions Officers held its annual meeting in the Western Hills Lodge at Sequoyah State Park in northeastern Oklahoma April 6 and 7. Mrs. Louise Craven, registrar of Murray College, attended the meet.

The main speaker was, Dr. J.K. Hitt, dean of Admission from the University of Kansas. He spoke at the dinner on April 6.

In the woodworking class the student first selects a project, makes a pattern for the project, then after selecting materials which he must buy himself, he is then prepared to begin work.

The student gets the lumber in rough form, and must smooth it and get it down to the size he desires before beginning actual work on the pattern.

Projects being made now in the woodworking class are coffee tables designed by Ronnie Alexander and Charles Walker, a gun cabinet by Johnny Sneed, and a chest by Richard Bridgman.

The woodworing class has at its disposal many large power tools, and a tool room with hand tools. The individuals are able to check the tools out.

The only fee charged in the Industrial Arts Department is a ten dollar welding fee to pay for the use of equipment. In all courses the student pays only for his material. The tools and tables are furnished by the school.

Mr. Winburn and the woodworing class constructed the new pinning tables recently installed in the student center for the students use.

In the Industrial Arts Department there are about twelve majors. Individual attention is necessary and the department being small each student receives adequate individual instruction.

Former Murrayite Visits Friends Here

Charlotte Scroggins Lowry and five month old son were on the campus April 11 visiting friends. Mrs. Lowry graduated from Murray in 1960, and was married to Fred Lowry, a graduate of 1959. Fred is currently employed at the telephone company in Ada.

Charlotte reported that Norma Jean Griffith, '59, who previously attended O.C.W., is now going to Southeastern State College, and Novita Freeman, who had transferred to O.S.U., is also currently attending Southeastern.

Bore: A person who is here today and here tomorrow.

Murrell-Barnes on All-America Team

Willie Murrell, Eastern A. & M. and Jim Barnes, Cameron, were recently named on the All-American first team selected by the National Junior College Athletic Association. Murrell, the only freshman to make the first team last season, is the fourth junior college basketball player ever to be named twice in succession to the all-American team.

The other three on the first five are Coffeyville's Paul Henry, 6-1, McCoy McLemore, Moberly, Missouri, and Lang Cart, Young Harris, Ga. Henry was voted the "outstanding player" in the national tournament at Hutchinson, Kansas, which Coffeyville won.

Last season Murrell was high scorer in the national tournament with 133 points, leading Eastern A. & M. to a third-place finish.

Barnes was the top scorer in the national tournament with 122 points, leading Cameron to a fourth-place finish this season.

Murrell averaged 24.9 points and Barnes hit 30.6 during this season.

Murrell, 6-5 forward from Taft, hit 707 points last season and 673 points this season for a total of 1380. Barnes, 6-8 center from Stillwater, hit 749 and 949 for 1698 total points. Murrell hit 270 of 472 field goals for 57 percent, and collected 133 of 184 free throws for 72 percent. Barnes hit 323 of 502 in the field for 64 percent and 181 of 286 free throws for 64 percent during this regular season.

Both Murrell and Barnes were named to the Oklahoma all-conference and Region Two teams. Eastern A. & M. and Cameron tied for the Oklahoma JUCO championship.

Eastern Leads in JUCO Conference

Eastern Oklahoma A. and M. College continued to defeat all their Conference opponents, to maintain the number one position in the Oklahoma Junior College Basketball Conference.

Other team ratings are: Cameron, 2nd place; Murray-Bacone tied for third; Oklahoma Military Academy, fourth, followed by Connors, fifth, and Northeastern, sixth.

Home: Where part of the family waits until the rest bring back the war.

Northern Slips by Ags Two-in-Row

Murray's Aggies played their first conference home baseball game at 1 p. m. Tuesday, April 10, with a doubleheader against Northern Junior College.

The Aggies scored four runs in the first inning and another in the second inning. Herschel Higgins, Sulphur, got a base hit in the fourth inning and scored on a hit by Phil Edgmon, Anadarko.

Northern tied the score at 6-6 in the fifth inning with a run by Jester. Northern drove in the winning run in the sixth inning after Dunning was walked and Craft and Hester got two consecutive hits.

Harley Limke was the losing pitcher and Ackerson was the winning one. Harley struck out two men, gave up seven hits and walked seven men. Ackerson gave up nine hits and walked three. The final score was Northern 7, Murray 6.

In the second game Northern scored three runs in the second inning. Fred Williams, Tupelo, got the first hit for the Aggies in the fifth inning, scoring on a sacrifice by Glen Dilbeck, Sulphur.

Doug Webb, Mannsville, was the losing pitcher, giving up five hits, striking out nine and walking three. Page was the winning pitcher, giving up three hits, striking out six, and walking two. The final score, Northern 5, Murray 2.

Tribesman Makes Annual Debut

Murray's day of days arrived Wednesday, April 11. The day of the arrival of the "Tribesman" annual of Murray State College.

Mr. John Fletcher, sponsor, Jerry Martin, editor, and the staff of the "Tribesman" are to be congratulated for the fine job they have done.

The annual, with its brilliant cover and equally brilliant bonfire on the inside, can be seen in the arms of almost all the students. Arriving almost a month early, it gave us all a pleasant surprise, and a tingling of suspense was in the air Wednesday until all the pictures were thoroughly looked over.

Wednesday night seemed to have been designated as "Sign Annual Night" for everyone, with annual in hand, came to the student center, and annuals were passed from "pillar to post" for the signing.

Mr. Murray Never Tired of Learning

Although Lemuel Murray, our English instructor who lost his life earlier this month in an auto accident, faced death when his car hit the slick spot on a bridge, it was no new experience for him. During the last ten years Mr. Murray had come face to face with death and pain very often.

According to his family, Mr. Murray had been suffering from an incurable ailment for several years. His family and friends didn't expect him to live this long. But a good doctor in Poteau had administered the correct care and medicines (which Mr. Murray had to take almost continuously) to keep him alive and in condition to continue his work.

Due to ill health Mr. Murray discontinued teaching at one time to take an accountant's job in Kansas City with General Mills Company. However, this didn't help him, and since he loved to teach, he returned to the teaching profession.

Mr. Murray, who was valedictorian of his high school class at Cameron, attended junior college at Poteau; received his B.S. at Tahlequah and received his Master's Degree at Oklahoma State University. He was planning to go back to college this summer to work on his Doctor's Degree.

He was an exceptionally intelligent man, and he never stopped trying to learn more. At the time he was killed he had thirteen books checked out of the college library. Eleven of the books were found in his apartment; it is believed that he had the other two in his car at the time of the accident.

He was born at Williams, Oklahoma, and began his teaching career at the age of 20. Since then he had taught at Tahlequah, Fairhill, Ft. Coffey, Muse, Ochela, Keota, Tishomingo, and Murray College; all are in Oklahoma.

A veteran of the Army during the Korean conflict, Mr. Murray loved nature and outdoor life. At the time of his death he was on his way to Cameron to look after a herd of cattle which he owned there, and to see his elderly mother who is in ill health.

Mr. Murray is survived by his mother, Mrs. L. W. Murray, Sr., three sisters, Mrs. Ralph Shoup, Mrs. Jess Cannon, all of Cameron, Mrs. Alice Cavanaugh of Mannville, New Jersey, and one brother, Mr. Jack Murray, also of Cameron.

Perkins Takes Top Honors as 800 FFA Boys Visit Campus

Nearly 800 Future Farmers of America invaded the campus of the Murray State College, Tuesday, April 3, to compete in the interscholastic contest for FFA chapters.

The FFA boys from Perkins managed to excel in the rugged competition, taking the top team honors in two contests, and the high individual award in two contests. The Perkins boys took the top spot in the livestock judging contest and in the poultry judging contest. Their two top individual awards went to Donald Bales in the poultry contest and Lee Ray Murlin in the entomology contest.

In the speech contest, the FFA Division was won by Larry Montgomery, Calvin. In the Co-Op speech contest, the top speaker was Earl Beck, Stringtown; and in the Bankers speech competition the first place speaker was Lee Russell of the Tishomingo FFA Chapter.

The first place award in the chapter meeting contest went to Lone Grove FFA boys. The second place award went to the chapter members from Sulphur, and the Roff chapter took the third place award.

Bill Harris, a member of the Calvin Chapter, was the top individual in the farm management contest, while the boys from Atoka took the team award.

In the meat contest, Sperry had the top team, with Dale Beaty, Pauls Valley, taking the top award in the individual competition.

The Turner FFA Chapter proved to have the best score in the entomology contest. The high score in the field crops contest was gathered by the Colbert team as one of their team members, Billy Bradbury, took individual honors.

The dairy honors were captured by the Ripley team members while the individual award went to Carl Lewelling, Stratford. B. T. Ferguson was the top individual in the livestock judging contest.

Maysville FFA members swept the farm shop contest with the first place team, Randall Paden won the individual award.

Talihina FFA Chapter members had the outstanding horticulture team, but Charles Brooks, Keota, was outstanding individual.

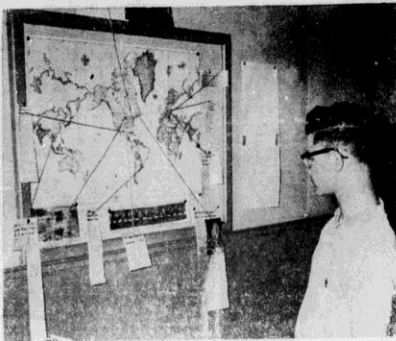

The contest on the Murray campus is one of the most competitive in the state. The district teams are all in the final stages of preparation for the state contest, to be held later this month on the Oklahoma State Campus in Stillwater.

School Is Out for Teachers' Meet 13th

A welcome relief to the students in the form of a holiday came on Friday the thirteenth (April). The Junior College Workshop met in the Oklahoma Center for Continuing Education at Oklahoma University.

Dean Leland Medsker, of Contra Costa, Calif., was the main speaker. On Thursday evening, April 12, there was a cello concert, featuring a member of the Oklahoma City Symphony Orchestra, and a banquet.

Some of the faculty planned to attend the Thursday events, but most of them drove up for the Friday sessions.

TONY WHITE admires Current Events map, in hallway of Engineering Building. The map was introduced by Mr. George Calvert to promote interest in world happenings. Mr. Calvert's secretary, Sis Dandy, cuts clippings and connects them by string to position on map.

Fletcher Changes 'Brother Rat' Dates

Mr. John Fletcher has announced the new dates for the production of "Brother Rat", a lively three-act comedy, has been changed to the nights of May 8 and 9.

Mr. Fletcher said with the new schedule for Easter holidays, more time was needed for rehearsals.

Faculty Members to Have Busy Summer

Mr. George Calvert, mathematics and engineering instructor has accepted an appointment to study engineering mechanics and associated mathematics at Texas Agricultural and Mechanical College, College Station, Texas. His studies will begin June 4 and will be completed July 15.

Mr. Gerald D. Shryock, chemistry instructor, has received an NSF grant to study advanced chemistry at the College of the Pacific Stockton, California during the coming academic year. His studies begin July 23. His graduate work will be applied toward a doctor's degree. Mr. and Mrs. Shryock and children will leave for Stockton approximately July 10.

Miss Beulah Zimmerman, chemistry instructor, will be enrolled in Oklahoma State University during the summer in a continuing program of study begun the second semester of this college term. She plans to return to Murray next fall and will continue to teach chemistry.

Mr. Paul J. Park, biology instructor, has accepted an appointment to participate in the NSF Institute in Desert Biology sponsored by the Life Science Department at Arizona State University, Tempe, Arizona. Mr. Park plans to make a photographic record of desert biology useful in courses at the college level.

Mr. Elmer Massey, basketball coach, plans to attend the Cardiovascular school at Oklahoma University this summer. This grant is made by the Department of Physiology at the University of Oklahoma. The study will begin on August 5 and will continue for four weeks. This course is offered to help improve college science instruction and stimulate interest in medical science.

Other faculty members who plan to attend school are Mr. and Mrs. Bill Rainey and Mrs. Murrelle Mahoney.

MAD MOMENTS

What to say?
When Your Steady Gives Your Ring Back:
So you're the one who had that, I thought I had lost it.
Indian giver.
Oh, wrong size.

Cutting Class:
My shoestring broke,
I couldn't find my clothes,
I got lost in the bathroom.
But it was my birthday.

When You Kiss Your Girl And The Housemother Catches You:
Hi housemother,
You want one too?
I am the college tastes test.
Bye housemother.

Finding Beer Cans In Your Room: But Ma Gentry, they make such lovely pencil holders.
What beer cans? Oh those.
Well it was like this, I am going to build a Chevy.
Cool's is a new brand of can-opener.
Your guess is as good as mine.

Students Find Old Clothes Sales Are Difficult to Make

Four Murray students and one small-sized child were seen standing before a car load of old clothes on Ardmore's Caddo Street. The students weren't hard to detect. They were the notorious Lynda Roberts; Sue McKown, Kathie Brooks, and W. B. Daugherty. The child was Cindy, Kathie's sister.

All five were seen doing a pretty good bit of bargaining. Has it come to selling your own clothes to stay in college? They went by dealer after dealer trying to sell the clothes to no avail. Apparently the rest of the world is better dressed than our four friends. Finally, making one last attempt to sell the clothes, they took them to one more

Marine Corps Seeks Officer Material

Captain Ralph P. Holt, Marine Corps Officer Selection Officer of the Oklahoma area, visited the campus of Murray State College April 10, for the purpose of interviewing students interested in becoming commissioned officers. Captain Holt was in Patton Hall and was available for interview between the hours of 9:00 a. m. and 3:00 p. m.

The Marine Corps offers draft deferment to students in college, and commissions to male students who can qualify for its Platoon Leaders Class. After completion of the required training and graduation from college, candidates will be commissioned Second Lieutenants.

Qualified seniors and graduates may apply for enrollment in the Officer Candidate Course or Aviation Officer Candidate Course. Women students interested in obtaining a commission in the Marine Corps may apply for enrollment in the Women's Officer Training Course.

County 4-H Girls Visit Murray Apr. 4

Murray campus was visited Wednesday, April 4, by the county 4-H first and second year girls. The girls came to Murray to be awarded ribbons for their projects, which had been scored the previous week by Mrs. Rosalva Rainey and several other county women.

The projects which were judged were scarves and handkerchiefs made by the first year girls, and aprons made by second year girls. Also participating were several junior high girls who came to have their dresses and suits scored.

The college Home Economics girls served punch to the younger girls while the junior high students met in the auditorium for the judging of their projects.

Several Home Economics films were shown to the girls in the film room, also.

There were over one hundred students participating.

shop. After picking up each item gingerly, and examining it carefully, the woman announced that she would give \$10 for the lot of them. The by-now hopeless students were stunned with gratitude.

Ed. Note: They were selling the clothes for the Phi Theta Kappa trip.

Harley Linke and Friend

Rattlesnakes Make Mighty Fine Eating - So He Says

If you should see a large rattlesnake making his way across the campus some morning while on your way to class, please don't kill him. Call Harley or Susan Linke, because it would probably be one of their "pets" out on a campus sightseeing tour.

Harley, who has captured hundreds of rattlesnakes, has enjoyed a hobby of the study and catching of live rattlesnakes for nearly 10 years. He says this time of the year the snakes come out of their dens when the sun is shining warmly. Until the summer heat is here to stay, the crawlers will only come a short distance out of their dens, returning to their warm dens when the coolness of the night air comes. This keeps the rattlers in a smaller area where they are easier to find.

Although Harley does enjoy the snake catching hobby, it has proven to be, as one would imagine, fairly dangerous. He has been bitten three times by poisonous snakes, twice by copperheads and once by a rattler. A copperhead found a place for his poisonous fangs on Harley's hand once while he was performing before a camera making a film for television. The other two bites occurred while he was snake hunting.

Harley has also utilized his knowledge of snakes as a public service. He has made demonstrations to local high schools to teach

the students treatments for bites and how to handle and recognize poisonous and non-poisonous snakes.

When asked what he did with the snakes that came in contact with his snake tongs, he said that he sold some, ate some, and gave several to zoos throughout the nation. He has given snakes to the Fort Worth, Oklahoma City and Tulsa zoos. He has also hunted for the Lawton zoo that is to be opened with in the near future. Some of his rattlers have been shipped as far as the Bronx Zoo in New York.

When discussing the meat of the rattlesnake for the purpose of eating, he said that if there should be any poison within the meat, the heat of cooking would kill it.

While being interviewed for this article Harley's wife Susan, brought out the house pet. It was a rattler about fifteen inches long caged in a quart jar.

Several crawlers have been the victim of Susan's snake catching ability. Harley admits that he is a little more uneasy with her catching them than he would be handling the snake tongs himself, but Susan argues that she can capture them just as safely as anyone.

Harley says the longest rattler he has helped catch was six feet, ten and one-half inches long. The heaviest one was eighteen pounds.

'Owners of Spain' Cast Is Selected

The cast for "Joint Owners in Spain" a one-act play by Alice Brown, has been selected, according to Mr. John Fletcher. The all girl cast includes Sylvia Askew, Kathryn Brooks, Imogene Morse, and Mary Ann Beekam.

The play is to be presented as a radio program, using sound effects and various other aspects of radio.

Don Pogue has been selected student director of the play.

The other one-act play to be presented by the Drama class is "Submerged." The student directors of it are Wayne Hunter and Allan Campbell. The cast is to be all male, and hasn't been completely chosen yet.

Play Must Go on, Despite Troubles

Mr. Fletcher seems to be having a bit of trouble with his plays and play casts lately. "Brother Rat", the three-act comedy to be presented in May, has had the presentation date extended twice now, due to no fault of Mr. Fletcher. The date was extended once scheduled on the day of dress rehearsal.

The play casts have also had a bit of trouble lately. One of the girls in the one-act play has poison ivy on her lips and can't read her lines. The Shrine parade in Ardmore took half the cast of "Brother Rat" out on the first day of practice without books. Along with these small difficulties, come the usual stomachaches, flu epidemics, tests, and various other ailments of the students.

Traffic Violations Bringing Tickets

Dean Johnson was kept rather busy last Thursday giving tickets for illegal parking and non-registered cars. The Dean is giving tickets to all cars parked in the restricted area, and those cars not registered correctly.

The restricted area is the south side of the street running in front of the library. The registration is supposed to be placed in the right hand corner of the windshield. If your car is not properly registered or not registered at all, please check on it . . . or you may be the next victim.

Stickers Proof of Political Interest

A visitor on the Murray campus would be quick to realize that the students here do have an interest in the local and state affairs. This is evident by the political stickers displayed on many of the student's cars.

The stickers, ranging from county commissioner to a governor choice, give some of the "under-voting-age" students a chance, to a certain degree, to help support the candidate of their choice.

BULLETIN

All returning students who plan to use student loans for 1962-63 school year should submit their applications immediately, in order for the loan committee to process them before the close of school. For further details see Mr. C. J. Hall.

Student Senate Filing Date Is Drawing Near

All-School Picnic Plans Announced

The Student Senate decided Wednesday, April 11, to have an all-school picnic. The voting was unanimous.

The picnic is to be held at Round Robin Ranch, on either May 7, or May 14. The complete facilities of the Ranch are to be open free to the students. Miniature golf, skating, swimming, dancing, and horseback riding are among the multiple sports to be available.

A bus to transport the students to and from Round Robin Ranch is being obtained.

Each student will be allowed one guest, and tickets will be given out to make sure that only college students and their guests are allowed in.

Encyclopedia Firm Has Summer Jobs

If any student is interested in a summer job, it may be profitable to contact the Encyclopedia Americana in Oklahoma City.

According to correspondence received from Mr. Harold Davis, Division Manager of the publishing company, they are very interested in obtaining a few students for summer work.

Interested students can contact Mr. Davis at Encyclopedia Americana, Suite 111, 2720 Classen Boulevard, Oklahoma City.

Simpson Approves Easter Down South

Buddy Simpson, sophomore from Nida Point, spent Easter quite far away from home this year. He went to Alexandria and Baton Rouge, Louisiana.

According to Buddy, the trip began at 4:00 a. m. Friday morning. After spending time in both cities, he returned late Monday. Buddy stated that he had a wonderful time.

MAKE DOGWOOD TOUR

Mrs. Capitola Boyd, Mr. and Mrs. John Fletcher, and the Gerald Alloways made a tour of Eastern Oklahoma Saturday April 21, to see the dogwood trees. They went to Broken Bow and Beavers Bend State Park, Muskogee and on to Tahlequah.

Machine Age Has Arrived at Lucas

Hasell Lucas boys have another new machine. This one is a drink machine. It has orange juice, milk, and chocolate milk. The machine and drinks both were purchased from Colvert's Dairy, Ardmore. The boys are really taking advantage of this convenience and seem to be enjoying it very much. Earlier this semester a cigarette and snack machine were installed.

Some teachers' lectures are like steer horns—a point here, a point there, and a lot of bull in between.

Election to Be Held on May 8

The Student Senate has announced that the election of next year's officers of the Student Senate will be held on Tuesday, May 8, 1962.

Nominations for the offices of president, vice-president, secretary-treasurer shall be by petition signed by at least twenty members of the student body. These petitions are to then be filed with the Dean of Students not later than four school days before the election. No person shall sign more than one petition for any one office. These petitions can be picked up from the Dean of Students.

Qualifications Listed

The qualifications for these officers are as follows: The student must be carrying at least sixteen semester hours at the time of election, with an average of at least C. The nominees for president must have completed at least sixteen semester hours.

If no candidate for these offices receives a majority of all the votes cast for that office a second election between the two highest candidates shall be held within three school days after the election.

The candidates will not be able to use commercial printed campaign literature.

Polls Open 8 A. M.

The election of the officers of the Student Body Organization shall be held under the control of the Student Senate and shall be conducted according to the rules. The polls will be open from 8:00 a. m. until 4:00 p. m. on the day of the election.

Federal Inspection Set for Cadet Staff

The Murray State cadet staff has been notified that a federal inspection will be held April 30, 1962. It will consist of a staff briefing and general inspection of the cadet organization. A formal inspection of the entire Cadet Corps will not be held, since that afternoon has been designated as the date of the Intramural Track and Field meet. The Cadet Corps will be inspected by Major Jones.

Cadets of the month selected for February were Cadet Major Wayne Hunter and Cadet Jimmy Kibby. Cadet Captain David Bland and Cadet Bernie Conway were selected as cadets of the month for March.

Patton Hall Girls Plan Mother Tea

Patton Hall girls are planning to give a tea Wednesday, May 3, in the ball room of the student center. Kay Cope, president of the dorm, has appointed various committees to plan and serve at the tea. Faculty members, teachers' wives, Bessie Poe, girls, and the mothers of the girls have been invited.

NOTICE

All over due books are to be returned to the library by Tuesday, May 1. If these books are not returned by this date, the student will be billed for the book. All books must be returned no later than May 15 so that library and business records may be completed. The library will be open for study and use of reference books through finals.

Sure Would Like to Be Mr. McDowell!

The girls' drill team were measured for their uniforms Wednesday, April 18, in the gymnasium. The uniforms are expected to be in May 7.

Mr. McDowell of the McDowell Uniform Company in Oklahoma City measured the girls.

BACK OFF AND LOOK AGAIN!

Lately, as the end of the school year is just ahead, you hear remarks about the "dead school" and the "dead town." Are these fair remarks? Who made this school what it is? The students did, of course.

For a small town college, Murray students have it pretty good. There is a movie theatre, a drive-in theatre, and only a few miles out of town is a recreational center, which features horseback riding, miniature golf, skating, swimming, and fishing. So we don't have a bowling alley—you can't have everything.

In a few weeks, it will all be over, and you will return to your own home towns. Things may seem exciting then, but is it because of better recreational facilities, or because you have more time to enjoy them? After all, you are here to get an education, not to have a fling in the "Playland of the South."

Murray is your school—soon you will be alumni. Then, you will remember the good times and the bad times will fade. Murray is not a dead school, nor will it be as long as it has students "remembering when."

Aggelite Bloopers: Right People Going On Wrong Trips

In the last issue of the Aggelite, we had the Science Club taking a trip to East Central State College, which in reality was taken by Mr. Paul J. Park, head of the science department, and his wife. We wish to correct that mistake.

The Murray Science Club sponsored a field trip to the campus of the University of Oklahoma on April 6. The purpose of the trip was to visit the Stovall Museum. As the secretary of the museum had been notified one week in advance of the arrival of the group, a guided tour through the ancient animal exhibit was ready to go on their arrival.

After the tour of the museum the group looked through the Life Sciences Building to observe a number of interesting exhibits.

After leaving the campus at noon, the group gathered in the Municipal Auditorium in Oklahoma City

where the Oklahoma Frontiers of Science Foundation conducted a symposium on Molecular Architecture.

The group heard interesting lectures from Dr. Donald W. Breck, Tonawanda, New York; Dr. Roderic B. Park, Berkeley, California; and Dr. George P. Hager, Minneapolis, Minnesota.

Students who made the trip are as follows: Otto Murdock, Achille; Harold Sollars, Ardmore; Jerry Hauser, Ardmore; Bill Berninger, Davis; Tom Berninger, Davis; Elvis Howell, Shawnee; and Billy Black, Tishomingo. Mr. Park accompanied the students.

NEW TRACTOR BOUGHT

Murray Agriculture College has purchased a new 3010 John Deere tractor and tandem disc for the college farm.

KEEPING LATE HOURS

George Calvert's Surveying class is keeping late hours this week, trying to meet their deadline on some problems.

"My Wicked Pen"

By Kathie Brooks

A new club has recently been formed in Patton Hall. There seems to be something wrong, though none of the girls cares to tell the name of it.

Jerry Butler has been one of the nicest persons on campus about signing annuals. Boy, you never have to ask Jerry twice. He's real good about stuff like that though. I nominate him for Best Personality of O.U.

Heard something about some girls camping behind the Engineers Building last weekend. Who were they?

Due to popular demand the names of the letter writers in last issue's Aprilfield column, will appear in the issue of July 4. Don't anyone forget to come back and get your copy of the paper.

Paula, Lutricia, and Wilma were sighted on the Southeastern campus. Couldn't be thinking of going there, could you girls?

Benny Bennett has sure got himself a classy car. What does the USNA stand for?

Richard Haney and Linda Thomas seem to always be holding hands these days—gettin' serious eh?

Did anyone note the blanket on the lawn in front of Poe Hall one sunny day last week? Found sunning were Sandra Moore, Marcella Lancaster, and Francis White.

Beards, Beards, and more Beards—The western world of Murray's western week has already surrounded the campus, as each male student seems to be trying to grow the longest beard. Any chance for a prize?

Heard Dixie had a little trouble over the Easter Holidays. Couldn't be any truth to this, could there Dixie?

Panting and perspiring, two men on a tandem bicycle at last got to the top of a steep hill.

"That was a rough climb," said the first man.

"It certainly was," replied the second. "And if I hadn't kept the brake on, we would have slid down backward."

SPOTLIGHT

Wilma McCurry

James Gist

Wilma McCurry, Wapanucka, is the girl in this week's spotlight. She is a sophomore who is majoring in elementary education. After graduation she plans to attend Southeastern State College, Durant, next fall.

Her favorite color is blue; food, pork chops; song, "Jenny Come Lately;" singer, Jackie Wilson, and pastime, singing. Wilma's pet peeve is Air Force boys.

While attending high school, Wilma participated in various activities. They include: valedictorian of the senior class; secretary-treasurer of the senior class, a member of the girls' chorus and the National Honor Society. She was also listed on the honor roll for four years.

At Murray she is a member of the girls' chorus, secretary-treasurer of the Home Economics Club, a member of Phi Theta Kappa, Gamma Diggers, and the annual staff. Wilma is also a member of the Student Senate.

Engineer to blind date: "I never really believed in re-incarnation—but what were you before you died?"

James Gist, Mill Creek sophomore, has been selected as the boy in this week's Spotlight. He is majoring in nuclear engineering.

James lists his favorites as follows: color, scarlet; food, pizza; song, Dream Lover, singer, Connie Francis; pastime, giggling gamefish ? ? ? His pet peeve is people who have a superiority complex.

While in high school James was a member of the basketball and baseball teams for four years. He was valedictorian of his class and also president of his senior class. He was voted as the Best All-Around Boy and was voted the all-county pitcher and was on the all-conference basketball team.

Here at Murray he is vice president of the Phi Theta Kappa, a member of the engineer's club and a member of B.S.U. He is also cadet Colonel of ROTC. James is also qualified for pilot training in the United States Air Force.

James plans to attend Oklahoma State University.

DWAINE WOOD, freshman sprinter from Tishomingo, has run fine races for the Aggies in the 220 and relays. Dwaine's best performance was at Northern where he ran 21.2 in the 220 yard dash.

HERSHEL HIGGINS, sophomore from Sulphur, has performed well this year for the Aggie baseball team. Hershel is 3rd baseman for this year's team. Hershel is one of the top hitters for the Aggies.

Classes Out for Intramural Event

Classes at Murray were dismissed Monday afternoon, Apr. 30, at 2:00 to allow all students to attend the intramural field day held on the campus.

The field day, under the direction of Mr. Benton Ladd, included stunts and individual and team participation in various athletic events.

MURPHY'S
APPLIANCES

'Marriage Fever' Contagious for Many Murrayites

Toward the end of school, a 'marriage fever' takes over, and students become engaged left and right. Several marriage will take place for some of our Murray friends before the school is out.

May 5 is the date chosen by Doris Low, Davis freshman, and Phillip Edmon, Anadarko sophomore. Doris and Phil plan to be married in Sulphur in the First Freewill Baptist Church, at 8:00 p. m. The wedding is to be an event for families and close friends.

Imogene Morse, Fox, sophomore, has already tied the knot. Imogene and Ernest Milam from Pauls Valley were married April 20, in the Assembly of God Church in Tishomingo.

Pat Houston and Paul Patterson recently became engaged. Pat is a sophomore from El Reno, Paul, a sophomore, is from Wilson.

Neal Freeman, sophomore from Ardmore, will marry Velda Ann Parker, Murray alumna, June 10. The couple have been engaged for several months.

Jeanette Looney plans a June wedding. Her fiancé is from Madrid.

Linda Kaye Cope also has her wedding planned for May 26. Royce Lanier is the lucky boy.

We don't know when some of our engaged girls are getting married. This includes Lynda Roberts, Kay Vaughan, and Linda Copeland.

Wedding Bells Ring For Morse-Milam

Wedding bells have rung again! This time they were for Imogene Morse, Fox, and Ernest Milam, Pauls Valley, who were married Friday night, March 20. The ceremony took place in the Assembly of God Church, Tishomingo, with Reverend Shaffer officiating.

The couple plans to make their home in Pauls Valley where he is presently employed at Colliers Transfer and Storage. Imogene plans to attend East Central State College next year.

New Renault Novel Is Set in Greece

Mary Renault's latest novel of legendary Greece, *The Bull From the Sea*, is among the newly arrived books at the college library. Miss Renault, who is the author of *The Last of the Wine*, *The Chariteer*, and *The King Must Die*. She is a former resident of Greece.

The Bull From the Sea chronicles the years of Theseus, king of Athens, after he returns from killing the minotaur at Knossos, Rhodes, which is dealt with in *The King Must Die*. The action is fast moving, for Theseus, a wandering adventurer, is continually moving about, putting down revolutions, warring with his belligerent neighbors, and abducting women. The most prominent part of the novel deals with Greek religion: sacrificing bulls, dancing before idols, and funeral games. Theseus is finally murdered by the king of Sparta.

The novel is soundly written, but spotty and weak in reference to real legend.—Larry Thomas.

John Thompson Is New Net Champion

John Thompson beat out Wayne Hunter for the Intramural Tennis Championship Wednesday, April 18. Thompson played sound tennis beating Hunter by a wide margin in the last two sets. Hunter won the first set 6-4 but Thompson rallied back winning the last two sets 6-4 and 6-1.

Mixed doubles will start next week. Students interested may sign in the student union for the tournament to begin next week.

Ladd Tries Doing What He Preaches

Benton Ladd, Murray football coach, was one of the many athletes playing in the Varsity-Alumni game at Oklahoma University Saturday, April 21.

Coach Ladd found himself "out of shape." He also found the Varsity to be a promising crew of hardhitters. Ladd believes the Varsity shows promise for the future but is very green, with mostly freshmen and sophomores playing on the first two units. If they do lose next year it will probably come in the early games with so many young players.

Coach Ladd spent the remainder of his Easter vacation visiting with his former teammates.

MAY 10-12 IS SET AS DATES FOR AG RODEO

Members of the College Rodeo Club have had all of their spare hours occupied during the last few weeks, preparing the local rodeo arena for their nearing rodeo.

The rodeo, which is being sponsored by the Murray Rodeo Club, is to be held May 10-12. It will consist of events in bare back riding, bull riding, barrel racing, calf roping and steer dogging.

All entries are being reserved for college and high school students. Don Rigby, Rodeo Club president, announced that entries were coming in at a satisfactory rate.

The entry fee in all events will be \$10.00. In the calf roping each contestant will be allowed two calves with a choice of what night he wants to perform.

The Club is sponsoring a parade down Main street in Tishomingo Saturday afternoon at four o'clock.

The arrangements and management will be under the supervision of the Rodeo Club. Elvis Howell will be the announcer, and Randy Rice and Don Rigby will be the clowns.

All entry fees will be returned to the winning contestants in the form of prize money. There will be four money winners in each event, and possibly a trophy for the all-around winner.

Murray Thinclads Third in Relays

Murray Tracksters led again by speedy Ardell Murphy finished third in the Northern Relays April 17th at Tonkawa.

Murphy won the 100 and 220 dashes and Dwaine Wood placed second in the 220. The Aggie relay team, composed of Neal Wall, Wood, Robert Musgrove and Murphy ran's blazing 1:30.6 to win the 880-yard relay event.

Larry Winchester and Robert Holladay took first place in the pole vault and Discus, Alfred Austain took third in the shot put and Bennie Cash picked up a point in the half mile run.

Murray netted 40 points, placing a close third to Bacone and Cameron. Cameron won the meet with 52 points, against a classy field of five teams. Murray next's outing will be at Miami May 3.

The bright student looked long and thoughtfully at the second examination question, which read: "State the number of tons of coal shipped out of the United States in any given year." Then his brow cleared and he wrote, "1492—none."

around winner.

All entries should be sent to Don Rigby, Fulton Dorm, Murray College, Tishomingo, Oklahoma. Entrance blanks in the calf roping event should include the nights desired to compete.

ROVIN' REPORTER:

Would You Trust Mr. K.?

Soviet Russia accuses the U. S. of war mongering in its defense and testing program, yet Russia has been unwilling to end thermo-nuclear testing. Now she is also said to be planning an elaborate system of civil defense shelters.

At the same time, Khrushchev has expressed a desire to discuss a disarmament plan with us. In view of their conflicting actions, and declarations, the Rovin' Reporter this week asked the question:

Do you think Mr. K. and the Soviet Union can be trusted in an agreement to disarm or stop nuclear testing?

No, because if we both disarmed they would have an advantage because they have more men.—Tom Kerr.

Not without International Inspection.—Bill McNeil.

No, because if we had total disarmament there would be no way of knowing what they had hidden.—Larry Holder.

No, they wouldn't do it now because they are going to have more tests. Anyway, that is what the radio says.—Richard Haney.

From the past experience, we couldn't trust him in anything.—Evonna Looney.

No, he hasn't proven trustworthy

in anything yet.—Billy Murphy.

No, because he hasn't proven himself trustworthy in the past.—Bernie Conway.

No, because I think he would jump at the first chance to get any kind of advancement on the U. S.—Barclay Martin.

No, I don't think Mr. K. could be trusted at anything. He uses psychological war fare.—Judy Harwell.

No, I don't think he can be trusted with his father's toupee.—David Skidmore.

Being the type that gets excited quickly, Mr. K. would jump to conclusions about the U. S. This would end in one big "Heck of a mess."

No, I don't think he could be trusted. If we both disarmed and inspected each country, they are sneaky enough to hide enough back to destroy us as soon as we turned our backs.—Ronnie Parker.

Up to now, he hasn't been trustworthy; so I don't believe he has made an about-face yet.—Jerry Hauser.

I believe the U. S. needs to keep a cool head and let the Russians make the first move. This way we would know whether they are really sincere or not about disarmament.—Eddie Hatch.

No, he has already proven to us

Language Arts Department Offers Many Opportunities

One of the most interesting departments to students is the Language Arts Department. Through this department a student may learn to read rapidly with more comprehension, to speak effectively and correctly, to act convincingly and to study and practice news writing.

Murray offers a course in Developmental Reading to aid students in correcting and improving their reading.

This course, which is offered to both freshmen and sophomores, makes use of speed-reading machines and other devices designed to improve both speed and comprehension. It is taught by Mrs. Rosalva Rainey.

Publish Paper
Another course which is a credit to the Language Arts is the Journalism Department. Through this course a student learns the techniques of news writing. The semi-monthly school paper, the Aggie Lite, is produced by the Aggie Lite staff composed of Journalism class members. Also the staff has the opportunity to express their opinions in editorials which influence the student body. Mrs. Murrelle Mahoney is the Journalism instructor.

Present Plays
The speech courses taught by Mr. John W. Fletcher give the student an opportunity to improve their

that he is a pretty good liar. If we were to sign a disarmament with him, he would turn right around and break the agreement just like he has done with other agreements in the past.—Bill Berninger.

No, he has never at any time in the past shown he could be trusted, and you cannot teach an old dog new tricks.—Neal Freeman.

public speaking. They are designed to improve mannerisms and to relieve an insecure feeling which many people have when they are asked to make a speech before a group.

An attempt is made to correct many of the common grammatical errors made by many students in the English classes. Spelling, punctuation, and creative writing are among the many phases of English which are taught in these classes. A term paper is required of students enrolled in English 123. Its purpose is to teach students the proper treatment of footnotes and bibliographies, and the procedure for writing a term paper. Mrs. Capitola Boyd and Mrs. John Chisholm are instructors.

Literature is another of the courses which make up the Language Arts Department. Modern literature is a study of recent American writers and their works. English literature covers the English writers. It is taught by Mr. John Fletcher, who also teaches drama.

BSU Officers to Be Installed

BSU officers for the coming school year will be installed Sunday, May 6 at the First Baptist Church, Tishomingo.

Retiring officers are Pat Houston, president; Herschel Higgins and Peggy Belcher, vice-presidents; and Tena Looney, secretary.

New officers to be installed by Rev. Davis are Fred Williams, president, W. B. Daugherty, Gary Majors and Glen Leming, vice-presidents, and Evonna Looney, secretary.

Services will begin at 8:00 p.m. and the public is invited.

PTK's Elect New Slate of Officers

Bernie Conway, Gene Autry, was selected president of Phi Theta Kappa on Monday, April 16. Vice president will be Waddell Altom. Varnos. Other officers include secretary, Meredith Martin, treasurer, Donald Green; Student Senate representative, Billy Murphy; and reporter, Dixie Thompson.

The newly-elected officers were installed in their new positions Monday night, April 30, in the ballroom. The ceremonies were conducted by retiring officers of the club. The retiring officers are Ronnie Hale, Maud, president; James Gist, Mill Creek, vice president, and Janelle Hale, Maud, secretary. Miss Ella Draper, sponsor for the group, and present members attended the meeting.

Kennedy-Searcy Vows Exchanged

Gwen Kennedy, Denison, and Royce Searcy, Elmore City, were married last Friday, April 27, about 5:00 p.m. in Denison after obtaining a license in Sherman. Linda Thomas, Tishomingo, and Richard Haney, Gene Autry, accompanied the couple.

After graduation from Murray, they plan to attend school at Stillwater, where Royce will work on his agriculture major, and Gwen on her physical education major.

BUY BETTER-THAN-EVER U.S. SAVINGS BONDS

A new 50-star flag now flies over the capitol of 50 states—symbol of a new America that's bigger and stronger than ever before. And there's a better-than-ever U.S. Savings Bond, too, to help keep our new America strong.

U.S. Savings Bonds are now better in two ways:

1. They mature 14 months faster than before. In E Bonds \$18.75 now becomes \$25 in just 7 years, 9 months.
2. They continue to earn interest after maturity. If you hold your bonds for 17 years, 9 months, you get \$1.93 back for \$1 you put in.

Other advantages of U.S. Savings Bonds

- You can save automatically with the Payroll Savings Plan.
- You invest without risk under a U.S. Government guarantee.
- Your money can't be lost or stolen.
- You can get your money, with interest, anytime you want it.
- You save more than money—you're helping your Government pay for peace.

You save more than money with U.S. Savings Bonds

BOB THOMAS, Dixon, and Billy Murphy, Broken Bow, are learning the art of distillation in the chemistry laboratory.

"IF THIS what-cha-na-jig would only work." Bill McNeil, Davis, and Mike Simpson, Milburn, are testing the capacitance of a capacitor in physics—whatever that means.

GLEN KUYKENDALL, Stratford, and Dan Croom, Elmore City, are shown using a Schuler rate meter which is used in measuring amounts of nuclear radiation. "Do we run now, or may I finish my coffee?"

Major in Social Science Opens Many Career Jobs

High school graduates find science courses offered at Murray College designed to aid students two ways: (1) Certain courses are for non-science majors and give a broad perspective of the physical world and the world of plants and animals, including man. (2) Other courses are designed to fit a curriculum of continuing education leading toward a number of professional fields. Courses are planned so that students completing two years at Murray may continue their studies at a four year college or university without loss of time or credit. Available are pre-professional curricula leading toward dentistry, medicine, pharmacy, optometry, veterinary medicine, wildlife management, chemistry, science in general, and forestry.

A number of Murray alumni have completed their studies at other colleges and are today filling positions of responsibility in schools, colleges, industry, and government. Not a few have earned masters' and doctor's degrees.

Well-equipped classrooms and laboratories, an experienced and well trained instructional staff make for a congenial, helpful and friendly atmosphere. The trend in classroom methods is somewhat away from straight lectures toward increased use of demonstrations, slides, motion picture films, and classroom discussion.

Murray College is situated close to several features which lend themselves to nature study. These include Lake Texoma, the scenic Pennington Creek, a clear spring fed stream which supplies our campus with water; and the Public Hunting Area a few miles southwest of the campus.

THE FUN is in the making in Home Economics class. Kaye Cope, McComb.

Let's Face It: Most Women Marry And Home Ec Helps Pave the Way!

Facing the fact that most women in the United States marry, establish homes, and raise children, we at Murray try to provide the training necessary for homemakers to solve their everyday problems. For students interested in home economics as a career, the college provides the basic courses necessary for securing of a bachelor's degree, as all courses taken here are easily transferable.

Many aspects of family living are taken into consideration in home economics classes. These include elementary food preparation and meal planning; clothing selection, care, and construction; child care; consumer buying; care and furnishing of the house; and family relations.

The breadth of the field of home economics emphasizes its importance. The fields which it embraces provide the foundation for good health and satisfying and successful living.

The Home Economics Club sponsors monthly and annual projects. This year the Club has made a monthly gift of a centerpiece, stationery, or all occasion cards to the nursing homes in town. Annual events have included sponsoring a dance, preparing a Thanksgiving dinner for club members, serving the noon meal at the annual bull sale, presenting a spring style show, and having a spring tea for the girl students.

LYNDA ROBERTS, Ardmore, cutting out a red dress. "Ouch! That pin is sharp!"

YES, THIS CLASS is enjoyable! Left to right: Tena Looney-Mannsville; Sharon Halstead-Ardmore; Glenna Kendrick-Tishomingo.

SNAPPY UNIFORMS are worn by Murray AF ROTC cadets and their honorary coed majors and colonels. Here the corps band gets set to strike out in marching order.

R.O.T.C. CADET STAFF—These are the student officers who can count to four but can't pronounce it. They are the "Brains and Voice" of Military Science.

RICHARD BRIDGMAN, Ringling, at a machine surfacer in Industrial Arts. It goes in here and comes out there.

"IT'S GETTING dark and they still don't meet." Lanny Mayberry, Davis, getting another plate in Industrial Drawing.

Like to Be an Air Force Officer? Here's One Way!

The primary source of young American men who become commissioned officers in the U. S. Air Force is the Reserve Officers Training Corps. Murray College offers its students this program, conducted by regular Air Force officers.

Each cadet is given basic military training which would prove valuable in serving his country during national crises. He learns the basic ideas of leadership, and studies aerospace and related subjects which are essential not only to future Air Force officers, but to all citizens living in the aerospace age.

Those who complete the course and can qualify, are eligible to enroll in advanced Air Force R.O.T.C. at one of over 100 senior colleges in the U.S. On completion, they are commissioned as second lieutenants in the Air Force.

Uniforms and equipment are furnished without charge. A cadet band and drill team support the R.O.T.C. program.

Young ladies participate in activities as sponsors for the units and as members of the Girls' Angel Flight, a uniformed drill team which takes part in social events and overall activities.

Future Bright for Engineers, Murray Offers Training

In this modern age, when engineers are at a premium and yet most large schools face problems of over crowding, Murray state college offers a unique program to students pursuing degrees in engineering.

On investigation and comparison with such schools as OU and OSU, you will discover that Murray offers a freshman and sophomore engineering curriculum almost identical and readily transferable in advancing to a four year school. In addition, the smaller classes, individual attention and personal contact with the faculty will give a student an excellent foundation on which to base his further work toward an engineering degree.

As a complement to the academic studies, the engineering department sponsors the Engineers' Club which offers programs to stimulate interest in the engineering profession, makes field trips to observe engineering in industry and takes part in the varied campus activities.

Math Department Offers Courses Basic to Degrees

The Department of Mathematics offers the basic courses which are prerequisite to advanced study in Mathematics, Science, Engineering, and related fields. Courses are offered in plane geometry, algebra, plane trigonometry, analytic geometry, calculus, and differential equations.

R.O.T.C. FORMAL BALL, one of the high points of the college year.

Dept. of Language Arts May Answer Your Future Needs

A career as an Industrial Arts Teacher is rewarding in many ways. In addition to average starting salaries of \$3,800 to \$4,000 for ten months teaching, the industrial arts teacher is able to do many kinds of work during vacations and spare time. An industrial arts education will also prepare you for positions of leadership in industry. Courses are available in woodwork, metalwork, drafting and crafts that will provide requirements toward the Bachelor of Science in industrial arts education.

The student not planning to continue his education beyond the junior college level will find many opportunities of increasing his earning capacity through the variety of shop and drafting courses available to him. Many students are able to find desirable

NEAT TRICK: Herman O. Wilson, Lexington, welds a straight bead—and hopes it will hold!

able jobs in industry after completion of only two years of shop and drafting courses, along with the related general education courses available here at Murray.

"WELL, IT MIGHT bite." Engineers out on a surveying jaunt are Gerald Beall and Bob Carpenter, both of Lindsay; Mr. George Calvert, instructor; Phil Neill, Holdenville; and Choe Taylor, Madill.

Cheerleaders Help to Create School Spirit

"Victory, victory is our cry," yell the cheerleaders as they enthusiastically jump and clap before the crowd on the bleachers. This, their voluntary duty, is a task which requires plenty of energy, vitality, patience, and practice.

Often their effort receives only meager results.

But win or lose, sunny or cloudy, the girl's spirits aren't dampened.

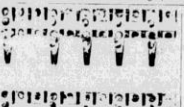

Those leading Murray's Goal Digger's this year are as follows: Kay Vaughn, Anadarko, who has one year experience accredited to her; Shirley Green, Davis, has had two year's experience in cheerleading; Gwen Kennedy, Denison, is cheerleading for her first time this year; Linda Thomas was a cheerleader two years at Tishomingo High School; Dixie Thompson, who attended Lone Grove High School, was a cheerleader two years in high school; Sandra Fisher, Ardmore, is experiencing her first time as cheerleader.

The Murray yells came from the various high schools which the girls attended, and from the yells taught at O.U. cheerleading camp.

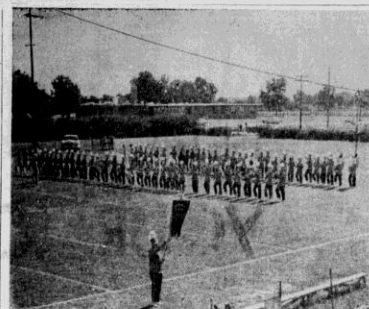

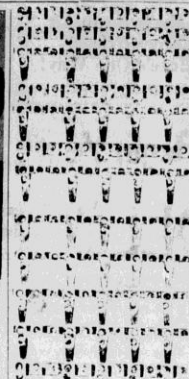

Uniforms worn this year are the same as the ones last year: navy skirts and white wool V-neck pull-over sweaters, with a blue and white letter "M" on them. The cheerleaders' names are inscribed on the "M".

ALL TOGETHER for school spirit! The Cheerleaders, top, Shirley Green, Davis; middle, left to right, Kay Vaughn, Anadarko; Linda Thomas, Tishomingo; bottom, Sandra Fisher, Ardmore; Gwen Kennedy, Tishomingo; and Dixie Thompson, Lone Grove.

LUCKY MEMBERS of the Phi Theta Kappa gather for their trip to the national convention at Biloxi, Miss. They plan to come back and see the sights in New Orleans, if the money holds out. Members have worked hard all year, holding bake money raising scheme possible, to raise funds for the trip. Miss Ella Draper, center, is sponsoring the group.

MURRAY BAND DAY competition brought the Denison, Texas High School band to win one of the trophies.

DR. FREEMAN MCKEE, college president, receives a cup of punch served by Paula James, Wapanucka, at a tea given by the girls of Patton Hall. Waiting their turn are Mrs. McKee, Mary Ann Beckham, Mannville, and Frances White, Burneyville. In background, Dixie Thompson, Lone Grove.

DANCING in the Student Center Ballroom are Darrell Martin, Velma; Shirley Green, Davis; Clyde Womack, Velma; Sharon Halstead, Ardmore; Sylvia Askew, El Reno; and Richard Haney, Gene Austy.

'Twist' Can Be Done Anywhere, But Hep Murrayites Know All the Contortions

The latest dancing craze around college and high school campuses as everyone knows, is the twist.

A description would take a master of words and a master of the twist combination, and it is doubtful that such a person exists, unless he lives in an institution?

Well, here goes. As for the setting, the twist can be done anywhere, from a dirt road, preferably dark, to a ballroom, also preferably dark. For music, background, you must wait for a twist record, Chubby Checker, etc. Then you either choose a partner and proceed to the dance floor or slam on the brakes and clamber out before the record's over.

Now for the dance, you plant one foot a desired distance in

front of the other, choice to be made by whether you are right-footed or left-footed, then twist, man, twist.

Since you begin the dance facing your partner, you may want to turn back to back at times to allay the monotony of seeing a contorted face. This maneuver is accomplished by either a clap of the hands or lifting the forward foot twice, turning back to back at the clap or when your feet touch earth, or floor, the second time. It is recommended that you cease twisting until the turn is completed, especially if you are a beginner.

When the dance is over, you either collapse and are carried to your chair or walk to your chair and collapse until the next twist record.

HOMECOMING finds Aggies making floats for a parade. This space rocket was the R.O.T.C. entry.

BUILT FOR SPEED: Ardell Murphy, Fort Worth, Aggie cinder burner.

Murray Thinclads Tie With Texans

Murray, 52%, Paris Junior College 52%, an unusual climax for Murray's first full track meet held this spring.

Ties are very uncommon in track, especially in dual competition.

The Aggies proved to be very strong in the sprints and relays. Ardell Murphy, high point man for the Aggies, ran a blistering 9.6 century, and led two winning relay teams to the finish line.

He's Top Scorer—

Don Henry, Tyler, Texas, is an outstanding Murray basketball player.

While playing for Murray, Don has scored 22 points against O.M.A., with 20 rebounds, 29 points against Decatur, 28 against Bacone, and 23 against Northern.

John Thompson Is New Net Champion

"SLOW DOWN, Bob, I can't keep up!" How can a guy throw a block from behind? Bob Carpenter, Lindsay, and Dwaine Wood, Tishomingo.

"LET ME have it!" Fast action on the court at Beames Field House. Aggie No. 42 is Don Henry, Tyler, Texas; No. 34 is L. G. Williams, Woodland, Okla., and No. 50, Bob Pickens, Davis. The opposing team is from Cusco, Texas.

Athletic Dept. Offers Year-Round Sports And Physical Fitness Program for All

Due to the increasing emphasis on physical fitness, the athletic departments are fast becoming one of the more important parts of school life. Murray's athletic program is well-rounded for a junior college.

Many sports and activity periods are offered. These include girls' activity class, drill team, boys' activity class, and the school sponsored teams. Intramural play is also encouraged by the coaches. One instructor offers optional tennis classes to be taken without credit.

The girls' activity class is required of each girl for two semesters unless she is physically handicapped. The class is organized to encourage the participation of every individual, changing activities often enough to keep the students from losing interest.

The girls' drill team is something new for Murray this year. It is a sister organization to the boys' R.O.T.C. drill team.

Mr. Elmer Massey, organizer of the class, plans on having the girls in uniform sometime in April. Then they will perform in various high schools. Several R.O.T.C. boys instruct the class under the supervision of Mr. Massey.

In the phase of the athletic program is the boys' activity class. The boys participate in either the chosen sport of the day, or whatever the instructor has in mind.

Murray's athletic program begins in the late summer, some

time before school starts. Coaches Benton Ladd and Elmer Massey begin the tedious task of preparing the boys for football season.

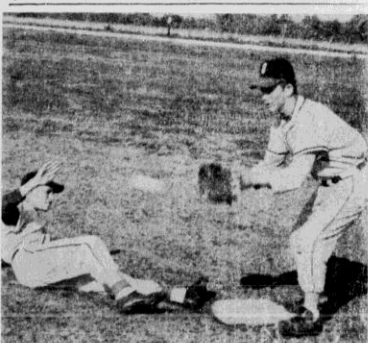

A long time before the close of the football season, Coach Massey has his basketball players in the gym for at least two hours practice every afternoon. Then immediately following the last gridiron maneuver, basketball takes the spotlight to carry the sports curriculum through the rest of the winter months.

With the coming of spring the baseball players and the track boys begin dragging out the old equipment. Once more the close of a season has brought forth another sport.

Intramural sports have attracted wide interest on Murray's campus this year. The teams, each with a faculty sponsor, were organized through the student senate with the guidance of the coaches.

"HURRY UP! I'm getting tired!" Bob Wilmoth, Idabel, reaches up for an easy catch—which slipped through his hands.

"... * * * * * DE IT—or did he?" Jerry Houser, Ardmore, and Fredns, Tupelo, in a close play.

MIKE SLAGE, Fox, and Evonna Looney, Kingston, practice reading on the speed reader.

Teaching Industrial Arts Is a Career That Is Rewarding

Whenever a student is faced with a problem involving reading, organizing, and presenting ideas effectively, he is facing problems which make up the basic offerings of the Department of Language Arts.

This department offers a wide field of service to the college, since majors in the other departments do some of their required courses and many of their electives in either English, Spanish, literature, journalism, speech, or drama.

Many students have difficulty in college classes because of problems in reading rapidly and effectively. To aid the student in correcting this difficulty, the department offers a course in developmental reading, using speed-reading machines and other devices. Enrollment in this course is voluntary.

The department attempts to give its students some basic skills of library research, and to correlate its instruction with requirements for research in the other departments.

Practical work in the production of a newspaper, including news writing, make-up, and organization of a typical newspaper staff make up the basic study in Journalism 113 and 123.

Students taking these courses form the staff of the Aggie Lite, the student newspaper published semi-monthly. Through its pages the journalism student has an opportunity to develop his knack for promoting worthwhile campus activities and influence public opinion on the editorial page.

Students are offered additional experience in the field of layout and writing through an opportunity to work on the staff of the "Tribesman," the college yearbook that has become one of the campus traditions.

In addition to the basic courses in English, Spanish, and literature, speech and drama offer two popular fields in the department. Although the fundamentals are stressed in the beginning course, Speech 202, opportunity is given for interested students to do additional speech work in debate, interpretation, and drama.

Most of the school year finds speech and drama students busy with either rehearsal or performance. The last curtain call had hardly been taken for their winter production before the college drama club began planning for its spring performance.

Musically Inclined? Murray's for You!

The Music Department of Murray College provides a program designed to fulfill the needs of all students. For the student interested in majoring in music we offer courses in music theory and also individual instruction. The student who wishes to gain a general background or fulfill certain general education requirements, say an elementary education major, would wish to take music appreciation or fundamentals of music.

Murray College also encourages students who are qualified to participate in the band, choir, and other activities

THE MIXED CHORUS practices for a concert. Left to right, 1st row, Buddy Simpson, Nida; Oren Peters, Wapanucka; Jerry Mason, Macomb; Ronnie Irwin, Madill; Carl Davis, and Berrell Taylor, Clarita; Homer Vaughn and Harold Latham, Davis; Jimmy Shipman, Wapanucka; and Charles Gilbert, Ardmore. 2nd row, Willie Mann, Tishomingo; Wilma McCurry, Lotricia Williams and Paula James, Wapanucka; Joette Lyday, Dallas, Texas; and Mary Ann Colbert, Atoka. 3rd row, Bettye Gaddis, and Diana Mayberry, Tishomingo; Tena Looney, Mansville; Jo Porter and Helen Smith, Wapanucka; and Arvella Pitman, Tishomingo. The pianist is Mary Nan Stamps, Tishomingo.

"WHAT!" Allen Campbell, Duncan, shows outraged indignation during a scene from the drama production, "Rest Assured." Kenneth Wineinger, Ardmore, is at left, and Marcella McGhey, Kingston, at right.

KNOWLEDGE IS in books. Here Bernie Dean Conway, Gene Autry, and Shirley Green, Davis, make use of the college library.

PRACTICING their speech is Phillip Marshall, Fox, and Ronnie Whatley, Duncan.

THE GIRLS' quartet preparing for their first performance. Left to right Mary Nan Stamps, Tishomingo; Lotricia Williams, Wapanucka; Meredith Martin, Ardmore; Jeannette Looney, Willis; and pianist Kay Vaughn, Anadarko.

KAY VAUGHN, Anadarko. Practice! Practice! Practice!

THE FOUR TONES, Murray's Rock 'n Roll Combo. Thelbert McGinness, Ardmore; Mike Medaris, Midwest City; Johnny Thompson, Okmulgee. The fourth "Tone" got lost.

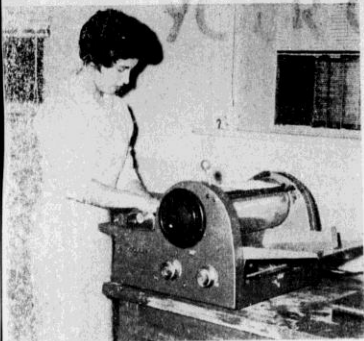

Trained Men and Women Find Ready Acceptance in Today's Business World

The Department of Business and Secretarial Administration offers courses leading to the Bachelor of Business Administration, Bachelor of Science, and Bachelor of Science in Education.

Upon successful completion of one of the three programs, secretarial administration, business administration, or business

education, the student receives the Associate in Science degree. The degree programs assist students in deciding what careers to follow, and provide carefully planned courses to assist toward their ambition.

The primary objective is to prepare students for initial employment, to facilitate advancement to administrative positions,

DITTO FLUID helps Dixie Thompson, Lone Grove, work her way through college.

CHARLIE ROGERS, Davis, is shown with a Black Angus bull at the college barns.

AGGIE STUDENTS at work in the greenhouse are Billy Hodges, Marietta, and Gerald Bryan, Elmore City.

TYPING CLASS—The future Business Administrators and Secretaries of Industry.

or ownership of their own enterprises. A sound education is provided for those who wish to equip themselves for specialized positions such as accounting, secretarial administration and business teaching.

The business curriculum is constantly under revision to provide courses required by senior colleges for graduation. Sixteen subjects are due to be offered during the academic year 1962-63.

The Department has terminal (one and two year non-degree) programs in secretarial administration and general business. The student who does not desire to enroll in a degree program, but merely to equip himself for

employment, may concentrate on business subjects.

A secretarial certificate program is offered for the non-degree seeking girl or boy who wants to accept employment after attendance at Murray.

LLOYD SCIFRES, Duncan, demonstrates the modern way of getting the milk out of the faucets.

BILLY HODGES, Marietta, and Gerald Bryan, Elmore City, testing the PH of soil. "One lump or two?"

Science Needs Today's Students Are Recognized

The Social Science Department program is designed to fulfill the needs of students desiring to major in any of the various social sciences during their first two years of college. The social sciences include several subjects, all interested in man and his institutions. Among these are courses in economics, government, history, psychology, sociology, religious education, and geography.

The person majoring in one of the social sciences has a wide choice of vocations. For example, one may teach, and several areas are in great demand by industry. There is a need for well trained psychologists and economists in the business world. They offer probably the best background for persons interested in law and for those who plan to pursue social work.

In addition to the above incentive, the social sciences present one of the most fertile and most challenging areas for research. There has been a great deal of progress in the field during the last fifty years.

Famed Ag Courses Draw Students to Murray College

Agriculture at Murray College attracts students from near and far. Graduates of Murray hold jobs in many states and several foreign countries, in many aspects of agriculture.

The Agriculture Department at Murray in 1961-62 enrolled more students than any other single major field. From past indications, over 80% of graduates from Murray will take advanced degrees.

The Aggie Club and the Rodeo Club are actively supported by the students. Annually the Aggie Club takes a trip to points of agricultural interest. They aid in judging contests and the annual bull sale.

The Murray Rodeo Club held their annual collegiate and high school student rodeo on May 10, 11, and 12th. This rodeo attracted some of the outstanding student rodeo performers in the state.

Murray College has enough land and livestock to maintain an effective program. The college operates 1140 acres of farmland on which they raise much of the hay and grain required by the herds. The herds include purebred herds of Angus and Hereford beef cattle, Holstein and Jersey dairy cattle, four breeds of hogs and a flock of sheep.

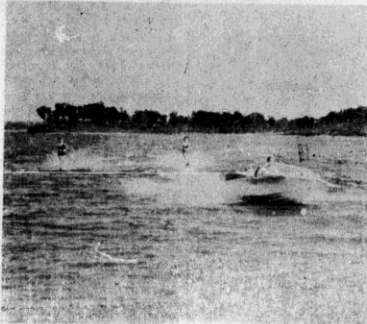

Murray College sponsors the first double-registered beef performance test in the nation. Approximately 150 bulls of the beef breeds undergo official 140 day feeding tests. A sale of qualifying bulls is held in March each year.

Deserving students desiring employment may work for board and room expenses at the dairy, beef performance test, herd care, or greenhouse.

Agriculture is still the basic industry, and 40% of all jobs are in some phase of agriculture.

ONE OF THE FAVORITE swimming holes, located at the city dam on Pennington Creek. Seated left to right, Mary Ann Beckham, Mannsville; Peggy Belcher, Wapanucka; Hershel Higgins, Sulphur. Standing, Arleigh Wallis, Ardmore.

"TEXOMA," our backdoor pool, is perfect for skiing, boating, fishing, swimming and picnicing.

K. P. DUTY CAN BE FUN: Murray welcomes married students, and provides a special group of apartments for housing married couples. Employment at the college, and loans are available, both to single and married students, to make it easier for them to attend college. Loans are payable after graduation at easy rates. Peggy and Don Parish, Idabel, (above) take an active part in campus affairs and still find time to study and make good grades. They are shown in their apartment on the college campus, doing the supper dishes.

Student Jack Linn Is a Professional Clown for Rodeos

It may surprise most students at Murray to know that Jack Linn, an Aggie Major from Seminole, is a professional rodeo clown, or as he calls it, a bullfighter, working the RFA rodeo circuit each year.

Beneath the thick layer of oil paint on their face and the baggy pants that entertains the kids, a bullfighter is a steel-nerved business man whose main job is to save the life of a cowboy who leaves the back of a bull, voluntarily or otherwise. The way a bullfighter does this is to divert the attention of the bull from the cowboy to himself.

Start at Bullfighting

Jack got his first job as a bullfighter in 1956 in Gladewater, Texas. At that time he was 17 years old. Buck LeGrand, one of the all time great rodeo clowns and bullfighters, had a great deal to do with Jack's getting the job.

Like most jobs, Jack said he started out scared, but "after a while you get used to it like anyone does any other job."

Jack, like most bullfighters, started out working in the barrel and has finally gained enough experience to work out in the arena.

Activities Part of College Life, Fun

Activities make up a big part of college life, and Murray offers a varied choice. The Student Senate sets many policies, decides important questions, and carries out an activity program. Membership is by election.

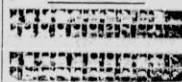

Cheerleaders practice many hours to create school spirit at the games. Homecoming week is a busy one, with classes and clubs working on floats for the parade.

For relaxation students enjoy dancing to the juke box in the student center. Club dances, class proms, bonfires, pep rallies and many other social activities make for a well rounded campus life.

College Setting Is Blessed by Nature

Murray College, a T-shaped campus, is in a natural setting for outdoor recreation, with Pennington Creek providing good swimming and fishing spots. Lake Texoma and the Wildlife Refuge are within a few miles of town.

Water skiing, picnicking, hunting horseback riding and a college rodeo are popular attractions. Devil's Den, about three miles north, is a well known playground of rock formation and clear running water for swimming and fishing. An all-school picnic is held at Round Robin Ranch, about eight miles north of town. It has a large swimming pool and plenty of picnic tables on grassy lawns shaded by tall trees.

"BEST PERSONALITIES" was the title for 1962 given this two some by the student body. Shown relaxing at a Pennington creek spot near the campus are Phil Edgmon, Anadarko, and Peggy Parish, Idabel.

PLENTY OF WATER in the Murray State area for swimming and fishing. Harley Linke, Tecumseh, and Tena Looney, Mannsville, wet hooks in Pennington creek between classes.

MISTOL (Philip Marshall) tells himself off while Tom Luckinbill, Alan Campbell and Wayne Hunter look on, in a scene from the hilarious "Brother Rat."

Two Dorm Mothers Resigning June 1

Two housemothers have announced their resignation effective at the close of this school term. They are Mrs. Courtney Gentry, housemother of Haskell Lucas Boy's Dormitory, and Mrs. Sadie Stuckey, housemother of Beattie Poe G.R.'s Dormitory. Mrs. Gentry has been a Murray College employee the past two years and Mrs. Stuckey is completing her first year here.

Mrs. Gentry plans to spend time with her children in Dallas and Louisiana. When asked for a comment on her two years here, she said, "I have certainly enjoyed being with the boys and I have made a great number of friends. I also appreciate the respect shown to me by the boys."

Mrs. Stuckey plans to retire and spend her time visiting friends. Mrs. Stuckey said that she had enjoyed her year here and thinks she had a good group of girls.

We, the Aggieelite staff, would like to wish both of these fine people the very best of luck.

Williams Installed As B.S.U. President

New BSU officers for the coming year were installed Sunday, May 16 at 8:00 p. m. in the First Baptist Church, Tishomingo. Reverend Cliff Davis conducted the installation.

The newly elected officers installed were Fred Williams, Tupelo, president; W. B. Daugherty, Ardmore, and Donald Green, Russell, vice presidents, and Evonna Looney, Kingston, secretary.

The BSU sponsored a weiner roast for the entire student body Tuesday evening May 8. Approximately twenty people attended the picnic which was held at the refuge picnic area.

The new BSU council would like to welcome every member of the student body to attend their services held each Tuesday and Thursday evenings in the BSU Center.

Alumni To Meet

On Saturday, May 19, the former students of Murray will gather here for the Annual Alumni Association Banquet to honor the graduating sophomores.

76 to Take Part In Commencement Exercises May 25

May 25, is the big night around Murray College. The annual graduation ceremonies will begin at 8:00 p. m. in Beames Hall. The seven-six candidates for commencement will receive their Associate in Science degree along with a good luck handshake from Dr. Freeman McKee, president of the college.

Dr. Marvin McKee, president of Panhandle A. & M. College in Goodwell, will be the guest speaker for the ceremonies. Special music will be presented.

Two awards will be presented during graduation, one to the graduating sophomore outstanding in student activities, and one for the highest academic standing. Both are based on two-year period.

Candidates for graduation for the 1962 school year at Murray College are as follows:

Eddie Bruce Anderson, Ringling; Sylvia Delores Askew, Yukon; Gerald E. Beall, Lindsay; Hazel Willis Beames, Tishomingo; Peggy Joan Belcher, Atoka; Benny Ross Bennett, Ravia; Jerry O. Birch, Davis; David H. Bland, Prague; Alvester T. Bowens, Jr., Oklahoma City; Lowell E. Bridgman, Ringling; Kathryn E. Brooks, Ardmore; Gerald Guy Bryan, Elmore City; and John Emery Cagle, Mill Creek.

Robert M. Carpenter, Lindsay; Linda Kaye Cope, Macomb; Tommie Mack Costen, Snyder; Dan Filmore Croom, Elmore City; Harvey Bert Duke, Atoka; Sherwood L. Easman, Ardmore; Philip David Edgmon, Anadarko; Mohsen Fardi, Tehran, Iran; Harry A. Freeman, Ardmore; Herbert Morris Garrison, Davis; Charles William Gill, Ardmore; James E. Gist, Mill Creek; Betty Sue Green, Mannsville; Jeanne Jan- (Continued Page 4)

Alumni Banquet Is Planned for May 19

The annual Murray College Alumni Association banquet, honoring the 1962 Murray graduating sophomores, has been scheduled for 7:30 p. m., May 19, according to an announcement made by Mr. Harold Lassiter, President of the Association. The Fallen Angels quartette, from O.B.U., will present the entertainment.

Mr. Lassiter and other association officers asked that the 1962 sophomores be informed specifically that the banquet is held in their honor and that the program and dinner are free to them. They felt that last year's sophomores were not fully informed, and as a result only a few of the students were present at the banquet.

Registration for the banquet, which is to be held in the cafeteria and student center, will begin at 6:30 p. m. in the Student Center.

The following committees are presently working on the banquet and program preparations: reception committee; decorating committee; program committee; nominating committee and the finance committee.

Mr. Lassiter urged all former students to help make this meeting a great success.

Williams, Conway, Looney Are Elected by Majority

Fred Williams, Tupelo, was elected the student senate president for the coming school year. Fred is majoring in history and government and plans to attend East Central State College after completing his studying here at Murray. Fred won with a large majority.

20 Cadets Visit Laredo Air Base

During the days of May 24, twenty of Murray's ROTC cadets, major Carter, and Captain Elkins were the guests of Laredo Air Force Base, Laredo, Texas. The cadets arrived at Laredo after a three hour flight from the Ardmore airport. While at the Laredo Air Force Base, the cadets were shown the procedures involved in the firing of a jet's ejection seat; aircraft used in training jet pilots; jet engines being repaired; and a parachute completely packed.

There was also a sightseeing trip to Mexico. On the return trip, some of the cadets were given an opportunity to fly the airplane for a short length of time.

The twenty cadets who went on the trip included Wayne Hunter, Wewoka; Anthony White, Ardmore; Jimmy Wood, Ada; Bruce Anderson, Ringling; Philip Marshall, Fox; George Jennings, Sulphur; Charley Rogers, Davis; Philip Neil, Holdenville; John Burton, Ardmore; Norman Chevreux, Stroud; Bernice Conway, Gene Autry; Richard Craven, Tishomingo; Rick Hurley, Holdenville; Gary Majors, Holdenville; Ragon Michael, Albany; Buddy Morton, Ardmore; Billy Murphy, Broken Bow; Hilton Whitfield, Ardmore; Jesse Reed, Ardmore; and Larry Mayton, Wilson.

Pre-Enrollment Has Advantages

Pre-registration for the fall semester, 1962, will be conducted during the two weeks period, May 7-18, and during the summer.

There are several advantages to pre-registration now: (1) Instructors are available in their offices to assist with the selection of courses. (2) There is some choice of sections as to time and instructors. Whenever a section is filled, that section will be closed to later enrollees. (3) Students currently enrolled at Murray College who complete their pre-registration, including the payment of fees, will not be required to be present on Registration Day. These fees for Oklahoma residents are: (1) General \$3.75 per semester hour, (2) Student activity \$3.25, and (3) A deposit of \$6.00 will reserve a room in one of the college dormitories.

Students will begin their pre-registration at the Registrar's Office, pre-registration will end at the Business Office if fees are paid, and at the Registrar's Office if fees are not paid.

All registration forms will be turned in to the business or registrar's offices except one copy of the trial schedule which will be retained by the student.

The fourth period, May 18, is the date set for the Awards Assembly.

Conway Wins In Run-Off

Bernie Dean Conway, Gene Autry, was elected vice president. Bernie was forced into a run-off with Louis Carter but was able to edge him. Bernie is majoring in engineering and plans to attend Oklahoma University after graduating from Murray.

Evonna Looney, Willis, was elected secretary-treasurer. Evonna is majoring in general education and plans to continue her education at Southeastern State College.

The qualifications for these officers were as follows: The student must be carrying at least sixteen semester hours at the time of election, with an average of at least a C. The president must have completed sixteen semester hours.

Unsuccessful candidates were Waldell Altom, president; Louis Carter, Jerry Hauser, and Randy Rice, vice president; and Shirley Green, secretary-treasurer.

The election was held in the student conference room of the student union and approximately 85% of the student body voted. The polls opened at 8:00 a. m. and closed at 4:00 p. m. Student senate members were in charge of the election.

Caps and Gowns Ready for Grads

Graduation time for 1962 isn't far away! The caps and gowns for this event are now available in the book store of the student center. They arrived Tuesday, May 8.

Something new has been added to the caps for this year; the tassel has a small gold '62' insignia hanging from the cap. The gowns are the traditional blue.

The caps and gowns for the event are to be returned to the book store after the ceremonies are completed. The tassels may be purchased if desired for fifty cents.

Aggie Rodeo Is Held May 10-12

May 10, 11 and 12 were the dates the Rodeo Club chose to present their rodeo. The rodeo was open only to college and high school students, with an entry fee of \$10 for each event.

The members of the Rodeo Club worked many tireless hours preparing the local arena for the big show.

A parade announcing the rodeo was held in downtown Tishomingo, Saturday afternoon, May 12, at 4:00 p. m. Round-up clubs from several towns and cowboys and rodeo contestants rode in the parade. The college drill teams and the Tishomingo high school band participated.

There were seventy-four entrants in the rodeo.

IS CRITICISM OF SCHOOLS UNJUST?

The American high school has borne the brunt of the criticism of United States education which began in force after the Russians launched their first Sputnik in late 1957.

The belief is that high school is the place where students really "shape up" their education and lay the foundations for more advanced work. Inadequate preparation and performance at this level is considered by many educators to be extremely handicapping to later efforts.

But recent reports from some of the toughest and most demanding colleges in the country indicate that many of our high schools are turning out a far better "product" than they did a dozen years ago.

The American high school system is not "keeping good students down," as sometimes charged. They are getting a pretty good boost on their way to the top.

Admittedly the top schools can be very selective when applicants are so numerous as today. But scores hung up in standard college entrance tests are averaging much higher than 10 or 15 years ago. And thousands upon thousands of United States high school students take these examinations. It looks as if the American high school was on the high road to improvement at the very time many people were most alarmed about it.—WBD.

A DOOR IS CLOSING

Now, one last look—a door is softly closing . . . Behind that door rest all the memories of your Murray days. Yes, in a few more days, the campus will no longer bustle with hectic activity, nor echo with laughter. Only the office staff will remain. By this time we are reminded that another college year is gone. Two more—three more to go, which is it?

For the sophomores, there are only two years to go for that treasured diploma, which will set them apart from the average person. For the freshmen, this is only the beginning . . . but a good one, for one year is a starter.

May 25 is the annual graduation, the end of one phase of your life. The friendship ties you have made here at Murray will never be broken—but the familiar faces will be gone.

Soon, this year will slip into the past, not to be forgotten, but to be recalled; to be remembered when you're thinking back—back to the good ole' days. But looking back is painful, and living in the past will never do. Look ahead . . . test your future . . . tempt fate! Never be content with yesterday—it's the tomorrows that count. Live for them! —KEB.

GOODBYE . . .

The Aggielite staff has enjoyed relaying news and gossip to you, the student body and faculty, this year of 1961-62. We hope that you have enjoyed reading it as much as we have enjoyed writing it for you.

Although we have made mistakes and had some "sloppy copy" we hope that the issues weren't a complete failure. We hope that next year's staff will have a lot of support from the student body.

Girls' Drill Team Receives Uniforms

Panicked screams of "Mine doesn't fit" were heard around the gym Tuesday, May 8, when the girls' drill team uniforms arrived. The uniforms were ordered last month from the McDowell Brothers Co. in Oklahoma City.

They were checked out to the girls Tuesday, and following the try-ons came the inevitable laughter. Of course the uniforms didn't look as bad as all that. Most were pretty well fitted.

The suit has a fitted jacket, and straight skirt. The hat which completes the ensemble is like the ROTC honorary majors' hats. The Air Force ROTC insignias were issued by Major Carter and Captain Elkins. Sgt. Jones helped in checking out the uniforms.

Miss Cope Plans May 26 Wedding

Mr. and Mrs. E. T. Cope of Macomb, Oklahoma are announcing the approaching marriage of their daughter, Miss Linda Kaye Cope, to Mr. Royce M. Lanier, son of Mr. and Mrs. W. G. Lanier of Tishomingo.

The wedding will be solemnized May 26 at 5 p. m. in the home of the bride's parents with the Reverend Joe Capps of Holdenville officiating. Mr. and Mrs. Larry Crow, sister and brother-in-law of the bride, will serve as attendants.

Miss Cope is a 1960 graduate of Macomb High School and is now a sophomore at Murray State College.

Mr. Lanier graduated with the 1956 class of Tishomingo High School and has attended Murray State College and Oklahoma State University.

Here & There 'Round Campus

"The time has come," the Walrus said, "to talk of many things . . ." and so goes this past year at Murray. Now it is time to think of summer, fun, parties, and anything to make you forget what a classroom looks like, or the feeling before an exam.

Frankie Hartsfield was kind of brave the other day at the picnic. Wonder if he knew who all was listening?

Mike Simpson predicts size 13½ shoe for Red Linke. What did you base your prediction on, Mike?

Bobby Carpenter has just been selected as "Life Beautiful" by the campus coeds—an honor bestowed only on a deserving person. By the way, Bob, what other tricks can your car do? We saw your performance the other day below the dorm.

A few people are getting invited out of the cafeteria lately for wearing slacks or shorts! Right, Jerry Butler, Tena, and Wilma?

Who went to breakfast the other day and couldn't eat?

Dixie sent a sizzling letter to somewhere in Texas the other day, after receiving one. How long is his beard, Dixie?

Susan wasn't quite in time for Doris' wedding. She was waylaid by a book salesman.

What happened to the new two-some around campus—Lutricia Williams and Wayne Hunter?

Looks like Sharon Halstead and Rooster aren't making it so good lately.

We hear there's going to be one very disappointed person when the best actor award is announced. I do wonder who it will be?

Bob Pickens and Hugh Pool were having a ball at the picnic Monday. Bob has certainly picked up the twist somewhere.

Paula James had it made on the skating rink floor. Of course it was her first time on skates, but with two teachers like Larry Mayton and Ronnie Alexander, I'm sure she'll learn real quick-like now!

Sylvia, what in the world did that bird do while you were eating? What? Where? Oh, my gosh! Too bad, kid!

Low-Edgmon Wed In May 5 Rites

Doris Low, Davis, and Phillip Edgmon, Anadarko, were married Saturday, May 5. The wedding took place in The First Freewill Baptist Church, Sulphur.

Kay Vaughn, Anadarko, was maid of honor and Shirley Green, Davis, was one of the bridesmaids. The other bridesmaid, Susan Linke, appeared slightly late due to the sales talk of a salesman. The groom's brother was best man. The guest book was kept by Barbara McNeil. Ushers were Ralph Wildes and Neal Wall, both of Anadarko.

The couple took a short trip to Oklahoma City after the ceremonies for the weekend.

Dr. Hall Talks to Business Students

Dr. L. R. Hall, head of Business Education Department, Southeastern State College, Durant, visited Murray campus Tuesday, May 8 from 11:00 to 12:00. His purpose here was to talk to students who plan to continue their education in business administration.

SPOTLIGHT

Lutricia Williams

W. B. Daugherty

This week's Spotlight is focused on Lutricia Williams, Wapanucka. Lutricia is a sophomore who is majoring in English.

Her favorites are: food, steak; color, blue; singer, Ray Charles; song, "Born to Lose"; pastime, reading. Her pet peeve is people who think they know everything about everything.

In high school Lutricia was president of her sophomore class, vice president of the junior class, and a member of the high school chorus and trio.

At Murray she is a member of the Drama Club, Home Economics Club, Annual staff, and the Music Club. She was also an Honorary Cadet Major.

After graduating from Murray this year Lutricia plans to attend Southeastern State College.

Lambert-Wessell To Marry June 2

Engagement and plans for marriage have been announced by Charrel Ann Lambert, Tishomingo, and Carl Wessell of Muskogee. Both are 1961 graduates of Murray College.

Vows will be repeated in the home of the bride's parents, Mr. and Mrs. J. C. Lambert of Tishomingo, on June 2, 1962, with the Rev. Don Ketch of Ardmore, officiating.

Miss Lambert graduated from Walters High School in May 1959. While a student of Murray, Charrel received outstanding Student Activities Award, Monetary Scholarship, and a Journalism scholarship. She was secretary of Phi Theta Kappa, editor of the "Aggeli-te", vice president of the Dramatics Club, a member of the Annual staff and was placed on the President's Honor Roll for two semesters and on the Dean's Honor Roll.

Since graduating from Murray, Charrel has been employed as a clerk typist with the U. S. Army Recruiting Main Station in Oklahoma City.

Mr. Wessell, son of Mrs. J. C. Yeats, Ardmore, and Mr. Henry Wessell, Chimes, Arkansas, graduated from Ardmore High School

The boy in this week's spotlight is W. B. Daugherty. W. B. is a freshman from Ardmore majoring in social studies.

He lists his favorites as: color, blue; food, hamburgers; singer, Fats Domino; song, "I Can't Help Falling In Love With You," and pastime, playing rock. His pet peeve is unfriendly people.

In high school W. B. participated in various activities and received numerous awards. Among these were: president of his class for four years, valedictorian of his class, and a member of 4-H Club. He received a medal in 4-H Club for being the most outstanding vice president in Carter county. He placed second in the Carter County Elks Club Most Valuable Student Contest.

At Murray, W. B. is the freshman representative for Student Senate, a member of B.S.U. and the recently elected vice president for this club for next year. He is also a member of the Aggeli-te staff and the student personnel committee.

After graduation from Murray he plans to attend Southeastern State College. When he receives his Bachelor degree he hopes to teach history.

The freshmen who plan to return to Murray next school year are now in the process of pre-enrolling. Pre-enrollment will be held through May 18 and during the summer vacation.

In 1959, He majored in biological science at Murray. He was president of the freshman class here, member of the Phi Theta Kappa, Dean's Honor Roll and Student Athletic Manager. He also participated in football and basketball.

After graduating from Murray, Carl completed a six-month cytotechnology course at the University of Oklahoma Medical Center in Oklahoma City. He is now serving a six-month internship in a private laboratory in Muskogee to get the practical experience necessary for national registration with the American Society of Clinical Pathologists.

Lucas Dorm Wins Intramural Meet

Haskell-Lucas Dormitory ran away with the intramural track-meet held April 30 on the Murray Athletic Field. The married apartments—so called the Babysitters—finished second, and third was Betty Fulton Hall. Bob Carpenter was the big individual winner with three first in the 220 dash, football throw and shotput.

Listed below are the individual winners of the meet:

(100 yard dash) Herbert Garrison, Delmar Forbes, Isaac Tracy, Winner-Babysitters. Time: 10.8.

(220 yard dash) Bob Carpenter, Herbert Garrison, David Wall, Winner-Haskell Lucas. Time: 24.9.

(440 yard relay) Carpenter, Fred Williams, Eddie Hatch, Arleigh Wallis. Winner-Haskell Lucas. Time: 49.7.

(100 yard low hurdles) Garrison, John Thompson. Winner-Babysitters. Time: 12.5.

(880 yard run) Mike Simpson, Everett Cranford, David Wilson, Winner-Haskell-Lucas. Time: 2:11.

(Shot Put) Carpenter, Fred Jones, Wayne Hunter, Winner-Haskell Lucas. Distance: 38 feet.

(Discus) Don Pogue, John Thompson, Lanny Mayberry, Winner-Haskell Lucas. Distance: 85 feet.

(High jump) Tom Bowen, Arleigh Wallis, John Thompson, Winner-Fulton. Distance: 5 feet, 6 inches.

(Broad jump) Delmar Forbes, Bill McNeil, Garrison. Distance: 19 feet, 3 inches.

Baseball Season Record Is 4-10

The Murray baseball club ended their 1962 schedule Thursday May 10, after being beaten by Oklahoma Military Academy, 13-5, in the regional tournament held at Tonkawa.

The Aggie nine closed out the year with a 4-10 win-loss record.

'Houserockers' Play at Prom

The annual freshman-sophomore prom was held Saturday night, May 5, in the ballroom of the student center, from 8 to 12 p. m.

The ballroom was decorated by members of the two classes. The theme was "Moonlight and Roses" and the ballroom was decorated blue and gold with roses.

The band was the "Houserockers" from Oklahoma City. The band director was Wesley Reynolds.

The faculty and administrative staff were sent formal invitations for the first time.

Also, for the first time refreshments were served without cost. Colvert's Dairy of Ardmore furnished the punch, and cookies were purchased to go with the punch.

Among the faculty and administrative staff present were Dr. and Mrs. Freeman McKee, Dr. and Mrs. Ora Roades, Mr. and Mrs. Basil Johnson, Mr. and Mrs. Lloyd Goss, Mr. and Mrs. Benton Ladd, Mr. George Calvert, Mrs. Courtney Gentry, Mrs. Mary Broadbush, Mrs. Sadie Stuckey, and Mrs. Audrey Gaines. Also present were Mr. and Mrs. Carl Reubin.

Mr. Lloyd Goss, freshman sponsor, along with the freshman class, planned the prom which was successful and each one that took part in the planning of it is to be congratulated for a job well done.

THE SWIMMING pool at Round Robin Ranch was a favorite spot at the All-School Picnic May 7.

Ole' Swimming Hole At Dam Lures Ags

Pennington Creek has become quite a popular spot with the Murragies lately. Shouts of "Let's go to the dam!" can be heard almost any afternoon anymore. Of course with the hot sun baking you in class, and the steamy dorm rooms, one can't be blamed if he takes an occasional afternoon off and heads for the creek.

It's like a ready-made swimming pool, with the falls to dive from and a nice oval pool to swim in. You can even swim if you want to. Sharon Halstead, Sis Dandy, Clyde "Rooster" Womack, Don Pogue, and Darrell Martin have all been spotted taking a nice "dip" before mealtime.

Eastern Defeats Aggies on May 7

Eastern A. & M. came from behind with a seven run third inning and a one run fifth to defeat the Aggies 8-3, Monday, May 7.

Eastern's Rader, Mankin and Owen started the rally in the third by home runs, followed by Stone and Wilkinson who got triples. Cotton and Yowell both received singles.

The Aggies were up against a rough bunch of ball players. Garland Parks, up for the first time, got a base hit and was brought home by Freddie Williams' single. The Aggies didn't score again until the fourth inning, when Pope and McNeil singled. They both scored on a hit by Jerry Houser.

Harley Limke was the losing pitcher for the Aggies. Harley was relieved by Neal Cox, who finished the game when Williams was walked and Owen was the winning pitcher for Eastern.

In the second game, Dilbeck was pitching for the Aggies, and Wann pitched for Eastern. Eastern started off with two runs in the first inning. Stone got a hit, Wilkinson walked and Cotton drove them both home with a three base hit. Eastern picked up one run in the third and two in the sixth, for a total of five runs.

The Aggies scored only one run in the game. It came in the fourth inning when Williams was walked and was brought home by Harley Limke's base hit. The Aggies were defeated 5-1.

PLAY IN REGIONAL

The Murray Aggies baseball club participated in the Regional Junior College Baseball Tournament at Northern May 10.

All-School Picnic Attracts Crowd of Students and Staff

Monday, May 7, was the date of the college picnic held at Round Robin Ranch. Classes were dismissed from 2:00 p. m. through the evening class. A large number of students and faculty attended.

The students had free access to all the facilities of the Ranch, including skating, swimming, dancing, and miniature golf. Expenses were paid from the Student Senate Activity fund.

Most of the students managed to arrive at the Ranch around 2:00 p. m. A good number of the faculty members were on hand for the festivities also. Mr. Paul Park and Mr. George Calvert were spotted on several occasions taking pictures of the energetic swimmers.

During the first part of the afternoon, the swimming pool attracted the most attention. Girls were being thrown in on all sides, with only relatively few accidents. Leticia seems to have sprained three toes, and Dixie miraculously didn't get her back broken. Tommy Kerr was thrown in—clothes and all. Along with the swimmers, Danny Hull's crutches were getting a good water workout. Seems Buddy Simpson tried underwater walking on them.

Bumps and Bruises Abound

In the skating rink, it's a miracle no one was killed. If you were lucky enough to make it around the rink twice without an accident, you congratulated yourself. However, we didn't have any fatalities, just a few minor accidents. Sylvia got a floor burn from sliding down, and a few of the boys are probably pretty sore all over from a multitude of falls and slides. Several of the faculty joined the students on the skating floor. Mr. Harold Winburn was noticed gliding around like a professional. Mr. George Calvert tried his hand at it, and Mrs. John Ringwald was also spotted among the talented.

Chow was served near the skating rink at 5:00 p. m. sharp. The students ate pool-side, at tables, on the grass, or just anywhere they liked. Mike Simpson ate in the life-guard chair, and by the way—he lost his punch, didn't he, Pickens?

Miniature Golf is Popular

The miniature golf course attracted a number of students and faculty members. Lloyd Hughes and his girl were noted among the many participants. Paula James and Johnny Burton had a real game going; of course Johnny won.

Paula, by the way, slipped on the grass and tore the knee out of her Capris.

Dr. Freeman McKee, president,

O.M.A. Proves to Be Tough Team

Murray's Aggies were host to O.M.A. here Friday May 4 with a doubleheader.

O.M.A. started the first inning off with one run scored by Carter who got a triple. Later in the game Crowley walked. Tescale got a single followed by Tschorne and Hendricks who struck out, but Morgan's fielder's choice scored both men. In the fifth inning Tschorne drove in three more runs with a tremendous triple, one more run was added by a base on balls.

The Aggies had trouble getting in scoring position. Later in the sixth inning Dilbeck drew a walk and scored because the next three batters walked. Garland Parks also walked in the seventh, and scored on a hit by Williams.

Coleman, pitcher for O.M.A., struck out eleven, walked 10 and gave up no hits. Doug Webb was pitching for the Aggies. Doug was relieved by Bill McNeil.

In the second game the Aggies scored two runs in the first inning when Parks walked followed by Williams who got on base, by a fielder's choice. Billy McNeil singled to score both men. The Aggies scored again in the seventh inning when Larry Pope tripled.

O.M.A. didn't get started as quickly as they did the first game. It was early in the fifth inning when Roddy walked, Carter singled and Willis' single drove in two runs. Willis was scored by a sacrifice by Rhine. In the seventh inning Roddy scored to make four runs for O.M.A. and three for the Aggies.

Rhine was pitching for O.M.A. He had five strike outs. Dilbeck was the losing pitcher for the Aggies, he had five strike outs.

Murray Grad Wins Oil Fellowship

James R. Clark has been named by Oklahoma State University as the Pan American Petroleum Foundation fellow in mechanical engineering for the 1962-63 academic year.

Mr. Clark is a native of Wilson, Okla., the son of Mr. and Mrs. Norman V. Clark of Wilson. Mr. Clark and his wife, Gayle, reside at Wilson also.

A graduate of Wilson high school, Mr. Clark holds a degree in engineering from Murray College. At Oklahoma State University, Mr. Clark is studying for the M. E. degree, with his field of study in petroleum engineering.

was seen playing badminton, and is quite a good player, we must say. Other badminton enthusiasts were Willie Mann, Jerry Jaggers, Garland Parks, and Sammy Johnson.

The dance began at 7:30 p. m. with a pretty "bushed" bunch to start it. L. G. Williams and Jack Lacey however, did a pretty mean duet out on the floor. Meredith, the dancing partner of one of them, stood by and looked on.

By 10:00 p. m. the bulk of the crowd was back on the campus. A tired, sun-burned, and dirty crowd was ready for the sack, already dreading those first hour classes.

Judging by all standards, the picnic was a big hit. All that attended seemed to have enjoyed themselves, and at least there weren't any dull moments. All you had to do to get some excitement was to throw someone in the inviting pool.

Ag Trackmen Win 3rd at State Meet

Aggie trackmen, consisting of four sprinters and two weightmen, wound up third best in the State Track and Field Meet at Northeastern A and M in Miami, Thursday, May 3.

Every Aggie making the trip placed in the star studded event dominated by a classy field of Northeastern trackmen. They won the meet with a total of 69 points, followed by Cameron with 30½, Murray came close to runnerup spot with 29 points.

Artell Murphy was a double winner in the 100 and 220 yard dashes. He broke the 220 record by one tenth of one second, with a clocking of 22.1. The Aggie relay team consisting of Dwayne Wood, Robert Musgrave, Neal Wall and Murphy, won the 440 yard relay with a fine time of 44 flat.

Alfred Austin won the shot with a heave of 45 feet, 2 inches, while Robert Holladay placed second in the discus. Wood and Wall also picked up additional points, Wood placing third in the 220 yd. lows and Wall picking up a fourth in the broad jump.

The state meet was the climax for the Aggie trackmen, although the relay team and sprinter Murphy qualified for the Nationals. Benton Ladd, track coach, said the team is undecided on whether they will compete in the meet.

Higgins Is Top In Hits and Runs

Hershel Higgins leads the Aggie baseball club in runs and hits. Hershel has seven hits for 23 trips to the plate, this gives him a .280 average. Doug Webb leads in the pitching with two wins and two losses. The other ratings stand as follows:

	A	B	R	H	Av.
Higgins, H.	25	8	7	280	
Williams, F.	23	2	4	174	
Limke, H.	15	2	5	333	
Mason, J.	13	3	5	384	
Parks, G.	17	4	5	294	
Pope, L.	22	3	2	091	
Webb, D.	15	0	1	067	
Vestel, C.	7	0	1	143	
Thompson, J.	9	0	1	111	
McNeil, B.	9	0	1	111	
Houser, J.	12	1	0	000	
Dilbeck, G.	14	3	2	143	

	P	W	L	I	W	S	O
Dilbeck, G.	0	0	4	0	5		
Webb, D.	2	2	27	10	24		
Limke, H.	2	3	21	19	17		

Winners Announced By Engineers' Club

The Engineers' Club of Murray College sponsored an auto rally on April 25, 1962. The winners were Larry McClendon, Tishomingo, first; Benny Strain, Port Huron, Michigan, second; and David Orr, Buiter, third. The rally was a contest in which contestants tried to go a set distance in a given number of seconds.

The problem was complicated by checkpoints which were set to see if the contestants followed the proper course in the proper time. One of the contestants, Benny Strain, said his victory was made possible by his navigator, Tony White, Ardmore. Otis Murdock however, did not appreciate his navigator Jim Snow, when they were unable to go the proper route. Jim went the proper distance but was disqualified because he missed the first two checkpoints.

MR. PAUL J. PARK, head of the science department, has been chosen as Murray "Teacher of the Year" for next year. Here he points out the details of a diagram in biology to Imogene Morse Milam, Fox.

Graduates—

(Continued from Page 1)

elle Hale, Maud; Ronnie Lee Hale, Maud; Richard H. Haney, Gene Autry; and George Franklin Hartsfield, Coalgate.

Hershel Dean Higgins, Sulphur; Billy Zack Hodges, Overbrook; Michael William Hoffman, Tulsa; Robert B. Holladay, Duncan; Lloyd Elmer Hughes, Ft. Supply; Patricia Dean Huston, El Reno; Paula Margaret James, Wapanucka; George Franklin Jennings, Sulphur; Richard Neal Johnson, Ardmore; Gwendolyn Raye Kennedy, Tishomingo; Marcella McGahey Lancaster, Kingston; Harley D. Linke, Tecumseh; Jack A. Linn, Seminole; Robert H. Long, Ardmore; Glenda Jeanette Looney, Kingston; Tena LaJane Looney, Russell; Billy Wayne Loughridge, Ardmore; Wilma Dene McCurry, Wapanucka; and Jim L. McLaughlin, Madill; Billy H. McNeil, Davis; Jerry E. Mason, Macomb; Bryon L. Mayberry, Davis; Lois Imogene Morse, Alma; Eddie L. Muirhead, Okemah; Paul Lee Patterson, Wilson; Wanda V. Perkins, Coleman; John B. Pettigrew, Washington; Bob Gene Pickens, Davis; Hugh Neal Pool, Savanna; Ernest Robert Ray, Jr., Oklahoma City; Lynda J. Roberts, Ardmore; Charley Camrel Rogers Jr., Davis; Hayden Darrell Rounsaville, Caddo; and Royce A. Searcy, Elmore City;

Darrell Dean Smithers, Ardmore; Waldo Leroy Snowden, We-woka; Choice A. Taylor Jr., Madill; John Trotter Thompson, Okmulgee; Neal Gordon Wall, Anadarko; Ronnie Gene Whalley, Duncan; Anthony Herbert White, Ardmore; Keith E. Whitfill, Ardmore; Margaret Lutricia Williams, Wapanucka; Marion David Wilson, Maud; Kenneth Blaine Wineinger, Ardmore; and Jimmy Dean Wood, Ada.

Marcus R. Reid Appears May 3

Marcus Ricardo is the name that was selected by Mr. and Mrs. Jack Reid for their first child. He was born in the Johnston Memorial Hospital on Thursday, May 3, and weighed a husky eight pounds.

Mrs. Reid is the former Yolanda Alvarez, who is originally from Mexico. She is the sister of Mrs. Rosalva Rainey, head of the Home Economics Department. Jack is head of the music department.

The Engineers Club recently sponsored an Auto Rally.

Last Roundup

Fear not, OH MIGHTY AGGIES! We ain't got long now. We can walk across Pennington Creek and not look back. This column is naturally dedicated to the fine group of Sophomores attending MSAC.

One fine old Aggie we will always remember with fear in our hearts is that notorious bandit Jack (Capone) Linn, and of course his thug friend, Randy Rice.

The sound of Wedding Bells only caught two of our upperclassmen. We regret losing such fine specimens of manhood as Edgmon and Searcy.

Graduation night will no doubt be the affair of the year on campus. It will probably be even bigger than some of the Thursday night dances. Imagine that! We nominate everyone's favorite Junior, Sherman Spencer, to be Master of Ceremonies, and Woody the Watchman to check for I. D.'s and help hand out diplomas.

Entertainment for the event will consist of the entire country of China singing Hawaiian Wedding songs, conducted by Ma Gentry, with assistance from Mom Miller of the Student Union.

Of course this will not be such a gay affair after all, for one of our fellow Sophomores will not graduate. Yes, that's right. It has just been discovered that Ronnie Hale has too high a grade point. He really outdid himself.

The Aggie has interviewed several of the sophomores and found out their plans for the future.

Johnny Thompson says he will just pluck his guitar and keep an eye on his twin sister Dixie.

Wayne Hunter will return to Mexico leading his R.O.T.C. gang, the Magnificent Seven.

Bob Carpenter will attend O.U. where he can find someone to LOVE.

Bill McNeil will probably spend the summer trying to put on a little weight. He recently stated he plans to gain up to 30 pounds this summer, which would put his total body weight up to an astounding 92 and 1/4 lbs. Lots of luck, Skinny Bill.

Neal Wall says he plans to go back to Indian Country (Anadarko) but he promises to write John Pettigrew everyday.

Sylvia Askew will journey to the thriving metropolis of Yukon where she will work in a factory, shoveling coal.

Big Lu Williams and her Wapanucka Three will separate this summer. They will all be living three blocks apart. How sad.

The Freeman boys, Harry and Neil, will probably spend a most interesting summer. They plan to journey all the way back to Ardmore and relax after such a strenuous school year.

Tony White and his ROTC uniform will spend all summer shouting commands to practice for next year's ROTC adventure.

Last but not at all least everyone's favorite editor, Kathryn Elizabeth Brooks (better known to her readers as KEB) will simply pick up her Saab and LEAVE.

Well, my little freshmen, we the graduating class of '62 (we hope), wish you all the luck in the world for the next year. You will need it. BYE.

MISS ELLA DRAPER, who has taught at Murray for 14 years, is shown at her desk working on a classroom assignment. At the end of this semester she will put away her grade book to retire and enjoy a life of leisure, gardening, visiting, and doing church work. Fishing? "I never had a fishing pole in my hand in my life," she declares.

Miss Draper Plans To Remain Active

Miss Ella Draper, head of the mathematics department at Murray State College, will retire at the close of the school term.

Miss Draper is completing her 48th year of teaching, her 30th year at Tishomingo, and her 16th year at Murray College.

She won the O.E.A. "Teacher of the year" award from the Murray unit this past year and was honored at the Oklahoma State Fair.

She graduated from high school and earned her first teaching certificate at the early age of 16, and began teaching in the fall term at 17.

She received her Bachelor's Degree from Southeastern State College, Durant, in education and math, and her Masters of Education at Oklahoma University. She has done graduate work during the summers.

Her first school, she recalls, was

a two-teacher rural school in Grantham, Marshall County, near Madill. The salary then was \$50.30 for a 7 months term. She taught for ten years in Marshall County, was high school principal and math teacher at Lone Grove and Wapanucka for two years, and taught in Mill Creek and Frisco.

Organizations in which she is an active member are the Business and Professional Women's Club, and the Tishomingo Daughters. She is county chairman of the National Foundation and president of the County Tuberculosis Association. She is a member of the Delta Kappa Gamma, a teachers' professional sorority which has an invitational membership. She is also a member of N.E.A., O.E.A., the Oklahoma Council of Teachers of Mathematics, is active in the Church of Christ and teaches a ladies Bible Class.

Miss Draper plans to visit her many friends after retiring and also continue active in church and community activities.

Oklahoma Colleges To Get Big Number Of Aggie Graduates

With only two weeks left of school, sophomores are readying their plans for the coming school year.

Murray graduates plan to attend schools in all parts of Oklahoma, and some are looking ahead to out-of-state colleges and universities.

Murray will make several contributions to Oklahoma State University. Among them are the following: Larry McClendon, Jim McLaughlin, Eddie Muirhead, Herbert Garrison, Charles Gill, James Gist, Ronnie Hale, George Hartsfield, Betty Hodges, Gerald Beall, Mike Hoffman, Pat Huston, Gwen and Royce Searcy, Jerry Black, Jerry Martin, Kathie Brooks, Lloyd Hughes, Danny Hull, Phillip Neill, Charlie Rogers, Hayden Rounsaville, and Choice Taylor.

Oklahoma University can plan on Bobby Carpenter, Lannie Mayberry, Bill McNeil, and Robert Holladay.

Many Murrayites are making their choice our neighbor, Southeastern State College. Among them are Paula James, Lutricia Williams, Wilma McCurry, Tena Looney, Kay Cope, Dick Johnson, Richard Haney, Glenn Moore, Arleigh Wallis, Doug Webb, Mike Simpson, and Sherwood Eastman.

East Central State College will

claim Lynda Roberts, Neal Freeman, Hershel Higgins, Ben Norman, Bob Pickens, John Satterwhite, Harley Linke, Phillip Marshall, Thelbert McGuinness, Larry Winchester, David Wilson, and Leroy Snowden.

Neal Wall plans to attend Oklahoma State Tech at Okmulgee.

Harry Freeman, Ronnie Whalley, Sylvia Askew, and Don Fogue plan on going to Central State College in Edmond.

Billy Loughridge and Jack Linn are going to Panhandle A. & M.

Kenneth Harder is going to Oklahoma Baptist University, and Buddy Simpson way out of state, to Humboldt State University in California.

Wayne Hunter is undecided between U.C.L.A. and Oklahoma State University.

OUR SYMPATHY

The Aggieites wish to extend its deepest sympathy to Mr. Gerald Alloway, whose mother died suddenly last week in Pomona, California. Mr. Alloway left Saturday, May 5 for California, and expected to return about May 10. No further particulars were available at press time.

Murray faculty members enjoyed a recent social event, a dinner at The Grill, in Madill, on May 15. Miss Ella Draper was presented a white radio as a farewell gift on her retirement from teaching.

Allen Campbell to Be Chief Editor Of the Yearbook

The annual staff has been appointed by Mr. John Fletcher, head of the language department. The editor-in-chief is Allen Campbell, Duncan, Donald Green, Russett, is student senate representative and Wanda Clark, Idabel, is business manager.

Other editors and their assistants are: sports, Carl Holliday, Ardmore, and assistants Wanda Clark and Hilton Whitfield, Ardmore; activities, Meredith Martin, Ardmore, and assistant Judy Nutt, Ardmore; classes, Lewis Parkhill, Mannsville, and assistants Meredith Martin, and David Ralston, Ardmore; organizations, W. B. Daugherty, Ardmore, and assistant Donald Green; honors, Hilton Whitfield and assistants W. B. Daugherty and Carl Holliday; ROTC, David Ralston and assistant Lewis Parkhill, campus life, Judy Nutt, and assistants Meredith Martin and Donald Green.

W. B. Daugherty and Hilton Whitfield are assistant business managers.

The staff is busy working on the first sixteen pages and have several pictures ready for the annual.

Tell your friends about homecoming and get them here!

Drill Teams, Band Make Booster Trip

The Angel Flight, Air Force ROTC band, and Men's Drill Team went on a booster tour October 6 preceding the football game with Northeastern. They visited Mannsville, Ravia, Mill Creek, Milburn, and Tishomingo.

The purpose was to promote Murray spirit before the football game that was played on Murray's field. The units performed on off-streets in the main part of each town.

The units traveled on the college bus and the R.O.T.C. stationwagon. The tour was sponsored by Mr. Jack Reid, head of the music department at Murray College.

BULLETINS

Attention Phi Theta Kappa Members: Mr. Cleveland asks that all Phi Theta Kappa members report to his office some time next week. Programs are being planned and your help is needed.

Any boys interested in joining the boys pep club are asked to get in touch with Spud Sicley in Haskell Lucas Dorm, room 202.

According to Oklahoma law, if a pickup truck measures less than 80 inches in overall width, it is not required to have reflectors on the sides.

Women's Sextet, And Men's Quartet Members Selected

The women's sextet has been organized by Mrs. Margaret Lokey, vocal music instructor.

Members are Glenda Gill, Ardmore, Virginia Day, Macomb, altos; Billie Sue Heffington, Tishomingo, second soprano; Meredith Martin, Ardmore, and Beverly Hitt, Ardmore, first sopranos. Alternates are Margaret Ann Lokey, Tishomingo, and Carla Teafatiller, Thackerville.

The men's quartet was selected September 27. They are: first and second tenors, Rex Caughran, Tulsa, and Tommy Allen, Nowata; baritone, Don Reed, Duncan; bass, Gene Wilson, Elmore City.

The Cadet Chorus consists of 18 R.O.T.C. members. They are Don Reed, Duncan; Jesse Reed, Ardmore; Walter Morgan, Ryan; Tommy Luckinbill, Ardmore; Tommy Allen, Nowata; Alfred Nelson, Coleman; Jae Hawkins, Ardmore; Rex Caughran, Tulsa; Carrol Tigert, Caney; Ronald Baugh, Daugherty; James Wheeler, Earlsboro; Tommy Barber, Madill; Virgil Kennedy, Harrah; W. B. Daugherty, Ardmore; Gene Wilson, Elmore City; Paul Lindsey, Ardmore; Ernest Sykora, Marietta, and Tommy Bohanan.

Billie Heffington Chosen Honorary Cadet Colonel

Miss Billie Sue Heffington, Tishomingo, has been elected this year's Honorary Cadet Colonel of the Murray State Air Force ROTC Group. Miss Heffington was chosen by popular vote during the drill period of September 24th.

The Honorary Cadet Majors, serving for each of the four squadrons, one for the Drill Team and one for the ROTC Band, are Frances White, who will represent the Drill Team; Judy Smith, representing the ROTC Band; Nancy Lumpkin, the 40th Squadron; Glenda Gill, the 41st Squadron; Linda Thomas, the 42nd Squadron; and Mary Ann Beckham, the 43rd Squadron.

HONORARY CADET COLONEL—

Billie Sue Heffington

The seven girls will be honorary members of the Cadet Corps, and will attend all ROTC social events this coming year. They will also participate in all formal military ceremonies held by the cadet corps during the year.

Miss Heffington, the daughter of Mr. and Mrs. Buck Heffington, Tishomingo, is a freshman majoring in Secretarial Administration. Her activities at Murray include the Girls' Angel Flight, and the Goal Diggers Club.

Miss White, daughter of Mr. and Mrs. Howard White, Turner, is a sophomore at Murray majoring in Education. At Murray she is Commander of the Girl's Angel Flight, candidate for Homecoming Queen, and a member of the Goal Diggers Club and the Home Ec. Club.

Miss Smith, the daughter of Mrs. Juanita Smith, Tucson, Arizona, is a Freshman majoring in Business Administration. Her activities include the Angel Flight, Goal Diggers Club, and a cheerleader.

Miss Lumpkin, daughter of Mr. and Mrs. Bill Lumpkin, Ardmore, is a freshman at Murray majoring in general education. She is a member of the Angel Flight.

Miss Gill, daughter of Mr. and Mrs. Ben Tom Gill, Ardmore, is also a freshman who lists her major as Liberal Arts. At Murray she is a member of the Angel Flight, a Homecoming Queen candidate, a cheerleader, and a member of the Girls' Sextet and Chorus.

Miss Thomas, daughter of Mr. and Mrs. D. L. Thomas, is a sophomore at Murray majoring in Business. At Murray some of her activities include the Angel Flight, cheerleader for two years, member of the Aggieelite Staff, Student Senate Secretary, and a candidate for Homecoming Queen.

Miss Beckham, daughter of Mr. and Mrs. T. S. Beckham, Russett, is a sophomore at Murray majoring in Liberal Arts. Her activities include the Angel Flight, cheerleader, President of the Sophomore class, Goal Diggers Club, and President of Patton Hall, member of the Aggieelite Staff, and a candidate for Homecoming Queen.

The Angel Flight of which all the girls are members, is also an ROTC activity. The Flight is a girls' drill team which practices and performs precision marching.

Again this year the honored girls will have the special uniforms of Air Force Blue, similar to those which are worn by airline hostesses.

Miss Heffington will be presented to the student body during half time activities of the Oct. 27th football game. The official crowning of Miss Heffington will take place at the Annual Military Ball.

Saturday is homecoming and the team deserves your cheers.

Homecoming Queen to Be Chosen Oct. 11

Beverly Hitt

The annual election of the homecoming queen will be held Thursday, October 11. The polls will be open from 8:00 a. m. until 4:00 p.m. The student senate is sponsoring the election, to be held in the conference room of the Student Union.

All campus organizations were eligible to sponsor a candidate for homecoming queen, and any regularly enrolled girl was eligible as a candidate.

Voting will be done by secret ballot. The candidate receiving the highest number of votes will be elected queen and the next three highest will be the attendants.

The four finalists will be announced immediately following the election. The queen will not be announced until the coronation at the (Continued on Page 4)

HEAD SHAVING "CHILDISH"?

"What is that shiny object under the tree over there? Is it a mirror? a lake? a piece of metal?" Upon closer examination, however, one finds that it is a bald head adorning one of the Murray Aggies.

Upon arriving at Murray State, the poor girls were met by these funny looking objects. As one examined these heads, it was discovered that there were various shapes, sizes, and colors.

There are many opinions and ideas on this head shaving custom. Although it does affect one's appearance, it can be humorous. We find though, that this is a long-term initiation and soon grows "old." It has been termed "childish" rather than intelligent. Most schools have initiations, but they usually last no longer than a week. When outsiders see these strange objects, they wonder where on earth they came from, who on earth they are, and enjoy a good laugh at Murray's expense.

Oh Well! I guess our only answer to "Why" is simply because we got tired of hearing our barber complaining about his aching feet. To improve our looks and Murray's too, why not let our hair grow and find a more mature way of initiating Freshman?

* * *

LOST ALL ITS MEANING!

Everybody has seen the Murray boys running around with bald heads. It seems that there is a scissors-happy barber, or barbers, at Murray.

They call this "initiation." Initiation of what I couldn't say. It used to be the way the football players were initiated. This year, freshmen, sophomores, football players, baseball players, or Mr. "A" Average, all can be seen with bald heads. The custom has lost all its meaning. You can't tell the players from the fans any more.

Is all this necessary? How about the boys' parents, and their employers? Off the campus, the boys become only a laughing stock for the college.

If the football boys want to stand out from the rest of the crowd, shaving heads is no longer the way to do it. One bald knob looks just like another!

* * *

ENOUGH IS ENOUGH!

Enough is enough, fellers! What with all these Mohawks, bald heads and what have you, we are beginning to look like a bunch of odd balls. Seems to me the Murray tradition of shaving the heads of Freshmen football players has slightly gotten out of hand. If there happens to be a freshman boy with hair anywhere around, please step up in the spot light and be seen.

Most of us don't seem to realize that this could give good 'ole Murray a bad look from many, many people. I know that sometimes we don't care what people say about us, but now that college life has descended upon us, there are others to think of. Mom isn't going to be any too happy to see all that pretty curly hair cut off, and neither are some of the employers. So next year, couldn't we find something a little more,—ah,—less, revealing? Almost anything would surpass these crazy bald heads!

Here & There 'Round Campus

Pinky who built the ark? Was it Noah?

Just bet Frances White doesn't bake Nick a cake again. It looked like every boy in the dorm had a little on his face.

Harold Garvin and Spud seem to be hanging around the high school pretty regularly. Wonder why?

Say, Helen, do all your letters get such results?

Nancy and Dave, what is the curfew? Is it 10 or 10:30? This is a useful bit of information to know.

Judy Harwell, are those comic books of yours Bugs Bunny or Donald Duck?

Say, Joe, have you heard that you kick footballs and not doors?

Mary Ann, brief us on how short our skirts are not supposed to be! Rumor is that there have been some girls up in H. L. Hall lately.

Wonder who they are? Tell us how you celebrated your birthday, James.

Frances H., was that command "Attention!" or "About Face?"

Have you seen the newest couple on campus? It looked like Jerry McGill and Blackstone.

Hugh Todd has been seen around Patton Hall a lot lately! Is her name Mary L.?

Shirley Siedd, tell us what do your roommates call you?

Who were those girls trying to play croquet the other night? Were they Murray Aggies?

Judy, who did Freddie say that phone call was from?

Paula, we'd like to know how you got that cold?

Joe, Frank, Kenny, did you find out that you ride horses and milk cows?

Rex and Virginia have sure been finding lots to discuss lately.

Who did you say had been swiping your cigars, Mr. Cleveland?

Why did you get stopped by the highway patrol, Don and Gregg? Don't you know what the speed limit is?

Tom have you found anyone or anything to LOVE yet? Oh! Sure enough, your bowling ball.

Tom L., what were you doing standing on the ledge at Bessie Poe Dorm Sunday night?

Calvin and Randy seem to be getting very popular with Bessie Poe girls. Do you know anything about this Judy and Shirley?

Scifres seems to be getting as popular as Frank Sinatra, could Carla have anything to do with it?

Jim Snow, don't pour your coffee out on your Xray anymore. You are supposed to drink it. Any news lately, Jim?

Don't we really exist, Mr. Goss? Better luck on your lectures next time.

Mr. Calvert, watch those hyperbolas when they come back from infinity.

Rabbi, what were you doing in the trunk of that car?

I wonder if all the boys have got to meet Mary? Contact Carl Holliday and Hilton Whitfield, room 225 if you are interested.

Allen, did you expect an award for your acting Monday night?

Larry, you'd better start wearing your contact lenses, especially when driving.

Oklahoma law states that the minimum number of lamps, and reflectors on the rear of a farm trailer are: two red tail lamps, or as an alternative, one red tail lamp and two red reflectors.

SPOTLIGHT

Mary Ann Beckham

The girl in this week's spotlight is Mary Ann Beckham, a sophomore, from Russell. Mary Ann is majoring in liberal arts and plans to either attend Oklahoma State University or become an airline stewardess for American Airlines. Most of all she just wants to be a housewife.

She lists her favorites as follows: food, ice cream; color, pink; song, "Scotch and Soda"; singer, Elvis Presley, and her pastime as talking. Her pet peeve is false people and her hobby is her friends.

While a student at Russell High School she was a member of the 4-H Club, Future Homemakers of America and the girl's basketball team.

Here at Murray she is president of the Goal Diggers Pep Club, secretary-treasurer for the sophomore class, an honorary cadet major, president of Patton Hall and a cheerleader. She is also a nominee for homecoming queen.

Bernie Dean Conway has been selected as the boy in this week's spotlight. He is a sophomore from Gene Autry, majoring in engineering, and plans to attend Oklahoma University after graduation from Murray.

He lists his favorites as follows: food, pizza; color, blue; singer, Connie Frances, song, "If I Had A Hammer"; pastime, bull sessions; and his pet peeve is Alloway's pop tests.

In high school he was a member of the basketball team, salutatorian

Bernie Dean Conway

of his class, president of junior and senior classes and a member of the 4-H club.

Here at Murray he is vice president of the student senate, president of the Phi Theta Kappa, cadet colonel of the Air Force ROTC and a member of the BSU.

All roads lead to Murray campus Saturday when we welcome Grads to Homecoming!

Science Club Is Organized, Linman Chosen President

The Science Club was organized and held its first meeting Wednesday, September 26, 1962. Mr. Paul Park, head of the science department, is the sponsor. Officers were elected as follows: President, Tommy Linam, Duncan; vice president, Everett Cranford, Walters; secretary-treasurer, Otis Ray Murdock, Achille; reporter, Lewis Parkhill, Mannsville. The Student Senate representative for the science club this year is Johnny Hoskins, Mid-west City.

Some of the activities the club plans this year will be to see films in regular meetings, take the club to see different scientific installations, and possibly present an assembly program.

The only qualification for membership is that a person must be enrolled in one science course. The Science Club welcomes anyone who wishes to join. The next meeting will be held October 24, 1962, at 6:30 p. m. The club meets regularly every fourth Wednesday.

Glenda Gill Is Engineers Choice

The first meeting of the Engineers' Club was held September 24, 1962. The officers of the club are as follows: president, Billy Murphy, Broken Bow; vice-president, Donald Green, Russett; secretary-treasurer, Alfred Nelson, Coleman, and Thomas Brandt, Ardmore, student senate representative.

Glenda Gill, Ardmore, was chosen as the Engineers' Club queen candidate.

Drama Club Elects Luckinbill Prexy

The Drama Club, sponsored by Mr. John Fletcher, elected officers at their first meeting September 19. Thomas Luckinbill, Ardmore, was elected president. Other officers are Robert Ward, Ardmore, vice president; Paula Ramey, Ardmore, secretary-treasurer and Allen Campbell, Duncan, student senate representative.

The club will present several plays during the school year and hopes to start selecting their plays in the near future.

Annual Bull Test Begins Oct. 11

The annual bull testing program at Murray State College barn is getting underway. Most of the bulls were brought down last week for a two week waiting period before the test begins. The test will begin officially October 10 and 11, with the first weighing of the bulls.

This year there will be several more breeds of bulls in the test than in the past. Breeds represented are: horned Herefords, polled Herefords, black Angus, red Angus, Shorthorn, Charolais, Charbray, and Brangus. There will be 200 bulls on test this year.

Several improvements have been made on the barns this year. Concrete has been run in all of the pens so that the stock will be on concrete all of the time. Also, the bulls will be on self-feeders, whereas in the past they have been hand fed. Electric water heaters were placed in all of the water troughs so that the water won't freeze this winter.

The bulls will be weighed every 28 days for 140 days. The purpose of this is to get average gain per day. Each must gain 2.6 lbs. per day to be able to register in the Performance Registry International.

The bulls that qualify for P.R.I. will be sold in a sale held March 16 at the barns. Owners are:

Horned Herefords—L. C. Atkinson, Kingston; George Coffee, White Deer, Texas; Lamar Crall, Thomas; Paul Dauer, Panhandle, Texas; Dr. G. T. Easley, Sulphur; Charles Hartin, Madill; K. P. Larsh, Jr., Roff; McDaniel Hereford Ranch, Fitzhugh; Gus Martin, Coalgate; Carl Meyerdirk, Pawnee; Dr. Harvey Price, Ada; A. H. Shi, Jr., Stratford; Homer Stallings, Kenefie; Homer Don Stallings, Durant; Lebert Shultz, Overland Park, Kansas, and Darrel West, Stratford.

Polled Herefords—W. F. Bowman, Lampasas, Texas; Bill Dills, Ft. Gibson; Joe Edington, Barn-dall; Franklin & Fanning, Coal-gate; E. E. Henson, Hugo; Thunderhead Ranch, Milburn; Everett Prater, Padi; Joe Pierce, Hugo; Lebert Shultz, and H. L. & Nina Stone, Ardmore.

Angus—Ned Biffle, Allen; Clarence Burch, Mill Creek; Darold Butler, Pauls Valley; Bennett and Hutchens, Tishomingo; Leonard Coble, Bokchito; Carlton Corbin, Pittstown; Murray Corbin, Tishomingo; B. H. Graham, Pauls Valley; Grady Harris, Moheette, Texas; Larry Heard, Hickory; Laffin Bros., Crab Orchard, Nebraska; R. D. McDonald, Clarksville, Texas; Murray College, Tishomingo; Dr. Robertson, Pauls Valley; Clarence Rodden, Claremore; Charles Richards, Ardmore; Stewart Se-well, Jacksboro, Texas; Lebert Shultz, Overland Park, Kansas; John Shamaker, Davis; B. I. Thompson, and Rae Thompson, Stonewall.

Red Angus—Roy Beeby, Marshall; Darold Butler, Pauls Valley; George Chiga, Guthrie; John Ham-mer, Marshall, and Red Plains Cat-le Company, Guthrie.

Charolais & Charbray—George Banks, Clarksville, Texas; Nick Beasley, Madill; Mack Braly, Ada; C. C. Riddle, Roff, and Lebert Shultz, Overland Park, Kansas.

Brangus—Clarence Rodden, Claremore.

Milking Shorthorn—Jesse Arthur, Pauls Valley; O. L. Gamble, Car-rier; Harold Manning, Pauls Val-ley; Ronnie Momien, Kremlin, and Cliff Williams, Mulhall.

B.S.U. Welcomes All Students to Twice-Week Meetings

For those of you who are new and haven't heard about B.S.U., or for some reason don't know what it is, let me explain what it is and why we meet.

The B.S.U. stands for Baptist Student Union. Although primarily it is composed of Baptist students, we welcome all of you, whatever your religious preference. We think you will enjoy our service and fellowship.

B.S.U. meets twice weekly for thirty minutes, on Tuesday and Thursday evenings at 6:30 at the B.S.U. Center north of the campus. Perhaps you have seen our sign. We have a number of activities planned and with your help we can have even more.

So if you aren't attending now, plan to do so at the next meeting. We will be looking for you.—W.B.D.

Home Ec for Boys May Help 'em Be Helpful Husbands

Mrs. Rosalva Rainey, home economics and Spanish teacher, spent a busy summer at home re-decorating her house. She and her family visited in Oklahoma City and Hugo and visited Six Flags over Texas at Arlington, Texas, for a couple of days.

Among the classes Mrs. Rainey will be teaching this semester is a home economics class for boys. In this class the boys will study color, color in dress and table etiquette. Later on in the semester, they will cook and serve meals.

The Home Economics Club officers for this year are Emma Childs, president, and Shirley Stied, vice president. A secretary-treasurer will be elected at a later date. Their activities for the year will be planned later also.

Mr. Bill Rainey, head of the business department, attended Oklahoma University for eight weeks. He is working on his Doctors De-gree in Business.

Mr. Paul J. Park Visits Monuments

Professor Paul J. Park, head of the science department, attended the summer institute in desert biology at Arizona State University during the first six weeks of the summer vacation. He was presented a scholarship last April by the National Science Foundation.

On field trips from the institute, he toured Organ Pipe and Canyon De Chelly National Monuments, both in Arizona.

After completion of the course he toured Montezuma's Castle and Montezuma Well national monuments. From there he traveled to Great Sand Dunes National Monument in Colorado to meet his family. They camped at the dunes for three days and drove to Bandelier National Monument in New Mexico.

Northeastern Air Attack Downs Ags

The Norsemen of Northeastern Junior College defeated Murray October 6 on a conference duel in Tishomingo. The Norse pasing attacks proved too much for the Aggies as they evened their won-lost record for the season at two wins and two losses. The Norsemen are a powerhouse team, being ranked third nationally among Junior Colleges.

Northeastern held Murray scoreless for the first time this year. The Norsemen scored in every period.

The Murray Aggies did well on offense but were riddled by fumbles and other mishaps. The Aggies moved the ball well and punched down inside the 10 yard line in the early minutes of the game. This action was checked by a fumble and was Murray's only penetration inside the 20 yd. line.

Guy Hilmon was a standout in the backfield. Several times he eluded a host of tacklers to gain good yardage.

Dwaine Wood shared the honors in the backfield and also aided with good punting.

Jerry McGill and David Skidmore helped fortify the defensive line. Steve Chevreux and John July also stood out. Aggie defense worked well when the Norsemen were running the ball but faltered under their aerial attack. Carey Lambeth, Harold Garvin, Jim LeFlore and some others were in the backfield on defense. Jim Stee also saw some action.

The Aggies play Navarro next week and should be back in top shape.

Half time entertainment was provided by the spectacular North Stars of Northeastern, a group of about 48 girls who march and drill in Rockette-like precision. Dressed in glamorous brief costumes of dark blue, with white boots, white gloves and white Stetsons, the girls put on an eye-catching, show-stealing performance.

Parents Honored Here on Saturday

Parent's Day, in honor of all Murray parents, was held Saturday, October 6, the day of the Murray—Northeastern football game.

The Student Senate sponsored a coffee in the Student Center from 6:00 to 7:30 p. m. before the game.

All parents registered in the Student Center and their registrations served as tickets to the game.

Cheerleaders Make Pompoms at Murray

The cheerleaders met in the home of Mrs. Richard Murray, Wednesday, October 3, to learn how to make pompoms. Mrs. Murray and Mrs. Benton Ladd taught the group the art of making the pompoms which will be used all during the year. Mrs. Capitola Boyd, sponsor of the group, and Mrs. Basil Johnson, assisted.

Aggies Sweep By Connors 13-0

The Murray Aggies defeated the Connors Aggies 13-0 in a conference game at Warner September 27. Our season record then stood at two wins and one loss.

The Murray Aggie offense found a new found ability to move the pigskin on the ground. The defense did not seem as good as usual, yet they held Connors scoreless.

Wesley Cornett, Groom, Texas, kept the ground game going all evening with well engineered calls. Nick Petro, Phoenixville, Pa., Joe Gentile, Detroit, Mich., and Guy Hilmon, Frederick, did their share in leading Murray to a victory. George Gruber, Dallas, Texas, showed great promise in handling fullback activities.

On defense, David Skidmore, Hobbs, New Mexico, was a standout. Jerry McGill, Marietta, Ken Gentile, and other members of the line also made a showing. Ronnie Dye, Tulsa, made his first appearance for Murray Aggies.

Murray's counters both came in the second period. The first one was just after the opening of the second quarter. Guy Hilmon went up the middle, came close to being stopped several times, then scampered 37 yards for the score. Later in the same period, Dwaine Wood, Tishomingo, broke loose for a 49 yard touchdown. Wood outran all of the defenders on his way to paydirt.

The second half was passed without a score but it was none the less exciting. Murray pushed the ball to the Connors' 4 yard line with a first down. Connors' defense came to life and held off this threat. Connors' offense also regained some lost ability and drove down the field with a touchdown that was nullified by an offside penalty against Connors. This was the second time during the game that Connors drove beyond Murray's 20 yard line.

The ball went through the routine change of hands until the end of the conflict and Murray came out on top 13-0.

Upon their return to Murray State College, several players were found to have been exposed to carbon monoxide gas while traveling on the bus. All of these players recovered by class time Friday. The problem on the bus has been checked and it will be repaired before the next out-of-town game.

ROVIN' REPORTER:

What to Do About Castro?

Instructor Finds Aggies Spread Out

Miss Beulah Zimmerman, chemistry instructor, spent the first two months of summer working on her dissertation. She found that Murray graduates are attending over 96 different colleges and Universities over the United States.

Miss Zimmerman is making a study of students transferring from Murray to other colleges, during 1947 to 1958. She collected data and tabulated the results for the dissertation, making a study on the academic performance and persistence of each student.

She visited nearly all the state colleges and wrote to all the other out-of-state schools attended by Murray students during those years.

Then in August, Miss Zimmerman took her niece from Stillwater, nephew from Anchorage, Alaska, and friend from Tonkawa, on a trip.

They toured Colorado, its 2008, the Denver mint and many museums. From Colorado they went to Utah and Idaho, visiting friends and relatives, and toured Mt. Rainier National Park, then on to Washington and spent four days at the World's Fair, in Seattle, Washington. They also visited Olympic National Park, Rain Forest and Crater Lake and Mt. Lassen.

Our roving reporter has been asking this question around campus: What do you think the U.S. should do about Cuba? We were surprised that many of the people who were asked were not well informed enough to give a definite answer. However, we did receive several intelligent answers. Here are a few of those:

"We need to make a definite decision now whether we wish to remain a free nation with a government of the people, by the people, for the people, or continue a middle of-the-road policy, trying to be everyone's best neighbor and be swallowed up by a disease that has no neighbor."—Fred Williams

"I think the United States should blockade Cuba. If there is ever a Cuban-led counter-revolution which has a good chance to succeed, the U. S. should use its military power to help overthrow Castro."—Donald Green

"The United States should blockade Cuba and not let Russia send any more arms and supplies to Castro and his followers."—Nick Petro

"We should have intervened a long time ago. The Monroe Doctrine is not serving its purpose."—Bernie Conway

"I think that the United States should have taken care of Cuba a long time ago. I think that we should back the Cubans in a full scale rebellion against the Communist element, unless they are willing to talk sense."—Terry Scholty

Dr. Murray Gives Books to Library

The library has a number of new books ready for circulation. The following were donated by Dr. Richard Murray, dean of the college: *The Lion*, by Joseph Kessel; *The King Must Die*, by Mary Renault; *Ceromandel* by John Masters; *This Fiery Night*, by Joan Vasek; *Mary Lincoln: Biography of a Marriage*, by Ruth Randall; *The American Story*, by Earl Schenck Miers; *The Singer Not the Song*, by Audrey Erskine Lindop; *Endurance*, by Alfred Lansing; *Mountolive*, by Lawrence Durrell; *Pictorial History of American Presidents*, by John and Alice Durant; *"In God We Trust"*, by Norman Cousins.

Paul J. Park Is Honored at Fair as 'Teacher of Year'

Mr. Paul J. Park, head of the science department, was honored September 27, 1962 at the Oklahoma State Fair in Oklahoma City as Murray's Teacher of the Year. Mr. Park has been teaching at Murray the past 27 years.

He was awarded a citation in recognition for service to education in Oklahoma and outstanding service to Oklahoma's youth.

Each year a teacher is selected to represent the Oklahoma colleges and public schools and are special guests at the state fair. The teachers were guests of honor at a public Forum Luncheon which was served in the 4-H Club building.

Homecoming Queen

(Continued from Page 1)

homecoming game, Saturday, October 13, at 7:30. Organizations sponsoring the four finalists will provide attendants for their candidate during coronation ceremonies at the Ag-Navarro game.

Clubs Choose Reps For Student Senate

Representatives to the Student Senate have been elected by various campus organizations for the school year 1962-63, as follows:

Donald Green, Russett, "The Tribesman", school annual; Billy Murphy, Broken Bow, Phi Theta Kappa; Helen Spoon, Terral, Goal Diggers; Thomas Brandt, Ardmore, Engineers Club; Phillip Nation, Elmore City, Rodeo Club; Randy Rice, Wynnewood, Aggie Club; Jerry Marsh, Soper, Sophomore Class; W. B. Daugherty, Ardmore, "The Aggie-lite", school newspaper; Allen Campbell, Duncan, Drama Club; Johnny Hoskins, Midwest City, Science Club; Shirley Sledd, Roff, Home Economics Club.

The Student Senate Officers are elected during the spring semester and this year's officers are: Fred Williams, Tishomingo, president; Gene Dean Conway, Gene Autry, vice president; and Linda Thomas, secretary-treasurer, Tishomingo. Mr. Harold Winburn is faculty advisor.

Mr. Reid Names Members of Band

Mr. Jack Reid, head of the music department, has announced the formation of the R.O.T.C. band and the Rock and Roll band.

Members of the R.O.T.C. band are: Randy Rice, Wynnewood; Charles Wilcox, Maud; Gene Wilson, Elmore City; David Wall, Ida-Bel; Barclay Martin, Sulphur; Duane McGinnis, Henryetta; Virgil Kennedy, Harrah; Terry Schultz, Oklahoma City; Thomas Bohannon, Maud; Jack Lacy, Tyler, Texas; Billy Duff, Madill; David Adlena; Rex Heckerman, Antlers; Tom Daugherty, Duncan; Larry Gazaway, Tulsa; Ronnie Dobson; William Massey, Madill; Rex Caughran, Tulsa; David Stevens, Elmore City; Don Wheeler, Randol Dunn, Madill; Nick Petro, Phoenixville, Pa.; Frank Orlando, Detroit, Wess Cornett, Groom; Freddie Paz, Alamogordo, New Mexico; Dewain Wood, Tishomingo, and Bernie Cash, Ardmore.

The Rock and Roll Band members are Rex Caughran, Tulsa, piano; Rex Heckerman, Antlers; and Larry Gazaway, Wilson, guitars; and David Stevens, Drums.

FORMER INSTRUCTOR RETURNS:

It's a Mixed-Up Life!

Few people on the campus are more versatile than Mrs. Margaret Lokey, instructor of piano and vocal music at Murray. Mrs. Lokey is also the mother of six children and the wife of the editor of the Johnston County Capital-Democrat.

In between bandaging cut heads, taking children to the doctor to have broken bones set or their stomachs pumped of a meal of aspirin tablets, she helps proofread her hubby's paper. Sometimes she takes up the cudgels with him in print, and skillfully holds up her end of the argument. Recently she outdid him in reader audience, as he vociferously complained, by having a letter to the editor printed in Time magazine for its 5 million readers to see. As a result she received a telegram from the magazine, a letter from Berlin, and letters from California and New York.

Mrs. Lokey says she cannot count the number of times she has been on the staff here at Murray. She was teaching here in 1946, when she met John Lokey, and "like a couple of fools, we got married." Her teaching career has been interrupted several times to have another little towheaded Lokey.

She got her schooling at Oklahoma University, Southwestern and Midwestern College, Wichita Falls, Texas.

Several afternoons and evenings a week, you can hear sweet sounds of music wafting out from the music room, as she rehearses with groups or private students.

Activities Planned

"We have a nice girls' glee club this year," she says, "and we expect to have a good cadet chorus." Credits in music are transferrable to other colleges by examination.

Mrs. Lokey has already been busy preparing special programs for outside events. Beverly Hitt, a voice student from Ardmore, has

sung at several programs. She sang at a district conference of the Business & Professional Women Sunday, September 23, and at a Masonic meeting Monday, September 24th.

Mrs. Lokey feels that it is good public relations to furnish music for different groups. She hopes to be taking the glee club on a concert tour in the spring, thinking it will be of benefit both to the students and to the audiences.

In her "spare" time, she is choir director at the Methodist Church and works with local organizations.

Faculty Women's Tea Honors Coeds

The Murray Faculty Women gave a tea in honor of the co-eds in the home of Mrs. Freeman McKee on September 25. Thirty five girls attended between 7:00 and 9:00 p. m.

Mrs. McKee and Mrs. Richard Murray baked cookies, and Mrs. John Fletcher made sandwiches. Mrs. Billy Carter and Mrs. Robert Elkins made the name cards. Mrs. Jimmy Allen, housemother at Betty Poe dorm, and Mrs. Virgie Haynes, housemother at Patton Hall, served tea.

Hostesses were Mrs. Capitola Boyd, Mrs. Robert Elkins, Mrs. Billy Carter, Mrs. John Fletcher, Mrs. Gerald Alloway, Mrs. Jerry Martin, Mrs. Benton Ladd, Mrs. Freeman McKee, Mrs. Richard Murray and Mrs. B. G. Rainey.

Carbon monoxide, alcohol and drugs as causative factors in single-vehicle fatal crashes are being probed in a joint research program by the California Highway Patrol and the California State Coroners Association.

QUEEN OF HOMECOMING was Mary Ann Beckham, Aggie club candidate from Russett, being escorted from her crowning by Larry Mayton of Wilson.

Miss Mary Ann Beckham Reigns As Aggie Queen

Miss Mary Ann Beckham, daughter of Mr. and Mrs. T. B. Beckham, Russett, was crowned homecoming queen during halftime ceremonies of the Murray-Navarro football game. The ceremony was held Saturday evening, October 13 on the Murray College football field.

Miss Beckham, a sophomore, was representing the Aggie Club. She was elected by popular vote of the student body in a special election held Thursday, October 11. The top four candidates were announced but the winning candidate was kept secret until the crowning.

Escort for Miss Beckham was

Larry Don Mayton, Wilson, a sophomore, majoring in agriculture.

Miss Beckham, a liberal arts major, is president of the Goal Diggers, Pep Club and Patton Hall, secretary-treasurer of the sophomore class and a cheerleader. She is also a member of the Aggieelite staff and is honorary cadet major for the 43rd Squadron of the Air Force, ROTC Unit.

Fred Williams, president of the Student Senate, Tupelo, had the honor of crowning Miss Beckham. Two members of the Goal Diggers cheerleaders staff, Miss Paula Ramey, Ardmore and Miss Helen Spoon, Terrell, served as crown and flower bearers.

The Murray band played background music during the coronation. Jack Reid is band director.

The three other Murray Coeds who were runners-up in the queen contest served as Miss Beckham's attendants. They were Miss Linda Thomas, sophomore, Tishomingo; daughter of Mr. and Mrs. Durwood Thomas. Her escort was Thomas Luckinbill, a sophomore, Ardmore. Miss Frances White, sophomore, home economics major, Burneyville, daughter of Mr. and Mrs. Howard White and escort Jack Dulaney, freshman, from Hobbs, New Mexico; and Miss Gelda Gill, daughter of Mr. and Mrs. Ben Tom Gill, Ardmore, freshman liberal arts major; escort Thomas Brandt, sophomore, Ardmore.

Miss Thomas represented the sophomore class, Miss White the Home Economics Club and Miss Gill the Engineering Club. The drivers for the queen and her attendants were Phillip Nation, Elmore; City; W. B. Daugherty, Ardmore; Donald Green, Russett, and Bernie Conway, Gene Autry.

The music club will be caroling around campus during the Christmas season and have been invited to the home of Mr. and Mrs. Carl Reubin for refreshments.

BULLETINS

Classes will be dismissed Friday, October 26, for the annual state meeting of the Oklahoma Education Association in Oklahoma City. The OEA meeting will continue through Saturday, October 27.

Mary Ann Beckham, Russett, has been elected president of Patton Hall, Margaret Ann Locke, Tishomingo, has been elected secretary.

The nine weeks will end November 2. Your grades will be sent home to your parents at this time. With this in mind, we must all begin to burn some of that midnight oil and get our grades ready for our parents.

The Journalism class visited the Oklahoma University campus, Monday, October 22. The students visited the Journalism department and saw the "Oklahoma Daily" published and printed.

Three members of the Aggieelite staff plan to attend the Oklahoma Collegiate Press Association meeting to be held Friday, October 26 at Oklahoma State University. The students attending are Mary Ann Beckham, Linda Thomas and W. B. Daugherty.

PARENTS of Murray students were honored at a reception coffee given by the Student Senate on Parents Day. A number of bill payers, otherwise known as parents, are shown at the reception held in the Student Center.

Student Senate Is Host To 125 Aggie Parents

Murray College Student Senate was host to 125 visiting parents Saturday, October 6, Parent's Day. Each parent received a special invitation, with many attending from around Oklahoma and Texas. Mr. and Mrs. Bobby Cornett, Groom, Texas, traveled the farthest to be with their son, Wesley, who is a member of the Murray football squad.

The parents were taken on a tour of the campus, and many spent practically the entire day visiting with their sons, daughters, and friends.

After dinner, the parents were guests at a coffee in the student center from six o'clock to seven-thirty. The purpose of the coffee was to give parents an opportunity to get acquainted with each other, and also to meet members of the student senate and faculty. Approximately 125 parents registered in the student center. Many have written letters of appreciation for the wonderful time they had. They stated they felt as if they were a part of the college since they had the opportunity to become acquainted with the college officials and other members of the student body.

Mrs. Benton Ladd, Mrs. Basil Johnson, and Mrs. Freeman McKee assisted members of the student senate in decorating the student center. The center piece for the serving table was an arrangement of white mums tied with blue ribbons with goal posts at each end of the arrangement.

Black and Blue Marks Are Common Among Aggie Boys

Have you noticed some of the boys in class smelling like a barnyard? Well, they had the first weighing of the bulls on test last week and several of the Aggies were helping out. You may think it is funny, but just stop and think how you would smell if you had followed 209 bulls down the chutes.

Some of the boys had a few black and blue hoof marks on them. This is not surprising. While you're watching the bull in front of you come up from behind and kicks you clear over the fence. Sometimes you see a boy jumping a six foot post fence just like taking another step, but you are going to do something fast when one of those bulls goes to snorting in your hip pocket.

The first weighing of the bulls was held on October 10 and 11. This will be the official weight of the bulls as the test begins.

Sophomore Float Selected As Top Entry in Parade

THE OLD DEVIL had a sharp pitchfork to prod the opposition. The float won first place for the Sophomore Class in the Homecoming parade contest.

The sophomore class float was selected as the top entry in the homecoming parade held Saturday, October 13. The other two top entries were the freshman class

and Aggie club floats. The first place float depicted a devil's den with the devil keeping the Navarro bulldog in place. Freshmen built a float depicting a train pulling for the Aggies and the Aggie float was a doghouse with the bulldog kept inside by an Aggie player. First place prize was \$25.00; second place \$15.00 and third place \$10.00. The Tishomingo Chamber of Commerce donated \$25.00 and the other money was provided by the student senate.

All clubs and organizations were eligible to have an entry and practically every organization was represented in the parade.

resented in the parade. The queen and her three attendants were riding in cars furnished by the Chevrolet and Ford Motor Companies of Tishomingo.

Participants in the parade were: Music club, Goal Diggers club, Engineers club, Home Economics club, Tishomingo High School Band, sophomore class, freshman class, Aggie club and the National Guard. The Air Force ROTC had several entries. They were the drill team, angel flight, band, color guard and also their float.

To climax homecoming a dance was sponsored by the Goal Diggers Pep Club in the student union ballroom immediately following the Murray-Navarro football game. The Murray Rock 'n Roll band furnished the music.

WHERE HAS OUR SPIRIT GONE?

Where has Murray's spirit gone? The way things are looking on campus, we, the student body of Murray, have lost our spirit.

What happened to it? Was it stolen? If so, how can it be regained? I can't begin to answer these questions but I would like to give some examples of what spirit can do.

It can help to build pride in a school that can't have pride without school spirit. You will be more interested in more school activities because spirit builds interest in them.

Spirit does not include just attendance at the football games and other sports activities, but also the many different activities that are held by each organization on campus.

Let's try to improve our school spirit and be proud of the school because with spirit the school will have pride in itself.—J. G.

ARE YOU DOING YOUR PART?

What happened to the school spirit that Murray had at the first of school? Many people don't seem to care what happens around here anymore. They just keep on going to class and keep on griping about not having anything to do.

There are more things to do here than you realize. The trouble is, a few people keep busy doing all the work when activities are held, while the rest sit on their hands and complain.

We noticed spirit was pretty high after the rain last week. Several of the boys and a few girls were seen out in the mud and they seemed to be having a good time. Let's all do our part in promoting more school spirit.—P. N.

SCHOOL SPIRIT IS CONTAGIOUS!

School spirit is wonderful. School spirit is something that is catching. It is just like a pleasant disease. If someone has that spirit and really tries, he can pass it on to another. School spirit has to be brought about by the individual, doing his own little part.

School spirit is not only for athletics, it is for everything. It is feeling of pride in everything that a person or organization does. True spirit does not leave when the going gets rough, it works just that much harder.

School spirit comes from the wish to respect and be respected. It comes from wanting to be a part and doing your own share, however small or large.—D. G.

NOTE OF THANKS FROM S. S.

Let us take this opportunity to express our appreciation to the Faculty Dames and the college administration for their wonderful support and co-operation shown at the recent Parents Day.

It is this type of attitude between the student body and the administration which will cause our college to grow and promote public relations and good will for Murray.

Many parents expressed their appreciation for the opportunity to visit the campus and become acquainted with the college. We definitely feel that this is another step toward our goal of "selling" Murray to the students of this area.—Fred Williams, President, Student Senate.

SENATE MEETS; CHAIRMEN GIVE THREE REPORTS

The regular meeting of the student senate was held Wednesday, October 17 in the private dining room of the cafeteria.

The senate members were given reports by Dr. Richard Murray, dean of the college and Mr. Mihura, business manager. The chairmen of three other committees gave reports of their undertaking and goals they have set. Those giving reports were: Billy Murphy, cafeteria committee; W. B. Daugherty, publicity committee and Linda Thomas, school spirit.

The student senate meets the first and third Wednesdays of each month.

Here & There 'Round Campus

Kenny, aren't you sorry you said those awful things to Paula? Hank Snow, how is the election coming?

Jesse, who was that good looking girl you were dancing with? Does Major Carter know anything about it, "Melvin?"

Shorby and Murphy, why did it take you so long to get back to Murray Sunday night?

Why have Alloway and Goss acquired the nicknames "Sir Riley" and "Sir Wiley?" Could it be from their stinking pipes?

Hey, George! Don't you want to join the disciplinary board?

Drill team, how many merits did you get?

There seems to be somewhat of a reform movement among the boys on the campus.

Modern science has found many uses for nylon. Isn't that right, Glenda?

Santa Claus came early this year, didn't she, Shirley, Mary Ann and Emma?

Seems like we have a Vampire on campus. Guess who it is?

Thursday, nearly everyone in the student union was seen smoking Montclairs, a new brand of cigarettes. (After all, they were free!)

Mary Ann, how do you hold a cigarette?

Elaine, why don't you ever wash your hands?

Ice sure is tasting different these days. Huh Elaine?

All the girls seem to be paying visits to Theodore for marital advice. He has replaced Molly Mayfield.

Larry Potter, who did you take back to Durant?

Why is it that no football players are seen after 11 p. m.?

Who were the 4 girls from Patton Hall that tried to "crash" the dorm meeting in the auditorium Wednesday night?

Patton Hall girls, will you tell us how much it costs to take crepe paper off the lights? It proved quite expensive, didn't it?

Marg, why did you move into that room with five beds?

Joe, tell us what you have been doing on the benches so much at night?

Boys, what was all that excitement in Zoology class about the other day?

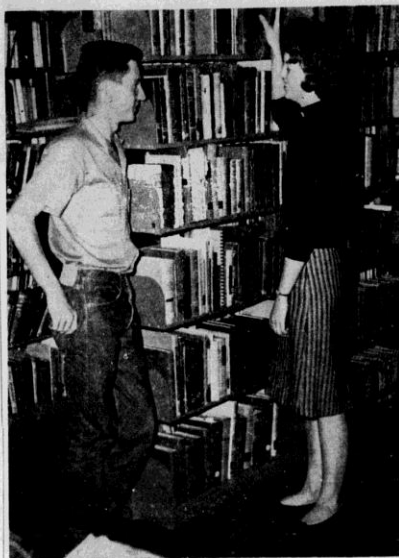

Who were the three visitors in Haskell Lucas Tuesday night?

Everyone can't have friends like you have, can they Hugh?

Who has Paula been seen with lately (again)? We're all getting mixed up.

Hey Jim Stee, who do you get a letter from every day, and cookies too?

SPOTLIGHT

Donald Green

Emma Childs

Next on this week's spotlight is Donald Green. Donald is a sophomore from Russett majoring in engineering. He plans to attend Oklahoma University after graduating from Murray.

He lists his favorites as follows: song: "A Star Is Born"; singer, Mark Dinning; food, ice cream and apricot pie; color, green; and his favorite pastime is listening to records. His pet peeve is bossy professors.

As a student at Russett High School, Donald was valedictorian of his senior class, president of his class all four years in high school and a member of the 4-H Club. He received the boy's citizenship award during his senior year.

Here at Murray, Donald is a member of the student senate, vice president of the Engineer's Club, treasurer of the Phi Theta Kappa, member of the Goal Diggers Club and Tribesman staff.

He plans to become an architect after graduating from Oklahoma University.

First on this week's spotlight is Emma Childs. Emma is a sophomore from Roff, majoring in secretarial administration and plans to attend East Central College.

While a student at Roff High School, she was secretary of the junior and senior classes, editor of the state honor society for two years, and had roles in both the junior and senior class plays. During her senior year, she was voted the most popular girl and the best all-around girl.

Emma lists her favorites as follows: color, brown; food, ice cream and apple pie; song, "Only Love Can Break a Heart"; singer, Elvis Presley; hobby, collection of poems, and her favorite pastime is listening to music. Her pet peeve is quiet hours.

Here at Murray she is president of the Home Economics Club, secretary-treasurer of the Goal Diggers, Pep Club, and a member of the Angel Flight. She was also a candidate for homecoming queen.

Northern Takes Five-Point Win

The Mavericks of Northern Oklahoma Junior College edged the Murray Aggies 18-13 in a game at Tonkawa, Friday. Both teams seemed capable of handling the ball well in spite of intermittent rain.

Northern's score came in the second period and again in the third period. The score was 12-0 as the Northerners missed both tries for extra points. Both scores for Murray came in the fourth period. Crawford Toathy and Dwayne Wood teamed up and scored with two well-timed passes. The first covered 62 yards and the extra point was good. Later in the same period the Toathy and Wood combo un-bashed a 65 yard touchdown pass. The score then stood 12-12 with 7:08 left and Murray out front.

Murray kicked to Northern and quickly regained the ball when Nick Petro came down with a Maverick aerial. Murray gave the pigskin up on a fumble to set up Northern's last scoring drive. Thus the final score was 18-13.

Murray offense was run by Wesley Cornett and later by Crawford Toathy. Frank Orlando, Dick Gruher and Nick Petro lead the challenge from the other backfield slots. Dwayne Wood and Carey Lambert also carried running responsibilities.

On defense, David Skidmore was the standout in line. Harold Garvin, Lynn Williams and various others helped by good pass defense.

The game was the second of this season with Northern. The first encounter that involved them was taken by Murray 7-0. This second game was a conference game. The first one was not.

Mountains Coming

Saturday the Mountaineers of Eastern A&M will invade Murray in the Murray College stadium. Murray and Eastern went home with a 26-6 victory. It should prove to be an interesting game.

Herman Wilson Is Lucas Dorm Prexy

Herman Wilson, Lexington, has been elected president of Haskell Lucas Boys' Dormitory. Other officers are Ronald (Hollywood) Baugh, Dougherty, vice president and Donald Green, Russett, secretary-treasurer.

A special meeting of the dorm was called Wednesday, October 17 to discuss the rules of the dormitory. It was decided that a report be submitted to the dean of the students of the change the boys wanted and then let the administration take the action necessary to change the rules.

Navarro Pounds Aggies by 51-0 At Homecoming

Murray's homecoming was spoiled 51-0 by Navarro Junior College, Saturday, October 13. Navarro started early in the game and soundly whipped the Murray Aggies. They made their first score only nine plays after the opening kickoff. Afterwards they scored practically every time they received the pigskin. Navarro's attack was led by their star quarterback, Karel Sweetan, and halfback Dan Yezels.

Murray's offense was alive in the early minutes of the conflict and drove down close to the 26-yard line. Here their plays bogged down and Navarro ruled most of the game afterwards.

Nick Petro, Phoenixville, Pennsylvania, was the leading player on Murray's offense. Guy Hilmon, Frederick, Oklahoma, also turned in a good performance.

On defense James Leflore, Ardmore, Steve Chevreux, Stroud, David Skidmore, Hobbs, New Mexico, and Jerry McGill, Marietta, all got into the show.

Although the Aggies did not show up too well in scoring or statistics, they did play hard hitting football.

Murray journeys northward on Friday to face Northern Junior College Mavericks at Tonkawa. The Aggies remaining schedule is as follows:

Oct. 26—Northern J. C., Tonkawa
Oct. 27—Eastern A&M, Here
Nov. 3—Connors A&M, Here
Nov. 10—Cameron A&M, Lawton
Nov. 17—Henderson County J.C. Here

Cadets Take First Of Flight Series

The Murray Air Force ROTC unit participated in orientation flights Friday, Oct. 12. The purpose of the flights was to introduce students to the experience of flying.

A total of 69 cadets were flown at regular intervals of 30 minutes. Four flights were made from Ardmore Industrial Air Park, with two flights coming over Murray, one at 11:30 and the other at 1:00.

The type of aircraft used was a C-47 from Tinker Air Force Base, Oklahoma City. Colonel Berry of Detachment No. 670 was the pilot.

This was the first of a series of flights with more expected at later dates, along with two scheduled field trips.

In addition to flying, the cadets were given a tour through the FAA flight facility at Ardmore.

Although this was a first flight for the majority of the cadets, they noticed only three "sacks" being carried from the aircraft.

Well-Kept Trees And Flowers Make Campus Beautiful

Have you noticed how beautiful our campus is in the autumn, when the leaves are turning and beginning to fall? If you haven't noticed, take a little look around. Our campus may be small, but it is one of the prettiest junior college campuses in Oklahoma. Our campus is always kept clean and neat.

The lines of well kept trees and flowers are always a pleasure to look at. The trees have been donated by classes of the past, forgotten now, but what they represent still stands.

One of the many men who helps keep our campus beautiful is Dick Shelton. Where you find work, you will see Mr. Shelton hard at it. One of Mr. Shelton's pet projects is tobacco plants. If you have never seen a tobacco plant growing you should come over to the library and inspect one. Mr. Shelton also takes care of the flowers inside the library.

Mr. Sherman Spencer does a lot of work weeding, watering and transplanting flowers during different seasons of the year. He helps take care of the tobacco plants, and dries the leaves for chewing tobacco. Mr. Shelton says, "I just don't much care for it." It is rather strong as you might expect.

Other interesting things on our campus are the desk and chair of the late William H. Murray. He was sitting at the desk when he signed the Constitution of Oklahoma on April 19, 1907. The desk and chair are kept in the library in the southeast corner of the reading room.

We surely have something to be proud of on our campus so let's all help keep it neat and clean.

Kerry McKee Is Crowned Queen

Miss Kerry McKee, daughter of Dr. and Mrs. Freeman McKee, was selected by popular vote of the Student Body to be Homecoming Queen of Tishomingo High School.

Miss McKee was crowned queen during halftime ceremonies of the Tishomingo-Ada B. game played on the college football field Oct. 11. Her escort was George Ford, and she was crowned by Randy Key.

Four other Tishomingo coeds were finalists in the queen contest. Miss Leslie Winburn, daughter of Mr. and Mrs. Harold Winburn; Miss Shirley Rogers, daughter of Mr. and Mrs. Frank Rogers; Miss Mona Joyce Broughton, daughter of Mr. and Mrs. John Broughton, and Miss Kay Warden, daughter of Mr. and Mrs. Jack Warden.

Escorts for the four were John Grey, James Bynum, Danny Lovette and Floyce Lanier. Debby Thomas and Dale Ward served as flower girl and ring bearer.

Preceding the football game, a parade was held Thursday afternoon with the Murray Air Force ROTC Units taking part. The units taking part were, drill team, angel flight, color guard and band.

Under the Oklahoma Point System, a total of 691 drivers in the 18 to 24 year age group had their driving records reviewed by the State Department of Public Safety in September.

Aggies Are Busy Homecoming Day

Saturday, October 13, was a busy day for the Aggies. Starting out in the morning, the Aggies were represented in the homecoming parade with a float that placed third. In the afternoon some of the Aggies were seen hurrying around the campus trying to get the concession stand ready for the homecoming game.

At the game the Aggies were represented by the election of their homecoming queen candidate, Miss Mary Ann Beckham. The Aggies are proud to announce that they have thirty-six members at the present time.

LET'S SHOW 'EM!

In the past few games, the Murray Student Body has increasingly improved in displaying their spirit at pep assemblies and football games. The Aggies are a hard working team and they have always tried. They display their fighting spirit, so students of Murray, let's show our school spirit—Vearlin (Spud) Sicheley.

"My Wicked Pen"

By W. B. Daugherty

Frances Haney, what happened to your shorts when you slid off that car at the dalyland last Friday night? Better watch sliding off cars, hadn't you?

Lots of excitement at student union Sunday night. I believe we have a "Mr. M." on campus. Doesn't everyone agree?

Barclay, you aren't the mean boy that Mr. M. thinks you are. You have shown proof of that, haven't you? Good luck ! ! !

Hallum was seen running an opposition around in front of the administration building Monday night. You weren't fast enough, were you?

Driving the sophomore class float was lots of fun, wasn't it Wadell? Almost as bad as riding the bus.

Johnny seems to be trying to give Donald some competition. Better get busy, Don.

Frances White seemed to be the center of attraction in the student union Sunday night. Good acting, Frances.

Sunday night was rather sad in the student union. There were lots of sad songs being played. Some were really tear jerkers, weren't they, Beverly?

Barclay, how fast were you going? Only twelve miles per hour and you had a witness.

Who's the couple on campus who jointly own a crying towel and a stray cat? Know anything about it, Beverly ! ! !

Hollywood, who was that girl I saw you with? Oh, your wife.

Linda, what was that conversation with your chauffeur? Naughty girl, what did you say before you got out of the car? Wash your mouth out ! ! !

One mustn't always judge a car by the license number. Do you agree, Mrs. Boyd? But you do have patience, don't you?

Charlie Thompson seems to be getting very popular with one of the Patton Hall girls. Know anything about it, Frances?

Tom, who sprayed shaving cream into your ear? Charlie, you are the guilty one, aren't you?

Until next issue this is your ole wicked pen pal saying be careful or I'll catch you.

The Driver Improvement Bureau of the Oklahoma Department of Public Safety suspended 137 motorists from driving on Oklahoma's streets and highways, during the month of September.

Home Ec Club Presents Queens At Fiesta Dance

The Home-economic Club sponsored a program and dance to introduce the home-coming queen candidates.

Mrs. Bill Rainey, Francis White, Judy Harwell, Paula Ramey, Emma Childs, Shirley Sledd, Ola Mae Lamey, Elaine Cowen and Virginia Day decorated the ballroom with blue and white crepe paper streamers.

Frances Haney, Frances White, Judy Harwell, Mary Lambert, Ola Mae Lamey and Linda Mitchell baked cookies and made punch.

The Exiles, Murray's Rock and Roll Combo, furnished music for the dance. Tony Allen sang "If I Could Tell You," and Meredith Martin sang "Blue Moon." Bill Duff presented a trumpet solo accompanied by Mrs. John Lokey.

Frances White, Emma Childs, Beverly Hitt, Linda Thomas, Glenda Gill, Paula Ramey and Mary Ann Beckham were introduced as queen candidates.

McKee, Murray Attend NC Meet

Doctor Freeman McKee, president of Murray College, and Doctor Richard Murray, dean of the college, attended meetings of the North Central Association for Junior Colleges on October 7, 8, and 9, at the Skirvin Hotel in Chicago, Illinois.

The purpose was a professional meeting of educators Midwest and Southwest who are administrators in junior colleges in this area. Such meetings are held annually.

A second purpose was to visit the officials of the North Central Association regarding the regional accreditation of Murray College. Murray is accredited by the state of Oklahoma and accreditation by North Central Association is desirable.

Dr. McKee and Dr. Murray learned that a consultant will be provided during this school year to assist in preparation for the visitation by the accrediting group. The college plans to apply for membership in the North Central Association next spring.

TAKE FIFTY BUCKS as an initial investment, add a few thousand hours of loving work, parts from a dozen or more cars, and you too may have a new 1963 "zoom buggy" like Skippy Pirtle, shown waving goodbye from his nifty looking hybrid.

It's a Real 'Cool Car'

Take a wrecked convertible; add bits and pieces of about a dozen automobiles; mix with plenty of hard, sweaty work; add spice and seasoning with imagination, and you, too, can have a custom built car just like Jackie "Skippy" Pirtle drives!

About four years ago, Skippy's brother, Billy Joe Pirtle, bought a wrecked '52 Ford convertible in Ada for \$50. It was no bargain, being pretty badly smashed up, but he went to work on it and finally had done a complete repair job.

Then Billy Joe and Skippy began to get ideas, and began to "Customize" the car. (Skippy and Billy Joe are the sons of Mr. and Mrs. Doc Pirtle of Tishomingo. Skippy graduated from high school here in 1961 and is now a Sophomore at Murray College where he is majoring in Aero-space Engineering.)

Starting with the rear end, they first added four tail light extensions from a '59 Dodge. Then they built a Continental kit, extending the rear bumper out from the body of the car and a tire cover. The back bumper was created from the front bumper of a '59 Ford which had been cut in thirds. They attached the outside two-thirds with the center section of the bumper custom rolled and shaped to fit. Pipes were extended through the openings where the parking lights had been.

A Matter of Design

Results were so exciting Billy Joe set about re-designing the front end. Four headlights were built the same size with the lower ones serving as parking lights. Metal again was rolled, curved, shaped and cut to fit a Corvette grill. Completing the front end is a bumper from a Triumph-3 sports car. One of the most fabulous things

about the car is the hood which they found in a junk yard. It was re-claimed from a '54 show-room model Ford and has a curved plexiglass panel so you can better see the fancy '55 Mercury motor with chrome parts.

Then, just for fun, Billy Joe and Skippy added '56 Mercury chrome trim on the sides and designed and built air scoops over the rear wheels.

When they got to the interior, the boys changed to '57 Lincoln window and door accessories; and had the cushions upholstered in black and white Naugahyde.

Skippy patiently applied nine coats of primer before they began the paint job. After experimenting with a couple of other colors, he settled on platinum, a sort of blue, grey, silver combination.

Most of the four year job of customizing the car was done at Billy Joe's paint and body shop in Phoenix, Ariz., and early this summer he made a present of the car to Skippy. They have no idea how to estimate the actual cost of constructing the car, mostly a labor of love, and hesitate to estimate its current value.

It's an Eye-Catcher

It attracts a great deal of attention. The other day Skippy was parked down town when a passing car from out of the state came to a screeching halt so the driver could get out and look it over. One automobile fancier in Phoenix declared it is the most beautiful car he had ever seen.

And Skippy wishes he had a dollar for every time he had been asked about the car.

"I'd be a rich man," he says.

A total of 89 drivers had their license revoked by the Driver Improvement Division of the Oklahoma Department of Public Safety during September under the Oklahoma Point System.

The Driver Improvement Bureau of the Oklahoma Department of Public Safety reviewed the driving records of 220 drivers over 65 years of age in September.

ROVIN' REPORTER:**What Do You Say?**

Since there has been so much discussion these last few weeks concerning school spirit, our rovin' reporter decided to find out how the students thought it could be improved. The question asked was: "What can be done to improve our school spirit?"

"Have the club or the bookstore sell decals for the cars so everyone can see them and show that we are not ashamed of Murray State." —D. Johnson

"Everyone participate in the bonfires and pep assemblies." —Francis White

"Have the games on Thursday or Friday nights because everyone leaves on weekends." —Dave Walton

"Have more enthusiasm from the students. But how are we going to have enthusiasm if there is nothing to work for?" —David Skidmore

"Get the students interested in the school by having more school functions." —Ken Gentile

"I think more co-operation by the faculty in scheduling of tests and assignments before activities would be of great help." —Billy Murphy

"I think that pep assemblies and rallies should be planned at a time that they don't conflict with other meetings such as B.S.U. and the students would feel like they would have a larger obligation." —Freda Webb

"Everyone should attend and yell instead of sitting around waiting for someone else to yell. Everyone should attend our football games and yell with our cheerleaders." —Mary Converse

"More cheers should be learned and the student body should co-operate more. The students have shown enthusiasm the past two weeks and I hope they continue to do so." —Spud Sichey

"Enthusiasm is contagious. When a student attends a pep assembly, he should really yell and not just sit there and watch." —Pat Belcher

OFFICE CONFERENCE: "Sissy" talks things over with Mrs. Dorothy Peters, secretary to the college president, and concludes people are sometimes strange critters.

Well, Dog-Gone! College Life Just Fine for 'Sissy'

Hello, I am Sissy, what "people" call a dog. I am brown and white and about eight years old.

If any of you "people" would like to visit me, all you have to do is come right on over to Mrs. Peters' office. I am there most of the time. Everytime I get a chance I go in to have a conference with my master, President McKee, but I have just fallen in love with Mrs. Peters. She is so nice and we are the very best of friends.

Once in awhile she hurts my feelings by treating me just like a kid. One day when I went to visit at her house, she put me outside to play with another dog. I was really insulted, and I let her know it too. When Mrs. McKee came to get me, I just turned my back on Mrs. Peters and ignored her.

And speaking of loving things, I just love Murray College, especially in the summertime, because Mrs. Peters' office is so cool and comfortable.

I attend the Pep Assemblies and help cheer. Boy, I have got that spirit for the Aggies. Of course, I'm too well brought up to bark, so I wave my tail to the music.

You know, most people think us dogs are dumb, but they don't know. I may not be able to talk, but I can make up for it in looks and howls. Also, we dogs are the most loyal and friendly creatures on this whole earth, especially me!

Now, anytime you people, especially Murray Aggies, want to visit Mrs. Peters and me, you just come right on over and we will get acquainted.

—D.G.

Ellis and Major counties are the only two counties in the state which have had no traffic deaths this year.

ACT Test To Be Given Nov. 10

The annual series of ACT tests are to be started soon on the Murray Campus, according to Basil Johnson, dean of students. The first test will be given November 10, with others on February 23 and April 20.

The purpose of the American College Testing Program is an admissions, scholarship, guidance, and placement test battery designed to provide helpful information and service to colleges, to high schools and to the student at a time when it will be most useful.

The college expects at least sixty-five students to take the test here.

Agriculture Department Offers Wide Field of Study

The Murray Agricultural Department under the instruction of Mr. John Ringwald and Dr. Jerry Martin has a larger enrollment by major field than any other. The sixteen courses offered attract students from near and far, and graduates in this field hold jobs in many states and several foreign countries. Courses are designed to accomplish two main purposes: (1) to prepare students for upper division instruction in four-year colleges in Agriculture and some related fields; and (2) to impart to students some of the vocational knowledge, skills, and attitudes making for successful living on the farm or ranch.

The Aggie and Rodeo Clubs are actively supported by the students. Annually the Aggie Club takes a trip to points of agricultural interest. They aid in judging contests and the annual bull sale. The Rodeo club sponsors an annual col-

BULLETINS

Dr. Freeman McKee has announced that the bid for contracts on the new classroom building, the school of music, additions to the library and science buildings and repairs to the administration building, will be held at Stillwater November 8.

Any student wishing to obtain a book not listed in the Murray College Library may do so by taking advantage of the Inter-Library Loan. Any student interested should contact Mrs. Mahoney, librarian. Beginning next week books may be checked out for two weeks.

Frances White has been elected president of Bessie Poe Hall. The other officers are Paula Ramey, vice president, Meredith Martin, secretary and Judy Nutt, treasurer.

Paula Ramey, a freshman from Ardmore, is recuperating in her home from a recent illness. Paula underwent surgery recently at the Johnston County Hospital.

Geraldine Nichols, an employee in the cafeteria, has returned to work after being ill the past two weeks.

ROTC Officers Organize New Club

A new club is in the process of organization and preparing a charter. This new club is the ROTC Officer's Club.

This club is an honorary club whose members are the 35th Cadet ROTC Group at Murray.

A meeting was held after drill, Monday, for the purpose of selecting officers. Officers for the club are President, Everett Bedford, Ardmore; Vice President, Steve Chevreux, Stroud; Sec. Treas. Thomas Brandt, Ardmore; and Student Senate Representative, James Henderson, Elmore City.

After the charter is completed, this will be the new club on the campus.

legiate and high school rodeo. This rodeo attracts some of the outstanding student rodeo performers in the state.

Murray has enough land and livestock to maintain an effective program. The college operates 1140 acres of farmland on which they raise much of the hay and grain required by the herds. The herds include purebred herds of Angus and Hereford beef cattle, Holstein and Jersey dairy cattle, four breeds of hogs and a flock of sheep.

The college sponsors a double-registered beef performance test each year. Approximately 150 bulls of the beef breeds undergo official 140 day feeding tests. A sale of qualifying bulls is held in March of each year.

Agriculture is still the basic industry, and 40% of all jobs are in some phase of agriculture.

Journalism Class Tours Oklahoma University Press

Aggie-lite Wins Second Place For Editorials at OSU

"The Aggie-lite" was awarded a second place for editorials in the junior college division at the 36th annual conference of the Oklahoma Collegiate Press Association. The contest was held at Oklahoma State University Friday, October 26 and Saturday, October 27. The students representing Murray were Mary Ann Beckham, Russell Wanda Clark, Idabel, and W. B. Daugherty, Ardmore.

The conference opened at 9:30 a. m., featuring sixteen sessions Friday and six sessions Saturday covering the many aspects of producing collegiate publications. L. F. Bellatti, publisher of the Stillwater News-Press, welcomed the O.C.P.A. members in the opening assembly. He spoke to students on the tangible and intangible rewards of a journalism career.

Friday's schedule included a luncheon and banquet. Dr. Robert W. McVicar, O.S.U. vice president, addressed the luncheon group on "The Increasing Responsibilities of a Modern Journalist." He stressed the need for more complete and responsible reporting of world affairs. John E. Heaney, public relations manager of North American Aviation, Inc., Tulsa, spoke at the banquet about "Journalism and Space." The delegates saw a color motion picture of the famed X-15 flying on the edge of space.

Awards were presented to winners of writing and photography divisions of OCPA newspaper contests. Central State College and Northern Oklahoma Junior College took top honors. Central State's newspaper, The Vista was named the best all-around newspaper in the senior college division of the contest, while The Maverick of Northern Junior College led the junior college papers.

Saturday morning, following critiques in various aspects of college newspaper publishing, the group elected officers for the coming year. The retiring officers were Barry Robinson, Phillips University president, Sue Weigant, Eastern Oklahoma A&M vice president, and Kay Arthur, Central State secretary-treasurer.

Aggie-lite Staff Welcomes News

In recent weeks there has been comment because the activities of some campus organizations were not covered by the Aggie-lite. The staff of the Aggie-lite wishes to point out that all organizations are invited to turn in news stories or tips, and that only the news of which we are aware can be printed. If your organization transacts newsworthy business, goes on a field trip, or engages in a similar activity, we urge you to see that this news is turned in to the journalism department. Your co-operation will be appreciated by the staff.—WBD

The Journalism class toured the Journalism building at Oklahoma University Monday, October 22. Those making the tour were W. B. Daugherty, Dale Green, Phillip Nation, Mary Ann Beckham, Hilton Whitfield, James Garvin, Louise Wilcox, and Beverly Hitt.

After eating lunch, the class went to the Journalism building to observe the publication of the Oklahoma Daily, a daily news paper published by the Oklahoma University Journalism department.

The students were given a guided tour through the news room where the reporters write the copy, the morgue where old newspapers, reference books and picture files are kept, the advertising department where a full-time advertising manager works to get advertising for the Daily, and then through the plant where the presses are located.

The Oklahoma Daily is a first in many respects. It is one of the few college newspapers to have a full-time advertising manager. It is one of the only self-supporting college newspapers in the United States. It has one of the newest and most modern buildings to be found anywhere. It also has access to the two wire services, Associated Press and United Press International. Finally, it has a printing plant that any newspaper would envy and is perhaps the cleanest and most modern college plant found in Oklahoma.

After the tour, the students were given free time in order to see the campus before leaving. The students and Mrs. Mahoney, sponsor, agreed the trip had proven interesting as well as educational.

(Ed's note: The only bad effect was to make some of the class jealous of the beautiful up-to-the-minute building!)

BOYS PEP CLUB IS ORGANIZED BY 20 MEMBERS

The Boys Pep club met recently and organized into an active club. The purpose of this club, according to Spud Sichley, president, is to have a reliable source for pep and to help create more school spirit.

Mr. Raymond Cleveland is acting as temporary sponsor. Other officers are Dan Hauser, vice president; Thomas Luckinbill, secretary-treasurer; and Joe Cranshaw, student senate representative.

A committee composed of the following members is drawing up a constitution: W. B. Daugherty, Jesse Reed, Alfred Nelson, Thomas Luckinbill, and Spud Sichley.

As soon as the pep club is fully organized, the members plan to attend as many of the out-of-town games as possible. At present, the club has twenty members and is also in the process of trying to decide on uniforms. Anyone interested in joining should contact any officer or attend the meetings on Tuesday and Thursday at 12:30 in the auditorium.

There were 78 drivers involved in fatal traffic accidents during September. Twelve were from out of state and twelve were women.

Athletic Dept. Announces Start Of Intramurals

Murray College Athletic Department has recently posted bulletins about the coming intramural sports activities. The Student Senate with the assistance of Eugene Robbins, director of athletics, set up rules and regulations to get the games started.

The deadline for team entries is 12:00 noon on November 7. Entries should be given to Fred Williams, president of the Student Senate.

The rules are:

1. Each team must have at least seven and not more than ten members.

2. Members of one team cannot join another team.

3. All teams must enter in all events to be eligible for the team trophy.

4. Varsity athletes are ineligible to participate in sports in which they represent the school.

At the end of the year, the team with the lowest number of team points will get their name engraved on the intramural trophy. The winners of each succeeding year will have their name placed on the trophy also. Each week team standings will be posted on the Student Union Bulletin Board.

The intramural contest will consist of the following events:

Cross Country—November 7 — 5 P. M.

Touch Football—November 8—December 7.

Volley Ball—December 10 — January 25.

Basketball—January 28—March 15.

Tennis—March 25—April 10.

Softball—April 15—May 17.

Mrs. Ligon Shows Use of Gas Range

Mrs. Donelle Ligon, representative of Oklahoma Natural Gas, will be giving a demonstration on the new gas range in the home economics laboratory at 200 p. m. November 15, 1962, for the boys' and girls' home economics classes.

Anyone wishing to attend should contact Mrs. Rainey immediately.

Of the 55 persons who died in Oklahoma traffic crashes during September, 30 died during daylight hours and 25 during the hours of darkness.

Bulls Ready For Second Weighing On November 7

The second weighing of the bulls on performance test will be held Wednesday, November 7. The purposes of the weighing is to see how bulls are gaining as the test continues.

You can figure what the bulls have gained each day by subtracting the weight of the first weighing from the second weighing of each bull and dividing by twenty-eight days.

Several cases of colds and ear infections have been found in the bulls. Much of this was due to the changing of the weather. The bulls should do better when the weather stays a little colder.

Dr. Martin said that anyone who would like to help weigh the bulls would surely be welcome. The weighing will start at about 9:00 Wednesday morning, November 7.

Mr. Webb Speaks To Science Club

The Science Club had its monthly meeting on October 24. A group of about twenty were present. Mr. Chuck Webb of the Tishomingo Wildlife Refuge was the guest speaker. He showed some very interesting slides, mainly (but not all) on waterfowl migration, habitat, method used by rangers in dealing with birds on the refuge and hunting facilities offered to area hunters by the refuge.

Kappas Plan Money Raising Projects For Various Trips

The Phi Theta Kappa have a busy schedule planned for this year. The activities planned will be trips to various other schools, to the regional meet at Miami, Oklahoma, and a possible trip to the National Convention in Miami, Florida.

The initiation of three new members will be held in a special assembly in the near future. The new members are: Richard Carl Cray, Tishomingo; Johnny Hoskins, Midwest City; and Harold John Sollars, Ardmore.

Mr. Raymond Cleveland, sponsor, commented that the group usually meets at noon because there are no free nights when everyone can be there. The meetings are held in the student conference room in the student union.

Every year the Kappas take a trip to some place of interest if they are able to raise the money. They haven't decided what schools to visit, but they hope to attend the National Convention in Miami, Florida.

Plans are being made to earn the money for the trip. The last football game, November 17, they will run the concession stand. They also plan to sell Murray Decals and have a Christmas candy sale.

Aggies Dropped By Eastern A&M For Second Time

The Mountaineers of Eastern A&M dumped the Murray Aggies by 19 to 0 score Saturday night, October 27. This was the second clash involving the two teams, Eastern winning the first game 28-6.

Eastern's Audrey Searey, again foiled the Aggies defense and made two counters for the Mountaineers.

Murray's ball club ran well both on offense and defense but not enough to stop Eastern's attack. The Aggies lost two attempts to score. The first came when Harold Garvin intercepted a Mountaineers pass and took it down to the 2 yard line. This put the Aggies in a scoring position but a fumble on the next play nullified the chance to score.

In the last period the Aggies drove down to the half-foot line to be stopped by a brilliant defensive effort put up by the Mountaineers.

Lynn Williams, Frank Orlando, and Harold Garvin lead the offensive and received good blocking from linemen Steve Chevreux, Jack Anderson, David Skidmore and Lloyd Smith.

Defensive duties were handled by Jerry McGill, Carey Lambert and Ken Gentile. Joe Gentile got back into the battle after suffering from a leg injury for several weeks.

This week the Murray Aggies take on the Connors Aggies. The teams have met before this year and Murray Aggies won 13-0. The Aggies travel to Lawton to tangle with Connors on November 10.

Rodeo Club Makes Barn Dance Plans

The Rodeo Club met Tuesday, October 23 to see how many of the members could work in the concession stand for the football game between Murray and Eastern October 27.

A new student senate representative was elected. He is Larry Heard, freshman from Hickory.

The club also discussed the possibility of having a barn dance. President Randy Rice appointed a committee to investigate plans for having the dance.

The club is planning to sponsor a rodeo during the second semester and plan to have several money raising activities during the school year. All proceeds from the activities will be used to sponsor the rodeo.

Eighteen of the 78 drivers involved in fatal accidents during September were between the ages of 21 and 30. Seventeen were under 21 years of age, 13 were between 31 and 40, and 11 were between the ages of 61 and 70. Ten drivers were over 60 years of age.

Aggies to Play Connors Sat.

Murray Aggies go to Lawton Saturday to play the league-leading, but under probation, Connors Aggies who are undefeated in Juco play. Murray, presently in the league basement, lost, 13-7, in a second football game of the season against Connors here last Saturday.

Grad Is Father

Mr. and Mrs. Henry Lay, Wright City, announce the birth of a daughter, Cathryn Fern, born Oct. 23 and weighing seven pounds. Henry graduated from Murray in 1957, received his Bachelor's degree in Music Education from Southeastern in 1962, and is now director of vocal music at Velma Alma.

Pauls Valley and Tishomingo Bands Win Contests Here

Tishomingo High School band, under the direction of Mr. Robert Stoddard, was winner of the sweepstakes award at the third annual Murray College band day. The event was held on the college football field Saturday, November 3. Pauls Valley took second place honors.

The trophies were presented to the top two bands at the half time of the Murray-Connors football game. A street parade was held at 3:00 p.m.

The Murray Air Force R.O.T.C. Corps was well represented in the parade. Units participating were the color guard, Angle Flight, drill team and band.

Batons were presented to the outstanding drum major and majorette. Recipients of these awards were the Healdton High School drum major and the Eufaula High School majorette.

Band entries in Class B were Checotah and Pauls Valley. Those entered in Class C were Healdton and Kingston, while Eufaula and Tishomingo High Schools were entered in Class DD.

Achievement Dates Set

Date of the annual 4-H Achievement Banquet for county club members has been set for Dec. 1 at Murray College. The Home Demonstration club achievement day program is planned for Dec. 7.

Roving Bull Gives Coed Merry Chase

Speaking of unusual pets, I know a girl on campus who beats all. Louise Wilcox was the proud owner, trainer and friend of a nice little "ole" black Angus bull, who acquired the name of "Sancho."

"Sancho" was given to Louise by her parents in July, and since she loves to be around livestock, Louise had him eating out of her hand in less than a month.

There was only one complication, and quite a big one at that. The nice bull ran away from home nearly every day, about a mile and a half. This was too far to walk to lead him back. Mr. and Mrs. Wilcox had to sell Sancho, to save wear and tear on Louise's shoes.

It will be interesting to see what her next pet is. It's anybody's guess!

P. S. They haven't sold him yet — he ran away again!

Wet ice on the pavement at 36 degrees gives you only half the traction of ice at 10 degrees above zero.

THE "SIX MISSES" rehearse for a program presented at the Madill Rotary Club luncheon last Friday. Belting out Vincent Youmans hit tune, "Great Day", are first row from left to right, Glenda Belcher, Wapanucka; Virginia Day, Macomb; and Beverly Hitt, Ardmore; second row, Carla Teafatiller, Thackerville; Meredith Martin, Ardmore; Glenda Gill, Ardmore; and alternate alto, Billie Sue Heffington, Tishomingo.

Funds For 4-Year ROTC Study May Be Offered to Cadets

Now hear this, Cadets! Scholarships of approximately \$2200 may soon be available for cadets who qualify for commissions in advanced AFOTC. This is a new officer Education Program that will be submitted to Congress early in the next session. The program, when approved, will affect units at 137 colleges and universities throughout the country.

The present program requires successful candidates for commissions to participate in four years of instruction on the college campus. Since only those enrolled in colleges and universities offering AFOTC can participate for four years, this denies eligibility to about 65% of all male college students—especially those enrolled in junior colleges. Under the new program, all male college students would be able to compete for commissions.

The Air Force expects the new scholarships to make it easier for more students to finish their college education and at the same time participate in the program. Much of the material taught on

Sextet Entertains Madill Rotarians

The Girls' Sextet entertained the Madill Rotary Club Friday, November 2. Those making the trip were Meredith Martin, Ardmore; Beverly Hitt, Ardmore; Glenda Belcher, Atoka; Carla Teafatiller, Marietta; Virginia Day, Macomb; and Glenda Gill, Ardmore. Mrs. Margaret Lokey was their accompanist.

The sextet sang three numbers, "Great Day," "Smoke Gets In Your Eyes," and "Where or When." Meredith played a piano solo, "Impromptu," and Beverly sang "Till There Was You."

Their next performance will be on December 4 when they will present a Christmas program in the Marietta High School along with the Girl's Glee Club.

the campus would be taught at two summer training phases at active Air Force bases around the country.

The first summer phase would occur between the sophomore and junior years. The second would occur after the cadet had completed the work for his academic degree and is designed to prepare the cadet for active duty as an officer after graduation.

Marine Officer Visits College

Captain Ralph P. Holt, Marine Corps Officer Selection Officer of the Oklahoma area, visited the campus of Murray State College on November 1 to interview students interested in becoming commissioned officers. Captain Holt was located in the student union and was available for interview between the hours of 9:00 a. m. and 3:30 p. m.

The Marine Corps offers draft deferment to students while in college and commissions to male students who can qualify for its Platoon Leaders Class. After completion of the required training and graduation from college, candidates are commissioned Second Lieutenants.

Qualified seniors and graduates may apply for enrollment in the Officer Candidate Course or Aviation Officer Candidate Course.

Women students interested in obtaining a commission in the Marine Corps may apply for enrollment in the Women Officer Training Course.

Faculty Dames to Hold Dance Class

The Faculty Dames are sponsoring a ballroom dancing class for the student body starting Tuesday night, November 6, from 8:30 to 9:30 in the Student Center Ballroom. George Calvert will be the instructor, being assisted by various members of the Faculty Dames Club.

Only the basic ballroom steps will be taught at first, but as the students become more adept, more difficult steps will be taught.

This class is for those who can dance as well as for those who cannot. All students are invited to attend. This is an extra-curricular activity and no credit will be given to those attending.

So put on your favorite dancing shoes and come on over to the ballroom Tuesday night at 8:30.

Grown Goblins Make Tour On Halloween Eve

Halloween night turned out not just to be another night on Murray campus. Water was seen flying through the air in the Student Union, boys were seen mopping the floor, a wicked bonfire with people jumping through it was seen in front of the engineering building. Shaving cream and soap could be found everywhere, and strange objects were seen knocking on doors.

But wait! What's this coming here? They looked rather big to be out trick or treating, but that was exactly what four Murray Aggies were seen doing last Wednesday night. Tommy Allen, Shirley Griffith, W. B. Daugherty, and Beverly Hitt were actually seen knocking on some of the faculty members doors.

At Mr. Goss's house they were given candy and suckers, at Miss Zimmerman's they got apples, at Dean Murray's they enjoyed Cokes and doughnuts. Dean Johnson treated the group to candy and suckers.

Whoever said that college students were too old to go trick or treating was wrong. These four students discovered that it still holds as much fun as it did a few years ago.

AN INFORMAL JAM SESSION of the Cadet Quartet finds Rex Coughran, Tulsa pianist, tickling the ivories while the fellows croon "Coney Island Baby." Standing around the piano are from left to right, Gene Wilson, Elmore City; Don Reed, Duncan; and Tommy Allan, Nowata.

Talent Discovered In Fulton Dorm

While walking across the campus one night I heard unusual sounds coming from Betty Fulton Hall. I cautiously made my way up the steps and looked in. What I saw dumbfounded me. There were Mrs. Alma Magerkurth and Miss Audry Gaines, housemother for Betty Fulton and Haskell Lucas dormitories, respectively, leading a song festival. Mrs. Magerkurth was playing the piano and Miss Gaines was leading the group.

Not even Mitch Müller could have done a better job. And certainly not even his gang could sound any better than Lewis Parkhill, Ronnie Mullins, Howard Hill, Bill Johnson, Clinton Hucks, Gene Wilson, John Burchill, Carroll Tigert, Glen Leming and Glen Dilbeck.

I didn't know that Murray had such talent on campus. I was so amazed that I sat down and listened for a while. I don't believe I have ever heard "Seven Lonely Days" sung with more emotion.

Regretfully, I finally had to leave to start studying, but I really enjoyed this new and unusual treat by these musicians. It is this type of recreation that helps make dormitory life more like home life. I am hoping they will continue this fine form of entertainment.

The amount of an automobile tire in contact with the pavement at any one time is about equal to the sole surface of a size 12 shoe.

Girls In Poe Hall Host Spook Party

Poe Hall residents were host to a Halloween party October 30. Attending the party were the girls and dates, Dr. and Mrs. Freeman McKee, Dr. and Mrs. Richard Murray and Mr. and Mrs. Basil Johnson.

Mrs. Jimmy Allen, housemother, assisted in the serving of refreshments. The group also enjoyed playing games and dancing.

PHI THETA KAPPA initiation assembly found these members and neophytes, left to right, on stage: Richard Craven, Tishomingo; Johnny Hoskins, Midwest City; Harold Sollars and Meredith Martin, both of Ardmore; Bernie Conway, Gene Autry; Bill Murphy, Broken Bow; and Donald Green, Russell.

New Members Initiated In P. T. K. Assembly Nov. 13

Murray Units March In Madill Parade

The Murray State College AF-ROTC Drill Team, Band, and Angel Flight participated in the Veterans' Day Parade at Madill, November 12.

These participating were as follows: Mary Beckham, Thomas Bohannon, Bennie Cash, Rex Caughron, Emma Childs, Wanda Clark, Mary Converse, Wesley Cornett, Elaine Cowan, Tommy Daugherty, Virginia Day, Rennie Dodson, Billy Duff, Billy Dunn, David Fogleman, Larry Gazaway, Glenda Gill, Shirley Griffith, Frances Haney, Rex Heckerman, Billie Heffington, Beverly Hill, David Iffelman, Dennis Jones, Ralph Lacey, Mary Lambert, Thomas Luckinbill, Nancy Lumpkin, Duane McGinnis, Barclay Martin, Bill Massey, and Judy Nutt.

Also Frank Orlando, Freddie Paz, Nicholas Petro, Randy Rice, Terry Schultz, Shirley Stedd, Judy Smith, Helen Spoon, David Stevens, Carla Tefftiller, Linda Thomas, David Wall, Freda Webb, James Wheeler, Frances White, Charles Wilcox, Gene Wilson, Duane Wood, Gary Barnett, Gene Barnett, Maurice Boyd, Charles Cail, Roy Cail.

Cecil Clayton, Marlin Copeland, Richard Craven, Gregory Cupp, Gary Dicken, Willie Fraizer, Robert Gilbert, William Hartfield, Paul Holderby, Kenneth Jensen, Paul Lindsay, Michael McCauley, Lewis Parkhill, Larry Potter, James Ralston, Donald Reed, Lewis Tolliver, Phillip West, and Harry Williams.

The nation's increase in traffic deaths for the first eight months of 1962 compared to the same period last year was 16 percent. Oklahoma's increase was one percent.

Motor vehicle ownership in the U. S. in 1961 was at an all-time high with 63.5 million passenger cars and 12.5 million trucks and buses in use.

BULLETINS
On November 20, Mr. George Calvert, engineering instructor, will attend an Inter-Collegiate Conference at Stillwater. The discussion will be on the problems arising when students transfer from Murray to Oklahoma State University.

Tentative plans are now under way to offer the following new courses second semester: Engineering Mechanics and Strengths of Materials, Engineering Drawing, Surveying, Descriptive Geometry and Welding.

All music classes are being held in the classroom located in Beams Hall according to Mrs. Margaret Lokey, music instructor. Construction on a new music building will begin soon on the present site of the Aggie building.

Karla Tefftiller, freshman from Thackerville, has returned to class after an illness of a week. She had an attack of the "Flu bug".

Anyone interested in attending the Oklahoma Symphony Orchestra Concerts should contact Mr. Jack Reid, head of the music department. The concerts are being held at Ardmore and Durant and the dates and places are to be posted in the near future. Fifteen students tickets have been purchased.

A pep assembly was held Friday, November 18 in Beams hall. The cheerleaders were in charge of the assembly. Let's Murray Aggies as they begin their basketball season. Go Aggies ! ! !

We, the students of Murray College, would like to express our sympathy to the family of Mr. Samuel Doug, who died November 15 in the Johnston County Hospital.

Murray Campus to Be 'All Lit Up'

The Murray College Campus has seen the light. You have probably been wondering what the orange truck was doing on campus Tuesday, November 12. The truck was owned by Oklahoma Gas & Electric Company and is hydraulically operated. Street lamps are to be placed at different places around the campus. The equipment was being used from the O. G. & E. plant located in Ardmore. The operators were Tucker Latham and Gene Gamble both of Ardmore. The equipment is capable of digging a hole 5 1/2 feet deep in two minutes.

Ten lights are to be installed around campus and nine more are to be placed around the barn and lots. Two will be near the student union and one at the library. One will be installed in the parking lot west of the library, Bessie Poe Hall parking lot, and one near Dr. McKee's house.

Perhaps a person will be able to find his way around the campus better after the installation of these lights.

Applications for Scholarships Open For Second Semester

The Scholarship and Loan Committee has announced that there are a limited number of academic scholarships available for the second semester. Anyone wishing to apply for one of these scholarships may obtain application forms in the office of the President.

The Committee has stated that scholarships granted the first semester are not automatically renewed for the second semester. Individuals who received a scholarship the first semester may be granted another scholarship for the second semester only if they file an application and it is accepted by the Committee.

Applications should be filed in the office of the President as soon as possible. Persons who plan to attend Murray for the first time are also eligible to file an application for one of the scholarships.

Active B.S.U. Reaching New High this Year

The Baptist Student Union is proud to say that its membership has grown considerably the past year. The interest in B. S. U. has taken a sudden jump the past few weeks and the organization is always glad to receive new members. The meetings are held every Tuesday and Thursday night at 6:30 in the B. S. U. Center located just north of the campus.

A social is being planned for Tuesday, November 20. The social committee is composed of Wanda Clark, Idabel, Glenda Belcher, Wapanucks and Pat Belcher, Wapanucks. The event will be in the B. S. U. center.

The officers this year are, Fred Williams, Tupelo, president; Tommy Barber, Madill, first vice president; W. B. Daugherty, Ardmore, second vice president; Donald Green, Russell, third vice president; Glenda Belcher, Wapanucks, secretary; Glen Leming, Sulphur, is program chairman.

'Glass Menagerie' To Be Presented Here December 18

The Murray Drama Club will present a two-act play Tuesday, December 18, at 7:30, in the college auditorium. The play, by Tennessee Williams, is "The Glass Menagerie". Mr. John Fletcher, head of the language arts department, announced.

The cast has been chosen from the drama class. The characters are as follows: Amanda Wingfield, played by Margaret Lokey; Laura Wingfield, played by Paula Ramey. Both girls appeared in plays during their high school years. Tom Wingfield, played by Allen Campbell who, received the best actor award last year at Murray. He has also played major roles in Duncan High School plays. Jim O'Connor is played by James LeFlore, who has appeared in Ardmore.

(Continued on Page 4)

Cadet Officers Are Presented On November 17

During the half-time ceremony at the Murray-Henderson game Saturday, November 17, the Honorary Cadet Majors and the Cadet Colonel were officially presented to the student body. Each Squadron, the Group Staff, Drill Team, and Band participated.

The Group Staff was represented by Billie Sue Heffington, Tishomingo, escorted by Cadet Colonel Bernie Conway, Gene Autry. The Band's representative was Judy Smith, Tucson, Arizona, escorted by Cadet Major David Wall. The Drill Team was represented by Francis White, Burneyville, escorted by Cadet Major Thomas Luckinbill.

The Squadrons were represented as follows: 40th, Nancy Lumkin, Ardmore, escorted by Wadell Altom, Ada; 41st, Glenda Gill, Ardmore, escorted by Larry Mayton, Wilson; 42nd, Linda Thomas, Tishomingo, escorted by Donald Green, Russell; 43rd, Mary Ann Beckham, Russell, escorted by Johnny Hoskins, Midwest City.

Extra Holiday Set For November 26

The Student Senate met Wednesday, November 7, 1962. Several suggestions were made for Achievement Day, Monday, November 26 was the date chosen.

Donald Green, Committee Chairman for Athletics stated that a schedule of events for the Intramural Program had been posted and that rules had been made. The program is underway at this time.

A second report was given by Tommy Brandt on matters concerning the cafeteria. Mr. Winburn stated that all recommendations should be turned into the Dean of Students for approval and then submitted to the Senate.

The Constitution of the newly organized R.O.T.C. Cadet Association of Murray State College was read and a motion made, seconded and carried that the organization be granted a charter with the provision that it be designated as an honor organization.

Drama Club Seeks Nat'l. Membership

The Drama Club held its regular meeting Monday, November 12. The club has petitioned for membership in "The National Drama Fraternity".

Memberships will probably be conferred during the second semester. The members also discussed co-sponsoring an "All School Review" to be presented the second semester.

The club is sponsored by Mr. John W. Fletcher, head of the language arts department.

Only 13 states show a decrease in traffic fatalities for the first eight months of this year compared with the same period last year. Oklahoma shows the smallest increase of the other 37 states.

STATE VOTERS MAKE HISTORY

Oklahoma voters made history on November 6 when they elected a republican, Henry Bellmon, as their next governor. Never before in state history has a republican resided in the governor's mansion. The successful candidate won with a large majority, thus indicating that Oklahomans are wanting a change in the state government in the view of some commentators.

One of the major factors that made Mr. Bellmon's campaign successful was the proposed tax increase advocated by Mr. Atkinson, the democratic nominee. Mr. Bellmon advocated that Oklahoma has enough revenue to provide for state expenditures without a tax increase.

Mr. Bellmon has one big problem facing him—that of a democratic senate and legislature. Will they co-operate or "fight" him? Perhaps they will support the good issues and try to defeat the bad ones, not considering the party.

This republican victory ended 55 years of democratic control. Perhaps if the democrats are successful in the governor's race four years from now, they will do a better job of running the state government. We wish Mr. Bellmon four years of success and progress for Oklahoma.—WBD

WAS PRESS UNFAIR TO NIXON?

Did the press really give Mr. Nixon a hard time during his many years of campaigns? The answer is yes.

It always seems that whoever Nixon ran against, Nixon always got the worst of the deal, as far as the newspapers were concerned.

For instance, during the election for governor of California Mr. Nixon was making a speech and he made a flub. He said he was running to be governor of the United States. The papers played this up quite a bit. Governor Brown, in a speech a little later asked his listeners to vote the straight democratic ticket, including Senator Thomas Kuchel, a republican. The papers did not even mention this. Surely the papers did run Nixon over the coals.

The press is a powerful weapon and although it has a right to take sides, it also has the responsibility to be fair.

WHAT DO YOU EXPECT OF A CANDIDATE?

If you were eligible to vote, what would you look for in a candidate? Would it be his looks? qualifications? party affiliation or his background?

According to some of our political scientists, the people build up an image of what they think a person should look like. If this person fails to meet their qualifications, chances are they will not vote for him.

However, this is not always true. Sometimes a man is elected because he is the one truly qualified to fill the office. This shows that the people are interested enough to know something about the man, his past experience, why he is seeking the office, and what his platform consists of.

There are people who will vote for a candidate simply because of his party affiliation. When this happens, the one elected is not always the best qualified and, frequently, disrupts an entire governmental body.

When one goes to cast his vote, he should consider all of these assets. He should spend some time investigating all of the candidates to find out if he is qualified. The voter should also read the papers, listen to radio broadcasts, and listen to public opinion concerning the candidates and their platforms. Most of all, one should never go to the polls with prejudiced ideas about a candidate or party.

Until we reach the age to vote, there is little we can do to change things. However, we can begin preparing ourselves now by being alert and interested in the elections.—B.H.

"My Wicked Pen"

By W. B. Daugherty

I would like to dedicate this column to all the residents of Besiege Poe Hall. Sorry I left you out of an issue.

Judy, did you really get five demerits? Next time the Angel Flight marches in a parade it would be wise to march with them.

Thomas L. has been nominated as the person having the loudest mouth on Murray Campus. Seems Hollywood is giving him some competition, though.

Pat, why wouldn't you jump the rope in the student union Sunday night? Next time come properly dressed.

Has Theodore been giving any more lectures lately, girls? What about it, Helen, Mary Ann, Emma, Shirley and Linda?

Frances Haney, please accept my apology for knowing so much gossip about you, but you are a good gossip source. Oh! Have you found anyone to study with in the library yet?

Attention ! ! ! ! Mr. Goss is not forty years old. Really, I thought you were older. Even Mr. Calvert and Donald agree with me.

Donald, you had better watch Fred. I have noticed you dining with Glenda lately. Be careful!!!! Buck, are you really twenty-one? You might become popular after all.

Noticed someone walking Paula to the dorm Sunday night. What about it, Larry?

Lots of laughing taking place at the show Sunday night. Couldn't have been Mary Ann, Helen, Linda, Shirley, and Emma?

Dickie Craven, who is the governor of Tishomingo? Why don't you inform me on the news more often?

Linda Thomas, you can surely think of excuses fast especially when you skip sociology. Fast thinking girl ! ! !

Barclay, who was the girl you met at the show Sunday night? Hollywood does come in handy sometimes, doesn't he?

Until next issue this is your old wicked pen pal, saying be careful, or I'll catch you.

The 1960 census revealed that an average of 64 percent of American workers drive their own cars to work.

One out of every seven employed persons in the United States now works in highway transportation industries. This group employs 10,800,000 persons.

SPOTLIGHT

Frances White

The girl on Spotlight this week is Frances White. Frances is a sophomore from Burneyville majoring in education. After graduation from Murray, she plans to attend East Central State College, Ada.

She is a graduate of Turner High School. Her activities at Turner were the following: the basketball team, four years; volleyball team, four years; Vice-president of senior class, and she received the citizenship award her senior year.

Here at Murray she is commander of the girl's Angel Flight, homecoming queen attendant, member of the Goal Diggers Club, Home Economics Club, Drama Club, and president of Poe Hall.

Her favorites are food, steak; color, blue; song, "This Time"; singer, Elvis Presley; pastime, telling about Herman; pet peeve, 10:00 curfew and Hobby, horseback riding.

Special motor vehicle taxes in 1961 for the entire nation amounted to \$10,600,000,000.

Thomas Brandt

This week the Aggielite has chosen Thomas Brandt of Ardmore to be the boy in the Spotlight. He is an engineering major and plans to attend Oklahoma State University after graduation from Murray.

Tommy is a graduate of Ardmore High School where he was active in Mu Alpha Theta, Student Council. At Murray, he is a member of the Student Senate, ROTC Staff, secretary-treasurer of the Cadet officers association, Engineer Club, and B.S.U.

He chose blue for his favorite color, swiss steak is his favorite food, "Scotch and Soda" his favorite song, and Ricky Nelson is his favorite singer. His hobby is bowling and for a pastime, Tommy enjoys sleeping, Monday morning tests are his pet peeve.

The 1960 census revealed that three out of every four American households own automobiles and one out of five own more than one.

Jerry McGill Is 1.8 Miler Winner

Jerry McGill, Marietta, of the Murray Marauders opened the Intramural Games on November 7, by winning the cross-country race. McGill crossed the finish line with a time of 9:22.9. Twenty four others started out on the 1.8 mile trek, but only 16 managed to go the whole route.

Athletic director, Gene Robbins, started the racers and kept the time. This is the way they finished:

1. Jerry McGill, Marietta, Murray Marauders
2. Jerry Houser, Mannsville, Fulton Hall
3. Buck Chatham, Rextroat, Powder Puffs
4. Billy Murphy, Broken Bow, Powder Puffs
5. Dale Green, Parcett, Pearl Divers
6. Fred Williams, Tupelo, Powder Puffs
7. Vaden Morgan, Tupelo, Aggie Club
8. Frank Orlando, Detroit, Mich., Murray Marauders
9. Nick Petro, Phoenixville, Pa., Murray Marauders
10. Howard Hill, Oklahoma City, Fulton Hall
11. Barclay Martin, Sulphur, Pearl Divers
12. Terry Shultz, Oklahoma City, Hustlers
13. Everett Cranford, Walters, Pearl Divers

TOP JUCO TEAM BAGS MURRAY NOVEMBER 10TH

Murray received a tremendous downing from Cameron Saturday, November 10. The Aggies were beaten 61-14 by the first place team in Oklahoma JUCO Football.

Cameron showed the speed and ability that has made them a top contender at national levels for the past few years. They are undefeated in JUCO play but cannot assume the title because of probation.

Murray played well and held Cameron's booming ground game to a minimum. Most of the opponent's scores came through the airways. Murray's offense did not start going until the last period when they were able to push across the line for two scores.

Murray's two counters were made by Arthur Guess, Oklahoma City, and Lynn Williams, Anadarko.

The Murray Aggies were led offensively by Crawford Toothy, Chilocco; Nick Petro, Phoenixville, Pa.; Harold Garvin, Altus; Carey Lambeth, Norman; and Lynn Williams. Arthur Guess and Guy Helmon, Frederick, also gave a helping hand.

On the defensive line it was David Musgrove, Ardmore; Bennie Cash, Ardmore; Steve Chevreux, Stroud; and Jack Anderson, Belts, Texas.

E. C. Edges Aggies In Practice Game

The Murray Aggies basketball team made its first appearance of the year Monday night. They played the roundballers from East Central State College of Ada. It was only a scrimmage game and was taken by East Central 99 to 95. The Aggies played East Central close during the entire scrimmage.

Murray's first official appearance will be on November 30 at the Murray field house, when they participate in the Texoma JUCO Tournament.

24 Attend First Dancing Class

The first ballroom dancing class turned out to be quite a success. More girls need to attend, though. Mrs. John Lokey and Mr. George Calvert instructed the attending students.

Those attending were Beverly Hitt, Mary Ann Beckham, Wanda Clark, Mary Converse, Donald Green, W. B. Daugherty, Jesse Reed, Alfred Nelson, Ronald Baugh, Thomas Luckinbill, Virgil Kennedy, Richard Cook, Gene Barnett, Ronnie Alexander, Shorty Wilson, Carol Tigert, Bernie Conway, Elaine Craighead, Bill Duff, Paul Lindsay, Wyndie Hambuck, Stanley Bumum and David and Janie Wall.

Intramural Football Is In Full Swing on Campus

Intramural football is in full swing as of November 8. The teams entered will compete both as a team and individually to see who is best by the end of the school year. Two games will be played each weekday starting at 5:30 P. M.

Here are some of the results:

Murray Ags End Football Season With Texas Loss

The Murray Aggies finished their football season here Saturday night, November 17, with a defeat by Henderson Junior College. The score was 52-7.

The Henderson Carinals are a powerhouse team with a powerful line and speedy backfield. Some predictions are that they will wind up the season in the Junior Rose Bowl.

Murray's score came late in the game when Lynn Williams, Anadarko, went into the end zone. John Jubey, Sperry, booted the extra point. Henderson scored in every quarter.

Murray fans got a bit of excitement when Johnny Wilson brought down a Cardinal pass, but the Aggies were not able to turn this into a score.

The standouts on defense were Steve Chevreux, Stroud; Jerry McGill, Marietta, Dean Lee, Hugo, and Nick Petro, Phoenixville, Pa.

On offense Guy Hilmon, Frederick, Arthur Guess, and Joe Gentile, Detroit, Mich., were outstanding. Ken Gentile, Detroit, played in an end position after being converted from a guard.

Construction at College Due to Start in Month

A prediction that work will begin within 30 days on nearly a half-million dollars of new construction at Murray was made today by Freeman McKee, president, Danielson Construction Co., Den-
The project includes construction of a new classroom building, a new music building, additions to the present library and science building and remodeling of administrative offices. Work is to be completed by next September.

'Glass Menagerie'

(Continued from Page 1)
more High School plays.
The is the first serious play to be attempted at Murray in the last few years. In the past the plays have been comedy.
The play is most unusual in that it is treated as a memory. One character, the son, portrays two parts, the narrator and son.
In 1945, the play was first presented by one of the stage's leading actresses, Lavrette Taylor.

Friday, November 8, Powder Puffs over Fulton. The Powder Puffs pushed ahead of the gang from Fulton Hall. There was no score but the Puffs won on penetrations.

Hustlers downed Pearl Divers. The Hustlers climbed into the winners' column by getting a safety when one diver dropped his pearl behind the goal line.

Monday, November 12: Rodeo Club vs Faculty The Faculty edged the Rodeo Club with a touchdown late in the game. Score: 6 to 0.

Aggies vs Gung Ho's The Gung Ho's lost under a flood of scoring from the Aggies. Score: 18 to 6.

Ramblin' Recks vs Hustlers The Hustlers wrecked the Recks with two touchdowns. Score: 12 to 0.

Powder Puffs vs Rodeo Club The Puffs powdered the Rodeo Club, but only lightly. Score: 6 to 0.

Rebels vs Fulton Hall The gang from Fulton downed the Rebs. Score: 12-0.

Wednesday, November 14: Faculty vs Gung Ho's Faculty members handed the Gung Ho's their second loss. Score: 13 to 0.
Powder Puffs vs Rebels The Powder Puffs rallied to the highest score for an individual team during one game. The Rebels fall again. Score: 23 to 0.

Pearl Divers vs Aggies The Pearl Divers dropped the Aggies. Score: 6 to 0.

Basketball Season Opens November 30

The Murray Aggies start their basketball season on Friday, November 30 at the Texoma JUCO Tournament here at Murray. The home basketball schedule is as follows:

Nov. 30—Texoma JUCO Tournament, 6:30 p.m.
Dec. 1—Texoma JUCO Tournament, 6:30 p.m.
Dec. 11—Okmulgee Tech, 7:30 p.m.
Dec. 13—St. Gregory, 7:30 p.m.
Jan. 5—Eastern Oklahoma A & M, 9:00 p.m.
Jan. 26—Cameron, 7:30 p.m.
Jan. 29—Northern, 7:30 p.m.
Feb. 8—Oklahoma Military Academy, 7:30 p.m.
Feb. 19—Bacone, 7:30 p.m.
Feb. 22—Northeastern A. & M., 7:30 p.m.
Feb. 28—Connors, 7:30 p.m.

A total of 12,300 miles of the Interstate Highway System was completed by the end of 1961 with an additional 14,913 miles under construction. The entire system will cover 41,000 when finally completed.

Sewing Contest Held on Campus

A Sew-It-With Wool Contest for District 6 was held in the Student Union Ballroom November 17. It was sponsored by the Womens Auxiliary of National Wool Growers Association. The Faculty Dames Organization hosted the event and the Home Economics Club served coffee at 9:30 A. M. with the contest starting at 10:00 A. M.

The State President is Mrs. Eddie Zaloudek from Kremlin, Oklahoma and the District President is Mrs. Mary'n Macbeth of Madill, Oklahoma. Mrs. Vera Taylor, Tishomingo, is in charge of organization of the meeting.

The counties participating were Atoka, Bryan, Choctaw, Coal, Haskell, Johnston, Latimer, LeFlore, Marshall, McCurtain, Pittsburg, and Pushmataha.

Around twenty-six entries participated from 4-H clubs and college students in District 6.

CAN YOU IMAGINE?

Mary Converse six feet tall?
Bernie Conway without his home work?
Fred Williams without Glenda?
Donald Green flunking Intermediate Algebra?
Thomas Luckinbill making a 4.0?
David Fogleman with lockjaw?
Richard Melot winning a football scholarship?
Linda Thomas "doing something right?"
Ronnie Alexander not knowing how to dance?
Mr. Goss giving an easy test?
Someone jumping out of Shirley Isbill's room?
Frog Johnson without his chew of tobacco?
Rabbi without his hat?
Don Battles studying in the library?
Jesse Reid passing a physics test?

and Foreign language. A new music building will be built on the site of the present Aggie building, which will be torn down soon. This will be the first unit of a proposed Fine Arts Building. The library will have an extension to the east, and extra classrooms on the west for science and agriculture.

We hope to build a new Student Center and dormitory later, but these were not included in the bond money.

He added that the faculty at Murray is the best trained of any Junior College in Oklahoma.

"Every person in this room should demand an excellent education," he said, "Your only deterrent in receiving it will be you yourself."

Field Trip Planned By Engineers Club

The Engineers Club held its regular meeting Monday, November 5. A film, "Aeronautical Medicine," was shown to the fifteen members attending.

At present, three committees are working on plans for the club. One of the committees is making plans for a field trip to the Kerr McGee Refinery at Wynnewood. A second one is making plans for a party, and the other committee is making plans for the adoption of some kind of emblem to represent the Engineers Club.

AG BOYS TOUR BRALY RANCH ON NOV. 6TH

Several Aggie boys, sponsored by Dr. Jerry Marlin, made a trip November 6 to the Oklahoma Charolaise Ranch near Stonewall.

Mack Braly, the owner, was there to meet the group when they arrived. He first told how he happened to get in the Charolaise cattle business, and then he showed the class the first bull that he bought.

He also has the bull that holds the record in gain in the Performance Registry International. This bull weighed 786 pounds at 203 days of weaning age. At 12 months he weighed 1,360 pounds. On test he gained 4.32 pounds per day for 140 days and at 13 months of age he weighed 1,515 pounds. No other bull of any breed in P.R.I. has been able to beat his gaining ability.

After looking at the bulls, the group visited his pastures to see his cows. He has several different breeds of cows that he has crossed with the Charolaise. He has about 500 cows in his herd.

He believes that with these Charolaise you will have better gaining calves which will be ready for market at an early age.

Mack Braly now has seven bulls on test here at Murray. He also has the top gaining bull in the Hol-denville Test.

Bulls' Daily Gain Averages 3.52 Pounds

First 28-day weighing of the 210 bulls undergoing the Murray College Beef Performance Test revealed an average gain of 3.52 pounds per day. Eighty per cent of the bulls gained over three pounds per day.

Weighing for the first 28 days was completed last week by Jerry Martin, test manager, and Jack Ryan, county agent.

There are seven breeds represented in this year's test. These include: Herefords, Polled Herefords, Angus, Red Angus, Brangus, Charolais-Charbray, and Milking Shorthorn.

Here & There 'Round Campus

Linda Thomas, did you see the light?

The cheerleaders were wishing their skirts were a little longer at the Murray-Connors game. Right, girls?

Beverly, did you say you hurt your arm falling up the stairs? Emma, you and Larry are learning a lot about spiders, aren't you? Judy Smith seems to be calling everything David here lately.

Hey Dean, what happened to your lip? Better watch those swinging doors.

Shorty, what did Wanda do with your pen? Hollywood, have you learned to swim yet?

Who borrowed your levis, Bill Murphy?

Why are you called Elmer Gantrev, Chevreux?

Wanda, have you been to see the geese lately?

That was pretty good apple pie, wasn't it, Freddie Paz?

Judy Harwell, don't you know to leave other people's letters alone?

Frances Hancy is sporting a new hair-do.

Who were the boys who wanted to sit in on the Patton Hall Dorm Meeting? Know anything about this, Ken and James?

Luckinbill, who are you going steady with, Mary or Janelle?

Poe Hall girls, what did Dean Johnson have to say at the dorm meeting Wednesday night? Better be careful! ! !

Shirley Sledd, why did you insist on Mary Ann taking you to the doctor? What did the doctor say was wrong with your toe?

Who were the four girls in Patton Hall watching "Popeye" Monday afternoon? It couldn't have been Linda H., JoAnn, Louise and Mary C.?

Randy Rice, what do you mean when you say "117"?

Ronnie Alexander, did you FINALLY learn how to dance?

Nancy Lumpkin, what did that man mean when he made that comment on the way you walk? Was it a compliment or criticism?

Have you ever wondered who had the biggest mouths on campus? Just ask the Girls' Sextet for the answer.

Meredith Martin is learning to blow smoke rings, but they still make her just a bit dizzy.

Mary Ann and Beverly seem to be having a bit of difficulty in falling down, these days? Wonder what the trouble is?

"Frank", what was all that hol-

Student Union Is Popular Rendezvous of Murrayites

When all is dull around campus, we can always depend on our student union to brighten up the day a little. The student union has many different recreation facilities. In the front, it has an excellent soda fountain and tables and chairs for sipping a coke with that favorite girl. It also has some new pin-ball machines. All you have to do is have a nickel or dime, and step up and try your skill.

In the back of the student union, there is an excellent ballroom which has a juke-box and ping-pong tables in it when there is no dance. There is also going to be a snooker and pool table installed in back of the union. Get ready you sharks! ! !

The student union is located on the bottom floor of the Patton Hall girls' dorm. There is also a book store in it. This is where we get that good ole mail from home, and from our girlfriends and boyfriends from other colleges. Every day about ten o'clock you can see a crowd of shining hopeful faces. "Is there any mail for me?"

The student union is run by Mrs. Verna Miller who does an excellent job. Mrs. Miller also has a number of college students helping her during the week. They are Freda Webb, John Mefford, W. R. Eason, and Louise Wilcox.

The student union stays open all weekend and it is run by Mr. and Mrs. Morgan.

When you get tired or disgusted of college life go over and try your luck at ping-pong or just sit and sip awhile—Dale Green

There seems to be quite a bit of entertaining going on in the Patton Hall Lounge these last few nights. Could it be that a new ruling has opened the doors to the boys?

Glenda, who was that boy you were seen with a few nights back? Was it Mickey? Or was it MICKEY?

Pinky, what was that sign advertising in your car?

Helen, why were you so rude to that poor boy on the telephone the other night?

Linda Huebsch, what was the cause for all those tears we saw on your face? Maybe you can borrow Beverly's crying towel!

Mary Lambert, have you and Hugh Todd checked to find out the exact curfew time for being in on weekdays? While you're at it, you might try to find out the right time for weekends too!

Elaine, tell us what you and Bill Duff were talking about under those bleachers before drill. The drill teams and band were sure enjoying that conversation! Jim Stee and Frank Orlando seem to have started a new club. It is called the OAC (meaning One Arm Club). If eligible, feel free to join!

Who is the girl that tells her boyfriend everything? Know anything about it Dickie?

What's this about being invited out of sociology. Marcy and Linda? What was the discussion about?

Meredith, how come you have so many boy friends?

Shirley I, you mean you haven't been to the refuge? That's not what I heard! ! ! !

What was all the excitement about in the Student Union Tuesday night? Did you notice them, boys?

Whom have you been keeping so much company with, Shirley G? Is it Bill?

Topping the Best!

TISHOMINGO

MARGARET LOKEY, Tishomingo, and Allen Campbell, Duncan rehearse for the two-act play, "Glass Menagerie" by Tennessee Williams to be presented December 18 in the college auditorium. Other members of the cast are Paula Ramey, Ardmore and James LeFlore, also of Ardmore. The play is being directed by Mr. John Fletcher, head of the language arts department.

Old Jim Crow Makes Good Pet

If you happen to be walking around campus some day and hear a sound like a crow, it probably will be a crow—old Jim. Jim, one of the most unusual pets in part of the country, belongs to Mr. Sherman Spencer, a custodian for the college.

Mr. Spencer got Jim last spring when he was already big enough to fly. It is very difficult to tame a crow when he is so big. Mr. Spencer put Jim in a pen and clipped his wings until he tamed him down a little bit. Jim is now just part of the family.

One time Mr. Spencer took his car and went downtown, and Old Jim flew right along with the car all the way to town. Jim sat on the roof of the grocery store until Mr. Spencer came out, and followed him home again.

Another unusual thing about Jim is that he doesn't mind who his playmates are. He often plays with Mr. Spencer's cat and eats his meals with him. He also plays with Mr. Ringwald's dog. The fact that he speaks no dog or cat, only crow, does not bother him at all. Jim will eat almost anything from bread to peanuts, and he has a thrifty streak, too. If you give him too much of something to eat, or he happens not to be hungry at the time, he will take the extra food and hide it somewhere until he is hungry, and then go back and get it.

If you see a pair of beady, jet black eyes staring at you from the top of a tree, don't panic. It probably will be Old Jim. So far Old Jim is the silent type. He has never said a word. But Mr. Spencer is trying to teach him to talk.

Agronomy Classes Visit Cotton Gin

Students of the Agronomy Department of Murray College visited the Kenefic Independent Cotton Gin on November 15. The gin is located in Kenefic.

The operation of the entire gin was explained while the students watched each phase. The students observed a bale of cotton being processed. After the bale was finished, Mr. Amos K. Bass, co-owner, explained how the cotton was graded and the standards by which it was graded. The gin is capable of making up to four bales an hour.

The cotton gin is owned by Bass, Washington, Durant, and is managed by J. G. Washington. Mr. John Ringwald, Agronomy Instructor, and Mr. Basil Johnson, Dean of Students, sponsored the trip. The class was taken through the gin by Mr. Amos K. Bass, a member of the Board of Regents for Oklahoma A&M Colleges.

As the class was preparing to leave the cotton gin, Dean Johnson had some difficulty trying to get started. Seems that he found the only wet spot in that vicinity and drove the bus into it. With the help of a tractor and a chain the bus was liberated from the mud.

On the way back to the Murray Campus Mr. Ringwald stopped at the Murray College Farms east of Milburn. He showed some of the machinery and equipment that is used on the farms and part of the Angus herd that is owned by the College.

Write for Ardmoreite

Murray College journalism class recently sent copy for the Ardmoreite, to fill the column of Mr. Ansel Suggs while he was on vacation.

Carter County Is Well Represented On Murray Campus

It has been discovered that Murray is very popular with Ardmore and Carter County students.

Some 86 students from Carter County are presently enrolled at Murray.

The students from Ardmore are Gary Bob Barnett, Carl Don Battle, Everett Bedford, Gola Brocherding, Thomas Brandt, Harry Brown, Stanley Burnam, Charles Carmack, Bennie Cash, Ronald Canner, Harry Dewberry, Lawrence Elliot, Bernie Conway, Gale Cox, Richard Cook, W. B. Daugherty, Glenda Gill, James Graham, Wendyl Gambrick, Joe Hawkins, Kenneth Jensen, Beverly Hitt, Carl Jennings Holiday.

Willard Hughes, Paul Lindsey, Thomas Luckinbill, Nancy Lumpkin, Charles McGehee, Meredith Marcin, Judith Matheson, Willard Edward Morton, Robert Musgrove, Judy Nutt, David Ralston, Paula Sue Ramey, Jesse Reed, Charles Rhyme, Rick Rogers, Jim Ross, Robert Ross, Judy Rudd, Dennis Sanders, Spud Siehley, Harold Solars, Lonnie Stewart, John Stroman, Bill Swatzel, Doyle Tackett, Dan Tucker, Richard Walner, Robert Ward, Ronald Watkins, Hilton Whitfield, Jonas Watson and Charles Williams.

Those residing outside Ardmore but still in Carter County are Terry Acox, Wilson, Ronald Alexander, Wilson, Melba Altom Heaton, Calvin Beavers, Wilson, Edward Chatham, Healdton, Beatrice Derby, Healdton, Larry Gazaway, Wilson, James Henderson, Wilson, Albert Johnson, Gene Aury, Charles Johnson, Ratliff City, Florence Hurt, Healdton, Hollis Hurt, Healdton, Jess Idelman, Wilson, Thomas Lemley, Wilson, Larry Mayton, Wilson, Phillip Muller, Wilson, Kenneth Pelton, Springer, Ray Rice, Lone Grove, Jim Snow, Lone Grove, Glen Tivis, Ratliff City, Calvin Wood, Wilson, and Gary Woulfe, Healdton.

Johnston County, home of Murray, is second high, with 68 students enrolled.

Other area counties represented include Murray, with 20, Marshall, 11, Pontotoc, 8, Atoka, 5, and Bryan 8. Several other states are represented.

The college was first established in the 1923-24 session of the Oklahoma legislature. Murray is one of the five state junior colleges under the supervision of the State Regents for Oklahoma A&M College.

Patton Girls Plan Christmas Party

December 19 is the date that the Patton Hall girls have chosen for their Christmas party. The party, which will be held in the Student Union ballroom, is for the Patton Hall girls and their special guests.

Preparations are being made by three committees which were appointed by Mary Ann Beckham, president. Final plans were presented by each committee in a dorm meeting Wednesday night.

Those presenting the plans were: Shirley Griffith, entertainment; Francis Haney, refreshment; and Nancy Lumpkin, decorations.

Annual ROTC Military Ball To Be Held Friday, Dec. 14

The annual Air Force R.O.T.C. coronation military ball of the 20th cadet group has officially been set for Friday, December 14. The event will take place in Beames' Hall from 3:00 to 12 p. m.

Science Club to Attend Annual Meet December 7

The Science Club has been invited to attend the Fifty-First Annual Meeting of the Oklahoma Academy of Science at Tulsa University December 7.

The general program consists of registration at 8:00 a. m., sectional meetings at 9:00 a. m., and lecture on one of three subjects, Biological Sciences, Physical Sciences, or Geography, at 10:00 a. m., depending upon the interest of the student. At 12:15 p. m. an Academy luncheon will be served in the ballroom of the Student Activities Building. Tickets may be purchased for two dollars. At 2:00 p. m. a tour through the Gilcrease Foundation will be conducted by the Faculty Women's Club, and sectional meetings will resume.

President and Mrs. Ben B. Henneke and the staff of the University of Tulsa have invited members and friends of the Academy to a tea and reception in the Formal Lounge of the Student Activities Building at 4:30 p. m.

At 6:30 p. m. the Academy dinner will be served. At 8:00 an Address on "Botanical Aspects of New Crops Research," is to be given by Dr. Quentin Jones, Plant Resources Investigations, Leader, New Crops Research Branch, United States Department of Agriculture. The meeting will conclude at 9:30 p. m. with an executive council meeting.

Members of the Science Club interested in attending should contact Prof. Paul J. Park, head of the science department.

Traffic Court Is Organized Nov. 19

On November 19 a student senate traffic court was held in the conference room of the student union for those students who had received traffic violation tickets, and who wished to appeal them. The traffic court committee is headed by Donald Green, Russett, and members are Helen Spoon, Terral; Jerry Hauser, Mannsville; Shirley Sledd, Roff; and W. B. Daugherty, Ardmore.

The committee heard both sides of the issues. Each student who has received a ticket is required to report to the dean of student's office within three days after receiving the ticket, to pay his fine or to request an appeal. Failure to report in three days automatically doubles the fine.

At the first session seven cases were presented and three fines were levied. The court will be in session on the first Monday night of each month.

The ball was formerly limited to cadets in the R.O.T.C., but this year will be for all Murray students. The cadet officers association and the student senate are co-sponsors. All non-R.O.T.C. Murray students will receive a written invitation from the officers' association or the student senate.

The military ball is a formal affair. The R.O.T.C. uniform worn with a white shirt and black bow tie is the formal dress for cadets, and semi-formal dress will be required for other male guests.

Music will be furnished by the "Blue Rondos" from Southeastern State College, Durant. This band has played for many events at Lake Texoma Lodge and is considered to be one of the best dance bands in this area.

One of the highlights of the ball will be the official crowning of Miss Billie Sue Heffington, Tishomingo, as honorary cadet colonel of the 20th Air Force R.O.T.C. cadet group.

Everyone should plan to attend and enjoy themselves. Other activities have been planned for those not interested in dancing.

Movies to Be Shown By Student Senate

Recent movie productions will be shown each week in the Murray College Auditorium and will be free to students, beginning about the middle of December. This was decided by the Student Senate in their sixth meeting, November 7, 1962. The money to finance the movies will be provided by the Student Senate. Bernie Conway and W. B. Daugherty were appointed to select the movies.

Donald Green and Jerry Hauser were appointed to rewrite and revise the Student Senate Constitution and to bring it up to date. They are to consult with the faculty in doing this.

The Faculty Dames Organization is planning to offer a prize of \$10 for the best decorated dorm for Christmas and the Student Senate will offer a \$5 prize as a second place award.

'Dames' to Give Prize to Top Dorm

The housemothers of the boys' dormitories wish to take this opportunity to thank the Faculty Dames for their contribution to the Christmas decorations for each dorm. The Faculty Dames are offering a \$10 prize to the best decorated dorm during the Yuletide season.

A beautiful centerpiece was given to each dormitory. They consist of large gold-colored goblets filled with Christmas greenery topped with red candles. To the stems of the goblets have been attached red ribbons and gold-colored pine cones. The overall effect is very colorful, preserving the traditional Christmas spirit.

ARE YOU A HUMAN LEMMING?

The lemming is a small Arctic rodent known for its demonstrations of "togetherness." Every now and then, however, thousands of them go on the march. When they reach the sea, they keep on marching—all of them—for as long as they can before drowning.

No one knows why they do this or why one lemming hasn't figured out that it would be wiser to sit it out on the beach, no matter what the others are doing. But we shouldn't laugh too quickly because "lemmings" exist in the human race too.

The human lemming has a distinctive cry. It starts like this, "But everybody else is . . ." or "has," or "does". It is used as an excuse and a reason. Actually, neither one is very good.

Sometimes it is wise to follow the crowd, sometimes it isn't. It is always wise to make up our own minds, to do things for our own good reason, even if we decide not to go along with everybody else. It is just possible that "Everybody else" can be wrong. It is hard to stick with what we think is right and still be one of the gang. Certainly a lemming who decided to stay on the beach would be considered a spoilsport. But he'd be a smart lemming.

What kind of lemming would you make?—B.H.

MEDAL OF HONOR FOR MEREDITH?

Recently a letter was written to the Christian Science Monitor, stating that James Meredith should get the Congressional Medal of Honor, for "gallantry above and beyond the call of duty."

This is the biggest exaggeration imaginable. James Meredith has his rights and he had his own personal motives for what he did. Meredith might have had a few rotten eggs or a few stones thrown at him, but does this compare to a bullet or a bomb such as our boys must face in war?

The Congressional Medal of Honor is an award of highest quality that often is presented after the honored person is dead.

It should not even be considered for actions of such caliber as James Meredith's "heroic efforts"! —DG

COMMUNISM STILL REIGNS IN CUBA

The fact that Fidel Castro still seems to be head man in Cuba is of nagging concern to Americans.

Despite the removal of the Russian missiles, the most serious danger to our security, Castro is well armed and belligerent. Russian prestige and influence in Cuba show few signs of having suffered from the failure of the missile-flanking movement.

We are impatient. We want Castro and all the Reds out—now. We don't like to remember how our policies toward Cuba have helped prepare the ground for the Communist take over.

The Communist threat in Cuba and in this part of the world is certainly far from being solved. Short of an overthrow of Castro or an actual invasion of the island, the situation likely will remain much as it is for a long time.

The economy of Eastern Europe is being increasingly tied with Cuba. Eastern Europe's share of Cuba's total trade has risen from 2 per cent pre-Castro to 80 per cent today.

Although sugar is surplus in some of the Communist countries all have been forced to take sugar from Cuba. Many European countries are short of products but they have to export them to Cuba. One nation has loaned Castro \$40 million, and has built several factories and power stations and supplied quantities of arms.

The Communists are not making these things known to their peoples. But agencies are constantly piercing the Iron Curtain with such facts.

The Russians may have made a very poor investment in Cuba.—WBD

Here & There 'Round Campus

Mary Ann and Helen, tell us what were you doing in the top of the closet the other night?

Shirley Siedd, where did those dogs come from that were found on your bed Monday night?

Frances H. we promise not to print anything malicious about you in the gossip column this week.

Louise, whose football jacket have we seen you wearing lately?

Emma and Mary Ann seem to have got a good bargain on pictures in the Student Union Tuesday. Wonder whose pictures they were?

Steve, it has been reported that there were two girls driving your car Tuesday night. Is it just a rumor or is it a fact?

Don Yeatts, did you turn the insignia on your uniform upside-down or was it someone else?

Mr. Goss and Mr. Calvert, don't you know that you should never accuse someone of something until it is proven that SHE is guilty?

Butch and Wes seem to have had a real party Saturday night. How much did you say it cost you boys?

JoAnn seems to be wearing a new ring these days. Wonder who it belongs to?

Murray Campus is now graced with their very own Cagin Queen. Wonder who she is?

If you will closely observe the next time you are in the Student Union Ballroom, you might catch a glimpse of Mr. and "Miss" Arthur Murray dancing.

Who were the two girls sleeping in psychology Wednesday? Did you hear us, Paula and Ola Mae?

Linda M., you can now feel safe to take a shower. No boys are allowed in the dorm before 7:00. Good luck! ! !

Hollywood, have you told your wife that you were learning to dance?

Mrs. Mahoney, tell us please what it was you found sleeping in your shoe the other night?

James Garvin, who was that girl you were "forced" to take out?

Mary C., what was in that shampoo bottle? Was it Halo?

Steve, what was that name you told us not to print? Does it rhyme with chum?

Don Yeatts, were you really blowing bubbles in Biology Class?

Larry, how did you get that hole in the top of your head? You'd better be more careful.

Why were a certain four girls from Poe Hall looking so tired and sleepy Tuesday morning?

Carla, what was all the jumping up and down for? Could it be communication from a Duncanite?

How many more days, hours and minutes are left, Billy Sue?

Eddie, did you have a good time at Altus? Seems like everyone did.

Rex Caughran has been seen a lot with a mighty cute high school girl. Congratulations, Rex.

Why is Frances White seen so much at play practice? Supervising the play or star gazing, Frances?

Who is the redhead Terry?

Larry Mayton has been seen at the Dean's office. What for Larry?

I hear Wanda has her eye on a certain H. L. boy.

Fred Williams, why do you call all the girls Glenda? By the way, where did you get your cold?

Luckinbill, have you made up your mind yet?

Donald Green, what did that card say? When do you plan to send it to her?

Joe, did you have a lot of fun

SPOTLIGHT

Margaret Lokey

The girl in this week's spotlight is Margaret Lokey, a sophomore from Tishomingo, majoring in liberal arts. After graduating from Murray, she plans to attend Oklahoma University. Her greatest ambition is to be a script writer for radio and television.

While in High School at Tishomingo, Margaret was carnival queen attendant, member of the student council, and the girls' trio.

Here at Murray, she is a member of the Gaidiggers club, Drama Club, play cast, Secretary of Patton Hall, and member of the girls chorus.

Margaret lists her favorites as: food, enchiladas; color, blue; song, "Greenback Dollar"; singer, Frank Sinatra; movie star, Marlon Brando; hobby, collecting records; pet peeve, radio static; and pastime, playing the piano.

Phillip lists his favorites as: color, blue; food, steak; song, "Oklahoma Hill"; singer, Hank Thompson; pastime, shooting the bull; hobby, breaking horses; and pet peeve, not allowed to wear his hat in the student union.

Phillip Nation

The boy in this week's spotlight is Phillip Nation, a sophomore from Elmore City majoring in Animal Husbandry. After graduating from Murray, Phillip plans to attend Oklahoma State University.

While a student at Elmore City High School, Phillip participated in football, three years; track, three years; and was a member of the 4-H club.

Here at Murray he is president of the Rodeo Club, member of the Aggie Club and is on the Aggie staff.

Phillip lists his favorites as: color, blue; food, steak; song, "Oklahoma Hill"; singer, Hank Thompson; pastime, shooting the bull; hobby, breaking horses; and pet peeve, not allowed to wear his hat in the student union.

in Altus? Television is sure interesting, isn't it?

Frank, your friends would be much happier if you would learn how to handle a gun.

How much did you say it cost to have your car fixed, Wes? Was it worth it?

Host 4-H Members

4-H Achievement banquet was held Dec. 1 in the college cafeteria. Recipients of awards, and honorary members were honored guests as well as Dr. Freeman McKee, president of Murray College, and members of the college faculty.

Texoma Tourney Won by Murray

Murray Ags made their first appearance of the basketball season Friday November 30 and Saturday December 1. They came up with a first class trophy in the Texoma JUCO tournament.

On Friday night Decatur Baptist College was downed by Cisco Junior College 89-77. Murray won its game 79-36 over Cooke County Junior College.

In the finals Saturday night, Murray beat Cisco Junior College 54-37 to earn first place. Decatur Baptist College defeated Cooke County 74-41 for third place. Standings after the last game were as follows:

Murray Aggies, first; Cisco Junior College, second; Decatur Baptist College third, and Cooke County Junior College fourth.

The Aggies played well in their bid for first place. They showed a little first game greenness, but not enough to handicap their efforts badly. Murray shot better in the first game than in the second. The players were a little nervous and slippery fingered on Saturday night.

Murray's starting line-up included the following:

Bob Parkhill, guard; Garland Parks, forward; Don Henry, forward; Gene Wilmoth, center; Tom McBride, forward. These men started the game and were backed by the rest of the Aggie basketballers.

Gene Wilmoth was high scoring man for Murray, with 20 points against Cooke County and 16 against Cisco. In the Cisco game McBride scored 15, Henry 10 points, Godsy and Park four each, Thompson and Parkhill two each, and Bradley one.

Murray hit 42% of their field goals and 67% of their free throws against Cisco. Cisco hit 55% and 73% respectively.

After the tournament, a 'most valuable player' award was presented to Phil Albert of Cisco Junior College. The decision was based on three halves of play for each player. Albert hit 18 of his team's 37 points against Murray. On December 4, the Aggies go down to Decatur, Tex., to invade Decatur Baptist College.

Music Club Plans Christmas Program

Everyone is invited to the annual Christmas Candelight program to be presented by the Music Department at 8:00 o'clock Wednesday night, December 12, according to Mrs. Margaret Lokey, vocal music director. The program will be held in the college auditorium and no admission will be charged.

A miscellaneous program of Christmas music will be presented by the Women's chorus, the A.F.R.O.T.C. Cadet Glee Club and the Mixed Choir. Selections will be given by the Women's Sextet, Men's Quartet, and instrumental ensembles.

The Drama Department will present scripture readings.

The program is jointly under the direction of Mrs. Margaret Lokey, Jack Reid, band director, and John Fletcher, drama professor.

About fifty students will participate.

The 1960 census revealed that an average of 64 percent of American workers drive their own cars to work.

Aggies Provide Pork for Meals

Maybe you have noticed that you have been getting more pork in the cafeteria lately. You have been eating some of the home-raised hogs from down at the barns.

Several Aggie boys, assisted by Dr. Jerry Martin, have been slaughtering the hogs at the meat laboratory which is between the campus and the barns. The lab has not been in use for several years, but it is all cleaned up and in working order now.

Dr. Martin plans to offer a one-hour meats lab next semester in which he will show how to slaughter hogs and steers, and how to identify the different cuts of meats from these animals. All of the animals slaughtered will be sent up to the cafeteria to be used.

Engineering Course To Be Added Here Second Semester

Beginning second semester, a new course, Engineering Mechanics, 205 is going to be offered for students who plan to transfer to Oklahoma State University or Oklahoma State University at Stillwater. This course is designed to advance the students' knowledge in statistics and strengths of materials. Engineering Mechanics 205 will be open to anyone who has had physics 205, math 225, or has the approval of the instructor.

"This is the first actual course that engineering majors take and is the basis for most of the work in all engineering fields," Mr. George Calvert, instructor said. He also stated that the student will learn methods of determining loads and stresses in various types of structures. The mechanics of materials will be introduced, and the student will learn the factors which influence the design of beams, space structures, and machine elements.

What IF . . . ?

Wesley Cornett didn't get in trouble?

Pinkey Williams didn't have red hair?

Mr. Calvert didn't know how to dance?

Mr. Goss actually laughed and meant it?

Blackstone was 5'5"?

Ronnie Alexander couldn't dance?

Mr. Beames taught at Northeastern?

Glenda G. wore her skirts around her ankles?

Meredith M. didn't study?

Francis H. didn't have any spray net?

Jim S. didn't get a letter?

Mrs. Mahoney didn't censor our gossip column?

Steve C. didn't have a coat pocket to put cartoons in?

The Patton Hall girls didn't have Mrs. Haynes to entertain their boys?

MEMBERS of the basketball team are, from left to right; Arthur Guess 5'10" sophomore from Oklahoma City; Charles Thompson, 5'10" freshman from Bronide; Ken Redden 5'11" freshman from Caddo; Carl James 5'11" freshman from Drumright; Garland Parks, 6' sophomore from Oklahoma City; Bob Parkhill 6' freshman from Mannsville; Russell Bradley 6' sophomore from Mannsville; Tom McBride 6'2" freshman from Talihina; Gene Wilmoth 6'2" freshman from Tuskahoma; Jim Godsy 6'3" freshman from Talihina; Don Henry 6'3" sophomore from Tyler, Texas and Isaac Lacy 6'5" sophomore from Tyler, Texas.

Six Aggies Named On Eastern A&M All-Opponent Team

The Mountaineers of Eastern A. & M. Junior College have released the names of their all-opponent team for the 1962 football season. The list designates the individuals that played best against the Mountaineers.

The Murray Aggies were well represented on the all-opponent team. Members of the Murray football team who were selected are as follows: Offense—Bennie Cash, tackle, Ardmore; Steve Chevreux, guard, Stroud and David Skidmore, center, Hobbs, New Mexico. The defense players that were selected are Johnny Wilson, end, Tulsa; Jerry McGill, tackle, Marietta and Ken Gentile, guard, from Detroit, Michigan.

Aggie Department Buys York Gilts

Dr. Jerry Martin, agriculture instructor, and Phillip Nation, Elmore City, sophomore, made a trip to O.S.U. Thursday, November 15, to pick up eight Yorkshire gilts that Murray College purchased from the Animal Husbandry Department at O.S.U., Stillwater.

The gilts are around a year old and are all bred. Four of the gilts are bred to a Capri and the other four are bred to the Model 63 boar. These are two of the outstanding boars used in the breeding program at O.S.U.

Dr. Martin plans to change the swine breeding program here at the barns by having only one breed of hogs instead of several breeds as in the past. He now has ten Yorkshires at the barn.

Having only one breed allows a more effective selection program and use of only the best gilts and the best boars.

Nat'l. Cage Poll Rates Ags 2nd

It looks like a promising year for the Murray Aggies basketball team. They have been rated second regional team by the National Junior College Coaches' poll, in spite of the fact that the Aggies are short on height and experience as only three lettermen return from last year's team, which posted a 13 win and 10 loss record.

Returning lettermen are Don Henry 6'3" from Tyler, Texas; Garland Parks 6' from Oklahoma City and Russell Bradley 6' from Mannsville. There are eleven Freshmen pushing to make the squad.

Ex-Aggie Elected To State Post

Mr. Raymond Bruce Hammer, a graduate of Murray, was recently elected state representative from Carter County. After graduating from Murray, Mr. Hammer attended Southeastern State College, Durant.

Mr. Hammer's wife, the former Betty Jo Brown, is also a graduate of Murray and Southeastern State Colleges. She is now teaching English and speech at Plainview High School.

Hustlers, Puffs To Fight for Crown

Intramural football is now entering the last days and several teams are still in the running for the championship. Two teams are undefeated and will probably clash for the title. The two teams that haven't been beaten are the Hustlers and the Powder Puffs. The Hustlers haven't had a point scored against them as of press time.

The following are the results of the past two weeks. Rodeo club had little trouble downing the rebels 32-0. The Hustlers blanked the Aggies 20-0 and Fulton Hall ran all over the Gung Ho's 25-0. The Faculty lost a hard fought battle to the Ramblin' Wrecks by a score of 19-6. The Powder Puffs almost saw their winning streak snapped when the Pearl Drivers played them to a tie. The Powder Puffs won on penetrations. The Aggies won by forfeit from the Rebels. The Gung Ho's are still looking for their first victory after suffering a 12-0 whipping from the Rodeo Club.

State Library Staff Offers Scholarships

A scholarship amounting to \$1500 is being granted by the Oklahoma State Library Staff from private funds that are received anonymously for this purpose.

The scholarship will be given for the school year 1963-64, and is to be used within a period of 12 months to secure a graduate library degree from a school of library science accredited by the American Library Association.

Applicants must be residents of Oklahoma, must be college graduates, and must have been provisionally accepted by the library school of their choice.

The recipient must agree to work full time in an Oklahoma library for a period of two years after graduation.

The Staff Scholarship Committee will select the recipient on the basis of academic attainments and honors, aptitude for the profession of librarianship, potential for growth as a librarian and citizen, character, intellectual capability, health, personality, and other relevant factors.

These factors have no bearing on eligibility for the scholarship and will not be considered in making selections: nationality, race, religion, and sex of the applicants.

Applications and letters of reference are to be submitted on the forms provided by the Staff Scholarship Committee, and must be received before May 1, 1963.

ROVIN' REPORTER:

Hope Is Held for New Governor

Since November 6 when Oklahomans elected Mr. Henry Bellmon, a republican, as next governor, there has much comment and talk. Mr. Bellmon will be working with a democratic majority in the state legislature and many people believe this is going to develop a conflict. We, the students at Murray as well as all fellow Oklahomans, should be interested in such issues as this. The Rovin' Reporter has been asking the following question around campus:

"What changes do you think will develop after Mr. Bellmon assumes the responsibility of governor of Oklahoma?"

Fred Williams: "I don't believe that any major change will occur, but I do think there will be a change if he has the cooperation of the legislature."

Charles Thompson: "I really think that we can look forward to four years of progress. I think the election of a republican as governor has proven that Oklahomans are ready for a change."

Glenda Belcher: "Being a girl, I know nothing about politics, but I do anticipate a change for the better."

Wanda Clark: "I hope that the republican administration takes into consideration the fact that the smaller counties should have better roads and schools as well as the larger counties. I don't think it would be right to reapportion on population basis because it will leave the smaller counties without a voice in the state government."

David Orr: "I really don't think any major changes will take place, but I do hope we will have four years of progress."

Pat Belcher: "I think there will be a conflict between a republican governor and a democratic legislature. I certainly don't think things could get worse than the past four years."

George Calvert: "I think very few changes will take place. I don't think the legislature will let Mr. Bellmon make any drastic changes, if they are against it."

Terry Schultz: "Only time will tell; at least he's honest in the beginning. If he has any changes, I'm sure they will be in the best interest of the state."

Carl James: "If there are any changes made they will be slight. The legislative system of the state

Fillmore Freshman Wins Sew Contest

Ola Mae Lamey, Murray College freshman from Fillmore, placed first in the senior division of the Sew-It-With-Wool contest for District 6 at Murray College recently.

She won a green wool blanket, Vogue pattern of her choice, a check for \$2.50 and a trip to Oklahoma City, where she will take part in the state contest at the Skirvin Hotel Dec. 15. Mrs. Vera Taylor, Johnston county home demonstration agent, will accompany her.

Her dress was a coat style beige wool, worn with orange and black accessories.

is still democratic and it will not permit any great changes."

Ralph Lacey: "No Comment."

Allen Campbell: "It's too early in the game to tell yet. I do think Mr. Bellmon was sincere in his campaign. But of course that is usually the case in the elections as we of Oklahoma have learned sadly. Since this is still a democratic state with two of the most powerful senators of the U. S. being Oklahoma Democrats, then it's doubtful there will be any changes in the state, at least in sense of Republican ideas. But if we can have our roads fixed as Bellmon promised, then I wouldn't care if we would have any more changes. No, I don't feel there will be much changes with a Republican Governor and a Democratic Senate."

Vearlin Sichley: "Not knowing much about the present conditions in the state of Oklahoma, I have only one thing to say: I hope the state college system is improved."

John Burton: "I think that the two-party system in Oklahoma will change back to the one-party system, his own party which is the republican party. He will fill as many offices as possible with republicans."

Joyce Parrish: "I think things will go along about the same because people won't give him a chance to change things."

Mrs. Miller: "I hope things will change in the Oklahoma government, but I am afraid that they won't change very much."

Margaret Lokey: "I think the people of Oklahoma will finally support a Governor they elected, even if he is republican."

Mrs. Lokey: "I doubt if very many real changes will develop after he becomes governor, unless he can cooperate with the Democratic legislature."

Murray Groups Are Praised in Madill Record

The following editorial appeared in "The Madill Record" on Thursday, November 15, 1962:

"The Veterans Day parade in Madill Monday was one of the most outstanding that citizens here have been privileged to see to commemorate the important day."

"Much credit for the excellent parade is due to three units from the Air Force R.O.T.C., from Murray State College, Tishomingo."

"The Blue Angels of the Air Force R.O.T.C., the Air Force R.O.T.C. precision drill team, and the Air Force R.O.T.C. band, all gave performance that reflected high credit to the organization and also to Murray College."

"Madill is fortunate to be next door to such a fine educational institution as Murray State College, and is particularly fortunate that the college is so generous in sharing with us the talents of its fine staff and student body."

Murray Students Hear Symphony Concert Nov. 15

Six Murray college students and two instructors attended the Oklahoma City Symphony Orchestra concert held at Ardmore, Thursday, November 15. Students attending were W. B. Daugherty, Ardmore; Donald Green, Russell; Tommy Allen, Nowata; Alfred Nelson, Coleman; Jesse Ross, Ardmore; and Virgil Kennedy, Harrah. Mrs. Murrelle Mahoney and Mrs. George Calvert were the two instructors attending the concert.

Primarily at Ardmore, to open the 1962-63 Community Concert Association series, the Symphony, conducted by Mr. Guy F. Harrison, played to a capacity attendance in the new high school auditorium.

Beethoven's overture to "Egmont" opened the night concert. The high point of the evening, however, proved to be the Sibelius Symphony in E Minor. Between it and the closing number "Coprice" Italian" by Tchaikovsky came three dances from Bedrich Smetana's "The Bartered Bride," and the prelude to "The Deluge," Saint-Saens.

Under the skillful, sensitive direction of Mr. Harrison, the orchestra demonstrated again that it is one in which the citizens of the state have a right to be proud. It would be hard to find a more beautiful and satisfying performance than the one the appreciative audience was privileged to hear.

After prolonged applause and three bows at the end of the program, Harrison returned to the podium to express his appreciation

Survey Proves Students Think

Recently a survey was taken among the students in the Student Union to find out exactly what they were thinking. The survey, taken by Paula Ramey and Beverly Hitt, paralleled with their study of thinking in psychology class.

Although there were some odd answers, the survey proved that everyone was thinking about something. The following are some of the students' replies to "What are you thinking?"

Stanley Burnam: "Saturday night."

Donald Green: "Admiring Charlie's coat."

Tommy Allen: "Bear hunting with a switch."

Johnny Burton: "Lack of female students at Murray."

Frances Haney: "Thinking about anything . . . she thinks!"

Linda Huebich: "If they publish that picture, I will die."

Alfred Nelson: "She's going crazy." (I wonder whom he was referring to?)

Billie Sue Heffington: "South Carolina."

Fred Williams: "Cafeteria" (What kind of thoughts were these?)

Edward Chatham: "Psychology?"

W. B. Daugherty: "Thinking about something to think about." (We didn't understand either!)

Hugh Todd: "That the east wall in the Student Center should be painted another color."

Jo Ann Moore: "Nothing."

Well, that goes to prove that everyone was thinking . . . even if it was about nothing.

for the reception given him and his group.

It was a musical evening long to be remembered and treasured. Particularly memorable was the exquisite performance of the string section, the harp and solo clarinets, the woodwinds, violas and cellos.—W.B.

The Christmas candlelight service was held in the Murray College Auditorium on December 12, 1962. The program was under the direction of Mrs. John Loky, vocal music instructor. The stage was decorated to suggest a Church with a gold cross in the background. At the sides were low rails trimmed with greenery, poinsettias, and tall candles with red and white candles. The college choir was seated in rows facing the stage center. The stage was partly in shadow, accomplished by dramatic front lighting.

Music Groups Present Candlelight Service

'Wappy' Scene of Sudsy Party

Wapanucka for some uneasy reason has become extremely popular in the past week. One long party has been going on there for several days, through the courtesy of the railroad company. Wappy's sudden popularity came about when several freight cars were derailed about two miles north of town. Two or three of them were filled with all kinds of things, consisting mainly of cases of beer, soap and lard.

It was rumored the streams ran not red with blood, but with amber brew. For the group confiscating the free beer there developed a little difficulty. The soap and lard spread generously about the landscape made it very slick for the searchers. But despite all the difficulty, Murraysites and students from other colleges were seen sliding, falling and sinking into this mixture of lard, soap and mud just to get a beer, or perhaps a case, if they were lucky.

It didn't take long for the noses of many to pick up the scent. It seemed that boys showed up from everywhere and can you imagine, some of them were actually the so-called intelligent college students! If you would like to go out and see the excitement, it won't be hard to find. Both your nose and your eyes will guide you. The road is well marked with new, shiny, freshly opened beer cans, which lay a trail of scent for miles.

The Oklahoma Department of Public Safety revoked the driving privilege of 45 delinquent Oklahoma drivers during November.

Improvement action was taken on the driving habits of 1,187 Oklahoma drivers by the Oklahoma Department of Public Safety during November.

JUDGING TEAM ATTENDS MEET

The Livestock Judging team from Murray College attended a judging class at Oklahoma State University Saturday, December 8. The team judged nine classes consisting of four classes of steers, two classes of sheep and three classes of hogs.

The team is doing very well and have had several hours of practice. They have several work schedules prepared for the near future.

The members of the team are Bill Graves, Stillwater; Nolan Arthur, Ardmore; Dan Houser, Wewoka and Wendyl Hambrick, Ardmore. Dr. Jerry Martin, instructor in the agriculture department, is sponsoring the group.

AFROTC Honors 'Cadets of Month'

The award of Cadet of the month was presented to two R.O.T.C. cadets before the 20th Cadet Group Corp Monday, December 10, on the Murray drill field.

Those honored were sophomore Lieut. John Faulkenberry, son of Mr. and Mrs. O. L. Faulkenberry, Atoka. Lieut. Faulkenberry is majoring in science and plans to attend Southeastern State College. During after he graduates from Murray.

The freshman receiving the honor was Cadet Harold Garvin, son of Mr. and Mrs. Buel Garvin, Altus. Harold is majoring in engineering and plans to transfer to Oklahoma State University.

The awards are given each month to a respective freshman and sophomore who has improved the most during the month. Taken into consideration is the cadet academic record, interest, and drill proficiency.

A silver ribbon is given to each cadet as a symbol of receiving the award. Cadet Colonel Bernie D. Conway, Gene Autry, made the presentation.

Bull Owners Map Plans for Sale

A meeting of about 25 breeders of the bulls on test at Murray was held in the conference room of the student union Thursday, December 6. Dr. Jerry Martin, agriculture instructor, also was present.

The men discussed how the test was progressing and what improvements would be made. The main purpose was to discuss the advertising program for the bull sale which is to be held March 16, 1963.

The group also discussed what radio stations they would use, and what magazines and newspapers could be used for advertising.

Open House for Faculty

Dr. and Mrs. Freeman McKee, and Dr. and Mrs. Richard Murray, will be hosts to an open house in the McKee home Wednesday afternoon for faculty and staff. Mrs. McKee asked that the faculty 'drop in' for a brief visit during coffee break time, at their convenience.

One hundred and seven delinquent Oklahoma drivers had their licenses suspended by the Oklahoma Department of Public Safety during November.

"Glass Menagerie" To Be Presented Tuesday, Dec. 18

The Murray Drama Club will present a two-act play "The Glass Menagerie" by Tennessee Williams tonight, December 18. It will be given in the college auditorium at 7:30 p. m. Mr. John W. Fletcher, head of the language arts department, is director of the play.

The drama deals with intense conflicts within the Wingfield family. The symbolism of the play is based around the glass collection of the daughter, Laura, whose menagerie represents her attempts to escape from reality. The mother, Amanda, keeps pushing the daughter back into reality, and from this arises the tragedy. Much of the play is in flashbacks, with area lighting used to convey the feeling of past or present time.

The stage will consist of a fire escape, living and dining rooms, making it very hard to stage the play. The action takes place in a tenement St. Louis, the furniture being ragged and the household articles old and worn. The stage directors are Lewis Parkhill, Mannville; John Faulkenberry, Atoka; Robert Ward, Ardmore; and David Ralston, Ardmore. They are in charge of painting and constructing the different stage properties.

The characters are Amanda Wingfield, played by Margaret Loky, Tishomingo; Laura Wingfield, played by Paula Ramey, Ardmore; Tom Wingfield, played by Allen Campbell, Duncan and Jim O'Connor played by James LeFlore, Ardmore.

(Editor's note: if you enjoy hearing family arguments, you should make plans to attend.)

Harold Winburn

Mr. Harold Winburn, head of the Engineering Department, will take military leave to attend the Associate Course Command and General Staff College at Fort Leavenworth, Kansas. His reporting date is January 6, 1963 and the completion date will be May 10, 1963.

Mr. Winburn, a Lieut. Colonel, Infantry, Oklahoma National Guard is executive officer, 1st Battle Group, 18th Infantry, 45th Infantry Division. The headquarters for the Battle Group is located at Ardmore.

Two years previously Mr. Winburn attended a school at Fort Benning, Georgia, taking an associate infantry officers career course. This course was a prerequisite for the course he is planning to attend.

The purpose of this school is to get school qualifications for future promotion in the National Guard.

News Briefs

The annual Christmas Faculty Dinner was held at the Grill in Madill, Saturday, December 15 at 6 p. m.

Approximately 50 faculty members and guests attended the dinner, which was served smorgasbord style.

The dining room was decorated with Christmas trees and colorful ornaments. The guests sang Christmas carols, led by Mr. Raymond Cleveland, and afterward played 'dummy' bridge. Door prizes were given to one man and one lady guests, and prizes were given for high scorers in the bridge games.

Frances White, a sophomore from Burneyville, has returned to classes after having surgery in the Johnston County Hospital recently.

Annual ROTC Ball Held Dec. 14

The annual Murray College R.O.T.C. Military Ball was held on December 14, in Beames Hall from 8 to 12 p. m. The music was furnished by the Blue Rondos, a five piece band from Southeastern State College.

The highlight of the evening was the crowning of Miss Billie Sue Hefington, Tishomingo, as the 20th cadet group corp honorary colonel. Her honorary majors included Miss Judy Smith, Tucson, Arizona, 20th cadet group band; Miss Frances White, Burneyville, Drill team; Miss Nancy Lumpkin, Ardmore, 40th squadron; Miss Glenda Gill, Ardmore, 41st squadron; Miss Linda Thomas, Tishomingo, 42nd squadron; and Miss Mary Ann Beckham, Russell, 43rd squadron.

The dance was sponsored by the Student Senate and the AFROTC Officers' Association, for the entire student body, faculty and guests.

Beames Hall was transformed into a glamorous setting by thousands of blue and white streamers hanging from the ceiling and marking off the dance floor area in the center. The tables at each end of the hall were lighted with dim lighting in the manner of a night club.

A large crowd was present and the evening was one of the highlights of the holiday season.

The Student Senate will serve cookies and punch to the student body in the Student Center on Thursday night, December 20.

Does Meredith Deserve Highest Military Award?

A letter in the Christian Science Monitor stating that James Meredith should be awarded the Congressional Medal of Honor has aroused a great deal of controversy. The Aggielite has received a letter terming a staff editorial as "childish thinking and biased", although this editorial did not criticize Meredith's actions, but simply the suggestion that the medal of honor be awarded.

In discussing whether or not he should receive this award, there are several factors to consider. First is the matter of courage. There is more than one kind of courage, and moral courage is probably rarer and more to be prized than physical courage. Meredith has displayed both kinds. It takes great physical courage to risk being attacked, rotten egged, stoned, perhaps beaten up or even killed. However, he had enough protection to prevent the latter.

But another and perhaps worse ordeal which he had to face daily, even hourly, is name calling, hatred, abuse, loneliness, scorn. Against this he had no protection except his moral courage, which must be very great.

A second factor to consider is his purpose. Here, again, his purpose was no doubt a highly commendable one; to open doors for his people heretofore closed, to widen their horizons and win the right of equality with their fellow men.

Another factor is the effect of his actions on his fellow men. Perhaps the long range effects of his actions will benefit his race, as he hopes they will do, although the immediate results were violence, riots and bloodshed. If the doors of our higher institutions of learning in the South are to be opened to the Negroes, some one had to take such a step. The fight takes courage, perseverance, a willingness to stand abuse and live a lonely, unnatural kind of life, day after day.

That his actions displayed a lofty purpose and high courage is undeniable. The question remains as to the purpose of the Medal of Honor, and as to the kind of heroism for which it is conferred.

According to the encyclopedia, "Only members of the armed forces who have risked their lives to perform some act of outstanding bravery in the presence of the enemy" can receive the Medal of Honor.

In view of this definition, Meredith is not eligible for the Congressional Medal, despite his heroism.

Grad Takes Issue With Editorial—

December 5, 1962
Mr. W. B. Daugherty, Editor
The Aggielite
Tishomingo, Oklahoma

Dear Mr. Daugherty:
As a former Murray student, I was somewhat dismayed, to say the least, to read the editorial entitled "Medal of Honor for Meredith?" in the December 4 edition of the Aggielite.

True, the Congressional Medal of Honor is an award given in times of war and probably should not be bestowed upon Mr. Meredith. This I am not questioning.

What I am questioning is the lack of credit given to Mr. Meredith. Perhaps this wasn't an all out war in which "our boys" are fighting,

but to Meredith this was a war in which he fought for himself and his people. He was not physically hurt but two people who were involved in the riots were killed.

This editorial was one of the most childishly biased that I have ever read in the Aggielite and I was shocked and surprised to see that it held a place usually reserved for democratic and intelligent opinions.

Yours truly,
Annette Park, Class of 1961

Dear Miss Park:
I was very happy to receive your recent letter concerning the editorial "Medal of Honor for Meredith?" I am pleased to learn that

Santa Claus Visits Murray

Did you know that Santa Claus visited the Murray Campus this week inquiring what the students wanted for Christmas? Some of the replies were indefinite, but we have permission from Ole St. Nick to print some of the requests:

Jerry McGill wants a new car after Toahy wrecked his. Joe Gentile said he was going home, and that's all he wanted. Ronald Baugh ordered a new Pontiac (he will have to hang a large stocking). Benny Cash would like a red Ford convertible. Shirley Stedd wants something that maybe Santa will have a hard time supplying. It is a tall, blond headed, blue-eyed man. Now Shirley, don't make it difficult for Santa!

John Juby wants a 30-06 rifle. Louise Wilcox asked something very difficult for Santa to provide. She asked Santa to bring her entire family home. Lew's Tolliver requested a side saddle, and Larry Heard asked for a horse for Lewis to put his saddle on.

Earl Sullivan has asked Santa for his two front teeth. Bonnie Parker said, "I just got shot out of the saddle. I'd like my girl back and also a job in Oklahoma City."

Mike Lawson just wants Santa to give him a female companion for Christmas.

Ole St. Nick even visited the business office and found that Mr. Jim Mubura had this statement to make: "I have just about everything a man could want. I have one pair of pants and a pair of shoes for every occasion and I have them on right now! I would like a little boy, but I guess I haven't been good enough. Maybe I will have to wait until next Christmas."

Now students, you better be good and study hard, and maybe you will get what you want.

The Oklahoma Department of Public Safety held 30 interviews with delinquent Oklahoma drivers during November, 1962.

The driver improvement division of the Oklahoma Department of Public Safety reviewed the driving records of 2,241 delinquent drivers during November, 1962.

You have an interest in THE AGGIELITE, but I was greatly disappointed in that you referred to the editorial as childish and biased. I, along with several other students, feel that you are wrong in your attitude toward the editorial.

True, the editorial column is usually reserved for intelligent and democratic thinking. I believe that this editorial was a product of thoughtful and sincere thinking, in addition to representing intelligent and democratic ideas.

Many Negroes have entered formerly segregated schools without incident, and without the national "limelight" which Meredith had. That they were able to do so without incident is a tribute to their fellow students who readily accepted them. The fact that Meredith was not able to do so, but that he had the courage to stick to the job which he had set out to do, is commendable, but it does not make him a national hero.

Again, thank you for your letter, and I welcome any future letters concerning THE AGGIELITE as I am interested in the best publication possible.

W. B. Daugherty, Jr. Editor

SPOTLIGHT

Benny Cash

Meredith Martin

Appearing as number one gal in the Aggielite spotlight this week is Meredith Martin, a sophomore from Douglas High School, in Ardmore. While in high school Meredith claims her honor such activities as: to assistant pianist of chorus, a member of the trio; New Homemakers of America pianist four years; assistant secretary of Student Council, junior year, and secretary of Student Council her senior year. She was also secretary of Douglas Chapter of National Honor Society and as if this weren't enough she was also elected "Miss Homecoming" her senior year, plus having the honor of being valedictorian of her class.

Besides being an outstanding student scholastically here at Murray, she is also very active in extra-curricular activities. She is secretary of Bessie Poe Hall, secretary of Phi Theta Kappa, reporter and secretary of the Music Club, member of the girls sextet and the drama club. She is also pianist for the girls chorus. Besides all the extra-curricular activities she stated she did a good job of "goofing up" in the library for Mrs. Mahoney.

She lists her favorites as follows: pastime, talking and playing the piano; colors, just all of them; desert, lemon meringue pie; singer, Jerry Butler; song, "Depend on Me" and movie actor, Paul Newman. Her pet peeve is dreary looking days. And if that isn't all right, she can readily find another

for print. Her major is general education, but states she may change it to either library science or music education.

Meredith is currently undecided as to exactly where she will go to college, but it will probably be Oklahoma College for Women or Oklahoma State University. But then there is always the possibility of getting "married", as the lady said.

Benny Cash, a sophomore, is the next "honored one" in spotlight this week. Benny also graduated from Douglas High School.

While attending high school, he was active in football, basketball, and track. He was named lineman of the year and was treasurer of senior class. He was also vice president of the student council.

At Murray, Benny is a member of the letterman club, co-captain of the football team, and participate in basketball.

He lists his favorite as follows: food, steak; color, blue; teacher, Mr. Fletcher; singer, "Bo Diddly"; "You are My Sunshine" and hobby, football and (Madill). He lists his pet peeves as Garfield Park and Arthur Guess, and his favorite pastime is associating with "girls".

Seven hundred and eighteen drivers between the ages of 18 and 24 years of age had their driving records reviewed by the Oklahoma Department of Public Safety during November, 1962.

Murray Bombs Shawnee 62-52

The Murray Aggies came up with their third win of the season November 13 by dropping St. Gregory's of Shawnee 62 to 50. The Aggies have not met any conference foes so far, but show great promise at the present.

The Murray gang went ahead soon after the game started and were not challenged closely for the entire game. Bob Parkhill and Garland Parks kept the game interesting by riddling Gregory's offense with stolen passes. Gene Wilmoth, Don Henry and Tom McBride kept them off their feet with accurate field goal attempts.

The high scoring man for the Aggies was Gene Wilmoth with 26 points, Don Henry had 15, Garland Parks and Bob Parkhill had eight apiece and Tom McBride dumped in five.

As a team the Aggies hit 42% of their field goals and 64% of their free throws.

The driver improvement division of the Oklahoma Department of Public Safety sent out warning letters to 380 drivers during November.

Tushka, Kingston Are Winners of Girls Tournament

Tushka and Kingston won the Senior Tournament for A and B class girls respectively. The tournament was held on December 6, 7, and 8 in the Murray College Gym. There were 13 games played with the finals on Saturday night, Dec. 8.

Tushka came into the winners spot with a 37-32 victory over Stonewall for the "A" class trophy. Kingston downed Turner 31-25 in the "B" class title.

The fans who witnessed the games saw some fine basketball and also several high scoring individuals. A eager, Donna Smith, from Stonewall stole the individual spotlight. Her unusual shots were on the minds of many of the spectators.

The following are the results of the entire tournament.

December 6:

Turner vs. Ravia (Forfeit) class A

Wapanucka-47 vs. Springer-23, class B

Davis-23 vs. Mill Creek-22, class B

Roff-39 vs. Coleman-25 class B

Stonewall-54 vs. Boswell-30, class A

Kingston-39 vs. Gene Autry-22, class B

Tushka-45 vs. Bowlegs-35, class A

December 7:

Tishomingo-29 vs. Marietta-15, class A

Kingston-39 vs. Wapanucka-28, class B

Turner-33 vs. Roff-32, class B

Tushka-52 vs. Davis-31, class A

Stonewall-35 vs. Tishomingo-26, class A

December 8:

Kingston-31 vs. Turner-25, class B

Tushka-37 vs. Stonewall-32, class A

Aggie Building Takes a Ride

There sure has been a lot of working and moving going on around campus of late. It isn't anything unusual to look out a window and see a building go rolling by. In fact, that's just what happened. Looking out a window, Wednesday, one could have seen part of the old Aggie building going past down the road.

A couple of iron monsters that just love to eat dirt have invaded the campus and are making a good meal out of the ground south of the Administration building. One of them ate its way so far down the other day it had to be pulled out.

Some of the boys said they wished the monsters would eat their dirt at night so they could get some sleep. You can't ever get a decent day's sleep around here anymore! It is getting a little difficult to find the Aggie and music instructors and classes anymore. If you look you probably can't even find the Aggie building!

Yes, there sure is a lot of activity and noise on campus now, but it will be worth all those sleepless days when the new buildings are finished.—D.G.

DR. FREEMAN MCKEE, President of Murray College, presents the trophy to the Murray Aggies team after they won the Texoma Basketball Tournament recently. The Aggies stomped Cisco Junior College in the finals 57-37. From left to right: Dr. McKee, Garland Parks, Oklahoma City; Bob Parkhill, Mannville; Don Henry, Tyler, Texas; Tom McBride, Tallinn; Gene Wilmoth, Tushkoma.

Decatur Edges Aggies, 78-77

The Murray Aggies dropped their first game at Decatur Baptist College in Decatur, Texas, Tuesday, December 4 by one point. The score was 78-77.

The game was close and exciting from the start to the finish. Both teams shot well, but Decatur came down with several more rebounds than Murray had. During the game the score never varied over ten points. Most of it was played with a one or two point advantage, particularly in the second half.

Murray's high scoring man was Gene Wilmoth with 37 points. Decatur's sharpshooter was Jim Morgan with 29 points.

The other Aggies that scored are as follows: Don Henry, 17, Tom McBride 8, Russell Bradley and Garland Parks 6 each and Bob Parkhill 3.

This loss left the Aggies with a 2-1 record for the season before they tangled with Okmulgee Tech on Tuesday, December 10.

Several students and the Murray pep band attended the game. Transportation was provided by the school bus and Mr. Jack Reid, head of the music department, accompanied the students.

Hustlers Continue To Down Opponents

The Intramural football season ended on Wednesday, December 12 with the Powder Puffs and the Hustlers tied for the number one spot.

The following are the results of the last few games. The Fulton gang dropped the Aggies with an extra penetration. They both battled to a 6-6 tie. The Hustlers had little trouble downing the Rodeo Club. The final score was 6-0. The Pearl Divers continued to slaughter the Gun Ho's by a score of 12-0. The Faculty won over the Rebels by a forfeit. The Fulton team played The Hustlers a fine ball game but came out on the bottom. The score was 6-0. The Hustlers continued their giant rolling attack by downing the helpless Gun Ho's 43-0.

	W	L	T
1. Hustlers	7	1	1
2. Powder Puffs	7	1	1
3. Fulton Hall	7	2	0
4. Faculty	5	4	0
5. Ramblin Reeks	5	4	0
6. Pearl Divers	4	5	0
7. Aggie Club	3	5	1
8. Rodeo Club	2	6	1
9. Gun Ho's	1	8	0
10. Rebels	0	9	0

The volleyball games will start after Christmas holidays. Each team should make plans to have an entry.

Murray Routs Okmulgee 72-42

The Murray Aggies downed Okmulgee Tech 72-42 Tuesday night, December 11, for their third win in four outings. The Aggies showed some improvement in ball handling, but still are bothered by fumbling and misguessing. They are lagging in rebounding because of a lack of height, which is a handicap for any basketball team.

The high point scorer for the Aggies was Don Henry, Tyler, Texas, with 19. Bob Parkhill, Mannville, was next with 13. The rest of the scoring went like this: Gene Wilmoth, Tushkoma, 12; Charles Thompson, Bromide, 10; Garland Parks, Oklahoma City, 7; Tom McBride, Tallinn, 5; Carl James, Drumright, 3; and Russell Bradley, Mannville, 2. Tech's high scorer had 11 points.

The game got a bit rough in the last few minutes, but not enough to cause much trouble.

The Aggies take on St. Gregory from Shawnee on Thursday night.

Enchiladas Served To Spanish Class

The Spanish class, under the instruction of Mrs. Rosalva Rainey, prepared and served a Spanish dinner for themselves and their special guests on December 12th, in the home economics room.

The menu consisted of enchiladas, frijoles refritos (fried beans), arroz (fried rice), tostadas (toasted tortillas), ensalada (tossed salad), cafe (tea) and dulce de naranja.

The members of the class are as follows, Sue Brashier, Ravia; Donald Barnett, Pontotoc; Joe Lawrence, Sulphur; Sharon Burgess, Tishomingo; Glenda Belcher, Wapanucka; Gola Borcharding, Ardmore; Margaret Lokey, Tishomingo; John Faulkenberry, Atoka; Mary Ann Beckham, Russell; Michael Elliott, Ardmore; Tom Lemley, Wilson, and Walter Morgan, Ryan.

Their guests were Emma Childs, Roff; Shirley Stedd, Sulphur; Linda Thomas, Tishomingo; Jeanie Morgan, Ryan; Mrs. Earl Brazier, Ravia; Rex Rainey, Tishomingo; Mrs. Esther Alvarez Rodriguez, Veracruz, Mexico; and Mario Alvarez Rodriguez, Veracruz, Mexico.

The driver improvement division of the Oklahoma Department of Public Safety reinstated the driving privileges of 321 delinquent Oklahoma drivers during November.

208 Test Bulls Average Daily Gain 3.48 Lbs.

The 56-day weighing of the bulls on performance test at Murray College was held Thursday, December 6, 1962.

The bulls did very well for the first 56 days. They had an overall gain of 3.48 pounds per day from the 208 head. The bulls only dropped a four-hundredth of a pound per day average from the 28 day weighing.

The top gaining bull for 56 days is a Brangus owned by Clarence Rodden from Claremore. This bull has an average daily gain of 5.89 pounds per day. Rodden also has the high gaining pen of three bulls with an average of 5.12 pounds per day.

Some of the boys got a pretty good laugh when Phillip Nation and a Charolais had a foot race. Phillip finally came out winner because the bull was behind him pushing him with his head. Every time Phillip took a step the bull would push him a little faster. Phillip finally got out from in front of him when he got his feet on the ground.

Aggie boys helping to weigh the bulls were Wyndel Hambrick, Ardmore; Richard Cook, Ardmore; Mike King, Madill; Paul Lindsay, Pauls Valley; Phillip Nation, Elmore City, and Dan Houser, Wekiva.

One, Two, Three, And a Cha-Cha-Cha

"Now one-two-three and cha-cha-cha!" This is the familiar ring coming from the gymnasium as the students are busy learning how to dance some unfamiliar or new steps. Mr. George Calvert and Mrs. Margaret Lokey are conducting a beginning ballroom dancing class for any student interested in renewing that old talent or just plain learning. The class, which meets on Tuesday nights from 8:30 to 9:30, has been well attended by Murray students thus far. The average has been about 30 to 35 students.

At present the class is learning the chacha, with Mrs. Jack Carter being guest teacher. Any one wishing to attend is welcome. Just come over to the gym on Tuesday night at 8:30 and improve your dancing ability.

Chemistry Students Tour Socony Lab

Several chemistry students, accompanied by Miss Beulah Zimmerman, went to the Southwestern Regional meeting of the American Chemistry Society held in Dallas December 6, 7, and 8. They took a field tour through the Socony Mobile Oil Field Research Laboratories and visited eight units of the laboratory.

They observed the flooding of oil wells for recovering oil from underground reservoirs, the magnetic properties of rock, and saw the Van Der Graaf accelerator.

They visited the computer section and research library which subscribes to 700 journals monthly.

The most interesting subject to many of the group was the analog computer, which was set up to study and predict oil production in the Saudi Arabian Oil fields, up through the year 1985.

Those who made the trip were: Charles Call, Larry Cox, Darrel Idelman, Virgil Kennedy, Michael McCauley, Ernest Sykora, and James Wheeler.

Lt.-Col. Tatchio Reviews Cadet Corps

Lt. Colonel Tatchio, instructor of Air Science at Oklahoma State University, visited Murray's 20th Air Force R.O.T.C. Cadet Group Corp. Monday, December 10.

He reviewed a performance by the drill team, commanded by Major Thomas Luckinbill, Ardmore, complimented them on their accomplishments and gave them high credit.

He inspected the group as it made its routine movement from the front of the library to the drill field.

Lt. Colonel Tatchio was given a tour of the campus by Major Billy J. Carter, professor of Air Science at Murray, and Captain Robert Elkins, associate professor of Air Science.

Here & There 'Round Campus

Beverly, who did you go Christmas tree hunting with? By the way, did you find a tree?

Pretty soon you will be home. Right, Jim? Have a good time.

Did you fall out of the chair in business machines class because you went to sleep, Emma?

Frances, was that a marble you had playing with over in the gym?

What did Coach Robbins say to you the other night, Beverly? You might be more careful the next time. The proctors almost caught you, didn't they?

Elaine, that was quite a show you put on the other afternoon. You should charge admission.

Why were all the boys sick Monday night? Know anything about it, Jack Anderson? ? ?

Meredith, whose name doesn't sound right without darling before it?

Barclay, gravel roads are rather slick, aren't they?

Mr. Park, you still know your right faces, don't you? ? ? Fast thinking, wasn't it?

Tommy Linam, why have you started calling your calf "Belcher"? ! ! ! Wadell, your car seat sure goes far back, doesn't it? Whose foot got caught under it?

Paula, what was it Terry did that made you so mad?

"Isbul", why did you quit work? Night life too rough? ! ! !

Tommy Allen says trouble is spelled "Goss".

Frances H., why do you do all your exercises at night? Do you always blow bubbles in the library?

Why is it that a certain Murray coed always sits on the North bleachers in the gym? It couldn't be future in-laws, could it?

Barclay, why do you kick dressers at night? Rough on your feet, isn't it?

Judy M., how did you find out about the tape recorder in your room?

Frances W., how did you find out about the tape recorder in your room?

Anyone associated with Spud has heard the name Joan. Who is she Spud?

Freda, why didn't you want Paula to open the door Sunday night?

Ola Mae, why were you so interested in the Okmulgee-Murray game? Any certain one???

Glenda, why don't you ever wash your face before going to church? Fred, you could take the same advice and keep your face clean!

Sharon, take Mrs. Allen's advice and scratch "her" eyes out.

Glenda have you learned Dickie's telephone number yet?

Karla, don't you think it is about time that you start attending class?

Rabbi, can the girls really hit hard?

Jo Ann, why does your face always turn red when you are in the union?

Joe, that was quite a party you had the other night. Right?

Linda, how do you manage to be

Murray to House 4-H Hall of Fame

Murray College has been selected to house the Johnston County 4-H Club Hall of Fame, which was recently organized at the annual 4-H Achievement Banquet. Each year two members are selected from Johnston County and will be entered into the Hall of Fame. A separate picture of the two winners will be entered in the Hall of Fame here on campus.

The pictures will be placed in the hall of the administration building, until the new Aggie wing of the library is completed. The pictures then will be kept in the hall of this new building.

Selected as the first pair for membership were Mark Faulkenberry, of Wapanucka, and Bob Taylor of Tishomingo, son of Mr. and Mrs. Tom Taylor.

sick in the daytime and well enough to go with Tom at night? Go ahead and ask her Carl. She'll go.

Louise, what's this about four years and Donald?

Linda H., can't you tell your right foot from your left?

Frances and James, what goes on behind the scenes?

Joe, why were you acting so strangely the other night in the union? Was it really Ken's fault?

David S., Please tell us why your shoes were so muddy?

Jack A., did you really see an elephant on Murray Campus the other night?

Who stole Pinky's car keys? Anyone know?

Frances H., the usual procedure is to remain seated during a basketball game! What was it you wanted to see at the other end of the court?

Dave Walton, who is your new friend on campus? Is it really a girl?

Mary Ann, who is your man, lover, and baby? Is there anyone who answers to all three?
