

## Big Gain In Juicy Steaks

The 84-day weighing of the bulls on test was held Thursday, January 3, 1963. Of the 210 head that started the test, 206 bulls are still on test.

The animals have an over-all average of 3.35 pounds per day for 84 days. Over 73 per cent of the bulls have an average daily gain of over three pounds. The requirement for P.R.I. is 2.6 pounds per day and only nine of 206 failed to meet this requirement.

For some of you who are wondering which bull is gaining the most per day, it is a Brangus owned by Clarence Rodden of Claremore. This bull has an average of 4.94 pounds per day for 84 days, and that's a lot of good eating in one day.

Larry Heard, a student at Murray, has four Angus bulls in the test that are doing very well. His bulls have a pen average of 3.51.

The next weighing day is scheduled for January 31, 1963. The sale of these performance tested bulls is scheduled for March 16, 1963 starting at 12 noon.

## ACT Test To Be Given February 23

The American College Testing program (ACT) will be conducted February 23 on the Murray College campus, according to Mr. Basil Johnson, dean of students. The deadline for the receipt of application forms is January 26.

Ten days prior to the test Murray officials will receive a list of students taking the test.

The ACT program is an admissions, scholarship, guidance, and placement test battery designed to provide helpful information and service to colleges, to high schools and to the student at a time when it will be most helpful.

## Pre-enrollment Is Held January 3-11

Pre-enrollment for the second semester was open January 3 through January 11 for the student body, as they flocked into the registrar's office seeking instructions. Procedures for pre-enrollment are as follows:

1. Enrollees pick up enrollment packets at Registrar's office and are referred to their advisers.
2. The adviser pre-enrolls the students, but retains the enrollment packet. Students complete all papers in the enrollment packet except the actual schedule.
3. The adviser assigns sections for courses in which he has enrolled the student.
4. Advisers will hold balance of enrollment papers until January 21 when enrollees will report for registration.

Semester finals begin Tuesday, January 15 and continue through Thursday, January 17. Classes will resume on Tuesday, January 22. All library books are due January 15.

### Library Open

The library will remain open for study during finals, and books will be checked out again beginning Tuesday, January 22, when classes resume.

### NEWS BULLETINS

The Student Senate voted this week to declare the election of campus favorites invalid. It was voted to leave the decision up to the annual staff as to whether or not to select favorites for the yearbook. The annual staff decided that there would be no class favorites selected this year.

All cars must be registered for the second semester, according to Mr. Basil Johnson, dean of students. Failure to do so will result in a violation.

### ROVIN' REPORTER

## Proper to Use 'Influence' In A Campus Vote?

Is it right for a certain club to influence people on how to vote in an all-school election? This occurred in a recent election for school favorites on the Murray campus.

Having seen the "suggestions" the Aggieelite staff questioned if some of the candidates were eligible. It is grand for a club to be in unity, but how far does this go?

Because there has been a great deal of discussion about this topic, the Aggieelite has selected the following question for the Rovin' Reporter.

"Do you believe it is democratic for a campus club or organization to suggest to their members how to vote in a campus election?"

"It is unethical for a club to try to control the so-called thinking of its members. I feel that in an election of this type, each member should use his own mind, if he has one."—Donald Green

"It is undemocratic and unethical."—Wanda Clark

"It is unfair."—Glenda Belcher

"Yes, it is a good policy."—Randy Rice

"I would hate to think I didn't have a mind of my own. Where is American democracy?"—Thomas Luckinbill

"I hope the members of the club have enough sense to vote as individuals and not let two or three people choose their way to go."—Margaret Ann Lokey

"No, it is not the democratic way of the country, because a person should be able to vote the way he wants, without any outside influences."—Tommy Barber

"I think it is very undemocratic. The club members aren't being fair to themselves or to the college if they don't use their own minds."—Pat Belcher

"I'm very independent about my right to vote. When I step behind that curtain I want to know the decision is mine. The voting privilege is for the individual and not for the group."—Mr. Cleveland

"Yes, I believe it is fair."—Tom Lemley

"Yes, because it is the way most political parties are run."—Jerry McGill

"No, I don't think a club should suggest to its members who to vote for because it defeats the purpose of a person voting the way he wants to. He doesn't have to vote the way the club wants him to, but he would be risking his popularity in the club, and he may be over looked for different honors given in the club."—Paul Holderby

"Yes, I believe it is perfectly all right."—Paul Park

(Continued on Page 4)

## Johnson Resigns As Dean; Cleveland Takes Position

Basil Johnson

Mr. Basil Johnson, dean of students, has submitted his resignation to accept a position at Denton State School for retarded children, Denton, Texas. He will be clinical psychologist at the school, which provides care for about 2000 children from the northeastern part of Texas.

Built in 1960, the school is a brand new, brick air conditioned building with a fine staff. It has been open about a year and now has two psychologists. Dean Johnson will be the third, and more are to be added next summer. On the staff are consulting neurologists, pediatricians and physicians who are interested in research, Dean Johnson says.

His last day at Murray will be January 18, and he begins his new job January 21. He expects to have the opportunity for private practice, and the possibility of teaching a course at Texas Woman's University.

Dean Johnson came to Murray in September, 1960, as dean of students, and taught psychology, sociology and orientation. He stated that there are two colleges in Denton, Texas Woman's University with about 2000 students, and North Texas State, with an enrollment of about 10,000. The town has a population of approximately 30,000 and is about 35 miles from Dallas and Fort Worth.

They have rented a nice brick house and Mrs. Johnson plans to finish her schooling in Denton. Dean Johnson lacks four hours and his dissertation on his doctorate, which he hopes to complete summer after next. He has his B.A. from Oklahoma University and his Master's degree from Tulsa University.

## Science Club To Reorganize, Jan. 22

An organizational meeting of the science club is scheduled for January 22.

The purpose is to recognize and choose new officers. It is stated in the club's constitution that the officers shall be elected by a simple majority vote of the members present at the first meeting of each semester.

The membership consists of students regularly enrolled in at least one science course and passing in all subjects. Mr. Paul Park, is sponsor of the club.

Raymond Cleveland

Mr. Raymond Cleveland has accepted the position of dean of students at Murray State College. Mr. Cleveland replaces Mr. Basil Johnson who resigned recently to accept a position at Denton State School located at Denton, Texas.

Mr. Cleveland joined the faculty at Murray at the beginning of the 1962 school term. He had formerly taught in the Sulphur school system. He has also taught at Clovis, New Mexico, and Burbank, Oklahoma. While serving in the United States Air Force, Mr. Cleveland worked in the education department.

Professor Cleveland has received two degrees from East Central State College, Ada, and his Master's degree from Oklahoma State University, Stillwater. He has done graduate work at Baylor University and Oklahoma State University.

The new dean has purchased a house in Tishomingo and plans to move his family here in the near future. His family consists of one "medium sized wife named, Ginger," and three sons, Mark, 11, Johnny, 9 and Gregory, 8.

When asked for a comment on his new position, he stated, "I feel very fortunate to have this opportunity to serve the students, school and community. I am looking forward to the relationship, and opportunity to be of service to the college. My office will always be open to all students. It is my utmost desire that they will come to my office to discuss their problems and ideas at any time."

## All-School Revue Planned by Clubs

An "All-School Revue" is being planned by various organizations on campus for early spring. The activity is being sponsored by the Student Senate, Music and Drama clubs.

The affair will be open to the entire student body. Rehearsals and auditions are to begin very soon and every student is welcome to take part in this all-school event. The time for the auditions will be announced at a later date.

The program will consist of acts, novelty, comedy, musical, instrumental, vocal, monologue and dancing. Entries may be as individual or group.

The revue will be presented in the college fieldhouse.

## Merchants Give Scholarship to Murray Students

The Scholarship and Loan Committee has announced the names of students selected to receive scholarships for the spring semester, 1963.

Bernie Dean Conway, Gene Autry, has been awarded the Cooper Farms scholarship for outstanding achievement. This scholarship will pay his tuition and fees for the spring semester.

The following students were awarded \$50.00 scholarship because of their academic achievements at Murray College. The money for the scholarships was provided by Tishomingo business firms.

Wadell Altom, Ada, Lambert Oil; Nolan Lee Arthur, Perkins, Shadine Drug; Gary Bob Barnett, Ardmore, Texoma Tire & Supply; Glenda Mae Belcher, Wapanucka, May Flower Shop; Stanley James Burman, Ardmore, Huichens Chevrolet; Rex Leon Caughron, Tulsa, Rutherford Brothers and Tishomingo Motor Co.; Emma Belle Childs, Roff, Moore Super-Market and W.A. Mason; Wanda Lee Clark, Idabel, Leora's Laundry and Parish Refrigeration; Shirley Griffith, Roff, Vera and Thomas Taylor, and Clarence E. Ryan and L. J. Neese; Alfred Heard, Hickory, Murphy's Appliances.

Also, Wendyl Heflington, Connerville, Thurman's Feed & Seed, and Hacker's Cleaners; Johnnie Hoskins, Midwest City, R. C. Denny, Stamps Cash Store; Jess Idleman, Wilson, Joe Caskey, and John I. Bolin, Jr.; Virgil Kennedy, Harrah, First State Bank; Linda Landrum, Milburn, Bell Clinic; Deedie Moore, Milburn, Roger Baker; Kenneth Redden, Kenefic, Rotary Club; Shirley Sledd, Sulphur, Oklahoma Natural Gas; Ernest Sykora, Marietta, Cobb Drug; Frances White, Burneyville, Rotary Club; Fred Williams, Allen, Reeves Insurance.

Tommy Allen of Nowata, Oklahoma has been awarded a non-academic \$50 dollar scholarship by the Capital-Democrat.

Two Tishomingo firms granted scholarships to Murray College students the first semester. Smith and White Grocery granted a \$50 scholarship to Duane McGinnis of Henryetta and a \$50 scholarship was awarded to Jackie C. Pirtle of Tishomingo by Cobb Lumber Company.

## Averages Changed For Employment

In the past, a grade point average of 2.0 has been necessary for student employment. This year, the requirement has been changed to 1.75 for freshmen for the first semester of employment, according to Mr. Basil Johnson, dean of students.

The student will have till the end of the second semester to bring the average up to 2.0. If his grades do not meet this requirement by the end of the second semester, he will not be eligible for re-employment at the beginning of his third semester, in most cases the following fall.

## The Aggielite

ISSUED TWICE MONTHLY

### STATE SUFFERS GREAT LOSS

Three score and six years ago the late Robert S. Kerr was born in a log cabin in Indian Territory, near the present site of Ada, Oklahoma. This man became known as "the uncrowned king" of the United States Senate and "Mr. Oklahoma" to his fellow Oklahomans. Senator Kerr was termed the second most powerful man in the United States.

When great men die, writers over-do themselves in writing epitaphs. Senator Kerr wrote his own day by day. He donated \$500,000 to the building of Oklahoma Baptist University and gave 30 per cent of his earnings to his church. He never forgot about his many friends even though he was a multi-millionaire at the time of his death.

Senator Kerr's death was a great loss to the United States and to Oklahoma, and a replacement was hard to find. Former Governor J. Howard Edmondson has stepped into Kerr's position. When he was appointed it aroused great controversy. Robert Kerr, Jr. expressed his desire to fill his father's office and has announced that he will be a candidate in the 1964 election. It is doubtful that any Oklahoman can ever take "the uncrowned king's" position.—WBD

### GOODBYE, IT'S BEEN FUN

The closing of the semester will bring to an end some of our friendships. Many will be back, but some of our friends will be gone. As the semester ends, the Aggielite staff will also be changing. We have had lots of fun writing the news and gossip this semester. It has kept us busy getting the copy in on time for the deadline, but it has been very enjoyable.

We are hoping that the future class has as much excitement writing the paper as we have had. We would like to thank the administration, faculty, and student body for the co-operation we have received this semester.—The Aggielite staff.

### RIGHT TO VOTE IN DANGER?

Are our school elections really promoting our freedom to vote? Or are they being influenced by some outside force? Are we being allowed to vote as we see? Or is there some outside attempt to influence each voter?

Here on our own campus, we are faced with just such a problem in our election to choose the most outstanding campus students. Recently, a club met and voted on a certain list of students that they wanted in the top ten. This list was then distributed to the club members with a "suggestion" to vote for them. The question arises: "Is this the use of some outside force to influence voting?"

"Yes!" If a member of this club did not approve of one of the candidates, the pressure on him would tend to sway his opinion. One could vote otherwise; but if a club member discovered it, there might be consequences. If, however, a member agreed on each candidate, there would be no pressure on him.

In an election, it is each person's right and privilege to vote as he so desires. Any one or any group trying to influence him is in danger of depriving that person of this right. In all fairness to everyone concerned, the people should be allowed to exercise this privilege to the fullest, and without any outside influence.—B.H.

### VOTING SYSTEM WRONG?

Something is wrong with the student voting system at Murray State College. Some students have lost the meaning of the privilege to vote.

What does the right to vote mean to you? Is it something that you would as soon lose as keep? The idea of the right to vote is to pick the one who you believe is suited for the position. It should not be biased by strong feelings for friends but by consideration for the best candidate by qualification. A vote for someone you really don't want is no better than a vote for the "wrong" party in a dictatorship.

On our campus a certain club has issued a list of names that it favors in the campus personalities contest. These lists were delivered to the members of the club. Maybe this is not pressure exerted on the members by the club but it is unlikely that the intentions were otherwise or there would have been no need to make the list.

This should be a tragedy to every student at Murray. The young people of the United States are begging to be called something besides "hoodlum" and juvenile delinquents. Things like this give us these nicknames. How can we expect to be adults when some of the younger generation do childish things like this?

Let's hope the persons who supported this action do not really believe in what they have done. If they do, what will happen in the future when we vote on governmental officials?—J.G.

### Here & There 'Round Campus

What Aggie let an Engineer get the best of him the other night? Know anything about it, boys?

There is a rumor that the wedding bells are really going to ring this weekend. Know anything about it Paula, Judy, and Helen?

Who were those boys that were seen running around the campus Tuesday night?

Pinky, have you found a muffler for the 409 yet? If not, try ear plugs.

Francis H. and Charlie T. have been seen around campus sucking on a teether. Is it the same one, by any chance?

James G., where did you say you were going as soon as the semester was over? Good luck!!

Joe, where did you get all that mud Sunday night? Was it really because you were helping some poor lady out of the mud?

Mr. Calvert, was that picture really what you thought of Mr. Goss?

Rumor has it that NO ONE will manage to pass that semester final of Mr. Goss's.

Mary Ann, who was it that you talked to so long on the telephone the other night? Does Phil know?

Wes, did you know that it was very impolite to spy on other people?

Nancy, what did you REALLY do Saturday night?

Dickie seems to have found his ring, and it looks like it still fits?

Glenda G., where were you going Wednesday night when you were seen leaving town?

Louise, why did you go home Wednesday night? Was it to see your folks or what?

Ronnie R., don't you know that you should not kick girls, especially in the Union?

Turkey and Lemmings, you should never make false accusations until you have definite proof that it is true!!

Tommy Blackstone, the girls on Murray Campus would like to make a request: "Please watch out who you are calling names. Feelings can be hurt."

A couple was recently sighted at the boys basketball tournament. Know anything about it, Jerry Mason?

Due to the mixed-up election, the Aggielite staff would like to submit their list for the campus favorites. (The following is only their suggested list).

Most Likely to Sack Seeds, Louise Wilcox; Most Popular in THE FEED LOT, Mary Ann Beckham; Most Attractive STEER, Phillip Nation; Wittiest IDIOT, Mrs. Mahoney; All Around CLOD, W. B. Daugherty; Talented (Hog Caller), Linda Thomas; Personality (?), Beverly Hitt; Courteous SLOB, Dale Green; Mr. Aggielite, James Garvin.

### SONG TITLES

"Loop De Loop"—Tommy Farrell and Gene Barnett  
"Everybody Loves A Lover"—Shirley Isbill  
"On the Rebound"—Murray's basketball team  
"I May Not Live To See Tomorrow"—Barclay Martin  
"Where Do You Come From"—Tommy Blackstone  
"Where The Boys Are" (and the girls aren't)—Murray College  
"Stop the Wedding"—Margaret Ann Lokey  
"That's Life"—W. B. Daugherty  
"Don't Hang Up"—Marland Copeland  
"Don't Want To Twist No More"—Carla Teafatiller

### SPOTLIGHT

Helen Spoon

Wadell Altom

First Murrayite to appear in the Spotlight this week is Helen Spoon of Terrel, who is majoring in nursing at Murray. She plans to attend Midwestern University at Wichita Falls, or Draughans Business College when the second semester starts.

While in high school, Miss Spoon was very active. To prove this she played basketball four years, cheerleader club, two years; a cheerleader club, two years; an one year, pep club three years; an one year, pep club three years; newspaper staff one year; newspaper staff, two years; songleader two years; and was president of the F.H.A. one year; basketball queen and salutatorian of her senior class. At Murray, Helen is a cheerleader, a Student Senate representative a member of the Girls Chorus, and a member of the Goal Diggers Club.

Her favorites are: Food, Enchiladas; Color, Green; Song, "I Can't Help Falling in Love"; Singer, Johnny Mathis; Movie Star, Burt Lancaster; Pet Peeve, people that can't take teasing; Pastime, talking and running around (and she's not kidding!) Hobby, basketball and swimming.

### CAN YOU IMAGINE?

Calvin Winburn without Randy Rice?  
Donald Green and Glenda Beich being ping pong champions?  
Linda Landrum thinking?  
Fred being U. S. Senator?  
Bennie's name being Sam?  
Tommy Allen being in Phi Theta Kappa?  
Jo Ann staying up until 4:00

Second man on Murray's Totem pole this week is the famous Wadell Altom, who hails from the town of Vanoss, Oklahoma. He claims among his honors at Murray secretary of the Aggie Club, president of the Phi Theta Kappa AND the Squadron Commander of the 40th Squadron. While in high school, Wadell goes on, he was the reporter and president of the F.F.A. and also a member of the State Honor Society.

He would also like the fine people of Murray to know what his favorites are: Food, chicken fried steak; pastime, hunting and fishing (for what he didn't say); song, "Oklahoma Hills", where he was born; movie star, Steve McQueen of "Wanted Dead or Alive" fame; pet peeve, "Rather not mention any names", major, Agronomy. His favorite teacher is, and we quote, "Boy, I like 'em ALL." Playing cards is his hobby, but by the looks of his grades he just may have a much better one, STUDYING.

### A. M.?

## Aggies Dump Big 'E' in Juco Win; Eye Top 10 Spot

The Murray Aggies won their first JUCO conference battle Saturday, January 5. The Mountaineers from Eastern A&M invaded and were dumped 58-42. Murray went ahead in the early part of the game and made it easy going for the rest of the time. Eastern never imposed a serious threat but came to a 18-24 score at the half-way mark. Using some new offensive play the Robbins Roundballers breezed to a sound win in the second half.

Don Henry led the Aggies, scoring with 17 points. Tom McBride had 14, Garland Parks, 8, Gene Wilmoth was on his off night and got 7, Arthur Guess dropped in four, Clyde Woolridge had two each and Carl James and Bob Parkhill had one apiece. Eastern's high scorer hit 12 points.

### Game at a Glance

Coach Robbins' new plays on the defensive game show promise for putting the Aggies in the position for top national ranking. This is Robbins' first year as the head basketball coach and he is doing a top notch job.

	1st	2nd
Murray	24	58
Eastern	18	42

## Atoka, Tushka Winners of Recent Boys' Tournament

Murray College was recently host to the High School Boys Invitational Basketball tournament. The event drew some 16 teams, with entries in both Class "A" and "B".

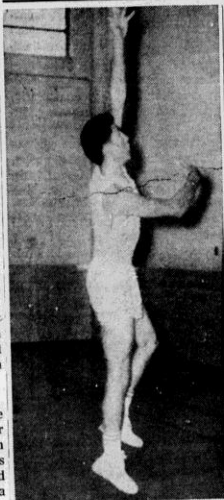

The defending class "A" champion, Atoka, was able to retain their championship by edging Hugo in the finals. Tushka won over Wapanucka to become the class "B" champion.

The following are the results of the tournament.

January 3: Ravia 31, Springer 37 Class "B"; Turner 23, Tushka 42 Class "B"; Gene Autry 36, Coleman 35 Class "B"; Wapanucka 37, Mill Creek 33 Class "B" 3 o.t.; Hugo 48, Davis 44 Class "A"; Mar-dill 44, Boswell 46 Class "A"; Mar-jetta 33, Atoka 45 Class "A"; Kingston 41, Tishomingo 42 Class "A".

January 4: Boswell 43, Hugo 47 Class "A"; Tushka 51, Gene Au-

# SPORTS

GENE WILMOTH, an all-star from Tuskahoma, is Murray's leading scorer. He had an average of 22 points per game until recently. Coach Gene Robbins has come up with a dandy well-balanced scoring team.

## Murray Wins, 59-55; Gregory Is Victim

St. Gregory of Shawnee gave the Murray Aggies some trouble January 8, but the Coach Robbins gang came out on top 55-59. This was the second meeting of these two clubs and Murray also came out on top the first time.

Coach Robbins has come up with a honey of a balanced scoring attack and landed four players in the double figures in this highly contested match.

Gene Wilmoth, an all-star from Tuskahoma, only scored 11 points, but little guard Garland Parks came through with a tremendous 16-point blast. Tom McBride contributed 12 points and big Don Henry added 11 more.

Arthur Guess and Russell Bradley both added great help from the bench in the final minutes. Bob Parkhill was able to add four points and Guess and Bradley were able to drop in four and two points respectively.

Murray's next basketball game is to be at Wilburton on January 19 when they take on the Eastern Mountaineers.

	Score
Murray	27 32-59
St. Gregory's	31 24-55

### FOUR DIE IN COUNTY

The death toll on Johnston county roads and highways during 1962 was four persons . . . the "average" number for this county. Don't let carelessness during 1963 put you in the "law of averages" column!

try 41 Class "B"; Wapanucka 43, Springer 38 Class "B"; Tishomingo 40, Atoka 44 Class "A".

January 5: Tushka 59, Wapanucka 40 Class "B" finals; Hugo 41, Atoka 42 Class "A" finals.

All the games were very close and exciting. Anyone that didn't attend missed a fine tournament.

## Faculty Leads as Volleyball Begins

The intramural volleyball games got underway on Wednesday, January 8. The winners Wednesday night were: Faculty over Gunggho's; Faculty over Rodeo; and Rodeo over Gunggho's.

The games will not be played during the final exam week to allow plenty of time for studying. Volleyball will begin again after the start of the second semester. Players should not wear gym shoes before entering the gymnasium. Carry your shoes with you and then change after you are inside. No street shoes will be allowed on the basketball court.

## Pool Table Adds Interest to Union

If you feel a little bored and have a little time off from classes and studying for tests, you can go over to the Student Union and play a little snooker or pool. The snooker table and pool table are going strong. The cost for playing is moderate. The price for snooker is 10c per cue, and for pool the price is 15c for a game, and a nickel more for every extra cue.

There are three full time employees taking care of the tables. They are James Garvin, Altus, Don Reed, Duncan, and Walter Morgan, Ryan. The tables have contributed a lot to the Student Union and everyone is certainly happy we have them. Nothing has been said about the girls playing but I am sure the boys won't mind, (if you girls have a dime.)—D.G.

## Air Force Captain Visits on Campus

Capt. Lawrence M. Wilcox of the U. S. Air Force visited the campus recently. He graduated from Murray in 1954 and went on to O.S.U. to receive his bachelor's degree in Arts and Science. He received his Masters' degree from Stanford University.

Captain Wilcox is now stationed in Washington, D. C. Captain Wilcox's sister Louise is attending college here this year and his parents live at Russett.

## Murray Edges Paris, 73-68

The Murray Aggies downed the Paris Junior College at Talihina 73-68 on December 19, 1962. The game was fairly close during the entire contest. At halftime the score stood 38-31 with Murray out front.

The Aggies came back the second half and were able to stay ahead until the final buzzer. Murray's scorers were Don Henry with 20 points, Tom McBride with 19, Gene Wilmoth 14, Bob Parkhill 11, Garland Parks 7, and Russell Bradley had 2.

The Paris high point man was Jim McKnight with 19 points. Murray hit 44 per cent from the field and 81 percent from the free throw line.

	1st Half	2nd Half
Murray	38	73
Paris	31	68

## Student Senate Film Is Enjoyed

The film "This Earth Is Mine" was shown in the college auditorium on January 7, at 7:00 p. m. Everyone enjoyed the film and agreed that it was a big step in producing campus recreation.

The film was sponsored by the Student Senate. Bernie Conway and W. B. Daugherty are the film committee and they plan to select more films in the near future.

## ROTC Cadets Tour Laredo AF Base

The 20th Air Force ROTC Unit sponsored a field trip to Laredo Air Force Base, Laredo, Texas, Thursday, January 8.

Fifteen cadets have been selected to go on the two-day trip.

During their stay they will tour the base, receive a 30-minute jet T-37 ride each and take a supervised trip across the border into Mexico.

The students were selected for their scholastic achievement and drill proficiency. A "D" in any subject at the nine weeks unless brought above 2.0 for the semester was disqualifying.

Eight sophomores and seven freshmen made the trip.

### Fines Levied

All books should be returned to the library by January 15. Books which have been overdue one month or longer will be charged to the student's account until he returns the books, when the amount will be reduced to the proper fine.

## Vocational Training Aid Available for Disabled Veterans

Vocational rehabilitation training is now available to veterans who incurred a disability in military service during any period of service covered by the Universal Military Training and Service Act. The periods of service covered are July 28, 1947, to June 26, 1950, and February 1, 1955 to the present.

If you are receiving compensation from the government because of a disability incurred during either of these periods, you may apply for vocational rehabilitation. VA Form 22-1009 may be obtained at your nearest Veterans Administration office, or by writing the Veterans Administration Regional Office, Second and Court Streets, Muskogee, Oklahoma. Completed applications should be mailed to the Veterans Administration in Muskogee, Oklahoma.

Applicants will be given vocational counseling to ascertain what training they need to overcome handicapping effects of their disabilities, and to assist them in choosing a future occupation. The Veterans Administration will pay for books, tuition and a subsistence allowance during the period of training which may be needed. Training will not be provided for disabilities rated at less than 30 per cent, unless the veteran shows clearly that the disability causes a pronounced employment handicap.

## Roving Reporter—

(Continued from Page 1)

right for the members to be given suggestions. It is not mandatory for anyone at any college to vote any way, but on the other side it is good for suggestions to be given and the voter can vote to his own will power and knowledge."—Tommy Linan.

"Why not let a club stick together on their voting, if a majority of the members wish to do so? Although some people say this defeats the purpose of an individual voting, the members of the club vote during the meeting and are not forced to go along during the regular election. If a person does not go along with the club, who will know? So, I say if the members of a club wish to stick together on their voting it is up to them. Amen."—Wadell Altom.

"It was a necessity to have a typed list of candidates' names so members of the club could spell their friend's names."—Bill Murphy.

"Yes, I believe that it is democratic, because in their meetings they merely discuss who would make the best candidates and then vote as each member sees fit. They are not compelled to vote a straight ticket and therefore it is only a matter of individual opinion expressed openly in a club meeting."—Emma Childs.

"No, I don't believe it is democratic. But, it's their choice and if they wish to be communistic in their actions, its up to them."—Spud Sichey.

"I think it is entirely up to an individual as how to vote if it is done democratically."—Jimmy Allen.

"If anyone is that low minded, I don't think they should even be entitled to be a member of any club."—James LeFlore.

"That is one of the main things wrong with the United States today. Many people are so stupid they can be influenced by others. This will have to be overcome if the United States is to survive communist threats."—Hugh Todd.

"The members suggested who they felt would fit the categories. Every Aggie could express his own opinion and nominate whoever he wanted to. Anybody could vote the way they wanted."—Larry Heard.

"That's not the purpose of the election, to have somebody tell or suggest how to vote. In other elections a piece of paper is not handed to you."—Bosco Carmack.

"In an election of this nature,

I believe the voting should be done on an individual basis, not in a block form. Only by using individual voting can a rough cross section of the student feeling on the campus be measured.

"I saw several lists of the names in the voting room. The list can be considered campaign literature and the election laws of the state prohibit campaign literature near a voting poll; therefore, I feel the election should be redone."—Herman Wilson.

"I think that if a person is old enough to go to college he should be old enough to know how to vote, without a list."—James Henderson.

"Definitely not. The campus election should be a strictly non-partisan election. The purpose of the election is to obtain the popular opinion of the students of the student body as a whole toward their fellow students, not to find the most popular students of a certain club. The whole purpose of the election is destroyed when the largest club of the campus bands together and assumes political alliance in order to elect members of their own club."

"Instead of being termed democratic, this action should probably be termed communistic, because it seems to place the club's ideas as a whole on a higher plane than the ideas of the member. The member acts as a party affiliate rather than a student of Murray College. It is certainly childish if the people who back this action actually believe in it. It shows their immaturity, lack of judgment, and lack of individual thinking."

"A member of any club is first a member of the student body as a whole, and second a member of the various clubs. Being first a member of the student body, one's loyalty should be first with this group and second to the individual club to which he belongs."

"If the individual whom this club backs is of such status as to be elected, he should not have to be backed by a club; his influence and actions on the campus should speak loud enough for him."—Bernie Conway.

"I believe it is democratic, because the list was only given to the members as a suggestion of how to vote. There was no pressure put on them to vote that way, and no one would know how each member voted. He still had the right to vote any way he wanted to, it would not be held against him if he didn't vote for the names on the list."—Phillip Nation.

## Would You Like to Study Abroad? Here Is an Opportunity

Scholarship applications for undergraduate study in Europe during 1963-64 are now being accepted by the Institute of European Studies.

Seven scholarships are being offered for study in Vienna, Paris, and Freiburg, West Germany. Included are three full scholarships which cover all basic costs such as tuition, fees, field study, trips, room, most meals, and round-trip ocean transportation from the United States.

Each program embraces formal classes, lectures, seminars and field study, and is designed to fulfill usual course requirements at its academic level. Officials of the Institute said. The program in Vienna and Paris are open to college sophomores and juniors, while the Freiburg program is limited to juniors.

The Institute's announcement said scholarships will be granted on the basis of academic achievement, financial need, and recommendation by the applicant's "home" college or university. Applicants must be aged 18 to 24 and unmarried.

Completed application must be submitted no later than February 15, 1963. Forms and descriptive literature are available from the Institute of European Studies, 35 E. Wacker Drive, Chicago 1, Illinois.

Awards will be announced about May 1, 1963. Enrollees bound for Paris and Vienna will sail for Europe late in August, followed in mid-September by those bound for the Freiburg program.

## \$100 Prize To Be Given For Letter

Grove Press, Inc. will award \$100 for the best letter of application by "Kitten," heroine of Robert Gover's current book, *One Hundred Dollar Misunderstanding*, for admission to a mythical southern university. "Kitten" is a young Negro girl.

Entries must be no more than 100 words in length and must be written in Kitten's own style. The 100 runners-up in the contest will receive a full year's subscription to the bi-monthly magazine, *Evergreen Review*.

Entries will be judged by a board appointed by the publisher, and all entries will become the property of the publisher. Entries should be submitted to: Kitten Contest Editor, Grove Press, Inc., 64 University Place, New York 3, N. Y., and must be postmarked no later than January 31, 1963.

### Former Student Killed

A former Murray State college student, Dr. Richard L. Harkins, 48, of McAlester, was killed Jan. 1 when his small aircraft spun out of control and crashed 5 miles south of that city.

## Carney-Wilson Exchange Vows

Miss Carole Ann Carney became the bride of Mr. Herman Ray Wilson Friday, January 11, 1963. The ceremony took place in the Kilham Baptist Church in Oklahoma City.

Miss Carney, the daughter of Mr. and Mrs. S. T. Carney of Oklahoma City, wore a white, street-length dress, and carried the traditional bridal bouquet.

The couple plan to make their home at Stratford where Mr. Wilson, son of Mr. and Mrs. Herman O. Wilson of Lexington, will assume the position of editor of the "Stratford Star," a weekly newspaper.

Mr. Wilson, a sophomore engineer major, plans to continue his education at Oklahoma State University after graduating from Murray State.

### WHY???

January 10, 1963

Mr. W. B. Daugherty, Editor:

The small body of students who are sitting in the student section and hollering their lungs out during Murray's basketball games would like to know something. Why aren't the rest of the students over there hollering with us? The small group, 20 at the most, are wondering if the best Junior College team in the state is something to be ashamed of. It must be, because 100 or more students always sit on the other side. Most of the students sitting over there were seen at many of the home football games yelling their heads off. Don't get me wrong, yelling for the football team is just fine. As a matter of fact it's great, but if they can yell their heads off for a losing football team, why can't they yell a little louder and a little harder for a winning and great basketball team? It's not hard to do. Try it sometime. Maybe it'll become a habit.

Sincerely yours,  
—David Williams

### Air Cadets Tour Laredo Base

A field trip to Laredo Air Force Base, Texas, was sponsored by the Murray State College Air Force ROTC Detachment, January 17, 18 and 19.

Fifteen of the 200 Air Science cadets were selected for this trip. Selection was made on the basis of academic achievement, performance in Air Science classes, and interest in the United States Air Force.

The Cadets traveled to and from Laredo aboard a USAF transport aircraft. While at Laredo they became familiar with the Pilot Training Program. They first visited the Physiological Training Section, then the flight line, and finally the Academic Section. They also inspected an Air Rescue helicopter and two pet trainers used in this program. An interesting phase of the trip was the visit to the runway control unit where they watched student pilots practicing take-offs and landings.

At the completion of the trip most of the cadets left the United States for a short visit to Old Mexico.

Cadets making the trip were as follows: Jerry Acox, Wilson; Wadell Altom, Ada; Gary Barnett, Ardmore; Thomas Brandt, Ardmore; Charles Cail, Mannsville; Roy Cal, Mannsville; Bernie Conway, Ardmore; Larry Heard, Hickory; Kenneth Jensen, Ardmore; Virgil Kennedy, Harrah; Everett Cranford, Walters; James Ralston, Ardmore; Ernest Sykora, Marietta; and David Wall, Idabel. They were accompanied by Major Billy J. Carter and Captain Robert Elkins of the Murray Air Science Department.

#### NEWS BULLETINS

Tuesday, February 5, The Goal Diggers Club will meet for the purpose of reorganizing itself into an active pep club. Those interested in helping to support the Murray Aggies should plan to attend this meeting. It will be in room 206 at 12:30. Mrs. Capitola Boyd is sponsor.

Tuesday, January 29, a pep assembly was held in the Field House to give the boys a boost before the big game between the Murray Aggies and Northern. Dean Cleveland thanked the students for their support and enthusiasm, and then introduced Coach Gene Robbins.

Robbins urged the student body to continue their support, but not to become too contented with our winning streak. He emphasized that though we are winning now, there will be a time when we lose; that is the time for the student body to really display their team support.

After introducing the basketball team to the students, the cheerleaders led a few yells. Music was provided by the college band.

Cheer up . . . the less you have the more there is to get.

DR. FREEMAN MCKEE, president of Murray State, congratulates the three students who achieved the President's honor roll by their high scholastic record. Left to right are, Wadell Altom, Ada; Deedie Moore, Milburn; Joe Lowrance, Sulphur and Dr. McKee.

### Construction Project Is Top News Story of 1962

Most newspaper and magazines select their top ten news stories at the end of each year. The Aggielite staff feels that our campus news stories had as much interest for our readers as those of any other newspaper.

So we have selected what we consider our top ten stories for the past semester on the basis of interest and news value to Murray students.

The beginning of construction of new buildings and repair to others was the top news story for the past semester. Bid on the construction project amounted to approximately \$600,000. The new classroom building, music building and additions to the library-science building are scheduled to be completed by September, 1963.

The story receiving second place was the resignation of Mr. Basil Johnson as dean of students at the end of the fall semester and Mr. Raymond Cleveland's acceptance of the position. Mr. Johnson joined the staff of the Denton State School for retarded children and will be working as a psychologist.

Dr. Richard Murray's appointment as new dean of the college was voted the number three story. Dr. Murray came to Murray in August from Southwestern State College, Weatherford, where he was associated with the education department.

The Murray basketball team's second place national ranking on defense was selected as the number four news story. The Aggies have a 9-1 record, and are being coached by Gene Robbins, who has had a highly successful ten years of coaching.

The Aggielite was awarded second place in editorials at the annual Oklahoma Collegiate Press Association meeting at Stillwater. This was selected as the number five news story. Three students

represented the Aggielite at the meeting.

Miss Mary Ann Beckham, Russell, was voted as the homecoming queen for the school year. Her attendants were Miss Linda Thomas, Tishomingo; Miss Frances White, Burneyville and Miss Glenda Giff, Ardmore. This story was accorded sixth place.

The Murray College Student Senate was host at Parents' Day on October 6. Some 125 parents attended and the event was one of the most successful in the college history. This was voted the number seven news story.

The number eight news story was the annual R.O.T.C. military ball. The ball was held December 14 in Beames' Hall. The "Blue Rondo" band from Southeastern State College was selected to perform at this high-light affair of the school year.

Tying for the nine and ten spots were two stories about the same department. "The Glass Menagerie" starring Allen Campbell, Duncan, and Margaret Lokoy, Tishomingo, was presented December 18 in the college auditorium. The Murray College Drama Club, sponsored by Mr. John Fletcher, is seeking national membership.

Mr. Harold Sollars, Ardmore, and Mr. George Calvert, engineering instructor, is planning to build a smoke tunnel to show the flow of air around objects moving in the air. He has the equipment and tools and asks that anyone interested in helping him construct this tunnel to contact him.

### Three Students Appear On President's Honor Roll

Three students have been named to the President's Honor Roll at Murray State College for the fall semester. To be eligible a student must be enrolled in 15 semester hours and have no grade lower than an "A".

#### Wadell Altom Is ROTC Cadet Colonel

You mean that when a new chief takes over he gets less Indians? Well, that's what happened when Wadell Altom took over as Cadet Colonel of the 20th cadet group.

Last semester there were about 204 in AFROTC as compared to about 171 this semester. Where did everyone go?

Due to the loss of a number of cadets, the group was reorganized into two squadrons, the drill team, the Band, and the Color Guard.

The Cadet Colonel for this semester is Wadell Altom. Something new this semester is a Vice Cadet Colonel who acts as advisor to the Group Commander. Keeping his rank as Cadet Colonel but moving into this new position was Bernie Conway.

Everett Bedford was promoted to Cadet Lt-Colonel and group Executive Officer.

The 20th cadet group staff consists of: Cadet Major Fred Williams, Operations Officer; Cadet Major Billy Murphy, Administrative Services Officer; Cadet Major Thomas Brandt, Personnel Officer; Cadet Major Larry Mayton, Inspector; and Cadet Major Willard Morton, Information Officer.

The two squadrons are commanded by Cadet Major John Burton, 40th; and Cadet Major David Skidmore, 41st. Thomas Luckinbill is the Cadet Major and commander of the Drill Team, and Charles Wilcox is the Cadet Major and commander of the Cadet Band.

The following cadets were appointed to the cadet grade of captain: Freddie Paz, Richard Craven, Ronald Baugh, Louis Carter, Jerry Marsh, James Henderson, Edward Chatham, and Hilton Whitfield.

Appointed to Cadet First Lieutenant were: Barclay Martin, Randy Rice, Jesse Reed, Everett Cranford, Eddie Hallum, Michael Lawson, James Boyer, Alfred Nelson, and Jerry Hauser.

Appointed to Cadet Master Sergeant were: William Hartsfield, Dwaine Wood, James Ralston, Robert Ward, and Russell Bradley.

Appointed to Cadet Technical Sergeant were: David Orr, Richard Melot, W. B. Daugherty, Don Reed, Ronald Aldridge, Charles Roberts, Glen Dilbeck, and Carroll Tigert.

#### What, No Filter?

Mr. George Calvert, engineering instructor, is planning to build a smoke tunnel to show the flow of air around objects moving in the air. He has the equipment and tools and asks that anyone interested in helping him construct this tunnel to contact him.

"Where liberty dwells, there is my country"—Benjamin Franklin

The students named were Wadell Altom, Ada; Joe Don Lowrance, Sulphur; and Deedie Hise Moore, Milburn.

Students on the Dean's Honor Roll must have a "B" average and be enrolled in at least fifteen semester hours.

The following were listed: Nolan Arthur, Perkins; Gary Barnett, Ardmore; Everett Bedford, Ardmore; Glenda Belcher, Atoka; Patsy Belcher, Atoka; Thomas Beringer, Davis; Stanley Burnam, Ardmore; Wanda Clark, Idabel; Bernice Dean Conway, Ardmore; Everett Cranford, Walters; Richard Craven, Tishomingo; Harold Garvin, Altus; Paula Gilbert, Tishomingo; Donald Green, Russell; Wendy Hambrick, Ardmore; Kenneth Harder, Shawnee; Jerry Hauser, Mannsville;

Larry Heard, Hickory; Billie Sue Heffington, Tishomingo; Wendy Heffington, Connerville; Beverly Hitt, Ardmore; Kenneth Jensen, Ardmore; Virgil Kennedy, Harrah; Linda Landrum, Milburn; Nancy Lumpkin, Ardmore; Meredith Martin, Ardmore; Floy Moore, Fillmore; Philip Muller, Wilson; Billy Murphy, Broken Bow; Peggy Parish, Idabel; Lewis Parkhill, Mannsville; David Ralston, Ardmore; Dave Roberson, Sulphur; Harold Sollars, Ardmore; Ernest Sykora, Marietta; Charles Frederick Williams, Allen; Calvin Winburn, Davis and Glen Dilbeck, Sulphur.

### McKee Appears On Radio Series

Dr. Freeman McKee, president of Murray State college, along with eleven other college and university presidents, will be featured on WKY Radio's campaign to inform Oklahoma taxpayers about the facts and future of higher education in the state. This special series of two-minute programs entitled "Communication on Education" was launched Monday, February 4.

Such questions as "Who should go to college?", and "Do you feel that Oklahoma's program of higher education is adequate?" will be just a few of the questions that will face Dr. McKee and the other educators.

WKY's 1962 "communication" series—spotlighting elementary and secondary schools—is currently in competition for two national awards, the Alfred I. Dupont Award and McCall's "Golden Mike." The series was nominated for the "Golden Mike" by the Oklahoma City Public School System.

The District of Columbia will require installation of seat belts on all cars sold in the District beginning with 1964 models.

## NEW STUDENTS WELCOMED

Hi and welcome to MURRAY. We are happy to see all of you who have returned, and especially would like to welcome those of you who are entering Murray for the first time.

We feel that you will enjoy it. The friendly atmosphere of the campus and the sincere interest of each instructor in YOU personally is unsurpassed in any other state college.

There are a number of clubs and organizations on campus designed to promote your personal interest. We hope you will place your membership at least in one organization and work for the advancement of your college, "MURRAY".

Remember, to progress we must have the cooperation of each of you. The Student Senate stands ready to assist you in any way possible. Please feel free to express your opinions to us.—Fred Williams, President of the Student Senate.

## ROLE OF PRESS IMPORTANT

What role did the press play in the Supreme Court ruling against the prayer in the public schools? The Court ruled that the recitation of an official 22-word prayer in New York state's public schools violated the First Amendment to the Constitution.

Wire service reporters led their coverage with it; radio, television and newspapers used it as their leading story. The public became misinformed, and developed erroneous opinions based on insufficient information.

The first responses to the decision were highly critical. Members of Congress, religious leaders and educational officials filled the records with thousands of words of explosive commentary. The Supreme Court received hundreds of critical letters and telegrams.

This much nationwide interest and reaction was unusual in the recent history of the Court. Did it arise from the ruling itself, or was it a result of the way the original story was reported by major wire services and their news outlets?

News reporters are always rushed to meet their deadlines. But they should take enough time to present the complete facts about a topic as important as this issue. The modern reporter's responsibility is not only to report the news, but to help the reader interpret it.—WBD.

## TOO MUCH POWER IN UNIONS?

For the second time in four years, the largest metropolitan newspaper-reading public in the United States has been left without a daily paper to read. The reason is a strike leaving 20,000 newspaper employees jobless. Besides this, it has left thousands of families without a regular, substantial income and approximately 400 blind newsvendors without an income.

Why should so many innocent victims be left at the mercy of a power-hungry union? Why should these picketing laborers sacrifice their jobs to try to obtain a settlement that they all realize as being out-of-reach? The answer lies in the fact that the labor unions of our economic world have outgrown the powers which the federal government vested in them some three decades ago.

Many of these union members realize this; but according to their powers, it is the exclusive right of the union to represent all of the employees. Often the only ones who profit are the union and its leaders, usually at the expense of individual workers.

The following is a partial list of immunities, rights, and powers which the unions are enjoying under the protection of the Federal law: immunity from taxation, immunity from injunctions by Federal courts, power to compel workers to join the union as a condition of continued employment, the right to invade the privacy of workers even against their wishes, and the almost complete immunity of unions from any liability, penalty, or restriction under State law under the doctrine of Federal preemption.

Even this slight examination has revealed that labor unions have far too much power for the good of the economy of the Nation. It is not felt that they should be extinguished; however, the power of these monopolistic unions must be limited to restore a balance in the Nation's labor-management relationship.

The only possible solution is the enactment of legislation to protect the interests of the individual worker. It is our duty to prepare the way for the conduct of free and fair collective bargaining without the need for Government meddling.—BDH.

## "My Wicked Pen"

JUST ALL IN FUN

"Hallelujah!" is my only comment concerning the end of the first semester exams. For a while there, I was afraid that everyone's nerves were going to break before the semester did.

It always gives me a pleasure to write the "scandal" sheet. I have been told that Mr. Goss and Mr. Calvert are planning to write a column for the paper... I can imagine what they'll write about, can't you? Of course, Mr. Goss would like to mention all the funkeys and the few "A's" (yes! I understand he gave a few.) in his history classes. Mr. Calvert, being an old bachelor, can find plenty to write—perhaps about the girls, and then there's his trip back home during the holidays. (He probably saw plenty to write on or about.)

Now I guess I can turn to a few other members of the faculty and see what's taking place with them. Of course, Coach Robbins is still busy with his "roundballers" and he is still continuing to have plenty of "work outs". Oh, I haven't mentioned Mrs. Boyd yet!!! She is still seen with her cheerful smile and "hello" each day. (It really helps when you are down in the "dumps" to be spoken to).

New I must turn to a few students:

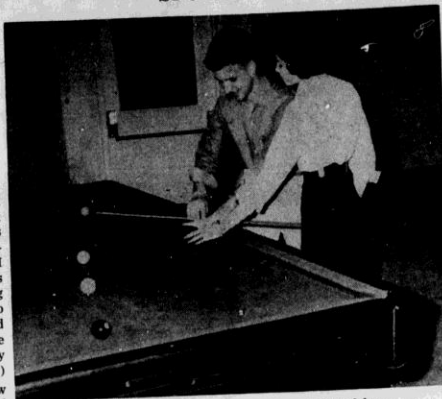

I can't forget about Frances Haney. She is still "sad" since her favorite friend left at mid-term. I understand he's enrolled at Altus Junior College—perhaps you can find out his address as I know you must be very anxious to write to him.

I guess I had better travel across to Bessie Poe Hall and see what's taking place with the talented Meredith Martin and Darlin' Garland. She is still seen checking on him at practically every popular spot on campus each night—only to discover that he is at home in Betty Fulton Hall.

Next I must stop at the Student Union to see what's up at Miller's Bar. "Mom" Miller is still confused during the noon rush. Joyce is still trying to figure out the book store business while sitting on her executive chair behind the "bar". She has selected Barclay Martin as the pool champion and Everett Cranford as the Ping Pong Champion.

Now I had better travel over to the Library to see how Patsy, the "Old Maid", is doing. She is still being rushed with the arrival of about 200 books. Mrs. Mahoney is

## SPOTLIGHT

Bill Murphy

Bill, a sophomore at Murray State, plans to attend Oklahoma State University where he will major in electrical engineering.

He lists his favorites as follows: color, "Sky" blue; food, like it all; Song, "You're the Reason I'm Living"; singer, Ray Charles; hobby, hunting? (he didn't say for what) and his favorite pastime and we quote is "drinking moonshine." His pet peeve, which he claims in common with several students, is Mr. Alloway.

While a student at Broken Bow High School, Bill was valedictorian of his senior class and was a member of the basketball, football and track teams. He was secretary of the Future Farmers of America, reporter of his senior class and was a member of the National Honor Society.

Bill has done very well in the academic field here at Murray. He was recognized by making the "Top Ten" most intellectual students on campus during both semesters of his freshman year. He has been listed on the Dean's Honor Roll for the past semester. He is president of the Engineer's Club and is student senate representative for the Phi Theta Kappa. Bill also holds the rank of major in the AFROTC.

being assisted by three "old" maids. These three coeds answer to such names as Pat, Meredith and Ola Mae.

Well, so long, hope I haven't hurt any feelings. Just—all—in—fun!!!

Pat Belcher

Appearing as the distinguished young couple in this week's spotlight are Miss Pat Belcher and Mr. Billy Murphy. Pat is from the famous town of Wapanucka and Billy claims Broken Bow as his home town.

Pat, a freshman at Murray State, is majoring in business education and plans to enter Central State College, Edmond, after graduating from Murray State.

This popular coed claims that her favorite food is just good old FOOD. Her favorites are, color, black; singer Elvis Presley; song, "I May Not Live To See Tomorrow"; hobby, reading; and her favorite pastime is listening to Elvis Presley's records. Her pet peeve is conceited people.

Besides being an outstanding student scholastically at Wapanucka High School, Pat was also a member of the girl's chorus and appeared in the junior and senior plays. She was listed on the National Honor Society for three years and was active on the newspaper staff.

At Murray, Pat was listed on the Dean's Honor Roll the past semester and is a member of the Music Club, AFROTC Angel Flight and Aggelite staff. She serves as social chairman for the Baptist Student Union.

## Instructor's Father Dies

The Aggelite extends sympathy to Mrs. Margaret Lokey on the death of her father, Dr. Ernest C. Hicks, of Oklahoma City. He had been ill for several weeks before his death.

## Murray Flips Eastern 58-51

The Murray Aggies flattened Eastern A&M, 68-51, at Wilburton, January 19. The Aggies led from the start and were never threatened as big Don Henry continued his giant rolling attack. Henry flipped in 21 points and "little teammate" Garland Parks added 15 more.

Parks hit his first four attempts from the field and continued to hit with his deadly outside shot for the remainder of the game. Two other Aggies scored in the twin figures as Murray made it two straight in Jucio play. Gene Wilmoth and Tom McBride each contributed 15, and Arthur Guess hit eight in a sparkling reserve role. Guess made three steals, and drove in for lay-ups.

The "roundballers" continued their defensive role that has resulted in Murray's being ranked second nationally in defense last week.

The Aggies' hopes were heightened by the addition of Isaac Lacy, a member of last year's squad. Lacy was ineligible the first semester.

The next game for Murray is January 22 when Murray invades the Connors Aggies on the latter's home court. The Aggies now stand 4-1 for the season and 2-0 in Jucio play.

### Score by Halves

Murray	39	29	68
Eastern	25	26	51

## Murray Announces 'Top Ten' Names

Dr. Richard Murray, dean of the college, has released the names of the "Top Ten" for the past semester. The "Top Ten" is composed of the ten most intellectual students on Murray campus.

The students appearing on this distinguished list are as follows: Wadell Altom, Ada; Deedie Moore, Milburn; Meredith Martin, Ardmore; Glenda Belcher, Wapanucka; Wendell Hefington, Tishomingo; Charles Frederick Williams, Allen; Gary Bob Garnett, Ardmore; Wanda Lee Clark, Ida-bell and Billy Gene Murphy, Broken Bow.

'Where Most People Trade'

## Aggies Rank 12th In Nation, Rated Second on Defense

The Murray Aggies are presently rated number twelve in the national rankings of junior college basketball teams. Figures released at Dodge City, Kansas, January 31 showed the Aggies were rated second defensively in the national rankings.

Through twelve games the Aggies have limited their opponents to a mere 50.1 average score. The top defensive team is Jamestown, New York with an 9-3 record and they have an average of 49.2 points per game.

The number one junior college team is Moberly, Missouri, with a 11-2 record.

Following are the statistics for the first thirteen games:

Name	FG%	FT%
Wilmoth, Gene	46	85
Henry, Don	48	73
McBride, Tom	55	76
Parkhill, Bob	50	61
Parks, Garland	37	75
Bradley, Russell	39	63
Thompson, Charles	60	81
Woodridge, Clyde	25	0
Guess, Arthur	58	67
James, Carl	50	25
Wallace, Geary	40	0
Godshy, Jim	40	100
Runyan, Dale	67	0
Lacy, Isaac	25	80

FG%—Free Goal %

FT%—Free Throw %

## Dorm Game Rooms May Keep Boys At Home Evenings

Why is it that some of the familiar old faces around the union have not been seen lately? Why have those lights in the Engineering building been burning so late at night here lately? Could the two have any possible connection?

It seems that Dave Stephens and Gene Wilmoth have been putting in a lot of extra time the last day or so fixing up an old shuffleboard for the basement of Fulton Hall. They are also planning on putting a ping pong table and tables for dominoes in for more recreation.

When word got over to the boys in Haskell Lucas, they decided not to let that other dorm get the best of them. At present, their plans are to convert a couple of unused rooms into a game room. They said that Dean Cleveland would even give them the money to repaint the rooms and buy some dominoes.

With all of these improvements being made around the home-front, the girls will be lucky if they ever see the fellows anymore. Well, girls, we have one consolation. At least we know that they are HOME!

Rudeness is a weak man's imitation of strength.

**GARLAND PARKS**, guard from Oklahoma City, continues to keep up his defensive job that has helped the Murray Aggies become Oklahoma's best junior college defensive team. The Aggies are presently rated second in defense but earlier were ranked as the number one junior college defensive team in the nation.

## Okmulgee Tech Is Stopped by Aggies 55-50

The Murray Aggies stopped Okmulgee Tech 55-50 to gain victory number ten and remain unbeaten against state competition. The game was played at Okmulgee, January 24.

The Aggies experienced a cold first half, hitting only 33 per cent from the field. The second half was better as they sank 12 of 24 attempts.

The big gunners for Murray were Tom McBride and Don Henry, scoring 16 points each, while Gene Wilmoth and Arthur Guess added nine and seven points.

The Aggies continued their outstanding defensive performance, which has made them the nation's number one junior college team in that division.

### Score by Halves

Murray	25	30	55
Okmulgee	25	25	50

### WANNA DANCE?

Again this semester Mr. George Calvert and Mrs. Margaret Lokey will be sponsoring dancing lessons for those students interested in either learning to dance or improving their dancing ability.

Classes will be held on Monday night at 8:30 in the Field house. This week Mrs. Betty Carter will be instructing the students in the cha-cha.

## Arch-Rival Cameron Aggies Stomped by Murray 68-45

Four Murray players hit in twin figures Saturday, January 26 to down a helpless arch rival Cameron, 68-45. Cameron could never get in the game as the Aggies ran off to an early 12-3 lead. However, Cameron fought back to close the gap to 15-10.

## Murray Beats Northern 83-41

The Murray Aggies won their tenth straight game Tuesday, January 29 by beating the Northern Mavericks, 83-41. The Aggies started the game in fashion by jumping off to a 14-7 lead, but after a few minutes the Aggies hit a cold streak and the Mavericks quickly tied the score 14-14. The game remained close until the last ten minutes of the first half. With the full court press of little Garland Parks and Bob Parkhill and the rebounding of big Isaac Lacy, the Murray quintet pulled into a commanding lead. The score at half was 37-23.

In the second half, the Aggies lead was never challenged. Murray cleared the bench as they continued their ability to down opponents. Garland Parks hit 19 points to lead the scoring for Murray. Other scorers hitting in twin figures were, Tom McBride with 14, Gene Wilmoth 18, and Isaac Lacy hit 11.

This overwhelming victory put the season record for the Aggies at 12 wins and 1 loss.

## Ottis Murdock Is Science Club Prexy

Ottis Murdock, a sophomore from Durant, has been elected president of the Science Club. The club is sponsored by Mr. Paul Park, head of the science department.

Other officers elected in the meeting on January 24 were Vaden Morgan, vice president; Nolan Arthur, secretary-treasurer; Roy Cail, student senate representative; and Ernest Sykora, reporter.

According to the business office, Monday, February 4 was the last day that students were allowed to enroll for a full load in new courses.

This victory put the Aggies in the number one position in conference play, and they showed Cameron why they are presently rated the nation's number one junior college defensive team.

Don Henry led the scoring for Murray as he hit 22 points, Tom McBride contributed 11 more, Gene Wilmoth and Bob Parkhill each hit 10.

A tremendous defensive job was performed by guard Garland Parks as he held Cameron's top gunner to only six points. Parks added nine points to help the Murray Aggies to their 11th victory against one defeat.

## Murray Rips Connors 78-56

Don Henry's 20 points sparked Murray to a 78-56 win over the Connors Aggies in a hard fought battle at Warner January 22.

Murray was never in serious danger but held only a seven point lead at half. Garland Parks, guard from Oklahoma City, rallied in the second half and scored 12 points. Tom McBride, freshman from Tahleah, added 12 more and Gene Wilmoth hit 11 points.

The Aggies hit 56 per cent from the field and continued to rack up on their free throws. This victory hiked the Aggies to 3-0 in conference play while their record for the season is 9-1.

Bob Whisenant was the top scorer for Connors hitting 16 points.

### Score by Halves

Connors	25	31	56

## Reporter's Life 'Wild,' Never Dull

This semester the Aggellite staff retains three members, W. B. Daugherty, editor; Beverly Hitt, campus editor and Doug Hicks, Walters, reporter.

Both Miss Hitt and Mr. Daugherty are from Ardmore. Miss Hitt is majoring in journalism. Mr. Daugherty is returning for his third semester on the staff and second semester as editor.

There are eight new members on the staff. They are: Pat Belcher, Wapanucka; Wanda Clark, Ida-bell; Margaret Lokey, Tishomingo; Richard Melot, Wanette; Isaac Tyler, Texas; W. R. Eason, Ravia; Arthur Guess, Oklahoma City and Tommy Lemley, Wilson. Mrs. Murrelle Mahoney is faculty sponsor.

For those of you who think a reporter's life is dull, you are sadly mistaken. It can be hectic, exciting and "wild".

If you have any news for the Aggellite, please give it to one of the above people. We would be glad to have news tips or information to help us cover the campus as completely as possible.

Wise men often learn from their enemies.

Only imaginable difficulties can't be over-come.

## Scholarships for Study and Travel Abroad Are Open

An opportunity to combine vacation travel abroad with six weeks at a European summer school is available to qualified American students through the Institute of International Education. Applications for study at three British universities and two Austrian schools, during July and August, 1963, are now being accepted by IIE.

The three British programs offer a choice of subjects and periods which may be studied at the appropriate university concerned.

Travel arrangements to and from Europe are the responsibility of the student. A limited number of full or partial scholarships are available to both the British and Austrian summer schools, but in no case do they cover transportation costs.

Applications for admission and for scholarships may be obtained from the Counseling Division, Institute of International Education, 800 Second Avenue, New York. Completed British summer school scholarship applications must be received before March 1, 1963, and admission applications before March 30. Scholarship applications for Austrian schools must be returned by March 1, and admission applications by May 1.

We can not always oblige, but we can always speak obligingly.

MISS BEULAH ZIMMERMAN takes time out to entertain her male companion "Little Bit". "Little Bit" has outgrown his name by eating Miss Zimmerman's cooking. He gets the white meat of the chicken while his mistress is left with the neck and bony pieces.

## She's Good Cook; 'Little Bit' Adopts Miss Zimmerman

"He is just like any other male. As long as he has plenty to eat and a place to sleep he is happy," commented Miss Beulah Zimmerman about "Little Bit", the man in her life.

"Little Bit", a fifteen pound black and white alley cat, came into Miss Zimmerman's life about eight years ago. He arrived on the campus when he was only eight weeks old, and like all males, was looking for a comfortable home without paying any expenses.

Being considerate and thoughtful, like all females, Miss Zimmerman has made a wonderful home for "Little Bit". His diet consists of delicacies such as corn on the cob and cheese (no limburger, please). He doesn't like the butcher's ground beef, but if Miss Zimmerman grinds it herself he will descend to indulge in it. He likes his milk to be clabbered and waits for it to sour before he drinks it.

He loves chicken breast, and guess who gets all the "white meat" of the chicken? His diet also includes kidneys and liver. He feels that he has been slighted by some of his friends this year because he dotes on wild ducks and geese, and no one has been hunting for him. (His mistress hasn't found time to load her gun and go hunting.) Miss Zimmerman has conferred with "Little Bit" several times about dieting, but each time he shakes his head. (He should be so stupid?)

The cat sleeps when and where he wants to. In the winter he naps on the electric blanket, while during

the summer he sleeps outdoors. His mistress has purchased an air conditioned car just for his comfort.

Miss Zimmerman has always liked cats. She recalls that, as a child, she would rather have a cat than a doll. "Each cat has a different personality," she said.

Any place there is food is home for "Little Bit". He is very jealous of other cats and dogs. He certainly doesn't like for them to bother his eating dishes. He will paw and scratch and beat on the divan with his foot if a nosy visitor came around.

Miss Zimmerman prefers cats to dogs because you don't have to worry about cats. "You can leave them at home and they'll sleep while you are away," she said. "A dog is always sneaking around getting into mischief."

"Little Bit" seems to be the exception to her rule. Once he decided he needed a pet of his own to play with, and settled on a nice fat bullfrog. He brought it into the kitchen, where it hopped into a cupboard and lost itself among the pots and pans. It took Miss Zimmerman quite some time to clean out the cupboard and locate the varmint. Since then she always checks on "Little Bit" to be sure he doesn't have something in his mouth before she lets him into the house.

He has a habit of going to the gym to meet her after a ball game. But he won't brave the dangers of crossing the street in front of the gym. He waits on the student center side as if to say "Get in the way of those teenage drivers? You think I'm crazy?"—WBD

## Former Ag Students At Southeastern

Jeanette Looney, Willis and Mike Simpson, Nida, former Murray College students, have entered Southeastern State College, Durant for the spring semester.

Miss Looney will be remembered to her friends here at Murray as the 1962 Homecoming Queen. Both students will enter as juniors.

## Wedding Bells Are Ringing For Murrayites

Judith Smith, Tucson, Arizona, became the bride of David Skidmore, Hobbs, New Mexico, January 19, 1963. The wedding took place in Hobbs in the Skidmore home.

Judy is the daughter of Mrs. Juanita Smith, Tucson, and David is the son of Mr. and Mrs. Ross Solomon, Hobbs. David is a sophomore at Murray State while Judy was a freshman during the fall semester.

The couple are living in the college apartments.

Miss Helen Spoon, Terrel, Oklahoma, became the bride of Donnie Fulton, also of Terrel, Saturday, January 12, 1963. The couple were united in the chapel of the Alford Church.

After the service the couple are making their home in Wichita Falls, Texas where Donnie is employed by a trucking line.

Helen is daughter of Mr. and Mrs. J. D. Spoon and Donnie is the son of Mr. and Mrs. Jack Fulton. Helen was a freshman at Murray State the past semester.

Miss Peggy Belcher became the bride of Bert Duke, Saturday, January 26. Both are from Wapanucka, and are 1962 graduates of Murray.

The candlelight ceremony took place in the Wilson Baptist Church east of Wapanucka. Reverend Wesley Mitchell officiated.

The bride wore a street length dress of white wool. She carried a bouquet of pink roses on a white ribbon.

Sammie Belcher, sister of the bride, served as maid of honor. Glenda Belcher, also a sister, and Patsy Belcher, cousin, were bridesmaids. W. K. Duke, brother of the groom was best man. Fred Willie

## Reids Injured In Car Accident

Mr. and Mrs. Jack Reid and daughter were injured in a car accident January 26. The accident occurred about two miles east of Madill, when Mr. Reid lost control of his late model Falcon.

Only minor injuries were sustained from the mishap. Mr. Reid received injuries around the eye, while Mrs. Reid and daughter were treated for bruises and lacerations, and released.

## Former Student Gets B. S. Degree

Richard LeLano, Dundee, received his BS degree in Mechanical & Engineering at Oklahoma State University, Stillwater January 18.

Mr. DeLano graduated from Murray State in 1958. He has accepted a position with Temco and will report to work on February 11.

He and his wife, the former Juanita Taylor of Wilson, will make their home in Greenville, Texas.

Chance favors the prepared mind

ams and Max McCurry were usher.

Immediately following the ceremony, a reception was held in the church. The couple plan to make their home in Stillwater where they are presently attending Oklahoma State University.

Miss Paula Sue Ramey, Ardmore, and Billy Gene Glover, Tishomingo, were married in the First Methodist Church, Tishomingo, by Reverend Roy B. Weaver, January 19, 1963.

Paula graduated from Ardmore High School and is presently attending Murray. Billy Gene graduated from Tishomingo High School. He spent three years in the U. S. Navy and is presently employed in Ardmore.

The couple are making their home in Tishomingo.

NUMBER TEN

### Mrs. Jimmie Allen Dies Of Bronchial Ailment

Funeral services were held at 10:30 a. m., February 7 for Mrs. Jimmie Allen, dorm mother of Bessie Poe hall, at the First Methodist church of Holdenville.

Mrs. Jimmie Allen

### Lt.-Colonel New Addresses Cadet Corps on Feb. 18

Lt. Col. John W. New, staff chaplain at Maxwell Air Force Base, Alabama addressed members of the 20th AFOTC Cadet Group at Murray February 18 in the college auditorium. Members of the faculty and students were also invited.

Chaplain New was commissioned in January, 1942. He was one of the first chaplains assigned to the European Theater of Operations at the beginning of World War II. Before assuming his present assignment he was Staff Chaplain at Stewart Air Force Base, New York.

The chaplain is an ordained minister in the Baptist church, graduating from Oklahoma Baptist university in January, 1940. Chaplain New maintains his permanent residence in Texas.

### JACK REID IS APPOINTED TO ARTS COUNCIL

Mr. Jack Reid, head of the Music Department, has been appointed regional chairman of the Arts Council of Tulsa. The council schedules a festival during February and March which is centered around and for the music teachers and students of Oklahoma. Mr. Reid's job is to promote interest in the festival by placing advertisements in prominent places around Tishomingo, Madill, and Durant.

Some of the programs to be presented during the festival will be "The Sound of Music," a popular Broadway musical by Rodgers and Hammerstein, and "The Marriage of Figaro," an opera by Mozart to be presented in English.

Anyone interested in further information should contact Mr. Reid.

Mrs. Allen, born November 28, 1912, at Centerville, Tennessee, died Tuesday morning at eight a.m., Feb. 5, in Johnston Memorial hospital, Tishomingo. Mrs. Allen became ill Sunday night and entered the hospital Monday morning. Physicians said her death was due to a severe bronchial ailment.

Mrs. Allen is survived by a daughter, Mrs. Dorothy Diebold and family of Roseda, California, and a niece, Mrs. Mary Kay Grisso, and family, of Oklahoma City.

Although Mrs. Allen was with the girls of Poe Hall for only one semester, no one but the girls will ever realize how much a part of the dorm she really was. She was always there to lend a helping hand when ever it was needed, to give advice to any of the girls who were in need of it, to give a word of encouragement to the down-hearted. To the girls of Bessie Poe hall, Mrs. Allen was the nearest to a mother they could find away from home. Her loyalty and kindness will never be forgotten.

### Maude Gray Named Poe Hall 'Mother'

If you have been over to Bessie Poe hall recently, you may have noticed the new addition to the household. Mrs. Maude T. Gray has become the new house mother. Maude T., as everyone calls her, is a long-time resident of Tishomingo and Johnston county. As a matter of fact, she claims she is one of the pioneers of the county. To prove this, she states with great pride that she was the first president of the Farm Women's council.

For 12 years, she held the title of county clerk of Johnston county. At present, she is a charter member of the Garden club, a member of the Women's Auxiliary, Eastern Star (past worthy matron), and is a very active member of the Baptist church.

Mrs. Gray has a family of five daughters and one son. Three of her daughters live and work here in the county. They are Mrs. Mona Broughton, a teacher in Tishomingo; Mrs. Nada Raper, the county tag agent; and Mrs. Gynoline Moore, a beauty operator. Her other children are Mary Joyce Callahan of Ardmore, Kate Pendergraft of Perryton, Texas, and W. T. Gray of Roswell, New Mexico.

Maude T. says although her life has been busy with rearing her family, being county clerk, working with her clubs, and now being a house mother, she still finds time for her hobbies of fishing and sewing.

If you are near Bessie Poe hall and have the time, be sure to drop in and get acquainted. You will find you are meeting a very wonderful person.

### Student Senate Urges Clubs to Sponsor Events

The Student Senate is very busy planning the spring school calendar. A movie has been scheduled for each month beginning in February. The first of these, "Battle Hymn," was shown February 14 in the college auditorium. Tentative plans are being made to sponsor a Senior Day for high school seniors in this area.

An all-school picnic will be scheduled for the latter part of April or May. Religious Emphasis Week will be observed in March, and plans for the Annual F.F.A. day are being made.

The Freshman Prom is on the calendar for this spring, and the O.S.U. Men's Glee club will present a program on March 7.

The Drama Club and Music Club, in conjunction with the Senate, are planning the Spring Follies, a program utilizing student talents. They hope to make this an annual event.

The Student Senate encourages the individual clubs to sponsor activities and assemblies and promote school activities as much as possible.

### B.S.U. Members Will Visit E. C. Group, Feb. 28

The Baptist Student Union is becoming steadily more energetic and active. They are now meeting from 12:30 to 12:50 every weekday in addition to their regular vesper services on Tuesday and Thursday at 6:30. They also plan to attend East Central's Baptist Student Union on February 28. They hope to become familiar with some ideas and methods that may be helpful here. Later they will attend the Fort Worth school on a three day visit, starting on March 7. Possibly of more interest to some of us are their socials soon to come with the warming temperatures. (Socials: food and good times for all.)

Other plans include painting the union and buying new drapes. A carpenter has been working the past week making minor repairs and the members plan to begin painting the building in the near future.

The energetic people responsible for our active B.S.U. are Mrs. Ed Horton, director; Fred Williams, president; Tommy Barber, vice president; Glenda Belcher, secretary; Dan Houser, program chairman; W. B. Daugherty, publicity chairman; Joe Hawkins, music chairman and Pat Belcher, social chairman.

Think twice before you speak—if you intend to say what you think.

A fool and his money are soon invited places.

### Ralph Marterie Presents Concert February 18

Ralph Marterie

### Students Tour Area Schools to Advertise Band

Several students accompanied by faculty members made trips to towns and schools in the immediate area this week to advertise the appearance of the famous Ralph Marterie Band at the Murray college fieldhouse.

On Tuesday, a group of students accompanied by Mr. Lloyd Goss, student senate sponsor, visited Ravia, Mannsville, Dickson, Gene Autry, Plainview, and Ardmore schools. They posted advertisements and pictures of the famous artist.

A group of students journeyed to Sulphur and Ada on Wednesday. While in Ada, the students visited the East Central State college campus. They put up posters in several buildings on campus. Faculty members and students both worked very hard to make it a success.

### Albert Speech Contest to Be Held at Poteau

The annual Carl Albert speech contest will be held at four state colleges this year. Southeastern, Eastern, Poteau Community college and Murray will participate.

Congressman Albert sponsors this contest each year to encourage students to become more effective speakers. Inspirational speeches should be over "Citizenship" or "Threat of Communism." Three prizes of \$15.00, \$10.00, and \$5.00 will be given. Murray's representative will be chosen on the evening of March 11 and then go to the finals at the host Poteau Community college. Any student interested may see Mr. John Fletcher, head of the Language Arts department and he will be glad to help.

Democratic Majority Leader Albert will be well remembered from a visit to Murray's campus last year where he delivered a well received speech.

The famous Ralph Marterie and his Marlboro men appeared in a two hour concert at Murray State college field house Monday, February 18. The concert was sponsored by the Student Senate with the students taking an active part in the selling of tickets. Students from surrounding colleges and the public also attended the concert.

Marterie's popularity is not only due to the fact that he has a flair for coming up with hit records, but also has a talent for mixing a dance-beat with an international motif.

He started his hit parade with "Pretend," an instrumental featuring guitar background so beloved by the Latin "romance" countries.

This top-rated musical group can be referred to as "Marterie the Most," the most sought-after ballroom attraction in the country; the most popular college band of the nation's campuses, as voted by college class leaders and dance committees in a poll conducted by "Downbeat" and "Cash Box" magazines.

Before organizing his own band ten years ago, Marterie gained his early experience over the NBC network out in Chicago where he played until he was called into the Navy during World War II.

### New Stage Band Has 13 Members

Recently a stage band was organized here at Murray under the direction of Mr. Jack Reid. The band, which will be playing for various occasions, consists of thirteen members.

Members are: Bill Duff, saxophone; Rex Caughron, trumpet; Dennis Maxwell, guitar; Larry Gazaway, guitar; Ralph Lacy, saxophone; Terry Schultz, saxophone; Rex Heckerman, saxophone; Thomas Bohannon, baritone; Charles Wilcox, trombone; Barclay Martin, trombone; Nick Petro, drums; Jim Dodson, trumpet, and Meredith Martin, piano.

### Trio Entertains at Valentine Banquet

Thursday, February 14, the Girls' Trio went to Madill to present the music on the Sweetheart Banquet at the First Baptist church. The trio, consisting of Glenda Gill, Meredith Martin, and Beverly Hill, sang "Where or When" and "Falling in Love with Love." "Till There Was You" was sung by Beverly. Mrs. Margaret Lokoy was their accompanist.

They also participated in the annual Chamber of Commerce banquet here on Friday night, February 15. Leo Winters, the state's lieutenant-governor, was principal speaker.

Character is 24 carat. Reputation may be but the tinsel.

### WHAT QUALITY MAKES A WINNER?

What does it take to make a winning ball team? Is it the coach or the players? Is it team work or the spirit of the school behind the team? Or is it all of these?

First, no team can be a success without a good coach. He has to figure out which boys are most suitable for the different positions, what offense and defense they should use. If a coach can't figure out these things the team will never be a very good squad. A coach spends many hours figuring out what he can do to make his team better.

Most coaches say that they are never satisfied with the way their team plays. This may be true, but sometimes they say that to make their players play for perfection.

A good coach must be able to get along with his players and have an obedient team. If the players and the coach don't get along, they will never have a good team, because they won't be pulling together. A coach must have the confidence of his boys so that whatever he tells them to do, they will believe that it is the right thing to do.

No matter how good a coach may be, he must have the material to produce a good team, and the ability to handle it correctly. The players must have the desire to win, and to win they must understand that they must work hard.

A player can help himself by getting ready mentally. One thing that can help him do this is school spirit. In this respect the student body plays an important part. If a player is not mentally ready he will not have the desire to give the 100 per cent he will need to win.

And last, one of the most important things of all is teamwork. If the players don't play together, they will never achieve recognition as a good ball club. One of the things that has made the Aggies a winning team is that everybody works together. The boys are not thinking of themselves as individuals but as a team. They don't care who scores the points, as long as they are made, who gets the rebound just as long as an Aggie does. All of these things have made the Murray Aggies the great team it is today.—A.G.

### CHEATING ISSUE MUST BE CHECKED!

Why is so much cheating going on in American colleges today? Cheating is not new—it's just that students overlook it more now. Cheating is a complicated social phenomenon.

Cheating in today's classrooms stems from four major sources. There is too much emphasis being placed upon grades today, so therefore one of the causes is pressure for grades.

Many students enter colleges today without a good background and the work for them is too hard. A few courses offered in college are too easy for a certain student. The student never studies for an examination if he is enrolled in this type of course.

When the student gets to class he immediately begins to shift his notes and if the professor turns his head long enough he will open his book.

The fourth major cause is the thrill of putting something over on a disliked professor. If the instructor is respected and well liked by his students, it is doubtful that the students will take a chance on cheating.

What can be done to check this problem that is existing in the colleges of today? Some feel that a realistic honor system might work but many students have argued that cracking down on cheaters might help, as would teachers knowing their students better. The moral standards of the homes from which students come might be examined. This problem has been neglected and definite steps should be taken to solve it.—W.E.D.

## Here & There 'Round Campus

### OBSERVATIONS

Dean Cleveland's English classes have been seen taking advantage of the library. The library is open to any and all, and classes are welcome for study periods or research.

New faces on campus are being seen more and more. The old timers are missed, but we're glad to see YOU!

The Baptist Student Union has started to have meetings during the noon hour at 12:30. This organization needs members and students of all faiths are invited.

Two Murray students, Sue Brasher, Ravia, and Linda Landrum, Milburn, are in Johnston Memorial hospital.

Shirley Sledd, Roff, was recently elected to the office of president of Patton Hall, replacing Mary Ann Beckham who finished at mid-term.

Murray college was well represented at Cameron when we faced the arch rivals. Two bus loads of students helped support our team to victory.

Mr. Park on telephone: "Miss Clark, do you remember whether we ordered any frogs?"

Dr. Murray's talk at the pep assembly last week was worth listening to. Among other good points, he stated we needed something to get behind as a school, and that our basketball team was a real unifying step. Quote Dr. Murray: "Murray is well on its way to becoming a fine college." To that we can only add, A-MEN.

Signs of spring around campus: "Skippy" Pirtle's convertible with top down, loaded with pretty girls. Bennie C. sure played a "wild" drum at the Murray-Cameron stomp Tuesday night.

Glenda G. has been used as a punching bag lately. Jack D. was wearing the roughest shade of lipstick in the union last week.

David W. finally got a letter. Murray goes "Sunday Night to the Movies."

There ARE some girls on campus that go by the names of Frank, Sam, Melvin and Elmer.

Some of the best supporters of the basketball team this year are our sharp football players.

Norby W. has a secret admirer. Turn around and you can see her.

Cameron had the "low-life" welcome out for Murray students Tuesday night. Good sportsmanship counts, so let's prove we have it win or lose.

Hambrick looked like one of the Musketeers the other night in the union. That newly acquired mustache was quite distinguished.

Apologies are due to Marcus Ricardo Reid, who says he is definitely not a daughter, as the Aggellite called him, but a son!

Promises, like customers, should be kept after they are made.

## SPOTLIGHT

Norma Jean Morgan

Walter Morgan

This week the Aggellite Spotlight camera focuses on a married couple, Norma Jean and Walter Morgan of Ryan. Jean and Walter, who have been married 17 months, plan to attend Oklahoma University after leaving Murray.

You will find both Jean and Walter working in the Union weekends. Jean will fix you a coke or hamburger while Walter makes sure you don't cheat at Snooker.

While in high school, in Ryan, Walter was active in the F.F.A. on the annual staff. He played football for three years, and appeared in the senior play. He was listed on the National Honor Society for one year.

While in high school, Norma Jean was a member of the 4-H club and F.H.A. She was secretary of her sophomore class and reporter during her junior and senior years. She was a member of the Glee Club and the basketball team. The couple agree on two favorites, the color blue and food, steak.

From here on they differ. Walter's favorites: Song, "Here is a Love;" Singer, Dion; pet pee more pets; pastime, building things. He lists his hobby as buying antique cars and states that is now in the process of building two.

Before entering Murray, Walter spent three years in the army, covered 40 of the 50 states and 1 year he was called in on the Berlin crisis. He spent 10 months in New Orleans during this time.

He was assistant manager of Ryan Lumber company for a year. He was employed by this company two years.

Wish I had been where I could have heard Dr. McKee on the radio. Am sure he did his part well.

"Hurrah for Murray in its building program. Must not neglect R.O.T.C. news. Even read the Did I read The Aggellite?"

and "Little Bit"—good picture. Enjoyed reading the editorials, favorite part of the paper. So you were awarded 2nd place in the annual O.C.F. meeting at Stillwater.

## Murray Aggies Are Ranked 11th In National Polls

In a release from Dodge City, Kansas the Murray Aggies with a 15-1 record held the number eleven spot in this week's N.J.C.A.A. basketball coaches' poll. San Angelo, Texas with a 20-2 record held the number one position.

Centuria, Illinois improved their team scoring record to 102.2 points per game to be the number one offensive team. Russ Coleman of Centuria held the individual scoring lead with a 33.7 point average in 13 games.

### Top Ten Teams

Team	Record
San Angelo, Texas	20-2
Lon Morris, Texas	18-2
Pueblo, Colorado	16-5
Hibbing, Minnesota	16-1
St. Leo, Florida	14-3
Coffeyville, Kansas	13-3
New York City, CC	12-2
Austin, Minnesota	15-2
Broome Tech, N.Y.	15-4
Moberly, Missouri	13-5

### Top Five Defensive

Team	Record	Average
Jamestown, N.Y.	12-4	51.1
Murray State, Okla.	15-1	51.9
Broome Tech, N.Y.	15-4	53.2
Hudson Valley, N.Y.	11-5	53.8
Brevard, N.C.	14-2	54.6

## Students Begin to Clank Horseshoes

The warm days have brought back the clanking of horseshoes being pitched. The horse "boxes" are being regularly attended by many of our male population.

It seems that there are four players who are very skilled in this sport. They are Freddie Paz of Alamogordo, New Mexico; David Skidmore of Hobbs, New Mexico; Gene Wilson of Elmore City, and Earl Wiginton of Paden, Okla.

If at any time you wish to try your hand at this old-time favorite sport, feel free to try.

You cannot put the same shoe on every foot.

# SPORTS

DON HENRY, leading Ag scorer, looks as if he's jet propelled to get above the action and chalk up another basket during this fast bit of play in the Murray gym.

## Puffs and Faculty Tie for Top Spot

The Powder Puffs and the faculty are the official intramural volleyball champs, both with undefeated records. A meeting will be held between the two winning teams to determine whether they wish to tie for tops or play a runoff game to establish one winner.

Eight of the eleven intramural teams competed in volleyball. The teams consisted of not less than four players nor more than eight, with the winner being determined by beating the other team in two out of three games.

The six other teams who deserve credit for competing are the Roddeo's team; Aggies; Gun Ho's; Fulton's team; Ramblin Reeks, and the Pearl Divers.

Mr. Mihura says "The intramural sports, although good this year, could be improved by more organization within the teams and much more enthusiasm and participation from the student body."

The teams and student body will get a chance to do just that when intramural basketball starts this week!

TACT: changing the subject without changing your mind.

Don Henry set an all time Murray college scoring record when he dumped in 44 points to lead the Aggies to a 74-53 triumph over Oklahoma Military Academy, February 8. The Aggies were playing without ace scorer Gene Wilmoth, who is sidelined with an ankle injury, but Henry hit enough points and got enough rebounds for both of them.

Garland Parks, the dandy little guard from Oklahoma City, did a remarkable job in holding O.M.A.'s All-American candidate Lee Crawley to a mere 11 counters.

Crawley hit only two of his 13 attempts from the field, but hit a remarkable seven of nine attempts from the free throw line.

The Murray Aggies jumped off to a 3-0 lead and were never behind, pushing their season record to 15-1 and their conference record to eight straight victories. The only setback came early in the season when Decatur, Texas edged Murray 78-77.

Isaac Lacy and Bob Parkhill each hit nine points. Parkhill did a fine job defensively and Lacy grabbed seven rebounds.

Canada now boasts a coast to coast highway which is 4,860 miles long, the longest coast to coast highway in the world. Total cost is more than one billion dollars.

## Guess, Williams, Wilmoth Are Top Murray Athletes

Murray is quite proud to have such distinguished athletes as three All-Staters. They are Arthur Guess from Oklahoma City, football; Fred Williams, Allen, baseball; and Gene Wilmoth, Tuskahoma, basketball. The All-State boys are selected by newspaper sportswriters, 25 from the North and 25 from the South.

## Spring Brings Sluggers to Bat

Spring is gradually creeping up on us, and with spring comes baseball. Coach Harold "Red" Sollars, the "engineer" of the oncoming baseball team, is getting the boys ready. There are 18 boys out for practice now and five more are expected after basketball season.

Coach Sollars said that Fred Williams and Garland Parks are the only starters back from last year's team, but he's counting heavily on the strong throwing arm of Glen Dilbeck.

Coach Sollars has been a baseball fan all his life, it seems. He started playing baseball when he was ten years old and worked his way up to a position with the Cleveland Indians. He played on one of their farm clubs in 1947-48. So you can see this baseball business is nothing new to the coach.

The schedule is not yet complete, but the first game will be played March 22 against the Connors Aggies.

The ball players said they expect to have a good club, and Coach Sollars concluded by saying, "With a little luck, no telling what will happen."

## Girls at Poe Hall Find Dorm Life Exciting

Have you ever wondered what it is like to live in a girl's dorm? It can be interesting and very exciting! Anyway, the girls of Poe Hall think so.

At the beginning of the year, while quietly studying in your room, you hear a gentle "tap tap" on the door. You open the door gently and find yourself surrounded by girls. Next you are dragged down the hall to the shower. In you go clothes and all, into the cold, cold water.

At our dorm meeting anything can happen. If you don't believe it, ask Frances White! She had an appendicitis attack during one meeting. In fact, we seem to have an appendicitis "bug" going around in our dorm. Paula Glover says after it bit her, she caught it and put it in her purse. She kept it until Frances had a speech to give and needed a logical reason for missing class. We are all wondering whom Frances will choose for her victim.

Almost any night you can expect to be aroused from a peaceful sleep to the sounds of "Go, you Aggies! Go!" by our cheerleaders and would-be cheerleaders on second floor.

Each night you find the girls rushing in from their dates, unwillingly, to find Mrs. Allen at the door, keys in hand, waiting to lock the door at the stroke of ten.

Throughout the excitement, the girls remain considerate and thoughtful of each other; for example, when Judy Matheson and Shirley Isbill had water spilled on their floor, the "spillers" gladly

Arthur, a halfback, is from Central, a class "A" school in Oklahoma City. He made All-State in 1960. He played football three years while in high school, making the all-star team his senior year. He was the standout performer for the South team, scoring the only touchdown and extra point to lead them over the North 8-6.

He made Junior College All-American this past season at Murray. After leaving Murray, Arthur says he will probably accept one of the many scholarships he has been offered.

Fred Williams is a sophomore from Allen, but attended school at Tupelo, a class "C" school. He made All-State in May, 1961. Fred played shortstop and had a .365 batting average.

As far as Fred is concerned, junior college baseball is no different from high school ball. He says the batters are better, but the pitchers aren't as good. Fred has played one year here at Murray and is getting ready for the coming season. Baseball is his number one hobby and he started playing when he was in the fifth grade. Fred's views on the coming team are that they will be lacking in depth and experience, but should have a fair over-all team. He plans to teach and coach after finishing college. His ambition is to coach a state championship team.

The latest All-Stater to attend Murray is Gene Wilmoth, a graduate of Tuskahoma. Gene, a 6'2" center, played in the regional finals in Crowder and lost to Pittsburg 54-45 his senior year. Gene averaged 24 points that year. He played eight years of basketball, playing on the main team his last three years. Gene says college ball is much more competitive.

Gene has been a starlwart on Murray's basketball team this year. He is number one scorer and two rebounder. After finishing college, Gene would like to play professional ball, but if he doesn't he will settle for coaching.

mopped the floor with water from unmentionable sources.

Almost any night about 10:30, you can peek in Glenda Belcher's room and find Glenda and Meredith Martin discussing Darlin' Garland and Charming Freddie.

You would think Ola Mae and Freda were the "saints" of the dorm until all of a sudden you hear the mad scurrying of feet stampeding down the hall and realize that they are up to their old tricks again.

In the afternoon, you will find Sharon Fitzgerald in Meredith's room practicing any new dance that happens to be popular.

Now let's peek into Pat Belcher's room after hours and you find her and Wanda Clark sipping soup heated in an electric percolator and discussing certain people from Haskell Lucas.

As yet, Barbara O'Dell is new in our dorm and still a "good little girl."

But, Mrs. Gray, through all the trials and tribulations will confess that her girls are the "Greatest!" (We hope!)

Small buyer today—big customer tomorrow.

## Treasure of Knowledge and Fun Is Available to Students at Library

### Lively Goings-On In Library Recently

The library had a lot of commotion going on in its lobby February 14. The lobby was jammed with Blue River Flood Control members.

During this time the newspaper staff was writing up their last minute news stories. The staff was rushing around trying to get their Aggie-lite copy ready for the press while all the commotion was going on.

The editor rushed to the office to call in a story on the Blue River Flood, Inc. only to discover that the office was full of newspaper men and TV announcers. They were using the office as a place to set up their tape recorder. Finally the editor plunged his way through the crowd and reached the phone and unfortunately gave the operator the story number instead of the telephone number.

Finally, calling the right number to get in touch with the Capital Democrat, he found that Mr. Lokey was up at Murray college getting a story on the Blue River Flood Control, Inc.

Forty-seven interested persons attended the meeting of the Blue River Flood Control, Inc. The members were composed of soil conservationists, farmers, and newspaper men. The meeting was held to discuss the progress report and future tasks in getting detention reservoirs constructed on the Blue River Watershed.

Walt Olivo, Farm director of KXII-TV, who was using the office to make a tape recording, is a former student of Murray. He attended Murray during the years of 1942-43 and 1946-47, taking time out for a war between.

Are you making the most of the facilities that are available to you at Murray College? Are you aware that our library is constantly increasing its realm of books, magazines, newspapers, and other research material? Did you know that it is for us, Murray students, to use . . . and often?

To our present facilities, hundreds of new volumes are being added to expand the already vast number of books available to us.

Dean Cleveland is strongly urging the students of Murray to use these numerous volumes to help improve our individual grade averages, as well as the college's scholastic rating. It is to our own advantage that we use these works for their intended use . . . us.

The library has several new pamphlets giving information on careers in many fields. These are kept in the vertical files near the circulation desk.

The librarians have been busy processing over 600 books in the past year, including best sellers, books in science, agriculture, and many other fields. The library has received gifts of books recently from Dr. Richard Murray, dean of the college and Mrs. Louise Craven, registrar.

Some of the new books that have been recently received are: "In Defense of Reading," Reuben Brower; "The She-Wolf of France," Maurice Druon; "I Was an NKVD Agent," Anatoli Granovsky; "At the Hemingways," Marcelline Hemingway; "Give Father a Hard Knock," Ken Kraft; "An Army Doctor's Wife on the Frontier," Abe Lauf; "Home is Where you Hang Yourself," Cynthia Lindsey; "Washington Cover-Up," Clark Mollenhoff; "Damned If You Do—Damned If You Don't," Marjorie Osterman; "Conscience of the Court," Edward Porter.

Every student should visit the library. Even if he doesn't want to study, he might be entertained!!!

## Russett Girl to Wed Prague Man

## FROSH RESIST CREEK'S LURE FOR RESEARCH

If the freshmen seem to have a gloomy look about them nowadays, a little investigation will reveal the reason. It seems that Mrs. Boyd, freshman English teacher, has assigned her class a 2,000 word research paper, to be handed in on April 5.

So when the days begin turning warm and the sophomores are seen headed toward the creek, one will see the freshman turning toward the library to dig most diligently into those stacks of books.

changed in a double-ring ceremony on Saturday, March 2, at 6 p.m. in the First Baptist church at Russett. Rev. Ed Vernon, pastor from Fort Worth, will officiate.

Miss Looney is a graduate of Russett High school and Murray State College and attended a summer term at East Central College, Ada.

Mr. Greer is a graduate of Prague High school, attended Murray State College.

## Goaldiggers Club Elects Officers

The Goaldiggers Club, under the sponsorship of Mrs. Capitola Boyd, met February 5 for the purpose of reorganizing. W. B. Daugherty, a sophomore from Ardmore, was elected president. Other officers elected were Frances Haney, vice-president; and Margaret Ann Lokey, secretary. Tommy Luckinbill was elected Student Senate representative.

A publicity committee was appointed to encourage the support of the Murray sports program. Members of the committee are Dave Williams, Gene Autry; Margaret Lokey, Tishomingo; and Alfred Nelson, Coleman.

The purpose of the Goaldiggers is to promote and maintain school spirit. Cheerleaders representing the club this semester will be Linda Thomas, Tishomingo; Glenda Gill, Ardmore; Frances White, Burneyville and Elaine Cowen, Tishomingo.

A thought is an idea in transit.

## CAN YOU STOP IN TIME?

### Here are National Safety Council Test Facts

These drivers see stop sign and cars crossing intersection. They apply brakes at same instant on glare ice at 30 miles per hour. What happens?

THIS DRIVER HAS REINFORCED TIRE CHAINS

STOPS IN 123 FEET  
WITH ROOM TO SPARE

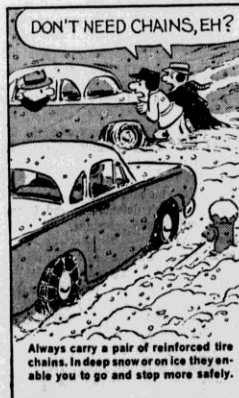

THIS DRIVER HAS SNOW TIRES

STOPS IN 392 FEET  
TOO LATE TO AVOID COLLISION

THIS DRIVER HAS REGULAR TIRES

STOPS IN 439 FEET  
TOO LATE TO AVOID COLLISION

### MORE FACTS FOR SAFER WINTER DRIVING

● Every winter the National Safety Council's Committee on Winter Driving Hazards studies the effects of snow and ice, and how to drive safely under the worst conditions. Figures above and below are based on results of their tests.

● Packed snow also makes stopping difficult. Regular tires at 30 miles an hour will stop you in 135 feet, snow tires in 117, and reinforced tire chains in 86.

● Reduced visibility is also a major winter driving hazard. Do your windshield wipers give clear, streak-free visibility? If rubber is dead, get live rubber refills. Also check wiper arm tension. It should exert one ounce of pressure for each inch of blade length. If arms are weak, blades smear around rain or road muck, and soon ride over snow or sleet—even with new blades. Make sure defroster works.

● Rising temperature makes ice more slippery. At 30 miles an hour on ice at 0° a car with regular tires requires 256 feet to stop. At 30° this distance increases to 530 feet.

● Also significant is the great effect of speed on braking distances. At only ten miles slower, all of these figures are reduced more than half. At ten miles faster, look out! To cite one example, the average braking distance for regular tires on glare ice is 780 feet at 40 m.p.h.

ABOVE CHART illustrates test results by National Safety Council. For each "braking distance" above you should add 33 feet, which is distance traveled during average "reaction time," needed to think and get your foot on brake after seeing a reason to stop. Skidding and reduced visibility are the major added hazards of winter. (This chart is provided by the Oklahoma Department of Public Safety.)

CAN YOU SEE AND STOP IN TIME?

## Cameron Is Dumped 66-59 Aggies Remain Juco Leader

The Murray Aggies won their 16th game in a row, Tuesday, February 11, and held onto their number one position in the conference by beating their old rival Cameron, 66-59.

The first half was fairly close. The biggest lead was seven points which Murray held early in the first ten minutes. Murray remained ahead of Cameron from about three to four points until about two minutes to go in the first half, when Cameron tied the score 27 to 27. Bob Parkhill was fouled and made two free throws to put Murray ahead 29 to 27. With about 30 seconds to go in the first half, Tom McBride stole the ball and passed it to Bob Parkhill, who hit a lay up just before the buzzer went off. This put Murray ahead at half-time 31 to 27.

At the start of the second half, Murray got two goals in a row that put them ahead 35 to 27, but then Cameron came storming back to pull within two points of Murray. The game remained close until the last five minutes of the game. With about three minutes to go Murray pulled themselves together and slowly pulled away. When the final buzzer sounded, Murray was ahead 66 to 59.

Murray was led by Big Don Henry with 18, followed closely by Tom McBride with 17 and Isaac Lacy with 11. Bob Parkhill and Garland Parks contributed nine and six points respectively. The Murray Aggies now have won 14 games in a row. Their record is 16 wins and one loss.

### Parkhill, Ralston Share Editorship

This semester Lewis Parkhill and David Ralston are co-editors of the *Tribesman*. Allen Campbell, former editor of the *Tribesman*, is continuing his major in drama at Central State.

All students and interested people can still order the *Tribesman* at the business office. The last day for taking orders will be February 25.

There will be 104 pages in the *Tribesman* this year.

You can preach a better sermon with your life than with your lips. EXPERIENCE: what you get while looking for something else.

### Our Compliments Murray Aggies

'Where Most People Trade'

### Jack Hammers, Chisels Add Zing To Library Study

Although the library is usually a place for quiet study, you would hardly realize it lately.

While quietly trying to study or read a book, you may be rudely interrupted by the chattering of a jack hammer steadily (or rather unsteadily) drilling holes in the east wall. Or you might have come to the library and found the clean, attractive furniture and books covered in plaster dust. This was the result when the light switch box was chiseled out and a hole left in the plaster. A little later, there were bright colored wires shooting out of this hole in all directions.

One night, when you started to the library, you may have found it dark. This was because all the light fixtures were taken out, and even if the library had opened (which it didn't, of course) you couldn't have studied because it is difficult to study in the dark (your books, that is) even if it is quiet. Now there are enough lights in the library for study, although some are missing and there are square holes with 'guts' showing through the ceiling.

We are wondering who will volunteer to hold the reference books while the east wall is being torn out? We thought about lining up the faculty and letting them do it. That way they would keep out of trouble, get some exercise, (physical kind), and we would get relief from lectures until the new wall is finished. (Or we thought the Aggie Club might want to volunteer, since they have to hold up the rest of the campus.)

Every student should visit the library. Even if he doesn't want to study, he might be entertained!!

### Scissors-Happy Barber Will Trim Wig for Smoke

Is your hair down and over your eyes? Do you look like a modern day Alley Oop? Is your flat top beginning to resemble a slightly worn broom? If you are occasionally plagued with any one of these symptoms you probably have what barbers refer to as 'growing hair,' common to the younger generation. The only thing to do is to have it cut off and it won't hurt a bit under the skillful and quivering hand of Jerry Acoc.

As you were through the plush 4-inch carpet, (the only one of its type in the world as it is made from human hair) Jerry grabs the necessary equipment and asks, "Hey, you still usin' that greasy kid's stuff?" As he whacks away a few more locks of hair he invariably moves the conversation to such topics as, "How much money ya got, anyway?" Or, "Got a packa cigarettes?" Or if he is hungry it's more like, "Ya got any food from home this week?"

Constantly wishing to improve his practice and 'learning by doing' Jerry now keeps a first-aid kit within immediate reach and is presently taking a course in "How to Treat for Shock."

Actually, Jerry has been practicing for over a year and chances are good you will receive a decent if not a very good haircut. — D. H.

### Faculty, Students Cheer for Aggies At Cameron Game

Sixty-six students, four faculty members, and one ROTC drum helped to make Murray well represented at the Cameron-Murray game at Lawton. The 66 students who rode the busses were accompanied by Dr. Martin, Coach and Mrs. Ladd, Dean Cleveland and Dr. McKee. Bennie Cash had charge of the drum.

The college bus was driven by Dr. Martin and the bus borrowed from the high school was driven by Harold Sollars.

The busses left Murray at 3:00 p. m. They stopped at the Tampico Restaurant in Duncan to eat and arrived at Cameron at 7:40.

The Murrayites yelled their team to victory although at times they weren't quite sure who they were yelling for: Murray Aggies or Cameron Aggies. At one time when Cameron cheer leaders led "Two Bits" everyone in both cheering sections stood up and yelled for the Aggies.

On the trip back, everyone was sleepy and wanted to rest. (Well, almost everyone). There are a few night owls in every bunch and this one was no exception. On one bus the boys sang "She'll be coming around the mountain" to keep everyone entertained. On the other bus, there was a trio of cats and dogs and of course a few practical jokers.

The busses arrived back at Murray at 1:00 a. m. the next morning. So if you were wondering why some of the students (and faculty) were dragging around the next day . . . now you know.

Courtesy is one item everyone appreciates.

### Wilmoth Sidelined By Ankle Injury

The Murray Aggies have been hampered the past two weeks because of the injury of ace player Gene Wilmoth. Wilmoth suffered injuries during scrimmage on February 4. He has a fractured ankle but the doctor thinks he will be able to play by March 1.

He had been bothered with his ankle during the early part of the season, but didn't realize that it was so weak. He went up for a basket, came down and turned his foot.

Wilmoth stated that it wasn't very easy to sit on the sideline because it makes him very nervous. He said that he got more excited watching the team play than he did while he was on the court himself.

Traffic deaths on turnpikes are less than half those on conventional highways according to a recent survey. In 1961, there were 2.4 deaths per million miles traveled compared to 5.2 deaths on other highways.

## Murray Edges Bacone; Romps Past Northeastern

The Murray Aggies had a busy weekend February 1 and 2. They traveled to Miami to down Northeastern A&M, 74-63 on February 1. On February 2 they continued their winning ways when they journeyed to Muskogee to beat Bacone, 64-62 in a hard fought battle.

The victory over Northeastern was number thirteen for the Aggies. The Aggies just couldn't hold onto the ball during the first half but finally wound up with a half-time score of 36-27. In the second half the Aggies were still having difficulties in controlling the ball. Northeastern quickly took advantage of this and pulled the score to 36-34. With the shooting and rebounding of big Don Henry and ace star Gene Wilmoth, the Aggies showed the Norsemen why they are ranked number eleven in the nation.

After the Aggies got the lead they went into their very effective delay game and their lead was never challenged. When the game ended the Aggies were leading 74-63. The leading scorer for the Aggies was big Don Henry with 26 points. Gene Wilmoth added 23, followed by Tom McBride with 13.

Murray made one of their greatest comebacks of the year by beating Bacone Junior college 64-62. With five seconds left to play Murray made the final shot that broke the tie and won the game.

In the first 10 minutes of the first half the Aggies played good ball and jumped off to a 24-14 lead, but began to run into difficulties. Bacone quickly took advantage of this and led 32-31 at half-time.

At the beginning of the second half the game was about even. Then Murray hit a "slump", and quickly found themselves behind ten points. With about five minutes to go, the Aggies started looking like themselves. With the ball "hawking" and sharp shooting of Don Henry the Aggies pulled ahead of Bacone 62-61. With about a minute and thirty seconds left, Bacone shot two free throws. The first one was a hit, but the second rolled off the rim and the Aggies got the rebound.

Murray went into a delay game with approximately one minute left to play. They stalled the ball for one shot, and with five seconds to play, all-star Gene Wilmoth drove down the middle and sank a field goal. This was the winning basket for the Aggies as they walked off the court with a 64-62 victory. The top gunner for Murray was Henry who scored 18 points, followed by Wilmoth with 17 and Garland Parks with 14. Tom McBride and Russell Bradley added nine and five points respectively.

### PEP ASSEMBLY HELD

There was a pep assembly on Friday morning, February 8, in the Fieldhouse. Classes were dismissed from 10:25 a. m. to 11:00 and other classes met as scheduled.

## Cadets Disrupt Ag Win Streak In Friday Game

The Oklahoma Military Academy stopped the Murray Aggies' 14-game winning streak Friday, February 15, by beating them 83-79.

The first half of the game was very close. The two teams exchanged basket for basket, but the Aggies came out on the short end. At half time the score was 42-41.

At the start of the second half, the Aggies got the tip and scored to take the lead 43-42, but that was the last time the Aggies could manage to get the lead. With about five minutes to go in the game, the five minutes were behind 12 points. With a full court press, they pulled within four points, but before they could get any closer the buzzer sounded.

Despite the loss, the Aggies are still in first place in the conference with a 9 to 1 tally. The next team is O.M.A. with 8-3.

O.M.A. was led by their All-American candidate, Lee Crawley, who scored 37 points.

The Aggies' big gun was big Isaac Lacy, who played his best game of the season, scoring 29 points.

### Rodeo Is Planned For Early May

The Rodeo club met January 24, 1963 to collect their dues and to welcome new members to the club.

The members decided to plan for the coming Murray College Rodeo which is scheduled for early May. The entry fees will be \$10.00 an event and \$5.00 fee for the girls who want to enter the barrel racing contest.

Officers of the club for 1963 are as follows: Phillip Nation, president; Calvin Winburn, secretary; Larry Mayton, vice president; Mickey DeLashaw, reporter; Wendy Hambrick, student senate representative.

## Annual Bull Sale To Be Conducted March 16

The bulls on performance test at the Murray College Testing Station were weighed Thursday, January 31 after 112 days on test. With only 28 days of the test remaining, the 199 bulls on test have an overall average daily gain of 3.14 pounds. Sixty-three percent of the bulls are gaining better than three pounds per day and only 9% are below the minimum standard of 2.6 pounds set by performance Registry International.

### 17 Cadets Take Physical Exams

Now with all the talk by President Kennedy on physical fitness, a few Murray ROTC sophomore students wish they hadn't taken the advanced ROTC Physical last week.

Part of getting into Advanced ROTC is passing a thorough physical examination given to qualified students by the Air Force prior to entering advanced ROTC.

The first step to advanced ROTC is the AF Officer Qualifications Test. This is an eight hour test given to interested freshman cadets during their spring semester and also to sophomores who missed it during their freshman year.

After passing the AFOQT, comes the physical about a year later. This physical is as thorough as anyone has probably had or ever will have.

Whether or not you have decided to go into advanced ROTC by the time the physical is given, it is a good opportunity to find out what shape you are in physically.

To some taking the physical last week, there were expressions of regret. To some it will mean being disqualified for advanced ROTC.

Not everyone that took the physical felt something was wrong with them. They came back with high blood pressures, color blindness, eyes that would not focus, bad hearing, and nervous stomachs.

The physical was given at Perrin AFB, Sherman, Texas, and transportation was provided by the ROTC department. Sgt. Jones was in charge of transporting the cadets for their physicals.

Taking their physical Tuesday, February 5, was Bernie Conway, Eddie Hallum, Jesse Reed, and Randy Rice.

Wednesday, February 6, found Wadell Altom, James Henderson, Thomas Luckinbill, and Billy Murphy taking their physical.

Thursday, February 7, Everett Cranford, Michael Lawson, Willard Morton, Alfred Nelson, and Hilton

In the Hereford division, Gus Martin, Coalgate, has the top gaining pen of three bulls with an average gain of 3.69 pounds per day. Glen McDaniel, Fitzhugh, has the second high gaining pen at 3.64 pounds per day. George Coffee is third with an average daily gain of 3.62 pounds on a pen of three bulls; and Homer Stallings, Kenefic, has the fourth ranked pen at 3.44 pounds per day.

Individually, one Hereford bull is gaining better than 4 pounds per day. This bull is owned by George Coffee, White Deer, Texas, and has a gain of 4.11 pounds per day.

In the Polled Hereford division, Bill Dills, Ft. Gibson, has the top pen of bulls with a gain of 3.57 pounds per day.

Carlton Corbin, Pittstown, is leading the Angus division on a pen of three bulls that are gaining 3.56 pounds per day. Larry Heard, Hickory, a student at Murray State, has the second top gaining Angus pen at 3.42 pounds per day. Lebert Shultz, Overland Park, Kansas, has a pen of three Angus bulls that are gaining 3.30 pounds per day. Individually, Carlton Corbin, Larry Heard and Rae Thompson, Stonewall, are tied for first place on bulls that are gaining 3.79 pounds per day.

In the Charolais division, G.W. Banks has the top gaining pen with a gain of 3.89 pounds per day. Two of the bulls in this pen are gaining 4.11 and 4.02 pounds per day.

A Brangus bull owned by Clarence Rodden, Claremore, is still the top gaining bull in the test with a gain of 4.33 pounds per day. Two other Brangus bulls consigned by Mr. Rodden are gaining 3.84 and 3.57 pounds per day.

Jesse Arthur, Pauls Valley, has the top gaining Milking Shorthorn bull with a gain of 3.66 pounds per day. Cliff Williams, Mulhall, has the second ranked bull at 3.62 pounds per day and O. L. Gamble, Carrier has the third ranked Shorthorn bull with a daily gain of 3.44 pounds.

The final weigh days will be on February 28 and March 1. These Performance Tested Bulls will sell March 16, beginning at 12:00 noon at the Murray College Bull barns.

**BUDDY**, the huge skeleton of the Columbian Elephant that once roamed Oklahoma's plains gets a pat from Claudia Carr, biology student at the University of Oklahoma on a visit to Stovall Museum of Natural History on the Norman campus. The museum is open weekdays, except Monday from 9:00 a. m. to 5 p. m.; Saturdays from 9:00 a. m. to noon, and Sundays from 2:00 to 5:00 p. m.

### Boys Prefer Girl Partners

The dance class met Tuesday, February 5 for the first time this semester. Of the approximately 15 students attending, only two were girls.

Mrs. Carter and Mr. Calvert instructed the students in Cha-Cha and ballroom waltzing. There was also a wild session of the "Beer Barrel Polka".

All students, (especially girls), are invited to attend every Tuesday night at 8:30 in the music room of the gym.

(The boys say they are getting tired of dancing with each other.)

### Just for Fun

Thursday, February 7, Dean Cleveland purchased cards and other games for the dormitories. This equipment will be distributed among the various dorms to provide entertainment for the students during extra hours.

A short answer seldom brings a long order.

## Murray Blooms With Pennants

The Phi Theta Kappa members began selling Murray State college pennants February 7. The pennants, white with blue letters and emblem, are on sale for 50¢ each. Bill Murphy, in charge of selling the pennants, said that the purpose behind this is to boost school spirit, and not to raise money.

Let's all support Murray college by buying a pennant today!

### Invitations Authorized

Phi Theta Kappa held its meeting on February 14. The purpose of this meeting was to vote to extend invitations to those students who were eligible (must have B average) to join the club.

Are you working on the solution or are you part of the problem?

## Murray Welcomes New Students

There are many strange, new faces at old familiar places, at Murray State this semester. We would like to acknowledge and officially welcome the following new students:

Carl Barclay, Oklahoma City; Dana Batson, (night) Marietta; Denton Blevins, Tishomingo; Doyle Bridges, Wilson; Anita Carter, Davis; W. A. Chandler, Sulphur; Sammie Cottrell, Ryan; Leroy Cundiff, Perkins and Mickey Davenport, Okmulgee.

Phillip Fuss, Pawnee; Ronald Gadden, Dougherty; Hardy Harden, Stonewall; Harold Hickman, Macomb; Doug Hicks, Walters; Jerry Holman, Tishomingo; Onita King, (night) Marietta; Sonja Lemons, Mannsville; Jimmie Long, Marietta; Dennis Maxwell, Norman and Alfred Nance, Ardmore.

Barbara O'Leil, Milburn; Eugene Palmer, Tishomingo; Jerry Race, Floydada, Texas; Riley Rhodes, Tishomingo; Ruby Trotter, Milburn; John Turner, Terral; Thomas Wiginton, Paden; Sherry Horton, Tishomingo; Larry Leighton, Ada; Charles Wyatt, Tishomingo; Jerry Landrum, Milburn; Harvey Phillips, Sulphur; Gerardo Jimenez, Taft, Texas, and Jerry Winchester, Maysville. Welcome!

There were twenty-seven traffic deaths during the first 13 days of 1963 for an average of two traffic deaths per day, in Oklahoma.

## Murray Grad Is Chosen In Top Ten in Air Force

Capt. C. Diehl, Jr.

Capt. William C. Diehl, Jr., has been selected as one of ten junior grade Air Force officers to participate in a civilian training program in range missiles technology under the supervision of Pan American.

Captain Diehl received an A.S. degree from Murray college in 1953. From here, he went on to Oklahoma State university to receive a Bachelor of Science degree in 1956 and a Master of Science degree in 1962. In March, 1956 he entered the Air Force on a direct commission from R.O.T.C. Before being selected for the missile range technology training course, he was assigned to the Logistic Plans Branch, Office of the Deputy Chief of Staff, Material, Headquarters Air Force Missile Test Center, Florida.

The program which the ten officers and ten civilian employees of Pan American began at Cape Canaveral is patterned after the training-with-industry program of the Air Force Institute of Technology. To advance their knowledge in skills critical to the needs of the Air Force, selected officers are freed from all military obligations while taking part in the "learning doing" programs.

Captain Diehl is the son of Mr. and Mrs. William C. Diehl, Sr., Bartlesville. He entered the Air Force on a direct commission from R.O.T.C. March 12, 1956.

He is married to the former Claire E. Foster, whose parents live at Bristow.

When one plan won't work—try another.

**"BATTLE HYMN" IS SHOWN**  
The student senate sponsored a movie February 14. The film was "Battle Hymn", starring Rock Hudson, Dan Duryea and Martha Hyer. The admission was free. The senate is planning to sponsor a film once a month.

An obstinate man does not hold opinions, they hold him.

Whitefield took their physical. The following Tuesday, February 12, Everett Bedford, Thomas Brandt, Jackie Pirtle, and Earl Sullivan made the trip.

Freshman cadets and sophomore cadets should remember that on March 18, the AFOQT will be given and should decide whether they want to take the test at this time.

Any cadets having questions regarding advanced ROTC or the AFOQT are urged to see either Major Carter or Captain Elkins.

### PARKHILL TO COMPETE IN SPEECH CONTEST

Lewis Parkhill

Lewis Parkhill, a freshman speech major from Mannsville, has been selected to compete in the Poteau Community College Speech contest. The contest will be held on Wednesday, March 13 at 10:00 a. m.

Parkhill has selected "Toward A Greater America" as his topic. He has made several appearances in 4-H Club speech events and attended the State 4-H Club Roundup at Stillwater last year.

Mr. John Fletcher, head of the language arts department, selected Parkhill as the Murray's delegate. The contest is opened to the entire student body and the final selection is made after the students have appeared in a contest before a group of judges. The college is then represented by the person selected by the judges.

Congressman Carl Albert sponsors this contest each year to encourage students to become more effective speakers. Prizes of \$15.00, \$10.00 and \$5.00 will be awarded to the top three students.

### Col. Berry Visits Murray A.F.R.O.T.C.

Colonel James D. Berry, professor of Air Science at Oklahoma State University, visited Murray college on February 19. He was briefed by Major Carter and shown around the campus. He had lunch with Major Carter, Dr. Freeman McKee, president of Murray, and Dr. Richard Murray, dean of the college.

Cadet Colonel Greiner, Cadet Deputy Division Commander of the 670 Air Division O.S.U., assisted Colonel Berry on their visit at Murray. Cadet Colonel Greiner graduated as 2nd Lieutenant in May, 1962. He was introduced to Cadet Colonel Wadell Altom and the staff, and they took him on a campus tour. He had lunch with Cadet Colonel Wadell Altom and staff in the cafeteria.

At 12:30 the Officer's Club met in the college auditorium. Cadet Colonel Greiner talked about advanced R.O.T.C. and invited questions on the subject.

### OSU Glee Club Presents Concert Here on March 7

The Oklahoma State University Men's Glee Club, along with the Aggie Sweethearts, presented a concert in the Murray Auditorium, March 7. Mr. L. N. Perkins was director of the group.

The program consisted of patriotic, religious, and ensemble acts. Among these acts, was the presentation of a magical fantasy and a selection of folk songs. Jim McDonald played his guitar and sang "Water Boy", and "Unchained Melody." Melvin Mitchell, sang a special number entitled "Granada". Melvin is from Sulphur, and his mother was in the audience. The four naturals, Jim Templeton, John Bryant, Bill Weger, and Ed Foley gave their original interpretation of some old favorites, such as "Old McDonald Had a Farm," and "Coney Island Baby."

Terry Mead, Bill Hieronymus and Ron Gardiner, trumpet players, played a well known number called "The Bugler's Holiday". The two men on the pianos were Mike Lankford and Ron Gardiner. Hieronymus is a former Murray student.

Mr. Perkins directed the Glee Club in some well-known numbers by Rogers and Hammerstein, "Oklahoma" and "Climb Every Mountain."

The program was cut short to leave time for a brief pep assembly. While the pep assembly was going on the Oklahoma State University Men's Glee Club and the Aggie Sweethearts had lunch in the Cafeteria.

### 54 Area Seniors Take ACT Test

Fifty-four area high school seniors completed ACT tests at Murray State college of Saturday, February 23. Mr. Raymond Cleveland, dean of students, said 59 students had made application to take the tests.

The ACT, a four and one-half hour examination, is a requirement for entrance into any college in Oklahoma.

Four areas, English, mathematics, social studies, and science are included. The scores from these tests have certain advantages. If a student is weak in one of the particular fields then he isn't placed with a group that has higher aptitudes than he.

Mr. Lloyd Wayne Goss, head of the social studies department, and Dean Cleveland instructed and aided the students taking the tests.

The Student Senate and Phi Theta Kappa furnished free cokes and cookies during a ten-minute "intermission." The students were welcomed by Dean Cleveland and W.B. Daugherty, Student Senate publicity chairman.

Linda Thomas, secretary of the Student Senate, and Meredith Martin, secretary of Phi Theta Kappa, served the examinees.

### Prof. Horton to Get Grant for Summer Study

Mr. Ed Horton, professor of mathematics at Murray State College, has been accepted to study at the University of Missouri, Columbia, Missouri. He will attend an eight-week institute beginning June 10 and ending August 2 with the sponsorship and financial aid of the National Science Foundation for teachers of pre-engineering courses in junior colleges and in four-year liberal arts colleges.

The institute will offer a program of courses, lectures, and informal discussions which are designed to strengthen, encourage, and modernize the teaching of basic engineering courses.

To be eligible, an applicant must be a teacher of an engineering science course in a junior college or four-year non-engineering college, or must be able to present reasonable evidence that he expects to teach such a course in the near future.

Mr. Horton received his bachelor of science degree from East Central State College, Ada and his masters from New Mexico Highlands University. He has also studied at the University of Oklahoma. He joined the Murray faculty at the beginning of the 1962 fall semester.

Professor Horton teaches college algebra, intermediate algebra, physical science, trigonometry and physics. He also aids in the photography department.

Mr. Horton will report to the University of Missouri immediately after the close of the spring semester and he has also made application for similar grants at the University of Colorado and Dartmouth University. If he should receive one of these, he would begin just after he finishes at the University of Missouri.

### Aggie Boys Hear Talk by OSU Prof

Three men from Oklahoma State University visited Murray College March 6th. They were Dr. Lester Reid, Head of Agronomy and a professor of soils, Dr. Dwyer, professor of Agronomy and Professor Dave Sanders, engaged in Crop Judging and Identification.

These men answered the boy's questions pertaining to Agriculture. They explained the importance of choosing a double major, as some of the fields are limited. Those who were interested in Jobs received information according to their major field. They also briefed the Agriculture Majors on the O.S.U. curriculum.

#### BULLETIN

Dr. Freeman McKee and Dean Richard Murray will be in Chicago March 18-21 attending the 68th annual meeting of the North Central Association of Colleges and Secondary Schools.

### Bulls Make Record Gains; Sale To Be Held March 16

A new gain record was set February 28, when the 196 bulls consigned to the Murray College Bull Test were weighed off the 140 day performance test. According to Dr. Jerry Martin, test manager, this group of bulls represented the largest number ever consigned over the eight year history of the test and the highest overall gain of any previous test.

### Musical Follies Feature Night Club Setting

A committee met Thursday afternoon, February 28 to plan a program for the all-school revue. The committee consisted of Mrs. Lokey, Mr. Fletcher, and Mr. Reid. Fred Williams, president of the student senate, was also present.

The revue will have a night club setting with a carnival atmosphere. It will have four acts, and will include a "black out" skit. Robert Ward will act as Master of Ceremonies.

The first act will be "Strike up the Band" featuring the band and the combined glee clubs.

Act Two will be "Blues in the Night". It will feature a dance team, chorus line, and stage band.

The third act is to be "Sock Hop Twist Contest." This will feature the rock 'n roll band.

Act four is "Modern Music Moderne." It will have selections from musical comedy and will feature the Swinging Sixteen and the Triumph Trio.

The grand finale will combine the College Choir and the Band in "Land of Hope and Glory."

Mr. George Calvert, with Terry Shultz as assistant, will be in charge of the dancing. Mr. Fletcher will take care of the script and dialogue. Mrs. Lokey will be in charge of the vocal music and Mr. Reid, the instrumental.

### Senate to Sponsor Frosh Prom May 3

The Student Senate is busily engaged in sponsoring and coordinating the activities for the spring semester.

At present, we are planning a series of programs for Religious Emphasis Week, which is to be observed March 25 thru 29.

Also on the schedule for this month is a movie, "The Last Sunset," which is to be shown the 19th.

Coming events for the near future are: Sadie Hawkins Week, the last week in April; the annual FFA day when the Murray Campus will be host to approximately 800 boys; the Freshman Prom, May 3; the Spring Follies; the annual high-school track meet; and an all school picnic.

Although there are a number of events already on the calendar, we urge each club once again to engage in activities and social events that promote our school and help us all to work toward a common goal—that of making "Murray" the best junior college in the state.

The bulls representing the Hereford, Polled Hereford, Angus, Red Angus, Charolais, Charbray, Brangus and Milking Shorthorn breeds had an overall gain of 3.12 pounds per day for the 140 day period.

One-hundred and fifty of these bulls are consigned to the Performance Tested Bull Sale to be held at Murray College Saturday, March 16. To become eligible for entry in this sale this group of bulls has met or exceeded the minimum Performance Registry International standards for weaning weight, 475 pounds, weight per day of age, 2.40 pounds, and gain on test, 2.60 pounds.

These 150 bulls have an average 205 day weaning weight of 549 pounds, an average weight per day of age of 2.75 pounds and have gained an average of 3.22 pounds per day on test.

George Coffee, White Deer, Texas has the top gaining Hereford bull on the test, with 4.11 pounds per day. In the Polled Hereford Division, the top bull is owned by the F & F Ranch of Coalgate, Oklahoma. The bull gained 3.96 pounds per day and has a weight per day of age of 3.10 pounds.

In the Angus division, there was a two-way tie for top honors with bulls owned by Rae Thompson, Stonewall, and Harold Butler, Pauls Valley, gaining 3.71 pounds per day.

Mack Braly, Ada, had the top gaining Charolais bull with an average daily gain of 4.14 pounds. He also had the high gaining bull over all breeds.

The top gaining Milking Shorthorn bull was consigned by O. L. Gamble. This bull had a daily gain of 3.54 pounds.

Clarence Rodden, Claremore was the only Brangus breeder consigning bulls to the test and his top bull had a gain of 3.93 pounds per day.

### BSUers Attend Missions Conference At Fort Worth, Tex.

Five Murray BSUers attended the Missions Conference held at the South Western Baptist Seminary, Fort Worth, Texas, over the weekend of March 8-10. The students attending were Jae Hawkins, Ardmore; Gregory Cupp, Del City; Jerry Race, Durant; Phil Fuss, Glencoe; and Tommy Barber, Madrid.

After leaving Murray Friday afternoon, the boys attended study courses and church services. They stayed with some of the seminary students there on the campus. Before leaving Sunday afternoon to return to Murray, the boys all had an enjoyable time meeting BSUers from the different schools.

## ELIMINATE WOMEN FROM COLLEGE?

Today with millions of people trying to enter our American universities and colleges, we are faced with the serious problem of a shortage in facilities as well as instructors. It seems that the only immediate solution to this problem is to eliminate some of the students seeking admission. A few people believe that this elimination process should begin with the women. To the women of America, this is an infringement on their personal rights and privileges.

It is true that something is going to have to be done about the over-crowded college situation. Perhaps, the place to begin is by raising the standards of admission for all students seeking admittance. This will eliminate those students — of both sexes — who are not qualified.

In today's modern world, it is becoming more and more important to have a college degree. Over-crowding creates the issue of whether education is more important for a man than for a woman. True, it is of the utmost importance for a man to have a degree, but how are the American women supposed to survive? By enlarging our higher education program, it would be possible to admit many more students and not just men! — B.H.

## SHOULD COLLEGE ATHLETES ACCEPT PAY?

Some big colleges and universities have been accused of recruiting boys by offering them money so they could participate in the college sports program. Is this fair to the other colleges? Who is mainly responsible? Coach? Players? College?

Probably the majority of people will say it is the coach's fault for using this method of getting superior players. If the boy doesn't choose his school because of the school's reputation, or the coach's reputation for being able to produce a winning team, then he shouldn't be enticed by money.

Scholarships serve the same purpose as this so called "straight money". But a ballplayer considers a scholarship as something he earns or deserves, and he knows he has to work to keep it. Receiving money for playing puts a college player in the category of professionals, when he is not. He is just another person in school trying to get an education, and whether he has the ability to play a sport well enough to earn a scholarship is another thing. If he plays a sport well enough to get paid for it and doesn't plan to do anything else as a vocation then he is wasting his time in college! — IL

## Here & There 'Round Campus

### OBSERVATIONS

Linda Lou is about to take wing and fly for Tinker Air Base. Texas, we've heard good things about your sister. Bring her back sometime.

Ola Mae and Freda W. are becoming better cooks all the time. Their newest speciality . . . popcorn potatoes!

Barclay M., would you drive by Patton after your next date so the girls will know you're back and can get some sleep?

Gene Wilmoth, you have about three secret admirers. Wake up!! "Youth of Murray Wants to Know"—Dr. Murray, would you explain "boarding"?

Bud Hickman, tell us about this new technique you have for studying chemistry.

What girl has a rendezvous every Monday afternoon? You had one Saturday night, too, didn't you? Jim Snow chasing a rabbit around Haskell Lucas. Poor rabbit!!! I really didn't think you were that starved, to eat the entire rabbit.

Tommy Barber worrying the librarians about some articles on cancer. Hold your horses!!!

Ronald Aldridge and Richard Melot, along with a lone companion celebrating St. Patrick Day two weeks early.

Charlie Thompson receiving letters from a blonde living in Fletcher. Way to go!!!

Larry Mayton throwing a gallon of water on Wanda Clark. Wadell Altom did provide you with a thrilling walk, didn't he?

Campus complaint: Everyone hacked off because we didn't get out of school Friday, March 8.

Joyce P. Bragg about making it to Tulsa in an hour and a half. How did you do it?

Mrs. Mahoney looking very dazed after her hectic evening of March 6.

Will someone please teach J. T. Cotter to walk down stairs? Also Norby Williamson would like a lesson.

### BUS LOAD GOES

The college bus occupied by 35 basketball supporters journeyed to Lawton Thursday afternoon to watch the Aggies battle Eastern A&M.

Ideas are a capital that bears interest, only in the hands of talent.

## Things Must Be Right!

Drug Service that is accurate, courteous, prompt.  
Prescriptions, Toiletries  
Fountain Service

## SHADLE DRUG

"In The Middle of the Block"

## SPOTLIGHT

### Glenda Belcher

Number one in the spotlight this week is Glenda Belcher from Wapanucka. Glenda is a freshman and is majoring in Language arts.

She is secretary of the Baptist Student Union, a member of the Girls' Glee Club, Music Club, "Swinging Sixteen", and Angel Flight.

Even with all these activities, Glenda still manages to carry a full time job in the business office, and to make good grades. The first semester, she was listed on the Dean's Honor roll and the College's Top Ten.

While a student at Wapanucka High school, Glenda was in the girls' chorus and quintet. She participated in the junior and senior plays, served on the newspaper staff, and was a member of the National Honor society three years.

She lists her favorites as: food, hamburger; color, blue; song, "Tell Me", by Dick and DeeDee; singers, Elvis Presley and Johnny Mathis; hobby, reading; pet peeve, inconsiderate people; pastime, playing the piano; and movie stars, Elizabeth Taylor and Laurence Harvey. If you ask Glenda though, I think you'll find that her "most favorite of all" is Fred Williams.

### HALF-TIME NEAR

The first nine weeks of the second semester will end on Friday, March 22.

Great works are performed not by strength, but by perseverance. There is no ceiling on effort.

### Gene Wilmoth

Second in the spotlight is Gene Wilmoth from Tuskahoma. Gene is also a freshman and is majoring in physical education. This is not surprising considering the way he plays basketball.

While in high school, he played basketball (naturally) and participated in school plays. Gene played center on the basketball team, was on the main team three years, and is an all-star.

Here at Murray, he plays basketball and is a member of the Lettermen's club.

Gene lists his favorites as: Color, brown, food, "whatever they feed me"; song, "listen to all of them"; (he surely isn't hard to please, is he girls?) singer, Elvis Presley; hobby, playing basketball, pastime, basketball; (you have to like basketball, though, girls); pet peeve, going to class after getting in late from a ballgame. His ambition is to play professional basketball.

We don't know much about Gene's romantic life, but it seems that quite a number of girls here at Murray would like to know a lot more about it. Gene is rather shy but if you will just let them, Gene, the girls will be willing to help you overcome it!!!

Mrs. Eula McCarry is taking the place of Housemother Mrs. Maud Gray of Bessie Poe hall, who is helping to care for a sick relative.

It's great to be great, but it's greater to be human.

The voice of wisdom is eternal thought.

## Construction Project Is Progressing At Rapid Rate

Construction on the Murray College campus is developing rapidly. The foundations for two new buildings and the additions to the library have been laid and the walls of the new classroom building are beginning.

The workmen, employees of the Danielson Construction Company, Denison, Texas, are certainly keep-

ing busy. They have been seen late at night keeping the fire kindled and the lights burning so the freshly run cement wouldn't freeze.

Of the \$600,000, Murray's share of the \$30 million bond issue voted by Oklahomans a couple of years ago for expansion of facilities for higher education, \$445,900 is being used for the building program.

The remainder is to be used for refurnishing, remodeling and modernizing the older buildings.

The classroom building, located south of the administration building, will be a two-story structure housing the home economics, and business departments, with a foreign language laboratory and two general classrooms.

The library expansion will provide space for the agriculture and science departments with their laboratories—the dairy, soils and physics labs.

The Music building, like that of the classroom structure, will be a completely new structure. Plans are to add an auditorium and speech department soon.

The program also calls for remodeling and modernization of the administration offices, shop building and painting and refurnishing the gymnasium.

In the few days since this picture was taken, the building has progressed almost beyond recognition. Forms have been raised for the concrete of the walls and next floor. Completion is set for Sept.

### Whoosh of Relief Goes Up As Last Shipment of Annual Is Dispatched

A sigh of relief was heard in Mr. John W. Fletcher's office a day or so ago as the annual staff sent off the last shipment on the 1962-63 Tribesman. When the annual comes back, which will probably be the second week of May, the staff members just dare anyone to make any complaint about it. The person complaining is likely to get scalped by some tired, worn out staff member.

No one seems to realize what a hectic mess getting the final pages for an annual is except the poor souls who are foolish enough to become members of the staff. Everyone is running around at the very last minute trying to get Mr. Alloway, the poor sucker who has to take the pictures, to produce out of the clear, blue sky, pictures that some how or the other did not get taken earlier. The pages, for some unknown reason, just do not turn out like they were planned. As a matter of fact nothing, absolutely nothing, goes right those last few, precious days.

Through out all this hectic mess and fuss, everyone connected with

the production of the year book has to admit it is all worth it when the annual is finally finished. This year the end sheets are to be in color and everything possible was done to make the whole annual more attractive.

Mr. Fletcher, who seems to be the only sane person left around the annual room, urges all students who have not ordered their annual to run by the office and do so immediately, if not sooner. He wants to make sure everyone gets an annual so that he or she will not be left out of the fun and excitement that comes with the passing out of the annuals. So hurry and get in your order today!—W.C.

### Construction Men Baby-Sit Cement On Chilly Nights

If you are getting discouraged because of the changing weather, you can really feel for the men who are working on the construction of the addition to the library and science building.

They pick a nice warm day to pour the concrete, and what happens? That night it turns cold. The cement will freeze if the weather gets cold enough, so these men bundle up in their warmest clothing and determine to keep the weather (around the cement at least) above freezing. They practically freeze themselves in the process, but they keep the cement warm. They light little oil barrels for the cement and a large bonfire for themselves.

Although these fires did a lot of good in keeping the men and cement warm, they didn't give much light. The men ran a cord through the library window and put up a string of electric lights over the cement. These lights helped to keep away "would be" villains (Murray students, that is). It seems that some of the fine people around here had promised to write their names in the wet cement if they were given a chance.)

While you are wishing for the weather to stay warm, add a wish for the nights when the cement is being poured and the men who pour it.—P.B.

### Some Reporters Are 'Mediogres,' Says Tulsa School Review Article

THE AGGIELITE is not the only newspaper that occasionally has trouble with its readers and news sources. While reading the February, 1963 edition of the Tulsa School Review, the staff discovered that other newspapers have their problems.

Following are some of the pungent quotes and paragraphs that appeared in the article, "No Problems — Only Opportunities" by Morgan Powell.

"Telephone call from a reporter to my office:  
I just talked with one of the principals to ask if he is in favor of corporal punishment as a means of disciplining students.

What did he tell you?  
I'm not sure. I have three pages of quotes which I'm trying to translate; but I think he's either for it or against it.

Telephone call (five minutes later) from a principal to my office:  
A reporter just called to ask my views on corporal punishment as a disciplinary measure.

What did you tell him?  
I'm not sure. I'll have to read the paper tonight to find out."

"The report you have just read is practically true. Only the names have been omitted to protect the guilty."  
\* \* \*

"Every reporter is not an ogre. (Actually, I have known a few who are only mediogres.)"

"Not every public official is reluctant to talk and talk and talk to reporters."

"School people can regard the

press as a problem or as an opportunity. It's that simple."

"Collected over the years is a number of suggestions—some offered to me in a gentle manner—others not so gently—by reporters with whom I've worked and by numerous other people who have from time to time been most generous in advising me.

"The suggestions I have cataloged into a set of rules." Following are the rules:

1. To all reporters be honest.
2. When a reporter calls, don't tell him you are busy. He expects you to be busy, and the day he finds that you aren't busy, he's going to have a better story than the one he was looking for.
3. Don't tell a reporter how lousy you think his paper's editorial policy is. Often times he shares your opinion, but don't embarrass him by having him admit it. Permit him to retain his pride in the organization he works for.
4. Don't tell a reporter how to write his story—at least not until you have counted the numbers of hours of journalism on your own college transcript—or until you are willing to have him tell you how to operate your school, department, or classroom. It's better to let the editor discover that his reporter doesn't know how to write."

MURRAY AGGIES with a 19-3 record won the JUCO basketball crown, and were favored to win the Regional Two National Junior College Basketball Tournament. The Aggie hopes of winning the tournament were heightened when ace star Gene Wilmoth was able to return to action after missing seven straight games due to a foot injury. Pictured left to right are the Junior College basketball champions:

Dale Runyan, Sulphur; Carl James, Drumright; Garland Parks, Oklahoma City; Clyde Woolridge, Wilburton; Tom McBride, Talihina; Don Henry, Tyler, Texas; Gary Wallace, Waurika; Jim Godshy, Talihina; Gene Wilmoth, Muskogee; Bob Parkhill, Mannsville; Russell Bradley, Mannsville and Charlie Thompson, Bromide. Coach Gene Robbins is pictured in center.

### Henry Sinks 43 As Murray Takes Bacone Thriller

Big Don Henry, Tyler, Texas, scored 43 points to lead the Murray Aggies past Bacone 83-71 at Murray February 19. Henry came with in two points of breaking the school record of 44, which he set a week earlier against Oklahoma Military Academy.

In the first half, Bacone got the tie and scored the first two points of the game, but that was about the last time they could grab the lead. The Aggies took control of the game and were never challenged as Henry continued to hit his deadly jump shot that has amazed all conference foes. At halftime the Aggies led 41-33.

In the second half, Bacone used a zone press to try and confuse the Aggies, but the first two times the Aggies got the ball they scored. Later in the game the zone press went into effect, and the Aggies lost the ball a number of times. Luckily for the Aggies, Bacone could not capitalize on the mistakes.

With about three minutes to go in the game, the Aggies went into their very effective delay game and were not pressed for the lead again. The closest Bacone came to the Aggies in the second half was seven points. The Aggies now have a record of 17-2.

Other Aggies helping Henry were Tom McBride with 11 points, Arthur Guess, ten, Clyde Woolridge six and Isaac Lacy six. The top scorer for Bacone was Balog with 20 points.

### March 30 Set as Track Meet Date

The Annual Murray State Track Meet, will be held Saturday, March 30. The sponsors are expecting this to be the biggest and finest track meet that Murray has ever sponsored.

From 55 to 60 high school teams from all over the state, are expected to take part. Some of the top teams are Lawton, State champs, Capital Hill of Oklahoma City, Duncan, Ada and Shawnee.

### Ex-Pro Baseball Player Is 'Mr. Busy' on Campus

One of Murray's busiest students is Harold Sollars, "Red" Sollars, as he is known around the campus, is a student, a business man, a father, a member of Phi Theta Kappa, assistant football coach, baseball coach, intramural sports director, and to make it short he is a "pretty" busy man.

### Murray Rips Past Northeastern by Score of 70-56

The Murray Aggies set a tremendous first half pace to run away with Northeastern A & M, 70-56, February 22. With a very balanced scoring attack the Aggies were never in trouble, leading at half time 34-18.

In the second half, the Aggies kept up their red hot pace. Deep in the second half they had a 20 point lead of 44-24, the biggest lead in the game. They achieved this lead when big Isaac Lacy hit one of his numerous jump shots.

In the game the Aggies went into their very effective delay game. Most people did not notice that the Aggies were in a delay game as they continued to score as if they were in their regular offense.

The Aggies were led by big Isaac Lacy with 15, followed closely by Bob Parkhill with 14, Don Henry with 13, Russell Bradley with 11, and Arthur Guess with eight.

### Henry Is On Top Five

Big Don Henry, the dandy forward from Tyler, Texas, has been honored as one of the top five players in region two of the national junior college basketball association.

Henry, who has a 20 points average, hit 44 points against O.M.A. earlier in the season and established an all-time scoring record for Murray State. Only a few nights later he hit 43 points against Bacone.

Henry didn't assume top scoring honors until Gene Wilmoth was sidelined with an ankle injury.

Other stars named to the team were Lee Crawley, O.M.A.; Curtis Jackson, St. Gregory; Leon Wright, Northeastern and John Whisenout of Connors.

## SPORTS

### Aggies Regional Champs After Edging O.M.A. 70-67

### Pearl Divers Eat Up 'Book Worms'

The past few weeks Intramural basketball has been "zooming" right along. Below are the results for the games played on February 17, 26 and 27.

Jim Murhura's 13 points weren't enough for the Faculty as Pearl Divers beat the "book worms" 25-20. Everett Cranford, the sharp shooter from Walters, flipped in eight points to lead the balanced scoring for the Pearl Divers. The game was close all the way and the spectators certainly enjoyed some sharp playing.

The Rambling Wrecks upset the Aggie Club, 22-20. Louis Carter poured in nine while little Eddie Hallum sank seven to lead the Aggie scoring. Larry Cox was the big gunner for the Wrecks hitting 11 points.

Six out of seven players hit baskets as the Powder Puffs continued to walk all over the Fulton Hall gang, 32-20. Glen Dilbeck, the ace sport from Sulphur, and Edward Chatham each poured in seven points, followed by Bernie Conway and David Orr with six points each. Wilson led the scoring for the Fulton boys. The Gun Ho's are still seeking a victory after the Rodeo Club pounded them, 30-13. Hardy Hadden led the Gun Ho's with 11 points. Larry Mayton hit nine for the Rodeo Club followed by Larry Heard with eight points.

The Faculty had little trouble dumping the Gun Ho's, 37-12. Sharp shooter Jim Murhura led the scoring for the Faculty with 17, followed by Robert Ward with 14. The poor Gun Ho's top scorer was Ray Winington, who hit four points. Four other players hit two points each. The game was fairly close the first half, but in the last half the Faculty used some sharp defense.

The Powder puffs had the easiest time when the Rambling Wrecks forfeited because of lack of players. The Pearl Divers ran off to a first half lead of 17-6 and then had to fight off a rally to defeat the Rodeo Club, 27-18. Balanced scoring again by the Pearl Divers led them to another victory. Gregory Cupp bounced in ten to lead the kitchen gang. Larry Mayton flipped in six to lead the Rodeo Club.

Fulton Hall boys ran all over the Aggie Club. The victors downed the helpless Aggies 35-10. J. T. Cotter led the Fulton boys with ten, Eddie Hallum tallied five for the losers.

### Cadets to Take AFOQT March 25

AFROTC cadets will take their Air Force Officers Qualifying Test on March 25 and 26, according to Major Billy J. Carter, professor of Air Science.

The test will be about eight hours long. There are about 75 freshmen and ten sophomores taking the first step toward advanced ROTC. The group will probably be divided into two sections.

Many a man never fails because he never tries.

Murray Aggies scored 13 points in a second overtime to edge Oklahoma Military Academy, 70-67 at the Cameron Fieldhouse in Lawton, Saturday, March 9. This victory gave the Aggies the championship of Region Two junior college basketball playoffs.

This victory earned the Aggies a berth in the National Tournament at Hutchinson, Kansas, starting March 19. Murray's last appearance in the national was in 1948 when they were defeated in the finals.

The Cadets led most of the game as they were out front 32-31 at halftime. The Aggies came storming back after intermission but with ten minutes to play were still trailing 53-52. At this point Coach Gene Robbins had the champions go into a delay game even though they were behind. As it has in many games, the delay paid off and the Aggies jumped ahead 55-53. The champs went ahead on a three-point play by reserve Russell Bradley. Bradley hit a lay-up and got a charity shot and this put the Aggies ahead for the first time.

The Cadets tied it on a jump shot by Doug Morgan and went ahead on a couple of free throws by all-American candidate Lee Crawley.

The Aggies rushed down court and Tom McBride, the dandy lad from Talihina, tied it on a long jumper and the score was 57-57.

The Murray fans, Coach Robbins, and the roundballers were given quite a scare at this point because O.M.A. had control of the ball and was stalling for a last second shot. The Cadets had the opportunity to win with five seconds to go when Roy Giles shot underneath the O.M.A. goal, but he missed and big Don Henry rebounded for the 1963 regional champs.

O.M.A. controlled the tip the first overtime and was trying for one shot, but lost the ball. The Aggies played the same, but couldn't get the two points and the Cadets were in business again. Crawley shot a jump shot with four seconds remaining in the first overtime but just barely missed. The first overtime ended scoreless and the score was still 57-57.

The Aggies hit 11 of the 13 points at the foul line as they worked for easy buckets and were fouled each time. The Aggies went ahead 61-59 when all-star Don Henry hit both ends of a one-and-one situation. At this point the Aggies began to plan on their long journey to the national playoffs.

McBride was the top gunner for Murray in the game hitting 23 points followed by Henry with 20. Bob Parkhill, who fouled out in the second overtime, got seven. Arthur Guess, the all-state football star from Oklahoma City, hit six while Isaac Lacy and Bradley each added six. Crawley lead O.M.A.'s scoring as he hit 23 points.

The Aggies won the opening game of the tourney by whipping Eastern 64-52 and edged Bacone, 62-60 on a last second shot by little Arthur Guess in the semi-finals.

The champions will take a 22-3 record with them when they travel to the national playoffs.

## Murray Subject Of 'Oklahoman' Feature Story

A four column picture of the construction project at Murray appeared in the Daily Oklahoman for Sunday, March 3. Below the picture was a long feature story by Ivy Coffey, giving some interesting facts about the past, present and future of Murray College, about Tishomingo and the surrounding natural scenic attractions.

The article opened with a description of the granite memorial at the north entrance, honoring W.H. "Aalfalfa Bill" Murray, and mentioned the fact that Tishomingo is rich in Indian lore and was capital of the Chickasaw Nation until statehood.

"The college was established in 1908 by the first state legislature," it continues. "A year of college work was added in 1922-23, and by 1924 junior college rank was attained."

Information and figures are given about the extent of land owned by the college, the 50 mile radius from which most of the enrollment is drawn, the ratio of boys to girls, and the operating budget.

"Murray was the first college in the state to establish a bull testing program in connection with agriculture work. The program was started a year ago in January with 210 animals and is still the largest such program in the state. A sale at the college is scheduled for March 17."

Some of the present buildings, and plans for the new buildings under construction, are described and other interesting information is given.

(Editor's note: Miss Coffey, a staff writer and feature writer for the Oklahoman, was a classmate of Mr. Lokey and Mrs. Mahoney at the O.U. Journalism School.)

## Seeking Summer Work? Library Offers Solution

If you are seeking a romantic, glamorous or educational summer, the library may be able to help solve your problem. Each year a Summer Employment Directory is published and they are bought by various libraries. The directory lists jobs that are available to all classmates in all fifty states.

The 1963 directory contains a comprehensive list of 1,484 organizations throughout the United States which want to hire college students this summer. Specific jobs with salary, name of employing official, and suggested procedure for making applications are given.

The jobs are found at summer camps, resorts, national parks, summer theatres, hospitals, ranches, restaurants, pools and beaches, various departments of the government, business and industry, and other places. There are jobs for all classmen, freshmen through graduate; in addition, juniors, seniors, and graduate students can find summer jobs in their field of study.

Employers are included in the directory at their own request, and they invite students to make application directly to them.

The new "Summer Employment Directory" is available at the college library and anyone interested should contact the librarian.

## Dorm Mom's Piano Never Gets Dusty

The musical history of Mrs. Alma Magerkurth, Fulton Hall Housemother, is a creditable, vivid, and an interesting one.

It began in the home, with her son playing the bull fiddle, her playing a variety of instruments, and her husband picking at a guitar as well as the best of them.

The words "Okie Nitwits" rang a bell to many of the people throughout this area 12 or 16 years ago as this family threesome began entertaining for innumerable community projects and going on goodwill tours. They also were on the radio at Durant for a number of years.

Mrs. Magerkurth has been teaching students for 15 of the 17 years she has lived in Johnston County. She also taught a quintet of accordion players who made appearances on television and called themselves "Farmerettes." As if this wasn't enough, she has also helped on many school programs and can play the piano, accordion, organ, mandolin, and the tenor banjo.

Her husband passed away several years ago and her son is married and a father. She wanted to be near kids, as she has most of her life, so being a housemother "came natural" to her. As you walk into Fulton Hall you'll be greeted by a short, quiet spoken (except at halfgames) friendly lady . . . and a piano that never gets dusty. — D.H.

## Judging Team Visits Houston Fat Stock Show

The livestock judging team from Murray State Agricultural college participated in the junior college judging contest held in conjunction with the Houston Fat Stock show March 1, 1963.

The members of the judging team were Nolan Arthur, Perkins, Wendyl Hambrick, Ardmore; Calvin Winburn, Davis. The alternates were Bill Graves, Perkins and Dan Houser, Wewoka.

The team placed eighth overall in the field of 18 teams. Nolan Arthur was 9th high individual overall and 5th high individual in sheep judging. Wendyl Hambrick was 5th high individual in swine judging. The team placed 9th in quarter horse judging.

## Dr. Reynolds to Visit Campus

Dr. James Reynolds, special consultant of the North Central association, from the University of Texas, will be on campus March 13 and 14. He will be observing the campus and assisting in reports that the college will be making to the Association.

At present, Murray is accredited by the state and the universities; we are now seeking regional accreditation which would be an honor for the college. In order to become a member of NCA it is necessary to prepare a detailed study of the institution. It is for this purpose that Dr. Reynolds will be here on campus.

## Meal Planners Entertain Home Economics Club

The meal planning class entertained the Murray Home Demonstration club, Wednesday, February 27. This took place at the home of Mrs. Rosalva Rainey, who is the Home Economics instructor.

The girls served Boston Cream Pie and Apple Juice punch. The lesson at the club was the latest sewing tips, and was given by Mrs. Vera Taylor.

At a meeting February 26, the Home Economics club decided to serve the meal at the bull sale. This will take both the Home Ec club and the Meal planning class. The Home Club plans to help Mrs. Jerry Martin decorate for the bull dinner which will be held on Friday, February 15, the day before the sale. This dinner will be held in the cafeteria.

## Science Club Hears Tip on Fish Care

Recently the Science Club called a special meeting to change the dues from a dollar to fifty cents and enable the majority vote to use the dues as they saw fit.

At the meeting Mr. Russell Hornbeck, Supt. of the Fish Hatchery, talked to the club on how to raise and care for fish, and how to stock ponds and lakes.

On the absence of the President, the vice-president, Vaden Morgan presided over the meeting.

There is no charm so great as the charm of a cheerful temperament.

## Former Student Becomes Member of Peace Corps

### Grand Champion Boar Purchased by Aggie Department

Dr. Jerry Martin, instructor of Animal Husbandry, purchased the Grand Champion Yorkshire Boar for Murray College at the Kansas Oklahoma Show and Sale in Arkansas City, Kansas, on February 23.

The boar was bred and shown by Cels Hall, South Haven, Kansas, and is a half-brother to the boar that was selected as the Grand Champion Yorkshire Boar at the 1963 Yorkshire Type Conference held in Illinois.

The College has ten excellent registered Yorkshire sows in the herd and through the use of this boar expect to have some of the top Yorkshire hogs in the nation.

### Queen to Be Named For April Rodeo

The Rodeo Club has set their spring rodeo for April 25-27.

The rodeo will be held at the City Rodeo grounds and it will start every evening at 8:00 p.m. The stock used for the rodeo will be furnished by Adrin Parker, St. Joe, Texas.

The Rodeo Club will have a Queen for the rodeo. The Queen will be chosen by the largest number of admittance tickets sold in her name before the first performance of the rodeo. Any girls who are interested in entering the race for Queen see Phillip Nation, president of the Rodeo Club. The Queen will be crowned and given a prize at one of the rodeo performances.

The Rodeo Club urges everyone to attend the rodeo this spring, because it's going to be a good one. The Club needs the support of the Student Body and Faculty to put on a good performance.

### Faculty Dames Host St. Patrick Dinner

The Murray Faculty Dames entertained their husbands with a dinner in the home economics dining room, February 25.

Dr. McKee was called upon to give the invocation by Mrs. Benton Ladd, president. Following the covered dish dinner, a musical program was presented by the College.

South Kemp Phone 1

Helen Herron, a former Murray State student from Ravia, has been accepted in the Peace Corps. Miss Herron reported to Hawaii on February 14 and after she receives her training will sail to Borneo.

The Peace Corps represents an opportunity for individual citizens to work directly with the people of other countries to provide economic, social, or educational assistance. The Corps idea is an ambitious one that has demonstrated a strong appeal to the idealism of Americans. It has raised hopes among the people of many lands.

The Peace Corps was started on March 1, 1961, when President John Kennedy issued an Executive Order establishing the Corps on a temporary basis. During the 1960 presidential campaign, the Peace Corps was first mentioned by Senator Kennedy in a speech at the University of Michigan and later set forth in detail at San Francisco.

Besides offering a unique opportunity to serve their nation in the cause of peace, the Peace Corps offers American agricultural workers unusual opportunities for self-development. They will return to the United States with knowledge of other languages, knowledge of the customs and traditions of the people who speak those languages, and knowledge of the economy, political organizations, and geography of the countries in which they will have served. Peace Corps Volunteers, in other words, will have brighter career opportunities as a result of their overseas experiences.

Women's Trio and Miss Kerry McKee in the auditorium. Dr. Richard Murray, serving as Master of Ceremonies, introduced the trio. The trio members, all of whom are from Ardmore, are Miss Meredith Martin, Glenda Gill, and Beverly Hitt. Mrs. Margaret Lokey was their accompanist.

The theme of the buffet was St. Patrick with the theme being carried out on the table, centerpieces, and napkins.

## Sticky Fingers Culprits Engage In Violent Inter-Office Feud

"THIS CANDY HAS BEEN PRE-SOAKED IN MAGNESIUM-SULFATE (EPSOM-SALTS) HELP YOURSELF!!"

This strange note was found by the Phantom as he invaded Dean Cleveland's candy jar. A snooping roving reporter got the following explanation of what was taking place:

Dean Cleveland decided to make it a habit of keeping the candy jar that is sitting on his desk filled. The first time he filled it with orange slices; they all disappeared and in their place was found one small mint exactly one centimeter square with a note stating that Dean Cleveland had been the victim of a government "give away" program. The note read, "You have been a victim of the government give away program. We are sorry to have taken your property."

The next time the jar came up completely empty with a note and a picture. The note was signed the "Phantom," while the picture consisted of the north end of a pig going south. It seems as if there is an undercover correspondence going on, for the "exchange" always occurs when the owner of the candy is out. The notes were left to show appreciation for the candy in the person's absence.

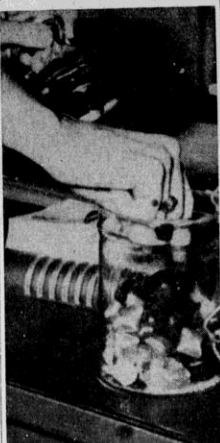

This Inter-Office Exchange Program, as it is called by a number of the participating members, did not begin as an exchange, or so states Dean Cleveland. It seems the candy was all out of his jar. Mr. Mihura, the Business Manager, says that some of the people don't think they are getting back as much as they are giving.

Dean Cleveland for a while thought only one person was in on this program but now thinks it is an inside job, very inside. To find out exactly what and who was in on the program, Dean Cleveland said he soaked one bunch of candy in epsom salts and then watched the bathrooms carefully. He stated that the conclusion was very clear. Oh, yes! He left the above warning note, but it didn't seem to do any good.

When asked how many were taking part in the program, Dean Cleveland says he knows for sure at least two people are involved and they are probably of the same sex. At one time someone's conscience got to hurting him for some candy turned up that Dean Cleveland didn't put there. Oh yes! He also mentioned that he had noticed Dr. Murray eating the same kind.

When asked how they felt toward this inter-office exchange program, the following people gave these comments:

Mr. Mihura: feels perfectly

happy and satisfied with his part in the program and intends to see that it continues, as long as he comes out as he has so far.

Mrs. Craven: pleads not guilty in taking the candy but has assisted in the implementation of exchange to the extent of confiscation of any damaging evidence. She also states that she feels that such common market experiences should be encouraged.

Mrs. Ringwald: first stated that she just gets in on the eating part so as to leave no evidence, but later made the statement that she just feels it is a good program and by all means should be continued.

Miss Clark: has shared in it some and think it should be continued. Also she thinks Dean Cleveland is fighting a losing battle in trying to keep his candy jar filled.

Mrs. Reubin: thinks by all means it should be continued but wishes they wouldn't have mints. She prefers butterscotch or lemon drops.

Mrs. Thomas: refuses to make any statement on all grounds.

Dean Cleveland: feels that for all reflections on integrity and honesty, it must be stopped before it reaches higher offices. He also states that it should be stopped because his bank account, fun funds, and faith in his fellow man have depleted.

Dean Cleveland made the following statement. "If the Dean of the College or the Business Manager can not sleep at night. I would be glad to take any candy they wish to give."

Dr. Murray made no statements, but instead called the Business Manager and tipped him off before the roving reporter could get the facts without outside pressure.—W.C.

## DON'T GO TO PIECES IF A BOMB HITS YOU

In my never ending quest for intellectual and invigorating news material for you story-starved Murray people, I have once again outdone myself. If I hadn't chanced upon this piece of vital information, many of you may go through life without knowing what to do...

### During an Air Raid

1. In case of an air raid, run like heck. It doesn't matter where you go, just as long as you run. If you are outside, run inside. If you are inside, run outside. It is also suggested that you equip yourself with track shoes so that you have no trouble getting over the people in front of you.

2. Always make the most of an air raid:

A. If you are in a bakery, steal a pie.

B. If you are at a bar, steal a bottle.

C. If you are in a movie, steal a blonde.

3. During the air raid alarm, always yell bloody murder. It makes more excitement and confusion.

4. If you find an unexploded bomb, shake it. The firing pin may be temporarily stuck.

5. If an incendiary bomb falls in your neighborhood, throw some gasoline on it. You can't put it out anyway, so you may as well have some fun with a REAL fire.

6. Always eat garlic and wear dirty socks before entering an air raid shelter. It makes you as unpopular as a skunk at the opera, but it relieves the shelter of crowded conditions.

7. Don't pay any attention to the air raid wardens. If one gets in your way, run over him, all he knows is more confusion. One of them may know what is best for you, but that is what folks used to know when they fed you Castor oil.

8. Don't worry about a bomb that has your name on it. It is the one labeled "To whom it may concern" that you should have nothing to do with. Start a game of hide and seek and keep on running.

9. Keep calm during an air raid. If at home, read a good magazine, smoke a cigarette and take a slug of whisky. Repeat till all cigarettes and whisky are consumed. Then climb under the covers and pass out.

10. If you are hit by a bomb, keep a record of its serial number. Don't go to pieces, just lie still, and no one will notice you.—D.H.

## Lucas "Kids" Go All Out For Night Life at Dorm

"I beat you." If you have been around Haskell Lucas Hall the past few weeks you are probably familiar with this statement.

Immediately after accepting his position as dean of students, Mr. Cleveland purchased a variety of games for the different dormitories. These games (dominoes, checkers, cards, chess, and a number of others) are seeing a lot of use around Haskell Lucas. You can go to bed late at night and still hear the banging of dominoes on the tables. This can really make it hard to sleep sometimes, especially for those who like to get a beauty sleep on Sunday afternoon.

These games are especially enjoyed by those who stay in the dorm on weekends. It gives them something to do after they wake up from their beauty naps. It's a shame that some wake up earlier than others, though, because they get so carried away with the games that they forget to be quiet so the other poor souls can finish their naps. These games have changed the attitudes of all the boys in Haskell Lucas. Life in the dorm is continually becoming more contented.

There are enough games so that there is something for everyone. There is enough variety that there is something to interest everyone. Each person can play a game that he knows something about.

Besides the game room, there is always something going on in the dorm. According to one member of the dorm, (from the first floor of course,) that floor is still blessed with the best class of boys. I don't have a comment from the second floor, but I imagine the comment would be slightly different.

Norby Williamson is up until all hours trying to think up something to buy a certain Patton Hall resident next. Should he buy candy or just send a card?

Mrs. Gaines' kitchen still proves to be the most popular room in

the dorm. It is always full of boys, especially at 11 o'clock at night. You can smell toast burning, eggs and bacon frying, or sometimes it's just popcorn popping. These odors and sounds (grease popping, boys yelling) help to make it difficult to sleep on first floor (that is if anyone wants to sleep). The boys who frequent the kitchen most are Dan Houser, Charlie Thompson, Tom McBride, Alfred Nelson, Clyde Woolridge, Spud Sichey, W. B. Daugherty, Tommy Luckinbill, and Kenny Redden. Mrs. Gaines is wanting to know where these boys are the next morning when there is cleaning up to do. They sure aren't in the kitchen then.

Haskell Lucas is known for its recent ability to attract the attention of the police force, hospital force, and the administration. Sometimes they carry their play-acting out a little too realistically. A good example of this was the fake "stabbing" that took place not too long ago, that looked too real for comfort.

Look in Fred Williams' room at night, and you will almost always find someone telling their problems to him (or is it visa-versa) and griping because "there is nothing to do around here."

Go on down to Charlie Thompson and Kenneth Redden's room and you'll hear "Lover Boy Ken" discussing his many girls and his interesting love life.

Next, there is Tom Brandt's room. He is still the bossy proctor trying to set a good example (?) for the boys and threatening to give them checks if they aren't "good". Life in the dorm is sometimes serious but usually it's just one big joke.

(Editors note: This is the second in a series of features on each dormitory. Watch the AggieLife for the story on your dorm.) W.B.D.

## Awards Are Presented to 'Top Ten' Academic Aggies

An Awards and Honors Assembly was held Thursday, March 28 in the college auditorium to honor the top ten scholastic students. The students were awarded plaques that were made available by Tishomingo merchants.

### Beverly Hitt Is Candidate in Miss Ardmore Pageant

A Murray Coed, Miss Beverly Hitt of Ardmore, is a contestant in the Miss Ardmore pageant to be held in the Ardmore High school auditorium on April 12. Miss Hitt is sponsored by the Altrusa Club and is a freshman at Murray State.

To be eligible the contestant must be between the ages of 18-28 and must be single. Three out-of-town judges will select the young lady that possesses the best personality, most talent, poise and character. Every girl will appear in a bathing suit, evening dress and the costume for her talent performance. Miss Hitt will do a selection from "The Music Man" and will wear a gay 90's costume.

Miss Ardmore will compete in the Miss Oklahoma contest to be held in Oklahoma City. She will be awarded a \$250 scholarship, a new wardrobe and have her expenses paid during the Miss Oklahoma contest.

During the day of the judging, Miss Hitt will have a chauffeur and a chaperone and will be a guest at a special dinner. She, along with 12 other beauties will be appearing on various television programs.

Miss Hitt is majoring in journalism and was a candidate for homecoming queen. She is a member of the Swinging Sixteen, Aggieelite staff, Girls Trio, Glee Club, Music Club, Angel Flight and Phi Theta Kappa.

### Marsh, Barnett Are Cadets for March

Cadet Jerry Marsh, Soper, and Cadet Gary Barnett, Ardmore, have received ribbons for being the two most outstanding cadets of the month. The awards were presented by Cadet Colonel Wadell Altom, Ada, on March 11 during drill ceremonies. Captain Marsh is a sophomore and Air-man First Class Barnett is a freshman.

Each month the AFROTC cadet staff with the assistance of Major Carter and Captain Elkins selects two cadets from the ROTC corps that have improved the most in the following fields: academic, drill proficiency, and the general attitude of the cadet.

### Welcome Surprise Found at Library

The library found a welcome surprise outside its door last week, the missing copy of a reference book "Twentieth Century Authors." Several other reference books have mysteriously disappeared recently, and the librarian is hoping they will mysteriously reappear.

## SCHOOL TO BE OUT FOR JUCO TEACHERS MEET

Clyde E. Blocker, associate professor and consultant in junior college education at the University of Texas, will be a guest consultant for the 11th annual Oklahoma Junior College Conference Workshop, April 18-19 at the University of Oklahoma.

Approximately 300 staff members from 14 Oklahoma junior colleges are expected to attend the two-day conference in the Oklahoma Center for Continuing Education.

The State Committee on Municipal and Independent Junior Colleges also will hold its annual meeting April 19 following the conference.

After serving as dean of men at the University of Tulsa and Flint, Michigan Junior College, Blocker joined the University of Texas faculty in 1961 under a Kellogg Foundation program to train graduate students as junior college administrators. Gene Robbins, Murray State Agricultural College, will be chairman of a workshop on physical education.

Registration will begin at 4 p.m. April 18 in the Forum Building at the Center. The fee is \$2 and accommodations are available at the Center.

There will be no school at Murray State Friday.

## Faculty Wild Cow Milking Will Be Top Rodeo Event

The annual Murray College Rodeo has been set for April 25, 26 and 27 at the Tishomingo Fair Ground. The event is being sponsored by the college Rodeo Club and is opened to regularly enrolled college and high school students. There will be an evening performance each day beginning at 8 p. m.

### New Courses Are Announced for Next Fall Term

Dr. Richard Murray, Dean of the College, released the following list of new courses to be offered first semester of the 1963-64 school year.

A course in first aid will be open to all who are interested. For those who are interested in dancing, there will be a course in social dancing and folk dancing with one hour credit being given for each. The other new courses include plane and solid geometry, The Family Consumer Problems, news editing, a second Business Communication course, and tennis. Also the first and second courses in Spanish will become five hour courses. The students taking Spanish will be using the new electronic labs which will include head sets, microphones, tape recorders, etc.

Everyone is encouraged to enroll in as many of the new courses as possible.

Admission prices are \$1.00 for adults and fifty cents for students. The rodeo stock is being furnished by Adrian Parker, St. Jo, Texas. There will be six events each evening with the top attraction to be the faculty wild cow milking. Other events are bareback bronc riding, bull riding, calf roping, double mugging and girls' barrel racing.

Candidates are entered in the queen race. Three of the contestants are students at Murray State while the remaining two are both students at Tishomingo High school. Freda Webb, Mannsville; Emma Childs, Roff; Mary Converse, Milburn; Judy Ford and Theresa Ray both of Tishomingo, are competing for the title. The queen will be chosen by the contestant that sells the largest number of tickets. The contest is open to any high school or college girl who wishes to enter.

The queen will be crowned Saturday night, April 27, during a half-time ceremony. The girls will not know who the winner will be until just before the ceremony. A saddle has been donated to the queen by the merchants of Tishomingo, and is on display at Buck's Shoe and Saddle Shop. A prize for the runner up will also be given.

The trophy buckles for the first place winners in each event and all around winner were also donated by the Tishomingo merchants. The Veterans of Foreign Wars have bought a saddle that will be raffled off the last night of the rodeo. The chances are only one dollar and now is the chance for you "cowpokes" to get that new saddle.

The Aggieelite staff will sponsor a dance at the college barn immediately following the final rodeo performance on Saturday April 27.

### Mrs. Craven Will Attend Conference

Mrs. H. Louise Craven, Registrar at Murray, will be attending the Annual Oklahoma Association Collegiate Registrar and Admission Officers Conference at the Western Hills Lodge at Sequoyah State Park, Wagoner, Oklahoma, April 5-6. This will be Mrs. Craven's third year to attend the Conference and her second year to go to Sequoyah State Park for the meeting.

The purpose of the OACRAO meeting is to elect new officers and to discuss common problems of registrars and admissions officers. This year Mr. Dan Hobbs, Research Assistant of Oklahoma Regents for Higher Education will speak on "New Policies of Higher Regents on Admissions and Retention". Mr. Hobbs is just one of the many guest speakers.

This annual event is open to the families of the Registrars and Admission Officers.

### AN EDITORIAL

"The last three seconds! One point! If only—" These were the laments heard long and loud after the spectacular finish of the game at Hutchinson, when the Aggies, as happens to all good teams sooner or later, lost their winning streak. To those on the team, as well as to every other Aggie, whether present or not, it seemed much worse to lose by one point than if it had been ten.

But this should not be so, and after the first bitterness of defeat wore off, the Aggies rallied their spirits and remembered that it is not always victory that counts, but how they played the game. With the teams as closely matched as they were, the game could have gone either way, and might well do so if a rematch were played.

Often things that take only a second to happen can change the course of a whole life time. It takes only a split second for two cars, having left widely separated points at different times, to meet at a crossing and kill or cripple all the occupants. It takes only a split second for an explosion or an earthquake to kill hundreds. And it takes only a second to win or lose a game.

The boys on the team perhaps will find it hard not to regret these few seconds for a long time to come. They will remember them longer than any of the spectators, or the rest of the faculty and student body who took such pride in the team that put Murray on the map at the national tournament.

The rest of us will remember the fine shooting of Don Henry and Tom McBride; the strong feeling of team work that you could cut with a knife at any Murray game; the speed of little Arthur Guess and his dazzling trick of snatching the ball away from under the noses of his opponents; Garland Parks holding Cameron's and O.M.A.'s top scorers to less than ten points; Gene Wilmoth's courage in playing with painful knee and foot injuries; Big Isaac Lacy jumping into action at being "coached" vociferously from the sidelines by little, but loud Coach Gene Robbins; Russell Bradley's jump shots and defensive play; Bob Parkhill's performances as guard and the backing of the other players from the bench.

In weighing three seconds against an entire season, the three seconds cannot tip the scales.

### Actors Are Needed For Follies Skits

The Murray Follies are getting underway. At present, four skits are in the process of being typed. Mr. John Fletcher, who is in charge of the skits, is looking for the following characters to take parts in them: A German waiter; man who can be the head waiter; two "fatherly types"; magician; Southern Colonel; colored houseboy; gambler type; lady to assist the magician. Singers and dancers are also needed.

Anyone interested in playing any of these parts should see Mr. John Fletcher.

### Carter, Altom to Attend OSU Dinner

Cadet Colonel Wadell Altom, Ada, and Major Billy Carter, Air Science Instructor, will attend a formal "Dining-In" sponsored by the Arnold Air Society of the AFROTC at OSU on April 5. At the dinner Major Carter and Cadet Colonel Altom will dine with several Air Force Commanders from Tinker Air Force Base, one of whom will be Commander Ghent.

## SPIRIT SOARING HIGH AT MURRAY

At the beginning of the school year, the student body was urged, prompted, and begged to display some of that "good old school spirit" which no one seemed to possess. Now suddenly with the outstanding basketball season that has just been finished, we seem to be finding an abundance of this spirit. What is it that caused the students to be so boastful, bragging, and enthusiastic about Murray State—their college?

School spirit can be compared to the first rain before the beginning of a storm. The first droplets fall few and far between. Our school spirit is similar. At first, it hardly seemed to exist, but when the occasion arose the students were there to defend it. When a visiting football team tore down our booster signs and yelled insulting remarks across the field to us, we were there—eager and ready to defend the Murray Aggies.

When our basketball team soared among the highest rankings across the nation, the students acquired an abundance of spirit. Just as it takes an accumulation of raindrops to make a shower, so it goes with our school spirit. With each victory—and loss—we witnessed the building up of enthusiasm that the students are now so eagerly displaying.

So, as a cloud grows by adding many small drops, the spirit that developed first in a small handful of students has now been captured by the entire student body. Even with the end of basketball season, we will not see an end to this spirit. The students are ready to endorse all activities at Murray simply because it is THEIR school, and they are anxious to do their part in helping Murray State College.—BH

## IS EASTER BASIS OF CHRISTIANITY?

For the past few years, when you mention Easter to a friend, he will begin to tell you what new clothes he has, or how glad he will be when the Easter vacation comes so he can go fishing or just rest for a couple of days. It seems that almost no one ever mentions the real meaning of Easter.

Maybe they will go to church Easter morning, but they spend so much time noticing the new clothes being worn, they hardly listen to the sermon. A few people even say "Oh, Easter is just another day to me."

Easter can be considered the most important day of the year in our Christian religion. Immediately, you will think of Christmas. The birth of Christ is also an important part of Christianity. If He hadn't been born, He could never have died for our sins.

But if Christ hadn't risen from the dead, his death would not have meant so much. It is not easy to worship a dead man. Because Christ arose from the dead on that first Easter morning almost 2,000 years ago, we can be sure that we serve a living God. Because He arose, we can also be sure of His power over death. Because He arose, we can be sure that we, too, will arise someday.—P.A.B.

## SPOTLIGHT

## Wanda Lee Clark

The first Murrayite in the spotlight this week is Wanda Lee Clark from Idabel. Wanda is a freshman majoring in elementary education.

While a student at Gray High School in Idabel, Wanda was very active. She was advertising editor of the yearbook and a participant in the senior play. She was a member of the Future Homemakers of America, Future Teachers of America, and the pep club. She also worked on a special project, McCurtain County Rheumatic Heart Prevention Program, with the doctors of McCurtain County.

Wanda is a very active student here at Murray. Besides working full-time in the business office, she is business manager of the college annual, a member of the Aggie Lite staff, ROTC Angel Flight, and B.S.U. Last semester she was listed on the college's top ten, and the Dean's honor roll.

Wanda lists her favorites as: color, red; food, shrimp; song, "Don't"; singer, "all good ones";

## Barclay Martin

hobby, reading; pet peeve, math; pastime, "anything exciting"; actress, Doris Day; and actor, Elvis Presley.

\*\*\*

Next to appear in the spotlight this week is Barclay Martin, a sophomore from Sulphur majoring in business.

While in high school, Barclay was active in football and track. He was a member of the Letterman's Club, chorus, and band. Barclay also says, "There is no place I haven't been on a motor scooter."

Here at Murray, he is in the ROTC chorus, ROTC band, and Science Club. He carries a full-time job in the cafeteria and is active in intramural sports and plays with the Pearl Divers.

His favorites are: food, chicken fried steak; color, blue; song, "What Will Mary Say"; singer, Connie Francis; pastime, "girls"; hobby, cars; actress, Debbie Reynolds; and actor, John Gavin.

## Former Moslem Chills Assembly With Stories of His Experiences

Religious Emphasis Week was observed March 25 through the 29th. Only two planned programs were presented; however, the week was designed to allow individual meditation and provide for religious guidance.

Tuesday March 26 at 9:00 a.m. an assembly program was presented with music provided by Philip Fuss Glanche a member of Murray's B.S.U. Guest speaker was Rana Nasier of Pakistan, a Moslem Priest until five years ago.

Mr. Nasier gave an inspirational testimony of his conversion from the Islam Religion to Christianity. He told of being starved, hung by his heels over a smoky fire, tortured with daggers, cut on arms and ankles to let evil blood escape, and finally of being thrown in the river to drown.

Before Mr. Nasier became a Christian, he like all true Moslem believers, hated Christians and as a means of "Salvation" wanted to kill any that refused to believe in the Moslem Religion. At one time, Mr. Nasier came across a young Christian mother with a

small baby in her arms. When the mother refused to accept the Islam Religion, Rana and his companions tossed the child into the air and caught it on their swords. In one city, over 20,000 Christians were massacred in one day and streets were flooded with blood.

Rana Nasier became a Moslem

## Dance Drags at First but Then Becomes Real Ball

"Come on, somebody dance!" was a familiar cry that seemed to keep ringing out in the ballroom Monday night at the dance given for the basketball boys. It seemed that no one was interested in dancing, but just sitting there gazing at the floor—each secretly hoping that someone would start to dance. Finally, Tommy Luckinbill, Mary Converse, Beverly Hill, and Bob Parkhill got brave; thereafter, the party got into full swing. With the arrival of several more girls to even up the odds a bit, the dance actually turned into a DANCE.

Sponsored by the Goal Diggers Club with Mrs. Capitola Boyd in charge, the party was to honor the returning basketball boys. During the brief intermission Dean Cleveland presented Coach Robbins with a bottle of pills for ulcers and reservations for the 1964 National Tournament. Coach Robbins thanked the boys for their "good" behavior and their representation for Murray State. The boys headed the line for refreshments.

By 10:00, Dean Cleveland had also caught some of the enthusiasm of the students and allowed them to have an extra thirty minutes. The dance ended with the promise of another one in the near future.

## Murray Aggies Edged from National Basketball Tourney by One Point

The Murray Aggies lost their opening game in the National Tournament at Hutchinson, Kansas, on March 19. Independence, Kansas came from behind to edge the Aggies 69-52. The Aggies led the entire first half and were outfront 28-33 at half time, but returned "ice cold" and Independence took the lead the first time with seven minutes left to play.

### Big Don Henry Is Named to Spot on All-American Team

Murray's scoring ace Don Henry was chosen along with fourteen others to round out the All-American team. Don led the Aggies' scoring attack throughout the season, hitting around twenty points per game.

Henry was second in JUCO scoring with a 22.2 point average per game. He set an all-time scoring record for Murray State when he hit 44 points against Oklahoma Military Academy.

Lee Crawley, Oklahoma Military Academy's outstanding little guard was chosen as honorable mention.

Tuesday, May 14	Sayer	2 games	there

## Tennis Tourney Gets Under Way, Rules Explained

Monday, March 25, marked the beginning of another intramural contest—tennis. No more single entries are allowed, but double players can still enter their names.

The schedule is as follows:

Mike McCauley, Gun-Ho's	vs
Everett Cranford, Pearl Divers	vs
Thomas Brandt, Powder Puffs	vs
Bill Batson, Independents	vs
Louis Toliver, Pearl Divers	vs
Mr. Calvert, Faculty	vs
Larry Mayton, Rodeo	vs
Bill Murphy, Powder Puffs	vs
Terry Schultz, Rambler's Recks	vs
Robert Ward, Faculty	vs
Freddie Paz, Fulton Hall	vs
Philip West, Gun Ho's	

The six basic rules are:

1. Each match must be played at the time scheduled or before. The opponents are responsible for being at the court at the appointed time. If your opponents does not showup, wait 15 minutes; the match is then a forfeit. Matches can be played prior to the scheduled time if arranged between opponents.

2. In case of bad weather, the match will be rescheduled and the new schedule posted. In case of rain during a match, stop the game and begin it again after the rain ceases. In case you cannot continue, the entire match will be replayed at a later time.

3. It is the responsibility of the match winner to post the results of the match and the score on the master schedule in the Student Center. The results must be posted by 9:00 p.m. of the day the match is played. If the results are not posted, both players or teams will be dropped from the tournament.

4. To win a match, a player or team must win two out of 3 sets. A set (modified because of local facilities) will consist of 5 games. The winner must win 3 of the 5 games.

5. The matches are to be played according to the official rules of the U. S. Lawn Tennis Association. (Simplified version available from Mr. Calvert.)

6. There will be no officials. Players are responsible for scoring and calling in or out balls and faults. Generally the receiver calls in or out balls.

### Kappa To Initiate

Dean Raymond Cleveland announced that the Phi Theta Kappa initiation program will be held Wednesday, April 3. Everyone is invited to attend.

## AGGIES SPLIT DOUBLE HEADER WITH EASTERN

Murray Aggies scrimmaged Eastern A&M in their first baseball games of the season and split a double header. The Aggies lost the first game 2-1, but won the second 5-2. The winning pitcher was Glen Dillbeck, Sulphur. The Aggies played the first conference game against Connors and lost both games in a double header. They lost the first one by a score of 2-1 and the second 7-6. The Aggies also scrimmaged Southeastern and lost both games. The scores were 5-4 and 11-6.

The Aggies have only two players back from last year. They are Fred Williams, Allen, shortstop and Glen Dillbeck, pitcher. They are expecting another starter from last year's team later on in the season. He is Garland Parks, Oklahoma City, who started at shortstop. He is out with an injury he received during basketball season.

### THREE RECORDS FALL; ADA, WETUMKA WIN AGGIE TRACK MEET

Ada and Wetumka won top honors in the Murray Invitational Track meet on Saturday, March 30. The event, one of the largest in the state, was witnessed by about 1,000 fans as they saw three records fall and another one tied. Ada, the defending champion in class A, nudged McAlester for the championship trophy in class A. Wetumka had to fight off a stubborn Hobart team to take home the Class B trophy.

Richard Cable of Oklahoma City Capitol Hill was the individual star of the show. Cable only recently recovered from a broken leg and this was his second track meet to run in this year. He set two of the meet records with a 4:27.4 mile and a 2:01.5 half-mile. The old marks were 4:41.4 and 2:03.0.

The other meet standard went to the Ada mile relay team, which was clocked in 3:26.4—over four seconds under the old mark.

Jim Johnson, Duncan, tied his own meet record of 6-5.

Another meet record came close to being broken as Hobart's 880 relay team turned in a time of 1:34.6. The record is 1:30.0.

A total of 60 teams—22 in Class A and 38 in B—participated.

Several hundred athletes participated and the great number of heats required stretched the meet to almost nightfall.

### NEWS BULLETIN:

Bessie Poe Hall, according to Dean Cleveland, is being equipped with new ping pong tables and various other recreational facilities for the girls. The game room is being set up for both girls dormitories due to the lack of space in Patton Hall.

## 3 Teams at Top In Intramural Basket Tourney

Intramural basketball days are drawing to an end but the players continue to fight, with three teams battling for the crown. Following are the results:

Ace player Jim Mihura hit 20 points to lead the Faculty past the Aggie Club 45-25. Richard Melot hit 11 for the Aggies but received little help from his teammates, and the Faculty continued their winning streak. Robert Ward added 11 more for the winners, while Ed Horton and Lloyd Goss added six and five points respectively. Tom Berninger hit eight and Eddie Hallum added six more to complete the scoring for the losers.

Bernie Conway hit 14 points as the Powder Puffs edged the Rodeo Club 37 to 24. The Rodeo Club ran into foul trouble and the whistle blew against them 13 times while the Puffs only fouled five times the entire game. Larry Heard hit eight points but had to play with a great deal of caution as he fouled four times early in the game. The entire bench from the Rodeo Club saw action and all but two broke the scoring column. Calvin Winburn and Jim Staton each hit four points. Kenneth Redden hit eight for the Puffs.

The Pearl Divers ran into more trouble than they expected, but finally edged out the Rambling Wrecks 47-36. Again balanced scoring accounted for the Divers' victory as Gregory Cupp hit 16 and Ronnie Gidden sank 12. Everett Cranford hit seven for the winners. Tommy Barber hit 15 and Larry Cox sank nine as the Wrecks gave the Pearl Divers quite a scare.

The Gun Ho's still haven't found the basket yet and bowed to Fulton Hall 47-18. W. R. Eason hit 11 for the losers, while Wilson and Cotter hit 15 and 10 points respectively for the winners. Fulton is looking better and should finish near the top while the Gun Ho's are in the cellar.

Jim Muhura's 27 points weren't enough and the Powder Puffs beat the Faculty 48-39. The Puffs' big gun Bernie Conway was held to a mere seven points, but teammates Edward Chatham and David Orr took care of the scoring honors. Orr hit 15 while Chatham sank 12. The Puffs are one of the better intramural teams.

The Rodeo Club looked like the champions as they downed their helpless friends, the Aggie Club, by a score of 39-19. Mullens and Larry Mayton were the big gunners for the winners as they hit ten and nine points respectively for the Aggies.

The Gun Ho's finally were able to capture victory number one as they downed the Rambling Wreck 38-33. W. R. Eason again was the big man for the winners as he hit 18 points. Ernie Sykora hit eleven for the losers.

The Pearl Divers ran into foul trouble and lost three players due to fouls, and the Fulton Hall gang was able to down them 47-28. The victors also ran into foul trouble. No one fouled out but they were playing four men with four fouls each. Jerry Hauser hit 12 points for the winners while Gregory Cupp hit 10 for the Pearl Divers.

Patience is the best remedy for every trouble.

## 25 Students Travel to Hutchinson To Cheer for Aggies Basket Squad

Murray College was well represented at the National Junior College basketball play-offs in Hutchinson, Kansas March 21. Twenty-five supporters arrived there the best way they could, from bumbling rides with teachers to hitch hiking.

Leaving early in the morning the majority of fans pulled into

Hutchinson about four in the afternoon. Finding a room posed a problem since every hotel and motel seemed to be full. We managed to make extra room with everyone a little crowded and Barbara O'dell voluntarily sleeping on the floor.

The fans from M.S.A.C. then headed for the tournament for a thrill packed game. A hard fought battle was worth seeing and Aggie fans had much excitement before the game was over. Throughout the gym you could hear the cries of "Come on Oakes!" It was a king size thrill just to see the Aggies down there and know that we had really made it to the Nationals.

A hustling team was downed by only one point and most of the Murray folks left to go their different ways. Some went to movies, others went to see relatives, and still others put a hot pack to their heads and went to bed.

To the four girls that went along it was quite entertaining to be in a hotel full of boys. If you tried real hard you might even wind up in an elevator full of basketball players, eh? Some of the country folks (which we claim to be) decided to go into the hotel dining room and splurge on the biggest most expensive dinner they could buy. We felt right citified ordering a rare "filet mignon" only to be served a piece of raw hamburger with a leaf in the middle.

Elsewhere they were partying and dancing right across the street from where we were staying. Some jolly souls we know asked some basketball players from New York State to come up and see them on the sixth floor. With ear to the floor they heard the puzzled boys knocking on doors, from the seventh floor where they really were.

Coach Gene Robbins made the front page of the daily newspaper. He appeared in three different pictures that were taken during the Independence-Murray games. Miss Zimmerman was referred to as "coach" by a group of roundballers from one of the sixteen different junior colleges participating in the tourney.

### Mrs. Chisholm Is 'Mother of Year'

Mrs. Johnnie Chisholm, retired public school teacher who substituted as an English instructor last spring following the death of L.W. Murray has been named Oklahoma's Mother of the Year for 1963.

She was nominated by a former student and selected by the Oklahoma Mothers Committee and will compete with 52 other mothers for the national title of American Mother of the Year on May 6 in New York City.

### Construction Proceeding Swiftly —

The walls are beginning to come up rapidly on the additions to the library-science building. This view is taken from the west looking east to the new wings that are being

added to the library. The picture only shows one-half of the project that will house the physics laboratory and several agricultural labs and classrooms. On the extreme

east side of the library, additions are being made for a reading room. Construction is to be finished by September and if the rapid rate is continued, it might be finished before then.

### Mann, Sicheley Are Married March 1

Miss Joan Etta Mann became the bride of Vearlin "Spud" Sicheley on March 1. The marriage took place in Gainesville, Texas with Judge Bill Carroll officiating. Joan is the daughter of Mr. and Mrs. Earl Mann of Ardmore. Spud, who is a freshman at Murray State, is the son of Mr. and Mrs. V. E. Sicheley of Corpus Christi, Texas.

In the future the couple plans to move to Corpus Christi, where Joan will continue in high school and Spud will possibly enroll in Del Mar Junior college.

### Barber to Head B.S.U. Next Year

The Baptist Student Union recently held an election of officers for the coming year. Installation of these officers will take place in a special service for that purpose. The following people were elected: president, Tommy Barber; vice-president, Patsy Belcher; secretary, Howard Hill; social chairman, Shirley Griffith; missions chairman, Jerry Race; devotional chairman, Jae Hawkins.

## Performance Test Bulls Average \$581 at Eighth Annual Sale

The Eighth Annual Murray College Bull Sale was held Saturday, March 16. The weather was sunny and warm and there was a very large crowd.

142 bulls grossed \$82,510.00. This was an average of \$581.00 per bull. The Angus bulls were the high selling breed and they averaged \$643.00. The horned Herefords averaged \$559.00 and the polled Herefords averaged \$428.00.

The high selling bulls of the test were bulls consigned by Paul Dauer, Panhandle, Texas; Clarence Burch, Mill Creek, Oklahoma; and Carlton Corbin, Pittsboro, Oklahoma. These three bulls brought \$1500 each. Paul Dauer's calf was sired by his LE 4 Domino 23D, and was purchased by American Breeders' Service, Inc., Chicago, Illinois. Clarence Burch's calf was sired by his Michael of Wye bull and was purchased by K-Bar-H and C-Coat Angus Farms, Ada, Oklahoma. Carlton Corbin's calf was sired by his Blogarde of Craigie bull and was purchased by H. C. Rackley, Sulphur, Oklahoma.

The top selling polled Hereford bull was consigned by W. F. Bowman, Lampasas, Texas and was purchased by American Breeders' Service for \$1,000. The top selling Charolais bull was consigned by G. W. Banks, Clarksville, Texas. Two-thirds interest in the bull was purchased by Colby Brothers, Ponca City, Oklahoma for \$1300. The top buyer of the sale was John Barnett, Texarkana, Texas. This buyer purchased 12 lots for a total of \$5,000. Somerset Plantation, Newellton, Louisiana purchased 4

### Annual Clive Murray Dinner Held Mar. 16

The annual Clive Murray Dinner was held in the College Cafeteria on Friday March 16, at 7:00 p.m. The dinner is sponsored annually by the livestock breeders that have consigned bulls to the Murray College Performance Test and Bull Sale.

There were approximately 160 people present from nine states. The states represented are: Illinois, Iowa, Texas, Arkansas, Nebraska, Kansas, South Dakota, Louisiana, and Ohio.

The prospective bull buyers were guests at the dinner. One of the special guests was Amos K. Bass, who is a member of the Oklahoma A. and M. board of Regions.

The speaker of the dinner was Dr. Doyle Chambers, Professor of Animal Husbandry, at Oklahoma State University.

bulls for a total of \$4,250 and American Breeders' Service also purchased 4 bulls for a like total of \$4,250.

We would like to extend our appreciation to the buyers who bought bulls in this year's sale. Also we extend our appreciation to the auctioneers and the ringmen who did an outstanding job in getting this many bulls sold.

## King-Size Hail Pounds Murray

Murray College and the surrounding area was hammered by king-sized hailstones for 30 minutes Sunday night during a thunderstorm. The damage for the area is expected to run into thousands of dollars.

A storm alert was blown at 8:25 and five minutes later the hail began. It did not cease until 9 p.m.

Marble and golf-ball sized hailstones were common in the area and flattened and jagged chunks 4-inches across were not unusual.

Much damage was done to the roofs of the dwelling houses in the College addition. Some hard-type shingles were split by hailstones and softer types were holed and pitted. Many cars were dented and some had broken window glass. The slate roof of Haskell Lucas Hall suffered heavy damage.

On lawns and other soft places after the hailstones had melted, it appeared as if someone had jumped about on a pogo stick. The hail fell with such force that holes an inch deep were made in the ground.

### Six Grant Seniors Tour Aggie Campus

Six Grant High school Seniors and their sponsor-coach Gene Davis, visited Murray during their "Senior Day" Wednesday. The students were greeted by Dr. Richard Murray who gave them a brief orientation to Murray State. They were then whisked away by dean of students Raymond Cleveland who gave them a brisk tour of the campus. Later they ate lunch in the cafeteria.

After lunch the Grant High Seniors visited classes with a number of Murray's Student Senate members. Shortly after three o'clock coach Gene Robbins was saying good-bye and telling them he wanted to see all six of them down here for the fall term. As the car headed for Red River country Coach Robbins especially kept an eye on one of the members of the group, an all-state basketballer, Alvin Nelson, who averaged over 24 points in this season's games.

## 800 Students To Be Honored On Annual FFA Day

The Interscholastic FFA Judging Contest is to be held on Murray Campus April 17, 1963, beginning at 9:30 a. m. about 800 to 1000 students from this district are expected to participate.

The following contests will be conducted: Crops Judging and Identification, Horticulture Judging and Identification, Dairy Cattle Judging, Livestock Judging, Farm Shop, Entomology, Meats, Chapter Meeting and Speaking Contests.

Plans have been made to give prizes for chapters and contestants in the Southeast District, and other prizes for chapters and contestants from outside the district. Tabulation of results will be conducted as speedily as possible, and this should permit presentation of awards at an earlier time than is often possible.

The Rodeo Club has charge of the concessions. The noon meal can be obtained at the school cafeteria for fifty cents.

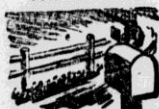

There is also a baseball game scheduled here. Murray will play a doubleheader with Northeastern.

## Administrators to Speak at Madill

On April 26 Dr. Freeman McKee, president of the college, Dr. Richard Murray, dean of the college, and Dean Raymond Cleveland, dean of students, will attend the Marshall County Career Day at Madill, Oklahoma.

Dr. McKee has been invited to address the general assembly that morning. Later in the day, Dr. Murray will address students interested in the teaching profession. Both Dr. Murray and Dean Cleveland will hold a discussion for students interested in attending Murray.

### OUR MAIL BOX

The Aggieelite staff has received a letter from the former librarian Miss Marie Stone now living in Clinton. With each edition of the Aggieelite someone is added to the circulation list and through the thoughtfulness of a friend Miss Stone was added.

Dear Editor:  
Please thank the person responsible for sending me "The Aggieelite". I appreciate it very much and read it from cover to cover immediately. Congratulations on the addition of a third page.

There are very few names I know, but when I read the series of events taking place I can visualize the scene very easily.

I hope to visit Murray some time before the semester closes, visit with old friends and see how the campus has grown.

Sincerely,  
Marie Stone

THIS IS ONE OF MANY acts that will be featured during the Murray College Rodeo on April 25-27. Here rodeo star Calvin Winburn is trying to ride one of the many wild bulls that will be used in the performances. Tickets may be purchased from any of the rodeo queen candidates or rodeo club members.

## Kappa Initiation Set for April 18

Dean Raymond Cleveland announced that the Phi Theta Kappa spring initiation will be held April 18 at 9:00 a. m. in the auditorium.

The program will consist of the procession by Margaret Lokey, a special poem by Harold Sollars, the history of the organization by Richard Craven, the initiation ceremony by Wadell Altom, and closing remarks by Dr. Richard Murray and Dr. Freeman McKee.

Everyone is invited to attend. It was due to certain circumstances that the April 3 initiation was postponed.

## Calvert Receives OSU Study Grant

Mr. George Calvert of the engineering department has been awarded a grant to the Third Summer Institute in Structural Engineering at the School of Civil Engineering at Oklahoma State University for June 10 through August 9, 1963.

The selection was based on careful review of scholastic background, teaching experience, recommendation of superiors, and geographic location.

The grant will include living expenses, tuition, and travel expenses.

### NEWS BULLETIN

The Tishomingo Daughters will sponsor a tea for the graduating high school senior girls and the college sophomore girls. The reception will be held in the home of Dr. Freeman McKee, president of the College, on April 30.

## Cleveland Attends 'Career Day' At Davis High School

Raymond Cleveland, Dean of Students, attended a "Career Day" program April 5 at the Davis High School Auditorium. The program was sponsored by the Davis Business and Professional Women's Club.

The morning part of the program was in the form of a general assembly. In the afternoon, the attending colleges carried on discussion groups for the students.

The colleges attending were: Cameron, Lawton; Central State, Edmond; East Central, Ada; Eastern A&M, Wilburton; Murray State, Tishomingo; Oklahoma Baptist University, Shawnee; Oklahoma City University, Oklahoma City; Chickasha; Oklahoma School of Banking, Oklahoma City; Oklahoma State University, Stillwater; Oklahoma Technical and Mechanical, Okmulgee; Southeastern State, Durant; University of Oklahoma, Norman; and the U. S. Armed Forces.

There were about 300 students present. Many students appeared interested in Murray, and several signed up on the spot.

### Getting Better

Bill Graves, freshman from Perkins, is recovering in a Stillwater hospital after undergoing surgery recently.

### NOTICE

Watch the next edition of the Aggieelite for a special feature on every Murray student's "favorite" history teacher.

## Senate Officer Filing Deadline Is April 21

Fred Williams, student senate president, has announced that the election of next year's student senate executive officers will be held on Thursday, April 25. The election will be conducted in the student union from 8:00 a.m. until 4:00 p.m. The senate members will be in charge of the election.

## Building Program Brings 'Crashes' To Many Classes

The building program is progressing steadily and nary a one has fallen down yet. A person can see the buildings adjoining the library going up brick by brick. The project south of the administration building is to be a double-decker and is really eating up all the red-mix the three trucks haul in. They are laying the second floor and hauling the cement up by what might be called a "midget roller coaster with the seat removed." It goes up slow and jerky and then comes down very rapidly, and is stopped by a cableman just like its ancestors are. Actually, it runs up and down on tracks and is pulled up by a small air-cooled engine and cable.

Various rooms in the administration building are being remodeled. All classes of Lloyd Goss and all air science classes are meeting in different rooms, as well as some classes taught by Gerald Alloway, Clyde Hall, and John Ringwald. If you show up in your regular classroom and no one is there, it isn't a holiday; don't wait 10 minutes and leave with a smirk on your face. You are in the wrong classroom and you've just tracked up the newly painted floor.

Mr. A. W. Beames seems to be having trouble lecturing his classes. He'll be right in the middle of a very important sentence and crash! a board is dropped directly above. By the time the students have crawled from under the desks, and Mr. Beames has regained his chain of thought and is at about the same place in the sentence, he had started, Bang! another board has fallen.

If you happen to see "Sissy" wandering around lost, kindly direct her to the ROTC library. This is where Mrs. Peters' and Dr. McKee's offices are located. They also had to "move out" when the construction work began on their office.

If you are one of the poor souls who are missing so much sleep that you used to get while in class, cheer up! maybe you'll learn something before the end of the semester. Even if you don't, all isn't lost. You'll probably develop a good set of nerves—D.H.

### Picnic Planned

An all-school picnic is scheduled at Round Robin Ranch for April 29. The student senate is sponsoring this event.

### Become Parents

Congratulations from the Aggieelite staff are due to Mr. and Mrs. Don Reid, who recently became parents of a bouncing baby girl.

In order to be a qualified candidate for president a student must have completed at least sixteen semester hours with an average of at least "C" and at the time of the election be enrolled in at least sixteen hours with a current average of at least C. No person shall be qualified for vice-president, or secretary-treasurer of the student senate unless he or she completed sixteen semester hours with an average of at least "C" at the time of the election.

Nominations for the offices of president, vice-president, and secretary-treasurer shall be by petition signed by at least twenty members of the student body. Petitions for nomination shall be filed with the Dean of Students not later than four school days before the election. No person shall sign more than one petition for any one office.

If no candidate for these offices receives a majority of all the votes cast for that office, a second election between the two highest candidates shall be held within three school days after the first election. Any candidate for office who uses campaign literature printed by a commercial printing concern will be declared ineligible. No electioneering shall be permitted within the limits established around the polls by the student senate.

Each candidate will be given five minutes to let the student body know about his or her policy. The speaking will be Wednesday at 7:30 p.m. in front of the administration building. In case of bad weather the speaking will be in the college auditorium.

## 'Torture Chamber' Is Setting For Follies Practice

"No! No! NO! !!" "That's not right. Let's try it just one more time."

"But, Mr. Reid, the valves on this horn are not sticking, it's just that my broken finger is hurting again."

It may sound like a dungeon torture chamber, but actually it is just a sample of the remarks that may be heard coming from the music students as they enter the final week of rehearsals for the Murray Follies, scheduled for April 23.

The Follies, which is a "first" for Murray College, will be the production of approximately seventy-five students. It is under the direction of Mr. Jack Reid, Mrs. Margaret Lokey, Mr. John Fletcher, and Mr. George Calvert.

The program will be divided into four different areas, each featuring a different type of music. A varied program of band, piano, vocal, and dramatic selections will be combined to constitute the Follies.

The student body is urged to attend. The date again is April 23; the place, the College Auditorium; and the time, 8:00 p.m.

### IS SMALL HIGH SCHOOL BEST?

Johnny and Jim are sophomores in high school. Both boys have similar backgrounds in regard to parents, home life, intelligence quotient as well as ability in athletics. But

Johnny goes to a large school in a large city. He has always liked football and has looked forward to going out this year. With over 200 boys in his class he won't even get to practice—not to mention the suit. He probably won't make any effort to improve himself. Johnny knows better than to go out for basketball for he will hear "too many boys out this year, Johnny".

In classes Johnny is lucky. He does get to go and has several electives. He had some trouble with algebra this fall and he tried very hard to understand it but his teacher could not find time to help him. So the teacher and part of the class went on and left Johnny confused and frustrated. "Remember Johnny, you're only average," he keeps thinking.

Now Jim is only average too, but he goes to a small school in a small community. Jim didn't make the football team this year but he has certainly improved and is looking forward to basketball. This fall Jim wasn't passing any of his history tests, but his teacher began spending a few minutes of each class period asking pop questions directed to Jim, and he became interested in the course. He is doing fine now. His parents say the school seems to be rounding out his personality and that he definitely feels he is a part of the school.

Johnny feels lost in the crowd. He didn't get to try and won't try again. It's no fun feeling rejected and soon the word "average" becomes a dirty one to John. He doesn't care about algebra and if he did it wouldn't matter for he is so far behind. His parents have noticed how he has become quieter and more unsure of himself this year.—D.H.

### IS THERE "NOTHING" TO DO?

"Why don't they ever give us something to do here?" "Oh, how I wish I had something to do." These are just a few of the familiar remarks one hears from various students daily at Murray. The problem lies within the students and not the college.

Upon close examination, it has been discovered that we have twelve organizations in which one is free to participate. There are clubs for those students interested in engineering, music, agriculture and rodeo activities. For those interested in newspaper work and yearbook production, we find the *Aggielite* and the *Tribesman* offering a chance for future cultivation of these interests. Added to these, we find the Baptist Student Union, Phi Theta Kappa, and the Letterman's Club.

It is the opinion of many, that Tishomingo does not offer the students any recreational facilities. With warm weather here, we find that Round Robin Ranch and Devil's Den are open, providing us with a skating rink, horseback riding, miniature golf course, and a swimming pool. Closer to us, we find a theater, pool and snooker facilities for the boys, the wild life Refuge, and Pennington Creek, for fishing, swimming, and picnicking.

From the looks of things, one observes several things to do. Upon examination of the school calendar, one will also discover numerous school sponsored activities scheduled throughout the week.

The problem, however, is not the lack of something to do; but the students not participating in these activities. When one begins to think there is nothing to do, remember: Nothing is going come to you, but by getting out and looking for it you will find there is always something to do.—B.H.

## Science News

### LABMOBILE WILL VISIT

A Physiology Labmobile, which, as its name implies, is a lab on wheels, will be on Murray campus May 15, starting at 1 o'clock. The Labmobile, which is from the University of Oklahoma School of Medicine, will give demonstrations using the newest instructions for the study of the circulatory system, blood pressure, the work of the heart, electrocardiography, heart sounds and blood flow.

The demonstrations will be open to everyone.

### CYTOTECHNOLOGISTS' NEEDED

Mrs. Dorothy Phelps, chief cytotechnologist of the University of Oklahoma, will be at Murray May 15 at 6:30 p.m. to discuss the Cytotechnology Training School at O.U. Mrs. Phelps is bringing a recruitment film, "The Human Cell and the Cyto-Technologist." This film explains briefly the career of a cytotechnologist.

The field of cytotechnology is the study of exfoliated individual cells from various parts of the body. The chief purpose is the early detection of cancer.

Qualified cytotechnologists are in great demand throughout the country. They are employed by university medical centers, state, community, and private hospitals, laboratories, and by pathologists practicing exfoliative cytology. The University of Oklahoma School offers a unique opportunity for qualified applicants to enter a new and growing field within the framework of pathology, especially, and the medical profession generally.

Students with two years of college, which includes 12 hours of biological sciences such as zoology and botany, may be accepted. The cytotechnology course comprises a one year program, which is divided into two parts of six months each.

During the first six months the student learns the problems of early detection of cancer. The second six months enables the student to get experience as an intern.

Also the National Institute of Health provides limited number of six months' scholarships paying a stipend of \$225.00 per month for the first six months.

The Science Club invites everyone interested to come to the meeting.

### FILM IS SHOWN

The Science Club held its regular meeting last week and saw a film on the "Story of Fossils." Members who wanted to hand in an outline of the film afterward were credited with a book report.

The Science Club is planning a field trip before the end of the year. —Ernie Sykora, Reporter.

### TRUE OR FALSE

(You decide)

Norby Williamson is sending out invitations for a June wedding to a Murray coed.

W.B.'s summer job is to edit the Chicago Tribune.

Jerry Landrum is really only 5 feet tall, he wears elevator shoes. Freddie Williams is Pope John's third cousin.

Ralph Lacy "licks his plate clean" at every Murray meal. Tom Brandt secretly carried on the European campaign of World War II (in his sandpile in the backyard).

Jack Anderson was the original "Gerber's Baby."

## SPOTLIGHT

Everett Bedford

Deedie Moore

Appearing in the spotlight this week are two students who have a lot in common. Both Everett Bedford and Deedie Moore are sophomores, married, and among the Top Ten students at Murray.

Deedie, who majors in elementary education, plans to transfer to Southeastern after Murray. Everett, who majors in accounting, plans to go either to Southeastern or Oklahoma University.

Deedie's pride and joy are her three children, Mary Ellen, who is nine; Marcia Ann, seven; and Billy, who is four and one-half.

Everett, although he doesn't have any children, is happily married to a girl named Pat. They will have been married three years in May.

After she finished high school, Deedie was out for a few years. She then decided to get a education so she could provide for the three children. She has worked both full-time and part-time for the Tishomingo Abstract Company. She worked as a typist for an Oklahoma barber and beauty company in Oklahoma City, who claim "Good Night" hand cream as their top product. She now sells cosmetics, and works as a baby sitter.

After he finished high school, Everett went for 13 months to a business college in Oklahoma City. He then worked for three years in the accounting department of a chain of 14 food stores in southern Oklahoma.

While in high school, Deedie was a member of the girls' basketball team and newspaper staff. Her

main courses of study were in the business field.

She was a member of F.H.A. and 4-H Club.

Everett was one of the top students in high school as well as in college. He competed in the Durant and Cameron invitational academic contest, and won first in bookkeeping at Durant and second at Cameron. He was on the track team four years, and won the outstanding sportsmanship award.

Deedie lists her favorites as: color, blue; song, "I like all good music." (She says she can name several she doesn't like); favorite singer, Beverly Hitt; pastime, entertaining her three children; pet peeve, unfriendly people.

Everett's favorites are somewhat similar: color, blue; food, steak or hamburger; hobby, fishing; pet peeve, smart alecs. For his favorite song and singer, he just says he likes them all.

Deedie says that after she finishes college, she would like to teach. She prefers to go to New Mexico or Arizona to an Indian reservation, possibly near Gallup.

### To Make Trip

The Aggielite staff is planning an observation trip to the O.U. School of Journalism on April 22. They hope to see the *Oklahoma Daily* go to press.

### To Visit O.S.U.

The Engineers Club is planning to visit Oklahoma State University on April 27.

Of all things you wear, your expression is the most important.

## TAKE THEM TO IT!

Life and Looks both last with Thoughtful Care!  
CLEANING, PRESSING, ALTERATIONS

**Hacker's Cleaners**

Phone 5

## Patton Hall Provides 'Zany' Home For Murray Coeds Away from Home

Patton Hall, to the girls that call it home is a wonder mixture of crazy things all kept very much under control by housemother, Mrs. Virgie Haynes (She is also known as Taxi, Nurse, Grocer, Psychiatrist, Cupid and General Jack of all trades Haynes!)

Wandering through Patton's popcorn scented rooms you may find anything from autographed napkins, to stuffed animals hanging from the ceiling. The atmosphere of the rooms ranges from the intellectually studious one of Mary Lambert's and Linda Landrum's to the volcanic noise of Emma "Elmer" Child's, Shirley "Sam" Sled's and Linda "Jean" Huebsch's.

An average night in Patton would go about like this: Mary Converse and Glenda Gill would be discussing their dates. (We know because we were listening at the door) Louise Wilcox and Jo Ann Moore would be talking about writing, sending or getting letters. Shirley Griffith would be asleep. Bev Hitt and Nancy Lumpkin would be talking up a 50 mile hike or some other project.

Sherry "Quack" Horton would be eating her famous pickle and potatoe chip sandwich and watching "Frank" Haney and Margaret Lekey as they clean their room until it's spotless, study until their

eyes can hardly stay open; and talk only in low whispers so not to disturb anyone. Down next to the lounge you find Linda "Lou" Mitchell ready to lend her window to just ANYONE who wants to take a look on the outside.

These girls never fear for their safety, because any hour of the night they can look out and see "Barney" patrolling the campus with his lights out.

The girls consider themselves a pretty lucky group. A roof over our heads, a student union right down stairs, a gym, football field across the street, and something new always happening!

(Editor's note — Fulton Dormitory will be the next featured dorm in the Aggiefile)

## Lake Murray Park To Host Red Cross Aquatic School

Swimmers, lifesavers, small craft operators, and other individuals interested in qualifying as instructors in water safety, small craft, or first aid are invited to enroll in American National Red Cross Aquatic and Small Craft Schools to be offered this summer in eight midwestern states. One of these eight schools will be located at Lake Murray State Park, Camp No. 2, Ardmore.

The popular 10-day summer training courses have been conducted for more than 40 years at conveniently located camps and recreation areas.

Enrollment is open to both experienced and prospective instructor candidates, 18 years of age or older, through the Red Cross chapters in their communities. Cost of room, meals, and individual supplies are the only expense to the student.

The curriculum of the schools includes swimming and first aid, lifesaving, canoeing, boating, and sailing. In addition, leadership training is provided in how to organize camp, community, and swimming pool aquatic programs. While emphasis is on water safety, first aid instructor courses are also offered electives with no swimming activity required. Elective courses in handicapped swimming are available at three of the schools and competitive swimming at another.

## 1928 'Swastika' Offers Surprises To Librarians

Not long ago, the library received a medium sized brown package, too thin to be books, and too thick to be magazines. It contained two thin volumes engraved "The Swastika, 1928," and "The Swastika, 1930." There was a card attached saying "Gift of Hinkel Book Store, Stillwater, Oklahoma."

So—the librarians curiously opened the first book, with 1928 on the cover. On the title page was written "The Swastika, 1928, Volume III. Published by the Swastika Staff of Murray State School of Agriculture, Tishomingo, Oklahoma."

The next pages reveal a dedication and a picture honoring William H. Murray. There are pictures of two boys' dormitories, both built on the same lines as Bessie Poe Hall. (In fact, one of them is Bessie Poe Hall.) There is also a picture of Betty Fulton Hall, which was then the only dormitory for girls.

Further on, we found arty illustrations with such titles as "The Pigeon Carrier in the Days of the Queen of Sheba."

Among the faculty, there is a picture that looks slightly familiar. It is found to be Clive E. Murray, who was then assistant agricultur-

ist. Among pictures of the students is another familiar face. It is a girl with very black hair which she wears in waves all over her head. Beside it is written "Dorothy Clark, Tishomingo. For the all around, Dorothy is on the Dot." Yes, this is our own Dorothy Clark, who is now chief clerk at Murray.

It was surprising to some of the librarians to find pictures of high school students, too. It seems that Murray was once a high school as well as junior college.

At the beginning of the athletic section, there is a picture and a memorial to a boy whom most of us mention almost daily and don't even realize it. "Haskell Lucas was the star of the Murray aggregation. He was chosen as all state half back. He devoted his time to the sport we all love, and sacrificed his life for the game on Thanksgiving Day, 1927. Hack was the gamest, cleanest sport that ever donned an athletic uniform, and willingly gave his life for the sport."

Near the back of the annual, there are found jokes and bits of wisdom from or about various students. There are also some advertisements from many of the same companies who grace the pages of the modern annuals from "dear ole Murray."

In the 1930 Swastika, along with Clive E. Murray, there is another familiar picture with the caption "Arthur Beames, Coach."

The Murray students of today might find the clothing and hairdos amusing. (This doesn't only apply to girls' hairdos either, the boys are just as unusual and amusing.) These students should remember that, although it is a sad thought, 20 years from now their children will look over the 1963 Tribesman from Murray State, and laugh over it just as we are laughing now.—FAB

It's easier to do a job right than to explain why you didn't. Snap judgment has a way of coming unfastened.

## Bikinis Modern Wrinkle? Romans Thought So, Too

Spring has hit Murray's campus with a parade of new bathing suits heading for the swimming holes. The suits can be seen in just about every color, style and shape. Have you ever considered the history behind this lovely species of art? (The bathing suits, that is.)

Bathing suits have been the cause of many a long sermon and even a large number of short jail sentences. It seems as if the Bikini is not the modern wrinkle that we picture it to be. From wall frescoes in the ruins of Pompeii, it seems to have been very popular among the lovely bathing beauties in the days of the mighty Romans. Any proper, right-thinking Romans must have been shocked, to say the least, for the swimmers did not wear such immodest outfits. As a matter of fact, they wore no swimsuits at all—they practiced the rule of separate bathing. As late as 1800, swimmers were still practicing this rule and men and women faced the waves in their birthday suits.

When people finally recognized the bracing effects of coed swimming, men challenged the surf in dressing gowns—and ladies in flannel cloaks tied at the neck.

By 1850, extreme modesty had put a damper on all this. Men got off relatively lightly, however, in striped woolen trousers that reached to mid-calf and high-necked T-shirts that dropped to the knees.

But the lovelies were screened from collarbone to instep by blouse, skirt, pantaloons and stockings—about 10 yards and 30 wet pounds of modesty. And just in case these overdressed damsels were foolhardy enough to brave the water, their bathing costumes were equipped with rustproof corsets.

Then came the year of the revolution: 1909.

Annette Kellerman, Australian swimming star, appeared on the beaches in a figure-fitting jersey suit with sleeves shortened almost to her shoulders and trousers ending two inches above her knees. "I want to swim," she said. Of course, she was arrested in Boston. But not before she had begun a fashion trend.

The rule of law was applied—literally. Official 1917 beach regulations barred any suit that exposed a male or female chest "lower than a line drawn on the level with the armpits." Bathing skirts and knickers could not rise more than four inches above the knee. In 1920, police patrolled the beach-

es with yardsticks!

Fifty cents says they were not as interested in measuring the male population as the female.

When a one-piece job resembling a dancer's leotard arrived from France, a near-riot was caused when it was viewed by a gaping crowd in a New York department store window. This suit was soon followed by the two-piece suit, nothing more—and often considerably less—than the mailot chopped in half. Detachable-top suits for men allowed them to bare their manly chests if they so desired—and many of them did. Pastors inveighed against the sinful new fashions. Some of our best-formed citizens landed in jail.

So on down through history the bathing suits struggle for their freedom. Today the two-piece styles have regained favor in recent years after a long period of being out of style, but the itty-bitsy-teenie-weenie Bikini—yellow polka dot or otherwise—flourishes largely (or is this the wrong word) on foreign shores.

Hay! Can anyone answer this question? What happens to the bathing suit when it can't get smaller and isn't likely to become bigger?—WLC

## Monument to 'Sage' Finds Many Ags A Bit Fuzzy on the Finer Details

On the north end of the campus, between the girls' dorms and across from the B.S.U. center, there stands a huge chunk of granite surrounded by four granite benches known to the Murray students as "The Monument." On the side of the monument facing town, there is written a dignified memorial to William Henry Murray, Sage of Tishomingo. This tells of the many positions Mr. Murray held in the state including speaker

of the house, member of Congress, and Governor.

Ask any Murray student what is written on the monument. In most cases you will receive an "I don't know" answer. Ask him what the monument is there for. Chances are, you'll get a kind of sheepish look from him and then a wide grin—but not a word. This will make you wonder just what makes the monument so peculiar that it would warrant a look like that. So—you ask a few more people. Finally a brave (or is it bold?) person will tell you.

As it was mentioned before, the monument is located between the girls' dorms. It was also mentioned that it has benches around it. These are your clues.

On warm nights, it's not unusual to see a couple (or as many as four) seated around the monument. There they discuss the problems of love (or is it just courtship?). There are also some magnolia trees near that cast a comfortable, dark shadow. Why would anyone want a dark shadow? Figure that one out yourself.

That's not the only purpose of the monument, however. It is used in the daytime, too. Some people get much needed exercise by climbing and standing on it. They have even mentioned standing on their heads.

Most Murray students will agree that the monument is a vital part of life on the campus.

## Yearly Birthday Not Enough, So Mrs. Boyd Has Two

Birthdays come but once a year. You are an exception tho, I hear.

You told me March 17 was for you, But what happened to Dec. two?

Since poetry is not my cup of tea, As you most obviously can see, This bread is to wish you many other Very happy something or another.

Most people only have one birthday a year and in some cases after reaching 29, one every two years or so. But this doesn't seem to be true with our own Mrs. Boyd. A very snooty reporter got wind of her having two this year and decided to do a little investigation. This is what was found:

It seems as though at a meeting earlier in the month Mrs. Boyd told Mrs. Alloway, our dearly beloved Mr. Gerald Alloway's spouse that Mrs. Alloway was letting Mrs. Fletcher, another spouse of one of our beloved professors, get ahead of her. Mrs. Fletcher had given Mrs. Boyd a loaf of homemade bread just before Christmas. Mrs. Alloway, not to be out done by any one, made the promise to make Mrs. Boyd a loaf for her birthday. Well, it seems that Mrs. Boyd's birthday was just around the corner. As a matter of fact, March 17 to be exact.

Later on in the week Mr. Alloway mentioned Mrs. Boyd's coming birthday to Mrs. Mahoney who let the cat out of the bag by remembering that Mrs. Boyd had a birthday in December.

Mrs. Alloway, after finding out she was tricked again, set out to let Mrs. Boyd know. She enclosed the above poem in a beautifully gift-wrapped loaf of bread.

Mrs. Boyd informed the snooty reporter that she did not appreciate Mrs. Mahoney giving her away. Even though Mrs. Alloway has offered to give Mrs. Boyd the recipe, Mrs. Boyd seems to prefer getting her bread already made.

It also seems that not only Mrs. Alloway and Mrs. Fletcher are making bread, but also Mrs. Cleveland, the wife of our only beloved, Dean Cleveland, has got into the act.

We have a question. Is this home-made bread really as good as it seems? It is worth having two birthdays a year? This reporter really wants to know and is willing to sample any that is made in the future.

## Officer 'Hopeful' Are Interviewed

Captain Ralph P. Holt, Marine Corps Selection Officer of the Oklahoma area, visited the campus of Murray State recently for the purpose of interviewing students interested in becoming commissioned officers.

The Marine Corps offers draft deferment to students while in college and commissions to male students who can qualify for its Platoon Leaders Class. After completion of the required training and graduation from college, candidates will be commissioned Second Lieutenants.

Qualified seniors and graduates may apply for enrollment in the Officer Candidate Course or Aviation Officer Candidate Course.

## County Committee Sets Plans For National Library Week Observance

### Torture Tests Held Every Nine Weeks Plague Collegians

The last few days of the 9 weeks came and went and if anything will sober a person it's a few of those tests our professors dream up. American colleges are the only places where torture practices go into effect regularly at 9 week intervals. Actually the tests aren't that bad if you read a little and do a little every day, but if you let things slide they can really pile up as the 9 weeks roll around—and they do.

As a person walks out of the test rooms he finds a completely different world, void of artificial light, foul smelling air, and confined conditions that tend to make a person think of the lesser things of life. Perspective becomes small and troubles seem to enlarge and dull one's thinking. The different world is one of spring. The sun shines brightly enough to tan a person now, and the grass is turning ping pong table green except near the building projects, which are stained with mud, gravel and sand, and adorned with various materials. Thoughts now quickly turn from tests to the weather, then to life in general, and finally to thoughts of things to do. You can go fishin', or take a few whacks at a tennis ball, walk around (with no intention of going anywhere), or daydream. Really, on a day of spring your only limitation is your imagination.

In a few steps from the test rooms and a few moments, your thoughts, ideas and general disposition have changed. And don't let anybody tell you that spring starts on a certain day in a certain month, when everything of nature says, "This cannot be, it is spring today" . . . it is!—D.H.

## Three Are Guests At Bob Hope Show

Dr. Freeman McKee, president of Murray College and Mrs. McKee and Major and Mrs. Billy Carter, Air Science Instructor, were guests of the OSU Arnold Air Society and the Angel Flight at their "Bob Hope Show" in the Field House at OSU on April 2.

### Present Program

The Music Department, under the direction of Mrs. Margaret Lokey, presented a program for the Tishomingo High School P.T.A., April 9. Featured on the program was the "Swinging Sixteen", Girl's Glee Club and James Wheeler. Robert Ward was the master of ceremonies.

Behind every argument is someone's ignorance.

April 21-27 will be observed throughout the nation as Library Week. The theme of all activities will be "For a better read, better informed America." This year's slogan is "The Fifth Freedom—Enjoy It!"

The Multi-County Library committee of Johnston county met recently to make plans for Johnston county's part in observing National Library Week.

Ways and means of increasing interest in books and reading were discussed. Business firms will be asked to give window space for display of books, posters and reading suggestions. Murray College students will arrange two displays in Tishomingo stores.

### Poster Contest

Three prizes will be given in a poster contest. The contest will be divided as follows: Grades 3-6 inclusive, grades 7-9 inclusive; grades 10-12 inclusive.

The posters must emphasize books and reading. The entrants name, grade and school must be in the upper right corner of the poster. The posters must be brought to the Cobb Drug Store not later than April 19.

It is hoped that every school in the county will begin now to establish a record in reading and will encourage reading by use of program, posters and bulletin board display and by encouraging pupils to meet the bookmobile which brings books to each school district each week.

MEMBERS OF THE "O" CLUB gave new initiates a rough time during initiation ceremonies last week. Each day the pledges had to undergo some new form of "torture," in the form of dog piling, wearing lurid feminine costumes, or bermuda shorts, etc. Here is a group of old members making the new ones go through a hectic noon hour. Old members pictured are Bill Archer, Arthur Guess, Bennie Cash, and Edward Chatham. New members in the "dog pile" from top to bottom are Clyde Wooldridge, Dale Runyan, Carl James, and Geary Wallace.

## Bussy 'Bug' Boys Bugged By Bug Bagging Business

"I'll trade you a Lepidoptera for Polystoechotidae."  
"No, I've got three Lepidoptera already. I need hymenoptera, cimicidae, and heteroneuridae."

These are the "buggy" conversations that take place between some of the boys in Mr. Park's entomology class, who are seen lately flitting around the campus with nets. If you happen to overhear one of these conversations, don't rush to wash out your ears or to telephone a psychiatrist. These boys know what they are talking about (or at least they are supposed to). For you uninformed people, however, they are talking about insects.

It seems that each member of the class is supposed to have a collection of at least 100 of these insects that are classified. At first it was easy because everyone knows we have plenty of insects around this part of the world, but it seems that a great many of them are alike. The boys are now having trouble getting different insects.

The girls are even getting in on this. (Of course, if there are boys involved, you can count on a girl wanting to help.) One of the girls (during a rather bored afternoon) caught a monarch butterfly and presented it to the boys in Haskell.

## Aggies Split Double Header With Gregory

The Murray Aggies split a double header, Thursday, April 5 with St. Gregory's of Shawnee. The Aggies won the first game 5-4 but lost the second 3-1.

In the first game the winning pitcher was Glen Dilbeck. Sulphur. He was also the hitting star of the game. With the score 2-2 going into the bottom of the third inning, Dilbeck hit a single and drove in two runs which made the score 4-2. In the fourth inning St. Gregory tied the score at 4-4. Then in the bottom of the seventh inning, with the bases loaded the St. Gregory pitcher walked an Aggie. This accounted for the winning score.

The second game went scoreless until the fifth inning, when St. Gregory put together one hit and two errors to score the first run of the game. In the bottom of the fifth, the Aggies tied the score when left fielder, Jonas Watson, hit a single. In the bottom of the sixth inning St. Gregory put together two singles and an error to score two runs, which made the score 3-1. The Aggies had two men on base in the bottom of the seventh inning, but were unable to score. The Aggies have won one game and lost three.

## Tomatoes, Beans Aching Backs Wait for Faculty

Now that spring has arrived, many people will be planting gardens. Murray is not a nonconformist, so it, too, will plant a garden. Of course, not everyone at Murray will work on the garden. The Horticulture 103 class will plant it as a part of their laboratory work. This class is not much different from any other class, they don't like work. Because of this fact, they are planting the garden in rows of sufficient width for partial power cultivation.

A garden will need a lot of hand labor to produce well. The class will take care of this during the school term, but when late May arrives, the problem starts. Mr. John Ringwald proposes to let the faculty members who are interested in having garden produce enter the project. It will be handled on a Plymouth plan: **Those who work can eat.**

This is not the only requirement, however. These people also have to pay hard cash for the seed costs. The garden plot produces well, and in a normal year one can expect good returns.

Mr. Ringwald says that the garden will be planted with the understanding that if the group fails to maintain the plot, he will have no compunction about plowing it under to eliminate a weed patch.

A lot of the students might like to come back this summer to see the tables turned and the faculty doing the work for a change.—P.A.B.

### Movie Show

The movie shown for the month of April was "A Time to Love and A Time To Die" starring John Gavin. The film was presented in the auditorium April 9.

SULPHUR SLUGGER MIKE WRIGHT slams a double in the recent game with St. Gregory. The Aggies won the first game but lost the second one. Wright is one of the top hitters for the Aggies and has accounted for a great number of runs in the past games.

## Puffs Romp Past Fulton To Win Intramural Tournament

Behind the sharp shooting of Kenneth Redden the Powder Puffs were able to capture the intramural basketball tournament held recently in the college fieldhouse. Redden sank 27 in the final game as the Puffs romped past Fulton Hall, 84-38.

### Aggielite Selects Cager All-Stars

The Aggieelite staff has selected an intramural all star basketball team. The players were selected on their recent performance in the intramural basketball tournament.

Kenneth Redden, the dandy little forward for the Powder Puffs, has been named the most valuable player. Kenneth turned in three very fine performances as he hit 27 in the final game as the Puffs romped past Fulton Hall. He hit 30 points in the opening game of the tourney.

The Puffs landed three players on the top five. The players are Bernie Conway, forward; Kenneth Redden, forward and David Orr, guard. Jim Mihura, the top scorer and rebounder for the faculty and Louis Tolliver, the speedster for the Pearl Divers, round out the top five.

The second team is Larry Heard, center, from Aggie Club; Jerry Hauser, guard, Fulton Hall; J. T. Cotter, guard, Fulton Hall; Larry Cox, forward, Rambling Wrecks and Robert Ward, forward, Faculty.

### Murphy Is Top Net Star in Tourney

Thursday, March 28 ended the single match in the intramural tennis tournament with Bill Murphy taking first place by winning over Robert Ward in the championship match by a score of 3-2, and 3-1.

Murphy and Ward had each overcome three opponents to reach the final match.

Monday, April 8, ended the double match, and all of the games in intramural tennis. Thomas Brandt and Billy Murphy won the championship over Everett Cranford and Mike McCauley by a score of 2-1.

The intramural tennis program attracted a great number of individuals this year and with the improvement in intramural sports, there should be a great number of students entered next year.

Wealth is not only what you have but it is also what you are.

## SOLUTION TO SUMMER JOBS IS OFFERED

A special program to assist students to find summer employment has been launched by the Institute of International Education. The Institute has established a Cooperative Service on Summer Employment and Practical Training for students as an administrative unit to encourage, assist and coordinate the efforts of community organizations to find summer jobs for students.

The Department of State's Bureau of Educational and Cultural Affairs has made a grant of \$108,000 to provide employment and practical training opportunities for these students this summer.

Student employment programs are already operating in several metropolitan areas, and the IIE Cooperative Service will encourage similar programs in other communities throughout the country. Students are being urged to seek summer employment through local offices of the various state employment services near their own schools and to avoid travel to major cities where there will be job shortages. Additional information is posted on the bulletin board in the college library.

## ROTC Diary

### LEADERSHIP SCHOOL

Sixty-two freshmen are taking leadership school this semester to become AFROTC officers for the coming year. To become an AFROTC officer in the Cadet Corps, freshman students are required to take leadership school in order to become eligible for an officer's position. The leadership school started on April 2 and it will end April 23.

The Cadet officers in charge of the leadership school are: Cadet Colonel Bernie Conway, Cadet Major Thomas Brandt, Cadet Major Thomas Luckinbill, and Cadet Major John Burton, all of Ardmore; Cadet Major Fred Williams, Allen; Cadet Major Larry Mayton, Wilson; Cadet Captain Jerry Marsh, Soper; Cadet Captain James Henderson, Wilson and Cadet Major Louis Carter, Wynne-wood.

The Shadow officers drill will be on April 29, and May 3. The freshmen taking leadership school will be in charge of the 20th cadet group.

### TOP TWO CADETS

Two AFROTC Cadets were present silver ribbons for being the two most outstanding cadets of the month. They were Cadet Michael Lawson, Tuttle, and Cadet Sergeant Mickey Davenport, Okmulgee. The ribbons were presented during drill ceremonies April 8.

Two outstanding cadets are chosen each month from the 20th Cadet Group. They must be all-around in their squadron and class room to be eligible to be selected.

Major Billy Carter and Captain Robert Elkins select the two cadets each month on the basis of their grades in the class room and their improvement in drill performance during that month.

### PASS-IN-REVIEW

On April 22 the 20th ROTC Cadet Group will perform their Pass in Review on the football field, in honor of President Freeman McKee.

## McKee, Murray Attend Madill Career Program

Dr. Freeman McKee, Murray State President, keyed the Madill High School Career Conference Day program on April 26.

More than 300 senior students from Madill, Kingston, Ravia and Mannsville attended the program at the fifth annual conference. Ravia and Mannsville students participated this year for the first time.

## J. CLASS TOURS MODERN PLANT AT OKLAHOMA U.

The Journalism class and their sponsor, Mrs. Murrelle Mahoney, visited the Oklahoma University School of Journalism Monday, April 22 at Norman.

Dr. Joe Holland, director of the Journalism school, conducted the students on a tour of the building, which is one of the most modern and well known in the Southwest. The students then watched and questioned members of the staff of the Oklahoma Daily, the university's paper, as it was prepared for press.

Murray students making the trip were Patsy Belcher, Arthur Guess, Richard Melot, W. B. Daugherty, Margaret Ann Lokey and Wanda Clark.

## Engineers Visit O.S.U. on April 26

On Friday afternoon, April 26, the Engineers club took a trip to O.S.U. Those attending were: Mr. George Calvert, sponsor; Bernie Conway, Gene Autry; Norby Williamson, Lindsay; Carrol Tigert, Durant; Bill Murphy, Broken Bow; Jesse Reid, Ardmore; and Alfred Nelson from Coleman. Friday night and early Saturday morning was spent at 51 Motel.

Saturday morning at 9:00 they went on a four-hour tour of the Engineering Department. They were guided through each section by its individual instructor.

On the way back they stopped at Oklahoma City's Spring Lake Park. It was college day and they could tour or ride anything for entertainment all evening for \$1.50 per person.

## Hay Loft Is Scene Of Aggieelite Hop

The Aggieelite staff sponsored a Saturday night dance April 27 to cap off three rainy rodeo nights. The dance was held in the hay loft of the dairy barn and everyone was invited, admission free.

Rodeo participants, fans, Murrayites, and a lot of other people began to file into the barn at 10 o'clock, with the punch and music and cookies flowing freely until about 12:30. Actually the flow of cookies came to an abrupt halt shortly after 11 o'clock and what happened at the dance after that is only heresy to this reporter.

Dean Raymond Cleveland and Mrs. Murrelle Mahoney, sponsors, looked on at the twisting and untwisting of the dancing, and the dean tried it once. Mrs. Mahoney, dressed in overalls and straw hat and often mistaken for a frivolous farm girl in her teens, was asked to dance but refused, saying "I am too young to vote."

## 12 New Members Are Initiated Into Phi Theta Kappa

Phi Theta Kappa, honorary scholarship society, initiated twelve new members into the Murray chapter on Thursday, April 17.

On the program was a solo by Beverly Hitt, Ardmore. Richard Craven, Tishomingo, gave the history of Phi Theta Kappa; and the initiation ceremony was conducted by Wadell Altom, Ada; Bernie Conway, Gene Autry; and Meredith Martin, Ardmore.

New members initiated into the chapter were: Gary Barnett, Ardmore; Patsy Belcher, Wapanucka; Glenda Belcher, Wapanucka; Wanda Clark, Idabel; Wendy Hambrick, Ardmore; Larry Heard, Roff; Stanley Burnum, Ardmore; Beverly Hitt, Ardmore; Kenny Jensen, Ardmore; Ernest Sykora, Greenville; Fred Williams, Tupelo; and Nancy Lumpkin, Ardmore.

Dr. Murray then presented the members with their membership cards and spoke briefly on the qualifications. He stated that the qualifying student must be in the top ten per cent of his class academically, must be recommended by all of his instructors, and must be a person of character and integrity.

## Emma Childs Wins Queen Race at Murray's Rodeo

The April Murray rodeo was a success in spite of the rain and mud that plagued contestants and spectators. Here are the winners on the average of each event as follows:

Queen Emma Childs

In bareback bronc riding Ken Norvell, Dallas, Texas, placed first, and Kenny Richardson, a student at Murray, placed fourth.

In calf roping Steve Slack, Idabel, placed first, and Joe Lowrance, a Murray student from Sulphur, placed third. In the first performance, Randy Rice, a Murray student from Wynnewood, placed third.

In the girl's barrel racing, Linda Lowrance, Sulphur, placed first.

In double mugging Steve Slack, Idabel, placed first. Randy Rice, Wynnewood, placed second in the first performance, and Joe Lowrance, Sulphur, placed third in the second performance.

In bull riding Jim Groves, Durant, placed first.

There were 72 entries in all and Ronnie Bowman, Durant was the all-around cowboy.

Emma Childs, a student at Murray from Roff, was chosen for Rodeo Queen during the Saturday night performance. Miss Childs sold the greatest number of tickets to the rodeo and therefore she was crowned Queen by Phillip Nation, president of the rodeo club. She was awarded a \$250 saddle and a beautiful bouquet of flowers.

## Sophomore Girls Are Honored at Tea at McKees'

The Sophomore girls of Murray College were guests of the Tishomingo Daughters Study club Tuesday afternoon, April 30 at a musical program and tea.

The tea is an annual event sponsored by the club. Honored guests were members of the graduating classes at Tishomingo high school and Murray College.

The musical program, given in the auditorium, included solo selections by Tommy Allen, Beverly Hitt and James Wheeler. The climax of the program was the Warsaw Concerto for two pianos, with Meredith Martin at the first piano, accompanied by Mrs. Margaret Lokey.

Following the program the guests were entertained at a tea given in the home of Mrs. Freeman McKee.

Congratulations are in order for the student senate for its sponsorship of the annual all-school picnic. As usual, the students enjoyed a "free" afternoon of nothing but "pure" enjoyment.

## NEWS BULLETINS

The Murray College Dairy Judging Team attended a dairy judging event at Oklahoma State University on April 27. The boys representing Murray were Nolan Arthur, Denton Blevis, Jerry Holman, Ray Holmes and Tommy Linam. Dr. Jerry Martin, animal husbandry and dairy instructor, accompanied the boys.

Lieutenant Governor Leo Winters has been selected to address the graduating students on May 23 in Beames Hall.

All sophomores who are planning to transfer to East Central or Southeastern and wish to apply for a scholarship should contact Dean Cleveland immediately.

## Faculty to Get Silver Service

John Fletcher, president of the Faculty Organization, announced that a silver service set will be presented to the administration and student body at the next faculty dinner.

The set—consisting of two large trays, coffee and tea pots, and sugar, cream and waste containers—will first be used at the reception held for the sophomores and their parents after the graduation exercises.

The Faculty Dinner is to be held at 7:00 p.m. on May 11 at the Grill in Madill. Fred Williams, student senate president, and Lewis Parkhill, student senate president-elect, are the guests of Mr. Fletcher. Mr. Ross Lipe is to be one of the special guests, also, and will receive a farewell gift from the faculty.

The dinner will be the last meeting of the faculty for the 1962-63 school year.

## Aggies Begin to Pre-Enroll at O.S.U.

The Agriculture Department have several students that are pre-enrolling at O.S.U. for the fall semester. Tom Berninger, Davis, Eddie Hallum, Seminole, Richard Melot, Wanette were enrolled in Agriculture Education.

Several Murray Students are planning to tour the campus and enroll at a later date.

A twenty dollar advance enrollment deposit is charged and all students must have their transcripts sent to the registrar's office.

NEWLY ELECTED officers of the Student Senate confer on plans for next year. The trio elected by popular vote of the student body is, from left to right, Larry Heard, Roff, vice president; Wanda Clark, Idabel, secretary; and Lewis Parkhill, Mannsville, president.

## Parkhill, Heard, Clark Are New Student Senate Officers

Lewis Ray Parkhill, freshman speech major from Mannsville, was recently elected president of the Murray State Senate. Parkhill defeated Nolan Arthur, freshman from Perkins. The final tabulations showed 78 votes for Parkhill and 66 for Arthur. Arthur was the Aggie Club nominee.

Larry Heard, Roff, and Wanda Clark, Idabel were unopposed for the positions of vice-president and secretary-treasurer. Mary Converse was disqualified for secretary-treasurer because she didn't meet the requirement of having completed sixteen semester hours.

The race was one of the closest that has been held on the campus the past few years. The new officers will assume their duties at the beginning of the fall semester. Retiring officers are president Fred Williams, vice president Bernie Conway and secretary, Linda Thomas.

In an interview, the newly elected president had these words to say, "My deepest appreciation to all my supporters and with your continued support we will do our best to make Murray the best junior college in the state."

## WANT TO BE A SUCCESS?

After the school year draws to a close, there are many of us who will never return to complete our education. As we stand on the threshold of opportunity and responsibility, we all have a choice of whether we will be successes or failures. It is everyone's desire to be a success in his own respective field, but the questions "Am I going to be a success?" and "How can I be a success?" are not easy to answer.

To determine whether or not one is a success, we first need to have a common definition of the word fixed in our minds. According to H. G. Wells, an American historian and philosopher:

"Wealth, notoriety, place, and power are no measure of success whatever. The only true measure of success is the ratio between what we might have been on the one hand, and the thing we made of ourselves on the other."

Each of us has been endowed with an equal amount of talent, ambition, and personality. It is up to the individual to take these endowments and cultivate them into whatever he desires to make of his life. Whether or not an individual is a success is entirely up to him.

In the rapidly changing world of today, we often wonder if what was termed success 50 or 100 years ago would be called a success today. The basic guideposts of success never change. Let us make a closer examination of these three guideposts.

First of all **KNOW SOMETHING**. To get anywhere in life, we need to know what we expect out of life. Lack of a definite goal is the stumbling block of 98 out of every 100 people.

Second **BE SOMETHING**. Unless we are willing to stand up for our beliefs, we will be failures. Lack of character, ambition, courage, and self-guidance are other main stumbling blocks of potential leaders.

Finally, we must **DO SOMETHING**. Opportunities may not always be waiting for us, but the person who looks for a chance can always find it. The road to success is not an easy one and can be achieved only by years of hard work and self-denial. If we only have faith and are willing to work, our opportunities to a rich and successful life will prove unlimited.

"Am I going to be a success?" is for each of us to answer. What we are today is God's gift to us, and what we make of these gifts is our gift to God.—B.D.H.

## SHOULD KERR REPLACE SEQUOYAH?

Why should a person be forgotten when he has achieved great accomplishments during his lifetime? Recently, this very thing happened to one of our great leaders of Oklahoma, Sequoyah. His monument in Washington, D. C. has been replaced with one honoring the late Robert S. Kerr. True, Kerr was a great leader and accomplisher for his people, but Sequoyah was also a great leader for his people. In fact, he may have accomplished more than Kerr because his was an original, intellectual feat which has been considered as among the world's greatest single achievements.

Sequoyah witnessed the horrible "trail of tears" and also saw his people suffer from various other mistreatments and abuses. His alphabet did a great deal to unify his broken people by making them literate.

Sequoyah's monument has been moved to Anadarko, the Indian Capital of the United States. Chances are that more of his fellow Indians will get an opportunity to see this great monument. But few of the visiting dignitaries from other countries who usually see these statues of distinguished and honored citizens while in Washington will have a chance to come to Anadarko to see Sequoyah's monument.

Since both of these gentlemen were great leaders of our state and country, why couldn't a monument for both of them be placed in Washington?—WBD

## MURRAY COEDS CONFUSE BOYS WITH 'SACKS'

What has been happening to the feminine members of Murray State?

It's bad enough that there aren't enough girls to go around. But now they seem to believe, if they must stay up late on a date, they can sleep late and wear their P.J.'s and robes, or even a gunny sack to class. (They called it Sadie Hawkins week.)

And as if that wasn't enough, they decided to sell themselves as slaves for a day, to some unfortunate male. Upon delivery of his purchase he is informed she can't sew, iron, on type, and her mother refuses to let her go out after 6:00 p.m. The poor dumbfounded boy has but one alternative, and that is to sell her to her boy friend at a profit. (Maybe).—NMW

## ROTC Diary

**Capt. Elkins to Get New Post**  
Captain Robert Elkins, Air Science Instructor, will be leaving Murray at the end of this semester for a new post assignment. He has been at Murray for three years and will be automatically transferred. Captain Elkins's new post has not been announced.

Captain Charles Stockley will arrive June 15 to replace Captain Elkins. Captain Stockley is coming from Frankfurt, Germany. His home town is Bonham, Texas and he is a graduate from AFROTC at East Texas Teachers College. He has been commissioned since June, 1951 and he has a masters degree in education.

Mr. and Mrs. Shockley and their three daughters, ages 15, 9 and 6, will move into Captain Elkins's home in Tishomingo when they arrive.

**Cadets To Be Named for AFROTC**  
Major Billy Carter and Captain Robert Elkins, Air Science Instructors, held a committee meeting April 25. They had a guest at the meeting who was Lt. Col. Paul Swanson, Director of Operations, AFROTC Oklahoma State University.

The meeting was held to make final selections of Murray Cadets to enter advanced AFROTC in 1963 colleges in the United States.

There were twenty-seven Murray sophomore cadets present at the board.

**Units March in Ardmore**  
On April 24 the AFROTC Band, Drill Team, and Angel Flight marched in the rodeo parade at Ardmore.

The members of the three different AFROTC groups were dismissed from class at 2:00 p.m., so that they could have plenty of time to get ready and drive to Ardmore for the parade.

Major Carter and Captain Elkins were in charge of the groups who attended the parade.

## Science Club Views Communication Films

The Science Club held its regular meeting on April 24. Two representatives from the Southwestern Bell Telephone Company were guests. They showed two films. "The Big Bounce" explained plans for use of the satellite, "Echo" for communication. The other film was "A Voice for Mercury", and it explained briefly the problems associated with communicating with a man in space. Ernie Sykora—reporter.

## SPOTLIGHT

Beverly Hitt

Number one in the spotlight this week is Beverly Hitt from Ardmore. Beverly, a freshman majoring in English and journalism, is well-known to Murrayites for her tremendous singing voice. She is well-known to Ardmoreites for her participation in the "Miss Ardmore" Pageant.

While in high school, Beverly was active in Future Teachers of America, newspaper staff and yearbook, chorus, and girls' ensemble. She also directed two choirs.

Here at Murray, Beverly is very active in the Music Club. She is a member of the Girls' Glee Club, Swinging Sixteen, Girls' Trio, and is a frequent soloist. She is copy editor of the Aggielite, a member of the Angel Flight, and Phi Theta Kappa. She was on the "Sadie Hawkins Week" committee, and played an important part in the Murray Follies.

Beverly lists her favorites as: food, shrimp; color, blue, song, "Young Lovers"; singer, Paul and Paula; pet peeve, conceited people; pastime, Don; and hobby, music.

Lewis Parkhill

Second in the spotlight is Lewis Parkhill from Mannsville. Lewis, a freshman speech major, became well-known recently when he was elected Student Senate President for the 1962-63 school year.

Here at Murray, Lewis is very active. He was co-editor of the annual staff this semester. He is a member of the drama club, and was a member of the science club during the first semester. He is a member of Murray's baseball team, and is Freshman class president.

During high school, he had the distinction of being a class officer for several years. He held the position of both president and vice-president. He participated in the junior and senior plays, played baseball, and was active in the 4-H club. He won state at the 4-H club speaking contest in 1962.

Lewis lists his favorites as: Food, pork chops; color, green; hobby, public speaking; pet peeve, unfriendly people; pastime, baseball and swimming; song, "The Theme from A Summer Place"; and he doesn't have any favorite singer in particular.

## 'Ex-Aggie' Visits On Way to Greece

A former student, Dan Rowe, visited the campus recently. Sergeant Rowe attended Murray in 1955, entered the United States Air Force in October, 1956 and has traveled extensively since. He has had duty in Korea and Japan, and is presently on his way to Greece.

This will be the first opportunity of Sgt. Rowe to tour Europe and he is greatly looking forward to it. Sgt. Rowe has been in the Air Force for several years and plans to make it a career. He has recently been stationed at Scott Field, Ill., and will spend the next four months at his new assignment.

He is married to the former Kay Arthur of Dickson and has two small boys.

## 'Juveniles' Band Plays for Prom

The Annual Freshman Prom was held May 3, in the Student Center. The event began at 9 p.m. and lasted until 12 midnight. Music was furnished by the Juveniles, a dance band from Norman. Punch was served by various members of the faculty dance.

The student center was decorated in lilac and green to follow the theme of lilacs and springtime. Mr. Ed Horton was sponsor of the prom. The prom committee included Wanda Clark, Idabel; Patsy Belcher, Wapanucka; Bill Duff, Madill; Phillip Muller, Wilson; and Mike McCauley, from New York.

# The Year at Murray in Review

## 1963 Has Been a Year of Beginnings

New Beginnings —

Additions to the library-science buildings are to house a new physics laboratory and several new agricultural classrooms. The building is to be completed

in early September and is to be supplied with the latest in agricultural and scientific laboratory equipment.

Top Academic Achievement —

Murray recognizes its "top ten" academic students in a special assembly. The students are presented with plaques that have their names engraved in gold on them. Here is Murray's "top ten" for the first semester of 1962-63. Pictured from left to right are Fred Williams, Tupelo; Glenda Belcher, Wapanucka; Gary Bob Barnett, Ardmore; Billy Murphy, Broken Bow; Everett Bedford, Ardmore; Wanda Clark, Idabel; Wendy Heffington, Connerville; Meredith Martin, Ardmore; Wadell Altom, Ada. (Not pictured is Deedie Moore, Milburn.)

Personal Attention —

Every Murray student is under the direct supervision of a faculty advisor, during enrollment. Murray is known throughout southeastern Oklahoma for the individual attention given to each student by his instructor. Students may pre-enroll any time during summer vacation or may seek additional information by writing the dean of students.

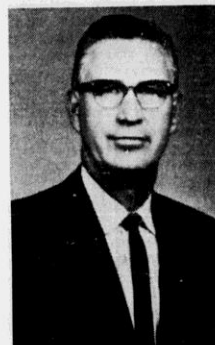

★—A Year of **FIRSTS**

★★—A year of **ACHIEVEMENTS**

★★★—Leading to **FUTURE GROWTH!**

Murray's campus will be a pleasing combination of shady lawns, buff brick buildings and modern architecture. The educational program offers an Associate in Science degree upon graduation from Murray after two years of study; or a curriculum which may be applied to a degree at a four year college.

### Greetings to Future Students

The Administration, Faculty, and Student Body of Murray State Agricultural College extend a welcome to you.

Murray College is in an expansion program, both in physical facilities and in curriculum. We have a well-trained faculty, a well-planned activities program. We hope that each of you will take advantage of all the facilities available to you when you arrive on the campus.

We would like to continue our tradition of having the Southwest's Friendliest Campus. Our door is always open to you and we welcome the opportunity to help you in any way to make the adjustment from high school to college.

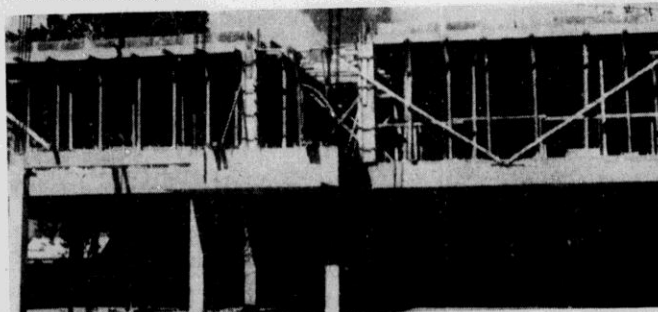

FREEMAN MCKEE  
President

### Murray Is Growing

Grow With Us!

★  
To make it possible for students who need financial assistance to attend Murray College, a number of scholarships, loans and student positions are available. For information on these, or on admission procedures, write to Mr. Raymond Cleveland, dean of students. You are invited to visit the campus at any time, and will receive a cordial welcome.

### New Classrooms —

The new classroom building, south of the present administration building, is a two-story structure that will include a modern home economics laboratory and a language arts laboratory. Both labs will be

furnished with the latest and most modern equipment. The new classrooms will be opened to students at the beginning of the fall semester.

# It Wasn't All Study - - There Was Fun Too!

"OUT OF THE PAN" Philip Nation, president of the Rodeo Club, rides a "bucking barrel" to provide entertainment for the students after going through a busy day of classes. Riders get a little of the spirit, if not the feeling of bull riding through practice on the barrel.

★  
There's Lots to Do  
And Places to Go  
At Murray State!  
★

Murray Campus is a barrel of fun, or at least these barrel riding cowpokes at left think so. From pool playing cuties to spirited cheerleaders and happy R.O.T.C. boys at their annual ball, Murray has something for everyone as these pictures prove; no spectators, all participants at Murray!

It sure looks warm enough!

Thomas Brandt, Ardmore and Frances White, Burneyville, discuss school life at one of the Aggies' favorite warm-weather retreats—scenic Pennington Creek Dam. Only a few minutes drive from campus, it is perfect for picnicking, sightseeing, and swimming.

## Homecoming —

SHE'S A QUEEN: Annual homecoming includes a parade, football game, dance and Queen crowning. That's Queen Mary Ann Beckham, Russett, Aggie Club candidate. She is being escorted from the football field by Larry Mayton, Wilson, vice president of the Aggie Club.

Many former students returned

"INTO THE FIRE . . ." The Murray College Rodeo is one of the top in college rodeos. This event attracts students from near and far and contestants receive a number of prizes. The event is sponsored by the college rodeo club and the members work hard to make it an annual success. Miss Emma Childs, Roff, is this year's rodeo queen. Here Ronnie Mullens, Durant, rides one of the many bulls and carries off top honors for his outstanding performances.

for the annual homecoming parade, which consists of floats representing various clubs and organizations, followed by the queen candidates. The sophomore class won top honors and was awarded a \$25 cash prize for their float entry.

## A 'Colonel' Now

"LOOK MOM, I made it." The highlight at the R. O. T. C. Ball is the coronation of the Honorary Cadet Colonel. Here, Cadet Colonel Bernie Conway, of Gene Autry crowns Billie Sue Heffington of Tishomingo, Honorary Cadet Colonel for 1962-63.

"NO PATSY, not THAT kind of English." Billy Murphy of Broken Bow shows Patsy Belcher, Wapanucka, some of the finer points of the game. Pool is only one of the recreational facilities available to all at Murray, in the Campus meeting place—THE UNION.

"BOY! I'M TIRED!" Aggies spirits soar as the Murray Cheerleaders lead in a rousing pep assembly before the big game with O.M.A. which the Aggies won in double overtime. This victory earned Murray a chance in the National Playoffs.

"PUT YOUR LITTLE FOOT RIGHT DOWN". The Twistin' couple is Clinton "Jug" Hucks of Wynnewood and Judy Harwell of Tishomingo. They along with most of the student body regard the annual R.O.T.C. Military Ball as one of the top campus social events.

# Going to College Has a Meaningful Side

## President's Honor Roll

College President, Dr. Freeman McKee congratulates Wadell Alton, Ada, Deedie Moore, Milburn and Joe Lowrance, Sulphur, the only students to have a coveted 4.0 grade average for the First Semester.

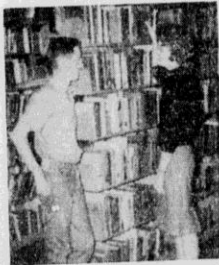

## Angel Flight

The Angel Flight, an all girl, Air Force sponsored precision drill unit, which performs not only in campus activities, but numerous other marching engagements off campus.

**SONG BIRD:** Meredith Martin gives with the vocal chords in one many programs presented for civic and fraternal organizations.

"YOU MEAN YOU can read, too! !!" Donald Green, Russett, a top academic student takes time out to chat with Emma Childs, Roff, during a studious night at the college library. Murray's library contains over 10,000 volumes. An expansion program now is under way and when completed the library should be one of the best in state junior colleges.

## Murray State Is Host to Many Groups During Progressive Year

Murray State College has been host to a number of events this year. The year began with Murray's first Parents Day, which attracted over two hundred parents. The spring semester was highlighted with the All-School Follies in which 75 students took part.

The campus is taking on a new

and different look because of the new buildings begin added. Construction began in early spring and plans call for completion in September on a new classroom building, a school of music and two new wings being added to the library-science building. These buildings will be furnished with the best equipment available.

## Follies

"BELIEVE IT OR NOT Meredith—we are on stage." Beverly Hitt, Meredith Martin and Glenda Gill, all of Ardmore, present a number for the all-school follies.

## Phi Theta Kappa

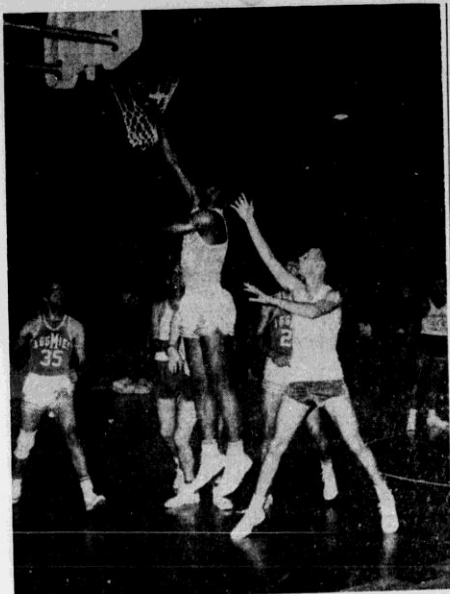

Phi Theta Kappa pledges during their initiation into the campus's most elite club. Membership is obtained by maintaining a superior grade average and by special invitation.

## Drama

"IF I'VE TOLD you once, I've told you a hundred times—". Allen Campbell, Duncan and Margaret Lokey, Tishomingo, rehearsed a scene from this year's Drama Department production of Tennessee Williams's "The Glass Menagerie."

# It Proved a Great Year for Athletes and Fans

LAY-UP: Typical of action in Murray's Gym (one of the finest in the Southwest) is this shot taken during the recent basketball season.

## Aggies Win Regionals to Compete In National Basketball Tourney

The Aggies basketball team coached by Gene Robbins, had the most successful season that Murray has had in many years. They were ranked number nine in the nation in the final ratings of junior colleges.

The Aggies began their season by winning the Texoma Tournament. Next they traveled to Decatur, Texas, losing their first game of the season by a score of 78-77. After that the Aggies went on the longest winning streak of any team in the state of Oklahoma, (including four year colleges). They won 14 straight games before being defeated by Oklahoma Military Academy.

The Aggies had a hard struggle getting that 14 game winning streak; they had to make a very strong comeback in the Bacone game to win 62-60. Murray won the conference with a very impressive 12-2 record. The Aggies captured the regional title at Lawton by defeating O.M.A. in the final game in a double overtime. This victory earned the Aggies a trip to the National Tournament, which was held in Hutchinson, Kansas. The Aggies lost the first game at Hutchinson to Independence 60-52, and Independence went on to win the national crown. The Aggies were defeated in the second game by Muskegon, Mich., 58-37.

Don Henry, Murray's leading scorer, was named to the All-American team.

"BEAUTIFUL STANCE — but I missed" Mike Wright, of Sulphur, faces a top pitcher from St. Gregory of Shawnee. Wright is one of the top sluggers on the Aggie Baseball Squad which is still in contention for conference and regional honors.

## Intramural Sports Program Is Open To All Students

The Murray Aggies were not to be outdone in the physical fitness program, so they took the advice of President Kennedy and began their intramural sports on November 7, with Jerry McGill winning the cross-country race. McGill finished the 1.8 mile run with time of 9:22.9.

Football season started November 8 with the Powder Puffs winning the series of matches.

Basketball ended with the Powder Puffs beating Fulton Hall by a score of 78-34. Bill Murphy, player for the Powder Puffs, beat the Faculty's Robert Ward in the finals of the tennis singles.

The Powder Puffs became intra-

## Guess, Williams, Wilmoth Are Top Murray Athletes

Murray is quite proud to have such distinguished athletes as three All-Staters. They are Arthur Guess from Oklahoma City, football; Fred Williams, Allen, baseball; and Gene Wilmoth, Tuskahoma, basketball. The All-State boys are selected by newspaper sportswriters, 25 from the North and 25 from the South.

mural champs by winning three of the four events offered. Although they finished third in the cross-country race, they qualified for the trophy that's being awarded. Bernie Conway was picked outstanding player in football; Kenneth Redden was chosen top man for basketball and Bill Murphy was the individual star in tennis.

Arthur, a halfback, is from Central, a class "A" school in Oklahoma City. He made All-State in 1960. He played football three years while in high school, making the all-star team his senior year. He was the standout performer for the South team, scoring the only touchdown and extra point to lead them over the North 8-6.

He made Junior College All-American this past season at Murray. After leaving Murray, Arthur says he will probably accept one of the many scholarships he has been offered.

Fred Williams is a sophomore from Allen, but attended school at Tupelo, a class "C" school. He made All-State in May, 1961. Fred played shortstop and had a .365 batting average.

As far as Fred is concerned, junior college baseball is no different from high school ball. He says the batters are better, but the pitchers aren't as good. Baseball is his number one hobby and he started playing when he was in the fifth grade. He plans to teach and coach after finishing college. His ambition is to coach a state championship team.

The latest All-Stater to attend Murray is Gene Wilmoth, a graduate of Tuskahoma. Gene, a 6'2" center, played in the regional finals in Crowder and lost to Pittsburgh 54-45 his senior year. Gene averaged 24 points that year. He played eight years of basketball, playing on the main team his last three years. Gene says college ball is much more competitive.

Gene has been a starlifter on Murray's basketball team this year. He is number one scorer and two rebounder. After finishing college, Gene would like to play professional ball, but if he doesn't he will settle for coaching.

"QUICK, COME OVER HERE: Arthur Guess All Stater from Oklahoma City, watches for a hole to open as Nick Petro (33) from Phoenixville, Pa., and Dick Gruber (43) Dallas, Texas, lead interference against one of the tough teams the Aggies faced this year.

## Lots of Action Is Packed Into Murray State's Football Games

Although the Aggie football team didn't post a winning season the boys never lost their spirit. The team played hard and with a few breaks could have had a winning season.

### Aggies Face Tough Teams

The Aggies are expected to have a much better season next year because of their outstanding players returning. Two players that are

to see a lot of action next fall are Guy Hilmon, who is expected to start at flanker back and Floyd Smith, who started at center this year.

Coach Benton Ladd, a former Oklahoma University star, presented trophies to the outstanding lineman, outstanding back, and best defensive player. The boys receiving these awards were Steve Chevreux, Arthur Guess and Lynn Williams. Chevreux, Jerry McGill and Guess were presented all-American watches because of their outstanding achievements in football.

### Top Scorer

Don Henry, Murray's top basketball scorer and rebounder, was named to the All-American team. Don hit 44 points against Oklahoma Military Academy to set an all-time scoring record from Murray. He hit 43 points three nights later against a tough Bacone team. Don turned in two fine performances in the national tournament as he hit 25 and 27 points in the two games.

"NATURALLY I CAN —!"

## Great Number of Trophies Attest To Athletic, Other Skills of Ags

Do you have any extra time on your hands lately? If so, you might find it interesting to retrace some of Murray's past glories by an inspection of the trophy case in the library, and in different places on the campus. While you are counting, you may be surprised to see how many championship trophies there are.

### O-Club Members To Take Fishing Trip to Texoma

At a recent meeting the "O" Club elected officers for the coming year and decided to take a fishing trip to Lake Texoma. Officers elected were: Lloyd Smith, Choctaw, president; Carey Lambeth, Norman, vice president; John Jubby, Tulsa, secretary and treasurer and Clyde Woodbridge, Wilburton, student council representative.

The "O" Club is preparing for a weekend of fishing, boating, and hunting at Lake Texoma, May 10 and 11. The "O" Club has saved the money that they made from the concession stand which they ran during basketball season. Coach Ladd and Coach Robbins are in charge of the trip, but the boys were allowed to select the place they wanted to go.

## Aggies Split Two O.M.A. Games

The Aggies baseball team split a double header with Oklahoma Military Academy Tuesday, April 21. The games were played at Claremore.

The Aggies lost the first game 6-4, and won the second game 8-3. In the first game the Aggies jumped off to a 3-0 lead, but they committed five errors to give O.M.A. five runs. The game ended 6-4.

In the second game, the Aggies scored in every inning except the first, to beat O.M.A. 8-3. The hitting star for the Aggies in the second game was Nick Petro, who went three for three, including a home run. Petro was also the winning pitcher. David Ralston also homered for the Aggies in the last game. Glen Dilbeck and Fred Williams went 4-6 and 4-7 respectively in two games.

### BACONE WINS TWO GAMES TO RETAIN LEAD

Bacone defeated the Murray Aggies 2-1, and 5-1 in a double header at Bacone Tuesday, April 30. The first game went scoreless until the top of the fourth inning, when Garland Parks singled. He went to second on a balk, with Parks on second, Jonas Watson hit a single that drove in Parks and put the Aggies out in front 1-0.

Pitcher Jim Godshy held Bacone scoreless until the bottom of the seventh inning. The first man up to bat hit a single. The next man walked, and with two men on base, the Aggies made an error. This allowed one man to come in, which made the score 1-1, with a man on third. Bacone catcher Jody Crosby hit a single to drive in the winning run, and the game ended with the score 2-1 in favor of Bacone.

In the second game, Bacone jumped off to a quick 3-0 lead. The Aggies weren't able to score until the third inning when Garland Parks hit a double into center field. With Parks on second, Glen Dilbeck hit a single into left field that drove in Parks, making the score 3-1. The Aggies were not able to score anymore throughout the game. Bacone was able to score one run in the fifth and one in the sixth. The game ended with the score 5-1 in favor of Bacone.

### Aggies Tour Arkansas Farm

The Murray Aggie boys paid a visit to the Winrock Farms last Friday and Saturday, May third and fourth. The farms are located near Morrilton, Arkansas.

Dr. Jerry Martin and Mr. John Ringwald, sponsors, accompanied the following students on the trip: Vaden Morgan, Trent Holman, Jerry Winchester, Phillip Fuchs, James Staton, Ray Holmes, Larry Heard, Phillip Nation, Joe Cronshaw, Bill Graves, Phillip Muller, William Hartfield, Dan Hauser, Kenneth Richardson, Richard Cook, Mike McCauley, David Idlemmen, Randy Rice, Calvin Winburn, and Eddie Hallum.

At a recent teacher's meeting a speaker asked a lady what she liked most about the teaching profession. She replied, "June, July and August".

# SPORTS

## ARTHUR'S CORNER

### GLASSES MAY BE THE ANSWER

Last week Big Frank Howard of the Los Angeles Dodgers wore a pair of glasses for the first time in his career of baseball. His second time at the bat he hit his first home run. Maybe if Coach Sollars would put glasses on his boys they would get the same result.

### RECRUIT MONTH

If you are wondering why you don't see the Coaches on the campus as much as you usually do, the answer is because they are going from town to town trying to recruit boys for next year's basketball and football teams. I had the privilege of traveling with the coaches on April 23, when they went to Wichita Falls, Texas. There was one boy so big that if Coach Robbins had let me get on his shoulder I still wouldn't measure up to his height (exaggerating a little bit), but he was a big boy and looked like a fine prospect for next year's team.

### WHAT, FOOTBALL ALREADY?

If you happen to be walking toward the married students' apartments or down to the barn, take a look over behind the armory. You will see big fat guys (for instance Jack Anderson) and little skinny guys (like Guy Hilmon.) They are preparing for next year's football season. This is the first year that Coach Ladd has started practicing in the spring. When asked if there was any special reason for starting so early, here is what he said:

"Well I tell you, last year everytime we tried to go on second count someone would jump off side, so I figured if I start teaching them to count to two now, maybe by the time football season arrives we can go on second count."

Coach Ladd didn't really make this statement, but can you think of a better reason? Just joking, fellows, signed—(J.F.K.)—A.G.

## French Night Club Quarters Is Scene for Murray Follies

### Murray Helps Observe Fifth Nat'l Freedom

National Library Week was observed by Murray College with a display downtown in the window of the Armstrong Department store. The title of the exhibit was "The Evolution of Books."

The oldest book in the group was a copy of the Nuremberg Chronicle, published in 1493. The next oldest book was Italian, the Arcadia, which dates back to 1533.

Also featured were a number of old textbooks which made an interesting contrast to several modern ones with beautiful color pages, and transparent sheets showing the circulatory system of the human anatomy. Among the old textbooks were a McGuffey reader, and the old standard blue-back speller.

The committee responsible for the display consisted of Mrs. Murrelle Mahoney, Mr. John Fletcher and Mr. Carl Reubin. The books belong to the collection of Mr. Reubin, who designed the arrangement.

### Monster Will Have To Push Door Down

One of the biggest tanks in Oklahoma arrived recently at the 2nd Battalion, Co. A, 245th Armored Division of the 45th Army.

This is the first time the combat supporting unit has received a tank since they have become an armored division.

The tank is a M48A2 90 millimeter with firing range of eight miles. It also has a 50 caliber and a 30 caliber machine gun. The tank is equipped to handle four men and was sent to the Armory from Hobart. It has a V12 Continental engine with 813 horsepower. The tank appeared at the Rodeo Parade on April 27 to show its qualities to the people. It was driven by an active member of the National Guard Sgt. Riddle.

The Murray College Follies were presented April 24 in the gymnasium under the direction of Mrs. Margaret Lokey, Mr. Jack Reid, and Mr. John Fletcher. A two-hour variety show consisting of music and skits was performed by 70 Murray students of the music and drama departments, assisted by 10 Tishomingo high school students.

A grand entry began the show with the costumed group winding their way among the audience to the stage where they sang "When the Saints Go Marching In." The show then progressed in sequences. The first was a "Cafe" skit presented by James LeFlore, Terry Schultz, and master-of-ceremonies Robert Ward.

The program provided an opportunity for Murray's hidden talent to make its first appearance. It appeared in the form of Sharon Fitzgerald, a freshman from Madrid, who sang "Blue Moon" and "I Love You Porgy." Terry Schultz, a freshman from Oklahoma City, choreographed a dance scene and then proved able to do some solo footwork to "Tea For Two."

The highlight of the evening was the "Twist Contest" in which the audience was invited to participate. Winners of the contest were Tommy Allen, a freshman from Nowata, and Barbara Ritchie from Tishomingo high school.

Participating in the 1963 edition of the Murray Follies were the Girl's Trio, the Girl's Glee Club, the Swinging Sixteen, the Boy's Glee Club, James Wheeler, the Murray Band, Terry Schultz, Sharon Fitzgerald, James LeFlore, Robert Ward, Kerry McKee, Barbara Ritchie, Beverly Hitt, Wanda Clark, and Rex Caughron.

(Ed.'s Note: Robert Ward, master-of-ceremonies, wished to apologize to Coach Ladd for omitting his speech. Mr. Ward had rather hear Coach Ladd speak than eat. He has heard him eat on several occasions.)

Nonalignment means that we align with nobody, not even with nonalignment.

LOOK, NO ANTS! The all-school picnic last week was fun. Pausing to rest are shown Mary Lambert, Linda Huebsch, Shirley Sled and Linda Mitchell.

### 'Buck Board' Proves Honest Man's Friend

No longer do men need to take lanterns and walk the streets looking for an honest man. Someone around Murray had enough confidence in the honesty of all Murray students that he started the "Aggie Buck Board".

Most all Murrayites seem to have one thing in common—the lack of funds just before receiving that long waited-for letter from home. A couple of the guys came up with a splendid idea and after planting the bug in Dean Cleveland's and Mr. Mihura's ears, the Murray students had their buck board.

The morning of April 8 found many comments being made about the "Aggie Buck Board". The board, with fifteen one-dollar bills tacked to it, was found in the hall of the Administration Building just outside the Business Office. "Aggie Buck Board—Borrow a dollar and pay back in a week." It wasn't long before results could be seen. The dollar bills were soon replaced by slips of paper containing the borrower's name and date to be returned.

After a little chat with Dean Cleveland, we found that it was placed there for the reason "a student who is in temporarily financially embarrassed can have coke money." Also plans are in making for a regular small loan fund to give a boosting hand to the students. Next fall we all hope to have a formal buck board, with a permanent position, on hand. Dean Cleveland suggested that if at any time you have an extra buck to place it on the board to match one already there. Then at the end of the term pick up the matched buck. This way our board will grow and more students can use it.

The Aggie Buck Board is one of the things that makes college life so much more enjoyable. Let's not ruin one of the truly good things in life, but rather let's all be honest. Honesty never hurt anyone.—WLC

In some department stores women park in the store parking area and in the aisles.

#### Books Due May 15

All library books must be checked into the library by May 15 according to Mrs. Murrelle Mahoney, librarian. Any book that isn't checked in on this date will be billed to the student in the business office. Students are now being billed for books that have been over due for some time.

### EVEN SUN IS OUT FOR ALL SCHOOL PICNIC

Four days of rain and gray clouds. Then Monday, April 29 dawned, and a perfect day for the all-college picnic was ushered in by fair skies and warm weather.

Round Robin Ranch was the scene and carloads of Murrayites could be seen heading for the park during the noon hour. Left behind were those few unfortunates with one o'clock classes, many of whom followed their lucky classmates out later.

Students spent a fun packed afternoon swimming, skating and playing miniature golf. A few of the more adventurous of spirit wandered down by the creek and the old water wheel.

A picnic dinner was served with the regular cafeteria crew on hand to dish out the chow. Then most everyone took up where they left off and the Round Robin Ranch subsided into quiet again, till time for summer vacationers.

### 900 Students Attend F.F.A. Judging Meet at Murray

The Interscholastic F.F.A. Judging Contest was held on the Murray campus, April 17.

Sixty F.F.A. chapters were represented, and there were 196 teams in the contest. Approximately 1,000 people were present, including team members and individuals.

Calvin placed first, Lone Grove second, and Sulphur placed third in the chapter meeting, Parliamentary Procedure Contest.

Ten boys participated in the public speaking contest. Bobby Bratcher, Maysville, was the winner.

Moss was the winner in the entomology contest. Their top individual was Jerry Montgomery.

Twenty-four teams entered the meats contest. Perkins came out on top with their top individual Kenny Hall tying for first place with Royce Locke, Madill.

Maysville won first place in Farm Shop, with 13 teams represented. Jimmy Freeman was the top individual.

One of the largest events was the Dairy Contest, with 42 teams entered. Bokchito took first place, Ripley placed second and Midwest City placed third. Jarvis Smith, Soper, was the first place individual.

Fifteen teams entered the Field Crops Contest, with Koota placing first. Springer won first in the Horticulture Contest, with 19 teams entered. David Jones was the top individual.

Farm Management had seven teams with Tishomingo taking first

### Sophs to Be Given Picnic and Dance

On Saturday, May 18, the Murray Alumni will honor the 1963 Murray sophomores with a barbecue on the campus lawn and a dance following in the Student Union.

Monte Bell, President, said all sophomores will be guests but if they bring a date it will cost them.

The Rhythm Rebels will play at the dance in the Student Union. This entertainment is being sponsored by the Music department.

In case of bad weather the barbecue will be held in the College Field House.

### Grants Offered For Study Aboard

Interested in studying abroad?—if so continue reading. More than 800 United States government awards will be available to qualified American graduate students for study or research in any one of 49 countries during the 1964-65 academic year.

There are three types of awards. These include U. S. government full grants, joint U. S. and other government grants and U. S. government travel-only grants.

General eligibility requirements for all types of grants are: U. S. citizenship, language proficiency sufficient to carry out the proposed study and good health. A good academic record and demonstrated capacity for independent study are also necessary. Preference is given to applicants under 35 years of age who have not previously lived or studied abroad.

Since the academic year 1948-49, approximately 12,000 American graduate students have studied abroad under these programs. Students interested in further information may obtain it on the library bulletin board.

ABE WAS OLDER . . . Miss Beulah Zimmerman, judge, looks over Phillip Nation's beard raised for the recent Sadie Hawkins Week. Phil was named winner for having the best well-kept beard, and Kenny Richardson for having the shaggiest.

### Dance Ends Long Week of Odd Tortures for Murray Coeds

The week of April 22-27 was designated as Sadie Hawkins week here on Murray campus. This is the one week of the year when the girls are allowed (maybe it should have been forced) to become acquainted with the task of being a boy. Each girl was instructed as to the rules for the week, and those failing to comply with them were penalized.

To get the week started, Monday was dedicated to all those boys who are against make-up on girls. It seems that each of the Murray coeds was not allowed to wear any type of make-up the entire day. Added to this distressing note, they were also dressed in whatever ridiculous garb they could find and compelled to wear their hair either in pigtails, plaited, or rolled. For those girls failing to meet the standards of the day, the penalty was waiting tables during the evening meal in the cafeteria.

Tuesday proved to be an exceptionally light day for the girls. But just wait and hear about the horrible day of Wednesday.

On Wednesday each girl was auctioned off and were subject to the command of their owners. Wendy Hambrick, student senate chairman for Sadie Hawkins week, con-

ducted the auction that was held in the student union ballroom. Wednesday proved to be "Black Day" for some of the unlucky girls.

On Friday, they again managed to get off "easy". They dressed in the attire of Monday (no make-up, hair in pigtails, and their outlandish garb) and marched in a group to the rodeo grounds where they cheered their favorite rider from their own special cheering section.

To conclude the week's activities, each girl was permitted to be herself on Saturday night for the dance held in the hay-loft of the Murray barn.

Asking around, it was discovered that each girl decided that maybe she had rather stay just the same old GIRL she used to be.

### Fulton Hall Is 'Model' for College Life in Boys' Dorm

In case you don't know how a boys' dormitory is supposed to be run, you might visit Fulton Hall any time between 7 p. m. and 12:00 p. m.

On the first floor, conveniently located for his frequent comings and goings, is Frank Satarino. He can't get much studying done for making trips to the Dairy Queen. Frank says this is due to the fattening Murray chow. After all, a guy has to stay trim.

On the second floor, Bennie Cash leads the boys to the basement for a game of dominoes, so that Jerry Hauser can study in peace.

Mickey Delashaw keeps the third floor boys in order with his midnight room checks. If you aren't tucked in by midnight, he'll come in for one of his after-hours briefings, and it doesn't take him long to talk a person to sleep. Don Henry is one who doesn't need to be talked to sleep. He is in bed every night by eight o'clock sharp, to get what he considers the rest that every growing boy needs. To him this means about twelve hours of sleep.

Trent Holman and Don Battles carry on some pretty interesting conversations. Everybody knows this because of the manner in which they converse. They are in separate rooms on each end of the hall. You can imagine how loud this conversation gets; that is until Gene Wil-

son, the third floor proctor, interrupts with a softly spoken, "Boys, you are getting too loud."

Then there are the Fulton lovers-boys, who are occupied evenings till ten o'clock. You can always tell the time by them. When it's ten, you can see Garland Parks come dragging in with "reluctant feet," as the poem says, and Bill Savage come running up the stairs.

There is one yacking guy who stays on the phone for hours at a time. He starts talking at 8:00 and stays on the phone till about 9:30. Then he takes a break because little Guy Hilmon is talking so loud that anyone passing the dorm would think that he had a loud speaker in his shirt. At 10:00 o'clock you can see the phone-atic heading back to the phone. If anyone wants to call Fulton Hall, they'd better get the line before 8:00 p.m., because after that Russell Bradley has it occupied.

—J. L. - A. G.

AMONG THE STUDENTS who were recognized in the special awards assembly May 16 were the top ten students for this semester. Pictured from left to right are Wadell Altom, Ada; Bernie Conway, Ardmore; Glenda Belcher, Wapanucka; Wendy Heffington, Connerville; Fred Williams, Allen; Larry Heard, Roff; Patsy Belcher, Wapanucka; Deedie Moore, Milburn; Lewis Parkhill, Mannsville, and Billy Murphy, Broken Bow.

## Top Students Are Honored In Special Awards Assembly

A number of students received recognition for achievement in various fields of endeavor at a special awards assembly May 16. Fred Williams, president of the student senate, was master of ceremonies.

The first awards to be given were for athletic achievement by members of intramural teams. The Powder Puffs' nine team members won awards for top standing in each of the sports in intramural play.

Coach Gene Robbins presented awards to the three top players in basketball. Don Henry, who was responsible for 216 rebounds during the season, received an award for rebounds, and another for achieving All-American. Gene Wilmoth received the award for free throws, having hit 52 out of 60. Garland Parks was selected as best defensive player, with Bob Parkhill a close second.

On behalf of the basketball team, Coach Robbins presented several trophies to the college. Dr. Freeman McKee received the awards on behalf of the student body and staff. Trophies were won at the Texoma JUCO Conference tournament, for the state championship, the Regional Championship, and a plaque for participation in the Nationals.

Engineering awards were presented by Mr. George Calvert. Billy Murphy achieved the highest scholastic rating by a sophomore, with Bernie Conway second. Stanley Burnam was selected as top freshman.

A number of ROTC awards were presented by Major Billy Carter and Captain Robert Elkins. The top sophomore cadet who plans to continue in advanced ROTC is Cadet Wadell Altom. General Dynamics sophomore cadet in the scientific and engineering field was Billy Murphy.

Everett Bedford was selected as "best all around" cadet in Air Science II. Bernie Conway received the academic award; Fred Williams the award for outstanding example in ROTC work. Gary Bob

## New Instructors To Join Faculty

One Murray faculty member has resigned and two new ones have been added for the fall semester according to Dr. Richard Murray, dean of the college.

Mr. John A. Ringwald has resigned as head of the Murray College Agriculture Department to accept a position as a Congressional Aide. Mr. Ringwald has been assigned to work with Mr. Tom Steed, who is a Congressman representing the Fourth Congressional District.

In 1958 Mr. Ringwald graduated from Murray and served in the Army during World War II. He received a BS and MS degree from Oklahoma State University and started to work at Stillwater High School where he was head of the Veterans' Agricultural Training program. In 1956 he started teaching at Murray as an agronomy instructor.

Mr. Ringwald, his wife, Wilma, his daughter, Jo Ann, and his son, John, Jr., will make their home in Shawnee.

Taking Mr. Ringwald's position, will be Mr. Wendy Blair, of Sayer, Mr. Blair, who is Assistant County Agent, received his bachelor's degree from Panhandle A. and M. and his master's from Oklahoma State University. He is married and has one child.

Also added to the Murray faculty is Mr. Jack Ridley who will teach sociology and other social science courses. Mr. Ridley received his bachelor's degree from Southwestern State College and he will be granted his master's from the University of South Dakota this summer.

The hour from five to six p.m. continues to be the most dangerous hour of the day for traffic accidents. Ten percent of all traffic accidents in February happened at this time of day.

## Clyde J. Hall Is Chosen as 'Teacher of the Year'

Mr. Clyde J. Hall, business instructor, has been named Murray's teacher of the year. Mr. Hall was nominated by a faculty committee and will represent Murray's Oklahoma Education Association next fall at the Oklahoma State Fair in Oklahoma City.

Professor Hall joined the Murray faculty in the fall of 1939, but he has taken two leaves; one from 1940-46 and the other from 1951-63. Both were for military service. He has been head of the business department, dean of students, dormitory supervisor, dean of the college, business manager and chief clerk. Mr. Hall was also acting college president for one school term.

Mr. Hall has attended Oklahoma City University, Central State College and Oklahoma State University. He holds his masters degrees from O.S.U. and also has done advanced study at O.S.U.

Prior to joining the Murray faculty, Professor Hall taught and coached at Oilton and Tishomingo. His wife is a teacher in the Putnam City school system.

Newly elected officers for the faculty organization are Jack Reid,

Clyde J. Hall

president; Capitola Boyd, vice president and Murrelle Mahoney, secretary.

## Lt.-Governor to Address Murray Grads Thursday

Lieutenant Governor Leo Winters will address members of Murray's 40th graduating class at commencement exercises at 8:00 p.m. May 23, in Beames Hall. Dr. Freeman McKee, president of Murray College, will present degrees of associate in science to 56 graduating sophomores.

To receive the associate in science degree, graduates must have earned 64 credit hours with a "C" average or better. Among the 64 hours are 29 hours of core curriculum credits required by Murray College.

## B. S. U. Officers Are Installed

The Baptist Student Union recently installed officers for the coming year at a special installation service in the First Baptist Church. The service began with a talk from the retiring president, Fred Williams, Allen. A reading was then given by Lewis Parkhill, Mannsville, on the "Spirit of B.S.U." A song "Spirit of B.S.U." was then sung by Glenda and Patsy Belcher, Wapanucka, and Jae Hawkins, Ardmore. Shirley Griffith, Roff, was accompanist. The officers were then installed with Rev. Cliff Davis, pastor of the First Baptist Church, and Jerry Hauser, B.S.U. member from Mannsville officiating.

New officers being installed were: President, Tommy Barber, Madill; Vice-president, Patsy Belcher, Wapanucka; Secretary, Howard Hill, Del City; Program chairman, Jae Hawkins, Ardmore; Social Chairman, Shirley Griffith, Roff; Missions chairman, Jerry Race, Tishomingo; enlistment chairman, Gregory Cupp, Oklahoma City; faculty advisor, Ed Horton; and B.S.U. director and pastor advisor, Rev. Cliff Davis.

These new officers are now in the process of making plans to expand B.S.U. next year and make it a real influence on the Campus. They are planning to move to another building, and if possible to buy one.

On the night following the installation, Rev. Davis gave a hamburger fry in his backyard for all the B.S.U. and faculty members. He charcoal grilled hamburgers for all those present. Shirley Griffith, social chairman, led in games, then Mr. Ed Horton gave a devotional. Plans are being made for a greater number of socials next year, and an enlarged B.S.U. program.

## Barbecue, Dance Honor Sophomores

The Former Students' Picnic, sponsored by the Former Students' Association, was held Saturday, May 11, at 7:30 p. m. on the lawn of the college campus.

Invitations were sent to former Aggies and to graduating Sophomores. Guests were invited.

The picnic was a barbecue in front of the Administration building. This was followed by a short business session. An entertainment program under the direction of Mrs. Margaret Lokey presented musical selections by the Girl's Trio, and Sharon Fitzgerald. A dance featuring the Rhythm Rebels was held in the Student Center to conclude the evening.

Listed below are the potential candidates for graduation, their majors, and the colleges they plan to attend:

Jerry Acox, Wilson; Industrial arts, Southeastern; Wadell Altom, Ada, agronomy, Oklahoma State University; Carl Don Battle, Ardmore, business, East Central; Everett Weldon Bedford, Ardmore, business, Oklahoma University; Thomas Daniel Berninger, agriculture, Oklahoma State University;

Louis Burvin Carter, Wynnewood, agriculture education, Oklahoma State University; Edward Allen Chatham, Haldilton, language arts, Northwestern State, Louisiana; Emma Childs, Roff, secretarial administration, East Central State College; Bernie Dean Conway, Ardmore, engineering, Oklahoma University; Richard Cook, Ardmore, agriculture, Oklahoma State University; Everett Joe Cranford, Walters, language arts, Oklahoma State University;

W. B. Daugherty, Jr., Ardmore, social studies, Southeastern; John Loyde Faulkenberry, Atoka, Southeastern; Eddie Randle Hallum, Seminole, agriculture, Oklahoma State University; William R. Hartsfield, Coalgate, agriculture, Oklahoma State University; Jerry Wayne Hauser, Mannsville, pre-law, Oklahoma University; James Henderson, Wilson, business, Oklahoma State University; Don Alvin Henry, Tyler, Texas, education; Clarence Ray Holmes, Mayville, vocational agriculture, Oklahoma State University; Elvis Clayton Howell, vocational agriculture, Oklahoma State University;

Thomas Wroke Lemley, Jr., Wilson, general education, Southeastern; Margaret Ann Lokey, Tishomingo, general education, Oklahoma State University; Joe Don Lowrance, education, Sulphur, East Central; Thomas Alvin Luckinbill, Ardmore, history, Oklahoma State University; Larry Paul McClendon, Tishomingo, engineering, Oklahoma University; Jerry Ottis Marsh, Soper, agriculture, Oklahoma State University;

Also Barclay P. Martin, Jr., Sulphur, business, Oklahoma State University; Meredith Martin, Ardmore, education, Oklahoma University; Larry Don Mayton, Wilson, agriculture education, Oklahoma State University; Richard Earl Melot, Wanette, agriculture education, Oklahoma State University; Glenn Morris Moore, Southeastern; Billy Gene Murphy, Broken Bow, engineering, Oklahoma State University;

Johnny Phillip Nation, Elmore City, animal husbandry, Oklahoma State University; Alfred William Nelson, Coleman, mathematics, Southeastern; William David Orr, Okemah, general education, Oklahoma State University; Freddie

**ADIOS, AU REVOIR, AUF WIEDERSEHN, GOOD-BYE—**  
"The last time—the last time." From some far distance I hear this sound ringing in my ears. Yes! It's the last edition of the Aggielite I will have the opportunity to edit.

I will never be able to express how much I appreciate the co-operation and help that I have received from every person who has been on the Murray campus during the 1962-63 season. There are certain individuals that I will never forget. Among these individuals are the ten staff members that have worked so hard and diligently the past semester. I will always remember Arthur Guess as a hard worker dedicated to the world of sports; Doug Hicks being able to laugh and be happy about anything, those "stupid" remarks and his "brilliant" ideas; Patsy Belcher coming out with some witty remark no matter how serious or solemn the occasion; Wanda Clark questioning whatever anyone says; Beverly Hitt ready to read copy after it has gone to press; to Tommy Lemley, Margaret Ann Lokey, Richard Melot, W. R. Eason and Isaac Lacy I say thanks for everything and last but not least, the sponsor of this group, Mrs. Murrelle Mahoney who has worked many extra hours to help us meet our deadline.

In summarizing the year I'm proud to say it has been the happiest and most enjoyable year in my life.—W. B. D.

### TROPHIES GAIN VALUE WITH YEARS

"Say, Mom, what was this one for?" "Dad, were you really an All-American basketball player?" "Did you know that MY mom and dad got a trophy for being the smartest kids in college?"

Today we may not be quite as aware of the significance of a trophy for outstanding recognition as we will be someday in the not-so-distant future. Perhaps you will forget that you ever received a plaque for being in the Top Ten (or is it twelve?) on campus, that you were voted to be on the All-American basketball team, or that you ever even merited the recognition of receiving a trophy at all.

It is true that to each who received one, there will be a certain amount of pride and happiness. But over a period of time they may become tarnished and be stowed in some old box in the far corner of the attic, only to be discovered by some prowling youngster on a rainy day many years from now. To these youngsters will come a deep sense of pride to know that their Mom or Dad actually got a trophy. It will serve as an incentive to them in their later years, as well as providing them will a source about which they can brag to their schoolmates and chums. With the bringing out of these faded relics of the past will also come many memories of the hard work required to achieve them.

Those of us fortunate to receive a trophy will always have something which will provide us with a memento of a conquest that we strived so hard to accomplish.—B. H.

### GOODBY FOR THE SUMMER

Time has come for us all to say good-by for the summer. For some it is only for the summer—but for others, it is forever.

We must say good-by to the fun and laughter we have all shared this year, to the sorrows and heartaches we have had, to our loves and hates, to our friends and our enemies.

We remember the football games where we all froze, the basketball games where we lost our voices, the baseball games where we burned up, the dances where we had our toes smashed, the swims where we were nearly drowned, the class rooms where some of us slept, the dorms where we had parties, the student union where we all gathered, the library where we were supposed to have studied, the creek where we swam, the monument where we talked (?), the park benches where we argued (?), and our jobs where we loafed.

We must also say good-by to the instructors who have helped us, whom we have grown to depend on, to admire—and, most of all, to love. Good-by to the books which we are glad to be rid of for a while.

Yes, and most of all, we must say good-by to so many of our friends: to those who will be going to other colleges next year, to those who are going to get married, and to those who will be working next fall.

We hope someday we will meet again, but even if we do, it will not be the same, for the wonderful moments of this year have already passed away. Memories are what is left.

—W. L. C.

## Librarians Are Plagued With Sledge Hammers

If workers in the Murray Library were asked recently, "What is progress?" they would probably answer, "It is noisy!" For several days laborers have been knocking out the east wall of the library with sledge hammers. (An addition is being adjoined to make the library some 24 feet longer). Rows of reference books have been scuttled and moved about 10 feet forward, and the library is protected from the flying dust and debris by a thick sheet of plastic.

In the library stacks, a few books were moved, (about 8,000) to make way for a book processing room and an office that will be built soon.

The first group to begin the "trail of tears" moving the books and shelves was the journalism class and "Spud" Stichey, student librarian, boys doing all the work and the girls reading last Sunday's funny papers. After the journalism class was exhausted, (the heaviest thing most of them had lifted all year was a pencil) Alfred Nelson, student librarian, kept right on working for several hours, slowly turning from a pale white to a pink and finally to a dazzling red. After he turned this last color, he was sent away. (It seems that our librarian hates red.) Coach Ladd then sent in some of his recruits: Jack Anderson, Carrie Lambeth, Frank Satarino, and Dale Runyan. And finally the job was done.

So as the last few days of Murray life swim by and studies and bricks avalanche down upon us, a person must have a good power of concentration to get his chores done. (Progress, phooey, phooey.) —DH

## Some Meanings of Flowers Will Floor Unlearned Swain

Beware boys, the flower you present your date for one of the spring proms means a certain thing.

In Victorian days when the language of flowers was in vogue, a young man who sent a bouquet to his girl had to watch his step. A red rose or red tulip meant "I love" but larkspur complained "you're fickle" and chrysanthemums said in effect, "lets just be friends."

A charming custom that might well be revived, the language of flowers has an extensive vocabulary. There's no authorized translation; often you'll find several meanings assigned to one flower. Here is one interpretation of familiar blossoms:

Orchid: you are beautiful.  
Iris: Your friendship means much.

Yellow Rose: You are unfaithful.  
Lady's Slipper: You are a coquette.

Pink Carnation: I'll never forget you.

Sweet Pea: Thank you for a lovely evening.

Pansy: Thinking of you.

Dogwood: I'm indifferent to you.

Gardenia: You're lovely.

Blue violet: I'll be true always.

Peony: I'm angry, with just cause.

Jonquil: Please return my affection.

—W.R.

## SPOTLIGHT

Nancy Lumpkin

First in the Spotlight this week is Nancy Lumpkin from Ardmore. She is a freshman majoring in Education.

In high school in Ardmore, Nancy was active in Mu Alpha Theta Club. She was president of the local and subdistrict MYF and Vice-President of the District MYF in the Methodist Church.

Here at Murray, Nancy was chosen as an honorary cadet major in the Angel Flight. She is a member of Phi Theta Kappa, and the Goal Diggers Club. She works in the Athletic Department for coaches Ladd and Robbins.

She lists her favorites as: food, pizza; singer, no favorite; song "Bali Hai"; color, no special favorites but she likes green and blue; pastime, observing and talking with people; pet peeve, wasted talents and unused abilities. Her favorite Murray student is, of course, David Walton.

Nancy plans to work in Ardmore this summer and return to Murray in the fall.

Larry Heard

Second in the Spotlight this week is Larry Heard, a freshman majoring in pre-veterinary medicine. Larry says he is from Roff, but not really from Roff. He lives at Sunshine, in the Fitzhugh school district, gets his mail from Hickory, and graduated from Roff High School. Larry plans to transfer to Oklahoma State University after he graduates from Murray.

While in high school, Larry participated in basketball and baseball for four years. He was a member of the F.F.A. for four years, and was president of the local chapter for two of those years. He attended the National F.F.A. Convention in Kansas City. He had the honor of being elected Senior class president, and was Salutatorian of his graduating class. He was on the National Honor society for three years.

Here at Murray, Larry is equally as active. He is a member of the Aggie Club, Rodeo Club, and Phi Theta Kappa. He works for Mr. Ringwald, and was recently elected Vice-President of the Student Senate for the coming school term.

Larry says his favorites are: Food, Mexican dishes; Color, bright blue; song, no favorite; singer, Patti Page; hobby, hunting and fishing; pet peeve, conceited people; and pastime, working with cattle.

Larry says he has lived in the country all his life and loves it. He wouldn't want to live anywhere else. His pride and joy are his two sisters who are 16 and four years of age. Probably the thing he likes about going to Murray is Emma Childs.

## 4-H Club Holds Instruction Class

The 4-H club instruction school and Judging contest was held Saturday, May 10, 1963.

There were teams from 10 different counties: Johnston, Garvin, Carter, Murray, Bryan, Pontotoc, Love, Coal, Pittsburg, and Marshall. Most of the teams had livestock and Dairy judging teams.

The contest was sponsored by Bud Curry, Assistant County Agent of Johnston County.

The dairy teams judged seven classes of Holstein and Jersey. The livestock teams judged six classes, representing beef, sheep, and swine.

Trophies were awarded to the high teams in the contests. The high individuals received individual awards.

## How Does Your Personality Rate?

The other day Dr. Richard Murray decided to find out what his psychology students termed as good and bad traits of personalities. He asked each student to take a piece of paper and list the first good and bad trait that entered his mind when the word personality was mentioned.

He got the following results:  
**GOOD**—Outlook on life—6, Truthful person—3, Friendly—6, Easy to get along with — 3, Integrity, Speech, Looks, Respect.

**BAD**—Actions Liar, Bitter, Snob, Lazy, Lack of integrity, Poor impression, Bad outlook, Ability to irritate, Overbearing, Unfriendly attitude, Speech, Bad manners, Lack of respect, Selfish.

When the word "overbearing" came up, Dr. Murray told his students the following joke:

"A father of ten children was suing his wife for a divorce. When asked on what grounds he was suing, he stated that his wife was overbearing."

What is your opinion of a good personality and a bad personality?

During February, two out of every three traffic accidents in Oklahoma were on city streets, but only one out of three fatal accidents occurred within the limits of municipalities.

## ARTHUR'S CORNER

### WHO SCARED WHOM?

Floyd Patterson and Sonny Liston are steadily putting their fight off. It looks like every time it gets close to their fight time one of them gets hurt. The last time Liston got hurt was when he was swinging a golf club for a newspaper man. (To me this seems very odd for a big strong fellow like that to get hurt swinging a golf club.) Maybe they are scared of each other. Anyway, it will be interesting to see what stops the next fight.

### KOUFOT DOES IT AGAIN

Pitcher Sandy Koufot of the Los Angeles Dodgers pitched the first no-hitter of the 1963 major league season. The no hitter was pitched against those powerful San Francisco Giants (well, they are powerful sometimes). The no hitter was so effective on the Giants that next day they were defeated by the University of Santa Clara, 6-4. This was Koufot's second no hitter in his career. He pitched the other one against the New York Mets in 1962.

### ANYONE FOR BADMINTON?

If there is anyone who can play badminton, Coach Robbins would sure appreciate you coming over to the gym and playing him a game. Confidentially, I would too, especially if you can beat him. But if you are not a very good player there is really no need of going over, because once he beats you, you will never hear the last of it. Believe me, I know.—A. G.

## Aggielite Staff Selects Campus Top Ten News Stories of Year

Following the tradition of the first semester, the Aggieelite staff has selected what we consider to be the top ten stories for the second semester.

Chosen as the top news story was the expansion program now in progress. Murray's application for the North Central Accrediting Association and the construction now underway are two of the steps in the expansion program. The spring tour conducted by the music department under sponsorship of Raymond Cleveland, dean of students, is another move toward improved public relations.

With a remarkable record of 22-5, the Murray basketball season was selected the second place news story. The Aggies won the JUCO Conference and edged O.M.A. to capture regional honors at Lawton, Muskogee, Michigan, edged the Aggies from the National Tournament by one point. Don Henry, Murray's leading scorer and rebounder, was named on the all-American team. Coach Gene Robbins will have nine returning lettermen for next year's team.

Murray's teacher of the year honor went to Mr. Clyde J. Hall. The story was awarded third place and Professor Hall will be honored next fall at the Oklahoma State Fair. He joined the faculty in 1939 and since has held various positions.

Murray recognizes its top ten academic students in a special awards assembly. These students are awarded plaques with their name engraved of them. This story was selected number four.

The all-school follies which started about seventy-five students was awarded fifth place. The follies were performed in the college fieldhouse before a capacity crowd. The fine arts department and drama club presented the two hours of entertainment.

The appearance of the famous Ralph Marterie band on February 18 was selected as the number six news story. This band is recognized as the most sought-after ballroom attraction in the country, and was voted as the most popular college band of the nation's campuses.

Selected as the number seven

story of the semester was the bull sale held March 16 at the Murray barns. According to Dr. Jerry Martin, test manager, this group of bulls represented the largest number ever consigned over the eight year history of the test and the highest overall gain of any previous test.

The election of the 1963-64 student Senate officers was chosen as the number eight news story of this semester. Lewis Parkhill, Mannsville, was elected president, Larry Heard, Roff, vice-president and Wanda Clark, Idabel, secretary.

Also of much interest to the Aggieelite readers was the annual Murray College Rodeo held April 25, 26 and 27 at the Tishomingo Fair Grounds. A high-light of this event was the crowning of Emma Childs, Roff, as rodeo queen.

For the final top news story, the staff chose the All-School picnic. Following four days of rain, the picnic was held on April 29 at Round Robin Ranch. An afternoon of swimming, skating, and playing miniature golf was topped off with a picnic supper served by the regular cafeteria staff.

### Science Club Sees Film on Cells

The Science Club held its monthly meeting on May 15. The Club was shown a film from the School of Cytotechnology, study of exfoliated individual cells from various parts of the body. After the film, Dorothy Phelps, an instructor and Cytotechnologist, explained more in detail the field of cytotechnology. She also brought with her two students, Darlene Cue and Bryan Corey, who are now in their internship period.

Also May 15, Benton Ladd's biology class and Miss Beulah Zimmerman's chemistry class held their classes together in order to hear a lecture and get a look at some cosmic rays and alpha rays.

During the class period, the students became amazed at Miss Zimmerman's math. She could give out the answer almost before Mr. Park could get through with the question.

### 'BUBBLES' GOSS IS FACULTY CHEERLEADER

With the baseball season in full swing, we find we have a team here at Murray State College that has not (anyway by May 15) lost a single game at home or away. This team—The Faculty has such former stars as "Red" Sollars, "Hooks" Mihura, Raymond "Man-hunt" Cleveland, "Doc" Martin, Benton "Boobie" Ladd, "Bubbles" Goss, and a few lesser individuals. Oh! a correction! "Bubbles" Goss is the cheerleader, not a player.

We wish this team all the luck (?) and hope they do Murray the justice that is expected of them.

### Petro Stars As Aggies Split With Eastern

The Murray Aggies split a double header with Eastern A. & M. Monday, May 6, with Nick Petro pitching a one hitter.

In the first game Eastern jumped off to a 3-0 lead, but the Aggies came back and went ahead 5 to 3. In the fifth inning the Aggies scored one run to make the score 5 to 3. With the help of two Aggie errors, Eastern was able to come from behind in the top of the seventh to beat the Aggies 8 to 6.

In the second game, the Aggies scored one run in the second inning to put them ahead 1 to 0. The game remained the same until the bottom of the fifth inning when the Aggies went on a hitting spree. They scored four runs to make the score 5 to 0. In that inning Fred Williams hit his first home run of the year. Nick Petro had his no-hitter spoiled in the top of the seventh when a routine fly ball fell between the center and left fielder. The game ended with the score 5 to 0. Fred Williams was the hitting star of the day for the Aggies. He went seven for eight in two games.

### New Curriculum Added to Catalog

A new degree curriculum has been added to the Murray College catalog for the fall semester, according to Dr. Richard Murray, dean of the college. The new curriculum, Drafting and Design Technology, may be completed in two years or may apply on an advanced degree. The new program of study is primarily composed of mathematics, industrial arts and the new courses in drafting and designing.

The first year courses are included in present offerings, and new courses in drafting and designing are to be added for the second year. The new courses are technical report writing, basic structural design and problems of design. This is the first of several curricula in the field of technology to be added to the offerings of Murray College.

### Okla. Beef Testing Meeting Held May 9

The meeting of the Southern Oklahoma Beef Performance Testing Association was held May 9, in the Student Center Conference Room.

The purpose of the meeting was the election of officers, entry regulating and the discussion of standards for future bull sales.

Darrell Butler, Pauls Valley, an Angus breeder, was elected President for the next year.

COACH GENE ROBBINS presents the state championship basketball trophy to Dr. Freeman McKee during the special assembly program.

## SPORTS

### Aggies Romp Past Connors In Regional Baseball Tournament

The Murray Aggies defeated the Connors Aggies in the first game of the regional tournament 7-0. Nick Petro pitched a three hitter, but lost the second game to Northeastern A. & M. 11-1.

In the first game, the Aggies scored two runs in the first inning to jump off to an early lead. They didn't waste any time padding the lead as they scored three runs in the sixth to post an easy victory by a score of 7-0. Nick Petro, the winning pitcher, struck out 11 batters and walked four. Jim Godsbey was the hitting star for Murray, collecting two hits and driving in four runs.

In the second game Murray com-

mitted three errors in the third inning, and Northeastern scored seven runs, to take a commanding lead. The Aggies were able to score only run. As the game went on, Northeastern scored four more runs to defeat the Aggies 11-1.

The leading hitter for the Aggies this year was Fred Williams with an average of 3.60. Jim Godsbey was the leader in the runs-batted-in department. Nick Petro was the leading pitcher with a record of 6 wins and three losses.

### It's Been a Great Year for Events That Will Long Live in Memories

Gather round, Murrayites, and let's have one last round-up before the graduating Sophs join the ranks of the alumni and leave Murray's campus in search of greener pastures.

It's been a year of memories, from the excitement of an October homecoming to the sobriety of Religious Emphasis Week; from the thrill of being represented at the Nationals in Kansas to the hilarity of Sadie Hawkins' Week; from the tough and ready college rodeo (where Bob "Jerkhill" made his famous ride) to that final day, the walk and handshake before the diploma.

Places on the campus will always be remembered with a real affection by those leaving. The Union . . . a place to relax with friends for a coke and get a cheeseburger with mayonnaise when you ordered a hamburger with mustard. The library . . . a good place to go and try to find someone. The cafeteria . . . beans with that "golden touch" (?) and the hurry scurry to get in, then to get out. The auditorium . . . many a movie with Rock Hudson (Oh, he wasn't in TWO!) was seen on Murray's own silver screen. Sponsored by our Student Senate, they provided many an evening of relaxation. The Christmas program,

that time we paused to listen to songs of the season before mid-term came. The auditorium saw other things also. The "Glass Menagerie," and the concert of the O.S.U. Chorus, along with pep assemblies, took place within its walls. The gym . . . basketball games, the R.O.T.C. Ball and the Follies. Now the graduating class of '63 will become an event also as they go forward to receive their diplomas. Later, the campus . . . magnolias and the monument. This will be remembered.

To the Sophomores of '64 we leave you a word of advice. Murray is on its way. We have seen it grow and profit as we never supposed that it could. It's now up to you. New buildings and better accommodations are coming and there are more and more things being planned for you next year. Grow with Murray and watch her go on to greater heights of success. We will be watching with you.—M.A.L.

### STAFF CELEBRATES

The Aggieelite staff and librarians wrapped up their semester efforts with a picnic near the old swinging bridge last Thursday. They had plenty of food and home-made ice-cream and later wrapped the trash in an old Aggieelite with tears in their eyes. Ha Ha.

## New Classrooms and Buildings to Be Ready for Use During Fall Term

When we come back to Murray next year, don't be surprised if we act as lost as the beginning freshmen. We will all find that the same old classes won't be meeting in the same old rooms.

We will have a new home economics and business building, a new music building, and new additions to the library and new classrooms for science and Agriculture.

As we already know, the ROTC classroom is being turned into a reception room for the deans and both deans are acquiring new offices. Their old offices will become an office for the Business Manager and a room for the mimeograph and ditto machines.

The president's temporary office will become the new student counselor's office. (The new counselor as yet still unknown, will work with the Dean of Students, Raymond Cleveland.)

President Freeman McKee and Mrs. Dorothy Peters, his secretary, will resume their new, yet old, offices, in the same rooms with a new finish.

Mr. Horton's math room will be turned into an AFROTC supply room and the physics lab across the hall will become a general class room, there will be a new physics lab in the library building.

The present home economics room will become a faculty conference room. The home economics classes will be meeting in the new building.

The typing room will be used mainly for journalism. All the lan-

guage arts classes will be held on third floor and Mr. Fletcher will have a new office on this floor.

The government room will be a storage and supply room for the registrar and business office. That will throw the two supply rooms next to each other. (So they won't get lonely.)

Room 110 is going to become offices for the Social Studies Department.

The new building will house the home economics, business education, foreign language lab, and some math and social studies.

All the science classes will be held in the new wing of the library. The chemistry lab is to be remodeled while the biology lab is to receive new equipment. The chemistry lecture room will be refurnished.

As we all know, (anyway those who have been visiting the library lately, from the noise, dust, and confusion,) the library's reading room is being extended 24 feet.

All music students will be delighted with the new music building that is to go up this summer on the site of the old Aggie building. The new building will include private practice rooms, a band room, chorus rooms and office.

Let's not overlook the shop and engineering buildings. They will be remodeled as well as receive new equipment.

All present buildings will receive new roofs, thanks to the earlier hall storm.

All this remodeling, new building, and new equipping is to be finished and all ready for use next fall.

## Lt.-Governor —

(Continued from page 1)

Ramon Paz, Alamogordo, New Mexico, general education, Texas Western; Jerry Don Peery, Marietta, agriculture, Oklahoma State University; Gary Dean Peters, Tishomingo, forestry, Oklahoma State University;

Jackie Carl Pirtle, Tishomingo, engineering, Oklahoma University; Jesse Wilmer Reed, Ardmore, engineering, Oklahoma State University; Randy Earl Rice, Wynnewood, agriculture, Oklahoma State University; Charles Darwood Roberts, Grady, business; David Glenn Skidmore, Hobbs, New Mexico, general education; Shirley Ann Sledd, Sulphur, secretarial administration; Harold John Sollars, Ardmore, mathematics, Southeastern; Earl James Sullivan, Burneyville, general education, Oklahoma State University;

Linda Kay Thomas, Tishomingo, secretarial administration, Oklahoma State University; Frances Jane White, Burneyville, home economics, Oklahoma College for Women; Hilton Henry Whitfield, Ardmore, general education, Oklahoma State University; Charles Lee Wilcox, Maud, business, Oklahoma State University; Charles Frederick Williams, Allen, history, East Central; Herman Ray Wilson, Stratford, engineering, Oklahoma State University; Calvin Spencer Winburn, Davis, pre-veterinary, Oklahoma State University and Calvin Lloyd Wood.

A reception for visiting parents will be held in the ball room of the student union following the commencement exercises.

## Freshmen Take Over AFROTC Group May 6 & 13

On May 6 & 13 the AFROTC had its shadow officers days. The shadow officers were chosen from the freshman group on their performance in leadership lab and during drill ceremonies.

Officers for May 6 were Cadet Gary Barnett, group commander for first hour, and Cadet James Wheeler, group commander for second hour.

Officers for May 13 were Cadet Thomas Bohannon, group commander for first hour and Cadet David Ralston, group commander for second hour.

All the freshman group commanders for May 6 & 13 took charge of the AFROTC Cadet Group and marched them in a pass-in-review for the staff and Major Billy Carter. There were also other freshmen taking the places of other officers to help make the pass-in-review possible.

Even though the freshman shadow officers did a fair job, it will take many hours of training and learning for them to become good officers of the AFROTC at Murray.

On May 20 the AFROTC cadets turned their uniforms in to Sergeant Jones over at the supply room.

The AFROTC cadets have taken their last steps for this semester in the AFROTC at Murray.

Captain Robert Elkins stated that a Cadet Colonel has been chosen, but that his name will not be announced until the fall term.

## Librarian's Life Never Dull, Is Hectic and Busy

Did you know that Murray employs an author? No? Then it may interest you to know that our faithful librarian, Mrs. Murrelle Mahoney, has published a book. Yep! its true. The book is called *Tahna* and it's a historical novel about an Indian girl. She is in the process of writing two more books.

She has also published 39 magazine articles in such magazines as *Popular Science*, *American Home*, *Science Newsletter*, and *Travel*. She was also editor of the *Ada Weekly Newspaper*.

This is not the only interesting but little-known fact about our librarian. How many of you Murray students knew that she has two "kids"? They are Eories, who is 13, and Carlos, who is seven years of age. She adopted them almost two years ago.

Eeries and Carlos will testify that Mrs. Mahoney is a very unusual person. Not everyone will drink a glass of starch before realizing it isn't water; or brush her teeth with ointment just because it happens to come in a tube.

It isn't every mother who will ride a bicycle, jump a rope, or play baseball with the kids.

Mrs. Mahoney is very unusual in a very different sense, too. She has been in the Waves (Women's Navy Corps) and speaks several languages. She has lived in "Gay Paree" and has traveled extensively.

She has a bachelor's degree in Journalism and a master's degree in library science from the University of Oklahoma, and has attended East Central State College, and Oklahoma State University.

In addition to being librarian and journalism instructor, Mrs. Mahoney is sponsor of the AggieLife. Every two weeks on Thursday afternoon during the past year, you can see her rushing around doing last minute jobs to meet the deadline.

Although she came to Murray only last year, she is perhaps the busiest person on campus.—P.A.B.

(Editors note: This is as new to Mrs. Mahoney as it is to you. We pulled a sneaky! ! !)

## Rainey Is Head of Presbyterian Group

Mr. Bill G. Rainey, business instructor at Murray, was recently elected president of the Oklahoma Presbyterian Alumni Association at Durant. He was secretary several years ago for one year, but his new office runs for two years.

Oklahoma Presbyterian College used to be a junior college, but now is a dormitory to provide a religious atmosphere for students attending Southeastern State College.

O.P.C. was originally a girls' school that began in the 19th century. In the school year of 1951-52, it was opened to boys. Mr. Rainey enrolled that year, and was the first boy to be graduated from the school.

Mr. Rainey plans to attend Oklahoma University this summer to complete his doctorate.

There was a 25 percent reduction in two car crashes during the first two months of 1963 compared to the same period last year.

## Here's Eight Easy Ways to Become a Full-Fledged Heel

1. Gain the respect of your friends: Walk softly and carry a big stick, or better still why not a C switchblade? Or a small container of nitro-glycerin for those larger get-togethers.

2. Be alert: Never talk behind your buddies' back; he may hear you and hurt you. Wait until you are sure he isn't in sight. (If he should attempt to do you bodily harm quickly remember what you learned in rule one.

3. Be thrifty: Never drive your own car when you can borrow a friend's. Always be helpful in making suggestions as to where to go and what to do but if they suggest going in your car be sure to have the gas gauge unhooked so you can point at the indicator and it will read empty.

4. Show your friends you need them: Borrow a lot of money but never pay it back. You would be surprised at the number of people that will either forget about the debt or suddenly become friendlier.

5. Never interfere with your friends' study habits, after all that is what they are here for: If you pop popcorn be sure you have a rubber sealer tacked around your door, this prevents the odor from seeping into the corridor and into your pals' rooms. The sealer will cost a few cents but will soon pay for itself in savings on popcorn.

6. Be helpful: If your friend asks you to help carry some of his clothes to his car, do so. This will provide you with an opportune chance to tell him about your second gear being out of your transmission. If he doesn't offer to fix the problem wholly by himself, drop his white tennis shoes and other light apparel into the nearby mud puddle . . . accidentally.

If he should become hostile to this act quickly resort to clause number one once more!

7. Be thoughtful: Send cards to all your friends on national holidays such as Christmas, Easter, National Steamboat Day, etc. However, if the total number of friends exceeds the number of two (2), send the cards C.O.D.

8. Think of your friends: When you have inside information on a test, give your friends all the wrong answers. After the test results are given they may at first be angry with you but someday they will realize that cheating was the wrong way and they will thank you personally for showing them the light. However, until that someday arrives, lock yourself in your room, have the housemother bring up the food and take correspondence courses.—D. H.

## UP-TO-THE-MINUTE MEN DEFENDING AMERICA

YOUR NATIONAL GUARD

## Top Students —

(Continued from page 1)  
Barnett received the distinguished freshman all around award. Awards for most improvement were presented to Ronnie Alexander, sophomore, and Mickey Davenport, freshman, David Skidmore, sophomore, and James Ralston, freshman, received awards for being most outstanding in drill.

Lloyd Goss, student senate sponsor, presented a trophy to W. B. Daugherty for being the most outstanding representative in the Student Senate.

Dean Raymond Cleveland expressed his thanks to the student body for making this a great year at Murray. He then recognized the members of Phi Theta Kappa. The members are: Fred Williams, Glenda Belcher, Wendyl Hambrick, Stanley Burnham, Ernest Sykora, Patsy Belcher, Wanda Clark, Beverly Hitt, Nancy Lumpkin, Gary Bob Burnett, Larry Heard, and Kenneth Jensen.

He then presented scholarships from four-year colleges to: Everett Bedford, Harold Sollars, and Deedle Moore.

Dr. Richard Murray expressed thanks to various organizations, these were the Student Senate, Goadiggers Club, Angel Flight, Drill Team, Music Department, Rodeo Club, Phi Theta Kappa, and the Athletic Department.

He then presented awards to the Top Ten students for this semester. Among the top ten (it was top twelve this time) are: Deedle Moore, 3.84; Billy Murphy, 3.68; Fred Williams, 3.65; Billie Heffington, 3.65; Paula Gilbert, Glenda Belcher, 3.62; Bernie Conway, 3.58; Wadell Altom, 3.53; Lewis Parkhill, 3.53; Patsy Belcher, 3.50; Wendyl Heffington, 3.50; and Larry Heard, 3.50.

## Awards to Be Made

Awards for the outstanding graduate student for academic achievement, and for the outstanding graduate for participation in campus activities, will be made at Commencement exercises.

## New College term under way!

### Many programs scheduled for college year

Hi! and WELCOME to Murray all you new students! Welcome back all you old faces! While buzzing around the campus the other day, I came up with some facts that will be of interest to everyone. Everybody grab your hats and let's get ready for the busy season ahead of us!

We will start out the season with a very busy week which will consist of not only enrolling and starting classes but a movie (FREE) "Stranger In My Arms" Monday night. So the freshmen will feel more at home, and follow it up with a Sloppy Sock Hop on Tuesday night. Later on in the week we will feast at the All-School Picnic at Round Robin Ranch.

For the rest of the month of September, we find scheduled for our enjoyment a week of assemblies for the Education Week, later an assembly presented by the Phi Theta Kappa, a weiner roast, our first ball game with Cameron at Lawton, an auto derby with the boys as drivers and girls as navigators, and last but not least the election of Homecoming Queen.

Everybody out of breath? Well hurry and get it back because you are going to need it for the rest of the year. We are to have more movies and dances and ball games and some more dances which will include our Halloween Costume Ball. Sadie Hawkins Week will be coming up soon and will end with a Dog, Patch Dance. Oh yes! We do have holidays! The first will be Thanksgiving in November. Afterwards when everyone is rested the R.O.T.C. boys will start to work on the R.O.T.C. Ball for all of us to enjoy.

Christmas time will roll around with Christmas carols and the ends with the long deserved Christmas holidays.

After Christmas, sometime in the month of January, comes those horrible Final Examinations. Ugh! Then classwork will begin again after a short period of rest and with classes come more movies, dances, and ball games.

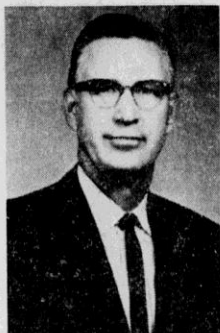

Hold it! It's not time to breathe yet! Everyone loves sweethearts and so that means we will have to plan on electing a campus Sweetheart for Valentine's Day in February.

By all this time of studying and having, let's take time for a moment to be serious and leave the light side. We will have a week for Religious Emphasis with Bible Sessions, a film, and an assembly.

Spring will bring card tournaments, square dances, spring concert, and spring holidays. For those interested in fishing, we are to have a fishing contest followed by a fish fry. Then all you Aggies and anyone else who are thinking about growing a beard don't forget Frontier Week and the rodeo.

School will draw to a close with the Freshman Prom and spring All-School Picnic.

### WELCOME TO MURRAY STATE!

The administration, faculty, and staff sincerely extend to all Murray students a hearty welcome. We hope that each is desirous of obtaining the best education possible.

Members of the Murray staff are here to help you with any problem which you may encounter. Make it a point to get acquainted with each member of the staff as soon as possible. Plan to participate in all of the organized activities, attend all functions provided for your enjoyment, and you will find that you will immediately become a working part of an excellent student body and build up a pride in your college.

Sincerely,  
FREEMAN MCKEE  
President

### All newcomers aren't students;

### Four are new on faculty

Four new instructors have joined the Murray College faculty for the 1963-64 school term. Wendell Blair will replace John Ringwald, who has accepted the position as administration assistant to Representative Tom Steed, Shawnee. Captain Charles Shockley will replace Captain Robert W. Elkins who has been transferred to Stewart Air Force Base, Tennessee, and returned to flying duties. Jack B. Ridley will be a new addition to the social studies department. Tom S. Wood will be in charge of public relations and will teach speech and journalism.

**Mr. Blair**  
Mr. Blair received his Bachelor of Science degree at Panhandle A&M College, Goodwell, and his Master of Science degree from Oklahoma State University, Stillwater. He comes to Murray College from Sayre, Oklahoma where he was Assistant County Agent employed by the Oklahoma Extension Service for the past year and a half. Mr. Blair is a member of the Army Reserve and served his six months active duty tour at Fort Jackson, South Carolina.

His home is Cheyenne, Oklahoma, and is married to Jessie Jo. They have a son, Michael Ray, ten months old.

Mr. Blair will teach soils, crops, and horticulture.

**Capt. Shockley**  
Captain Charles Shockley is a graduate of East Texas State College, Commerce, Texas, where he received a Bachelor's degree

in Business Administration, and a Master of Science in Education. He holds life certificates in teaching and administration in Texas. Captain Shockley's home is in Bailey, Texas, and he is married to the former Nannie B. Daugherty of Trenton, Texas. They have three daughters: Stella Louise, 16, Charlene, 9, and Sandra Ann, 7. They attend the Baptist Church.

**Mr. Ridley**  
Mr. Ridley completed his Master of Arts degree at the University of South Dakota, Vermillion, this summer and completed his Bachelor of Arts in Social Studies at Southwestern State College, Weatherford. He was a faculty assistant at the University of South Dakota.

His home is Rocky, Oklahoma, and he was married August 14th, to the former Miss Marcia Blasey of Parkston, South Dakota. They attend the Catholic Church, and Mr. Ridley is interested in reading and golf.

**Mr. Wood**  
Mr. Wood received his Associate of Arts degree from Connors, Warner, Bachelor of Arts from Northeastern State College, Tahlequah and has done graduate work at Oklahoma State University, Southeastern State College, (Continued on page 4)

### Registration begins; First classes start Thursday

### Film, dance and picnic planned

The Student Senate of Murray College has big plans for the first week of school. There will be a movie North of the Administration building at 8:00 pm Monday evening. The movie is entitled "Stranger In My Arms" starring Jeff Chandler and June Allyson.

There will be a Sloppy Sock Hop in the gym Tuesday evening from 8:00 p.m. to 11:00 p.m. Remember to dress accordingly.

Thursday at 2:00 p.m. there will be an All-School Picnic at Round Robin Ranch which is located about 10 miles northwest of Tishomingo. There will be swimming, skating, and golf available.

### Special activity cards available

All students are urged to purchase Special Activity Cards as soon as possible, according to Raymond Cleveland, Dean of Students. There are ninety activities scheduled for the school year already, and more in the planning stages. If students will purchase these cards at \$3.25 per semester, they will save money throughout the year. A special place will be set up for the sale of these cards at enrollment.

### New building to be ready soon for student use

The library science building will be ready for use the first week of school, and the classroom and music buildings will be ready for use around the first of October, according to Dr. Richard Murray, Dean of the college.

The library science building contains two general laboratories, a physics laboratory, and two classrooms. It also houses the offices of the agriculture and physics instructors.

The classroom building will contain the home economics department, the business department, the language laboratory, offices, and general classrooms.

The music building will contain several practice rooms, offices, and two large classrooms for vocal and instrumental music.

### Night classes to organize Wednesday

Evening adult classes for the first semester of the 1963-64 school term at Murray State College, Tishomingo, Oklahoma will be organized September 4, at 7:00 P.M. in the college library. Dr. Richard Murray, Dean of the college, will be in charge of the classes, and he has announced that the classes will be organized according to demand for courses.

All Registration will commence Monday at the North door of the Library Science Building.

Freshmen who have taken the ACT, California Mental Maturity, and English Placement tests and who have pre-enrolled may complete registration on Tuesday afternoon, September 3, in accordance with the following schedule: Student's last name beginning with A-E will be from 1:00 to 1:45; F-K will be from 1:45 to 2:30; L-Q will be from 2:30 to 3:15; and R-Z will be from 3:15 to 4:00.

Freshmen who did not register on Tuesday afternoon and all returning students may complete registration on Wednesday, September 4, in accordance with the following schedule: Student's last name beginning with L-Q will be from 8:00 to 9:30; R-Z will be from 10:00 to 11:30; A-E will be from 1:00 to 2:30; and F-K will be from 3:00 to 4:30.

### Testing Scheduled

The testing and orientation schedule for the first week of the 1963-64 school term for all freshmen has been announced by Mr. Harold Winburn, Director of Counseling. Monday, September 2, at 9:00 a.m. all students who have not taken the ACT test will assemble in the college auditorium for instructions. At 9:45 a.m. all freshmen will take the California Test of Mental Maturity in the following order:

Student's Last Name	Room
A, B, C, D, E	Ad. 101
F, G, H, I, J	Ad. 109
K, L, M, N, O	Ad. 303
P, Q, R, S, T	L-S 102
U, V, W, X, Y, Z	Ad. 104

At 1:00 p.m. all freshmen will take the English Placement Test in the following order:

Student's Last Name	Room
A, B, C, D, E	Ad. 101
F, G, H, I, J	Ad. 109
K, L, M, N, O	Ad. 303
P, Q, R, S, T	L-S 102
U, V, W, X, Y, Z	Ad. 104

Tuesday, September 3, all students who have not taken the ACT test will take it in the library at 8:00 a.m. At 10:30 a.m. the students who need to make up the California Mental Maturity Test will do so in the following order. Student's last name—A through J—in room 109 of the Administration Building and Student's last name K through Z—in room 114 of the Administration Building.

### Pep club to be formed Sept. 9

All students who are interested in promoting school spirit for the Aggies are urged to attend the organizational meeting of the Goal Diggers in room 114 of the Administration Building Monday, September 9, at 2:00 P.M.

Tryouts for cheerleaders will be held at this time also, and any boy or girl who has maintained a "C" average either their senior year in high school, or freshman year in college, is eligible.

From Beatiniks to Bach . . . We rock around the clock!

### STUDENT SENATE PRESIDENT SAYS—

Welcome to Murray! To all of you Freshmen I would like to say that you have taken the first step in becoming an active part of what we believe is one of the finest Junior Colleges anywhere! Murray offers you: a wide range of courses, each taught by a member of a very highly qualified faculty; extra-curricular activities to satisfy everyone, and a brand new era of development and growth that has only just begun.

Just how much a part of Murray you wish to become will depend on how much you take advantage of these things Murray offers, for you will get just as much from this year at Murray as you are willing to put into it.

To all returning sophomores: you have the responsibility of carrying on the school spirit and pride that became so much a part of you last year. It will be largely up to you to see that this same spirit and pride is furthered and carried on this year.

I am looking forward to serving you this year as Student Senate President. I hope that you will work with us in making this a great year at Murray. On behalf of the Murray College Student Senate, I wish you a hearty welcome!

—Lewis Parkhill

### GRAD OFFERS ADVICE—

The following letter was written by Fred Williams, 1963 graduate of Murray College. Fred was president of Murray Student Senate for the 1962-63 school year and was quite active in many other student organizations. He is attending East Central State College at this time and is majoring in secondary education:

"Hi, Freshman, and welcome to Murray College. Although I will not get to meet each of you personally, I do wish to congratulate you on your choice of colleges. You will find at Murray a friendly atmosphere, unmatched by any college in the state. The personal interest of each instructor in you will add much to your college enjoyment and will form a firm foundation for your education in later years. Extracurricular activities have been scheduled for you, the student in mind. You will find the entire personnel of the college ready to 'bend over backwards' to help you.

"Even though you probably still have a deep sense of loyalty to your high school, I urge you to channel this loyalty toward Murray by supporting the athletic teams and joining at least one social club on campus. If you do so, I feel sure that you will enjoy college more and will in turn be doing yourself a big favor.

"If at anytime you need help do not hesitate to talk with one of your instructors, I know from past experience that they will be more than happy to help you.

"With best wishes and kindest regards, I trust God will bless each of you and that you enjoy attending Murray as much as I did."

—Fred Williams

### Scholarship awards are made to 32

Thirty-two Academic Scholarship Awards have been presented by Murray College for the 1963-64 school term, according to Dr. Richard Murray, Dean of Murray College. Eleven valedictorians and seven salutatorians from their respective high schools are represented in this group.

Students receiving scholarships are as follows: Lois Jane Wilkingsham, Coleman; Shirley Ann Webb, Davis; Jim Arthur Delano, Dundee High School; Philip R. Dohrer, Dustin; Floyd Nolan Bulard, Elmore City; James Eugene Lewis, Fittstown; Arvie Roy Nelson, Grant; Jane Lynn Hudson, Harrah; Ronnie Keith Stinson, Lone Grove; Johnnie Lee

Cope, Macomb; Glenda Christine Adkins, Alta Louise McDonald, Betty Jo Pickle, Floy LaTrelle, Sliger, Madill; John Evan Ames, Mannsville; Ramona Kay Hertel, Milburn; Bobby Anderson Miles, Olney; Loyd Raymond Stone, Paden; R. F. (Bill) Davis, Ravia; Kenneth Jack Dolezalek, Sadler, Texas; Emil C. Farris, Ronald Lee Mills, Shawnee; Lynna Sue Harrison, Terrall; Kathryn Ann Green, Frances Virginia Harbert, Jenna Jo Hellack, Kerry McKee, Tishomingo; Betty Ann Harkins, Jacquita Ann Perry, Terry Dale Canida, Tupelo; Jimmy Darrell Allom, Vanoss, and Marilyn Carol Hamilton, Wapnucka.

### New cafeteria mgr. and housemother join college staff

Mr. Rex A. Hefner has been employed by Murray State College as cafeteria manager. Mr. Hefner has just completed the 16 months course in Culinary Arts (Chef Training) at Oklahoma State Tech, Okmulgee. Mr. Hefner completed 2 years of Pharmacy training at Oklahoma University, and has owned and managed drug stores in Wewoka and Tulsa. He was formerly employed by the Georgia Pacific Corporation at Toledo, Oregon.

Mr. Hefner is married to the former Miss Frances Lester of Okemah, and they have two children, Rex L., 17 and Karen Ann, 16. They attend the Baptist Church. His hobby is amateur radio, his call numbers are W5-MCP, and his car and house radio equipment is valued at approximately \$400.

#### Mrs. Amelia Poynter

Amelia Poynter has been employed for the 1963-64 school term as house mother for Bessie Poe Hall.

Mrs. Poynter has been employed by Central State College, Warrensburg, Missouri as Assistant House Director, and Wagon Wheel School, McCloud, Oklahoma.

Her home is Quinton, Oklahoma, and she has three sons, Charles, a student of law at Oklahoma University, Joe, Theological Seminary, Dallas, Texas, and Ralph, who is employed by Geophysical Survey Company in Dallas, Texas.

### ROTC Diary

#### Barnett Is Cadet-Col.

Gary Bob Barnett, Sophomore from Ardmore, Oklahoma, has been selected Air Force ROTC Cadet Colonel at Murray State College for the first semester of the 1963-64 term. Barnett will begin his duties the first week of school. Major Billy J. Carter, Murray Detachment Commander has announced that all other Air Force officers will be selected the first week of school, and that orders will be cut and posted at that time.

#### "Angels" to Be Chosen

Murray Angel Flight Drill Team consisting of full time female students of Murray College will be organized as soon as possible according to Major Billy J. Carter, Murray Detachment Commander. The Drill Team will be organized as a campus club, and will have Student Senate representation. Members of this group will be selected by a faculty committee. The Honorary Cadet Colonel will be selected from this group.

#### They May Even Fit!

All students who are enrolled in Air Force ROTC are to go to Room A203, Monday through Friday from 1:00 p.m. to 4:00 p.m. to be measured for uniforms. Staff Sergeant Dennis Jones urges all students to be measured as soon as possible.

#### Volunteers Wanted!

All Freshmen and Sophomores Air Force ROTC students interested in the ROTC drill team or band should apply to the Cadet Officers at the first meeting of the leadership laboratory. According to Major Billy J. Carter, these groups need to be organized as soon as possible to prepare for future programs.

#### Faculty Has Picnic

The annual Murray College faculty picnic was held Friday at 7 p.m. at the home of Dr. and Mrs. Freeman McKee. Those attending were the faculty, administrative employees, and their wives and husbands. All new faculty members and their wives were introduced at that time.

### Sophomores will remember—

ALL HAD A BALL swinging with the women's trio in the 1963 edition of the Murray All School Follies. Everybody got into the act. (about 100 Murrayites in the cast) There'll be more in '64!

CAROLING with all their hearts is a mixed octet at the annual Christmas program. Always one to get started in time, Mrs. Lokey may have the whole college singing "Jingle Bells" in September!

SCHOOL SPIRIT busts its buttons at Murray pep rallies! Cheerleaders leap and twirl and the Band blows up a storm! The Murray Band is an organization going places! (you can get an hour's credit, too!)

# SPORTS

## Returning lettermen spark '63 Aggie football team

Several big linemen and some experienced backs are expected to spark the 1963 Aggies to a winning season. Those expected to see the most action are the following sophomores.

Jack Anderson, a sophomore from Bells, Texas, standing 6' and weighing 235 pounds, will play tackle for the Aggies. He was a four year letterman in high school football, basketball, and track. Jack was a starter last year for Murray and should be a good prospect for the senior colleges in 1964. He is a member of the letterman's club and is majoring in Physical Education. Jack is 19 years old.

Carey Lambeth, a sophomore from Norman, Oklahoma played well on defense for 1962 Aggies. He is 5'10", weighs 170 pounds, and could develop into a top running back and a pass receiver. Carey is majoring in Engineering. He is 19 years old.

Lloyd Smith, who is 19 years old, 6'2", and weighs 200 pounds will be another returning letterman for the Aggies. Lloyd is from Choctaw, Oklahoma, and is majoring in Business Administration. He has gained weight from last year and is a very good leader, as well as center.

Dale Runyan, a quarterback from Sulphur, Oklahoma is expected to be the Aggies' number one quarterback. He did not play his freshman year because of an illness in his family, but did a very favorable job in spring practice. Dale is 19 years old, weighs 180 pounds, and is 5'10".

Nick Petro, a halfback from Phoenixville, Pennsylvania is a good runner. He could be top prospect for wingback position. He is 5'8", 21 years old, and weighs 170 pounds. Nick is majoring in Physical Education.

Richard Gruber, a fullback from Jesuit High School in Dallas, Texas, could earn a position this year at linebacker. A returning letterman, he is 19 years old, 5'10", and weighs 190 pounds.

Guy Hillmon, a sophomore end from Frederick, Oklahoma is an exceptionally good speed. He is 20 years old, 5'8", and weighs 150 pounds. Guy may start this year as a split end. His major is Elementary Education, and he is a letterman.

Dean Lee, an officer of the letterman's club, is 19 years old, 6'1", and weighs 205 pounds. He is from Hugo, Oklahoma and is expected to fill a tackle position. Dean's major is Chemistry.

Frank Satarino, a 19 years old sophomore tackle from Dallas, Texas, was a 1962 All Stater. He was injured during his freshman year, but could be a determining factor in the 1963 Murray line. Frank weighs 240 pounds and is 5'9" tall. His major is General Education.

## College to have radio program

Mr. Tom Wood, Director of Public Relations, has announced that a weekly radio program, entitled "Murray College Speaks" will be presented each Wednesday at 12:30 over KMAD, Madill. Departments from the college will be responsible for the weekly program, and a schedule will be printed at a later date.

## Ag grid team feels losses, must rebuild

The Murray State "Aggies" are definitely still in the building stage. Winning only two games last season the "Aggies" have ten lettermen returning to face a schedule that includes such teams as New Mexico Military Academy, Cameron, and Texarkana.

The heaviest losses are in the backfield where there is only one returning starter. The "Murray-ites" will be without the services of a tried quarterback. The most likely choice at this position is Dale Runyan, a sophomore from Sulphur, Oklahoma. Dale looked capable of handling the quarterback duties in preseason practice but has no college game experience.

The brightest outlook of the 1963 "Aggie" team is in the returning linemen and the incoming freshmen. Among the returning linemen are three big boys who were starters last year as freshmen. The incoming freshmen are described as the best prospects in several seasons. Many of them are former high schools stars in Oklahoma and Texas.

The general outlook is for a young team, a fairly strong line, better than average speed, while the backfield is the unknown factor.

## Take vitamin pill, become a cheerer or cheerleader!

Help! Help! Boys Wanted! Wouldn't you, Mr. Student, like to join some pretty cheerleaders and help to create more enthusiasm on Murray campus and at the games? We need you and you and you.

Murray College is now your school. Won't you come out and help the girls arouse and maintain school spirit?

We need boy cheerleaders who will induce boys to become active members of the Goal Diggers. A good group of cheerleaders and a lively pep club can create a bond of togetherness among Murray students.

All students can not star on the grid-iron or the basketball court, but each one of you can "star" as a booster and a rooter for the white and blue.

Come on active, agile, and peppy boys. Who will be first to say, "Let me help lead the Aggies through a successful year." Hip! Hip! HooRay! Yea, Aggies! Fight! Fight Fight!

**English Texts Needed**  
Those students enrolled in Mrs. Boyd's English 112 which meets daily will need to buy the text, *Understanding And Using English* and a workbook, *New Preface to Writing*. Those taking English 113 three days a week will not use a notebook but should purchase the text.

Swing and sing with the college choirs!

## FOOTBALL SCHEDULE

September 14	New Mexico Military Institute at Roswell, N.M.
September 21	Cameron at Lawton
September 26	Oklahoma Military Academy at Claremore
October 3	Eastern* at Tishomingo (Homecoming)
(Pep Assembly—7:00 p.m.—Football Field)	
October 10	Northern* at Tonkawa
October 19	Connors* at Ardmore
(8:00 p. m.)	
October 26	Texarkana Junior College at Texarkana
October 31	Oklahoma Military Academy at Tishomingo
(Pep Assembly—7:00 p.m.—Football Field)	
November 9	Eastern A.&M.* at Wilburton
November 14	Northern* at Tishomingo
(Pep Assembly—7:00 p.m.—Football Field)	
November 21	Connors* at Warner

\* Conference games. All games to start at 7:30 p.m.—with exception of Connors at Ardmore will start at 8:00 p.m.

## Intramural teams to be organized

The intramural sports will soon be in full swing again and all teams are urged to get organized and ready to go. The teams must have at least seven players and not more than ten. The names of the teams must be entered by September 19. There will be a bulletin stating where the teams are to turn in a list of their members.

These teams are not only for the boys but the girls are encouraged to organize and participate.

The touch football games will start September 24 and the cross-country racing will begin September 25.

Students not participating are urged to turn out and take part in the sideline activities.

## Change in rules limiting practice hard on Aggies

Rule changes that have cut down the amount of pre-season practice to two days are expected to hurt the "Aggies" chances for a winning season in 1963.

Coach Ladd explains it this way. "We have only eleven days to practice before we play our first game. Our first two opponents N.M.M.I. and Cameron will have 3 weeks, one of these weeks will be two-day practices. Add to this the fact that these teams have larger coaching staffs, more scholarships, and can use transfers and can see what the Aggies face in their first two games this season. Both teams are currently rated in the top twenty Jr. College teams in the nation."

"The only thing about playing tough teams early in the season is that these games help to prepare you for the coming conference race."

Hey, Sophomores! Let the Freshmen know the good word: Music is a Must at Murray

"Getting down will be easier!"

## College farm production down due to dry year

Production of hay and grain on the college land is somewhat lower for 1963 due to droughty conditions existing throughout portions of the crop year.

Severe cold weather destroyed much of the stand of winter oats and barley, thus reducing yields considerably. Also, another major factor causing yield reductions was lower than normal spring rainfall which is very important for high production from winter crops.

Corn and milo grain prospects are fair in spite of the dry, hot conditions which have existed during the growing season. Corn harvest has just gotten underway and is figured to be at about 20 bushels per acre. Milo prospects are somewhat brighter with estimates of 2000 pounds per acre. A major problem with milo production has been destruction of the crop during maturity by blackbirds.

Alfalfa hay prospects were generally good through the first half of the growing season, then dry weather cut production sharply. However, it is expected that last cuttings will approach the average.

Prairie hay production yielded normally. Sufficient amounts are in storage for use in winter feedings.

## 'Star Farmers' are among Freshmen

Two of the five 1963 Oklahoma Star Farmers have enrolled as freshmen students at Murray State College.

Carl J. Jarboe, Lexington, is the Star Farmer representing the Central Oklahoma District. Son of Mr. and Mrs. Carl Jarboe, he has an outstanding F.F.A. record and was top vocational agriculture student at Lexington.

Charles L. Hartin, Madill, represents the Southeastern District as Star Farmer and is the son of Mr. and Mrs. F. L. Hartin. His livestock is valued at more than \$15,000.

Also, Johnnie Lee Cope, Macomb, and Paul West, Lexington, who were recipients of 1963 Junior Master Farmer Degrees plan to attend Murray State College.

## Science Club has many benefits for those who join

The student with an interest in science, whether as a hobby or career, is urged to join and participate in Science club activities. According to the club constitution, students taking one or more science courses are eligible for membership. Club dues are fifty cents per semester.

Possible benefits for active members include such items as a trip to a meeting of the Oklahoma Academy of Science, meeting with one or more visiting consultants in some professional aspect of science, field trips to installations of technical or applied science, attendance at an outstanding science symposium, and motion pictures of scientific activities.

Elective officers of the Science Club include a president, vice-president, secretary-treasurer, student senate representative, and club reporter. These officers have an opportunity to gain experience in group leadership which should benefit them during and after college.

## Drama club to give famed comedy; you can be on stage

"Arsenic and Old Lace" by Joseph Kesselring will be the first three-act play presented by the Murray College Drama Club for the 1963-64 school year, according to Mr. John Fletcher, club sponsor.

The play is a comedy with 14 characters. The entire action of the play takes place in the living room of the Brewster sisters in Brooklyn. The plot of the play involves two, sweet, little ladies, their zany nephews, the police, and twelve anonymous gentlemen. Try-outs for these parts will be announced later and also the time of the club meeting will be announced.

"Mortimer, a dramatic critic, is shocked one afternoon to find a 'nasty' in the window-seat. He immediately blames his 'nutty' brother, Teddy, for the crime but as things turn out it is his little, old aunts, Abby and Martha Brewster, who are guilty of the crime. It seems that the aunts enjoy serving wine seasoned with arsenic to misfortunate gentlemen. Teddy, who thinks these gentlemen were victims of Yellow Fever, burys them immediately in the basement.

"At the time that Mortimer makes this discovery, the little, old aunts have put twelve men out of their misery and are planning on adding to their list. Then things get complicated when Teddy's and Mortimer's brother, Jonathan, and his friend, Dr. Einstein, turn up with the police right after them."

The Drama Club is open to all students. During the year it will present for the student body two three act plays and several one act plays. Students who are interested in acting or backstage work are encouraged to join and help with productions.

## Health insurance plan is available for all students

A representative of the Blue Cross and Blue Shield Insurance plan will be on the Murray campus September 2nd and 3rd to discuss with students the newly designed Students Benefits Program. The plan is designed especially for students of Oklahoma colleges and universities.

Any full-time student, enrolled for 12 or more semester hours in any accredited Oklahoma college is eligible to join the program. Dues for Blue Cross-Blue Shield will be \$24.00 per year, payable \$12.00 semi-annually.

## Two get Colvert scholarship awards

Tuition scholarships for the 1963-64 school term have been awarded to Charles Cail, sophomore from Mannsville, and Bob Szenasi, freshman from Madill, according to Mr. Dale R. Gunn, Personal Manager of Colverts Dairy Products Inc., Ardmore, Oklahoma. Both of these boys are interested in the field of dairy work.

## REHABILITATION REP TO BE ON CAMPUS

Mr. Clyde Pettie, Area Representative for the State Vocational Rehabilitation Department, will be on the Murray campus September 3 and 4th.

Mr. Pettie will be in the Registrar's Office on these days to consult with any student who now has assistance from the rehabilitation program, or any student who may qualify for this program.

## Aggielite wants your news items

The Aggieelite Staff encourages all campus organizations, after they have been formed, to turn in all news to the Journalism Department. The staff wishes to point out that all organizations are invited to turn in news stories or tips, and that only the news of which we are aware can be printed. Your co-operation will be appreciated by the Staff.

## Yearbook pictures to be taken soon

Individual pictures of all freshman and sophomore students for the Tribesman will be taken on September 9, 10, 11. It has been announced by John Fletcher, year book sponsor. Freshman students will be taken from English sections to have pictures made and sophomores by arrangements to be announced later.

Boys are required to wear white shirt with tie and dark coat. Girls should wear light colors.

All students are required to have pictures made. These pictures are not only used for the year book but also are placed in the students' permanent folders. These pictures may be purchased from Mr. Alloway at the following prices: 8x10—\$1.25 or \$1.50; 5x7—\$1.00; 4x5—50c; 8 billfolds, \$1.50.

Lewis Parkhill is editor of the 1964 Tribesman and David Ralston is assistant editor.

## Business Closed

Most Tishomingo business firms will be closed Monday in observance of Labor Day. Charlie O'Dell, chamber of commerce president, announces. Schools and some service establishments will remain open.

MURRAY ANGEL FLIGHT: Selected volunteer coeds at Murray are members of the Angel Flight. This unit, associated with the AFROTC Program, performs precision marching at college activities. Interested coeds should apply in the AFROTC office.

## Got some rhythm? Then music groups surely for you!

Like to sing in the shower? Got a piccolo packed in your bottom bureau drawer?

Now is the time to take stock of all your musical and rhythmic talents and join the conga line beating a path to the most excitement and fun you ever had in all your lil ole born days!

The glamour of footlights and spotlights, too; caroling parties; trips away, (maybe to your home town!) jam sessions deluxe, and a Hootenanny just for kicks!

How to? Join one of the several up and

coming music groups on campus! Here's a few: Quartets, Trios, the Swinging 16; Dance Band, Women's Choir, ROTC Chorus, and others.

## O. U. engineering dean will speak

Dr. Gene Nordby, Dean of the College of Engineering, University of Oklahoma will present a talk at 11 a.m., September 11, in the college auditorium. He will discuss the opportunities and advancements in engineering and the physical sciences. Dean Nordby will use a color slide presentation of research in engineering and physical sciences at the University of Oklahoma.

## New faculty —

(Continued from page 1)

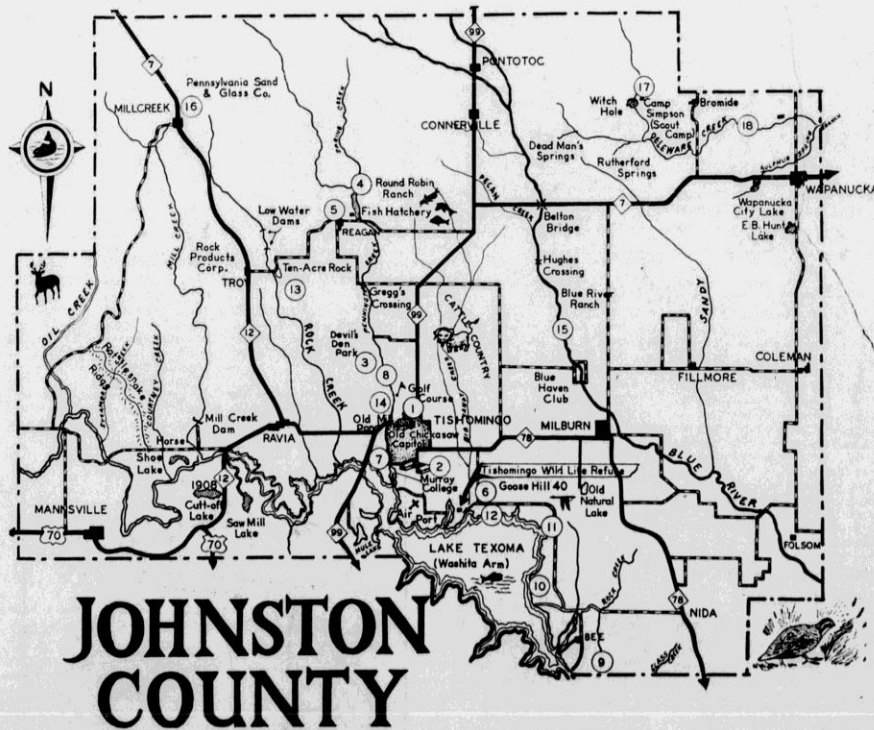

and East Central State College. He will complete requirements for the Master of Teaching degree in January. His home is Weleetka, Oklahoma.

Mr. Wood taught in the Madill and Wilburton schools three years each, and was employed the past year by the Konawa Public School, Konawa, Oklahoma.

He is married to the former Miss Sue Kerr of Warner, Oklahoma, and their daughter, Teresa Ann, is six months old. They attend the Church of Christ.

Have a horn? Blow and go with the Murray Band!

## RECREATIONAL & HISTORICAL POINTS OF INTEREST

STUDENT SENATE OFFICERS and sponsor are busy looking over plans for the year. Seated left to right are: Lewis Parkhill, Mannsville, president; Lloyd Goss, Sponsor; Wanda Clark, Idabel, secretary-treasurer. Standing is Larry Heard, Roff, vice-president.

## Freshmen meet; Mathis elected class president

Danny Mathis from Hugo was elected Freshman class president for the 1963-64 college year at the organizational meeting, September 10.

Other officers elected were John Dennis, Sulphur, vice president; Floy Silger, secretary; and Mary Puncan, reporter. Fred Willis was elected Student Senate representative.

A financial committee was appointed to make plans for the Freshman float for the homecoming game. Members of the committee are Danny Mathis, John Dennis, Kay Mayberry, Gilbert Sanders, and Kerry McKee.

The next class meeting will be Monday, September 23.

## Students, beware of too many activity points

It has been brought to the attention of the Aggieelite Staff that many students in various clubs, organizations, and offices have and exceed 30 activity points. According to Article IX, Bylaws VI, of the Student Body Constitution, no student may have more than 30 activity points. Failure in any subject reduces the number to 15 points. When elected to an office, you must register with the secretary of the Student Senate and Dean of Students. This must be done by the fourth week of the first semester. Everyone watch those activity points and those grade points. Strive to excel in one activity rather than be average in three or four. If you have 30 activity points or more, please submit a resignation in the ones you have least interest in and give someone else a chance to gain leadership ability. Remember when activity points are too high, grade points are usually too low. Let's make this school a place of learning for as many as we can. —AN.

Now is the Hour: Join a campus music group. You'll be glad you did!

## Murray students participate in variety show

Several Murray students participated in a variety show sponsored by the Business and Professional Women's Club, Thursday, September 19. The theme of this show was "Time Marches On."

Tom Wood, Public Relation officer and Journalism instructor at Murray, served as Master of Ceremonies. Mrs. Margaret Lokey served as accompanist to all vocal music.

Soloists from Murray included Kerry McKee, Tishomingo, who "played" a southern belle; James Leon Davis, Hot Springs, Arkansas; and James Wheeler, Earlsboro, who represented a troubadour.

A group from Murray College, called the Balladiers, also sang. This group consists of Ronnie and Lonnie Mayo, Patrolia, Texas, and Jerry Jimenez, from Taft, Texas. Several of the boys from the men's glee club participated in the "Hootenanny" part of the program.

Major Billy J. Carter of the ROTC department, and Mr. Harold Winburn, engineering instructor, appeared in the "World War II" portion of the program. Michael McCauley, Menands, New York, and Don Reed, Duncan, were part of the color guard.

## Women's Sextet plans activities

The Women's Sextet has been selected from the college choir by Mrs. Margaret Lokey, director of vocal music. This group is composed of two first sopranos, two second sopranos, and two altos.

The two girls to sing first soprano are: Beverly Hitt, Ardmore; and Kay Mayberry, Elmore City. Those selected to sing second soprano are: Kerry McKee, Tishomingo; and Marilyn Hamilton, Wapanucka. The altos are: Billie Sue Heffington, Tishomingo; and Patsy Belcher, Wapanucka.

This group will represent the college at various programs and assemblies during the year.

Say it with Music: Join the Band!

## Auto rally to be held today, prizes offered

An Auto Rally sponsored by the Engineering and Technology Club is to be held today. Cash prizes of \$10, \$7, and \$5 will be awarded to the first, second, and third place winners.

The rally is not a race, but a prescribed course to be driven in a given time which involves the ability to follow directions and to drive a car with precision and skill.

Each contestant will be given a set of instructions which will include directions and the time limits making it possible to calculate the speed at which to drive. At various places unknown to the contestants there will be checkpoints at which one must stop and check in. The winner will be the person who comes closest to the prescribed time in traveling the course.

Rules, regulations, and a summary of the course may be obtained from Mr. George Calvert or Norby Williamson.

## Honor Society plans assembly

Phi Theta Kappa held its first meeting of the year Monday, September 2. At this meeting, the members selected the officers who will serve the organization for the 1963-64 school year.

Gary Bob Barnett, Ardmore, was elected president; Ernie Sykora, Greenville, was elected vice-president; Nancy Lumpkin, Ardmore, was chosen as Secretary-treasurer; and Wendyl Hambrick, Ardmore, as Student Senate representative. Faculty sponsor for the organization is Jack Ridley.

At a second meeting, held the following day, the group discussed plans for the year. An inflation assembly for the new members was set for October 8.

In order to be eligible for Phi Theta Kappa, students must be in the upper ten percent of the student body.

Need confidence and poise? Statistics show a student participating in music gains these qualities plus many more!

Are you an Intellectual? An intellectual is a person who can listen to the "William Tell Overture" without thinking of the Lone Ranger! Go Music!

## BULLETINS

All cars must be registered for the first semester according to Mr. Ray Cleveland, Dean of Students. Deadline for registration is Friday, September 27, and fines will be assessed beginning Monday, September 30.

All students must purchase Student Senate Special Services Activities cards by Friday, September 27. All students who have not purchased one of these cards will not be allowed to participate in Special Activities sponsored by the Student Senate, according to Mr. Ray Cleveland, Dean of Students. The price of the cards is \$3.25. Cards may be purchased in the business office.

## Many activities set for Homecoming October 3

Gary Bob Barnett

## Barnett to be Cadet Colonel, others selected

Cadet officers for the 20th AF-ROTC group have been selected for the first semester of the 1963-64 school term.

Gary Bob Barnett, Ardmore, was chosen for the office of Cadet Colonel, which is the highest office. Larry Heard, Roff, holds the office of Lieutenant Colonel.

Cadet Majors are: Ernest Sykora, Greenville, Operations Officer; Thomas Bohannon, Maud, Administration Services Officer; Kenneth Jensen, Ardmore, Personnel Officer; Donald Reed, Duncan, Inspector; Lewis Parkhill, Mannsville, Information Officer; David Ralston, Ardmore, 40th Squadron Commander; Ronald Alexander, Wilson, 41st Squadron Commander; Mickey Davenport, Okmulgee, 42d Squadron Commander; Glen Dilbeck, Sulphur, 43d Squadron Commander; Michael McCauley, Menands, New York, Drill Team Commander; and James Wheeler, Earlsboro, Band Commander.

Those holding the rank of Cadet Captain are: James Staton, Yuba; Carey Lambeth, Norman; Carl Reed, Grady; Phillip Ross, Sulphur; Dennis Maxwell, Norman; Nolan Arthur, Perkins; Jerry Winchester, Maysville; Wendyl Hambrick, Ardmore; Roy Cail, Mannsville; Nicholas Petro, Phoenixville, Pennsylvania; Dale Runyan, Sulphur; Jess Cotter, Sulphur; and Ronald Mullens, Durant.

Cadet First Lieutenants are: Geary Wallace, Waurika; Lloyd Smith, Choctaw; Thomas Linam, Duncan; Charles Carl, Mannsville; Thomas Barber, Madill; Ralph Lacey, Oklahoma City; and Terry Schultz, Oklahoma City. To become officers, these boys attended a leadership school held during the last semester of last year. The Cadet Colonel is chosen by the ROTC instructors. The staff is then selected by the Cadet Colonel with recommendations from the Air Science instructors. The staff then selects the rest of the officers.

The swiftest crew at MSAC is found where you hear the sound of Music!

A parade, reception for parents, pep assembly, dance and game will be the main attractions for the 1963 Murray Homecoming to be Thursday, October 3.

The parade of floats will start off the activities at 2:30 p.m. in downtown Tishomingo, and will be assisted by high school bands from towns in the Murray area. Theme for the floats will be Famed Historical Events, and prizes of \$5, \$10 and \$15 will be awarded to the three best floats. Maximum cost of decorating the floats has been set at \$20 by the Student Senate. All organizations which plan to display floats must turn in the subjects of their floats to Lewis Parkhill, Student Senate president, by September 27.

Two of the Homecoming activities are scheduled to take place in the Student Center Ballroom. A reception for parents sponsored by the Student Senate and Faculty Dames will be held in the ballroom at 6 p.m., and the Homecoming dance be held there from 10 until 12.

A pep rally will be held at the North end of the football field at 7:15, and all Murray students are urged to attend.

The Homecoming game at 7:30 p.m. on Murray Field will see the Aggies facing Eastern A&M. One of the special halftime events will be the crowning of the Football Queen.

All in all, the 1963 Homecoming activities are expected to highlight the Murray college events of the year.

## Sophs elect class officers for new term

The sophomore class met Tuesday, September 17, and elected officers for the 1963-64 college year. The officers are: Phillip Pass of Glencoe, president; Terry Smith of Wynnewood, vice-president; Patsy Belcher of Wapanucka, secretary-treasurer; David Ralston of Ardmore, Student Senate Representative; and Wanda Clark of Idabel, reporter.

The class also selected their candidate for Homecoming Queen. Miss Nancy Lumpkin of Ardmore was their choice.

## College hogs are chosen for fairs

The Murray State College Agricultural Department has assigned several of their registered Yorkshire Boars and Glits to the Oklahoma Swine Breeder's Association Annual Fall Sales held in conjunction with the Oklahoma City and Tulsa Fairs. Two boars and two glits are consigned to the Oklahoma City show and one boar and two glits are consigned to the Tulsa Show. These pigs will be shown for sale order at Oklahoma City on Thursday, September 26 and at Tulsa on Thursday, October 3.

Phillip Muller and Mike Hunter are in the process of fitting and grooming the hogs for the shows. Phillip and Mike will also have the responsibility of showing the pigs for sale order.

### WHERE HAVE OUR PARKING SPACES GONE?

Attention, all students who have cars on the campus! The improper manner in which most of you are parking your cars is fast becoming a major problem. In addition to presenting a spectacle which is ridiculous, it can also lead to minor accidents.

This manner of parking would undoubtedly impart to anyone visiting Murray the idea that the whole campus is lacking in order of any sort. And, if first impressions are strongest, the visitors are likely to go away feeling the same way.

With the parking in its present condition, it is often the case that one car occupies enough space for two. Not only does this take up a great deal of the parking space with only a few cars, it also makes it hard for the person who has parked correctly to back out.

Most of the major universities have found improper parking to be such a problem that they have been forced to pass a ruling which does not allow freshmen to keep a car on campus. Certainly this would seem harsh at a junior college, nevertheless the situation merits some type of action.

While dwelling upon the subject at hand I would like to remind students that all cars on campus must be registered and given a parking permit. After September 30 the owners of all cars which are lacking this permit will be fined.

It has been said, and with a great deal of truth, that to present a problem in this manner and stop without giving a remedy to such a problem is useless. This is certainly true in this situation. In this particular case the answer lies entirely in the hands of you, do your part to help. It is not perfection which is being asked for, merely a sincere effort on the part of all car owners. The decision is in your hands.

### GRAD OFFERS CONGRATULATIONS

Now that you have become better acquainted with college life, I would like to congratulate each of you on choosing Murray State as the college to continue your education.

You will find that the college staff and faculty are interested in each of you and each member will always be ready to help solve your problems.

The college has undergone great growth and development the past year. It's up to you to grow with this fine institution. You will become better acquainted and enjoy college better if you will participate in the activities.

I wish it were possible for me to meet each of you personally. Realizing I can't, I wish you the best in life, success and achievement at Murray State.—W. B. Daugherty, Past Editor of THE AGGIELITE.

## Barber heads Baptist Union

No doubt each of you students have seen at least one sign inviting you to come to B.S.U. There are probably many of you who haven't the slightest idea what this is or what it is for.

B.S.U. stands for Baptist Student Union. Although it is composed primarily of Baptists, students of all denominations are welcome to attend.

B.S.U. meets twice weekly, on Tuesday and Thursday nights at

6:30, for 30 minutes. These meetings are held in the basement of Bessie Poe Hall. A "getting to know you" social is being planned for November 30. Everyone is invited to attend. The social will be held at the First Baptist Church of Tishomingo.

Officers for this year are: president, Tommy Barber, Madill; vice-president, Patsy Belcher, Wapanucka; secretary-treasurer, Judy Matheson, Ardmore; devotion chairman, Philip Fuss, Glenco; missions chairman, Jerry Race, Tishomingo; social chairman, Shirley Griffith, Roff; and enlistment chairman, Gregory Cupp, Oklahoma City.

## Have guitar, will travel

Hey! Murrayites, have you heard the latest attraction and addition of the Murray music department? The Balladiers! A ballad-singing trio made of three Murray students—Gerardo Jimenez, Lonnie Gene Mayo, and Ronnie Dean Mayo.

The Balladiers appeared at the Marshall County Fair Friday, September 13, and sang on KM-AD at 4:15. They sang "Worried Man", "Roving Gambler", and "This Land is Your Land".

Gerardo or Jerry, as many of the students know him, is a sophomore from Taft, Texas. His major here at Murray is Sociology and plans to work with social problems in Texas. He lists his activities here at Murray as a member of the Balladiers, ROTC Choir, and full time work with Mr. Udergraf.

When asked for some information about himself, Jerry stated he wears a size 7½ shoe, has a dog named Bullet (he watched Roy Rogers on TV once), watches Howdy Doodly and Flintstones on TV, and enjoys listening to records as a pastime. Jerry lists his favorites as: food—enchiladas, tacos, tamales, chalupas, and tostadas; color—no particular one; actress—Gina Lollobrigida; hobby—playing and singing; song—"Where Have All the Flowers Gone"; singer—Harry Belafonte, Kingston Trio, and Coco Sanchez.

In high school, Jerry said he just went to classes, didn't play hookey, and never told a lie. He was on the honor roll and participated in track and baseball.

The twins, Ronnie and Lonnie, are freshmen from Petrolia, Texas. (It looks like the Texans are trying to stick together.) It seems like these two are very much alike with their likes and dislikes. For three years, these two have been singing on radio and TV and appearing at many banquets. They both play many instruments. (Not sure, but I heard around six or eight.) Here at Murray, Lonnie and Ronnie are active in the men's chorus, intramural sports, and other musical programs. In high school, they participated in baseball, basketball, tennis, and barbershop quartets.

When asked their favorites the following answers were given: color—blue; food—steaks; singers—Kingston Trio; actor—James Stewart; actress—Doris Day; pet peeve—people who don't like their singing.

The only things the twins disagree on are: their girls friends, whether to be left or right handed, and whether to wear glasses or not.

The Balladiers will be singing together all year and will be going to many schools and appearing on radio and TV for the college.

Minds are like parachutes—they only function when open. If a customer comes in without a smile, give him one of yours.

"Doctor, your eyes are bothering me!"

## SPOTLIGHT

Wanda Clark

Lewis Parkhill

The two students who are first in the spotlight this year are perhaps the busiest two on the campus. This could be because they hold two of the "busiest" offices.

First is Wanda Clark from Idabel. Wanda is a sophomore majoring in English. The "busy" office is that of secretary-treasurer of the Student Senate.

Wanda is also a member of the Angel Flight and Annual staff. She is a member of Phi Theta Kappa and Home Ec Club. She carries a part-time job in the library, and is feature editor of the Aggielite.

While a student at Gray High School in Idabel, Wanda worked on the Annual Staff. She was a member of the Future Teachers of America and Future Homemakers of America. She held the office of FHA President during her junior year. She was also a member of the pep club.

She worked with the doctors of McCurtain County on a rheumatic heart prevention campaign.

Wanda says her favorites are: food, shrimp; color, blue; hobby (besides boys), more boys; song, I Love You Because; singer, Elvis Presley; actor, Vincent Ed.

## Sulphur freshman is president of Swine Association

Mike Hunter, a Freshman from Sulphur, has been chosen as president of the Murray County Swine Breeders Association. This is an important office that seldom goes to one so young. Mike, who lives two miles north of Sulphur, is one of the major swine breeders of Murray county. He also raises cattle.

While at Sulphur High School, Mike was very active in the Future Farmers of America and held the position of both president and vice-president. He was also welding instructor. Besides FFA activities, Mike was vice-president of the student Council.

At Murray, Mike is continuing his agricultural work. He is a member of both the Aggie Club and Rodeo Club, represents the Rodeo Club on the Student Senate, and is also a member of the science Club.

After leaving Murray, Mike plans to go to O.S.U. and continue his agriculture major.

## Charlie Walker heads Lucas hall

Monday, September 16, the boys of Haskell Lucas met for their first dormitory meeting and for the purpose of electing officers. The following boys were elected: Charlie Walker, Wewoka, president; Wendy Hambrick, Ardmore, vice president; and Nick Petro, Phoenixville, Pennsylvania, secretary-treasurer. Elected to the disciplinary committee were: Charlie Walker, Wewoka; Nick Petro, Phoenixville, Pennsylvania; Wendy Hambrick, Ardmore; Tommy Linam, Marlow; Lloyd Smith, Choctaw; Kenneth Huffman, Blanchard; Johnny Wilson, Tulsa; Nolan Arthur, Perkins; J. T. Cotter, Sulphur; and Phil Ross, Ardmore.

A monthly due of twenty-five cents will be collected in order to purchase medical supplies, equipment for the game room, snacks, and to pay for the Haskell Lucas Christmas party.

# SPORTS

## New cheer leaders have pep, steam, will support team

"Keep those movements stiff." "Jump higher." "Oh, I can't move a muscle in my body." "Yell louder." "Push it! Push it!" These are just a few of the comments that may be heard from this year's cheerleaders. It seems that their practices have been almost as rough and tough as that of the football team. (Well, I did say almost.) In order to represent Murray State, the cheerleaders have been practicing long hours to accomplish yells that will lead the boys on to victory and boost the morale of the students.

Cheerleaders for the 1963-64 year are: Janie Hudson, Julie Parkhill, Kerry McKee, Floy Sliger, Kay Mayberry, Beverly Hitt, and Nancy Lumpkin. The mascot for this year is Gilbert Sanders.

Janie Hudson, the daughter of Dr. and Mrs. Hudson of Tishomingo, is a freshman majoring in general education. At Murray Janie is a member of the Student Senate, Murray band, Goal Diggers, and the Angel Flight.

Majoring in secretarial administration and a freshman is Julie Parkhill, daughter of Mr. and Mrs. Harvey Parkhill of Mannsville. Besides being a cheerleader and a member of the Goal Diggers Club, Julie is a member of the Angel Flight.

Kerry McKee, daughter of Dr. and Mrs. Freeman McKee of Tishomingo, is a freshman elementary education major. She is a member of the Angel Flight, Drama Club, Annual Staff, Goal Diggers Club, the Girls' Sextet, and the Girls' Glee Club.

Another freshman majoring in secretarial administration is Floy Sliger, daughter of Mr. and Mrs. A. G. Sliger of Lebanon. She is a member of the annual staff, Drama Club, and Goal Diggers Club.

Our fourth and final freshman is Kay Mayberry, daughter of Mr. and Mrs. John C. Mayberry from Elmore City. Kay is majoring in secretarial administration and is a member of the Girls' Sextet, the Girls' Glee Club, and the Goal Diggers Club.

Beverly Hitt, daughter of Mr. and Mrs. Gordon Hitt of Ardmore, is a sophomore journalism major. She is a member of Phi Theta Kappa, Goal Diggers Club, Angel Flight, Drama Club, Student Senate Representative, assistant editor of the *AggieLITE*, the Girls' Sextet, and the Girls' Glee Club.

Majoring in education is sophomore Nancy Lumpkin, daughter of Mr. and Mrs. Bill Lumpkin of Ardmore. Nancy is a member of the Drama Club, Angel Flight, Phi Theta Kappa, and the Goal Diggers Club.

The Aggie mascot, Gilbert Sanders, is the son of Mr. and Mrs. Richard A. Sanders, Jr., Oklahoma City. A freshman at Murray, Gilbert is majoring in pre-law and is a member of the ROTC, Science Club, and the Goal Diggers Club.

The only sure thing about luck is that it will change.

A committee of one gets things done.

Instead of learning the tricks of the trade, why not learn the trade?

Another way of getting the wrong number . . . ask a woman her age.

## Pep Club elects Haney president

The first meeting of the Murray State College Goal Diggers Club took place on Monday, September 9. First on the agenda was the election of officers and cheerleaders. Elected as the officers for the 1963-64 year were: Frances Haney, president, sophomore; Oney; Barbara Eyes, vice president, freshman; Atoka; Ola Mae Lamey, secretary, sophomore; Fillmore; Janie Hudson, Student Senate Representative, freshman; Tishomingo; and Sue Harrison, reporter, freshman. Terral.

Kay Mayberry, freshman, Elmore City; Kerry McKee, freshman, Tishomingo; Floy Sliger, freshman, Madill; Janie Hudson, freshman, Tishomingo; Beverly Hitt, sophomore, Ardmore; Nancy Lumpkin, sophomore, Ardmore; and Julie Parkhill, freshman, Mannsville were selected as the cheerleaders. Appointed as the Aggie mascot was Gilbert Sanders from Oklahoma City.

Plans are now under way for a trip to O.M.A. which will include a pep rally immediately before the game. The Goal Diggers will also be sponsoring a bonfire and numerous pep assemblies during football season.

Anyone interested in supporting our athletic department and promoting school spirit is urged to join the Goal Diggers. If interested, contact Frances Haney or Ola Mae Lamey.

## Murray instructor returns to campus

A familiar face has returned to Murray campus. It is none other than that of Mr. Clyde Hall, business instructor and Murray's "Teacher of the Year". His absence was due to an eleven day period spent in Mercy Hospital which is located in Oklahoma City. He received abdominal surgery while in the hospital, and due to the seriousness of this operation he was confined to his home for 16 days.

Welcome back, Mr. Hall.

## Ex-Aggies attend East Central

Arthur Guess and Phil Edgmon, two former Murray football players, will be playing for the East Central State "Tigers".

Arthur Guess, who is five feet seven inches tall and weighs 160, is an elementary education major from Oklahoma City. Playing halfback, Arthur is expected to see a lot of action this season.

Besides being sports editor of the *AGGIELITE* while at Murray, he participated in football, basketball, baseball, and was a JUCO All-American in 1962.

Also playing for East Central and a former Murray student is Phil Edgmon from Anadarko. While at Murray, Phil participated in both football and baseball, was a member of the Murray Aggie Lettermen's Club, and was named as All-Conference line backer in 1961.

Phil, who stands five feet ten inches and weighs 185, will also be seeing a lot of action from the position of halfback.

We have the planes if you have the time!

## N.M.M.I. romps Aggies, 32 to 0

The Murray State College AGGIES ran into some hard luck against New Mexico Military Institute Saturday night, September 21, at Roswell, New Mexico, to the tune of 32 to 0.

Murray State had four passes intercepted, and had 165 yards in penalties assessed against them. Harry Boyd, starting halfback, Emanuel Cleaver, second team guard, and Larry Sandier, second team fullback, were hurt in practice last week and did not play.

The scores came on an intercepted pass, two passes and two three-yard runs.

Coach Ladd, in summing up the ball game, stated, "We felt like our mistakes cost us the ball game. But we feel that they didn't hurt us physically and they were an experienced ball club. Whenever we made mistakes they were able to capitalize on them."

## Mike King heads Murray Rodeo Club

This year's Murray Rodeo Club met Tuesday, September 9, at 7 p.m. for the first time. The first business was the election of club officers. Officers elected were: Mike King, president; Ronnie Mullens, vice president; Trent Holman, secretary-treasurer; Philip Muller, Student Senate representative; and Allen Neal, reporter. Kenny Richardson was accepted by the club as an honorary member during the meeting.

Later in the meeting the club discussed accepting the invitation to ride in the Oklahoma State Fair as a riding club. Choosing a queen to represent them at the rodeo was another item of interest brought up. The club is interested in gaining new members. This does not mean only boys, but girls are also invited to join the club. Anyone interested in joining should see Trent Holman for membership cards. Club dues are 50 cents a semester. The club meets first and third Tuesday of every month at 7 p.m. in the conference room.

The Rodeo Club and the Aggie Club had a combined meeting Tuesday, September 17, in the Library Science building. The two clubs voted to go together on electing a homecoming candidate. The clubs chose Patty Hammond to represent them. She is a very attractive freshman who is active in school activities. The two clubs also plan to build the homecoming float together. Another item of business was that of securing a truck to carry the Rodeo Club riders to the Oklahoma State Fair Rodeo to represent Murray College. The Rodeo Club decided to purchase white western shirts with "Murray College Rodeo Club" in blue lettering on the back. The clubs chose their intramural teams for the year. One more interesting thing discussed was a Howdy Day. Look for more information on this subject later.

## Trip to Roswell ends with 'bang' for cheerleaders

Four of the Murray Cheerleaders threw their outfits in a suitcase and left for Roswell, New Mexico, at 12:30. Friday afternoon. The four girls who went were Kerry McKee, Beverly Hitt, Nancy Lumpkin, and Floy Sliger. Zimmerman accompanied them.

After arriving in Roswell, they checked into the Norton Hotel. Coach Robbins had made all the necessary arrangements for them. One couldn't exactly call the Norton a "holiday inn", but they had loads of fun.

Saturday they all spent the day hunting for cheerleading sweaters. After locating their sweaters, they went on to the New Mexico Military stadium where the Aggies met the Broncos. The Aggies had some bad luck, but the cheerleaders really had an experience leading two yells in front of 750 Cadets.

The trip ended with a bang. The cheerleaders were following the bus home when the doors of the baggage compartment flew open and some of the equipment rolled out. Beverly brought the car to a halt and Kerry, Danny, and Miss Zimmerman jumped out. Then Beverly caught the bus to close them in to the loss. At this same time, Miss Zimmerman, Danny, and Kerry were traveling on the highway carrying everything from helmets to uniforms. But all in all, the whole trip seemed to be a complete success.

The Pep Club and cheerleaders are very anxious for all of the Murray student body to be present at Claremore where the Aggies will take on Oklahoma Military Academy.

## 'Paul Jones' gets ball rolling at first college dance

"Why doesn't someone hurry up and start dancing? I want to dance but I'll be darn if I'm going to start!" This very familiar sound was heard ringing through the field house the evening of September 3 as the Murray students staged their first dance of the season. It didn't take Mrs. Lokey long to quiet this cry. It seems it is harder for boys to ask girls to dance than girls to ask boys so-o-o-a ladies' choice started a small ball to rolling. The ball really got to rolling when a free-for-all Paul Jones got the boys racing around in hope that they would get to dance with the girl of their choice.

Since the field house isn't air conditioned, everyone agreed that it got rather warm doing the twist, fever or up-town, and even the two-step. It was here that Dean Cleveland came to everyone's rescue with the suggestion that the dance move to the tennis court. This idea was welcomed by all. Out on the tennis court everyone enjoyed the fresh, cool night air as the music floated across the candlelit court. It was but a few short minutes before the students were back in the swing of the dance. Even Dean Cleveland and Mrs. Margaret Lokey got into the feel of the evening after a couple of Murrayites asked them for a dance.

This was the first of many dances planned for this year and everyone present has to admit it was pretty good. Let's all turn out for the next one.

Be you bass, baritone or bassoon looter, you'll be glad you joined the Murray Music Department!

## Cameron trips Aggies, 41-0

Mistakes were costly as Cameron defeated the Aggies last Saturday night at Lawton 41 to 0. Two bad passes from center to the Aggie kicker eventually led to two of Cameron's TD's. Penalties were few during the game, but one 15 yard penalty cost the Aggies a chance for a probable touchdown.

Fullback Tom Bell of the Cameron club scored two touchdowns during the first quarter on 35 and 45 yard runs.

The second quarter was highlighted by a 59 yard touchdown pass from quarterback Dale Dodson to left end Burl White of the Cameron team.

During the third quarter Bell scored once again on a 2 yard run, and Dodson passed for the fifth TD.

The lone touchdown in the fourth quarter was made on a three yard run by the Cameron quarterback.

No major injuries were reported by either club, and the Murray coaches feel that experience gained from the first two games will better prepare the Aggies for conference play starting this week with OMA.

During the next few weeks Murray's AGGIES are going to be a very busy.

September 26, the AGGIES will travel to Claremore to do battle with revitalized Oklahoma Military Academy. Although this is the first year that O.M.A. has fielded a football team for a number of years they are expected to finish high in the conference. They have a very big team including several All-Stars.

Then on October 3, Murray runs into the team picked to win the Oklahoma Junior College Conference according to several newspaper polls. Eastern has fairly large team but are short on experienced men.

From the looks of the schedule Murray has it's hands full so everyone go out to the games and back our team! ! !

## Math department to offer prizes for solutions

Each time the *AGGIELITE* is published this year two mathematical problems will appear. A prize will be offered at the end of the year to the freshman, sophomore, and high school student who has submitted the most correct solutions. They are due at the math department office by noon of the date indicated. Sloppy or illegible entries will not be graded.

(1) A lawn is 30 by 40 feet. How wide a strip must be cut around it, when mowing the grass, to cut half of it.

(2) The beauty contest winner had a 36-23-34 figure. Although no two contestants had exactly the same measurements, the two runners-up differed less than an inch in each measurement from the winner and the waist of each was 2/3 the hips of the other. If the sum of the three measurements was the same for all three girls, what were the vital statistics of the two runners-up? (the tape is accurate only to the quarter-inch).

Deadline for entries is October 8.

Address all entries: Math Department Contest Murray State College Tishomingo, Oklahoma

## Instructors wield mops and brooms in Library clean-up

Students who relish the sight of their instructors working should have paid a visit to the library the week before enrollment. With the exception of a wary few who are rarely caught working, the faculty pitched in to help the harassed librarians and Dick Shelton, custodian, get ready for the beginning of school.

Brooms, dust cloths and mops were wielded, floors scrubbed, furniture moved, and then brooms and mops wielded again. Several inches of plaster dust were removed from books in the wake of frantic workmen trying to finish several buildings in time for school. Crews of faculty members and student helpers met each other coming and going with arm loads and shelf loads of books, some of which came to grief before finding a resting place on shelves. It was felt that occasionally a shelving worker would scramble a shelf in hopes of being "fired," but in vain. The shelving was further complicated by the fact that new shelves, index tables, dictionary and atlas stands, had not arrived.

The librarian was kept busy trying to find places to put things, and trying to keep the hard working crews from finishing their work, and wandering off in search of coffee and sustenance. While waiting for shelving to be set up in place, several faculty men were given the job of unpacking new books and matching catalog cards to them. Mr. Goss complimented the librarian on her good taste in selecting history about books outside his field, threatening to throw them away now and then.

Jack Riddle and Ed Horton proved to be a popular book moving team. With one on each end of a shelf, they could take down and rehang books over the heads of most of the other workers, without the aid of a step ladder, yet! Dr. Murray topped the clean-up job with several hours of hanging onto the business end of a wild and woolly floor buffer. He was consoled by the comment that after all, he was making as much money for that kind of work as the dean of the college.

Only those who saw the library before and after can realize the improvements. Possibly no one appreciates them more than the librarians. The east wall was moved out 24 feet; stacks of books were moved out and a glass paneled office and processing room added on the west wall, so that librarians no longer need to work on new books out of boxes in the middle of the floor. The lighting has caused much pleased comment, with the number of fixtures almost doubled, and all of them lowered several feet from the ceiling. The entire library was repainted and given a clean, new look.

When the new furniture and shelving arrive, the reading room will be divided into a periodical reading corner, reference areas, browsing and study areas.

There is a combined seminar-periodical room, and a listening room is planned. Although the library has operated with open stacks for several years, the placement of stacks in the reading room gives it more the appearance of open stacks than ever before.

So far this year the library has proved one of the most popular places on campus, being used for testing, enrollment, assembly programs, as a meeting place for dates, and even for study and checking out books. The latter

## Tetanus Deaths Unnecessary, Says AMA Health Official

Despite the outpouring of new "wonder" drugs, man's ancient enemy, tetanus, has not yet succumbed to a cure.

Even so, death from tetanus, or "lockjaw" as it is commonly called, is "almost entirely unnecessary," says Raymond L. White, M.D., Director of Environmental Medicine for the American Medical Association.

"As a disease, tetanus is completely preventable," Dr. White noted. "The only reason it persists is that people fail to get immunized, or fail to maintain their immunity. Out of sheer neglect, three-fourths of the people don't have the protection they need."

"If it weren't for medicine's continual concern over the possibility of tetanus—if practically every time a physician saw a wound he didn't take precautions against tetanus—the disease would rank much higher among human killers."

Tetanus is caused by a deadly poison emitted by certain bacteria which contaminate certain types of wounds—especially puncture wounds, or wounds with imbedded dirt.

The bacteria itself cannot survive long enough in the open air to infect wounds. But its seeds or spores can.

Tetanus spores are usually produced by bacteria growing within the air-free intestinal tracts of mammals, including man, and reach the ground in animal manure. Within the intestines, bacteria cause no harm to their host, other than to serve as factories for the production of spores.

Once on the ground the spores, which are unaffected by air, and are borne great dis-

Puncture wounds are a common cause of tetanus.

tances on the wind, can survive for as long as 11 years. Besides cultivated land, they are commonly found in household dust and the grime of city streets.

Some have even been detected in hospital operating rooms—tracked in on street shoes.

The spores in some sections of the country are nearly as common as dirt, and await only the right kind of wound to start their chain of infection.

Because of its peculiar nature, tetanus has never been a mass killer like some infectious diseases. It is, however, a vicious enemy, killing 60 per cent of those it strikes.

Development of immunity against tetanus, says Dr. White, requires a series of inoculations

—three injections four weeks apart, followed within six to twelve months by a booster dose. To maintain this protection, additional booster shots are necessary every four years.

"Protection," he said, "should begin early in life—one to two months after birth—for the scrapes and falls of childhood offer tetanus many opportunities."

"But adults need protection too. With the new emphasis on outdoor living, with accidents on the increase and with the spore of tetanus in the dust and dirt all about us, we can only look forward to an increase in this deadly disease unless we make better use of our good sense, get immunized and keep immunized."

## Home Economics Club organizes

The Home Economics Club held their first meeting Monday, September 16, and elected the 1963-64 college year officers. Those elected were Judy Matheson, Ardmore, president; Frances Harbert, Tishomingo, secretary-treasurer; Patsy Belcher, Wapanucka; Student Senate Representative; and Wanda Clark, Idabel, reporter.

The club also set the regular meeting time for 2:00 p.m. the first Monday of every month.

The members present at this meeting were: Barbara O'Dell, Freda Webb, Ola Mae Lamey, Patsy Belcher, Judy Matheson, Frances Harbert, Frances Haney, Lois Willingham, Jacquita Perry, Elaine Duff, Sue Canida, Betty Ann Harkins, and Wanda Clark. Plans and projects for the coming year were discussed and regular meeting time was set.

All girls interested in joining may see Mrs. Bill Rainey, sponsor, about gaining membership.

of the Aggileite, and Alfred Nelson, both of whom worked in the library, stopped by Sunday, Sept. 8 and again Monday. They will be sharing an apartment at Durant.

In their honor, several of last year's student librarians were invited on a small picnic given by Mrs. Mahoney. Other guests included Larry Potter, Wanda Clark and Patsy Belcher. To insure having enough food, the girls brought along their own snacks intended for their midnight repast.

W. B. writes that he is now enrolled in advanced journalism, news editing.

## Round Robin ranch ideal for picnics, say Murrayites

"Hey! come on it's time for the picnic!" was the cry heard on Murray campus the afternoon of September 5 as Murrayites made preparations for the All-College Picnic. It didn't take long for the campus to become quiet as most of the student headed for Round Robin Ranch.

Students were met at the gate by Mr. Lloyd Goss and several Student Senate members, or rather that is the way it was supposed to be. It seems Mr. Goss was a little late, as usual, in arriving. Here they had their activity cards punched.

It didn't take everyone long to get into the swing of the afternoon as games of miniature golf were started, swimmers took quick dips, skaters took falls, and sleepers stretched out for afternoon naps.

Some of the students were so eager to get into the nice, cool water, they didn't even bother to change into swimming trunks before leaving the high dive. In case you are wondering, these people (?) were Terry Schultz and Ralph Lacey.

The skating rink seemed to have been one of the popular places during the afternoon. Why did so many of the students keep falling? Oh! It was the skates. I was just wondering.

The whole area was keeping time to the music blasted forth from the juke box. Have you ever wondered how nickles or dimes a Murray student put into one?

The evening ended with sandwich supper furnished by the cafeteria staff.

## Murray movies are better than ever

For you movie fans, we have a little news concerning the movies that have been selected for this college year. We started the year with "Stranger in My Arms" and "Tammy Tell Me True". The ones to come include "The Last Time I Saw Paris" starring Elizabeth Taylor, Van Johnson, Walter Pidgeon, Donna Reed and Eva Gabor; "Love is a Many Splendored Thing" starring William Holden and Jennifer Jones; "Many Rivers to Cross" starring Robert Taylor, Eleanor Parker, Victor McLaglen, Jeff Richards, Russ Tamblyn and James Arness; and "North to Alaska" with John Wayne, Stewart Granger, Capucine, Ernie Kovacs, and Fabian.

Wait a minute fans there are more to come. We will have "Vi va Zapata" with Marlon Brando, Jean Peters, and Anthony Quinn; "The Bad Seed" starring Nancy Kelly and Patty McCormack; and "Seven Brides for Seven Brothers" with Jane Powell, Howard Keel, Jeff Richards, Tommy Hall, Virginia Gibson, and Russ Tamblyn.

Last but not least we will have "The World of Susie Wong" with William Holden, Nancy Kaur, Michael Wilding, and Sylvia Syms.

There are chances that more films may be added to this list. We hope these selections will find your approval. Movie Fans.

## Jensen is chosen to head Engineers

Ken Jensen of Ardmore was chosen president of the Engineer's Club at its organizational meeting Monday. Also elected were vice-president, Tom Barber of Madill, secretary-treasurer, Norby Williamson of Lindsey, and Virgil Kennedy of Harrah as Student Senate representative.

There were nineteen members present, who discussed plans for the Auto Rally.

The club has set its meeting dates as the second and fourth Mondays. The time will be posted. Everyone interested in engineering is extended an invitation to join.

## All work, no play for vacationing science teacher

How does a science teacher spend his summer vacation? Putting about a laboratory filled with test tubes, you say? Not so with Mr. Paul Park, head of Murray's Science Department. A portion, 16 days, of his vacation was spent wandering about the Great Southwest.

In addition to relaxation, Mr. Park also obtained many slides on such varied subjects as geological formations, plant and animal life, and the Anasazi Indian culture. These slides are being used in many of Mr. Park's classes.

On his return trip he was particularly impressed with the Capulin Mountain National Monument which contains one of the world's most perfect extinct volcano craters.

Not a bad vacation for a man whose occupation is considered by many to be dull and lifeless.

Don't be a carbon copy—make your own impressions.

A hint is frequently dropped, but seldom picked up. Gossip travels faster over grapevines than are slightly sour.

When one is wrapped up in himself he makes a small parcel. All want loud praise for a good job, silent sympathy for a poor one.

## VICTORY OVER EASTERN — See Page 3

# Homecoming events real 'cool'

## Maxwell captures grueling race against time

Perhaps you wondered what was happening in front of the library Thursday, September 25th. No, it wasn't Indianapolis come to life, it was the Auto Rally, sponsored by the Engineers Club.

In the "grueling" 33 mile race, which was more a contest of skill than speed, Dennis Maxwell captured the first place prize of \$10.00 Jimmy Allom grabbed the \$7.00 second prize and Larry Gazaway breezed into a third place finish and a \$5.00 prize. These who finished close behind, but out of the money were: Lyndall McGlocklin, Craig Vickers, Jesse Dillon, Emmet Atherton, Gregory Cupp, and Kenneth Etchison.

Mr. Calvert stated that there is a definite possibility of another Auto Rally the second semester. This rally would be held at night to make the contest more interesting and to enable a larger number of people to participate. A second chance at 'em, boys.

## Library receives bound volumes

The library has received about 130 handsome new volumes of bound magazines which were sent out to the bindery in Muskogee during the summer. These include several years' accumulation of back issues to bring the library's holdings up to date in the Sunday New York Times magazine, Popular Science, and Popular Mechanics.

Other titles received are Current History, National Geographic, Readers Digest, Science Digest, Vital Speeches, America, Parents and Today's Health. A number of news magazines were received, including U. S. News and World Report, Newsweek, and Time. Others received were Natural History, Good Housekeeping, Life and Saturday Review.

The library has an unusually good collection of bound magazines, some of which date back to the 1940's. These are an excellent source of reference material for reports, speeches, term papers, etc.

## OSU officer inspects Murray Cadet Corps

Colonel James D. Barry, Professor of Air Science at Oklahoma State University visited here Monday, September 30. Colonel Barry was here on his biannual visit in which he reviews and observes Murray's ROTC program. According to Major Billy J. Carter, Commander of Murray's ROTC program, Colonel Barry was extremely pleased with the Leadership Laboratory and with the status of training here at Murray.

## Scholastic group holds initiation for new members

Phi Theta Kappa National Honor Society held an assembly today at 11 a.m. to initiate new members. This was a formal ceremony in which the new members are given a "white flower of purity" and a "torch of wisdom". White roses and candles were used. The members then received membership cards that insure lifelong membership.

In order to be eligible to join Phi Theta Kappa, each student must be in the scholastic upper ten per cent of the student body. Personal traits, such as integrity and honesty are also considered.

## College livestock test is underway

Forty-six livestock breeders from Oklahoma, Texas, and Kansas have consigned and delivered 105 bulls to the Ninth Annual Murray College Beef Performance Test. The following breeds are represented: Horned Herefords, Polled Herefords, Angus, Red Angus, Brangas, Charolaise, Charbray, Santa Gertrudis, and Milking Shorthorns.

Following a warm-up period of 21 days, these bulls will be officially weighed on test October 10 and 11. The test will cover a period of 140 days with periodic weigh periods every 28 days. To qualify for Performance Registry International recognition, these bulls must have weighed a minimum of 475 pounds at 205 days of age, gain a minimum of 2.6 pounds or better. These standards represent very good performance and many of the bulls will excel these standards.

The bulls will be on self-feeders during the test. The test ration formulated by the feed committee will be mixed by Comet Feed Mills, Ardmore, Oklahoma.

At the end of the test all of the bulls which qualify will be eligible to sell in the Performance Tested Bull Sale scheduled for March 14, 1964. If 70 per cent of the bulls gain 3.00 pounds per day, then only the 3.00 pound bulls will be eligible to sell in the sale. This sale represents an excellent opportunity for the livestock producers to obtain herd bulls that have official performance records behind them.

## BULLETIN

A 12% overall increase has jumped Murray's enrollment to 382 in comparison to last year's 344. The female enrollment has moved from 58 last year to 81, for an increase of 37%. Murray's male population has increased approximately 5% over last year's total of 284, to 301.

## BULLETIN

Dr. Freeman McKee, President of the college, and Dr. Richard Murray, Academic Dean, attended the annual convention of the Council of North Central Association, Junior colleges. This convention was held October 6-8 in Mason City, Iowa.

QUEEN OF 1963 HOMECOMING, Janie Hudson, Freshman student from Tishomingo, was crowned Homecoming Queen at halftime ceremonies during the Murray-Eastern Game. Miss Hudson was selected from a group of eight candidates, and was crowned by Lewis Parkhill, Mannsville, President of the Student Senate.

## Members selected for ROTC Band

Members of the R.O.T.C. band have been selected for the 1963-64 college term, according to Major Billy J. Carter, Detachment Commander. The Murray College R.O.T.C. band is a support unit for the Air Force R.O.T.C. detachment.

Members of the ROTC band are as follows: Major James Wheeler, Earlsboro; Captain Nick Petro, drums, Phoenixville, Pennsylvania; Lieutenant Ralph Lacey, alto saxophone, Oklahoma City; Lieutenant Terry Schultz, baritone saxophone, Oklahoma City; Sergeant Rex Caughron, trumpet, Tulsa; James Preston, bass horn, Dallas; Larry Gazaway, drum, Wilson; John Monroe, bass horn, Idabel; Gary Fisher, baritone saxophone, Oklahoma City; Bill Duff, saxophone, Madill; William Massey, trumpet, Madill; Randy Key, baritone saxophone, Tishomingo; and Robert Hackney, baritone saxophone, Davis; Gilbert Jenkins, trumpet, Sulphur; Lynn Johnston, drums, Tishomingo; Ben Smithson, bass horn, McAlester; Jim Carter, trumpet, Olney; Earl Sutter, clarinet, Atoka; Dan Gibson, trumpet, Tishomingo;

Willie Allison, trumpet, Oklahoma City; Phillip Rader, Atlanta, Georgia; Forrest Pever, flute, Shawnee; Don Neal, trumpet, Davis; Ernest Duff, trumpet, Madill.

Also in the band are Russell Wells, El Paso, Texas; Tom Nelson, Wichita Falls, Texas; Don Williams, Decatur, Texas; Bruce Love, Nowata; and Harold Taylor, Oklahoma City.

## Baptist students attend retreat at Falls Creek

The Baptist Student Union of Murray joined with the B.S.U. of Southeastern State College in Tishomingo to loaned their cabin to the B.S.U.'s and the State Baptist Student Union paid all expenses.

The B.S.U. of Eastern A.M. College was also there.

## Janie Hudson is chosen as Queen of event

Janie Hudson, Tishomingo freshman and queen representative of the ROTC Officers' club, was crowned 1963 Murray Homecoming Queen last Thursday night at half-time ceremonies of the Murray-Eastern game which resulted in a 6-0 win for the Murray Aggies.

Attendants for the queen were: Patty Hammond, Norman freshman representing the Aggie Club; Martha Givins, Moore freshman representing the Music Club; and Ramona Hertel, Fillmore freshman representing the Engineering and Technology Club.

Kathy Robbins, daughter of Coach Gene Robbins, presented the queen with a bouquet of red roses. Crown bearer was Gregory Cleveland, son of Ray Cleveland, Dean of Students. Miss Hudson was crowned by Lewis Parkhill, President of the Student Senate.

After being driven onto the field in new 1964 cars furnished by the Tishomingo Motor Company and Huthchens Chevrolet, the queen and attendants were escorted by the president of the club which they represented.

The ROTC drill team, under the leadership of Major Michale McCauley, formed a vee as a background for the coronation of the queen.

The drill team, with the Angel Flight, also performed in the pregame ceremonies, forming a line on each 45-yard line, through which the Murray football team passed as the players were introduced. As the colors were presented, James Davis from Little Rock, Arkansas, sang the National Anthem.

The homecoming parade was held Thursday afternoon at 2:30. Leading the parade was the ROTC Color Guard followed by the Angel Flight and drill team. Due to the lack of vehicles, only four floats were entered in the parade.

The winning float was the one made by the ROTC. The theme of this float was Explorer I and the slogan was "Orbit Eastern." The Music Club won second place with the theme of Lizzie Borden. Their slogan was "Axe Eastern." Third place was the sophomore class with "Not John the Baptist but Eastern." The float entered by the Aggie Club represented the pioneers with "Over the mountains or bust."

High School bands performing in the parade were Madill, Kingston and Tishomingo.

Also as a part of the homecoming activities, the parents of Murray Students were honored at a reception sponsored by the Faculty Dames. The parents were served coffee, punch and cookies by members of the Angel Flight. Approximately 150 parents were present.

Immediately following the game, there was a dance sponsored by the Student Senate. The dance featured a five-piece band from Oklahoma City called Wes Reynolds and the Houserockers. About 250 people attended the dance.

### PLENTY OF ACTIVITIES ON MURRAY CAMPUS

"There's nothing to do around here." This phrase, once so common on campus, is seldom heard these days. The retirement of this phrase is due to the splendid amount of activities made available to the students through the efforts of the Student Senate.

This assortment of activities ranges from dances and parties to a number of excellent movies. How many other colleges can boast an equal number of student activities?

These various forms of entertainment are made available to you at a great deal of cost, not to mention the time and effort involved. In order for you to be able to take full advantage of the opportunities afforded you, a Student Special Services card is necessary. Those of you who are without this card should obtain them at once. These cards can be purchased at the business office.

Members of the Student Senate who have sponsored and made possible this fine array of programs are to be congratulated on their achievements.

### Canida is elected Patton Hall prexy

Miss Sue Canida of Tupelo was elected President of Patton Hall at the first organizational dorm meeting. Other officers are Kerry McKee of Tishomingo, secretary-treasurer and Beverly Hitt of Ardmore, social director.

Mrs. Haynes, Patton Hall dorm mother, suggested that the girls come in at 1:30 on Friday nights and at 12:00 on Saturday nights so that they would feel like going to church on Sunday mornings. The girls voted to leave it as it was and come in at 12:00 on Friday and at 1:30 on Saturdays.

The girls must have their rooms cleaned each Tuesday and Friday mornings for a room check.

## This 'n' That

Patsy Belcher

If you are interested in cold, hard facts only, dear reader, you are reading the wrong column. This 'n' That won't deal with just facts, but neither will it contain juicy tidbits of gossip. It will contain, instead, items that are of interest, but may not be considered to be newsworthy. If there are no threatening "letters to the Editor", this will become a regular column in the Aggielite.

I was very disappointed with the number who turned out for the O.M.A. pep assembly. I know it may not seem worth-while to cheer a losing team, but with the entire student body behind them, maybe the Aggies will cease to be a losing team. It probably doesn't seem worth-while to the football players to put forth every effort to win a game, either, when it seems that no-one (or very few) seems to care.

Hup, two, three, four is beginning to be a very familiar sound around campus. Almost every afternoon, the ROTC drill team, ROTC band, and the Angel Flight can be seen marching. This was especially familiar before the homecoming parade and game. The practice seems to have paid off. They're looking good!

The last week has sure been busy with homecoming activities. As soon as the queen election was over, everyone had to work like mad to finish the floats for the parade. In fact, the week was so busy that many of the clubs didn't build a float at all. The shortage of available vehicles also contributed to the shortage of floats.

The fiesta to introduce the homecoming queen candidates was a huge success. The student union ballroom was overflowing with students. They were in fact, stacked up on tables just outside the ballroom door.

The Aggie and Engineering Clubs seem to be feuding again. It seems that members of the Aggie Club "borrowed" the 5-ft. slide rule which the Engineers were using in their campaign for Homecoming Queen. "Someone" then turned out the Bulls being cared for by the Aggie Club. It's rumored that the "Someone" was an engineer.

Sing along with the guys and dolls in the College Choirs

ROTC OFFICERS CLUB present winning float. The Officers Club placed first in the Murray Homecoming parade with the theme "Origin Eastern". The Music Club placed second with their slogan of "Axe Eastern". Third place honors were awarded to the sophomore class float entitled, "Not John the Baptist but Eastern".

## SPOTLIGHT

Nancy Lumpkin

Gary Bob Barnett

First in this week's spotlite is Nancy Lumpkin from Ardmore. Nancy is a sophomore majoring in secondary education. She is best-known to most Murrayites as commander of the Angel Flight.

Besides this, she is secretary-treasurer of Phi Theta Kappa, member of the Goal Diggers Club, cheerleader, member of the Drama Club, and secretary for the Athletic Department.

While in Ardmore High School, Nancy was active in Mu Alpha Theta Club. She was president of the local and subdistrict MYF in the Methodist Church.

Among her favorites, Nancy includes pizza, "Ball Hal", green, blue, and people. Her pet peeve is wasted talents, and unused abilities.

Nancy wishes to teach after leaving Murray.

Second to hold the place of honor in this week's spotlight is Gary Bob Barnett from Ardmore. Gary is best-known as the Cadet Colonel of the AFROTC program here at Murray.

In addition to the position of Cadet Colonel, Gary is president of Phi Theta Kappa. He is a member of the officer's club and carries a full-time job in the ROTC office.

While in Ardmore High School, Gary played baseball and was manager of the football team. He was a member of the National Honor Society and Letterman's club. During his senior year, he was chosen Junior Kiwanian of the month, and won a character award.

Gary says his main interests

are cars, airplanes, and girls. Besides these interests, he likes the color blue, ham sandwiches, and golf. His pet peeve is people who say "It's up to you".

After leaving Murray, he plans to go to Oklahoma State University and take advanced ROTC. He then plans to enter the Air Force as a pilot.

Every 27 seconds at least one fire breaks out in some city in the United States and every 45 minutes fire claims a life in the nation.

## Up and Down the Sideline

By Don Neal

Oklahoma University, using some new wrinkles in their offense, crushed Southern California's bid for their second National title in a row Saturday, September 28, 17 to 12.

With Joe Don Looney and Jim Grishman running wild in the backfield, and a John Flynn led Sooner line, USC was whipped down and left in the Sooner's wake.

Central State's dominance of state intercollegiate football is coming to a close. Langston took the wind out of them in their season opener to the tune of 41 to 27.

Meanwhile East Central just keeps rolling on. With an intersectional game victory over New Mexico Highlands, and a league victory over Southwestern, plus a 28 to 0 win over Langston, this could very well put them on the way to national prominence.

Eastern after dropping their opening game to OMA, seems to have found themselves with an easy 20 to 12 victory over Northern.

The Chicago Bears, rated lowly by most pre-season pickers, are really beginning to show people that they are something to be reckoned with. Having won all three outings including victories over Green Bay and Detroit.

Green Bay and Detroit supposedly were to have fought it out for the division championship, but Chicago is still tough and will have something to say about who it will be.

14 C., one of the toughest Class C football districts in the state, is really getting tight. Coalgate, defending district champion, has lost to Marietta, and with Tishomingo still undefeated it certainly looks like a tough duel.

There is still a dark horse, however, Davis having lost three in a row to some of the toughest B Class schools in the state are still not to be counted out. With the running of fullback, Sherill Neal, and halfback, Carl Summers, and a better than average size line the Wolves are still in the running.

On the baseball team, New York, American league champion, and Los Angeles, the National league Pennant winner are meeting in the World Series. The "Yankees", whom many are comparing with the great yankee team of 1927, are 8 to 5 better favorites to win their 21st World Championship in 29 years.

Warren Spahn, the old man of National league pitchers, won his 350th career game and his 23rd of the season in Milwaukee's season ending game. Spahn, 42 years old southpaw, won 23 and lost 7 for Milwaukee which was no better than a second division ball club.

Oklahoma City 89'er manager, Grady Hatton was honored with the Oklahoma and Times "Sportsman of the Month Award", for his leadership in bringing the first Triple A baseball pennant to Oklahoma City, in only its 2nd year in organized Triple A baseball.

There is some fine football played in this area, both high school and college. So why don't you go out and support your team?

## Attention, all amateur composers

Anyone interested in the writing of poetry is urged to enter a contest sponsored by the National Poetry Press. Any college student is eligible and the work may be in any form or theme; however, the work should be limited in length. Every poem must be on a single sheet, and included on this sheet should be the name and home address of the student, along with the name of the college attended. The closing date for submission is November 5th. All entries should be sent to:

National Poetry Press  
3210 Selby Avenue  
Los Angeles 34, Calif.

A survey of fires in the United States during the past nine years shows that 23 percent were due to matches and smoking. Faulty electrical equipment caused 20.7 percent of all fires.

ANGEL FLIGHT in action. Members of the Murray College Angel Flight have been selected, and are shown above preparing for the Homecoming parade. This group will participate in parades throughout the year and is commanded by Nancy Lumpkin, Ardmore Sophomore.

## Girls are chosen for Angel Flight

Thirty girls signed up for duty in the Angel Flight. However, only twenty-two were chosen. They are as follows: Major Nancy Lumpkin, Ardmore; Captain Frances Haney, Olney; Lieutenant Wanda Clark, Idabel; Sergeant Freda Webb, Mannsville; Patsy Belcher, Wapanucka; Barbara Eaves, Atoka; Martha Gwin, Moore; Ann Green, Tishomingo; Shirley Griffith, Roff; Karen Hall, Konawa; Marilyn Hamilton, Wapanucka; Sue Harrison, Terrell; Beverly Hitt, Ardmore; Ramona Hertel, Fillmore; Janie Hudson, Tishomingo.

Also included in the Angel Flight are Rachel Jacobs, Kiowa; Ola Mae Lamey, Milburn; Phyllis Lawson, Besenington; Kerry McKee, Tishomingo; Julie Parkhill, Mannsville; Lou Poe, Ardmore; and Patty Smith, Lone Grove.

## O.M.A. Blasts Aggies, 23-0

Murray State having offensive trouble the past few ball games, dropped another to Oklahoma Military Academy, Thursday night, September 26 at Claremore 23 to 0.

OMA scored early in the first half on a 37 yard pass play. The extra point was good and OMA led 7 to 0.

The soldiers scored again right before the half time gun on a ten yard run, the extra point was missed and the teams went to the dressing room with OMA leading 13 to 0.

The second half was more of the same. OMA took the ball and ten plays later had 3 more tacked up on a 12 yard field goal score read OMA 16, Murray State 0.

OMA scored once more on a 58 yard run, the PAT was good and that was the way the ball game ended with OMA winning it 23 to 0.

Dale Runyan, Sulphur Gb, and Harry Boyd, McKinney, Texas 11b, made several fine runs.

## Queen candidates interviewed on 'Murray Speaks'

Each of the candidates for homecoming queen was heard over the radio program "Murray College Speaks" at 12:30 October 2. On the program, which is broadcast over the KMAD radio station in Madill, Oklahoma, the girls told about themselves and their various activities.

"Murray College Speaks" can be heard every Wednesday at 12:30 p.m.

## Aggies edge Eastern 6-0, Wilson makes lone T. D.

## Stars appear in intramural play

The intramural football league has been going strong the past two weeks. The Bootleggers, behind the Quarterbacking of Jack Smith, Davis and the receiving of Johnny Allison, Maysville are atop the standings with a perfect two and 0 record.

The Crew, featuring such established stars as Ronnie Alexander, Wilson and Terry Schultz, Oklahoma City, are playing good steady ball also.

There are ten teams participating, according to Jerry Steven, Midwest City, director of intramural athletics. They are as follows: Bootleggers, Groundhogs, D.A.'s, Fulton Hall, Crew, Rodeo Club, Faculty, Aggie Club, J.A.'s, and the Go-Getters.

Results for games up to September 30 are as follows: Bootleggers 12, Groundhogs 0; D.A.'s 0, Fulton Hall 0 Fulton won on penetrations; Crew 14, Rodeo Club 0; Bootleggers 16, Fulton Hall 8.

## New problems are presented by Math department

Solutions to math problems one and two, printed in the last Aggie-lite are as follows:

1. five ft. wide strip.  
2. 36, 22½, 34½ and 36½, 23, 33½.

Problems three and four follow:  
3. In the game "subtract a Square", a positive integer is written down and two players alternately subtract numbers that are perfect squares from it, with the restriction that the remainder must never be less than zero. The winner is the player who subtracts a square to make the remainder zero. What number must the first player subtract, in order to win, if the original number is 29?

4. A farmer wishes to build a rectangular pen along one side of his barn. If he has 80 feet of fencing, find the dimensions that will yield the maximum pen area. Solutions to these problems should be mailed to: Math Dept. Contest, Murray State College, Tishomingo, Okla.

Deadline for entries is October 22.

## Calendar of Events

Oct. 9—Murray College Speaks, 12:30 KMAD, Madill.  
Oct. 10—Football game, Northern, at Tonkawa, 7:30.  
Oct. 16 — Murray College Speaks, 12:30 KMAD, Madill.  
Oct. 19—Football game, Connors, at Ardmore, 8:00.  
Oct. 22 — Phi Theta Honor Dance, 8:00.

A fired up squad of Murray "Aggies" roared out of the dressing room and defeated Eastern A&M 6 to 0 in Murray's homecoming game Thursday night, October 3.

Murray scored midway into the second quarter when quarterback Dale Runyan fired a 13 yard pass to end Woody Wilson. The extra point was nullified and Murray State led 6 to 0.

Then Murray's stubborn defense took over and completely dominated the ballgame. Tommy Nelson played an outstanding ballgame on defense. Phil Raider was real tough from his defensive halfback position. Dale Runyan, Troy Criner, Harry Boyd and Woody Wilson all played well on offense.

## Music department busy during Oct.

Members of the Murray Music Department are busy preparing for the many activities they will participate in during the Month of October. Saturday, October 19, they will play at halftime ceremonies at Ardmore, (for Hootenany no less), during the game between the Murray Aggies, and the Connors Aggies from Warner. Members of the Music Department will also play, and sing at the October 29, meeting of the Tishomingo Rotary Club.

Every weekend was a catastrophe last year. During weekends, someone was killed in a traffic accident every nine minutes, and every ten seconds someone was injured in the United States.

## All are pretty but just one could be queen

Eight Homecoming queen candidates were the main attraction at the fiesta sponsored by the Home Economics and Music Clubs Monday night, September

Patsy Hammond

30, in the student union ballrooms. Lewis Parkhill, Mannsville, Student Senate President, was the Master of Ceremonies for the program held at the fiesta. The Music Club presented a musical number after the presentation of each queen candidate. The singers on the program were: Lennie and Ronnie Mayo, Petrolia, Texas; Jerry Jimenez, Taft, Texas; Kerry McKee, Tishomingo; Beverly Hill, Ardmore; and James Wheeler, Earlsboro. Rex Caughron, Tulsa, played a piano solo. Mrs. Rosalva Rainey, head of the Home Economics department, with the help of Judy Matheson, Ardmore; Freda Webb, Mannsville; and Elaine Duff, Tishomingo, served punch to each of the students attending the fiesta.

The Queen candidates were introduced by Frances Harbert, Tishomingo, and a short summary of each girl's activities was presented.

Patsy Hammond, daughter of Mr. and Mrs. J. R. Hammond of Norman, is a freshman major-

ing in pre-law. At Murray she is a member of the Goal Diggers Club and accompanies the Men's Glee Club on the piano. She was elected Queen candidate by the Aggie Club.

The Engineering and Technology club elected Ramona Hertel, a freshman at Murray, as their queen candidate. Ramona, daughter of Mr. and Mrs. Johnny Hertel of Fillmore, is majoring in medical technology.

Martha Gwin, daughter of Mr. and Mrs. Marvin Gwin of Moore, was chosen queen candidate by the Music Club. At Murray she is a member of the Girl's choir, the band, and the Angel Flight.

Patsy Belcher was chosen queen candidate by Phi Theta Kappa. Patsy, daughter of Mr. and Mrs. F. P. Belcher, of Wapanucka, is a sophomore at Murray majoring in Business Education. She is a member of Glee Club and Girl's Sextet, editor of the Aggellite, secretary-treasurer of the sophomore class, and member of the Angel Flight and Phi

Theta Kappa.

Cecile Staggs, daughter of Mr. and Mrs. Cecil Staggs of Davis, was elected queen candidate by the freshman class. Cecile is a freshman at Murray majoring in Secretarial Administration.

The Officer's Club elected Janie Hudson as their queen candidate. Janie, daughter of Dr. and Mrs. T. A. Hudson, is a freshman at Murray majoring in General Education. She is a member of Angel Flight, Drama Club, the college band, Student Senate, and cheerleaders.

Nancy Lumpkin, daughter of Mr. and Mrs. Bill Lumpkin of Ardmore, is the queen candidate for the sophomore class. At Murray, Nancy is majoring in General Education. She is a member of Phi Theta Kappa, Angel Flight, Dramatic Club, and a cheerleader in the Goal Diggers Club.

Freda Webb, daughter of Mr. and Mrs. Odell Webb of Mannsville, was elected queen candidate for the Home Economics Club. Freda is a sophomore ma-

joring in Elementary Education. Her activities include: member of Home Economics club, Music Club, Drama Club, and Angel Flight.

Martha Gwin

Estimated fire losses in the United States last year rose to \$1,265,002,000, the highest dollar loss in history.

### Officers elected by Music Club

The Murray College Music Club held their organizational meeting in the Field House classroom Tuesday, September 24 at 8:00 p.m.

The officers for the 1963-64 school year are, President, Earl Wiginton, Paden; Vice-President, James Wheeler, Earlsboro; Secretary-Treasurer, Jerry Jimenez, Taft, Texas; Reporter, Frances Lydene Orr, Lebanon; and Student Senate Representative, Gilbert Sanders, Oklahoma City. Martha Gwin, a Freshman from Moore, was chosen as the Music Club's candidate for Homecoming

Queen.

The club discussed whether to build a float for the Homecoming Parade. They decided to have a float.

Linda Huebsch, Martha Gwin, Jerry Jimenez, Kay Mayberry, James Wheeler, Lynn Johnson, Larry Gazaway, and Ronnie and Lennie Mayo were appointed to the float committee. Earl Wiginton, President, met with the committee after the regular meeting to discuss the theme for their float.

In 1960, Oklahoma suffered an estimated \$17,800,000 damage from three tornadoes and hailstorms within less than 30 days.

### Ex-Aggie edits SECS yearbook

Paula James, Wapanucka, a 1962 graduate of Murray, has been selected editor of the Southeastern State College yearbook. Miss James is a senior at Southeastern, and while at Murray she was Associate editor of the **Tribesman**. She was also an active member of Phi Theta Kappa, Music club, Student Senate, and was on the Deans Honor Roll.

FACULTY DAMES SPONSOR TEA. All women students and the wives of students were honored with a Tea, October 7, in the home of the president. The girls shown with Mrs. Raymond Cleveland are: Kay Mayberry, Lynne Shelton, and Shirley Griffith.

## ROTC announce change in staff

Orders have been cut regarding adjustments to the 20th AFROTC Group Staff, according to Cadet Col. Gary Barnett, of Ardmore.

Lewis Parkhill, Cadet Major, from Mannsville, who was formerly group Information Officer, has exchanged positions with Inspector, Cadet Major Don Reed, of Duncan.

Major Parkhill will now serve as group Inspector while Major Reed will assume the responsibilities of Information Officer.

Freshman Cadet Don Neal, of Davis, has been promoted to Cadet Technical Sergeant. He will serve as the non-commissioned officer of the Information Staff.

## Tribesman staff meets deadline

The Tribesman staff met their first deadline for yearbook copy when sixteen pages went to the publisher October 13. These fifteen pages included all faculty members, department heads, business staff and dormitory and building shots.

**BULLETIN**  
ATTENTION all persons interested in Home-Made Candy and Cookies: The Home Economics Club members will be taking orders to fill. Look for more information in the coming editions of this paper!

**BULLETIN**  
According to Dr. Freeman McKee, President of Murray, classes will be dismissed Friday, October 25. This dismissal is due to the Junior College teacher's meeting being held on that date in Oklahoma City.

## Drama Club to present comedy

Arsenic and Old Lace, a play by Joseph Kesselring, will be presented by the Drama Club Tuesday evening, December 17. The first production of the play was at the Fulton Theater in New York with Boris Karloff playing a leading character.

The play, which consists of three acts, all takes place in the Brewster living room in Brooklyn in 1935.

There are 14 main characters. Abby Brewster is played by Ann Green, Tishomingo; Martha Brewster is Nancy Lumpkin from Ardmore; Mortimer Brewster, Terry Schultz, Oklahoma City; Jonathan Brewster, Glen Dilbeck, Sulphur; and Teddy Brewster is Danny Gibson from Tishomingo.

Other characters are: The Reverend Dr. Harper-Jess T. Cotter, Sulphur; Officer Brophy-Gene Wilmoth, Clayton; Officer Klein-Ronald Alexander, Wilson; Elaine Harper-Sue Harrison, Terrell; Mr. Gibbs-Johnny Dennis, Sulphur; Dr. Einstein-Doug Hicks, Tishomingo; Officer O'Hara-David Ralston, Ardmore; and Lieutenant Rooney-John Juby, Sperry.

## Wesley Foundation is in the making

Friday, September 27 at 1:00 Marilyn Hamilton, Wapanucka; Craig Vickers, Enid; Frances Harbert, Tishomingo; and Ben Smithson, McAlester met with Mr. George Calvert in the Industrial Arts Building. They discussed organizing the Wesley Foundation on Murray Campus.

Mr. Boiey, Oklahoma City, the Conference Director of Youth Work, met with a group of people interested in the Wesley Foundation at 8:00 Sunday, September 29 in the Sanctuary of the First Methodist Church of Tishomingo. Those present were Mr. George Calvert, Mr. and Mrs. Minter, Mrs. Margaret Lokey, Mr. and Mrs. Bill Rainey, Craig Vickers, Karen Hall, Frances Harbert, Ben Smithson, Marilyn Hamilton, and Reverend and Mrs. Roy Weaver, and Mrs. Weaver's sister.

The Foundation will be under the supervision of a Board of Directors composed of two Murray students, two faculty members, two or three adult church members, two or three community members, two or three Wesley Staff Members, and the District Superintendent.

Mrs. H. Louise Craven has helped with the organizing of Wesley by letting Marilyn Hamilton off from work in the Registrar's Office to work on posters. (Continued on page 4)

## Carter county leads enrollment

Just in case you wondered, the greater portion of Murray's enrollment, 79, hail from Carter County. Johnson County resting in second place has 69, and Marshall County is third with 24.

It appears that Agriculture is once again the most popular major field among the male enrollment with Elementary Education a distant second. The ladies seem to favor Secretarial Administration and High School Education, respectively.

## Murray Music Department presents Hootenanny

### New arena planned by Rodeo Club

The Murray College Rodeo Club met Tuesday, October 15, in the Library Science Building. The meeting began with President Mike King, from Madill, Oklahoma, showing the plans of Murray College's Rodeo Arena. The club has been talking and planning on the new arena for several weeks. The new Arena will be located in front of Murray College Agriculture barns directly east of Doctor Martin's house. All work on it is to be done by the combined efforts of the Rodeo and Aggie clubs. Each member of the clubs hopes to have it finished by the spring rodeo which is sponsored by the Rodeo Club. There was much discussion on the construction and cost-cutting problems during the meeting. Many other interesting items that are coming up in the next few months were discussed. It is requested that all Rodeo Club members be present at the designated meetings unless a satisfactory excuse is presented. Everyone needs to be present because there is much work and planning yet to be done.

### Freshman Council selected by B.S.U.

The regular Tuesday meeting of B.S.U. was held October 8 in the basement of Poe Hall. The song service was led by Phillip Fuss, B.S.U. Music and Devotion Chairman, and the devotional was brought by Frances Orr and Shirley Griffith, who told of the Baptist Retreat at Falls Creek on October 4th and 5th.

Tommy Barber, Madill, B.S.U. President, asked for volunteers to choose the Freshman Council. Frances Orr, Floy Sliger, Stan Standridge, Bobby Miles, and Joe Allison met with Patsy Belcher, B.S.U. Vice-President and Phillip Fuss, B.S.U. music chairman, to choose the Freshman Council.

Those chosen to be the Freshman Council were president, Stanley Standridge, Amber; vice-president, Gene Harris, Moore; secretary-treasurer, Frances Orr, Lebanon; Music and Devotional, Chairman Floy Sliger, Lebanon; Social, Don Neal, Davis; Missions chairman, Bobby Miles, Coalgate; and Enrollment chairman, Joe Allison, Oklahoma City.

The Freshman Council will be responsible for the B.S.U. meetings for one week each month or for two meetings. They will plan the whole program. The B.S.U. officers will help them get started. One purpose of the Freshman council is to acquaint them with the purposes of B.S.U. so they can be more active this year and be prepared to be officers in B.S.U. next year.

### BULLETIN

Thursday, October 24 will be the last day for individual pictures to be taken for the Tribesman. Arrangements concerning the taking of these pictures should be made as soon as possible by contacting Mr. Gerald Alloway, Room A101, in the Administration Building.

The Music Department of Murray presented a hootenanny during the halftime ceremonies of the football game between Murray and Connors held at Lewis Stadium, Saturday, October 19 at 8:00 p.m. Tom S. Wood, Director of Public Relations at Murray, was the master of ceremonies at this hootenanny which was prepared by Mr. Jack Reid, Head of Murray's Music Department, and Mrs. Margaret Lokey, instructor of music.

The evening began with Murray's Air Force ROTC and Angel Flight drill teams marching to the center of the field. The colors were then presented by the ROTC color guard. Lewis Parkhill, from Mannsville and president of the Student Senate, then gave the invocation. The invocation was followed by the national anthem sung by James Davis of Little Rock, Arkansas, who was accompanied by Murray's band. The drill teams then formed two files and the starting lineups from Murray and Connors were introduced.

The hootenanny, held on the fifty yard line, began with "Puttin' On The Style" and "Worried Man" sung by the "Balladiers", a folk-singing trio composed of Ronnie and Lonnie Mayo, both of Petrolia, Texas and Gerardo Jimenez from Taft, Texas. Next came Sue Harrison's presentation of "Scarlet Ribbons". Miss Harrison is from Terral, Oklahoma. James Davis followed with "Joshua" and "If I Had a Hammer". James Wheeler of Earlsboro, Oklahoma was next on the agenda with "The Fox". The Balladiers moved once again into the spotlight this time with "This Land is Your Land".

## Murray students participate in local carnival

The Balladiers and Athletics, a pair of singing groups comprised of students from Murray, will be one of the highlights of a "Hootenanny" sponsored by the Sophomore Class of Tishomingo Highschool, Tuesday evening, October 29, at the Memorial Grade School.

This Hootenanny is a single feature of the annual PTA Halloween Carnival.

All Murray students are urged to attend and help by your presence to make the Carnival and Hootenanny a success.

## Cleveland, Wood to participate in career conference

Ray Cleveland, Dean of Students, and Tom Wood, Public Relations Director, will attend a Career Conference at John Marshall High School in Oklahoma City tonight to discuss Murray College and the different educational plans offered. Dean Cleveland and Mr. Wood will show color slides of campus buildings and activities at Murray. The students will also be given college brochures and catalogs explaining the programs offered.

### SHOULD VETERANS RECEIVE GI BILL?

Some of our nation's highest unemployment rates lie among returned military veterans above the age of 22. One of the major reasons for this is the termination of the Korean GI Bill in 1955, and the fact that no other such bill has been passed for those having served since that date.

Today's serviceman returns home after two to four years in the service of his country only to find himself at a distinct disadvantage due to the advances made by the 55 percent who were not inducted into the Armed Forces. This would seem to be penalizing him for his service.

If the skills and abilities which are now going undeveloped and unused were developed and put to use it would undoubtedly help to relieve the acute shortage of trained personnel which now exists in jobs requiring a higher degree of training.

Recently a bill has been introduced in the Senate seeking to correct this injustice to our veterans. This bill bears a strong resemblance to the GI Bill of Rights of 1944 and the Korean GI Bill passed in 1952 in that it would provide for education and vocational training assistance as well as direct loan assistance for the purchase of homes or farms and farming equipment. The proposed bill would provide assistance for men and women alike who have served or will have served their country since 1955.

Veterans who have received assistance under the two former GI Bills are more than repaying the cost of these bills, by returning this money in the form of taxes—taxes from higher earnings made possible by a better education.

Since experience has proven that a bill of this sort is feasible, why shouldn't another be passed which would provide for our present-day veterans?

### SHORTS AND STICK LEGS HAVE NO APPEAL

Have you ever seen a pair of pretty boy's legs? You know something, neither have I. Yet look at the number of boys who wear shorts to show off (?) their legs here at Murray!

We girls aren't allowed to wear shorts in the classrooms, the cafeteria, or the library because, so they say, our legs distract the boys. Well for some people's information boys' legs distract girls as well. And why not? The majority of boys' legs look like bare stakes stuck in long, ugly objects called feet (evidence found by observing the thong wearers), while others remind a person of piano legs or a junk chair leg.

Also these stakes and piano and chair legs are covered with light, curly fuzz that reminds a person of an over-ripe, over-fuzzy peach, or long, black, curly hairs that remind a person of a grizzly bear, or long, dark hairs that stick straight out.

And that's not all! All these flashy, hairy legs have knees that remind one of a doorknob covered with sheepskin!

If you haven't noticed, then take the blinders off and see for yourself.—wlc

## This 'n' That

Patsy Belcher

Murray's football team seems to have changed—for the better. The game with Eastern A & M seems to have really got the Aggies going. Although they lost the game with Northern, it was by a narrow margin. Keep up the good work.

Mr. Wendy Blair has been sporting a splint on his finger this last week. How does a person manage to cut his finger that badly working on a bookcase? Maybe Mr. Blair has a special talent!

Room 104 of the Administration Building is going to have to be fumigated! A Drafting Major, Raymond Elkins from Madill, was bitten by a bug during class in Math 173. This bug (and others) were left in this room by the History and Government students, according to Gerald Alloway, Math Instructor.

The Aggielite has applied for membership in the Oklahoma Press Association. If membership is received, this will be a great honor, as only a few college newspapers are members.

The Aggielite has entered stories of various types to the Oklahoma College Press Association. The banquet presenting awards to the various college newspapers will be held November 8 at Oklahoma State University in Stillwater.

If you heard any wild screeches or shouts of, "They're Terrible", you probably heard someone who had just seen the proofs of their annual pictures. These pictures were finally finished and shown to the students, and from what I saw, most of them were pretty fair reproductions of their subjects. This may or may not be good, according to the person.

The BSU social Thursday was a big hit! John Heath, BSU director from Southeastern State College was the speaker. Everyone seemed to enjoy the cookies and cokes provided, too.

### Hudson receives B&PW scholarship

Janie Hudson, daughter of Dr. and Mrs. T. A. Hudson of Tishomingo, was chosen by the Business and Professional Women Club of Tishomingo to be awarded their scholarship for the 1963-64 college term.

The B&PW scholarship is based upon intelligence, personality, and need. It pays for Miss Hudson's tuition and fees for the second semester. She is a freshman at Murray majoring in General Education.

### Clubs must submit names of officers to Student Senate

In the Student Senate meeting, October 16, the group approved a hay ride for the Angel Flight on Thursday, October 17. They also approved the Rodeo Club's application for the concessions at the OMA game to be held October 31. A costume ball will be held after the OMA game. Ghoul outfits will be the accepted dress.

The Senate submitted a request to the administration that Student's Achievement Day be set for November 27.

All clubs should submit to the Student Senate the names of all officers as soon as possible.

A reminder to all lagging members of the Senate is the fact that two consecutive absences may result in that member's suspension from the Student Senate.

## SPOTLIGHT

Patsy Belcher

Jack Anderson

The first person featured in the spotlight this week is Patsy Belcher, a sophomore from Wapanucka. Patsy receives the most recognition as Editor of the Aggielite.

Patsy is also active in many other activities. She is Secretary-treasurer of the Sophomore class, Student Senate representative from the Home Economics Club, a member of Angel Flight, Phi Theta Kappa, Girls' chorus, and girls' sextet. She was the Phi Theta Kappa candidate for Homecoming Queen. She is vice-president of B.S.U.

While in high school in Wapanucka, Patsy was a member of the girls' quintet and chorus, and National Honor Society for three years.

Among her favorites, Patsy lists green, yellow, chicken-fried steak, Elvis Presley, "Are You Lonesome Tonight", and Susan Hayward.

After leaving Murray, she plans to attend East Central State College in Ada, where she will continue her major in Business Education.

The hardest thing to give is "in".

## Up and Down the Sideline

By Don Neal

The proud New York Yankees have been beaten before, but never in the way the Los Angeles Dodgers did it. The Dodgers took the World Championship away from New York and it took only four games to do it. This was the first time in the modern history of the Yankees that they have been swept. Scoring only four runs in the four games the mighty Yankees were badly beaten by the vaunted pitching of Los Angeles.

Sandy Kofax was chosen for two awards this season. This would not seem too unusual except for the fact that the awards he was chosen to receive have never been given to the same man the same year in the history of the Baseball Writers Association presentations. Kofax was chosen to receive the Comeback of the year award, and the Major league pitcher of the year.

There must have been an epidemic of upset-lits last week on the college football scene with six out of the top ten teams falling. Texas ripped top-ranked Oklahoma 28 to 7 in their battle for the bronze cowboy hat and what may be the National title.

Second ranked Texas will undoubtedly move up to the number one spot and are eyeing their big game with Arkansas in Little Rock, Saturday, October 19, picked to be their biggest stumbling block on the way to the Southwest conference Championship. Oklahoma with 2-1 record is beginning its onslaught of the Big Eight October 19 at Norman.

Joe Don Looney, All-American halfback from the University of Oklahoma was given the ax by the University and sent on his way. Joe Don was national punting champion and the number five rusher in the nation last year.

Northeastern is riding high in the Oklahoma Collegiate Conference but they had better watch out. East Central, after winning three straight including the big one over Langston, were thought to be a cinch too. They were knocked off by Northeastern in their fourth game. Northeastern still has razzle-dazzle Langston and always-tough Central State left to play while East Central has already defeated them both.

Tishomingo, riding high on a five game winning streak and ranked 9th in the state, and Marietta still undefeated in conference are tied for honors in district 14. C. Marietta ranked fifth in the state in Class C with only one loss looking forward to it's second trip to the playoffs in the last three years.

### Northern downs Aggies, 13-12

Murray after a long perilous trip to Tonkawa, Thursday, October 10, shook off a shaky start and made a game out of it before falling to Northern 13 to 12.

Northern dominated the first half, scoring first on a 10 yard run by halfback, Ray Buchanan. What might have looked uneven at the time was the point after touchdown. It was good and the score stood Northern 7, Murray 0.

YARDSTICK		Northern
Murray	14	7
1st Downs	241	208
Total Yards	110	51
Passing	131	157
Rushing	1022	48
Fumbles	0-0	6-2
137 Yards Penalties	45 Yards	
8:34 Yards Punts	5-40 Yards	

On toward the end of the first half, Northern scored again on a seven yard run by Quarterback, Jerl Jansen, the P.A.T. was no good and the score stood Northern 13, Murray 0.

Murray roared from the dressing room the second half and out played Northern all over the field and except for two missed conversions the score might have been a one point verdict for Murray. Harry Boyd started it off with a two yard run and Emanuel Clever missed the point after and Murray was within striking distance 13, to 6. What really made the game interesting was when Dale Runyan fired a 13 yard pass to Woodie Wilson for the touchdown and that made the score 13 to 12 with the conversion to be attempted. The kick was wide, and that was it.

Russell Wells, El Paso, Texas, Harry Boyd, McKinney, Texas, Woodie Wilson, Denison, Texas played fine ball on offense. Jack Anderson, Belts, Texas, played well on defense.

### Peace Corps needs more volunteers

Because of the many newly developed nations the Peace Corps now stands in need of a large number of volunteers who are skilled in teaching, farming, medicine or any of a variety of other fields. To be eligible for the Peace Corps one must be an American citizen of at least 18 years of age and have a high school education or the equivalent of a high school education. Married couples are eligible only if both qualify and if they have no dependents under 18 years of age.

A placement test is necessary to determine what type of assignment the applicant is best qualified to do. There is no competition involved in this test. To qualify for the test, fill out a Peace Corp Questionnaire and send it to the Peace Corps or bring it to the test center. These questionnaires can be obtained at Post Offices or by writing the Peace Corps, Washington, D.C. 20525. The testing center in this area is the Federal Building in Ardmore. Anyone interested in entering the Peace Corps should take advantage of this opportunity.

### Phi Theta Kappa sponsors dance for all students

Phi Theta Kappa sponsored a dance for the entire student body Monday, October 21, in the student center ballroom. The students who attended were served punch and cookies. This is the first of many activities planned by Phi Theta Kappa.

This active group, sponsored by Mr. Jack Ridley, is composed of the top scholastic students, who have completed 15 hours with a grade average of B. Gary Bob Barnett, Ardmore, is president, Ernie Sykora, Greenville, is vice-president; Wendell Hambrick, Ardmore is Student Senate Representative; and Nancy Lumpkin, Ardmore, is secretary-treasurer.

Other members include: Beverly Hitt, Ardmore; Stanley Burnham, Ardmore; Larry Heard, Roff; Wanda Clark, Idabel; Kenneth Jensen, Ardmore; and Patsy Belcher, Wapanucka. Pledges are Lewis Parkhill, Mannsville; Nolan Arthur, Perkins; Glen Dilbeck, Sulphur; and Earl Wigington, Paden.

## Aggies beat Connors 14-13 in tough game at Ardmore

A crew of Murray "Aggies" traveled to Ardmore, Saturday night, October 19, and they went to win. And win they did, they put down a fine Connors team 14 to 13. After a scoreless first half the Aggies started flying. Connors scored first on a 41 yard drive in 8 plays, which featured a James Hutchinson to Nick Ditolla pass which netted 16 yards and got the drive started. With 8 minutes and 9 seconds left in the third quarter, Connors led 6 to 0. The P.A.T. was blocked by hard driving Tommy Nelson, Wichita Falls, Texas.

After Nelson recovered a fumble on the Connors 46 yard line, the Aggies proceeded to march 46 yards in 11 plays. Garland Meadows, Tuttle, Oklahoma fullback took it in from the one. Murray and Connors were tied with the P.A.T. to come. Harry Boyd, McKinney, Texas, kicked it straight through the uprights and with 3 minutes and 39 seconds left to go in the third quarter, Murray led 7 to 6.

It took Murray only 3 minutes and 10 seconds more to tack up another 6 points. Jack Anderson picked up a fumble on the Connors 30 and ran it to the 18 and

three plays later Murray scored again. Garland Meadows scored again and the score read Murray 13, Connors 6. Harry Boyd kicked the deciding point through the uprights and Murray led 14 to 6 as the third quarter ended.

Then began Connors frantic struggle to score. The ball saw-sawed back and forth several times and with three minutes left in the game, Connors made a 32 yard drive in 9 plays. Then Jerry Elmore, Connors halfback, scored on a five yard run. Gary Davidson kicked the P.A.T. and the score was Murray 14, Connors 13.

The last three minutes had all the fans on their feet. Murray kept the ball after the kick off only 66 seconds and then Connors took over with 1 minute and 54 seconds left in the game. Connors was able to pick up one first down in the span until an interference penalty gave them another first down on a third and long yardage situation. This threat was ended however, by Phil Raider, Dallas, Texas, nifty little Murray Quarterback, when he intercepted a partially blocked pass with 54 seconds left in the game. Dale Runyan fell down on the ball to run the clock out and that was it. Murray 14, Connors 13.

The passing of Dale Runyan, Sulphur, was superb as usual. Harry Boyd, was the leading ground gainer with 54 yards followed by Garland Meadows 49 yards. Cotton Wade Marietta played a fine ball game on offense. Phil Raider was a demand on defense as was Jack Anderson, Birdo Charles, Little Rock, Arkansas, and Nelson. It was a real team effort and a fine ball game.

## Wesley Foundation

(Continued from page 1)  
and by putting notices in the faculty mail boxes.

The organizational meeting of the Wesley Foundation was held Wednesday, October 9 at 7:00 in the basement of Poe Hall.

Frances Harbert, Tishomingo, was in charge of the meeting. Rev. Roy Weaver, minister of the Tishomingo Methodist Church spoke to the group about the Wesley Foundation for about ten minutes. Ben Smithson, McAlester led the group in singing and Marilyn Hamilton of Wapanucka played the piano. Ben also sang "How Great Thou Art" as a solo.

It will be decided in the near future whether the Wesley Foundation will work with the Student Senate or not. If they decide to work with the Student Senate a letter will be written asking for permission for someone to appear before the Student Senate. Until the decision, Dean Ray Cleveland has granted temporary permission to Mr. George Calvert for the Wesley group to meet. Mr. George Calvert and Mrs. Margaret Lokey will be faculty sponsors of the Foundation.

The group decided to meet each Wednesday night at 6:30 in the Poe Hall Basement.

Everyone is cordially invited to attend.

## Old building gets new tile

The sounds of men at work filled the halls of the Administration Building during the earlier part of this month. Once the labor had ceased the product of this labor was quite evident. The installation of new tile on the staircases has added greatly to the beauty of this building. In addition to looking nice, these tile also serve a practical purpose, not only have they helped to silence the noises made by the passing of many students, but they also provide a surface which is not nearly so slippery as were the old ones.

## Students find Library to be quite useful

One wouldn't realize how much our Library is used unless they work in the Library or read a report put out by the Librarian, Mrs. Mahoney. After reading the Library Report for September 5-30 it is surprising to see the number of times our Library is used.

The Library was opened 18 days and 13 nights. The number of times the Library was used by the students each hour is revealed by an hour to hour count. In the morning hours there was 11, second hour; 230, third hour; and 490, fourth hour and in the afternoon hours: 169, sixth hour; 123, seventh hour; and 72, eighth hour. During the day hours there was 1567 times that the Library was used and during the evening hours it was used 746 times making a total of 2313 times that the Library was used. The faculty used the Library 68 times.

The students checked out 174 non-fiction books and the faculty checked out 13. The students checked out 31 fiction books and the faculty checked out 6 fiction books making a total of 224 books checked out.

Average withdrawals of books: non-fiction per student, 455; fiction per student, .081; non-fiction per faculty, .591, and fiction per faculty .277.

There was 57 periodicals in circulation. At 10:00 a.m., Sept. 10 there was 36 volumes in use and at 9:00 on September 19 there was 45 volumes in use.

There was 147 books catalogued and added to the stacks during the month of September.

## Rack your brain for Math Dept.

Solutions of math problems three and four, presented in the last issue of the Aggie Lite are as follows:

3. To insure a win the first player must subtract 9. He then counters his opponents plays of 1, 4, 9, or 16 with 9, 16, 9 or 4 respectively.

4. The side parallel to the barn side must be 40 ft. and the other two sides must be 20 ft.

Problems five and six are:  
5. In a given triangle construct a line parallel to the base such that the sum of the portions of the sides intercepted between it and the base shall be equal to the base.

6. Find three different "magic squares" of numbers of three columns, such that the sum of any row, any column or any diagonal is equal to 15.

Solutions should be addressed: Math Dept. Contest Murray State College Tishomingo, Oklahoma Deadline for entries is November 5.

Our beloved friends retain exact memories of these incidental episodes in our life which we wish they would forget.

**CHEERLEADERS IN ACTION.** The seven lively girls who are cheerleaders and the one boy who is mascot help to keep up the school spirit of Murrayites. These active people do most of the work during pep assemblies, and almost as much as the players at the games.

## Cattle management course will be held at Murray

A three-shot beef cattle management short course will be held at Murray State College in Tishomingo, November 6, 13 and 20, county agent Jack Ryan said today.

The short course consists of three separate meetings, held one week apart, and stockmen and others interested in attending are encouraged to be present for all three of the sessions since each meeting will cover different subjects, Ryan said.

"Outstanding men in various fields will deal with topics of special interest to beef cattle men," the county agent points out. "These will include such subjects as credit, investment considerations, selection of bulls, importance of production in beef cows, selecting heifer replacements, performance testing, winter feeding problems, cattle diseases and parasite problems, grassland management and cow herd management."

A small fee will be charged those who take part in the short course to take care of the expenses of the evening meals, and other necessary items. No fee will be paid the instructors and specialists who assist with the program, however.

County agents and interested stockmen have been invited to attend the meeting series from Murray, Garvin, Pontotoc, Coal, Marshall, Bryan, Love and Atoka counties, in addition to those who participate from Johnston county.

Here is the complete program for the three meetings in Tishomingo:

Nov. 6-4 to 5:30—Enrollment and announcements, Jack Ryan, county agent; "What we hope to learn", Bill Taggart, OSU extension livestock specialist; "Economics of a beef cow-calf program, and stocker-feeder programs," investment costs, requirements, alternatives, Use of actual operation cost and return records, accounting systems, Cecil Maynard, OSU extension economist, farm management.

Dinner—5:30 to 6:30—"Credit considerations in the beef business"—Harley Custer, President National Credit Corporation, Oklahoma City; "Tax considerations for the cowman"—Flynn Stewart, certified public accountant and president, Texas Angus Association, Wichita Falls, Tex.

Nov. 13-4 to 5:30 p.m.—"Cow-

What we all really want is a girl who will do the dishes for twenty years and look like the girl we married.

calf breeding programs"; population, genetics, heritability, estimates. — Dr. Richard Willham, OSU animal husbandry department.

Dinner—6:30 to 8:30—"Bulls—How much can you spend for a good one?" Bull selection—performance, pedigree, visual Carcass improvements, Progeny test possibilities—Charles Pratt, OSU extension livestock specialist. "Importance of production in the beef cow"; Selecting heifers replacements; Culling the cow herd; Performance testing; Seasonality of calving—Clyde Reed, OSU extension livestock specialist. "Tishomingo bull test program"—Dr. Jerry Martin, Murray State College.

Nov. 2-4:30 to 6:00 p.m.—"Winter feeding problems". Protein feeding and cost comparisons. Creep feeding—Bill Taggart, OSU extension livestock specialist. "A look at beef cattle diseases and parasite problems"—Dr. Wiley Wolfe, head of OSU veterinary clinic. "Weed and brush control in grasslands"—Clarence Bunch, OSU range specialist.

Dinner—7 to 8:30 p.m.—"Cow herd management"; Establishment of the cow herd; Management of calving time; Age at first calving—fall vs. spring calving; Nutrition and management from birth to weaning—Dr. Bill Pope, OSU animal husbandry department.

Close of short course—Bill Taggart.

## Aggielites are available for all students

Students have been heard complaining of a scarcity of school papers. It seems extremely doubtful that this is actually the case. It is quite likely that some of the students are not aware of the places where the Aggielites are distributed. In order to clarify matters, issues of the Aggie Lite are placed in the lounge of each dormitory, in the student union, the cafeteria, and in the library.

## Weddings bells will ring out for Murrayites

Mr. and Mrs. Edwin Baldwin of Idabel, Oklahoma, announce the engagement and approaching marriage of their daughter Edwina. The prospective bridegroom is Mr. David Williams, son of Mrs. Bernice Williams of Gene Autry. The couple have set the date for December 22. The double-ring ceremony will take place in the Methodist Church in Harris.

Miss Baldwin is a freshman at Murray State, enrolled in a one-year course in Business Administration. Mr. Williams is a sophomore majoring in Social Studies.

The couple plan to finish this year at Murray and will reside in the Murray College apartments.

## Jimenez elected president of Fulton Hall

Gerardo Jimenez was elected president of Fulton Hall at the first meeting of the semester. Gerardo is a sophomore from Taft, Texas. Maury Scott Hodge, freshman from Wichita Falls, Texas was elected vice-president. The office of secretary-treasurer was filled by Alan Neal, freshman from Burkburnett, Texas. James Rentie, freshman from Ardmore, Oklahoma was elected to the disciplinary committee. Members also decided upon twenty-five cents per month dues to pay for recreational facilities and to provide for parties which will be given later in the year.

"Where Most People Trade"

THE MURRAY BALLADIERS. This group has participated in many local shows and will appear on a televised "Hootenanny" at East Central in Ada, November 22nd and 23rd.

## Trio is kept busy

## Balladiers to be on TV

Two of the Music groups on Murray campus, The Athletics and The Balladiers will be quite busy during the month of November.

The Balladiers, made up of Ronnie and Lonnie Mayo, freshmen from Petrolia, Texas, and Jerry Jimenez, second semester freshman, from Taft, Texas, will perform at the Madill Rotary Club Meeting on November 8, Dean Ray Cleveland will discuss the new buildings on the Murray Campus at the Madill Rotary Club Meeting.

The Balladiers will participate in a Televised Hootenanny at East Central State College at Ada on November 22 and 23. There will be top talent from high schools and colleges, along with some professionals, participating at the Hootenanny. Any group or anyone who knows anyone with suitable talent or real ability in the folk music field should contact leaders of Circle K, sponsoring body on the East Central campus. Tickets are being sold made early. The tickets are \$1.50 for downstairs, where the ticket holders will be close to the performers and can enjoy the program in "sock" comfort, and \$1 for seating in the balconies.

However, there's a bargain offered. Purchase in advance enables the buyer to get the downstairs ticket for \$1.25 and upstairs ticket for 75 cents. Tickets are available at East Central Finance Office and the Student Union, at Bryan's Corner Drug Store, and from any member of Circle K. Murray students may obtain tickets from Wanda Clark, student senate secretary, or Lloyd Goss, sponsor.

The Athletics and The Balladiers, along with other Music Club members will present a program

at the Tishomingo High School at 10:30 on November 19.

The Athletics are composed of James Davis, Little Rock, Arkansas; Tommy Nelson, Wichita Falls, Texas; Troy Criner, Wichita Falls, Texas; Emanuel Cleaver, Wichita Falls, Texas; and Alexander Douthard, Little Rock, Arkansas.

## Jack-o-Lanterns and skeletons visit Poe party

Although witches and goblins seem to be the usual theme for Halloween, the girls in Poe Hall were a little different. Oh yes! they stuck to a few of the traditions by having a skeleton or two with a jack-o-lantern and the black and orange colors. But really their annual party this year was what you call "too sophisticated". You would really think it was sophisticated if you could have seen the girls and their dates doing Fever, Up-Town, and Twist.

Barbara O'Dell, dorm president, met the guest at the door with a warm hand shake and a friendly smile, which is very typical of Barbara. The special guests included Dr. and Mrs. Freeman McKee, and Dr. and Mrs. Richard Murray. Oh we mustn't forget little Miss Deborah Murray.

Not only did the girls treat the boys with dances and games but also with delicious refreshments.

It seems that everyone had a marvelous time and the girls of Poe Hall are already looking forward to having another party.

## Speech contest plans underway

Plans are now being made for the annual Carl Albert, Third District Oratorical Contest, to be held at Southeastern State College in Durant. This contest is made up of entrants from each of the four colleges in this district. Each of these colleges will hold their own local contest. Murray's contest will be held early in the second semester.

For this preliminary contest, students should select their own topics and prepare original orations not in excess of fifteen minutes. A prize of \$25 cash will be given to the winner and he will then participate in the Third District Contest.

The winner of this contest will receive \$50 cash and a small gold medal, with a small silver medal going to the second place winner. Anyone interested in entering this contest should contact Mr. John Fletcher, head of Murray's Language Arts Department.

### BULLETIN

Student picture orders are ready to be picked up. Since they are charged to the students through the Business Office no payment will be required to pick up the pictures. The orders are in Room 101 of the Administration Building.

### BULLETIN

Murray ROTC will be well represented in the Veteran's Day parade in Madill, November 11, at 10:30.

The band, drill team, color guard, and Angel Flight will march in the parade.

### BULLETIN

The first nine weeks' period will be completed on Friday, November 8. According to Dean Richard Murray all students who have made below average grades will be contacted by letter soon after the end of this period. All students who receive this notification are urged to contact their advisor.

## B.S.U. lays plans for new Baptist center near campus

B.S.U. met Tuesday, October 29 in the Poe Hall Basement. The Freshman Council was in charge of the program. Stan Standridge, Amber, Freshman Council President presided. Floy Sliger, Lebanon, Music and Devotional Chairman, led the singing. The devotional was brought by Mr. Bill Weiborn, a layman in the First Baptist Church, Tishomingo. Other Freshman Council officers are: Vice-President, Gene Harris; Secretary-Treasurer, Frances Lyndene Orr, Lebanon; Social Chairman, Don Neal, Davis; Missions Chairman, Bobby Miles, Coalgate; and Enrollment Chairman, Joe Allison, Oklahoma City.

The Executive Council attended a Council meeting at Southeastern State College in Durant on Wednesday, October 23. The Council members attending were Tommy Barber, Madill, President; Patsy Blecher, Wapanucka, Vice-President; Philip Fuss, Pawnee, Music

## McKee elected president of Junior College group

Dr. Freeman McKee

## Aggie majors enrollment up

Consistent with the increased enrollment at Murray College, the total number of Agriculture majors enrolled increased 20% over the 1962-1963 enrollment.

Listed as majors in the field of agriculture include: Agronomy, Animal Husbandry, Poultry, Pre-veterinary Medicine, Dairy, Forestry, Agricultural Economics, Agricultural Journalism, and Agricultural Engineering.

Of the 38 Ag students enrolled, 55 are freshmen and 23 are sophomores. This compares favorably with the 1962-1963 enrollment of 64 students consisting of 38 freshmen and 26 sophomores.

Considering the geographical area from which the agriculture students come, it is found that twenty counties in Oklahoma and New York are represented. The counties include: Bryan, Carter, Cleveland, Coal, Garvin, Grady, Jefferson, Johnston, LeFlore, McCurtain, Marshall, Murray, Okfuskee, Oklahoma, Okmulgee, Pawnee, Payne, Pontotoc, Pottawatomie, Seminole, and Stephens.

Chairman; Virgil Kennedy, Harrah, Secretary-Treasurer; Norby Williamson, Lindsay, Devotional Chairman; Shirley Griffith, Roff, Social Chairman; and Jerry Race, Floydada, Texas, Missions Chairman.

A quartet composed of Patsy Smith, Lone Grove; Phillip Fuss, Pawnee; Virgil Kennedy, Harrah; and Patsy Belcher, Wapanucka sang a special at the Lee Heights Baptist Church revival on October 23 at the Lee Heights Baptist Church in Durant. The Revival was led by Brother Leon Hill, B.S.U. Director at Murray and Pastor of the First Baptist Church in Tishomingo. Shirley Griffith accompanied the quartet. Mr. Ed Horton, Faculty Advisor of the Murray B.S.U. accompanied the Executive Council to Durant.

Four lots one half block north of Murray Campus were purchased by the B.S.U. The title is now being cleared and the building (Continued on page 4)

Dr. Freeman McKee, President of Murray, was elected President of the Junior College Section of the Oklahoma Education Association. Dr. McKee will be the chairman for the spring meeting at Norman, which is the annual meeting of junior colleges. He also will be responsible for the program at the OEA meeting of Junior colleges next fall. Students from Murray will present the musical part of the program.

Dr. Roger Getz, President at Bacone, was elected vice-president. Dr. Richard Murray, Academic Dean at Murray, was elected Secretary.

Mr. Tom S. Wood, Director of Public Relations at Murray, was elected vice-president of the OEA public relations section. Morgan Powell, Director of public relations of Tulsa Public Schools was elected President. Secretary is Vivian Morrell, who is connected with the Ponca City school system.

The purpose of the OEA public relation organization is to develop better public relations among the people in the State institutions of learning. This includes public schools and institutions of Higher Education. They also present the Marshall-Gregory newspaper, Television, and Radio awards in connection with the Oklahoma Education Association, which are given away each year.

At the meeting of School Librarians, Mrs. Murrelle Mahoney, Librarian at Murray, was appointed Oklahoma representative to the American Library Association. Mrs. Mahoney attended the last meeting of the Association which was held in Chicago in July of this year.

## Thanksgiving will come early for Murrayites

Richard Murray, Academic Dean at Murray has announced that Murray College Achievement day will be November 27, thus, the Thanksgiving holidays will begin after classes are dismissed Tuesday, November 26.

The holiday was granted for the fine sportsmanship and enthusiasm shown by the Murray Football team and student body during the recent game with O.M.A.

## Officers names must be submitted

The Student Senate would like to remind the clubs that a list of the club officers is needed and should be turned into Wanda Clark, Student Senate Secretary. Also a list of membership, as well as officers, should be turned into the office of the Dean of Students. Mrs. Kathryn Thomas, secretary to the Deans, would like to have these lists as soon as possible.

All students who bought their Student Special Activities tickets on their loans or by credit and have not yet paid for them are urged to see about paying for them right away.

### WHY CHOOSE A JUNIOR COLLEGE—

Records show that when a Junior College is established in a community a larger percent of high school graduates continue their education beyond high school.

Junior Colleges train technicians, offer night classes for adults and give job training. All this is done, Junior College officials say, at a big savings in money. A student saves because some of them can live at home. A Junior College is usually a community institution, drawing its students from close by. Savings to taxpayers also are claimed by some educators, who say that Junior Colleges cost less than four-year schools to build and operate.

The idea expressed by numerous educators is that Junior Colleges can take over the bulk of the task of providing the first years of education beyond high school and let universities concentrate on advanced studies.

Economy is not the only advantage claimed by Junior Colleges. Many educators argue that the education an underclassman gets in a two year school is as good as the one he would get in a four year school and often better. And they say it is better for a teen-age student to start his college career in a home environment. Junior Colleges can often promote closer relationship between students and faculty members.

In the larger schools they are turning away qualified applicants because they are filled to the brim. But there is room in the smaller colleges and no sense of pressure is found. Junior Colleges offer the same courses usually taken by freshmen and sophomores at a university and their credits usually are accepted by four-year schools.

Smaller classes, personal contact with instructors, guidance facilities and attractive campus life are urgent reasons why most students prefer to go to such schools.

Applicants must be qualified, for standards are high, but they find they are welcome.

The growth in Junior Colleges is tremendous with more rapid growth ahead. It is felt that a community college is the most economical institution to operate.

Many educators hope that Junior Colleges may provide an answer to this country's problem of mounting college enrollment and mounting college cost.

Here are two types of junior college programs. The preparatory (liberal arts) or terminal. The preparatory or liberal arts program in a junior college is designed to give a broad, general two year educational program. It actually serves two purposes.

1. It provides a two year college program for those who want more education but do not want to spend four years in college.

2. It provides a two year college caliber which can be applied to a four year college program leading to a bachelor's degree, should the student decide to transfer to a four year college.

The terminal program usually emphasizes specialized training for semi-professional fields. Students who plan to work after two years of college find this program more suitable.

## This 'n' That

Lloyd Goss and Jack Ridley, history instructors, are becoming more and more impressed with the knowledge of their students. They are even beginning to consult Patty Smith, Lone Grove, on the subject of Nero, since she gave a theme on the subject. She seems to be quite an expert.

Three members of the Aggelite Staff will attend the annual meeting of the Oklahoma College Press Association which will be held in Stillwater, November 8 and 9. These members are Frances Orr, Madill; Wanda Clark, Idabel; and yours truly.

The girls' sextet is now a trio! Due to difficulty in getting all six girls together for practice, Mrs. Margaret Lokey decided to change. The Trio consists of Kay Mayberry, Elmore City; Beverly Hitt, Ardmore; and Kerry McKee, Tishomingo.

Traffic Violation for Parking Tricycle in Crosswalk. Chester Dillon, U. S. Deputy. This is the traffic ticket Mr. Tom Wood found on his car recently. Chester Dillon, U. S. Deputy also uses the alias of Dr. Richard Murray.

Mr. and Mrs. George Cardinal are the proud parents of a baby girl! Carla Laniece, who weighed 6 lbs. 2 1/2 ozs., was born October 24. Mr. Cardinal is employed in the cafeteria.

The editorial printed in the last Aggelite which referred to the boys' wearing of Bermuda shorts seems to have caused a lot of controversy. The boys seem to have conflicting ideas as to how their legs look.

A music major, Phillip Fuss Glenco, sang a special number at the First Baptist Church of Tishomingo Sunday. Phillip, who sang "Just a Closer Walk With Thee", was accompanied by Mrs. Margaret Lokey, Music Instructor at Murray.

Mrs. Murrelle Mahoney, our busy librarian, was handed an envelope during a very hectic afternoon recently. This envelope contained an invitation to the graduation of Doug Hicks, Tishomingo, on May 8, 1961.

Bruce and Patty (Hammond) Payne took most of us by surprise. We were expecting a wedding, but had no idea it was to take place so soon. We certainly wish them the best of everything.

The party sponsored by the girls of Poe Hall and held in the Dormitory Lounge seems to have been a great success. Fulton Hall residents wanted to know what all the screaming was about.

Math 173 (daily) appreciates the absence of bugs in Room 105 due to Mr. Goss' fumigation by cigar smoke.

Anyone who wants to attend the hootenany being held at East Central State College in Ada, November 22 and 23, should contact Wanda Clark, Student senate secretary, or Mr. Lloyd Goss, sponsor. Tickets may be obtained from them at a lower price than is to be paid at the gate. Murray's Baldies will be featured in the hootenany.

The Aggelite has been granted membership in the Oklahoma Press Association, according to Mr. Ben Blackstock, Secretary-Manager of the Association.

## SPOTLIGHT

Larry Heard

Judy Matheson

Larry Heard, a sophomore from Roff, Oklahoma, now moves into the spotlight. Larry is a pre-veterinary major and will be leaving Murray at the end of the first semester in order to enter Oklahoma State University's school of veterinary medicine.

While in high school, Larry lettered in basketball and baseball and was also president of the local FFA chapter.

Larry's participation in school activities seems to have carried over from high school, here at Murray he is vice-president of the Student Senate, Lieutenant Colonel in the ROTC, and holds membership in the Rodeo Club, Aggie Club, and Phi Theta Kappa.

Patti Page rates highest on Larry's list of favorites and blue occupies second place.

As far as future plans are concerned, Larry plans to be married shortly before entering OSU. Miss Emma Childs, a former Murray student, is his intended.

Judy Matheson, a sophomore from Ardmore, is the girl to be "spotlighted" this week. Judy, a Home Economics major, receives most recognition as President of

the Home Economics Club. At Murray, she is a member of the Goal Digger's Club and Home Economics Club.

While in high school, Judy was a member of the Girl's Chorus, Spanish Club, and Pep Club.

Among her favorites are Mexican food, black, "Sally Go Round the Roses," "It's Up to You," and ping pong.

After leaving Murray, she plans to obtain her diploma from Southeastern State College at Durant, and then teach Home Economics.

## Pharmacy group visits campus

Dean Harris, Dean of the College of Pharmacy at Oklahoma University and Dean W. D. Strother, Dean of Southwestern's College of Pharmacy, along with several other pharmacists from this area were conducted on a tour of the campus as the guests of Mr. J. C. Cobb of Tishomingo and Deans Murray and Cleveland Wednesday, Oct. 30. The group was on its way to a pharmacy meeting at Lake Texoma. All seemed to be quite impressed with classrooms and laboratory facilities here at Murray.

## Up and Down the Sideline

The Cornhuskers of Nebraska, the Tigers of Missouri, and the Sooners of Oklahoma are leading the Big Eight Conference. Missouri had a big 50 yard run with an intercepted pass to whip tough Iowa State 7 to 0, and Nebraska walloped Colorado 41 to 6. Oklahoma spotted Kansas State a 3 to 0 lead and then came back to whip the gritty Wildcats 34 to 9. Nebraska and Missouri will clash for the loop lead and the honor of fighting it out with Oklahoma for the Big Eight Championship.

New York won a big one from Cleveland Saturday, October 26, by a score of 33 to 6. The previously unbeaten Browns were held in check by a tough defense and wiped off the field by a Y. A. Tittle led offense, and by Don Chandler who kicked four field goals. Despite the loss, Cleveland remained atop the Eastern division standings with a 6 and 1 record. New York and St. Louis are tied for second with 5 and 2 records. The Western division looks like a two team race with Green Bay and Chicago tied for first place. Running a distant second is Detroit, one of the pre-season picks to fight it out with Green Bay for the crown.

In state highschool football, the Lawton Wolverines are atop the Class AA standings with a 5-1 record. Putnam City is second with a 5-2-0. In Class A, McAlester after stopping Ada a few weeks ago, has hung on to the number one spot with a perfect 6-0-0 record. John Marshall is running right along side with a 6-0-0 record. In Class B, Lindsay, always a powerhouse, is right there on top where they have been for so many years. Marlow is second after a 20 to 15 defeat by Lindsay a few weeks back. They will meet in the playoffs if they are not upset before they get to each other. In Class C, Beaver and Thomas perennial powers in Class C are rated one and two respectively. Tishomingo is 14, and Marietta is rated 16.

Tishomingo put a snap in district 14C plans, after most observers had thought it to be all over. After Coalgate's 26 to 0 rout of Tishomingo three weeks ago, Tishomingo came back and knocked over favored Marietta 18 to 0. As it now stands there are four teams in the conference with a chance of winning the title. Tishomingo has the schedule to win it easily having Elmore City left as it's only conference game. Marietta still has two conference games left with Davis and Elmore City. Coalgate still has to play Davis, Elmore City and Maysville. Elmore City still in the race from a mathematical standpoint, will have it rough with Tishomingo, Coalgate, and Marietta.

Jim Grishman, Oklahoma's battering fullback, had a field day against Kansas State racking up 132 yards on 20 carries, the last being a 56 yard blast after the K-State rooters had asked Sooner coach Bud Wilkinson to send in Looney the bashed Sooner back. Grishman, a junior, is well on his way toward a fine season and possible All-American selection.

Coach Gene Robbins's defending regional champion Murray AGGIES are getting ready for the coming basketball season. The AGGIES begin their season December 2, in the Texoma JUCO Tournament, being held at Murray College.

Basketball is already here in the pro ranks. Boston is favored to win the Eastern division of the NBL and Los Angeles is favored in the West. San Francisco, with Wilt Chamberlain could make it tough on the Lakers.

## ROTC Day Celebrated at Murray College

Thursday, October 31 was named as Air Force ROTC Day on Murray Campus. The cadet corp was well prepared for the day with the ROTC band, drill team and the Angel Flight conducting

the pre-game ceremonies at the game between Murray and OMA.

The halftime ceremonies were highlighted by a hootenanny which was prepared by Mr. Jack Reid, Head of Murray's Music Department, and Mrs. Margaret Lokey, instructor of music. Tom S. Wood, Director of Public Relations, was master of ceremonies.

The program began with "Mary Don't you Weep" being sung by the "Balladiers". Ronnie and Lonnie Mayo of Petrolia, Texas and Gerardo Jimenez of Taft, Texas make up this trio. Up next was James Wheeler of Earlsboro, Oklahoma with "Lonesome Traveler". Sue Harrison of Terral Oklahoma followed with her presentation of "Scarlet Ribbons". "Puttin' on the Style" by the "Balladiers" came next, followed by James Davis of Little Rock, Arkansas singing "Joshua Fought The Battle". Then once again the "Balladiers" entertained, this time they sang "Worried Man". The program ended with the entire group singing "On My Journey".

Immediately following the ball game the ROTC Officers' Club sponsored a dance which featured the "Juveniles", a well-known five piece combo from Norman. The dance was held in the gym

## Aggie cagers open season in Texoma tourney

November 1 marked the beginning of basketball practice for most of the state's colleges, including Murray State. The first game for the Aggies is not far in the future. It is December 2, in the Texoma JUCO Tournament, at Murray.

Coach Robbins has two starters back from last year's team. They are Gene Wilmoth of Clayton, Oklahoma, and Tom McBride of Talihina, Oklahoma. Other members of last season's squad are Clyde Woolridge of Wilburton, Oklahoma, and Geary Wallace from Waurika, Oklahoma.

Rounding out this year's squad are: Wilfred Anderson, Stroud; Charles Thursby, Grand Prairie, Texas; Willie Jackson Jr., Montgomery, Louisiana; Alvie Nelson, Grant, Oklahoma; Raymond Hardiman, Arcadia, Oklahoma; Alexander Douthard, Little Rock, Arkansas; Shannon Saxon, Mannsville, Oklahoma; Jerry Moore, Tishomingo, Oklahoma; Martin Moore, Warner, Oklahoma; Ralph Webb, Mannsville, Oklahoma; and Dennis Smith, Duncan, Oklahoma.

## 'Leggers upset Crew 20 to 0

The Bootleggers upset the heavily favored Crew, 20 to 0 in a fast and furious intramural football game for the league lead.

The Bootleggers scored the first time they had the ball when Jack Smith, Davis fired a 4 yard pass to Danny Mathis, Hugo for the touchdown. The conversion try was no good and the Bootleggers took the lead 6 to 0.

The Bootleggers scored again on a ten yard pass from Don Neal, Davis to halfback Smith for the score. The conversion was missed again and the Bootleggers were ahead 12 to 0.

The Bootleggers scored once more when Clinton Roller, Elmore City intercepted a pass and ran it back 40 yards for the score. Neal passed to Mathis for the 2 pointer, and that ended the game with a final score of 20 to 0.

Due to forfeiters and postponements, the intramural standings could not be tabulated accurately. This will be corrected by the next edition.

## Home Ec. Club to sell cookies

The Home Economics Club held a meeting October 30, in the Home Ec Room. The purpose of this meeting was to determine what kinds of confections would be made and sold to raise money for the club.

The members decided to sell cookies, cupcakes, and candy of various kinds. In the cookie department are: brownies, oatmeal cookies, chocolate chip cookies, sugar cookies, peanut butter cookies, and vanilla cookies. White, yellow, and chocolate cupcakes will be sold. Cakes may be bought on special orders. Peanut brittle and fudge are the candies decided upon.

Anyone interested in purchasing some of these "goodies" should contact one of the following girls: Frances Harbert, Alice Brown, Sue Canida, Wanda Clark, Patsy Belcher, Elaine Duff, Frances Haney, Betty Harkins, Ola Mae Lamey, Judy Matheson, Barbara O'Dell, Jacquita Perry, Freda Webb, or Lois Willingham.

## Aggies battle OMA to 13-13 standoff

## Texarkana down Aggies 43 to 14

The ready and willing Murray Aggies played a fine Texarkana team October 26, at Texarkana and came away beaten by the score but not outfought. The score was 43 to 14.

Texarkana's big line opened gaping holes in Murray's line and the backs came pouncing through. Texarkana scored their first touch down on a 47 yard drive in 2 plays. The big play was a 47 yard run. The PAT was good and Murray was behind 7 to 0. Texarkana scored the next time they had the ball on a 35 yard run, the PAT was good, and Murray was behind 14 to 0. The third Texarkana touch down was scored after a 40 yard drive on a three yard run. The extra point was good and it was 21 to 0. Texarkana, Murray aided in the Texarkana cause when a bad snap from center sailed over the punters head and out of the endzone to make the score 23 to 0. Texarkana scored one more time the first half on a 4 yard run and the score at halftime read Texarkana 36, Murray 0.

The second half looked like more of the same when Texarkana scored the first time they had the ball, going 61 yards in 4 plays, the last being a 40 yard blast for the score. This made the score read Texarkana 36, Murray 0. Then Dale Runyan, Sulphur, got his passing arm cranked up and fired a 35 yard touchdown pass to end Woody Wilson, Denison, for the score. Harry Boyd, McKinney kicked the PAT and Murray had 7 on the score board. Texarkana 36, Murray 7. The next time Texarkana got the ball they moved it 67 yards in 6 plays for the score and Texarkana had a 43 to 7 lead.

Murray fought back hard and the last time they had the ball, Dale Runyan, fired a 26 yard pass to Joe Preston, Dallas, for the score. Harry Boyd kicked the PAT and the final score was Texarkana 43, Murray 14. Texarkana's size was the difference, they seemed to move almost at will. Penalties hurt Murray also. Dale Runyan did a fine job passing the ball with 13 completions out of 26 attempts for a 196 yards, and two touchdowns.

Students who are interested in attending the Eastern-Murray football game Saturday at 7:30 in McAlester should sign one of the roosters on the campus or notify Kerry McKee by Friday.

Oklahoma Military Academy, the number one team in the Oklahoma JUCO conference and Murray State College fought to a 13 to 13 standoff at Tishomingo Thursday, October 31.

The Aggies started with a fast first quarter, when they drove inside the OMA 20 yard line three times, and OMA failed to sustain a drive past Murray's 50 yard line. The battle see-sawed back and forth the second quarter until Mike Barnes, Denison, Texas, blocked an OMA punt with 58 seconds left and fell on it in the end zone for a touchdown, thus, Murray broke the scoring ice. Woody Wilson, Denison, Texas, added the PAT, and Murray went to the dressing room with a 7 to 0 lead.

Coming out after the half time, OMA seemed to come alive in the third quarter and with 8 minutes and 50 seconds left, OMA had 6 points on a 55 yard run by one of their speedy half-backs. The point after touchdown was good and it was a new ball game at 7 all. The game took on a new look with neither team able to muster much scoring punch. Then with only 30 seconds gone in the 4th quarter a 70 yard run by Larry Chinn put OMA ahead 13 to 7. The PAT was blocked and the score was still 13 to 7.

Murray drove deep, early in the 4th quarter only to be stopped by the OMA defense. Then after a OMA field goal attempt was wide to the right the Aggies set up on their own 20 yard line. Fullback, Garland Meadows, Tuttle, climaxed the 80 yard drive with a 4 yard blast around left end for the tying score. The fast OMA line rushed in to block the try with an extra point and the score stood Murray 13 and OMA 13.

The passing of Dale Runyan, Sulphur, and the hard running of Harry Boyd, McKinney, Texas, kept alive the 4th quarter surge for the winning TD. But the final score was Murray 13 and OMA 13.

## Cleveland, Wood to visit Konawa

Ray Cleveland, Dean of Students at Murray State College and Mr. Tom Wood, Public Relations Director will journey to Konawa High School on Wednesday, November 13 to speak to the Konawa High School Seniors. A series of colored slides taken by Mr. Paul Park and Mr. George Calvert will be shown to the seniors.

The programs offered by Murray State College will be discussed with the Konawa Seniors.

John Dennis

Willis Crenshaw

### ★ — CADETS OF THE MONTH — ★

Cadets of the month for October are John Dennis, Sulphur; and Willis Crenshaw, Sasakwa. The award is presented each month to the most improved freshman and sophomore cadets.

First is John Dennis, a freshman, majoring in English. He holds down a full time job, is a member of the college play cast, vice president of the freshman class, flight guide in his flight, and carries the rank of flight sergeant.

While in high school John played on the football team, participated in track, and was a member of the student council for three years.

Willis Crenshaw, a sophomore, is first sergeant of the 43rd squadron, and carries the rank of master sergeant.

Cadets of the month are selected by the staff and squadron commanders on the basis of appearance, drill, proficiency, academic records, and attitude. Squadron commanders nominate cadets from their squadron and the staff and commanders go over each cadet's qualifications until they can choose their cadets.

### Baptist center—

(Continued from page 1)  
ing will be started as soon as possible. All interested students are asked to submit a floor plan or a design for the front of the building. One if these may be chosen as the plan for the B.S.U. Building.

Members of the Murray B.S.U. attended the State B.S.U. Convention in Ada on Friday, Saturday, and Sunday, November 1, 2, and 3. The group left Friday afternoon, November 3, and returned after church services Sunday morning, November 3.

Registration was held Friday night, November 1. The B.S.U. of East Central was the host at the convention and it was held at the First Baptist Church. B.S.U. members from all over the state attended the convention and stayed in the homes of members of the First Baptist Church.

The Oklahoma Baptist University Biscettes, a choir composed of girls, sang at the convention. Summer missionaries and special speakers spoke at the convention. State B.S.U. officers were elected.

### Aggie Swine well received at state fairs

The registered Yorkshire boars and gilts consigned to the All Breed Swine Sales held in conjunction with the Oklahoma City and Tulsa Fairs were well received. At both Oklahoma City and Tulsa the boars and gilts placed high in the sale order. Murray college students; Phillip Muller, Mike Hunter and Nolan Arthur are to be congratulated on the fine job they did in fitting and showing the pigs at the show and sale.

At the Oklahoma City sale the two boar pigs brought \$77.50 and \$50.00, respectively, and the two gilts sold for \$80.00 and \$47.50, respectively.

At the Tulsa sale one gilt sold for \$70.00 and the other gilt sold for \$55.00.

### Math department wants solutions

The math department has received "answers" for the previously printed problems, but few "solutions". Answers can be obtained by guessing. What we want submitted are complete solutions showing the analysis and all work.

Those who have submitted correct solutions thus far are: Problem No. 1; none, Problem No. 2; Ronnie Stinson, Problem No. 3; none, Problem No. 4; Bill Pace, Ronnie Stinson.

Answers to last weeks problems: Problem 5: Too long to reproduce here, see Mr. Calvert.

Problem 6: Some Examples—  
8 1 6 6 1 8 2 7 6  
3 5 7 7 5 3 9 5 1  
4 9 2 2 9 4 4 3 8

Note that the central number must always be 5; 1, 3 or 7 cannot occupy a corner; 1 and 9 must occupy a common orthogonal line.

Problems:  
7. Prove that 3 times the sum of 3 squares is equal the sum of 4 squares (Lewis Carroll)  
8. Given the 3 "Altitudes" of a triangle: find its (1) sides (2) area. (Lewis Carroll)

All clubs and organizations are urged to turn in all news of meetings and projects to the Aggie office.

Mrs. Bruce Payne

### "Secrets of life" discussed during Science meeting

The Science Club met Tuesday, October 8 in Room 102 of the Library-Science Building. Mr. Ward from the Oklahoma Wildlife Commission was scheduled to speak and show a film on Forestry, but couldn't make the meeting because of family illness.

The program committee gave a lecture on the recent discovery on the DNA (Deoxyribose Nucleic Acid) and the RNA (Ribose Nucleic Acid). These acids are now known as the "Secrets of Life." Mr. Paul Park, club sponsor, made several remarks on the subject then the meeting was adjourned.

Students may still purchase pictures from Mr. Gerald Alleyway. Those who wish to purchase pictures for Christmas gifts should place orders before Thanksgiving.

### Hammond-Payne exchange vows

Miss Patty Hammond became the bride of Bruce Payne October 25, in the Chapel of the Moore Methodist Church.

The bride is the daughter of Mr. and Mrs. J. R. Hammond, Norman, and the bridegroom is the son of Mr. and Mrs. Dudley Payne of Norman.

The Hammonds moved from Ada to Norman in 1961. The bride was a student of Ada High School and was a graduate this spring of Moore High School. An outstanding student, she also attended Girl's State. She was Carnival and Spanish Queen in high school and attendant for Murray Homecoming Queen.

The bridegroom is a 1962 graduate of Moore High School. He attended the University of Oklahoma last year.

The bride is a pre-law major and the bridegroom is majoring in aeronautical and space engineering. They will make their home in Tishomingo and shall continue their education at Murray.

"Where Most People Trade"

"THE ATHLETES." This music group has been very active in campus programs, and they have also participated in local off-campus events.

## Aggieelite receives business membership in O. P. A.

### "After five Band" will play for ball

The Cadet Corp is very busy preparing for the annual Air Force ROTC ball to be held 7 December at Murray College. The ball, the only formal event of the fall semester, is co-sponsored by the 20th Cadet Group and the Angel Flight. The entire student body is invited along with the cadets and Angels guests. The cadets will be formally dressed. The guests may dress either formally or semi-formally as they desire.

The "After Five Band" from Southeastern State College will play the gala affair. The ROTC ball is the big event of the semester, and everyone is urged to attend whether they dance or not. The highlight of the ball will be the selection of the honorary Cadet Colonel from the Angel Flight.

The cadets will select the honorary Colonel by secret ballot in their Air Science class. She will have attendants for the coronation. Cadet Colonel Gary Bob Barnett, Ardmore will crown the honorary Colonel at an intermission of the ball.

Everyone is urged to attend this event, the program has been well planned so that it will appeal to dancers and non-dancers.

### Drill Teams, Band march at Madill

The 20th Cadet Group ROTC band, Drill team, color guard, and Angel Flight participated in the annual Veterans day parade at Madill. They left campus Thursday morning, November 7 on buses for Madill. They returned immediately after the parade. The parade was a great success as most observers agreed, and Murray College and the Air Force ROTC was well represented.

Live so that memory never has as much to offer as hope.

Promises are fine only when performance follows.

## Tishomingo Band presents show

"Go, team, go!" "Fight, team, fight!" "Win, team, win!" The pep rally Thursday night, November 14, before the football game was a great success. Everyone's morale was lifted by the short pep rally held before the game on the north end of the football field.

The Tishomingo high school band played in the half-time ceremonies and also before the game. The band played the National Anthem, "Beaded Belts", "Brass to the Fore", "Youth Band Festival March" and "King Size March". The band, under the able direction of Bob Stoddard, won first place in street marching, field marching and sweepstakes at Konawa. They also won first place in their class at the Southeastern State College homecoming at Durant. These honors were topped off by a first place in the state contest held in McAlester.

After the game a dance, co-sponsored by the Student Senate and the Pep Club, was held in the Student Union Ballroom. A prize was presented at the dance for the best-dressed cowboy and cowgirl.

## Aggieelite members attend conference

Three Aggieelite staff members, Patsy Belcher, Editor, Wapanucka; Wanda Clark, Feature Editor; Idabel; and Frances Lydene Orr, staff member, Lebanon, along with Tom Wood, professor of Journalism attended the Oklahoma Collegiate Press Association Fall Conference at Oklahoma State University in Stillwater Friday, November 8.

The meeting was held Friday and Saturday, November 8 and 9 but the Aggieelite staff attended only the Friday session. The staff members left Murray Friday morning, November 8 at 5:00 and returned around 12:30.

Registration began at 8:30 in the Communications Building with the welcome address given at 9:30 by Dr. Robert W. Mae Vicar, Academic Dean of O.S.U. The group attended two sessions in the morning and two sessions in the afternoon. There was a buffet style luncheon at 12:00 in the Student Union Parlors A, B, and C.

The banquet to present the awards was held at 6:00 in the Student Union Parlors A, B, and C. Prof. Charles L. Allen was master of ceremonies and Prof. Harry L. Hix gave the invocation. Paul Miner, Managing Editor of the Kansas City Star gave an address on "Fur on Your Ice Cream Cone."

## Local man speaks to Science Club

At the latest meeting of the Science Club, held November 12, Mr. Fortney of the local Conservation Office was the chief speaker. In addition to his speaking, Mr. Fortney also presented some slides pertaining to soil erosion and flood control. Also included in the lecture was a scale model of a typical flood control reservoir along with an explanation of its function.

One good thing about silence is that it can't be repeated.

## Kangaroo Court, sale top Sadie Hawkins Week

### Music Club to sponsor hayride to game refuge

The Music Club met November 5 at 8:00 in the classroom of the gym.

President Earl Wiginton, Paden, presided at the meeting. The club discussed having a party. Various suggestions for the party were a weiner roast, skating party, bowling, and a hayride. A hayride to the game refuge with a weiner roast there was decided upon.

The hayride will be Tuesday, November 19. The group will leave from Murray at 6:30 p.m. The week of November 18-22 is Sadie Hawkins Week so the girls must wear a Sadie Hawkins costume to the hayride.

Each person may invite one guest. Those inviting a guest are asked to turn their guests name in to President Earl Wiginton.

## Angel Flight to sponsor dancing class

In addition to being a drill team, the Angel Flight is a club organization. To remind everyone (including the Angels) of this, numerous events are being planned by and for the Angel Flight.

The first of these events is to be a picnic. This picnic is for the Angels and their dates, and will be sponsored by Major and Mrs. Billy Carter, Captain and Mrs. Charles Shockley, Dr. and Mrs. Richard Murray, Dr. and Mrs. Freeman McKee, and Dean and Mrs. Ray Cleveland.

The event will be held at the game refuge on Wednesday, November 20, at 5:00 p.m. In addition to the food, there will be dancing and games. Each girl is expected to provide her own transportation to and from the game refuge.

Another activity to be sponsored by the Angel Flight is a class for ballroom dancing. This class will be held in the music room on Monday nights from 8 to 9, starting November 25.

Instructors will be Major and Mrs. Billy Carter, and Mr. George Calvert, math instructor. The records will be furnished by the music department and by Major and Mrs. Carter.

Although this is sponsored by the Angel Flight, everyone is invited to attend.

Angel Flight club officers are: Barbara Eaves, Atoka, president; Kerry McKee, Tishomingo, vice-president; Ramona Hertel, Milburn, secretary-treasurer; and Lou Poe, Ardmore, Student Senate Representative.

Give me the serenity to accept what cannot be changed; give me the courage to change what can be changed. And the wisdom to know one from the other.

Sadie Hawkins Week got off with a bang this year. As you all noticed, yesterday the girls were in regular Sadie Hawkins Day dress.

Today is more or less a day of rest for the lovely creatures. But bright and early tomorrow start getting ready for the slave sale, girls. The sale is to be held at 12:30 in front of the Student Union. No-one knows which girls are to be sold or what her clue is. Oh yes, boys after you have bought a slave, you can only have her work at the rate of two-cents a minute. If you only pay 60 cents for her, she only works thirty minutes. Good luck girls!!!

Be on the look-out Thursday for at noon there is to be a Kangaroo Court held in the Union with several faculty members as jurors. Girls please be careful and watch what you say to boys because Friday is set for the execution day. All punishment dish-ed out by the court is to be carried out.

## Various beliefs discussed by Methodist group

The Wesley Foundation has had four meetings since their organization was formed late in October.

At the meeting Wednesday night, October 17 the devotional was a panel. The panel was composed of Mr. Ed Horton, a member of the Tishomingo First Baptist Church; Rev. Roy Weaver, minister of the Tishomingo Methodist Church; and Mrs. Hearn Chisholm, a member of the Tishomingo Presbyterian-Christian Church. The panel led the discussion on the various beliefs of their churches. Philip Fuss, Glenco, sang a special and the piano was played by Marilyn Hamilton, Wapanucka.

Mr. Andy Longoria, a member of the Tishomingo Catholic Church led a discussion on the beliefs of the Catholic Church at the meeting on Wednesday, October 23. Kerry McKee, Tishomingo sang a special, "In the Garden".

At the October 30 meeting, Father Roper from the Parish in Durant gave a lecture on the beliefs of the Catholic Church. The B.S.U. Quartet, composed of Patsy Belcher, Wapanucka; Patty Smith, Lone Grove; Philip Fuss, Pawnee; and Virgil Kennedy, Harrah sang a special.

The Wesley Foundation has changed their meetings from Wednesday night at 6:30 to noon on Thursday. The meetings are held in the private dining room of the cafeteria.

Thursday, November 7 the Wesley Foundation met in the private dining room of the cafeteria instead of in the basement of Poe Hall. There was a general discussion on the Wesley Foundation as an organization. The following committees were chosen. Nancy Lumpkin, Ardmore; Terry Schultz, Oklahoma City; and Marilyn Hamilton, Wapanucka were chosen to serve on the nominating committee. Ernie Duff of Madill will be in charge of making and posting the signs each week.

### A SECOND CHANCE OFFERED

The first nine weeks are over and the grades for this period have been made known. Some were pleased with their grades and some were not, but certainly everyone was enlightened by the posting of these grades.

Perhaps you were among the fortunate who received grades with which they were satisfied, if so, congratulations. But if you were not it is you to whom I wish to address a few well-chosen comments. Certainly, low grades are enough to discourage anyone, but you needn't allow this discouragement to get the best of you.

Your grades should be looked upon as an indication of how your future actions should be geared. If your grades left something to be desired then you are simply being called upon to work a bit harder. Now that you are aware of exactly what is expected of you and of how much effort is required to make satisfactory grades you should find the going a bit easier. No matter how low your grades may have been you still have an opportunity to improve them. If you actually have a sincere desire to improve your grades the remainder of the semester offers you something that life seldom affords its participants—a second chance.

### JUNIOR COLLEGES DUE TO CHANGE

An increased demand for better use of the resources now available at colleges and universities across the country has been forecast by various experts in the field of higher education.

It seems that this demand which will include better utilization of time, space, and personnel will come from the increased number desiring to further their education. When this era comes into being, the low level of education which is now so common will no longer be tolerated. The 375 public junior colleges of today will have to grow and change in order to satisfy this demand.

It is believed that there will be almost 1,000 public junior colleges by 1985, and that these colleges will have an enrollment between 4 and 5 million students. These junior colleges will be much larger than today's average junior college. The largest of these institutions will have a capacity of 50,000, possibly only with a network of branch locations.

If the forecasted changes come true, it appears that the junior colleges of tomorrow will be vastly different from the institutions we know today.

### THIS, REMEMBER TO DO!

When was the last time you thanked God for the privilege of being able to speak, to communicate with others around you, to sing, to laugh; for being able to watch the sunrise and sunset; for being able to watch the trees turn from green to scarlet to gold to brown and then green again after a bare winter; for being able to watch the birds in blue skies, the flowers in the spring; for being able to hear the birds singing, children laughing, children crying, mothers talking, and some one saying "I love you"?

When have you given thanks for the mother waiting for you at home; the father who works so hard; the older brother or sister who gives you advice; the younger brother or sister who turns to you for advice?

When have you given thanks for running, and walking, for laughing and talking, for loving and being loved; and for the enjoyments and disappointments in life; for the sheer joy of being alive?

We all have so many things to be thankful for. We have our homes, our schools, our government. We have our parents, teachers, instructors, advisors, Congressmen, Senators, President.

Yes, we all could go on and on but is there any need? No, there isn't.

This year on Thanksgiving Day, let's all remember these things and many others. Better yet, let's be thankful every day of every year.—wlc.

## This 'n' That

The sympathy of the entire student body goes to Terry Smith, Wynnewood, who lost his mother last week.

Weddings really seem to be in style around Murray. Glenda Adkins, Madill Freshman, left us for this fine institution. Glenda married Ronnie Dewayne Cox, November 2, in Denton, Texas. They are living in Madill.

I would like to encourage all who have complaints about the Aggielite to write a letter to the editor telling us about it. If the complaint is justified, we'll try to correct it.

The Hootenany being given by East Central State College, Ada, will feature James Wheeler Earlsboro, in addition to the Balladiers. Don't forget to get your tickets early at a lower price. Both Wanda Clark and Mr. Lloyd Goss have these tickets.

The Girls should be sure to take advantage of Sadie Hawkins week. It's not every week they get to chase the boys legally. The boys should remember (before thinking of too many jobs for the girls to do) that the next week is a normal week and the girls will be sure to get revenge.

If any of you girls (or boys) have lost a pendant rhinestone necklace, you should contact Mrs. Thomas in the Deans' Office. This necklace, which is a silver triangle on a silver chain, was found on the North side of the Administration building.

Several Murrayites attended the Choral Festival held last week at Southeastern State College in Durant.

There was a wide variety of costumes during Aggie Day before the Northern Game. A visitor who didn't know about Aggie Day might have thought this was a scene from an old "cowboy and Indian" movie.

Murrayites who attended the Northern Pep Rally were a little surprised at the faces of some of the instructors. They seemed to have changed a little. Some things were familiar, however. "Bobo" Cleveland wore the same sweater; "Prof" Goss smoked the same cigar; "Dad" Ladd consoled "Rockin' Robbins", whose whistle sounded the same and who ordered everyone off the gym floor; P. J. Park caught his "bug" while talking to the group, and carried the same handkerchief.

## SPOTLIGHT

Beverly Hitt

Wendell Hambrick

Wendell Hambrick, a sophomore from Ardmore who is majoring in Animal Husbandry, occupies this section of the spotlight.

Wendell is Phi Theta Kappa's student senate representative, Secretary of the Aggie Club, belongs to the Rodeo Club, the Science Club, the Officer's Club and is a Captain in Murray's ROTC.

The only favorites to which he will admit are blue, steak and the song, "Cowtown".

Wendell plans to finish his education at Oklahoma State University and from there he will take his future one step at a time.

Beverly Hitt, Ardmore, is the first to be in the spotlight. Beverly, a sophomore majoring in English, is well-known by her tremendous singing voice.

While in high school, Beverly was active in Future Teachers of America, newspaper staff and yearbook, chorus, and girl's ensemble. She also directed two choirs. She is well-known to Ardmoreites for her participation in the 1963 "Miss Ardmore" Pageant.

At Murray, Beverly is very ac-

Good manners and soft words bring many a difficult thing to pass.

## Up and Down the Sideline

Oklahoma spotted Iowa State a 14 to 0 lead Saturday, November 9th, and came back to edge the cyclones of Iowa State 24 to 14 at Norman, Nebraska, the only other team with an unblemished Big Eight record continued to roll with a 23 to 9 win over luckless Kansas. Oklahoma State in their first year under new coach Phil Cutchin took their first win of the season over scrappy Tulsa 33 to 24. Oklahoma plays Missouri Saturday, November 16 at Columbia. Missouri must win to stay alive in the Big Eight race. O.U. must win to have a clear shot at the title when they play Nebraska November 23 at Lincoln.

Oklahoma Military Academy clinched the state JUCO title with a 14 to 9 victory over Connors. Murray State still in contention for second place in the conference with a 2-3-1 record after a 21 to 0 loss to tough Eastern A&M. Eastern is now in second place with a 3-2-1 record. Murray State has Northern and Connors left to play in the conference, while Eastern closes out their schedule next week with Connors.

Texas, the number one team in the nation, is rolling along with an 8-0 record after a 7 to 0 win over Baylor. Texas has the inside track for the southwest conference championship, but Baylor and Rice are still contenders. Texas still has to play T.C.U. and Texas A&M in the conference, and a victory over each will give the Longhorns a trip to the Cottonbowl and the first undefeated season in the schools history.

Northeastern State College, state intercollegiate champions, won the title with a 7 to 0 win over Panhandle to remain undefeated. East Central is second and Central State third. If Northeastern goes undefeated in its next two games there is a good chance that they will go into the NAIA playoffs, if this does happen then it will be either East Central, or Central who will play Slippery Rock Pa. in the All Sports Bowl to be held in Oklahoma City. Slippery Rock is currently rated 10th in the NAIA poll.

Tishomingo, with a share of the title clinched sat back and watched the rest of the district teams wind up action. Coalgate continued to roll with a 50 to 8 victory over the badgers of Elmore City. Marietta continued on with a 40 to 0 win over hapless Davis. Coalgate still has to play Maysville and Marietta plays Elmore City. Maysville always tough on Coalgate plays them at Maysville. Last year Coalgate, who had rolled over just about everyone, played Maysville at Coalgate, and it took Coalgate a penetration to pull it out as Maysville tied Coalgate 20 to 20. Marietta is expected to have little trouble with Elmore City.

Arnold Palmer, golfs leading money winner, won Australian riches tournament and added \$2,240.00 to his earnings for the year, already over \$130,000.00.

### MURRAY AGGIES BASKETBALL SCHEDULE

Date	Opponent	Place

Home Games—7:30 p.m.		

### Fulton Hall puts snag in campus race

Fulton Hall threw the intramural race into a snag with a 0 to 0 penetration victory over the Bootleggers. Defense was the fine point of the ballgame. Fulton picked up their penetration the first time they had the ball. After that neither team was able to muster any offensive punch.

The Crew preping for their showdown battle with the Bootleggers the last game of the season ended past the rodeo Club 8 to 0.

Results in other action for rounds six seven and eight is as follows: GoGetters 1, JAs 0, Aggies 1, Faculty 0, Crew 8, Rodeo Club 0, DAs 14, Fulton 8, Bootleggers 10, Groundhogs 0, Faculty 1, JAs 0, Crew 1, GoGetters 0,

DAs 22, Aggies 0, Rodeo Club 1, Groundhogs 0, Fulton 0, Bootleggers 0, Crew 1, Faculty 0, DAs 1, JAs 0, Bootleggers 16, Aggies 8.

	W	L	T
Bootleggers	7	0	18
Crew	7	1	0
Fulton Hall	6	2	0
Rodeo Club	4	4	0
Aggies	4	4	0
GoGetters	2	5	0
Groundhogs	2	5	0
JA's	1	7	0
Faculty	1	7	0

\* Lost Penetrations

Schedule for the remaining two rounds in intramural play: Crew vs DAs, Faculty vs Groundhogs, JAs vs Bootleggers, GoGetters vs Fulton Hall, Aggies vs Rodeo Club, DAs vs Groundhogs, Crew vs Bootleggers, Faculty vs Fulton Hall, JAs vs Rodeo Club, GoGetters vs Aggie Club.

## Cage clinic to be held at Murray College

The first annual Murray State College high school coaches clinic will be held Saturday, November 23 at Murray College. Several leading coaches in their fields have been asked to give some of the fundamentals of certain situations that take place on the basketball court.

The clinic will kick off at 9:00 a.m. with the registration of participants, after which Dr. Freeman McKee will welcome all visitors. Negal King, coach at Sulphur High School, will speak on the zone press, after which Cotton Patton, Savannah High will speak on zone defense, 1-3-1 and 2-1-2. Speaking on man-for-man defense will be Jim Penquite, of Lindsay, and on the fast break offense will be Ray Grisson, of Stroud High School. At this time the coaches will take a break for lunch.

At 12:40, Claude Kedy, from We-waka High School will speak to the coaches on the delay game, which is used so well by Hank Iba at Oklahoma State. Fundamental drills will be next by Raymond Griffith, Talihina, and then follows out of bound plays by Dennis Brown, of Hugo High. Then right before the afternoon break will be the single post offense by Boney Matthews of Purcell.

After the break will be Bob Brumley, McAlester High School speaking on the double post offense, followed by Jerry Jobe, Chickasha on zone offense and Chet Bryan of Norman on Discipline in Basketball.

The final event on the program will be a scrimmage game between Murray State College and Decatur Baptist College.

The athletic department feels that it has a very capable group of coaches on the program and will give many new ideas to the coaches of the area.

## Future bright for athletes

The Athletes singing group which has become quite famous throughout this area is composed of two fellows from Arkansas, James Davis and Alexander Douthard and three from Wichita Falls, Texas, Tommy Nelson, Troy Criner, and Emanuel Cleaver.

The group's name, Athletes, originated because all five members participate in athletics.

The future looks bright for the group. They have plans for two concerts in February, one at Murray College and one in Ardmore's Douglas High School. The Athletes would like to record their first record some time this spring. The group has written several songs.

This month will be another busy month for the Athletes. They have several out-of-town engagements and will also sing in the Christmas program here at Murray. This group hopes to stay together after graduating from Murray. All members are freshmen. Emanuel Cleaver is majoring in Sociology, James Davis in Pre-med, Tommy Nelson in Pre-law, Alexander Douthard in Physical Education and Troy Criner in History Education.

When you stop to think, don't forget to start again. The people who seem young are those who never reveal their race. Nobody ever resents it when you say kind things.

## Northern edges Aggies in JUCO thriller 7 - 6

The Murray Aggies with a bad case of fumbities outfought northern in everything but score and fell to Northern 7 to 6. Murray fumbled twice inside the four yard line. Northern blocked a punt on the Aggie 39 yard line and took over there. E. Williamson, big Northern fullback took the ball over the goal line on a four yard run to climax a 39 yard drive. Williamson kicked the point after touchdown and Northern lead 7 to 0 with 10:02 of the second period gone.

Later on in the period the Aggies threatened but were held on their four yard line for four downs. Murray caused a fumble soon afterward on the eight yard line. The first play netted two yards, and then Dale Runyan, Sulphur dropped back and threw a perfect strike to Woody Wilson, Denison for the touchdown. The

PAT was wide of the uprights and the score read Murray 6, Northern 7 with 1:56 left in the half.

This was all the scoring of the ball game but Murray and Northern each threatened once more. Murray right at the end of the ball game, but Fred Eaton intercepted a pass to end the threat. Right afterward the Mav's threatened again but the clock ran out with them in possession. The final score read Northern 7, Murray 6.

## Eastern drops Murray 21-0

The Aggies after tying league leading OMA last Thursday night could not find the key Saturday night, November 9th and fell to Eastern 21 to 0 at McAlester. The hardcharging Eastern line held Murray's offense tight most of the game. Picking up two counters in the second quarter and a singleton in the fourth quarter. Eastern broke the scoring ice early in the second quarter on a one yard run, after Murray had held for three downs from the three yard line. The run climaxed a drive of medium length and put Eastern ahead 7 to 0 after the PAT was run over. A few minutes later Eastern had seven more points up. Dale Runyan, Sulphur dropped back to pass. He was hit hard as he cocked his arm and the ball fell loose. An Eastern lineman picked it up and set sail for the goal line. This 50 yard run made the score read Eastern 14, Murray 0. And that's the way it went until late in the fourth quarter Eastern scored again on a five yard run to ice the game. The final score was Eastern 21, Murray 0.

Prosperity: Something we feel, fold, and send to Washington. Speak well of your enemies. You made them.

When the going gets tough, the tough get going.

Today's goal should be tomorrow's starting point.

Courtesy is one item that everybody appreciates. Envy and anger shorten life.

## Texoma tourney opens action December 2

December 2 and 3 mark the beginning of the basketball season here at Murray College. The Texoma JUCO tournament to be held at Murray College starts on that date. Murray College, Southwest Bible College, Paris and Connors JC will be here to fight it out for the championship. Murray State, defending champions of the tournament will be back to go for their second straight championship. The tournament, a two day affair matches the four teams in games on Monday night. The following night the losers will play for third place and the winners will play for the championship.

## Air horns make game exciting for Murrayites

Bla-a-a was the sound that startled an Aggie fan to such extent that he jumped up, almost falling down the bleachers. This incident took place at the Murray vs. Eastern game November 9.

It seems that Clifford Parrish, a Murray fan from Tishomingo, attended the game with his air horns. He was very careful to wrap the golf-club-looking horns in his quilt, leaving only the ends out. When the unidentified fan sat down in front of Mr. Parrish, he decided he would have some fun by blaring the horns full blast into the unsuspecting victim's ears. (Oh yes! The horns were heard all over the field.)

Oh for the record, Mr. Clifford Parrish is the husband of our Joyce Parrish in the bookstore.

TROY CRINER, Wichita Falls, 89 makes a diving catch of Dale Runyan's, Sulphur, pass early in the first half of action in Murray's 13 to 13 tie with JUCO conference Champ Oklahoma Military Academy, as No. 32 Russell Wells, El Paso looks on. Defending for OMA is No. 42 Dave Romine and 11 Claude Trindle.

## Wheel!, a purse can sure travel

Hi! I'm a black leather purse that belongs to Wanda Clark. I want to tell you about the trip I took to the Oklahoma Collegiate Press Association held at OSU last November 8-9.

It seems that three girls Wanda Clark, Patsy Belcher, and Frances Orr—were going with Mr. Tom Wood, the AggieLite sponsor. We all got up and were on our merry way at 5:00 a.m. Friday.

That cute little Mr. Wood and I agree on one or two things as I found out as the day went by. First we agreed that there is no need to poke along when you have some place to go. Oh I don't mean that he believes in flying, but he sure doesn't go slow.

Well when we got there, we all went in to have a cup of coffee. It turns out that Mr. Wood is the only one who partakes of this refreshing pause.

After registration at 8:30, the girls and I went to see a couple of former Murrayites, Linda Thomas and Margaret Ann Loksey. Then we returned for a general assembly. It was there that I learned there was another Tom Wood present. Later I attended a lecture by this Tom Wood of Tulsa.

Well after attending two sessions that morning, I was carried to a luncheon. Oh the food was simply delicious, or so I gather from the conversation going on over me. We left right after the

main course in order to see some more Murrayites. After all the trouble, we only got to see Dickie Craven.

A little later on we went to tour the campus and surrounding territory, and as was expected we got lost. It was just by accident we found where Patsy's cousin, Peggy Belcher Duke, also a former Murray student, lived.

After a nice visit we returned to the campus and attended a panel discussion on "How We Edit Our Newspaper". Patsy was one of the panel members.

Then Mr. Wood, the girls, and I all returned to Peggy's and got ready for the banquet.

The awards were presented right after the entertainment which was brought to us by a ballad-singing trio.

The awards seemed to have gone to everyone but US! Boo-Hoo!

We left immediately afterward for it seemed that Mr. Wood had some tests to give on Saturday. It was midnight when we all finally got back. I heard through the grapevine that Frances got up and went to breakfast the next morning at 7:30.

I really enjoyed my trip and hope more purses can join in next year.

Wiseest traveler in life is he who can pack the most into a day.

It is harder to hide ignorance than it is to acquire knowledge. It is fine to believe in ourselves, but don't be too easily convinced.

The best excuse is the one you never make.

## Many attend Baptist Union Singspiration

The theme for B.S.U. Tuesday, November 5 was "Be Thou An Example." President Tommy Barber of Madill told of the trip to the B.S.U. Convention in Ada November 1 and 2. The group left around 3:30 Friday afternoon and returned Saturday afternoon. Those attending were Tommy Barber, Madill; Jerry Race, Floydada, Texas; Patsy Belcher, Wapanucka; Shirley Griffith, Roff; Philip Fuss, Pavnee; Virgil Kennedy, Harrah; Gregory Cupp, Oklahoma City; and Stan Standridge, Amber. The group was accompanied by Leon Hill, pastor of the First Baptist Church, Tishomingo.

At the November 5 meeting Floy Sliger, Lebanon, Freshman Council Music Chairman led the singing and Marilyn Hamilton, Wapanucka played the piano.

Tommy Barber told the group that there would be a youth rally Sunday afternoon, November 17 and then a fellowship after the church services Sunday night.

A group from the B.S.U. attended a Workers Conference Monday night, November 4, at Ravia to help push the B.S.U. Building. Philip Fuss and Shirley Griffith attended a revival at the Little City Baptist Church Tuesday, November 5 and talked to the minister there about the B.S.U. Building. Philip also sang a special at the revival.

Jerry Race, Floydada, Texas, Missions Chairman started praymates. So far they seem to be working just fine. The praymates try to meet for a few minutes each night to pray, read the Bible, sing, or have fellowship together.

The B.S.U. meeting on Thursday night, November 7 was a Singspiration. Most of the program was composed of singing. There were two specials, Philip Fuss and Marilyn Hamilton sang "Ivory Palaces" and Hank Hartin of Madill sang "The Love of God." Marilyn Hamilton and Shirley Griffith played the piano.

Kenneth Dodson, minister of the Baptist Church in Wapanucka spoke to the B.S.U. meeting November 12.

## Childs-Heard to exchange vows

Miss Emma Childs, Roff, and Larry Heard, Hickory, are to be married December 21.

The bride-to-be, daughter of Mr. and Mrs. H. F. Childs, is a graduate of Murray college where she majored in secretarial administration. She was a member of Pep Club, Angel Flight, and Girls' Glee Club. She was president of the Home Economics Club and Rodeo Queen. She is now employed as bookkeeper for Braden's Ford Agency in Sulphur.

Mr. Heard, son of Mr. and Mrs. Buck Heard, is a student at Murray College and is majoring in veterinarian medicine. He is vice-president of the Student Senate, lieutenant-colonel in the Air Force ROTC, and is listed in the scholastically top 10 students of the college.

He is also an active member of Phi Theta Kappa, Rodeo Club, Aggie Club, Science Club, and is in charge of the Angel Flight.

A neglected customer will soon be a former customer.

All the flowers of all the tomorrow are in the seeds of today.

The secret of a good memory is learning the art of attention.

ONE OF THE FEW incomplete passes that Dale Runyan, Sulphur threw. Woody Wilson, Denison goes high but to no avail as he is well defended by two OMA defenders Dave Romine and Claude Trindle. Troy Criner, Denison No. 89 and an unidentified OMA player look on.

## First weighing —

(Continued from page 1)  
fords was consigned by George Coffee, White Deer, Texas. These bulls have an average daily gain of 4.17 lbs. per day. Dick Cole, Connersville, has the top gaining individual Hereford bull with an average daily gain of 5.18 lbs. The second high gaining Hereford bull was consigned by George Coffee and has an average daily gain of 4.82 lbs.

In the Polled Hereford division, Bob Allee of Elk City has the top gaining pen of 3 bulls with an average gain of 5.30 lbs. He also has the top gaining individual Polled Hereford bull with an average daily gain of 5.89 lbs. David J. Simons, Waco, Texas, has the second high gaining pen of Polled Hereford bulls with an average daily gain of 5.06 lbs. per day. One of his bulls in this high gaining pen has an average daily gain of 5.71 lbs.

In the Charolaise division, G.W. Banks of Clarksville, Texas, has a high gaining pen of 3 bulls at 4.94 lbs. per day and he also has the top gaining individual Charolaise bulls at 5.71 and 5.36 lbs. each. Mack Braly, Ada, has pens of Charolaise bulls that have gained 4.88 and 4.11 lbs. per day. Clarence Rodden, Claremore,

has the only pen of Brangus bulls on the test. One of his bulls is gaining at the rate of 4.57 lbs. per day. The lone Santa Gertrudis bull consigned by Maurice Finklea, Warner, made a very respectable gain of 4.29 lbs. per day.

**BOARDING PLANE:** Major Jack Carter and a group of Murray College Air Force ROTC cadets are shown boarding an Air Force C-54 at Ardmore Air Park. This is the beginning of a field trip for the twenty-four cadets to McConnell Air Force Base, Wichita, Kansas.

## Cadets make trip to Wichita, Kansas

A group of cadets from Murray's ROTC program departed Thursday on a field trip which took them to McConnell Air Base which is located near Wichita, Kansas. The trip was made by plane and more than a few of the cadets experienced a light touch of air sickness. Since the trip was made on a plane totally without parachutes, everyone was glad to reach the base and firm ground once again.

Upon arriving arrangements were immediately made for quarters. The remainder of the afternoon was spent in getting everyone settled and satisfied. After the evening meal practically everyone departed for an evening in downtown Wichita.

The next day, Friday was spent on tours of Boeing Aircraft Company and Cessna Aircraft Company. The day was ended with a quiet evening on the base. Saturday, the day of return, began with a morning of free time.

The return trip was marked with smooth flying and good weather.

The boys who attended are: Ronald Alexander, Wilson; Jimmy Altom, Ada; Gary Barnett, Cadet in charge, Ardmore; Thomas Bohannon, Maud; Mickey Davenport, Okmulgee; Glen Dilbeck, Sulphur; Ronald Henson, Kingston; Donald Henson, Kingston; Alexander Jakubowski, Harrah; Tommy Linam, Marlow; Danny Mathis, Hugo; Dwayne Miles, Coalgate; Vaden Morgan, Tuptelo.

Also attending were: Larry Newville, Lexington; William Pace, Ardmore; Bruce Payne, Norman; David Ralston, Ardmore; Richard Rose, Shawnee; Gilbert Sanders, Oklahoma City; James Staton, Hendrix; Ernest Sykora, Marietta; Harold Taylor, Oklahoma City; Jon Wells, Harrah; and Stephen White, Ardmore. Officer in charge was Major Jack Carter, Murray Air Force ROTC commander.

## Patton Hall sets date for Christmas party

The girls in Patton Hall held a dorm meeting, Tuesday, November 19. Patton Hall President, Sue Canida, Tuptelo suggested having a Christmas Party. A discussion was held and the girls decided to have the party in the Student Union on December 17.

The girls drew names and will exchange gifts in the dorm after the party. There was no set price on the gifts but the price will begin at \$1.00 and the definite price is left up to the girl.

The following committees were chosen: selected to the decoration committee were Fran Orr, Lebanon; Rachel Jacobs, Kiowa; Lynne Shelton, Ardmore; Klowa; Havens, Haworth; and Betty Harkins, Tuptelo. The entertainment committee consists of Jacquita Perry, Tuptelo; Floy Sliger, Madill; Mary Putman, Madill; and Ruth Ward, Kiowa. Serving on the refreshment committee is Linda Huebsch, Madill; Lou Poe, Ardmore; Phyllis Lawson, Bennington; Cecile Stagg, Davis; and Frances Haney, Coalgate.

The girls will each invite one guest.

## Sew it with wool contest held

The annual "sew it with wool" contest (district six) which is directed by Mrs. Marvin McBeth, Madill, was held Saturday, November 23 in the Student Center Ballroom of Murray State.

Senior division winner was Billie Frances Stafford, Caddo, Junior division winner was Linda Kafer, from Ryan, with alternate Mary Faulkenberry, Wapanucka. Deb-division winner was Kathy Hutchens, Tishomingo. Linda Kafer and Billie Frances Stafford will enter the state contest in January as representatives of the sixth district.

Other contestants in the Sub-deb division were Karen Sue Johnson, Tishomingo, and Shirley Ann Ned, Pontotoc. In the Junior Division the contestants were: Judith Ann Payne, Wapanucka; Darlene Pipes, Coleman; Arlinda Frootman, Coleman; Mary Faulkenberry, Wapanucka; Mary Lynn Cornelli, Madill; Jean Rush, Tuptelo; Linda Daniel, Olney; LaDonna Murphy, Ringling; Sue Hamilton, Ringling; Ahonna Ogle, Ringling; Marilyn Hamilton, Atoka; Shen-eista Whitsett, Ryan; Linda Kafer, Ryan; Cindy Knowles, Ryan; Contestants from Pittsburg County were: Linda Byrd, Bernice McDougal, Linda Ogden, and Janelle Hobbs.

## Xmas musical program to be given Wednesday

Selections from "The Messiah" by George Frederick Handel will climax the annual Christmas musical program to be presented by the Murray College Music Department Wednesday, Dec. 11, at 8 p.m. in the College Auditorium. The public is invited to attend the free program.

First portion of the program will be devoted to familiar Christmas folk songs and will close a rousing arrangement of "The Night Before Christmas," sung by the Mixed Octet.

All sacred music has been chosen for the second part of the program. The closing number will be the "Hallelujah Chorus" from "The Messiah" featuring the sixty voice college choir.

The program is under the direction of Mrs. Margaret Loke, instructor in vocal music. Carl Reubin will accompany the choral numbers.

Other ensembles appearing on the program are the Balladiers, the Women's Trio, the Athletes, and the Cadet Chorus.

Soloists are James Davis, James Wheeler, Sue Harrison, Beverly Hitt, Philip Fuss, Ken Dodson and Kerry McKee.

## "Deal me in" rings out in student union

"Deal me in," "I have the big casino," "She's my partner." These are some of the familiar phrases heard in the student union. It seems as though everyone is playing cards.

Students gather in the union, someone pulls out a deck of cards, and pronto a card game is started. Games such as Hearts, Casino, Crazy Eight, Rummy, and Canasta are played by the students.

It is lots of fun, inexpensive, and also a very good way to kill time. If you haven't tried it, why don't you? Deal me in.

## Dorm decoration contest planned

The annual "decoration of the dorms for Christmas" contest has been planned for December 15. The best decorated dorm is to receive first prize of \$20 with the second place \$10. The Faculty Dames are helping the Student Senate sponsor this event, announced by the Student Senate.

At the last Student Senate meeting, held December 4, Wendy Hambrick, Ardmore, was chosen as Murray's Oklahoma Intercolligate Student Association. His responsibilities will include corresponding with the other members of the O.I.S.A., the president, and secretary of the association.

The Student Senate plans on running a page of advertisement in the Tishomingo High School annual this year.

## Janie Hudson elected Honorary Cadet Colonel

Janie Hudson

Gary Bob Barnett, Cadet Commander of the Murray College AF-ROTC, presented Janie Hudson as Honorary Cadet Colonel to the 20th AFROTC Group and guest last Saturday night at the annual Military Ball, held in the Murray College Fieldhouse.

Miss Hudson and her 4 attendants were selected by the ROTC group from members of the college Angel Flight, Barbara Eaves, Kerry McKee, Rachael Jacobs, and Patty Sue Smith were attendants to Miss Hudson.

Janie is the daughter of Dr. and Mrs. T. A. Hudson of Tishomingo. She is an Elementary Education major. She was elected 1963 homecoming queen at Murray. She is also a cheerleader, member of the Goal Diggers, a member of the Girls' chorus, Trio and octet, Band, Angel Flight, Student Senate, and Student Personnel. She is a member of the girls' independent basketball team.

Barbara Eaves is the daughter of Mr. and Mrs. LeRoy Eaves of Atoka. She is majoring in Elementary Education. At Murray, she is president of the Angel Flight, vice president of the Goal Diggers, and a member of the Girls' Chorus.

Kerry McKee, the daughter of Dr. and Mrs. Freeman McKee of Tishomingo, is also an elementary education major. She is a member of the Angel Flight, Girls' chorus, Trio, and Octet, a cheerleader, Student Senate Representative of the Drama Club, a member of the Annual Staff, Goal Diggers and the girls' basketball team.

Rachael Jacobs, the daughter of Lee and Bertha James of Kiowa is majoring in General Education. At Murray, she is a member of the Angel Flight and Goal Diggers.

Patty Sue Smith is the daughter of Mr. and Mrs. Velson C. Smith of Lone Grove. She is majoring in Medical Technology. She is a member of the Angel Flight, Music Club, and Girls' Chorus.

## Teachers attend OSU Conference

Five teachers and administrators from Murray State attended the Inter-college conference held at Oklahoma State University, on November 26, 1963.

This conference, which is an annual affair, concerns curricular changes at Oklahoma State University, and the mutual problems of OSU and other collegiate institutions.

There are meetings of various groups of administrators and teachers in the different subject fields.

Those attending are: Raymond Cleveland, Dean of Students; Mrs. Louise Craven, registrar; Harold Winbur, engineering instructor; George Calvert, Math and engineering instructor; and Miss Beulah Zimmerman, Chemistry instructor.

## Aggieelite plans literary column

The Aggieelite has plans to begin a section which will be devoted to items of literary interest. This will include short stories, book reviews, poetry, etc. All students who have talent and ambition which lie in the direction of poetry composition are invited to submit their creations. Any of these compositions which are of sufficient merit will be printed in the paper and the best of these will receive awards at the end of the year.

## Coed cleaning gets job done

It seemed as though some of the girls of Patton Hall didn't like the way Haskell Lucas boys kept their living room. Monday night after supper, five girls entered the boys dorm, demanded a broom and mop, and proceeded to clean the living room.

After recovering from the shock, the boys joined in, and within thirty minutes, the room was spic and span.

Mom Gaines said that the first boy to throw a cigarette butt on the floor or drop some popcorn has to sweep. Looks like the room may stay clean for awhile.

## New structures being used

Undoubtedly you noticed a great deal of noise along with a lot of hustle and bustle during the early part of last week. This unusual amount of action was due to the moving of many classes and offices to the classrooms located in the new classroom building and the new music building.

These two structures provided needed space for instructors as well as the student body.

## Students should clear charges from accounts

The Business Office "urges" all Murray students to "clear" every minor charge from his account, such as annual, pictures, library fines, etc., BEFORE the Christmas holidays.

This will be necessary in order to facilitate closing of our records before the end of the year.

Naturally those doing so will automatically and simultaneously receive either a Christmas greeting, our blessing, or a receipt for payment rendered.

## The Aggielite

ISSUED TWICE MONTHLY

### THE STAFF

Patsy Belcher ..... Editor  
Wanda Clark ..... Feature Editor  
Mary Putman ..... News Editor  
Don Neal ..... Sports Editor  
Aaron Hulstine ..... Copy Editor  
REPORTERS: Alexander Douthard, Willie Jackson, Allen Neal, Frances Orr.

### YES AARON AND DON, THERE IS A SANTA CLAUS

What do you think of when someone mentions Christmas? Do you think of all the food you plan to consume? the friends you're going to visit? the gifts you expect to receive? or do you think of the true meaning of Christmas, with the spirit of giving and the religious backgrounds?

As we grow into maturity, we tend to forget the real meaning of Christmas. Many of us, like Aaron Hulstine and Don Neal, have forgotten what Christmas meant to us as children.

In a troubled world such as ours, we must try to have faith, hope, and strong beliefs. We must take time to recapture some of the spirit of our youth. We should make Christmas a time when we think of others, and renew our faith in God.

Try to remember these things as the Christmas holidays approach. Apply them to yourself, and have a good Christmas.

"Yes Aaron and Don, there is a Santa Claus!"

### DON'T GRIPE, TRY STUDYING FOR A WHILE

"Are Murray Students provided with enough social activity?" This question or similar ones have been hashed and reshaped by Murray's Administration, Faculty and Student Senate.

This question was brought to mind recently during the Oklahoma Intercollegiate Student Assn. (OISA) Convention which convened at Oklahoma Baptist University in Shawnee.

The OISA is an association comprised of all the colleges in Oklahoma. Its purpose is to improve relations between the colleges.

During a discussion among the OISA representatives, it was learned that activities on Murray's campus equaled, and at times excelled, the various Oklahoma College represented. Murray excels many other colleges in its number of mid-week activities.

The amount and type of participation in the activities determines greatly the number of activities available to the students. Many of the students who complain about there being "nothing to do" are the individuals who can be found in the dorm or in the "sack" when the activities are in progress. These students are usually the ones with the low grades, who do not join any (or very few) clubs, and do not accept responsibility in the ones they do join.

If you are constantly complaining about "nothing to do" check your grade point, and ask yourself "what have I done to increase social activities?" Then try studying, or at least refrain from habitual complaining.—Wendyl Hambrick.

## Area paintings displayed during College Art Week

The Fine Art department added a touch of culture to Murray during the week of December 2-6 by making it "ART WEEK". The art clubs of Tishomingo and Madill furnished a number of paintings which were displayed in the library during the week.

The Tishomingo Art Club furnished a total of 39 paintings by eight artists. Miss Dorothy Clark, chief clerk at Murray, furnished seven paintings. Mr. George Calvert, math instructor, had two paintings on display. Others were: Mary Parish with six paintings; Ruth Moore, five; Grace Minter, with six; Louise Stamps and Frances Mullins, with five each; and a high school student, Gary Wyatt, with three.

There were 14 paintings on display from Madill. Gary Bane, a high school senior, furnished three of these. Marilyn Adamson, who is 12 years of age, furnished a painting, and her sister Carol, age six, displayed three. Ava Broderick displayed three paintings; Stephen Crow, age 13, had two; Mary Crow, one; and Winnie Heath, one.

Four paintings were loaned to the display. These were painted by P. H. Binlon, from Fort Smith, Ark.; Tartsch; Richard Tallinger, Southwestern State College; and Emil Hermans.

A lecture on art was given Wednesday, December 4, by Kenneth Campbell. He is head of the Art Department of East Central State College, Ada.

Mr. Jack Reid was in charge of the exhibit.

## This 'n' That

The Tragic death of President John Kennedy shocked the nation, and Murray was no exception. Classes were dismissed Monday, November 25, and Murray joined the rest of the United States in watching the funeral on television.

The Hootenany sponsored by East Central State College, which was cancelled Saturday night, November 23, has been rescheduled for December 14. All tickets for November 23 will be good. The Murray Balladiers and James Wheeler will be featured.

Mr. Ed Horton, Math Instructor at Murray, and his wife Mary are the parents of a new son! Jay Ellis was born at 4:29 p.m. November 24, and weighed eight lb., seven oz.

The First Basketball games of the season, which was the Texoma JUCO Tournament, attracted a number of former Aggies. Among these were: W. B. Daugherty, Alfred Nelson, Russell Bradley, Buck Cha-ham, Donnie and Peggy Parish, Deedie Moore, and "Hollywood" Baugh.

Wedding bells are also ringing for former Murrayites. Linda Landrum became the bride of Thomas Brandt Thursday, November 14. Linda was a freshman last year at Murray, and Tom is a 1963 graduate.

"Love is a Many Splendored Thing", Murray's latest movie, will be shown in the auditorium, Tuesday, December 17.

Meredith Martin, a 1963 Murray graduate now attending the Oklahoma College for Women, was one of the special featured entertainers in the 1963 Coronatic Classic, November 23, at OCW. She accompanied herself as she sang "Depend on Me".

Four members of Murray's Rodeo Club participated in the Texarkana Inter-collegiate Rodeo. They were A. B. McReynolds, Honobia; Fred Willis, Ringling; Clint Roller, Elmore City; and Randy Howard, Waurika.

It has been suggested that we name the new classroom building "Kennedy Hall" in honor of the late John F. Kennedy. This is perhaps the best way Murray College can show its sincere appreciation for the advancement in education that John Kennedy stood for.

## SPOTLIGHT

Tommy Barber

Shirley Griffith

The boy holding the place of honor in this week's spotlight is Tommy Barber, a Sophomore Math major from Madill.

Tommy's chief claim to fame is his position as president of the Baptist Student Union. Under his leadership, the BSU is striving for new heights this year. Tommy is also a vice-president of the engineers Club, and a lieutenant in the AFROTIC drill team.

While in high school at Madill, Tommy was president of his senior class. He played football three years, and basketball two years. He was house representative at Boys' State, a member of the Future Journalists of America and president of the Thespians. He participated in two all-school plays.

Among his favorites, Tommy lists food, especially fried chicken and mashed potatoes "by force, not choice"; blue, Impalas, any model; and like most engineers, he "likes to antagonize the goat ropers."

Shirley Griffith, who says the thing she likes best about Murray College is "Dean Cleveland's jokes", is the first to be in the spotlight. Shirley, daughter of Mr. and Mrs. A. C. Griffith, of Roff,

is a sophomore majoring in secretarial administration.

In high school, Shirley played basketball four years, she was a member of the 4-H Club for 10 years, and was vice president 2 years; and was a member of the annual and paper staff for two years.

Last year at Murray she was a member of the Angel Flight, Goal Diggers, and B.S.U.

This year Shirley is a member of the Angel Flight and Girl's Chorus. For pastime, Shirley loves to play the piano and the accordion.

After leaving Murray, she plans to attend O.S.U.

## Up and Down the Sideline

Nebraska is Big Eight Champion, following a 29 to 20 win over Oklahoma, at Lincoln, Nebraska. Oklahoma was never in the ball game and never threatened. Only once getting inside the Husker end of the field during the first half. With the championship goes an automatic bid to the Orange Bowl.

The tragic death of President Kennedy has robbed the sports world of one of its most avid fans. President Kennedy was extremely interested in sports as shown by his Physical Fitness program.

Jack Nicklaus became only the second man in PGA history to win \$100,000 dollars in one season. The only other man to do so is Arnold Palmer.

The first annual Murray State College coaches clinic held Saturday, November 23rd was a great success. A good number of area coaches turned out to hear some of the techniques used by successful coaches around the state.

After a vast revamping of state high school athletics a new division has emerged. Class AAA will be for schools of 1,000 or more in population. The other classes will remain the same except for a few schools being elevated and a few schools being dropped down a class.

Joe Don Looney, ex-Oklahoma halfback, was selected in the first round of the National Football League draft by the New York Giants. Tackle Glen Condon went in the 11th round to New York and center John Garrett 14th to Los Angeles.

Oklahoma will not compete in a bowl game even if the offer is made. A vote held by co-captains John Garrett and Larry Vermillion has shown that the squad is not interested in a post season game. The Sooners ended their season with a 34 to 10 win over Oklahoma State.

Texas is National Champion. Texas finished its season unbeaten with a 15 to 13 come from behind victory over Texas A&M. Oklahoma was rated 10th in the final poll.

Jim Grishman, Oklahoma fullback, is player of the week. He was chosen for his outstanding performance in the Oklahoma State game. Grishman scored four touchdowns and gained 218 yards. He carried 30 times.

Seven Oklahoma Sooners were named to the annual UPI All-Big Eight team. It is a 33 man squad. Nebraska and Iowa State were second in the balloting with six. They were followed by; Kansas five, Missouri three, Oklahoma State two, Colorado and Kansas State had one each. The Sooners placed five on the first team.

Unbeaten Orange Coast College of Costa Mesa California will meet Northeastern A & M, the number one junior college team in the nation in the Junior Rose Bowl football game December 14th. This is Northeastern's third appearance in the Junior Rose Bowl, having been beaten by Bakersfield in their last appearance in 1953.

The American Football Coaches All-American team has chosen several Oklahomans and Oklahoma team members to their 33 man squad. Duke fullback, Jay Wilkinson was named to the first team, along with Sooners fullback Jim Grishman. Oklahoma tackle Ralph Neeley, Baylor quarterback Don Trull, and Tulsa end John Simmons were named to the second team.

The NAIA completed its four team playoff lineup when they chose Prairie View A&M of Texas and Emporia State of Kansas. St. Johns of Minn. and Kearney of Neb. are the other playoff teams. The winners will meet in Sacramento, California in the Camellia Bowl to decide the NAIA championship.

The pre-season cage poll rates Oklahoma State 18th. This is the only state school to crack the top twenty. Loyola of Chicago is picked as the top team with Cincinnati second and New York University third.

Oklahoma and Oklahoma State opened their basketball seasons with victories. Oklahoma set a school scoring record as they blasted South Dakota 100 to 79. Oklahoma State had little trouble with Southern Illinois as they trimmed them 83 to 54.

Sports fans, pro fans in particular will enjoy the December 15th edition of the CBS Sports Spectacular. It features Johnny Unitas and is narrated by New York Giant halfback Frank Gifford.

## Aggies blitz Southwestern

Murray College's fiery "AGGIES" put down all doubt that they do not have an offense, when they blitzed Southwestern Jr. College, Monday, December 2nd in an opening round game of the Texoma JUCO tournament 111 to 38.

Coach Gene Robbins eagerly ran up a 8 to 1 lead in the first minute of action and never let up as they ran the lead to 43 to 18 at halftime.

Tom McBride, Tallhina, got the "AGGIES" off to a good start when he scored the first six points of the night. Gene Wilmoth, a possible All-American choice, made some nearly impossible total to 21 points. Willie Jackson, Montgomery, La., was runner-up for scoring honors with 16.

The crowd had some anxious moments waiting for the "AGGIES" to hit the century mark. With 2:18 left in the game Geary Wallace, Waurika, fired in a 10-footer for the 101 score and from then on it was anti-climatic.

Everyone got in on the action, and all but one scored. The "AGGIES" had five men in double figures.

## Paris downs

### Aggies 74-69

Murray State's Aggies ran into trouble at Paris, Texas, against Paris Jr. College. The Aggies lost 74 to 69.

Mechanical errors were the Aggies downfall, they made several costly mistakes losing the ball on several occasions. The free throw shooting of the Aggies was excellent hitting 17 of 22 attempts. Tom McBride, Tallhina was the games leading scorer with 23 points. Wilford Anderson, Stroud pitched in with 20 points, and Gene Wilmoth, Tuskahoma hit 11.

Paris had a well balanced attack with three men in double figures, Birdsong led the Dragons

## Crew crowned Intramural Champions in league play

### Aggies win second annual Texoma Tourney

Murray College walked off with the Texoma tourney title by defeating Southwest Jr. College of Oklahoma City and Paris Jr. College of Paris, Texas. Murray won their first round game from Southwest 111 to 38, and Paris beat Connors in their game 73 to 67. Connors nailed down third place in the tournament with a 64 to 24 drubbing of Southwest. Then Murray took the title with a 73 to 58 win over Paris.

Murray College is the Texoma Champion for the second year in a row and Paris is second. Connors placed third, with Southwest fourth.

### Aggies surge past Paris

Gene Wilmoth, Tuskahoma hit 19 points and Tom McBride Tallhina hit 18 as the Murray AGGIES took home the Texoma tournament title 73 to 58 over Paris Jr. College.

Although Paris had several chances to widen their first half lead of 35 to 33 a costly mistake here and there kept them from getting a great lead.

With 10:52 left in the contest the never say die AGGIES stormed ahead by seven and never fell below that lead. With six minutes left in the game the Aggies went into a slow down game, and Paris fouled time after time. Murray's free throw shooting kept building their lead and finished the game with the biggest lead of the night.

NEW CLASSROOM BUILDING. The finishing touches have been applied and all equipment has been moved into this splendid structure. Classes began in the new classrooms Tuesday.

December 4. This, along with the new music building, gave the college some much needed space.

### ★ — CADETS OF THE MONTH — ★

Wendyl Heffington

Wendyl Heffington, Pontotoc is the sophomore cadet of the month. He was ranked among the top ten students academically for both of the last semesters.

While in high school, Wendy was a four year letterman in both basketball and baseball, a member of the senior play cast, a member of the 4-H club, and was also Valedictorian. He was awarded the science, English, and Math award for the outstanding student in these subjects. He is a math major.

His plans for the future are to attend East Central State College of Ada, and upon graduation to be a teacher.

Jerry Stevens

Jerry Stevens, Choctaw, is the freshman cadet of the month. Jerry is the Intramural athletic director at Murray College and has several other interests.

While in high school, Jerry was named to the little all-city team by the Daily Oklahoman, and was a member of the state championship football team also. His future interests are to attend Central State College. His major is physical education.

The Cadets are chosen for their improvement in drill, attitude, grades, and appearance. Jerry and Wendyl are two more fine examples of the ROTC program here at Murray College.

## Schedule for Intramurals announced

The intramural program for the remainder of the year has been announced by Coach Gene Robbins, athletic director, and Jerry Stevens, student director of intramural sports.

Dec. 9-Jan. 29 has been set aside for volleyball. There will, however, be a break for semester exams and enrollment. The games will be played in the fieldhouse, in the evenings, using two courts. There will be a double round robin with a tournament the last week.

Basketball will be played Feb. 3-March 26. These games will be played in the fieldhouse, afternoons and nights, with two courts. A double round robin with a tournament is scheduled for the last week.

There will be a track meet on April 13, 1964, which is the Monday following the High School track meet.

April 14-28 is the time set for the Tennis and Badminton tournaments. Tennis will be played in the afternoons on two courts. Badminton will be played in the fieldhouse on two courts during the afternoons and nights.

Softball and horseshoes have

## But Not to Me-

By Aaron Hulstine

The old man rose from his bed and walked quietly toward the window. It was the cries of migratory birds which had attracted him. Many times in years past had he repeated this scene and always his thoughts had been the same: "Freedom allowed to these wild things but not to me." He gripped the bars covering the window and wept silently. Perhaps the tears were penitence for the deed which had placed him here or perhaps the tears were shed in sorrow for the years which had been irretrievably lost, years which could have been fruitful, years in which mankind might have profited from his accomplishments.

After the tears were gone he flung one last wistful gaze at the fast disappearing flock and returned to his bed. There he sat for a moment, surveying his hands, hands once capable of saving lives, hands skillful in the art of surgery, which had once marked him as a young man who was headed straight for the top. But just as the seemed within reach of the pinnacle these same hands had committed murder. Driven into despair by the loss of his wife whom he loved tenderly, he had turned to drink. The time soon came when he found himself held tightly in the clutches of alcohol. By various means of trickery and excuses he was able to conceal his pitiful state and remain in the position which he held. But one afternoon in the wake of a particularly heavy drinking bout, he was called upon to perform an emergency operation in order to save the life of a prominent city official. In the middle of the operation he collapsed. Because of the delay the unfortunate official died. An examination quickly revealed that this collapse was the combined result of exhaustion and a somewhat drunken condition. The newspapers were quick to make use of the story, not without a great deal of melodramatics which, of course turned him into nothing but a drunken killer dressed in white. A fast trial and even faster sentence, and life imprisonment with no parole became his fate.

He was aroused from these thoughts by shouting coming from somewhere near the end of the corridor. As the sounds approached he was able to distinguish the sharp curses of an unfamiliar voice and quickly recognized the oft-repeated scene which always came when a new prisoner was brought in. The clanging shut of a door and the dying sounds of footsteps marked the guard's leaving. These once again there was silence and the old man fell into recollection of that immortal hour when he had been thrust into this same cell and had heard the door clang shut. His first feelings had been those of hate and anger. He felt as if he had been wronged, but as he became acquainted with others who inhabited this house of sorrow, he became aware that they too harbored this same sense of injustice. And soon he came to realize that he, along with the others was receiving nothing more than his just reward, only then did these feelings of violence die.

They were replaced by the dark shadow of despair. For the first time in his life he found himself face-to-face with a situation which he could in no way influence. The days which followed were void of activities which bore any resemblance to the daily life of a normal human, but after all, he wasn't a criminal human being, he was a prisoner. Finally even this mood passed and he began the life of a prisoner.

Then came the day when hope returned. It came when his name was brought to the governor in an effort to gain for him a full pardon. There were days and nights of anxious waiting. At last he felt the surge of life within which come only when one returns to the land of the living and begins once again to hope. "Surely the pardon will be granted", he had thought, "what kind of a person would deny an old man the right to live his last days breathing the fresh air of freedom?" As he saw when the refusal arrived, the governor was that kind of person.

Because he was hardened by earlier experiences he found himself able to bear this the greatest of all disappointments much easier than he had expected. With this disappointment came the realization that never again would there be hope. All avenues of escape had been exhausted and further belief would be useless. As he accepted this he at last became adjusted to his present life, as nearly as anyone can become adjusted to the fact that they have lived their life in vain.

With these thoughts ended, he rose once again and walked to the window and once again he wept silently.

been scheduled for April 29-May 25. Softball will be played on two softball fields, in the afternoons, with a single round robin. Horseshoes will be in the afternoons, on two playing areas.

On May 26, 1964, the order of finishing for each team participating in each of the nine events will be totaled with the team having

ing the low score being crowned intramural champions for 1963-64. Teams not participating in an event will be given a last place finish in that event when totaling the final score for determining the team championship. The winning team will have its name plate placed upon a plaque in the library.
